Bonadies Backers Urge Citizens To Endorse Candidate

In the belief that the time is now ripe for shifting into high gear in its campaign to increase the size of the solid block of citizens behind "Vince" Bonadies, the Bonadies Campaign Committee, in a statement to the residents of Springfield, revealed today why it was so wholeheartedly supporting "Vince's" candidacy for Township Committee.

"We are reviewing briefly below our candidate's business background and will dwell quite at length on his tremendous contributions to the well being of Springfield through his civic activities. We would, however, before discussing these matters, like to submit to the electorate, for its consideration, "Vince" Bonadies' forward looking program of balanced and realistic ideas which we think reflects the ability of this man most clearly.

"Vince" Bonadies has indicated that he:

1. Pledges support of immediate consideration of charter study under provisions of Faulkner Act.
2. Backs creation of aggressive Industrial Commission with budget and broad-business membership.
3. Seeks establishment of flood control commission on permanent basis with financial support.
4. Considers adoption of Standard Building code essential.
5. Desires development of Capital Budget Plan with large (Continued on page 7)

50th Anniversary For Well Known Local Couple

Mr. and Mrs. Edward C. Townley of 357 Morris avenue, whose ancestors in this area can be traced back to the Revolutionary days, celebrated their fiftieth wedding anniversary Tuesday evening (October 19) with all their three children, two grandchildren and close friends attending. They gathered at the home of Mr. and Mrs. John Geljack, one of the daughters, at 241 Morris avenue, for dinner to honor the happy parents.

Mr. Townley was born in Union in 1877 of an old family, a section of that township bearing his name. Mrs. Townley was the former Edna Terry, direct descendant of the Bryant and Deussen families, early settlers in Springfield. Mrs. Townley was born here and has resided in Springfield her entire life. She has been very active in local church affairs, and played the organ in the Methodist

Church for a great number of years. Mr. Townley served as Township Clerk for sixteen years, from 1911 to 1926, and is a charter member of the fire department and served one year as chief. He was in the insurance business after taking a business course in Newark schools and then was employed by the D. L. & W. Railroad coal division until his retirement. The entire family resides in Springfield, the children being Edward Townley, Jr., a son, of 37 Henshaw avenue; Mrs. John Geljack, a daughter of 241 Morris avenue; and Mrs. George Kuno of 16 Bryant avenue, another daughter.

Name Calling Is Deplored By Bonadies

Vincent J. Bonadies, candidate for Township Committee, accused his opponent, Robert W. Marshall, of "digging down to the bottom of the barrel" in a statement issued yesterday. Bonadies' statement is as follows: "When a rival candidate must resort to name calling instead of presenting the facts and meeting the issues, he has scraped the bottom of the barrel. In the past few issues of the Springfield Sun I am called, among other things, 'Superman,' 'Varsity Vince,' 'a political promiser, and guesser,' 'this misguided vote-seeker,' and 'this political character.' I fail to see what Mr. Marshall hopes to gain by these characterizations, but I do know that the voters of Springfield are finally getting the true picture of the level of his campaign. 'I will never resort to name calling in order to win this election or any other election. I intend to, and have so far presented the facts as I know them and as they have been ascertained by my associates. My platform and course of action, if elected, has been definitely and positively set forth. I intend to follow this platform and course of action. Willing To Debate "I have asked my opponent to debate the pertinent issues in a public forum and I reiterate my challenge for a public debate. So far my challenge goes unanswered, except for his statement in the press that 'fundamentally talk is cheap' and that 'Springfield wants action not talk.' If talk is cheap, excuses such as the above are cheaper yet. Unfortunately, at this stage of the campaign the only action available to candidates is limited to the exchange of ideas either in written or oral form. "I have not had any opportunity to put my thoughts and promises

Crestmont To Open New Home This Saturday

The new Springfield office and building of the Crestmont Savings and Loan Association, located at 174 Morris avenue, corner of Linden avenue, will have a pre-view opening this evening with local, state and county officials, members of the clergy, civic clubs, officers, and the top brass of the various banking institutions of New Jersey joining in welcoming the financial organization to the Township. The big public opening is scheduled for Saturday from 8 o'clock to 3 P. M. where officials of Crestmont will be on hand to greet all residents in this area and point out the many facilities available in this banking institution. There will be the usual ribbon cutting ceremonies with Mayor Albert G. Binder and other municipal officials on hand Saturday morning. New accounts will be accepted on Saturday with balloons for the (Continued on page 9)

Police Following Burglary Clues

Detective Vincent Pinkava spent yesterday in Newark following some clues that might help clear up the robbery at the home of Mr. and Mrs. David Pustihnik, 23 Sherwood road, Tuesday night, when jewels and furs valued at \$5,500 were stolen, according to the police report. This was one of a series of robberies in Springfield in the past few months but Tuesday night's haul was the largest yet. The police say that the thieves gained entrance to the house by cutting the rear screen. The second floor was ransacked and the loot included a mink jacket and mink stole, the police report shows. The burglary was reported about 10 o'clock when the couple returned after being out during the evening. Mr. Pustihnik is reported to be in business in New York City.

Attending Colgate

Howard B. Davis, son of Mr. and Mrs. Ben Davis of 375 Milltown rd., Springfield, is among the 372 members of the freshman class at Colgate University. Total enrollment in the university, which is in its 135th year of operation, is 1342 students. Howard is a 1954 graduate of Springfield Regional High School.

Man Indicted

Fred C. Jeroleman, 59, formerly of Forest Drive, was indicted this week by the Union County grand jury for an attempted hold-up of Mrs. Elsie Billich in her grocery store on South Springfield avenue April 30. "Police reported Jeroleman attempted the holdup but screamed at his intended victim frightened him away.

Marshall Says Support Of Democratic Voters Has Been Promised Him

Charges Opponent Plans Many Jobs For Democrats

"By-passing of the Township Planning Board and ultimate disregard of the Township Committee itself is the obvious objective of Vince Bonadies, self-styled crusader, in his efforts to get Democrats into important posts," former Mayor Robert W. Marshall, Republican candidate for the governing board, charged today. "For the past month Bonadies has been advocating appointment of a variety of special agencies for flood control and industrial development," Marshall pointed out. "Why does Bonadies want to be on the township committee if he doesn't want to do any work himself? He'll find that it's a 24-hour-a-day proposition and the fact that he plans to appoint special commissions will not be the final solution to numerous problems. "To date he has presented the electorate of Springfield with a 'package deal,'—a package of promises and a deal to bring many others into government. Naturally they will be Democrats. I charged that his objective is to create a number of paid jobs through this medium and he has issued no denial. I have no doubt he ultimately will do so for he knows, as do most of the voters, that we have a planning board which together with the township committee, is well able to cope with municipal problems even if he doesn't think so. "The Democrats have plenty of

"Where Are Democratic Leaders?" Asks Marshall

"Even veteran Democratic leaders have become disgusted with the parcel of promises and self-styled civic achievements of Vince Bonadies," former Mayor Robert W. Marshall, Republican candidate for the Township Committee, asserted today. "Bonadies keeps issuing statements in the name of the Bonadies campaign committee," Marshall said. "Who are these people? I have told the people that Edward Reichold—prominent Republican leader, is my campaign manager, Township Committee man Charles Remlinger is my assistant campaign manager and have been openly endorsed by my party chairman, Charles F. Beardsley. But who are these legion of supporters constantly mentioned by Bonadies? "It appears to me that the Democrats who last sat on the governing board, George M. Turk and Francis J. Keane, are not with him. If they are he is keeping it quiet. What about other Democrats who have run as independents or in their own party? What about Timothy J. Sheehan, Frank Cardinal and other leaders? "I may not agree with some of these men politically but they have been recognized as party leaders. Perhaps they are backing Bonadies but there has been no indication to date. Not one Democratic leader has issued a statement in behalf of this self-styled party candidate. If he is the party candidate why don't the party leaders support him? "Recently through the press he announced grandiose plans for a Democratic dinner. The next week he said it had been cancelled. This was a cheap, but familiar, method of getting free publicity. His campaign has smacked of such tactics and I suspect as a result he has been given the cold shoulder by the real party leaders," Marshall said.

Church Fair-Supper Set For Tuesday

The Springfield Methodist Church has completed plans for its Fair and Supper to be held on Tuesday, October 26. The affair, which will start at 2 p. m. and run through to 9 p. m., will feature at the fair fancy articles, aprons, a table for small fry, a plant table and a booth with homemade cakes, pies and candies. In addition, there will be a fish pond and parcel post table. Starting at 5 p. m. baked ham will be served with old fashioned gingerbread covered with lemon sauce.

MORRIS AVENUE FACE-LIFTING

Three stores, the Springfield Pharmacy, Center Hardware and Family Closet, are presently undergoing a remodeling change. Store window space will be enlarged, back entrances will be improved, and general appearance will be improved. The renovation, which should be completed within a few weeks, will show the stores off in their new dress of roman brick and modernized entrances.

A new phase in Springfield's hot political campaign developed today with the revelation by former Mayor Robert W. Marshall, Republican candidate for the Township Committee, that representatives of more than 100 Democratic voters this week had pledged support to him. "These persons came to me over the weekend," the former Mayor said "and told me that although they are voting a straight Democratic ticket otherwise, they are supporting my candidacy for the governing board. "Their story was that they

TOOT, TOOT!

Former Mayor Robert W. Marshall today raised the question: "What does Vince Bonadies mean when he talks about his 'concerned accomplishments'?" "I've never seen any indication of civic accomplishment so the concerted must mean musical concert," the former Mayor said. "I'll admit that Vince really has the edge on me when it comes to concerts," Marshall observed. "He has been blowing his own horn throughout this entire campaign and I suspect it's a concert which is becoming pretty tiresome to everyone except him."

were not satisfied with the manner in which my Democratic opponent was handed the nomination in a primary which they claim was virtually decided behind closed doors. They said their protests went unheeded. They also said they were completely fed up with the manner in which the party candidate has been waging his campaign. "One of them told me, 'Bonadies has lived here a couple of years and he claims he has all sorts of civic achievements. His only achievement was to run for the township committee and he's still running,' he said. "Although I am not deviating from the principles which I have been expounding throughout this campaign naturally I am gratified by this bi-partisan support. I have in the past endeavored to work as mayor and committeeman for all township residents regardless of their political affiliation and shall continue to do so. I appreciate the support of all voters."

Former Mayor Marshall said he would not reveal the names of the Democrats for obvious reasons. "If I let Bonadies know who they are he would practically break a leg to have them thrown out of the party," Marshall said. "He'll undoubtedly claim this isn't true and demand their names. On Election Day he'll find it's true but he'll never get their names—not from me."

Daly Calls for Public Vote on Vocational School

A Union County vocational high school was advocated by Eugene F. Daly, Independent Republican candidate for the Escholtz vacancy caused by the death of Col. J. H. M. Dudley, at an executive committee meeting of his backers at 15 Pearl street, Monday night.

Mr. Daly would submit the question of establishing a vocational school to a referendum of county voters. As to the plan, location and cost of a vocational school, he would call on qualified educational leaders in the vocational field to determine same.

Since he has received no reply from his "organization-picked" opponent, Mayor Edward F. Bierbaum of Union, in a request to resign from his appointive office as a member and president of the Union County Board of Taxation, Mr. Daly pointed to the four positions the Union mayor holds for which he receives taxpayers' salary money.

Principal speaker will be Rabbi Ray A. Soloff, assistant to Rabbi Ely E. Pilechik, chairman of the Essex County Tercentenary Committee. Rabbi Soloff will discuss the historical background which led to the arrival of the first band of 23 Jewish settlers in New Amst-

Film To Be Shown At PTA Meeting

The regular meeting of the Springfield P.T.A. will be held on Monday October 23, at the Florence Gaudineer School at 8:15. Following a brief business meeting the program committee has arranged a showing of the film "Angry Boy." This deals with the problems and confusions of a young child, bewildered by events he cannot understand.

Dr. Ruth C. Boyle, psychologist for the Summit Schools will lead the discussion period, this promises to be a very lively and stimulating one, since it will be coupled with the subject depicted in the film. Refreshments will be served.

GIVE THE UNITED WAY

Life is very complex. It's tough to face sometimes even for those of us in good health and with no apparent need for worry. But we're lucky. Look around and see how so many others are in need of help. Young and old, the blind and crippled — those beset by tragic forces beyond their power to prevent. Crestmont Was Formed In 1942

Crestmont Savings and Loan Association which formally opens for business Saturday was organized in 1942. In the middle of 1943, Crestmont was less than 1 million in assets and has grown to be nearly 11 million in assets at this time, a period of just over 10 years. Crestmont served Maplewood in a small 1-story building for the first 9 years and during the past 3 years has been serving Maplewood in the 2-story building now located on the corner of Prospect street and Springfield avenue.

BUILDING COMMITTEE CHAIRMAN—Thomas W. Lyons, a director of Crestmont and former treasurer of Springfield Savings and Loan Association, was in charge of the alteration and completion of new offices. He is a large real estate owner in Springfield and very active in civic affairs of the Township.

In February of this year through a merger between the Springfield Savings and Loan Association and Crestmont Savings and Loan Association, the service of these two fine institutions was extended to the Township of Springfield.

In February there was \$160,000 of savings in the Springfield Association and now there is over \$400,000 in savings. In opening its new office in Springfield on the corner of Linden avenue and Morris avenue, residents of Springfield and nearby communities will have every service now available to the area served by Crestmont in Maplewood.

Savings accounts, home loan accounts, improvement loan accounts, Xmas savings accounts, vacation savings accounts, agency for U. S. Savings Bonds to purchase or redeem, money order services, travel checks, a place to pay Public Service bills, and in the future any service that the association may be empowered to carry on for the convenience of the communities served by the two offices of Crestmont.

Crestmont is governed by a Board of Directors numbering 18, and has a legal staff of 4 lawyers. Much of its legal work on loans is handled by approved lawyers, other than the 4 who presently represent Crestmont in legal matters.

The staff of the association consists of 12 full-time persons; all capable of giving proper service to the community. Several of them have been in the service of Crestmont for many years and have the required experience for work they do in Crestmont. Crestmont has been maintaining a fair rate of return to all of its savers since it was organized in 1942 and in addition has been able to set aside proper reserves.

Its present reserves are adequate to satisfy the regulations of the Federal Home Loan Bank and the Federal Savings and Loan Insurance Corporation. These two governmental organizations assure Crestmont proper supervision and a line of credit that should be more than adequate to take care of all of its requirements even in times of stress. Crestmont is also under the supervision of the Banking Department of the State of New Jersey.

All three of these agencies of the State and Federal Government make periodic examinations of the affairs of Crestmont and in addition the Board of Directors have engaged the services of Peat, Marwick, Mitchell and Company who are experts in the Accounting Field. They make periodic audit and examination of the records of Crestmont.

Millburn Resident Long Director of Crestmont

William H. Butler, III, has been a director since Crestmont was organized and resides at 178 Millburn Ave., Millburn. He is purchasing agent of the County of Essex which position he has held for 7 years. Previous to that he served 3 years as sheriff of the County of Essex. Was in purchasing and sales field in the Metropolitan area for several furniture companies. Has been active in civic, fraternal, and political associations.

Office Staff At Crestmont Is Experienced

"Courteous service and banking 'know how' which has always been the rule of the Crestmont Association will be assured with the employees who have been assigned to the Springfield offices.

The full time staff of Crestmont consists of 10 young ladies, several of whom have long experience in Savings and Loan work, others although without length of service are quickly learning the operations of a Savings and Loan Association. They have the ability and friendship to handle the affairs of the saving and home ownership members of Crestmont. The staff has been largely responsible for the success of Crestmont. The friendliness and efficiency of each and every one in performing her duties has meant much in making Crestmont a desirable place for residents of Maplewood, Springfield and surrounding areas to transact their financial affairs.

The young ladies who serve in the office are: Mrs. Mary Doby, Assistant Secretary; Miss Rose Boylan, Assistant Treasurer and Head Teller; Mrs. Margaret C. Lee, Assistant Treasurer; Mrs. Eleanor Dow, Bookkeeper; Mrs. Carolyn Cartmell, Miss Arlene Alley, Miss Ruth Lawrence, Mrs. Shirley Weiss, Miss Mary Jane Cooney, and Mrs. Patricia Heimlich, — Teller Clerks — make up the major portion of the full time staff.

In addition, Harry C. Thompson, Jr. Assistant Secretary, and Loren F. Gardiner, Manager and Acting Secretary, complete the full time personnel of Crestmont.

New Crestmont Home Opens Saturday

EDWARD A. CONLEY, a director of the Crestmont Savings has been in the real estate and insurance business in Springfield for many years where he is still active in that capacity. Was secretary of the Springfield Savings and Loan Association before the merger of Springfield and Crestmont. He is quite active in local affairs.

Treasurer Has Been With Association For Years

Carl L. Becker has been treasurer of Crestmont since it was organized. Previously was treasurer of Olympic Building and Loan Association of Irvington. He originally joined Olympic Building and Loan Association in 1910 and became its treasurer in 1915 and remained treasurer until 1942 when he became treasurer of Crestmont. He is a director and treasurer of the Central Corporation of Savings and Loan Associations of New Jersey.

Has been a proprietor of Amzi Pierson Company which started in 1914 and had the business until January of this year when he sold his interest to devote more time to his other interests and hobbies. He is a past president and treasurer of Master Printers Association of Newark, and was secretary of the Society of Residential Appraisers. Is a senior member of the Society of Residential Appraisers.

He was born in Maplewood, has been a member and secretary of Volunteer Firemen of Hilton before a paid Fire Department existed in Maplewood. Is past secretary of Hilton Improvement Association and is a past director of the Grand Jury Association of Essex County and is a member of the Rotary Club of Maplewood.

Gardiner Has Years Of Experience As Manager

The man most responsible for the new home of Crestmont Savings in Springfield, under whose direct supervision the job was done is Loren F. Gardiner, the Executive Vice-President who has been manager of the association since it was organized in 1942.

He has been in the savings and loan business for 31 years, three of which were with the Department of Banking and Insurance of the State of New Jersey. He received his accounting education in the Wharton School of Finance of the University of Pennsylvania and served on the Board of Governors of the N. J. League of Savings and Loan Association. He is a member of the Savings and Loan Act Committee of the league and has served on several committees of the U. S. Savings and Loan League.

He has lived in Maplewood for 25 years, is a past president of the Business Men's Association of Maplewood and a past president of the Rotary Club of Maplewood.

Coren F. Gardiner

Woman's Club News

Mrs. Lemuel S. Stevens presented a biographical sketch of the life of General Douglas MacArthur at the Literature Department meeting on October 11 at the home of Mrs. E. L. Mitchell, 21 Woodcrest Circle. Mrs. J. W. Phelps, department chairman, announced that the N. J. State Federation of Women's Clubs is once again establishing a creative writing contest. This contest seeks true ability and fosters latent talent and thus provides a stimulus for those club members who enjoy writing. It is open to all members of Federated clubs in New Jersey. All entries are due February 1, 1955 and may include poems, short stories (limit 3,000 words), essays (limit 3,000 words), or book reviews (limit 2,000 words). Each entry must be typewritten on standard size type-writer paper, 8 1/2 x 11. Manuscripts should be sent to Mrs. Lyman P. Hill, 34 Glenwood road, Ridgewood, N. J., with the entrance fee of twenty-five cents in coin for each type of entry, even when all types are submitted by one person. Presentation of awards will be made at the Literature Conference at Convention in Atlantic City. For further information concerning the creative writing contest please contact Mrs. J. W. Phelps, 80 B. Wabeno ave., or call MI. 6-4545-M.

The Music Department rehearsed selections for their Christmas program at the home of Mrs. John Williams, 11 Lyon pl. last Thursday evening. The group is meeting once a week in preparation for their concert. Next meeting is scheduled for October 26 at the home of Mrs. William Vincent, 170 Baltusrol Way, at 8:00 p.m. Mrs. Vincent J. Cinquina and Mrs. Robert Hayes will serve as co-hostesses.

A gala International Cuisine dinner was held by the International Relations Department on October 14 at the home of Mrs. Herbert Bailey, 37 Keats road, Short Hills. With Mrs. Gilbert Mann as department chairman, the group planned a matchless meal which evoked many "M-m-m's" from everyone who attended. Department members provided one guest and one dish representative of a foreign country for the affair. Twenty-three ladies sat down to dinner at tables attractively decorated with fall flowers, miniature flags of the United Nations, and candles.

The menu was varied and most interesting. Beginning with He-brew wine and crackers, the group tasted heartily many casseroles of Scotch, Italian, Chinese, and other foreign food. Included were Veal Scalopini, Chew Mein, Chicken Curry, Saffron rice, white rice, Spanish chicken, Scotch Steak Pie, and Tou-Nga-Chi Li. Mandarin salad and a sweet'n sour Pennsylvania Dutch salad were served. For dessert the diners had a choice of Norwegian Rainbow cake, Danish Apple Cake, or Baba au Rhum. Dutch, French, and Danish breads were also served. Sound good?

While members relaxed (or collapsed) after such a delectable feast, Mrs. Mann conducted a short business meeting. The group will send another box of children's clothing to Greece in the near future. The place mats to be sold through the International Relations Department of the Federation clubs were shown and a committee was set up to manage distribution and sales in our club. These place mats, bearing reproductions of four water-colors of historic New Jersey buildings, are made of paper and sell for one dollar per package of twenty. The proceeds from their sale will provide audio-visual equipment for several Philippine self-help communities. They are on sale now until December 15 and may be secured from any member of the International Relations Department. The support of every club member is needed to assure the success of this Federation project.

Members departed for their homes at a late hour after enjoying a memorable evening of good food and warm fellowship. Department members are particularly grateful to Mrs. Bailey for providing her lovely new home as the setting for their delightful, unforgettable dinner.

Through the efforts of College Day Chairman, Mrs. Henry Wasung, Regional High School girls, their parents, teachers, friends, and Woman's Club members enjoyed October 16 on the campus of New Jersey College for Women at Rutgers, New Brunswick. Mrs. Wasung was particularly impressed with the wonderful opportunity here afforded parents to see and feel college life first. N.J.C. and the New Jersey State Federation of Women's Clubs are truly "Partners in Education."

November 9 is not too far away and club members are advised to get their tables together for the Dessert-Card Party at Koos Bros., Rahway, to be held from 1:00 to 4:30 p.m. Invite your friends and neighbors to join you for a good time and a worthwhile cause. Remember, all proceeds from the sale of tickets which are priced at \$1.25 each, will benefit the scholarship fund. Mrs. Louis James and Mrs. George Wilson are chairman and co-chairman respectively for this affair.

Mrs. Charles F. Heard, 7 Alvin terrace, will be hostess to Executive Board members on October 27 at 8:00 p.m. Miss Ruth Levson and Mrs. Gilbert Mann will assist Mrs. Heard as co-hostesses.

7. Endorses expansion of Springfield Recreational Facilities.

8. Supports closer cooperation between Township Committee and Board of Education.

9. Recommends publication of agenda and minutes of Township meetings.

10. Recognizes need to promote more adequate local bus service.

11. Promises regular office hours, if elected, for meeting with citizens of Springfield.

"Those who have seen fit to throw our hat into the political ring behind 'Vince' feel that there must be room for improvement in running the affairs of this—or for that matter almost any—town. We honestly believe that a change at this point would be beneficial to the entire Township as well as to both political parties. Just as iron never became steel by remodeling the same old scrap, it is certain that Springfield will benefit greatly in strength by the addition to the governing body of a new element of ideas, interests, and inspiration. 'We who have been so proud to sponsor 'Vince'—Bonadies' Campaign want to take this opportunity of telling you, our fellow townsmen, why we are supporting 'Vince.' We have great faith in the ability of the electorate to judge the relative merit of the candidates, and therefore, we are not asking you here to vote for 'Vince' Bonadies. We

have them. When he has lived here for many years instead of just a few and become actually conversant with municipal problems he probably won't speak in airy generalities and attempt to give people the impression that he knows all the answers.

"What interests me is that if he knows the answers, as he claims, I would be interested in hearing them. He has cited many problems but has not produced the solutions. Apparently he would appoint special commissions and merely see that they do their job.

"The candidate's whole campaign has been merely a variation of the plumed knight on the white charger. This time it is an omniscient candidate with a briefcase of promises trundled about in a big Cadillac. This might pass in a Howdy Doody show but the people of Springfield are concerned with taxes, water supply, police and fire protection and elimination of floods. I've yet to hear him come out with any concrete proposals," the former Mayor asserted.

into acts but my opponent has. He has often repeated, over and over again lest we forget, that he has served on the municipal governing body for some six years but he has not stated, in written or oral form, what action he accomplished during that six year period. Frankly, I don't believe that this comes from modesty on the part of my opponent.

"I think it is quite apparent that he has very little to say about his tenure in office. However, others have had things to say about his tenure in office and have gone on record. On April 22nd, 1934 Mayor Binder, our present mayor, and a Republican, colleague of my opponent on the township committee said, "There has been obvious shortcoming and inefficiencies in the operation of our government in the prior years, and despite prodding by members of the Board, the Chairman, Robert Marshall, was indecisive, incapable and reluctant to do anything about it." If this, indeed, is the type of action which Mr. Marshall is capable of, then I am certain that the voters of Springfield are not interested in obtaining such action and will indicate—the same of November 2nd.

No Jobs Promised

"I wish to touch briefly on another aspect of his campaign methods. This is the method of accusation without proof. He has accused me of promising jobs to at least a dozen persons and then pass an ordinance to provide salaries for those jobs. Anyone who devotes one moment of thought to this statement will see it in its true light. I almost feel ashamed at having to repeat it but I feel it my duty to highlight the type of campaign being waged by the Republican candidate.

"It is my strong feeling that my opponent owes a public apology to the businessmen and other civic minded people of our town who are willing to serve on an industrial commission without remuneration, people who are willing and anxious to discharge their civic obligation through public service to the community. I honestly believe that the voters of Springfield are deserving of something better from a candidate for public office. During the primary campaign he made another charge which remains unproven. This charge was leveled at the Township Committee and accused them of certain acts of malfeasance. Although the Township Committee has offered my opponent time in which to set forth and prove these charges, he has not seen fit to accept their invitation. I as a citizen rather than as an office seeker and you citizens, are entitled to know all the facts concerning office holders. The facts shall remain unclouded.

"If I may borrow one of my opponent's own phrases—I, as a political promoter and guesser, promise you that a Bonadies victory on November 2nd will reflect to the good of our community in actions taken and I can also guess that the residents and voters of Springfield will show their displeasure with the juvenile attempts of my opponent to achieve election to office by dodging issues, calling names and attempting to trade on prior service on the Township Committee as the ultimate qualification for the job—regardless of the quality of the service.

"The people of Springfield are far too intelligent to be continued to be fooled by the likes of Marshall, if you do not want apathetic self serving type of government then repudiate him on November 2nd.

all those who sign up. There will be souvenirs for all adults on Saturday with balloons for the kiddies.

This evening's pre-view has been arranged for officials and representatives of banks throughout the area. Six ladies dressed in Colonial costumes, to conform with the beauty and charm of the Colonial design of the building, will help greet the guests this evening and guide visitors to inspect the many facilities of the rapidly

growing savings and loan association.

The building, formerly the St. James Catholic Church, has been practically rebuilt and is one of the beauty spots in Springfield. It is the most authentic Colonial design, beautifully landscaped and plenty of parking space on the Linden Avenue side of the property.

The officers of Crestmont believe they have brought to Springfield a most beautiful structure in which to conduct the affairs of a savings and loan association. It is air-conditioned, beautifully decorated on the interior as well as on the exterior for the comfort and pleasure of persons doing business with Crestmont. "The people in Springfield and surrounding community can well look forward to being served in a courteous manner on a friendly basis and have every right to expect the very best of treatment from every member of the staff of Crestmont. Crestmont wants to be part of the community and will do all in its power to give Springfield and the surrounding area the best of service," said one of the executives.

Leading Historian Will Speak Here

Rev. Henry Charlton Beck, Vicar of the Calvary Episcopal Church of Flemington, and conceded to be a leading authority on folk-lore in New Jersey, has been announced as the principal guest speaker for the next regular meeting of the Springfield Historical Society to be held in the First Presbyterian Church Parish House on Thursday evening, October 28. Rev. Beck, an interesting speaker and brilliant writer on the subject of New Jersey's folk-lore, is expected to reveal some hitherto unpublished facts concerning historical Springfield.

Magistrate Henry C. McMullen, president of the Springfield Historical Society, believes Rev. Beck's appearance at the next meeting will attract an unusually large crowd since most of the members are avid readers of his feature articles on New Jersey's history appearing in the Newark Sunday Star Ledger. Rev. Beck has made an exhaustive study of the subject and Springfield's devotees of history are awaiting his coming to the Township with keen interest.

The local Historical Society is only a little over a year old but already there are over 200 active, paid up charter members.

Lunches and Snacks Is Extension Topic Here

"Lunches and Snacks" is the topic of the first fall Extension Service Program for Springfield homemakers scheduled in the Springfield Library, Wednesday, October 27 at 1:30. Mrs. Mary Armstrong, Union County Home Agent, announces today.

The meeting will conclude by three o'clock.

Women Voters League To Hear Candidates Thursday

As part of its Voters Service Program, the League of Women Voters of Springfield will sponsor a "Local Candidates Forum" which will be held in the auditorium of James Caldwell School next Thursday, Oct. 28, at 8:15 p.m. The aspirants for the office of Township Committee, Vincent J. Bonadies (Democrat) and Robert W. Marshall (Republican) will be present.

After an introductory welcome talk by the President of the Springfield League, Mrs. Elliot Mandl, the meeting will be presided over by the moderator, Mrs. B. G. Griffith of Verona.

Mrs. B. G. Griffith—the moderator

Mrs. Griffith has served in many capacities of the State League and at present, under the title of Archivist, is in the midst of compiling a resume of the league's activities through the years which will soon be published in booklet form.

As moderator, Mrs. Griffith will guide the meeting as each candidate gives a ten-minute speech in which he will present his platform. The candidates have been and will again be asked to limit their remarks to issues and not personalities. At the conclusion of the speeches, a question and answer period will ensue. The questions will include three general questions which the League submitted to the candidates in letter form as well as written questions from the audience. Pencils and paper will be provided by the ushers. The individual wishing to take advantage of this privilege may write his question anonymously and indicate to which candidate it is directed. A nearby usher will take the written question and transmit it to the moderator for discussion. The time-keeper Mrs. Edward Murdock, will be at work to see that each question is answered in the same amount of time.

The League of Women Voters of Springfield is hoping that every voter in town will attend this meeting in order that he or she may be in a better position to select the candidate of his or her choice by seeing, hearing, and questioning each candidate.

The following members of the Voters Service Committee have worked steadfastly to make this event successful: Mrs. Edwin G. Davenport, Chairman, and Mesdames Lemuel Stevens, Elmer Andrew, Thelma Sandmeier, Edward Murdock, John Trout and Louis James.

The League of Women Voters is a non-partisan organization. It does not endorse or oppose candidates or parties, but at all times it tries to give the public and voters as much unbiased data as possible in order that all may know the facts, and thereby cast a more informed vote.

The following members of the Voters Service Committee have worked steadfastly to make this event successful: Mrs. Edwin G. Davenport, Chairman, and Mesdames Lemuel Stevens, Elmer Andrew, Thelma Sandmeier, Edward Murdock, John Trout and Louis James.

SUNNING SPORTS

By BOB DUBOW

As we go to press this October 21, we find that the midpoint of the '54 pigskin campaign has been passed. With the Caldwell game 4 scored, and the Turkey Day tilt to be played, the next four contests, in spite of being Home will all be tough. The opponents to be faced in this four

game home stand will include Roselle this Saturday, Union October 30, Westfield, November 6, and Linden on November 13. The Caldwell contest, which in spite of being a crushing victory for the Chiefs, provided the Bulldogs with the distinction of being the first grid team to tally on the

Caldwells. The score was 45-18. As in their other defeats the Bulldogs battled their opponents evenly in the initial quarter with the score being one touchdown apiece. Ed McCarthy scored for the Bulldogs on a 30 yard jaunt. To start festivities in the latter quarter of the first half the Chiefs after taking the Bulldog kickoff on their own 37 yard marker marched for a T.D. in only 5 plays. The placement for the extra point was good and the Caldwellers led by a score of 13-8. Late in the period with only seconds remaining Dick Walker hurled an aerial but it fell into the hands of one of the Chiefs who proceeded to return the oval to the Regional 35 yard line. On first down a Chief who was not even listed in the starting lineup sprinted around the end and scored his first of three touchdowns. The kick for the extra point was wide. The half ended two plays later.

Starting the second half with a bang after taking the opening kickoff on their own 33, Dick Walker fumbled on first down with the Chiefs recovering. On the next play the same Chief that scored the last touchdown again tallied on the carbon copy of the last play. This time the placement was through the uprights and the Caldwellers led by a 26-6 count.

Following the kickoff which succeeded the touchdown, the ball was put down on the Bulldogs' 20 yard line. From the initial play at scrimmage a 15 yard clipping penalty was drawn against the Regionals. Five plays and two first downs later Googie DeBlasio had a pass intercepted on his 37 yard line. After 3 successive plays the Chiefs tallied from the 4 yard marker and the score remained at 32-6. Late in the period after the Bulldogs were forced to kick, the Chiefs started a drive on their own 40 and it was climaxed by another end run score by their second string wonder, who sprinted 26 yards and outraced any would-be tacklers. The kick was good and the 3rd stanza score was 38-6. After the following kickoff, the Bulldogs marched from their own 30 to score. Highlighting this scoring effort was Dick Walker who trotted from the Caldwell 43 to the 9 and also

Post Office Has Film For Groups

The Post Office department has now available for showing before civic, church, school and similar groups a new 20-minute 16 mm. black and white sound film entitled "Pigeon Holes and Progress," and Postmaster Abel V. Del Vecchio will gladly cooperate with any group desiring to show this motion picture.

The film graphically portrays the course of a letter through the postal system from the desk of the writer to its reading by the recipient, with short excursions into interesting features of the handling of mail of other categories. The public is taken behind the scenes and shown how their mail is handled and the film stresses the need for better mailing habits of the American people in their own self-interest as mail patrons and taxpayers.

"Pigeon Holes and Progress" has achieved prominence in formal competition, with similar productions of the major industrial and commercial organizations of the country.

The film must be run only on 16-mm sound equipment, as running it on silent projection equipment will ruin the print.

Organizations desiring a print may request directly to the nearest branch of the distributor. Such organizations may obtain this information from Postmaster Del Vecchio. The only charge for use of the film is the payment of postage to and from the distributor. A bill will accompany the print when sent upon a bona fide order and the using organization must pay the postage to return the print.

tallied the touchdown. The kick was no good. Three plays later the Chiefs got back the touchdown, on a 30 yard pass play. A half-dozen plays after that the Bulldogs again tallied with Dick Walker taking it over from the 1 yard stripe. Sparking was Bucky Brown who after taking a lateral from Dick Walker on the Caldwell 20 raced down to the 1.

After making three very faulty predictions for the Bulldogs' last three contests I have inaugurated a new one for this Saturday's Roselle game; "No Comment."

SCIENCE
Miss Helen Kozlowski
Mr. William Fallon
Mr. Raymond Wisberry
Science has a co-operative undertaking. The ideas and results from the efforts of many people are used to solve common problems or to achieve common goals. In a free society, every member should have some understanding of both the content and the method of science. Practically all political, social and educational leaders agree on this point.

Sixth grade science has centered around the study of the universe. A trip into space was the take-off point and discussions were held concerning the problems of air and gravity. Through the study of the planets, moons, and comets, the children are learning that the heavenly bodies have no mystic effect upon their lives.

The seventh graders are learning to write experimental reports. Leola Rivkind did a particularly fine piece of work. Two girls have been donated to the cause of science by Mr. and Mrs. Meyer of Maple Avenue. The big discussion has been on the sun, the moon, and the stars.

In other seventh grades, our first unit has been on the sun, the moon, and the stars. The first area of study described the sun, the moon, and the stars. The second area discusses the planets, including our planet, the earth, and its relation to the sun and to each other. The third area will be to take up the planets, moons, and comets.

Members of the system, the planets, comets and meteors.

The eighth graders have embarked on an active science program. The first unit has been on the sun, the moon, and the stars. The second area discusses the planets, including our planet, the earth, and its relation to the sun and to each other. The third area will be to take up the planets, moons, and comets.

The topic of study has been meteorology. Barbara Aman and Don Booker very aptly demonstrated energy by using roller skates. Normal illustrated inertia using checkers. The use of a filmstrip gave us a better understanding of our world.

The world around us can be conveniently studied and explained in terms of matter, energy, and their interaction. Matter means all materials, while energy is what causes changes to take place in matter. In our first study we develop the basic ideas about energy and an understanding of its uses in our daily lives.

We define energy and show how force is related. The idea of resistance and the kinds of resistance are introduced as opposing forces. Our next step will be on the transformation of energy—mechanical, electrical, and heat energy. We will trace our common source of energy back to the sun and develop the idea of the conservation of energy.

Clark-Terhune Engagement Told
Mr. and Mrs. Thomas H. Clark of 21 Moller ave., announce the engagement of their daughter, Ruth Taylor, to Dr. Charles Bunnell Terhune, son of Mr. and Mrs. Beekman R. Terhune, of 44 Myrtle ave., Plainfield.

Miss Clark is a graduate of Jonathan Dayton Regional High School, St. Luke's Hospital School of Nursing of New York and Upsala College and is at present associated as a nurse with the Summit School system.

Dr. Terhune, an alumnus of Lawrenceville School, Princeton University and the College of Physicians and Surgeons of Columbia University. He served as a captain in the Medical Corps of the Air Force and is now a pediatrician with the Summit medical group.

One Home On Leave; One Into Service
Mr. and Mrs. Herman Haussmann of 135 South Maple avenue had one son come home on leave from the Navy last week and another son left for Army service; Albert Haussmann came home on Monday, October 4 from Bainbridge, Md., where he recently completed his boot training. He will be home on leave for two weeks and then return to Bainbridge for further orders. He is a graduate of Regional High School this past June and entered the Navy in July.

John Haussmann left on Thursday, October 7 for Fort Dix, where he will begin his Army service. He is a 1930 graduate of Regional High School and has been employed as a machinist. John and his wife, the former Katherine Millwater, have been living in Scotch Plains, but Mrs. Haussmann will reside with her parents in Fanwood, while her husband is in the service.

We have been learning about Indiana. You made oatmeal boxes; tepes and canoes out of colored paper. We have cut out and colored clay birds and dishes. Our head dresses are trimmed with feathers we have learned to cut. We have also learned to make fire prevention. We walked around the school to see the fire hydrants. We walked through the school to look at the fire extinguishers. We have learned not to play with matches or go near a fire.

The first grades have completed the "Before-We-Read" books, which promoted growth in interpretative skills, aimed to develop visual, auditory and motor coordination, and enrichment of oral language. This "readiness" has prepared us for our formal reading program. We expect to surprise our parents soon and read our first primer to them.

The theme for our assembly program was safety. We have correlated our art, music and language-in preparation for the lessons we wish to teach to the kindergarten.

The second grades have been having some interesting art work. Weaving on cardboard looms has been fun as well as very original in design. Clay models have been made for a transportation unit. A display of boats, wagons, trucks, trains and planes on exhibit.

Robert Reis brought a model of the Santa Maria to show the class which contrasted greatly in design with our models.

Fire Prevention Week has been observed in school and home safety suggestions were sent home. Fire hats, sirens and songs were part of our activities for the past week.

When the books from the Springfield Public Library arrived there was much excitement in Mrs. Aray's class. After everyone had enjoyed a little book at several books, the class nominated and elected the following librarians: Barbara Porter and Terry Gianella, for October and November. When the class had written cards for the packet of every book, the library opened and each child brought a book to take home for one week.

Miss Hick's third grade pupils have started to work on their projects. Contributions of trees, fences, animals, a well and tractor were brought in by Gene Tubach, Douglas Kappastater and Jan Chase.

As part of the assembly program in safety Mrs. Kohn's third grade boys sang "Daisy" and the girls responded by singing "When You Ride a Bicycle."

The fourth grade has just completed a series of experiments concerning air and pressure. A daily record of the temperature has been kept in individual weather journals. Comparisons have been made between the temperature A.M. and P.M. and also weather indoors compared to outdoors.

A contest was waged to see who could hand in the longest list of nouns (workers, farmers, etc.) who depended on weather. We got forty-

Hurricane Hazel Meets Her Match In Springfield

Candidates Night Not Too Explosive

The blood-and-thunder battle between Robert W. Marshall and Vincent J. Bonadies, opponents for Township Committee November 2, failed to live up to all expectations before a fine crowd at the Balthusrol Golf Club Tuesday night but the two local aspirants for office put on a very good show. Tuesday night's Candidates Night was held under the auspices of the Springfield Chamber of Commerce and those who were fortunate enough to attend last year's affair expected the meeting between these two to set off a real political bomb-shell.

Bonadies attempted to corner his opponent in explaining his charges against members of the Township Committee but the former mayor side-stepped it with some very clever political footwork. Instead, Mr. Marshall made light of the many promises being made by his opponent and pointed to his own efforts to carry out a great number of the proposals now part of Mr. Bonadies' program. Bonadies presented a comprehensive 14-point program and promised to do everything possible to have all of them become part of the agenda of the next Township Committee, if elected.

Congressman Harrison A. Williams, candidate for reelection, and Fred Shepard, the Republican aspirant, also spoke briefly and answered questions from the floor.

Hurricane Hazel slapped at Springfield during her recent hurried trip towards Canada but the local road department, under the personal supervision of "Bill" Trivett, never let the big blow get out of hand in the Township. The police department alerted all members of the force to stand by and give whatever aid necessary when the gales came and the lights went out Friday night.

Even five members of the Springfield First Aid Squad with the ambulance standing by, waited at police headquarters but they weren't called.

The Road Department workers were on the job the minute the reports of falling trees came in and the electric saws made quick work in getting them out of the way. One big one fell right across Brook street but it was all cleared away for traffic by morning.

No real damage was reported aside from falling trees. The electric power threw practically the entire Township in darkness but many of the plants and stores had their own generators to keep the refrigeration units working. Headquarters had lights because of the emergency generator and the telephone calls kept the police busy replying to "irate taxpayers" who wanted to know "why the police had lights and he couldn't even use his television set." One caller said he had over \$100 worth of food in his freezer and wanted to know who would pay for it if the current wasn't turned on soon.

The saddest call was from a resident whose overhead doors of his garage operated by electric. He couldn't drive his car out on Saturday morning because "the juice was still off."

through November 1. All Brownie and Intermediate scouts are preparing to call on their friends and neighbors to take many orders for these delicious cookies. It is hoped they will receive the usual courteous and profitable reception. So remember when a Scout rings your bell, buy lots of Cookies.

The Basic Idea Behind the All-New 1955 PONTIAC

On Display October 29 and 30

ABOUT 30 years ago General Motors Corporation presented to America a new car called Pontiac. This new car was the direct result of a very specific idea.

The idea was this: to create a car which took its style, its engineering principles and its features from the very best and most expensive in America—and to build these into a car priced just above the very lowest!

Naturally, such an idea produced a wonderful and highly popular car—a car which millions of satisfied owners have driven with outstanding pride and pleasure.

Now, nearly three decades later, an entirely new Pontiac has been created for 1955—a car completely new from the ground up!

One thing, however, about the 1955 Pontiac remains unchanged—its basic idea—to offer the American public the very finest car that can possibly be built to sell at a price within easy reach of any new-car buyer.

When you see the new Pontiac on Friday or Saturday—Oct. 29 or 30—you will be immediately impressed by its remarkable styling. No other car in the world looks like this new Pontiac!

When you drive it you will be astonished at its performance. For the 1955 Pontiac introduces the powerful new Strato-Streak V-8, an all-new engine that has already been proved in more than 3 million test miles!

When you price the new Pontiac you will come face to face with the basic Pontiac idea—you will be agreeably surprised that so much car, so much sparkling newness, so much luxury, so much downright goodness can be priced so near the very lowest.

We cordially invite you to come in on Friday or Saturday and see for yourself what a superb all-new General Motors masterpiece has been created to carry the wonderful name "Pontiac" for 1955.
