TOWNSHIP OF SPRINGFIELD
OFFICIAL NEWSPAPER

THIS WEEK

The matter of approving a variance for the Saks Fifth Avenue proposed store on the Anderson property is before the members of the Board of Adjustment tonight (Thursday).

Making a decision to approve the application shouldn't be very difficult in the face of the certain ratables and tax revenue that will come with such an establishment, the prestige that Saks Fifth Avenue will bring to Springfield and this area, and the general improvement in business which should spill over into all parts of the Township.

But, if there is any doubt in the minds of any member of the Adjustment Board or the Township Committee, a rumor has been floating about Springfield this week which, it is thought, should bring an immediate approval of the Saks deal.

The rumor has it that attempts are being made to sabotage the sale of the Anderson property to Saks Fifth Avenue because there is another prospective purchaser of the land which, it is reported, plans to use the tract for tax-exempt building.

The story has it that considerable work is being done among the residents in the immediate neighborhood to arouse them against accepting the Saks Fifth Avenue establishment which would leave this very fine piece of real estate available for another "deal."

The rumor has been spreading throughout Springfield all week that "another" buyer is ready to make an offer for the Anderson property. Which, if true, means that Springfield will not be able to add anything to its ratables since, the reports have it, this will be a tax-exempt building.

The one solution is for the Board of Adjustment to give its immediate approval this evening and recommend granting of the application for a variance to the Township Committee. The final word, after all, will come from the Township Committee and, certainly, no member of the governing body would permit anything except the welfare of Springfield to influence their decisions.

Husbands Invited

Chirgotis Now Owner of General Greene Village

William G. Chirgotis, one of New Jersey's leading architects and a resident of Springfield, is now sole owner of General Greene Village, according to an announcement made public this week.

Nicholas Angleton and Mr. Chirgotis had been associated in the ownership of this property and the announcement stated that complete ownership is now in the hands of Mr. Chirgotis.

General Greene Village, located in the heart of Springfield, has 182 families and is conceded to be one of the better housing projects in the area.

Demand for apartments has been very great and, according to the rental agents, there has always been a waiting list. It was ready for use in June of 1951.

Chirgotis plans "to dress up" the project with some additional landscaping, new shrubbery and make general improvement of the grounds. He also announces that a flag pole has been ordered to be "planted" on the mall at the corner of Wabeno and Mountain Avenues.

There will be no change in the policy of operation and George Seiler Company will continue as renting agents.

The Jersey City man was arrested February 11 at 6:15 p.m. by Patrolman Thomas Kennedy. The police reported, after his car had been involved in an accident in Mountain Avenue. The police report states that Stockbower was pronounced him under the influence of intoxicants. He pleaded guilty when arraigned in Municipal Court Monday night.

Colfax Avenue Resident Opposes Zoning Changes

Opposition to the proposed plan to bring the Saks Fifth Avenue store to Springfield is contained in a letter written to the Springfield Sun, which according to the sender is a copy of correspondence mailed to Mayor Albert G. Binder.

Following is the letter from Dr. Louis C. Schimoler of 41 Colfax Road, and dated March 5:

Editor, Sun: "I am to inform you that I am among many residents of Colfax Road who oppose the planned Saks store on Millburn Avenue. 'I am primarily opposed to any exits or entrances that would be on Short Hills Avenue. Inasmuch as this is a residential area and

not business zoned, businesses should not infringe. Any such proposed plan would create grave traffic hazards both to the residents and transients. The nearness of schools and large numbers of children constitute a serious safety problem. I might add that the northeast corner (Symington's) is now almost a completely blind corner. Entrances and exits should be confined strictly to Millburn Avenue.

"The 90 second traffic light at Morris Avenue and Short Hills Avenue even now causes a backup of traffic. Can you imagine what it would be like when Saks parking lot brings several hundred more cars?"

The Saks Fifth Avenue story will be read into the record tonight (Thursday) at the public hearing before the Board of Adjustment. The hearing is on an application for a variance in the zoning of the Anderson property to permit the construction of an elaborate establishment on this site which is now residential.

The application for change in the zoning is expected to meet with objection from some of the property owners in the immediate neighborhood and both sides of the question are coming to the Township Hall this evening prepared with photographs, stenographers, and other material to present their arguments. All those who are called upon will be under oath.

The new application for a variance calls for the purchase of property on Short Hills Avenue that an entrance and exit may be created for the Saks store. Baltusrol Avenue will not be extended, according to the amended application, and Short Hills Avenue will be used in addition to ingress and egress on Millburn Avenue. The applicants also plan to construct a six foot fence about the property.

The Board of Adjustment will listen to all arguments in the matter and either recommend approval or rejection of the application to the Township Committee. The governing body, at a regular meeting later, either accepts or disapproves the recommendation of the Board of Adjustment, leaving the final decision of the change in zoning to the Township Committee.

Report Other Offer Made for Anderson Land

The matter of a variance for a change in the zoning of the Anderson property for the proposed building of the Saks Fifth Avenue store in Springfield is further complicated by the unconfirmed story of a race between competing real estate operators.

The present application for a variance in the zoning of the Anderson property which is to be considered by the Board of Adjustment this evening, calls for the construction of a retail establishment for the Saks Fifth Avenue organization. The other competing real estate agent does not divulge the name of the potential purchaser of the Anderson property but the rumor has it is for a tax-exempt building which means an added assessed valuation or ratables for Springfield.

Everyone in Springfield and their out-of-town friends are invited to have fun at the St. Patrick's Day card-party and dance at St. James Church on Saturday evening, March 17. Tickets may be purchased from any committee member or at the door.

Card Party Dance Set For March 17

During intermission of the Hitchcock-Campana orchestra, there will be an accordionist who will entertain, going from table to table. The orchestra will play in the school cafeteria. Among the entertainers will be "The Four Sharps," a male quartet consisting of Edward Cooney of Springfield, Larry Stucke of Springfield, his brother, Fred Stucke of Union and their uncle, Charles Stucke of Union. The quartet has traveled around and entertained at many places.

1956 Township Budget Of Little Interest Here

Two university students, observing "municipal government in action" were the only interested persons at the Township Hall last night when the 1956 Budget was passed setting a tax rate of \$9.96.

There were no objections to the passing of the budget, since there were no objectors present.

Reporting that Overlook is in good financial condition and well-managed, Mr. Gerhardt said, "We have adequate working capital and are amortizing our mortgage. It has been brought down from a peak of \$425,000 in December, 1953 to the present total of \$280,000."

Mr. Gerhardt said that Overlook must expand to serve the community. "We are approximately 50 beds short of our real needs, and by 1960, according to the studies we have made, we will need a total of 150 new beds plus a complete replacement of our maternity facilities of 60 beds."

Citing the contributions from the Women's Auxiliary, Mr. Gerhardt said, "Our new nurses' home with furniture entirely supplied by the Women's Auxiliary, will soon be open. The Overlook Twig organizations continue to be a national marvel and during the past year have given Overlook more in time, money and equipment than ever before. During the past year, the Women's Auxiliary again produced the Overlook Follies, which earned a total of \$11,500. This contribution, as usual, will largely take care of all our linen needs."

Daly Also Files For Freeholder

Eugene F. Daly of 767 Springfield Avenue, a compositor for 15 years at The Herald, filed his petitions Monday as an "Independent Republican, unbossed" candidate for a freeholder nomination at the April 17 primary.

Mr. Daly named as his committee on vacancies former assessor and former Republican County Committeeman Jesse E. Stout of 33 DeForest Avenue, James A. MacMurray of 28 Walnut street, and Ambrose A. Kentz of Irving place.

Lt. Sturm Proves Fine Interpreter

Lieut. Otto Sturm, of the Springfield police department veterans, was drafted for an unusual role in Municipal Court Monday night when he appeared as interpreter for an auto driver charged with leaving the scene of an accident and did his job remarkably well.

Lieut. Sturm, speaking German fluently, asked the right questions and relayed the responses to the court when William Will of 1004 Clinton Avenue, Irvington, who spoke very little English, appeared to answer charges that he did not stop after an accident. Mr. Will was fined \$30.

A Big Customer

Pointing out that Overlook buys nearly \$600,000 worth of supplies each year and its annual payroll of \$1,100,000 is largely spent in its communities, Mr. Gerhardt said that the hospital is a substantial asset to the area. Recognizing this fact and realizing that Overlook must develop its own continuing program to meet its financial needs, Overlook set up its own Annual Giving program.

"Public response has been prompt and generous," said Mr. Gerhardt, "and will undoubtedly increase as more people become aware that a non-profit, public-service hospital cannot reasonably expect to support itself entirely from its normal operating income and must look to the generosity of the people in its communities. Overlook foresees substantial annual needs, which will be even larger if new building is undertaken."

"Many improved facilities have been made possible by generous contributors," said Mr. Gerhardt. "We have quieted our corridors and nurses' stations with acoustical ceilings, we have provided a Nurses' Home to help make nursing more attractive at Overlook, and we have installed an emergency generator at a cost of \$26,000 which will guard our electrical facilities against any kind of storm or general breakdown. We are working toward a program to install a third elevator."

Nancy Anderson to Receive D.A.R. Good Citizen Award

Nancy Anderson has been selected by the senior girls at Regional High School to receive the Daughters-of-the-American-Revolution's Good Citizen Award. She will be honored at the D.A.R.'s annual state conference which will be held March 15 and 16 in Trenton. She is being sponsored by the Church and Cannon Chapter, D.A.R. of Springfield.

Miss Anderson, the daughter of Mr. and Mrs. Robert B. Anderson of Batusrol road, is a senior at Regional. She holds offices in the Honor Society, Student Council, and Girls' Athletic Association at the school, and has been active in Presbyterian Church young people's affairs. She has done student volunteer work at Overlook Hospital, Summit.

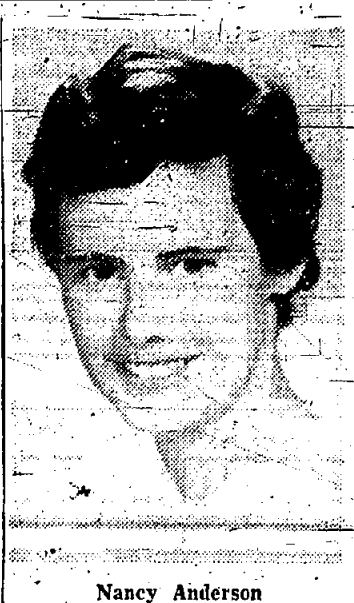

Six other Regional High School students will be guests of the local D.A.R. at the conference in Trenton. These students, who have entered the Girl Homemakers, Dressmaking contest, are: Ethel Muller and Pat Walcott, seniors; Joyce Pachuch, a junior, and Gail Broderick, Carol Fox, and Sue Keane, sophomores. Winners of this contest will be announced at the conference.

The seven students will meet Governor Robert B. Meyner, attend a special luncheon and make an historical tour of Trenton.

According to a Newark News story Tepeco filed the suit shortly after it had been denied a variance by the Union Board of Adjustment on Sept. 12, 1955. The suit against the Union Zoning Board of Adjustment and Herbert F. Williams, township building inspector, sought either a zone change to permit the project or a reversal of the board's denial of the variance. Tepeco also sought to force Williams to issue a permit for the drive-in.

Three petitions and considerable oral opposition to the plan were offered by more than 300 residents of Union and Springfield during public hearings on the proposed drive-in theater. Objectors cited noise, traffic hazards, lighting disturbance and other nuisance factors that they said would be caused by the project.

In the suit, Tepeco said that permission for the outdoor theater was granted by the Elizabethtown Consolidated Water Co., owner of the property involved. Hughes

Court Dismisses Suit For Drive-In Theater

Springfield will not be concerned with a drive-in theater in Springfield today said there are no "special reasons" which apply to this land that are not equally applicable to a large quantity of land similarly situated and owned by either the water company or Union Township. The judge added that Tepeco did not prove that the land was unsuitable for one-family residences.

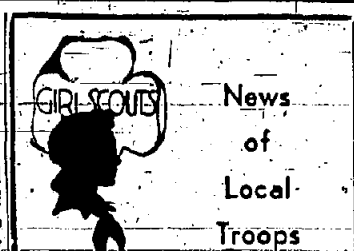

The local residents were Joseph and Eva Piller of 82 South Maple Avenue, and Mrs. Carmelina Roberts of 10 Nelson Place.

Judge McGrath, who administered the oath of allegiance, and County Clerk Henry G. Nulton congratulated the group. The county clerk spoke on the advantages and responsibilities of citizenship, Deputy Clerk Roy E. Kitchell, representing the Union County Committee, American Legion, led the flag salute.

The group was approved for citizenship by Herman Kaner, an examiner for the U. S. Immigration and Naturalization Service.

Two Springfield Residents Become American Citizens

Two Springfield residents were among the 135 persons of Union County who became naturalized citizens in a mass ceremony before County Judge Edward A. McGrath recently.

News of Local Troops

Troop 34 Mrs. M. Wachtel, Leader Mrs. V. Bracht and Mrs. R. Southward, Co-Leaders

What an exciting and busy time we've had since we last told you about our activities! We can finally tell you about our Christmas gifts. We made yellow and brown, crepe paper raffia; picture frames for our Dads and in each frame was a picture of ourselves in our Brownie uniform. For our mothers, we decorated candles and put them in "Christmas" holders. We wrapped the gifts in holiday paper so that they'd remain our secret until Christmas. We love our craft activities and especially enjoyed the raffia work.

We had a wonderful Christmas party and some of us entertained with our own "specialty". We each received a Brownie handkerchief as a gift from our leaders. Christmas carolling was fun and we know it was enjoyed by all who heard us.

The displays at Springfield's own Miniature Village proved most fascinating on our recent visit to this interesting spot.

We celebrated the birthdays of Madelyn Birnbaum and Happy Egger. They were "crowned" with gold crowns and presented with Brownie "friendship books" by the troop.

As a Valentine's Day present to "ourselves", we made red-and-white check, heart shaped sachets which we trimmed with white lace and stuffed with perfumed cotton to hang in our closets.

We went ice skating and we have wonderful coloring movies to record this exciting meeting. It was very funny when Mrs. Southward fell and needed the combined efforts of the troop to get back on her feet.

Suzanne Flemer and Lynnie Jakobsen received a warm welcome as new members of our troop. They have already been placed in patrols.

The big song festival, on March 2nd, is our next important date. We are hard at work rehearsing already.

CATHOLIC INFORMATION

What do you mean — Only ONE true Church? Non-Catholics often resent the claim that the Catholic Church alone is the true Church of Christ.

"You Catholics," some of them say, "have a lot of nerve. The Church is universal. Anybody can belong to it who accepts Christ as his personal Savior and models his life after Christ's teaching. We can be members of the true Church without being Catholics."

Many who feel this way about it are, of course, sincere and devout people. And it is not our intention to challenge the various shades of Christian thought which they represent. We do ask them however to understand that the Catholic claim is not a matter of arrogance or intolerance—but of the deepest religious conviction.

Nearly all Christians agree that there can be only one true Church. Yet there are hundreds of different denominations—some of them miles apart in what they teach—all claiming to be the true Church. Certainly all of them cannot be right... in fact, only ONE can.

But which one? How can we identify it?

The Son-of-God made Himself recognizable to men by coming upon the earth with a body and soul like ours. It was in His physical body that He died for our redemption. Having thus so carefully revealed Himself to the people of His own time, would He not make equally sure that future generations should also know Him?

Catholics believe that the Savior did so, through the Church... in which He is "able at all times to save those who come to God through Him." The Church is, therefore, not merely a body of people believing in Christ... but the Body appointed by Christ Himself to continue His mission of redemption.

"He who hears you," the Savior said, "Hears Me." For Catholics, this means that when the Church speaks it is Christ speaking. When the Church offers prayers and sacrifice and forgiveness of sins, it is Christ's prayer and sacrifice and forgiveness of sins. The Church, as Catholics see it, is Christ living in the world today!

Local Jewish Families to Observe Passover Friday

The Jewish Community of Springfield will inaugurate the Passover season with a special institute on March 15 at 8:30 p.m. at the Jewish Center on Baltusrol Way.

Passover, the Jewish "Festival of Freedom," which recalls the Exodus of the ancient Israelites from Egyptian bondage, is observed from March 23 to April 3 this year.

The aim of the institute, to be conducted by the Center's spiritual leader, Rabi Reuben R. Levine, will be to familiarize those attending with the meaning, customs and observances of the Passover holiday. The session is open to the entire community and members of all faiths are welcome.

Rabi Tells Background of Passover

When asked about the holiday, Rabi Levine explained: "Passover has two aspects—one historical and one ethical. Historically, it commemorates a turning point in Israeli epic. When the Hebrews left Egypt under the leadership of Moses, the loosely organized group of tribes began to be forged into a nation. They had gained the independence and spiritual strength necessary for a people which was for centuries to harbor the Biblical Word of God, and ultimately transmit it to the rest of the world. The name Passover derives from the events described in Exodus 12:21-23. When the Lord visited the final plague upon Egypt, He caused the destruction to "pass over" the homes of the Hebrews, who were observing the Paschal ritual that night.

Ethically, the holiday asserts that tyranny and oppression in any age and in any country must be overcome. The dramatic cry, "Let my people go," has echoed

through the corridors of time, inspiring the downtrodden and oppressed in every generation with hope. Passover teaches the inestimable value of human freedom—it lifts the banner of liberty for all the children of God.

Observed by Special Meal Passover is observed in Jewish homes by partaking of a special meal called the "Seder" on the first two nights of the holiday. It is a very festive occasion including the recital of prayers; the retelling of the Passover story, and the singing of lively songs and hymns. It is a wonderful family affair, causing Jewish people to travel long distances, if necessary, to be with their family and relatives for the occasion. During the eight days of Passover, observant Jews abstain from the usual bread, but eat an unleavened wafer-like bread called "matzah."

At the Passover Institute, Rabi Levine will elaborate on the points mentioned above as well as explain the steps in the Seder ritual.

"Eat Well During Lent" Topic at Library Mar. 13

Have planning-mealless meals during Lent been a problem to you? "Eat Well During Lent" is the topic to be discussed by Miss Anna Doerr, Assistant Home Agent of the Union County Home Economics Extension Service, at the Springfield Library on Tuesday, March 13th, at 1:30 p.m.

If you could use some menu suggestions and would like some ideas for meatless main dishes, plan to be at the meeting on March 13th at the Library. The meeting is open to all interested homemakers.

New York Flower Show Lowers Bloom on Winter

The 39th International Flower Show will bring spring to New York when it opens amid a burst of color at the Wanamaker Show Palace, Sunday, March 11. Flowers by the thousands will transform the show site, at Broadway and Astor Place, into a wonderland of dogwood, roses, carnations and tulips.

Three acres of landscaped gardens will offer winter-bound New Yorkers their first glimpse of Spring; the show, with its universal appeal, will reflect modern living with plants and flowers.

The International Flower Show literally offers something to everyone—whether it is guidance on the ABCs of gardening or the brilliant spectacle of multi-colored blooms. Hundreds of amateur and professional horticulturists will combine their talents to stage the event.

Historic Grace Church, only a few blocks from the Wanamaker building, will create a garden chapel at the show. Masses of hemlock spruce, flowering dogwood and white lilies, with plantings of Japanese holly and white azaleas, will provide a background for a simple white altar with a cross of bronze.

The Gramercy Park Association will recreate a portion of Peter Cooper's living room as it looked out over the neighborhood green in the days of old New York. Herb gardens will lend a culinary touch to the event. One, staged by the New York unit of the Herb Society of America, recreates a sheltered dining porch; a small garden of perennial kitchen herbs grow beneath a kitchen window.

Information booths on practically every facet of gardening will dot the three floors of the Wanamaker Show Palace. From African violets to insecticides—no matter what the query from the show visitor, he'll find a ready answer from a host of specialists in all fields. The show management, itself, will distribute a "Garden Buyer's Guide and Manual." The Guide offers basic-how-to information, plus a classified directory on where to secure garden equipment and supplies.

The Garden Club of America and the Federated Garden Clubs of New York State will stage exhibits with strong emphasis on conservation; the American Society of Landscape Architects display scale models of work; its members, the New York Brooklyn botanical gardens, install special displays and their exhibits with experts on den problems; members of Men's Garden Club of New York will create their own garden offer advice and counsel throughout the week of the show.

Fresh-cut flowers will be during the week by the Women's Florist Association. Proceeds from the sales are donated to a scholarship fund for nurses in metropolitan New York.

ACCIDENTS WILL HAPPEN!

A child's roller skates left on the stairs . . . a man deeply engrossed in his paper . . . one more step . . . fate closes in!

But it isn't fate. Just the careless, thoughtless preoccupation of humanity.

No religion can guarantee our safety from accidents like this one.

But the Christian Church offers man safety from greater perils. It teaches him the dangers inherent in his own impulses . . . it shows him his responsibility for the lives and faith of others . . . it stimulates his soul-deep yearning to know God . . . it assures him that life has eternal meaning through Jesus Christ.

Accidents will happen—but spiritual tragedy need not! For the eternal safety of all men, the careless, the thoughtless, the preoccupied: Christ died.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake; (2) For his children's sake; (3) For the sake of his community and nation; (4) For the sake of the Church itself which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Women's Club News

Congratulations are being extended this week to a talented local artist—Miss Gertrude Sala, of 468 Morris Avenue, whose still life paintings in oil and watercolor won first and second places respectively in the two-day Art Exhibit held last week-end at the Cannonball House by the Art Department of the Springfield Women's Club. The twenty-five oil and watercolor entries were judged by Mrs. Cornelius Lowe of North Branch, New Jersey, Fifth District Art Chairman, State Federation of Women's Clubs, and by Dr. Boylan Fitz-Gerald, well-known lecturer, author, and teacher of art in metropolitan New York and New Jersey. Third place award was presented to Mrs. C. Leslie Williams of 143 Linden Avenue for a watercolor painting of the Springfield Presbyterian Church. Miss Sala's two paintings and Mrs. Williams' watercolor will represent the Springfield Women's Club at the Art Symposium at Douglass College on April 21. A still life in watercolor by Mrs. Dor H. Hesselgrave of 144 S. Maple Avenue was awarded Honorable Mention.

The two-day exhibit was well attended by more than a hundred residents of Springfield. Among the guests attending were Mrs. Ford A. Starkweather of Cranford, Fifth District Vice-President and Mrs. John E. Volkmann of Haddon Heights, Art Chairman of the State Federation of Women's Clubs.

A beautiful arrangement of daffodils, pussy-willows and iris, flanked by yellow candles in silver candelabra made a lovely setting for the Silver Tea held on Saturday at 4 p. m. following Dr. Fitz-Gerald's demonstration. Mrs. Volkmann, Mrs. Lowe, Mrs. Edwin G. Davenport and Mrs. Charles F. Heard, President and Vice-President of the Springfield Women's Club, respectively, poured.

Members of the committee who arranged the successful exhibit are: Mrs. Joseph Zidonik, Art Department Chairman, Mrs. A. Pancean, Jr., Co-Chairman, Mrs. S. Bryant Haas, who made all award ribbons, Mrs. William Molis, Mrs. Louis Schneider, Mrs. Frank Johnson, Jr., Mrs. Fred Spangler, Mrs. Morton D. Williams, Mrs. Adolf Sium, Mrs. Daniel Donovan, Mrs. Russell D. Post, Mrs. Walter L. Tietz, Mrs. Robert Marino, and Mrs. Martin Meade.

Music Department members will meet this evening at 8 p. m. at the Cannonball House to rehearse a few selections for Club Night in the late spring. Among the tunes we may look forward to hearing are "Just a Memory" by Ray Henderson, "L'amour-Toujours-L'amour" by Rudolf Friml, "Rose Marie" from Rudolf Friml's operetta by the same name, and "Serenade" by Sigmond Romberg.

The Drama Department will hold its regular monthly meeting

at the Cannonball House on Monday evening, March 12 at 8 p. m. Mrs. Robert Briggs will be hostess and Mrs. Michael Tatusko and Mrs. John G. Williams will act as co-hostesses.

"The Columbia" by Stewart H. Holbrook will be reviewed by Mrs. Henry Bouchard at the regular monthly meeting of the Literature Department on Monday evening, March 12 at 8:15 p. m. at the home of Mrs. Edwin G. Davenport. One of the "Rivers of America" series, this interesting book of non-fiction reviews the history of the territory from the Lewis and Clark Expedition to the present time.

A cake-decorating demonstration will be the highlight of the American Home Department's meeting at Mrs. James Stuart's home, 89 Salter Street, on Tuesday, March 13, at 8:15 p. m. Mr. Theodore Spector, owner of the Cake Cottage in our new shopping center will be present with an assistant to demonstrate the art of fancy decorating. Members of the department will have an opportunity to try their hands at creating masterpieces of their own, and Mr. Spector will provide bakers' turntables and all the other essentials and ingredients for demonstration. In addition to the demonstration by Mr. Spector, Mr. Walter O. Angerer, Secretary and Treasurer of the Essex Division of New Jersey Bakers' Board of Trade and District Manager of the National Brands Corporation, will be on hand to show a film which will certainly be of great interest to all homemakers. Those present will see on the screen what ingredients go into a good cake, how they should be handled and

Your Library

In connection with the religious festivals of spring, a great many readers like to take time to read a book more serious than those they usually peruse. The Free Public Library of Springfield is fortunate enough to have a large collection of religious books that are usually found in a small-sized library. Because there are so many books in this section, there is not space to name them. Interested readers will find most of them in the "200" section, although some will be found elsewhere. For example, in the biography section will be found the lives of men like Thomas Merton and Albert Schweitzer. There, too, is "The Wise Man from the West," a new book by A. J. Cronin's son, Vincent Cronin, which is the biography of Father Matthew Ricci, missionary to China, 1582-1610.

However, it is interesting to notice some books recently added to the library. Among them are: "Secret of Happiness" by Billy Graham, "The Road to Human Destiny" by Lecomte du Nouy, "All of the Women of the Bible" by Edith Deen, "Life and Language in the Old Testament" by

Two other books being added to the library this week are: "The Living Bread" by Thomas Merton and "The Bible Speaks to You" by R. M. Brown. All of these new books are being placed on a special shelf so that readers may find them quickly.

Letters to Editor

Editor, Sun:

In the March 1st issue of the Springfield Sun, Mrs. Alice V. Stackfieth asks the question, "Why do Catholic priests consider it a sin for a Catholic to attend services at any other church other than a Catholic church?" She was evidently puzzled at the attitude of a Catholic friend who reluctantly accompanied her to services in a Protestant church and afterward confessed to a feeling of guilt from having done so.

The sense of guilt came from an action which was a contradiction of a basic Catholic belief. A Catholic believes that Christ established one true church and that He appointed St. Peter to lead that church.

A Catholic also believes that the present Pope is the visible head of that church as a result

of an unbroken line of succession from St. Peter and that he, therefore, derives his authority in spiritual matters from God.

It is quite understandable then, that by acting contrary to the dictates of her own conscience in attending the Protestant church, she should experience a sense of guilt.

It is an entirely different thing if a Protestant attends a Catholic service because, by so doing, he violates no basic teaching of his church. A Protestant may, with a clear conscience, attend any church or House of God, and a Catholic respects his right to do so.

However, in the light of Catholic belief as stated above, I'm sure Mrs. Stackfieth and all Protestants will understand why Catholics consider it wrong to attend any church other than the Catholic church.

Very truly yours,
Harold C. Strobel

Pack 73 Holds 1st Blue-Gold Dinner

Cub Pack No. 73 held its first Blue and Gold Banquet at St. James Church in Springfield on February 22. The dinner was held in observance of the 40th anniversary of the founding of the Boy Scout movement. The tables were all attractively decorated in the anniversary theme—all items were made by the cubs themselves.

The dinner was thoroughly enjoyed by a large gathering. The principle speakers were Father Day of St. James, Cubmaster Maurice Scully, Assl. Cubmaster Bruno Marino and Committee Chairman Paul Plante.

The dinner was efficiently served by a charming group of young ladies from Holy Trinity High School, westfield.

Cub Master Scully presented Robert pins to all members of the Pack. This is their first step in the achievement trail.

The following new boys were inducted into Pack No. 73: George Buzek, Edward Gallucci, Nicholas Molinaro, Thomas Swan.

Pack No. 73 is now conducting a membership drive. All interested boys and parents should apply to F. Lynch, Jr., 171 Tooker Ave. Drexel 6-2883. Pack No. 73 takes in all of Springfield, parts of Union and Mountaineer.

Federation of Women's Clubs at Luncheon Here

Some of New Jersey State's highlights came to Springfield Tuesday including Assemblywoman Florence P. Dwyer of Elizabeth, Senator Malcolm S. Forbes of Somerset County and Frederick J. Gassert, Jr. Director of Motor Vehicles who jointly addressed the members of the Fifth District of the New Jersey State Federation of Women's Clubs at a luncheon sponsored by the legislative department at the Baltusrol Golf Club.

Mrs. Dwyer, GOP aspirant for Congress announced that she will launch a drive this week to organize a "Mother's Lobby" comprising mothers throughout North Jersey to halt teenage drinking in New York. The legislator has worked with Assemblymen Louis Russo of New York in an effort to have the New York law correspond with New Jersey's legislation of 21.

Juants to the neighboring state via the Goethals Bridge by many New Jersey teenagers has resulted in severe traffic penalties and sentences in state corrective institutions for them. The narcotics bill, introduced by Mrs. Dwyer, making life imprisonment mandatory for third time offenders was explained by the law-maker. She reiterated President's Eisenhower's appeal to the women of the nation to take an interest in government. When the "welfare of the family, home and church are concerned, voters should become alerted to the best solution, she asserted.

"The reign of brutality and terror which has existed at the Jamesburg State Home for Boys is deplorable, declared Senator Forbes of Somerset County. The boys have had to travel in pairs to protect themselves; he added. A probe into the conditions at the institution by Middlesex County Prosecutor Alex Eber and Commissioner Carl W. Tranburg was launched when two boys there were admitted into a hospital with fractured skulls.

The program at Bordentown, another of the state's corrective institutions to which men aged 18 to 30 years are sentenced is far superior to that of the Jamesburg home where so much should be done in its usefulness, the Somerset County law maker stated. He suggested closer screening and higher salaries for the correctional officers. Increased psychological and psychiatric examinations and treatment should be included in the program, he asserted.

Mr. Gassert praised Mrs. Dwyer's efforts to organize her cru-

Overlook Lists Expansion Need

Overlook Hospital moves into the future with many problems but all of them seem manageable, Bruce Gerhard, President of the Overlook Hospital Association said in a report published today through out the area served by the hospital.

"Overlook," said Mr. Gerhard, "has never been more popular than it is today. We are running at capacity. We have the support of a record number of volunteers. Reporting that Overlook is in good financial condition and well managed, Mr. Gerhard said that Overlook must expand to serve

the community. "We are approximately 50 beds short of our real needs, and by 1960, according to the studies we have made, we will need a total of 130 new beds plus a complete replacement of our maternity facilities—35 beds."

The number of boy babies usually exceed the number of girl babies by about 106 to 100.

Brettlers Celebrate 20th Year of Business in Town

"We opened the doors to Brettler's Department Store in March, 1936. We were located in the old Center Meat Market. The grand amount allotted for rent was \$30 monthly, and as an added inducement we got three months' rent free."

That's the way Sol Brettler, owner of Brettler's Department Store, 242 Morris Ave., began reminiscing this week on the occasion of his 20th year as a merchant in Springfield. "What's

more," he continued, "our first customers were treated to such values as men's shirts for 98c, ladies' dresses for 98c, and pure silk stockings for 50c."

The store was a joint venture from the very first. Mrs. Bretlier, in addition to raising a fine son and daughter, found time to help Mr. Brettler in the running of their establishment. She has continued this work and Mr. Brettler

jokingly refers to her as the "boss."

In 1940 the Brettlers purchased their present location and were able to expand their lines and add new brands. This has been a major project and the store now sports such lines as Beau Brummel, Interwoven, Arrow, Gotham, etc.

Commenting on his method of merchandising Mr. Brettler remarks, "Our main purpose is to assemble a varied line of quality merchandise, that lends itself to family shopping . . . and to bring these products to Springfield shoppers at price levels that fit their

budgets. In addition I feel that a great amount of convenience is afforded women when they can do all their shopping under one roof."

The Brettlers had added cause for rejoicing this week. It was the occasion of their 25th wedding anniversary. They were treated to a gala dinner at the home of a friend in Plainfield.

Following the development of the refrigerated car, the first trainload of California oranges left Los Angeles for eastern markets on Feb. 14, 1886.

The evening will consist of dancing to the Hitchcock-Campara orchestra in the school auditorium. Refreshments will be served.

Entertainment will be provided by Ben Ackerman, Jos. Rokosny and a male quartet, all members of St. James' Church and entertainers in the church's variety show held in November.

IN CITY TRAFFIC where tensions usually mount, Chrysler's catlike flexibility brings a wonderful sense of calm. And those admiring glances confirm your judgment that this is America's biggest fine car buy.

THEY'LL THINK YOU PAID \$1,000 MORE
when you drive the year-ahead car!

The only cars with which you can compare a Chrysler Windsor V-8 are the other luxury cars . . . because that's what the Chrysler Windsor V-8 is. But you can own this car for the cost of a medium-priced car! And at this price, it simply defies comparison.

Take the way it handles in city traffic. Something quite wonderful happens. Instead of feeling tense, you're utterly relaxed—thanks to Chrysler's full-time Power Steering System and a host of other brand new Chrysler exclusives. You're handling a big, powerful car that responds like a mind reader. It does the work for you. Your Chrysler is beautifully balanced between the forward thrust of its mighty airplane-type engine and the most powerful brake in the industry. This car flows! Yet, if you can afford any car in the medium-priced field, you can afford to step up to a Chrysler Windsor V-8. Compare its year ahead new-car features with the other leading cars in its price class. We think you'll agree that it looks and acts like a car that costs \$1,000 more than it does!

CHRYSLER SETS NEW WORLD'S RECORD!
WINS DAYTONA "FLYING MILE" AT 139.373 m.p.h.
A Chrysler 200-B swept the 1956 NASCAR Speed Trial Championships at Daytona Beach with a sand-scoring "Flying Mile" average speed of 139.373 m.p.h. Shocked competition watched as Chrysler barreled down the beach . . . topping last year's stock car record (also set by Chrysler) by 12 m.p.h.

SUNNING SPORTS

By RITCHY SCHWARTZ

As we've reported previously, some people have it and some people don't. There are a lot of Don'ts in this world, but there are also plenty of champions—in all walks of life.

Jerry Sachsel's wrestling secret—he's just a natural. Dick Besnier's trick—practice makes perfect. At the completion of a rough day of wrestling last Saturday, both these boys walked away with STATE CHAMPION titles.

Sachsel battling in the 106 weight division—knocked off Warren Bowne Collingswood on a referee's decision. Then he out-matched Bob Hart of Phillipsburgh for the state crown.

Besnier started his winning ways by defeating Wayne Hart of Washington High with a pin (5:00). His next victim was Ray Riechert of Fair Lawn who he beat solidly 5-2. Another state champ, 148 division.

Mende's Bowlers; 3-Game Record; Jacobovitz Hits 684
The Springfield Market took two games out of three from Frank's Auto Service to hold onto first place by a slim half-game margin, but this contest in the Springfield bowling league was not the stealing the spotlight was the sixth place Mende Florist team who distinguished themselves in a three-game win over H. C. Anderson & Son by establishing a new record for the high-three game team series of 3018, a record previously held by the Springfield Market with 2856.

The American Legion, in second place lost two to Suburban Liquors, but maintained their position since the D'Andrea Drive-ways in third, meet the same fate against Parkview Garage.

Jacobovitz's 684 series was the high of the night—and the season. Over 200 games included T. Graziano 202, Julie Policarpio 217, C. Pacifico 201, LaPierre 225, Walter Jr. 214 and P. Bush 201.

Nats Wallop Bullets for 1st Win; Royals Take 2

The big story in the Springfield Small-Fry Basketball League is the manner in which the hard-luck Nats polished off the Bullets last Saturday morning at the Florence Gaudineer School gym. This was the initial victory of the campaign—by Coach Al Regis' red-shirted crew, and they made the most of it.

In previous games the Nats just didn't have a good offense, but with several members returning from the sick list, their enthusiasm and spirit could not be denied. Bob Baker with eleven points paced the victors, with Monticello and Adams chipping in with eight apiece. Top scorer for the losers was Francis with ten markers.

In other games the Pistons posted a 25-16 victory over the Lakers with Lou Pignolet spearheading the drive with ten points. Larry Cyré helped with eight points, with Larry McConkey doing a great job on defense. Bloom and Pisano were outstanding for the losing Lakers, with Bloom scoring eight points.

The Knickerbockers defeated the Celtics 20-17 in the opening game of a tripleheader, with Dave Lord scoring seventeen points. The lanky newcomer from Seattle, Washington, controlled both backboards, scoring most of his points on follow-ups, and short sets from underneath. Little Dixie Walker and Arnold supplied the defensive work for the Knicks, while Ratner, Tuffy Hariz and Jimmy Crowley were outstanding for the Celts.

The league leading Royals, sparked by their one-two punch, Roy Abrams and Jay Gladstone came through with a pair of victories over the Hawks and the Globetrotters last Tuesday and Wednesday evenings at the Florence Gaudineer School in the Springfield Small Fry Basketball League. The Wednesday night game was postponement of last week's game, which was set back due to the Regional-Jefferson County Tournament battle. Roy Abrams, exhibiting more hustle and scrap controlled the boards for the Royals, with Jay Gladstone supplying the scoring punch. The seventy-point total scored by the Royals in tripping the Hawks, was the highest recorded this season, and from indications they went stop until they hit eighty. For the losing Hawks, Hartman-Meyers, Seltzer and Hazelman all scored in double figures, with Hartman and Meyers outstanding defensively.

On Wednesday-evening the Royals came back to wallop the Globetrotters by a one sided 52-28 score. The Trotters were hampered by an ankle injury to their pivot ace, Billy Franklin. For the Royals it was Jay Gladstone with sixteen markers, followed by Abrams—thirteen.

Thursday night the Globetrotters came back to nip the Warriors 43-41, with Art Murdock controlling the boards for the victors. Teddy Hohn was the offensive sticked out of the night, racking up twenty one points on ten field goals and one foul. This was quite a performance for the victors who were without Billy Franklin, hobbled by an ankle injury the previous evening. Richie Baker,

These instruments will measure magnetic force, cosmic rays, and other phenomena for further knowledge of the earth's outer atmosphere, where the satellites will revolve in their own orbits. Just before dawn and just after sunset, they will be visible to the naked eye with the approximate brilliance of the dimmest stars. A comparison will be made of the features and characteristics of artificial satellites with those of the earth's natural satellite, the moon.

It was in Turkey that Alexander the Great cut the Gordian knot. This was at ancient Gordium, in central Turkey. An oracle had said that whoever loosed the knot would rule Asia.

OVERLOOK HOSPITAL

President's Report To The Communities We Serve

At the Annual Meeting of the Overlook Hospital Association on March 15th, we will report in detail on the affairs of Overlook and answer all questions. But we want far more people than normally can attend such meetings to be aware of the Hospital's condition. A non-profit, public service institution like ours cannot do its job without broad public understanding in all of the communities it serves. Let me, therefore, give you a quick summary of our condition:

Overlook is Popular

Overlook has never been more popular than it is today. We are running at capacity. We have the support of a record number of volunteers. Our competitive situation with respect to a supply of nurses has greatly improved and is better than it has been in a great many years.

Expansion Needs

At this moment, because we are well liked and doing a good job, we are approximately 50 beds short of our real needs, and by 1960, according to the studies we have made, we will need 150 new beds plus a complete replacement of our maternity facilities—35 beds.

There is no question that we must look to an enlargement of Overlook within the next few years. The proposal to move St. Barnabas Hospital from Newark to a location between Northfield Road and South Orange Avenue in Livingston has been known to us for some time, and we know it will not relieve us of our growth responsibilities.

Finances Sound

It has always seemed to us that the supporters of a hospital should feel that their money is being well spent. We can tell you that Overlook today is in good financial condition. It is today well managed and has sound accounting records on which to build its operating budget and activities.

We have adequate working capital and are amortizing our mortgage. It has been brought down from a peak of \$425,000 in December 1953 to the present total of \$280,000.

Improved Income

The most important reason for our improved income is, of course, our very high occupancy rate. Another is a fairer contract with Blue Cross. Recently also we have negotiated new and fairer contracts with communities whose indigent patients Overlook serves. We are working on similar contracts with one or two others.

Our rates for regular patients are now in line with competition.

Increasing Contributions

Two years ago, Overlook realized that a hospital with expenses of more than \$2 million a year must develop its own continuing program to meet its financial needs. Reluctantly Overlook withdrew from the Summit United Campaign and began to set up its own Annual Giving program.

Public response has been prompt and generous and will undoubtedly increase as more people become aware that a non-profit, public-service hospital cannot reasonably expect to support itself entirely from its normal operating income and must look to the generosity of the people in its communities. Overlook foresees substantial annual needs—which will be even larger if new building is undertaken. In looking to individuals, corporations and business interests for contributions to help meet operating deficits and to provide for necessary improvements, we are mindful that a hospital is a substantial asset to any community. To the people generally it represents an ever-present help in time of trouble. To the doctors it is an essential aid to professional service. To corporations it is a health facility which they require for their own personnel. To local business people it is all this and, in addition, a stimulant to trade. Overlook buys nearly \$600,000 worth of supplies each year (as much as possible locally) and its annual payroll of \$1,190,000 is largely spent in its communities.

Improved Facilities

Because of rapidly rising costs, Overlook was unable to put into its new building all of the facilities it originally planned. We have made excellent progress toward reinstating many of these eliminated items, however. We have quieted our corridors and nurses' stations with acoustical ceilings, we have provided a Nurses' Home to help make nursing more attractive at Overlook, and we have installed an emergency generator at a cost of \$26,000 which will guard our electrical facilities against any kind of storm or general breakdown. This all was made possible by generous contributors. We are working toward a program to install a third elevator.

We have very substantial parking problems. We hope to solve them through new properties we have been able to acquire from time to time.

We are very much pleased at the many words of praise for Overlook's meals which continually come to us. When you realize that our present kitchen was built for a hospital half the size of Overlook, it is a mystery such a fine dietary job is done—but it is.

Women's Auxiliary

At no time during its history has Overlook had greater reason to be grateful to

the Women's Auxiliary for its contributions of time, enthusiasm, and money. Our new Nurses' Home, with furniture entirely supplied by the Women's Auxiliary, will soon be open. The Overlook Twig organizations continue to be a national marvel and during the past year have given Overlook more in time, money and equipment than ever before.

During the past year, the Women's Auxiliary again produced the Overlook Follies, which earned a total of \$11,500. This contribution, as usual will largely take care of our linen needs.

Rutgers Nursing Program

Overlook was the first hospital to be chosen to work with Rutgers University in its two-year program for the development of nurses to meet the persistent national shortage. Overlook has now been chosen to join with Rutgers on a four-year program.

Medical Staff

Overlook today serves 170 doctors in 19 communities. As the hospital has grown it has been necessary for the enlarged staff of doctors to expand their own organization to supervise their work. Great progress has been made in this direction in the past year. Overlook's relations with the doctors it serves are excellent.

Public Confidence

Overlook is continuing its program of bringing heads of communities and of many organizations to the hospital for visits which permit them to see us in action and to examine our facilities and services. We want the public confidence which comes from understanding.

The Future

We move into the future with many problems, but all of them seem manageable. We need equipment and facilities—we must expand—we need nurses and volunteers—we have a big mortgage—we must have the financial support of generous and public-spirited individuals, corporations and business people on a continuing, annual giving basis—we need more parking facilities—we have many rising costs to meet. But Overlook is in good hands and doing well. We have no fear that we will not get the help we need so long as we continue to do a good job.
