## THIS WEEK

One of our favorite columns in the New York City newspapers is the "Topics of the Times" which appears daily in the New York Times.

And, for the sake of those who prefer to read only the New York Tribune and since there is nothing we could write that would be as interesting, we are taking the liberty of reprinting what the Times had to say about weekly newspapers.

"They used to be called 'country weeklies.' Nowadays many weekly newspapers are less rural than suburban. The weekly—in an electronic, video-age—is not simply surviving; it is, on the whole, doing very well. This we learn from an item about the current state of weekly newspapers in a recent Advertising & Marketing column. It said that although the number of weeklies in the United States has been declining in the past seven years (last year 115 went out of business) the circulation of the existing 9,831 has been rising steadily. Weeklies paid circulation increased last year by 200,000 to 29,527,000.

"Most people have an idea that daily newspapers outnumber weeklies. One of our office theorists suggests this is because folks rarely see or hear about a weekly other than the one they read themselves, whereas the names of a number of daily newspapers are familiar to people all over America. The fact is—according to the Year Directory of Newspapers and Periodicals from which our news item about weeklies was compiled—there were last year 1,984 daily newspapers in the United States. Weeklies outnumbered them about five to one. Some weeklies have circulations that can only be described as impressive.

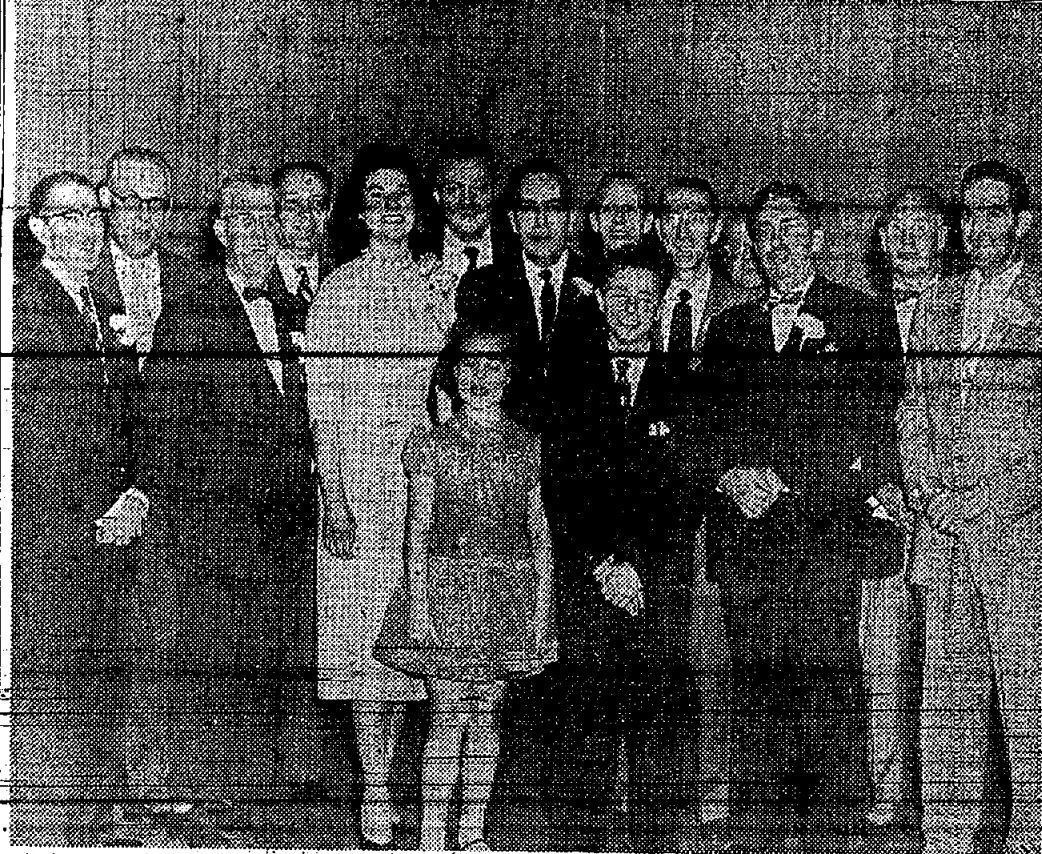

"Perhaps twenty-five years ago our departmental theorist says—scarcely anybody thought that in 1936 there still could be more than 8,000 weekly newspapers. But few persons then foresaw the great surge to the suburbs that occurred between then and now. Suburban developments, in most instances, have helped to increase circulations of weeklies in their areas. People who once read only metropolitan dailies find themselves once having moved into the suburbs—reading their dailies and a weekly, too. The reason (continued our theorist) is pretty obvious.

"The suburbanite's daily newspaper, he said, continues to give him the foreign and metropolitan news he requires to understand in part, anyway—what is going on in world, nation, state and city. But living in the suburbs this reader, while working in the city, is not really of it. Home is where the heart is, and his heart is in the suburbs; his weekly is his "home" newspaper. His daily paper will tell him what President Eisenhower said yesterday and what his plans are for tomorrow, what Messrs. Stevenson and Ke-fauver are going to do next—or what is happening in Cyprus. But it does not—cannot—always tell him what his county, township or borough officials propose to do about schools or taxes, or both. The metropolitan daily may omit (inadvertently) news that falling of the old elm on Suburbia's South Street is being vigorously opposed, but the weekly may record it properly, on page one.

"The weekly newspaper will keep its readers informed concerning proposed zoning changes—a warm subject, as suburban apartment projects increase and as "old" residents of perhaps ten years standing strive to retain at least a semblance of rustic life amid expanding commercial developments. The average suburbanite is not likely to find his name in the metropolitan daily—but he is where the weekly excels: it is filled with names—When a headline says, "Twenty Give Talks on Various Aspects of Community Life," the weekly's reader may be sure that all twenty speakers' names will be listed. Here are children's names, teen-agers' names, parents' names. Even the names of pets. The weekly's print shop and presses may not always turn out pages with metropolitan polish, but as long as people have names there will be—we hope—the weekly newspaper."

## Referendum On School Is Passed 460-99

Springfield residents voted 460 to 99 in approving the special referendum of the Board of Education last Thursday paving the way for the \$450,000 addition to the Florence M. Gaudineer School.

The vote in the Caldwell school which included Districts No. 1, 2, 4 and 5 was 200 for the referendum and 48 against. At the Raymond Chisholm School, including Districts 3 and 6, the yes vote totalled 260 with 51 opposed.

Thursday's vote was unusually light as compared with past balloting on school referenda. On the \$615,000 to be spent for the Walton School, the question brought out 518 ballots in favor of the expenditure and 141 against. In 1951 there were 1605 votes on the question of spending \$550,000 for the Gaudineer School of which 1106 voted yes and 509 said no. On that same balloting there was an additional \$150,000 expenditure which resulted in 707 voting in favor and 253 opposed.

Last Thursday's approval of the addition will provide 12 regular classrooms, a manual training room and an instrumental music room. The plans call for a two-story, fireproof building, connected to the existing building by a corridor along the present gymnasium. The addition will enable the Gaudineer School to take care of the sixth, seventh and eighth grades as originally planned.

## Primary Here Settle Local G.O.P. Battle

Tuesday's primary election—with no local contests—left Springfield just with the result figures. They show that:

The fight for Republican leadership in Springfield was won by the Robert C. Crane backers in his battle for the State Senatorial nomination. Mrs. Amy Bandomer led the forces in behalf of the Elizabeth Daily Journal publisher and the victory for "Bob" Crane in Springfield, as well as the county, definitely gives her a clear field in the political battle which has been smouldering in the Township for some time.

The Carlyle C. Crane followers, opposing Amy Bandomer and her "Bob" Crane supporters, had waged an all-out battle on Tuesday but Mrs. Bandomer's man gave her opponents a sound licking. The Elizabeth publisher defeated Carlyle Crane by 484 to 347, with 181 going to G. Clifford Thomas the other candidate in the race for the same nomination.

Bob Crane won in all but one district in Springfield, almost doubling the Carlyle Crane vote in Mrs. Bandomer's own district, the sixth. Even in the fourth district where door bell ringers were working all day long, Carlyle Crane squeezed through by 19 votes but, in all other districts, Mrs. Bandomer's boosters for Bob Crane came through with flying colors.

Following is the vote by districts in the Republican race for State Senator:

Districts:	1	2	3	4	5	6	Total
R. C. Crane	68	86	56	92	89	93	484
Thomas	44	23	31	35	34	14	181
C. W. Crane	29	53	45	111	57	48	347

Another important result was the work of the Adlaf for Steven. (Continued on page 2)

## Richard's, Bank Executive, In Mental Health Drive

Carlisle H. Richards, vice president of the First National Bank of Springfield, has accepted the job as treasurer for the Mental Health campaign for funds which will be held in Springfield next month.

Leonard E. Best, president of the Richard Best Pencil Company, is the general chairman of the local drive, and names of other members of his committee are expected to be announced very shortly.

"When former President Herbert Hoover said mental illness was 'The Nation's Number One Health Problem,' he realized the great loss to industry from this crippling disease," according to Mr. Best, urging industry to get behind the efforts of the New Jersey Association for Mental Health to reduce the great toll of mental illness.

"In explaining industry's stake in the problem, Mr. Best cited figures of the National Mental Health Committee which show a loss in earnings of \$1,241,100,000 annually by mentally ill Americans.

## Local Elks Purchase Morris Ave. Property

**HOME FOR LOCAL ELKS**: Historic Terry—or Townley House is reported sold to syndicate for new Springfield lodge through efforts of Benjamin J. Chadwick, local realtor. Elks plan to remodel for use of members.

## Channel and Davega Have Plan to Help Drives Here

Channel Lumber Company and Davega Stores—the two retail establishments on Route 22 that have, literally, attracted many thousands of people to Springfield—are putting in operation a cooperative plan that is intended to help all local charity and community drives, as well as publicizing the Township.

Both establishments are devoting an area of space in a prominent place where a booth is to be constructed and will be turned over to the various Springfield drives and campaigns for their use as they see fit.

The idea has the whole-hearted support of the Springfield Chamber of Commerce and assignments for the use of these two booths are already being prepared.

Ben Charin, President of Channel Lumber, and Matthew J. Roth, executive manager of the Davega Stores Corporation, evolved the idea as a medium for publicizing the many activities of Springfield as well as "selling" some of the immediate needs of the many fund raising drives to the thousands who visit these establishments and are not usually solicited.

Will Be Big Help  
"Channel Lumber and Davega would like to increase our participation in community affairs," said Mr. Roth in discussing this idea. "and we believe such a booth, constructed and situated so as to attract the attention of the many shoppers who come to our stores, will help considerably in the various local fund raising drives as well as emphasizing the many residential, educational, recreational and civic advantages of Springfield.

"These booths can be used for

such drives as the Girl Scouts Cookie sales, the Mental Health drive, the Red Cross, First Aid Squad or any other Springfield cause. Our local store managers are ready to assist in any way possible to help the groups assigned to use the booths for any particular drive.

"We believe this idea will bring

## Ground Broken on New Squad House

After many delays because of inclement weather, the Springfield First Aid Squad finally succeeded in going through with the ground breaking ceremonies for the new squad headquarters and garage to be constructed at the corner of North Trivett and Centre streets last Sunday morning.

The H. Scott Excavating Company crew, with "Doc" Binello, Eugene Murphy and "Al" Niedermeier, operating the shovel and trench digger, are doing the excavating for the new building and donating their services for which the First Aid Squad is deeply appreciative.

"We will build the booths at our expense and give whatever help is necessary to the various local organizations. Of course, there will be some rules to follow but, with the help of the Chamber of Commerce and Springfield officials, this idea can be a source of considerable additional money for every charity, every civic and community drive in the Township."

"The Freedman, President of the Chamber of Commerce, heartily approves of the idea and has offered the services of the organization in helping make up a schedule.

additional revenue to every Springfield campaign for funds. There are no strings attached. Both stores are ready to arrange schedules for the use of these booths. Any organization in Springfield is qualified to use them at no cost but we are accepting the recommendations of the Springfield Chamber of Commerce in selecting the groups and schedules of use."

He referred to another figure from the National Mental Health Committee report to accent the loss to industry of trained personnel through mental illness. This showed that 45 per cent of all hospitalized mental patients are in the 30 to 59 year age bracket, the period of peak industrial and business efficiency.

The Springfield Elks Organization—even before being formally instituted and installed by the Grand Lodge—already has an Elks Lodge in the Township.

Announcement was made yesterday that the historic Terry Home, or the place more recently known as the Townley House, located at 357 Morris avenue, has been sold to a group of individuals who are members of the local Elks and who will form the nucleus of an holding company to handle the purchase.

When the Elks were notified by one of its members at last Monday's meeting that this piece of property was available, authority was given to a committee to immediately negotiate for the purchase.

Benjamin J. Chadwick, local realtor and member of the local Elks, was named head of this authorized committee. The purchase price was agreed upon and authority was given by the members at last Monday night's meeting, held in Walter's Inn, to complete the purchase.

The deal was closed through Mr. Chadwick's real estate offices with Adolph Ulbrich of Elizabeth acting as attorney for the sellers while H. Leo Sarokin, of Springfield, represented the local Elks in the transaction.

So enthusiastically did the members of the local Elks receive the report from the committee negotiating for the purchase of this property that enough financing was pledged by the members present at last Monday night's meeting to consummate the deal. These men who are furnishing the immediate financing will form an holding company until the local lodge is able to take over the actual ownership of the building.

The property at 357 Morris Avenue has approximately 105 feet on Morris avenue and goes back over 225 feet in depth. The plans are to completely remodel the building for use as a meeting place and a home for all Elks. There is sufficient room for off street parking. The entire building will be renovated and painted.

The Baltusrol Golf Club has donated all equipment formerly used at the Mountain Avenue Grill to the Elks for use in the new Morris Avenue home.

The property which will become the Springfield Elks Lodge has been in the Terry and Townley families since it was built in the early 1880's.

Last Monday night's meeting of the local Elks reported several new members and indications point to a large initiating class when the lodge is formally instituted with appropriate ceremonies at the Regional High School on Sunday afternoon, May 27. High Elkdom officials will be present. (Continued on page 2)

 "What can industry do about the problem? It can learn what mental illness is all about, how it strikes one person in twelve during his lifetime, how it hospitalizes 250,000 new victims a year, how it fills one of every two hospital beds in our country.  
 "Industry can contribute to the development of a great program of research similar to the study fostered by the National Foundation for Infantile Paralysis which resulted in the development of Dr. Jonas Salk's "miracle" anti-polio vaccine.  
 "In mental illness, however, research must be on a scale many times greater than on polio, for it is a more complex problem which involves not one but scores of illnesses.  
 "America is learning that the greatest problem facing those who would help our mentally ill is the shortage of personnel. We need industry's help in a campaign to encourage the training of more doctors, nurses, scientists, attendants. We need psychiatrists, psychologists, social workers. And we need an increase in the earning potential of those who treat the mentally ill.  
 "The New Jersey Association for Mental Health is the only group of citizen-volunteers dedicated solely to leading the fight against mental illness, but it needs industry's help. It urges industry to study its part in this great American problem and to contribute to the New Jersey Mental Health Fund."

### March Taxes Lag; 1956 Still Ahead

Springfield's tax collections for 1956 continued to run ahead of last year, despite the fact that March of 1955 showed a higher total than last month, according to the March report from Collector of Taxes Charles H. Huit.  
 Total collections including the month of March, were \$407,063.95 as compared with \$371,200.67 for the same period in 1955. However, the month of March last year brought in \$13,355.49 against \$10,763.03 last month.  
 Of the amount collected last month, \$7,628.38 were 1955 taxes and \$1,809.52 was paid for 1955. There were also amounts of \$17.78 paid for 1954 taxes and \$20.18 due for 1953.

### Crestmont Official Given Testimonial

A gala occasion took place at the Maplewood Country Club Friday evening when Fred J. Stephens, retiring chairman of the Board of Crestmont Savings and Loan Association was given a testimonial and presentation dinner by the officers and directors of Crestmont in honor of his devoted services as President and as chairman of the board since the inception of Crestmont Savings and Loan Association in 1942.  son group in Springfield who organized on very short notice to support the delegates led by Gov. Robert B. Meyner.  
 Not only were the Kefauver delegates licked by a 2-1 majority, but out of the estimated and incomplete total of 215 write-in votes for Adlai E. Stevenson in Union County, 32 of them were in Springfield.  
 This, according to political experts, and despite the confusion of instructions on how to use the write-in section of the voting machine, is remarkable.  
 Assemblywoman Florence P. Dwyer led Mrs. Irene T. Griffin by 64 to 364 for the GOP congressional nomination, outpolling her opponent in all six districts. Voting was light with no contests for Township Committee.  
 Totals here in the Republican contest for the Board of Freeholders were: Albert J. Benninger, 625; George W. Herlich, 679; Sherwood C. Valentine, 648; Eugene F. Daly, 299; Mrs. Anna M. Murray, 286; Harry A. Wierenga, 175, and Ogden Beatty, 163.  
 Mayor Albert G. Binder and Township Committeeman Eugene F. Donnelly, with 890 and 911 votes, respectively, were nominated by the Republicans, and Francis J. Keane with 159 votes and Irwin Weinberg with 153 votes were named by the Democrats for the Township Committee in November.  
 Keane trailed as a district convention delegate for Estes Kefauver as the delegation headed by Gov. Robert B. Meyner was given a 2-1 majority. Kefauver received 55 votes while there were 32 write-in votes for Adlai Stevenson for president. Stevenson also received a write-in vote for president on the Republican ticket where exactly 1,000 persons expressed their preference for President Eisenhower.  
 Township Committeeman Vincent J. Bonadies received a complimentary vote of 153 in his unopposed bid for the Democratic

### Firemen's Anniversary Here is Set for June 23

More than 50 municipalities have already "signed up" to appear and participate in the big parade and competition which is to feature the all day celebration on Saturday, June 23, as part of the 50th anniversary of Springfield Volunteer Fire Department.  
 The committee in charge of the arrangements expects 75 entries—75 towns—to bring their fire equipment and department members to Springfield on that day and the list is expected to be filled within a few weeks.  
 The parade on Saturday will be one of the high spots of the day and already 20 bands of music have been signed. Twelve bands of music will come with the out of town departments and the Springfield committee has already arranged with eight musical organizations. Among the visiting bands will be the famous Scotch organization from New York City and the well known marching string band from Bucks County, Pennsylvania.  
 Herbert Fay is general chairman of the celebration program and Robert Marino is head of the parade committee. The line of march is expected to be along Morris avenue to Fiemer Mountain avenue, to South Springfield avenue, turning at Evergreen avenue to Old Evergreen Lodge and spend the remainder of the day with refreshments.  
 The parade is expected to start at 1:30 p.m. A reviewing stand will be constructed on Mountain avenue, near the Regional High School, where the visiting fire companies will be judged for their marching and general appearance.  
 Arrangements are being made to have all buildings along the line of march decorated for the celebration day.

LORRIE LEWIS

The reunion of Mrs. Helene Mittnacht and her daughter-in-law, Mrs. Betty Mittnacht of 18 Mountain Ave. was a stirring one indeed. Mrs. Helene Mittnacht arrived on Wednesday from Miltenberg, Germany and saw her 3 grandchildren (Helene age 16,

Eugene, Jr. age 13, and Steven age 8) for the very first time. She plans an extended visit here at the home of her daughter-in-law and grandchildren, and friends of the family are invited to visit at any time.

Mr. and Mrs. Stanley Plytynski of 182 Hillside Ave. entertained guests in honor of their son, Stanley who was 6 years old. There to help celebrate, were his sisters, Judith and Christina; his cousins, Barbara and Greg Case, Dorene Kaczorek, and Diane and Wayne Plytynski; Miss Harriet Kaczorek, Mr. and Mrs. Edward Kaczorek, Mr. Charles V. Case, and Mr. and Mrs. Walter Plytynski all of Bayonne; Mr. and Mrs. Wm. A very special "hello" to my new neighbors, Mr. and Mrs. Joseph Ventimiglia of 370 Milltown Road who have moved here from Brooklyn. Birthday belle Anita Ellen Seigel, daughter of Mr. and Mrs. Stanley Seigel of 80 Adams Terrace, had a double celebration in honor of her 5th birthday. On April 11, Anita and all her friends at Mae Fields Play School had a party. The following day Anita

Army in Germany and Norman a resident of Kenilworth and a daughter, Eleanor, who is a freshman at Seton Hill College, Greensburg, Pa.

Mr. and Mrs. Edwin Davenport of 42 Edgewood Ave. recently returned from a most pleasant trip to Locust Lawn, Mount Airy, Maryland where they visited with Mr. Davenport's aunt and uncle, Mr. and Mrs. H. R. Webb.

### New Suburban Liquors

The expansion of Suburban Liquors, 19 Morris Ave., Springfield, is marked by a complete redecoration along colonial lines. The new headquarters features increased floor space and expanded refrigeration and storage facilities. Mr. Edward Abrams, owner of Suburban Liquors, announced that the expansion was planned so he could present larger varieties of merchandise, and provide adequate display space for his customers. The entire redecoration was designed and carried out by a local man, Howard Hoffman, 70 Meisel Ave., Springfield. In choosing colonial architecture Mr. Hoffman pointed out that he attempted to achieve a simple design, which would be pleasant to the customer, yet extremely functional businesswise.

## LIKE FATHER—LIKE SON

Something's in the making here. Maybe it's a garden. Maybe it's nothing more than a ditch. But what really counts is that father and son are working together happily.

Sonny may be more hindrance than help just now. But, says Dad patiently, "How ever will the boy learn if he doesn't do?"

When you watch, with ebbing patience your child's fumbling efforts to imitate yours, do you ever think about your heavenly Father's patience with you when you are in the wrong?

He's right there, working alongside you too, wanting to show you how to carry on, and staying close by in case you get into trouble.

If you keep in touch with Him through prayer and regular church attendance, you will learn from Him how to live, just as your child learns from you through talking and being with you.

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## WHAT THE BIBLE TEACHES ABOUT KNOWLEDGE

It is comforting in these days of so much uncertainty to find something or someone with authority who can speak with certainty on any subject.

The Bible is not a book of science but where it speaks on science it is scientifically correct. The Bible is not a book of history but where it speaks on history it is historically correct. Men may disagree as to what they read in the pages of the old Book but they must agree that whatever they read they can trust.

The Bible teaches that knowledge alone is insufficient to meet the problems of life. (I Corinthians 8:1,13:8). The Bible also teaches that knowledge of the Scriptures is able to make one wise unto salvation through faith which is in Jesus Christ. (II Timothy 3:15).

A man may know the contents of many books. He may have numerous degrees behind his name; but until he knows God through His Book—no man is wise. "The fear of the Lord is the beginning of wisdom." Psalm 111:10.

### Women's Club News

Congratulations are being extended to Mrs. Merton D. Williams whose soap carvings won First and Second Awards in the Soap Sculpture Competition at the Fifth District Spring Conference recently. The Handcarved Group of the Art Department will, as a State Federation Project, exhibit a group entry of soap carvings to be presented this Saturday, April 21, at Douglass College, New Brunswick, in observance of Federation Art Day. Each member of the group has carved a representative figurine in the Nativity Scene, not exceeding seven inches in any direction. Mrs. Williams' exquisite soap carvings are small figures of two of the Wise Men.

Among other entries the Springfield Woman's Club will have on display at the Art Symposium at Douglass College are three award-winning paintings by two members of the Fine Arts Group. Two still life paintings in oil and watercolor by Miss Gertrude Sala, winners of First and Second Awards in the recent Two-Day Art Exhibit, will be entered as well as a watercolor painting of the Springfield Presbyterian Church by Mrs. C. Leslie Williams, winner of Third-Place Award. The Art Symposium will be held from 10:00 a. m. to 3:00 p. m., and will be attended by several members of the Art Department. Dr. Boylan FitzGerald will give a demonstration in oil painting. Classifications of paintings being exhibited in all media are for Beginners, Amateurs, and Professionals. Awards will be given in each classification and professional art critics will discuss and justify the reasons for making the choices of the winners in all media.

The Art Department of the Springfield Woman's Club recently presented a gift of fifty dollars to the Springfield Public Library to be used in the purchase of books of art.

Department Chairmen and members who are planning to attend the 62nd Annual Convention of the New Jersey State Federation of Women's Clubs from May 8 through May 11 at Chalfont-Haddon Hall in Atlantic City, may be interested in knowing when the various department conferences and workshops will be held. Workshops in Art, International Relations, Civics, Public Welfare, Drama, Program Assistance, Press Book, Education, and Youth Conservation will be held on Wednesday afternoon, May 9, from 3:00 to 5:00 p. m. Workshops in Literature, Civil Defense, Music, American Home, Garden and Conservation will be held on Thursday, May 10, at 2:30 p. m.

The Music Department will meet on Monday evening, April 23, at 8:00 p. m. at the Cannonball House. Mrs. Stanford M. Hottinger will be Hostess; her Co-hostesses will be Mrs. James C.

Crowley and Mrs. M. Schneider.

The Executive Board will hold its final meeting of the year on Wednesday evening, April 25, at 8:15 p. m. at the home of Mrs. William A. Konrad, 210 Hawthorn Avenue. Mrs. Charles F. Heard will act as Hostess, and Mrs. Anthony J. Pilar, Jr., and Mrs. J. W. Phelps will be Co-hostesses.

Last Friday night's Pre-Teen Dance for the Seventh-Grade Students, sponsored jointly by the Springfield Recreation Commission and the Springfield Woman's Club, was another successful, well-attended affair participated in by so many members of our town's "young set." Prizes for novelty dances were awarded to Madeline Calavas and Curtis Roth. Rosalie Sherman and Don Feldman danced off with first prize in the Jitterbug Contest with Carleen Woynicki and Mark Biddelman a very close runner-up couple. The next Pre-Teen Dance will be held on May 4 for Eighth-Grade Students only. A large attendance is expected, as this Party-Dance will bring to a conclusion this year's series of Eighth-Grade dances.

Mrs. Gilbert E. Mann, Membership Chairman, has announced that the Annual Membership Tea will be held on Saturday afternoon, April 28, at the Cannonball House. All department chairmen and new members are cordially invited to attend.

Only one day remains to get your tickets for the Springfield Woman's Club Evening Dessert Card Party and Fashion Show to be held tomorrow evening, April 20, at the Hotel Suburban in Summit. Husbands, neighbors, friends and members will be delighted with the lovely fashions which will be modeled by selected members of our club.

Among the special features will be "Convention Previews"—a showing of fashions to be seen at the forthcoming 62nd Convention of the N. J. State Federation of Women's Clubs in Atlantic City. Models will be Mrs. Kenneth E. Bandomer, Mrs. John P. Bradley, Mrs. Arthur Buckley, Mrs. Henry Boltman, Mrs. William Darrow, Mrs. Daniel Donovan, Mrs. William Geitz, Mrs. Thomas Glen, Mrs. Harry Gross, Mrs. Robert J. Hayes, Mrs. George Hussey, Mrs. Gustave Lueddeke, Mrs. Edward Murdock, Mrs. Edward Reibold, Mrs. Michael Tatusko, and Mrs. Merton D. Williams.

Club members are requested to bring their own playing cards, scramble sets, or what-have-you. Dessert will consist of Deep-Dish Apple Pie Ala Mode and coffee (M-m-m-m!)—a real treat for the many husbands who are planning to attend! Members of the Ways and Means Committee are listed at the back of your Yearbook, and any one of them will be happy to furnish you with a ticket. The affair begins at 8:00 p. m. sharp and is open to the public; however, tickets will NOT be on sale at the door.

We'll be seeing you tomorrow night at the Suburban!

### SCHOOL NEWS

**James Caldwell**  
April 11, 1956  
Kingsergarten  
Mrs. Peter J. Porter  
Mrs. Margaret Bergman  
The fun to come back to school after winter vacation. A hamper came to visit the class next a rabbit. We took a trip to the Pet Shop in Springfield and bought a little pet. We are taking care of our own little pet. We are learning how to take care of our pet. We are finding out about the animals that make good pets. Good food, water, exercise and love are needed by animals. Just like we are boys and girls, so that they may grow strong and healthy. We are learning about animals in our own home. Spring is one of the happiest times of the school year.

**Grade One**  
Mrs. Mary E. Gable  
Mrs. Orla Corby  
We are now on the road to test how we have learned and how much we retained. Our most important aim is to know how to attack a new word. We have mastered our initial of final sounds, we are able to help ourselves when we read silently. We are anxious to finish our "Our World" book. Going to the Library is a good habit.

and will help to keep up our interest in reading.

**Grade One and Two**  
Mrs. Jodi Brown  
Our class is working on a spring garden and we are planting. Instead of waiting for flowers to bloom outdoors we decided to do something about it. We are planting in our own room. We are planting in a flower pot and several days ago planted flower seeds in it. We enjoy taking care of our plants and hope to see some pretty spring flowers.

**Grade Two**  
Mrs. Marjorie Perkins  
Mrs. Harris Smith  
The season of growing things has inspired us to experiment in the classroom with potatoes, seeds and soil. The children placed potatoes in a glass of water with the water just touching the bottom tip of the potato. Every day they watched the growth of a leafy vine from the top of the potato. Ordinary seeds that usually are a part of their dinner menu were also studied. Peas, lima beans and corn were kept on a wet blotter until they, too, showed signs of developing into a plant. White corn and red corn on any material is also served as a basis for an experiment in growing things. From seeds, stems, and water crystals were formed that made an attractive garden display.

**Grade Three**  
Mrs. Mabel D. Stearns  
Mrs. Bernard's third grade class has been studying Indians. We have been studying information from the encyclopedia and from library books which the boys and girls have brought in. Books were brought in by Jane Welch, Patricia Dickerson, Edith Bell, David Gibbons, Frank Stevens, Paul Sturges, Christine Mende, and Lance Krasman.

**Grade Four, Five, Six**  
Mrs. Helen Ryder, Mrs. Frances Wald, Mrs. Katherine Fallon, Mrs. Audrey Shaffer, Mrs. Edna Farrell, Mrs. Isabel Bluff, Mrs. Elizabeth Powers, Mrs. Blanche Ferrelia.  
The members of the fourth, fifth and sixth grades gave an assembly program for parents called the Book Carnival. In the scene one Tom and Jerry were introduced by a song and a picture from the story. The sixth grades enacted the Haid by the Greek poet Homer. Every child participated in this presentation which was given before the parents. The characters of Tom Sawyer, the character, Cynthia Brande, and the "Greek chorus" a group of eighteen children led the scene leading to the fall of Troy. The high points of the story were dramatized by other sixth graders.

**Grade Three**  
Mrs. Margaret Dunn  
Mrs. Dunn's third grade had a special contest between the girls and boys. Arlene Argens and Charles Mink spelled the same words correctly. The girls won the contest. The water crystals were formed that made an attractive garden display.

### P.T.A. NEWS

Miss Annie L. Butler will discuss "Creative Activities With Your Child" at the Pre-School P.T.A. meeting on Monday, April 23, at 8:15 p.m. in the Florence M. Gaudineer School Cafeteria.

The children of the three fourth grades read two books which they felt should be included in the Carnival of Books. Heidi was portrayed by the children from Mrs. Shaffer's and Mrs. Powers' classes. Village children dancing and singing in the village of Dorrill were delighted to learn that Heidi could now come back to live with them during the winter months.

The story of Peter Pan which Mrs. Ryder's class selected, was colorfully depicted with song and dance. The children gleefully followed Wendy in the wondrous haunting tune "I Won't Grow Up."

The comments from our parents and the fun we had painting the pictures and rehearsing made the program worthwhile.

1:00 p.m.—A briefing—"Introduction to the United Nations" which gives an informative background of the work and structure of the U.N.

2:00 p.m.—Luncheon in the Delegates' Dining Room.

3:00 p.m.—Bus leaves the U.N. for Springfield.

The schedule is planned to allow time for visits to the U. N. bookshop, gift store, and post office if members of the group so desire.

Reservations for the United Nations trip are limited to 45 adults and cost \$2.00 each. This price does not include the cost of the luncheon. All reservations will be filled on a "First Come-First Served" basis and must be made by Friday, April 27th. From the day you buy it . . . through all the years you own it . . . you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.

### Local Auto Expert Gets Bronze Award

Morris Avenue Motor Car Co., Springfield's Chrysler and Plymouth dealer received official notice from Detroit yesterday that one of the firm's outstanding automotive mechanics has received special awards from Chrysler Corporation.

Joseph Lopata, of the Morris Ave. Motors service department is being awarded a bronze plaque in recognition of his successful accomplishment of five years study of advanced automotive mechanics. Notification came from W. B. Rice, director of Service of Plymouth and administrator of the nationwide training program under which more than 50,000 mechanics have received special training in the servicing of Chrysler Corporation cars and trucks.

The training program is known nationally as the Master Technicians Service Conference. It is the largest and among the most successful ever attempted by American industry. It assures car owners of expert service by master technicians—men who keep up-to-date on modern service methods.

"We take our hats off to these master technicians," Cutler said. "Many have taken this training on their own time, over a period of years. They have shown their determination to become experts in their field."

Joseph Lopata, who has served as the dealer's Conference leader in the training program says, "The Master Technicians program takes the guesswork out of automobile service, keeps labor and material expenditures at a minimum, and results in more accurate work at less expense to the auto owner."

Enrollment in MTSC is voluntary. Every month, Plymouth dealers receive an instructional kit which deals with one special service problem. In each session, the men study the problem under discussion by using the sound slide-films, booklets and charts which are included in the kit. Then they apply what they have been shown when they go to work on the auto parts or assemblies involved during the practical-work period of the conference. Each session ends with a written test, and each man's examination paper is sent to MTSC headquarters where it is reviewed, graded, and becomes part of his permanent record.

### Grandma Is Active Despite 92 Years

Mrs. Christine Rauter

Mrs. Christine Rauter of 51 Profit Ave. celebrated her 92nd birthday Palm Sunday. A charming woman, whose agility and wit belie her years, Mrs. Rauter was at home to her many friends in Springfield, where she has resided for the last 48 years.

Mrs. Rauter was born in Germany and came here at the age of 16. Before moving to Springfield she lived in "Wyoming," which is now a part of South Orange and Millburn. Her house, located at the end of Profit Ave., is a charming two story building which was built at the turn of the century.

In addition to the womanly arts of housekeeping, Mrs. Rauter crams plenty of activity into the average day. She tends to her collections of flowers, which she loves and bright colored parakeet chirping happily from the kitchen is obviously quite contented with her care. Her T.V. set does not go unwatched, and sharp eyesight plus a steady hand still thread needles that frustrate her daughters.

A happy change from the routine is provided by the frequent visits of friends and relatives. The visits of Rev. Bruce Evans of the First Presbyterian Church are especially delightful for her.

Seven of Mrs. Rauter's 10 children are still surviving. They are: Harry Rauter, Summit; Harriet Lyden and Esther Spydock, both of Newark; Agnes Kennedy, Dover; Christine Rauter, Springfield; Helen Krutzenberger, Sergeantville; and Louise Bagfels, Butler. The lone Springfield resident among the children, Christine, is presently ill, at All Souls Hospital, Morristown. She has 15 grandchildren.

Her prescription for longevity? Very simply, "Just plain hard work," she says.

### First Aid Squad Even Answers Call in Millburn

Volunteer-workers of the Springfield First Aid Squad have responded to a great many emergency calls but last Friday they added "a new one for the books."

The Millburn police department ambulance broke down while rushing an accident victim to Overlook Hospital. An emergency call was made by Millburn to the Springfield police and, quicker than you could say "Saks Fifth Avenue," the local First Aid Squad crew was at the scene of the breakdown and the accident victim was delivered to the hospital.

SUNNING SPORTS

By RITCHY SCHWARTZ

Anyone that happened to pass the Regional Athletic
Field, on Meisel Ave. a few short weeks ago would have
been met with quite a sight. No less than one hundred
young hopefuls were out on the cinders stretching their
young muscles and daydreaming about those New Jersey
track records that are just waiting to be broken.

CALLING ALL SOFTBALL TEAMS

The Springfield Recreation Softball League will hold a
meeting tonight at the Fire House. Any Club, Industry, or
Merchant who would care to sponsor a team is requested to
have a representative present. The league will start play the
second week in May, with games played at the Meisel
Avenue diamond as well as at the rear of the Regional High
School. The meeting will start promptly at 8 P. M.

heavyweight parade, plenty of power

That's a track team, practice, practice and yet more practice. No one is out. In our books it's the most sporting of all high school sports. Big, small, tall, fat, no matter, all that counts is a big heart and plenty of competitive spirit.

all you hot-rodders will be pleased to note

all you hot-rodders will be pleased to note that the annual Car
Rodeo is again being presented. All you need is a perfect safety
record and a hot-rod car. Events range from parking in the smallest of
spaces to balancing tennis ball on top of your headlights. Good
way to let off some steam!

John L. Novascone, 44-A Forest
