Nursing Award to Jacqueline Binder

Miss Jacqueline Binder

Miss Jacqueline Binder, 37 Tower Drive, Springfield, has been chosen to receive the Junior Volunteer Nursing Scholarship, which is one of the scholarships given this year by the Woman's Club. While the Public Welfare Department of the Club has sponsored this program for five years, this is the first time a scholarship has been awarded one of the Junior Volunteers. This particular scholarship is offered to a person of outstanding achievement to further her education in the Medical or Nursing field.

Miss Binder has long indicated her desire to become a nurse, and she is receiving this scholarship for special endeavor to the Junior Volunteer work, in which she has participated for three years. For the past year she has worked as a Senior Volunteer in Pediatrics at Overlook Hospital, under the direction of Mrs. Herbert Kern, the Senior Volunteer Counselor, and she has been accepted for enrollment at the Coit Memorial

The evening's program, arranged by General Chairman Anthony P. Fiorilli, was well-planned and with former Judge Felix G. Forlenza as toastmaster of the evening. Judge Forlenza, always an interesting speaker, did a remarkable job in presenting each guest and kept the program moving at all times.

The charter was formally presented to Vincent J. Bonadies, President of the Springfield Unico, by Hon. Philip Di Leo, Unico National Director of Expansion.

Mayor Albert G. Binder delivered an inspiring welcome address, pointing out the principles of the organization and how well this new service club can cooperate in the social, commercial and civic development of the community.

The speakers of the evening included Hon. Harrison A. Williams, Congressman of the Sixth District, who proved that he could deliver an interesting talk without politics as the theme. National Unico President Miele was the principal speaker of the program, describing the growth and objectives of Springfield's new "Service-Above-Self" organization.

Local chapter president Bonadies, in making several public presentations, announced that a check for \$150. is being sent to the Springfield First Aid Squad building fund. The local Unico chapter plans to do considerable welfare and charity work in the Township and the First Aid Squad check is the beginning of many such gestures to assist local drives.

Sunday night's charter presentation was one of the social spots of the local scene. It was a formal evening with almost all of those attending in evening clothes.

Colonial Design Flemer Residence Is Sold Through Realtor Offices of B. J. Chadwick

One of Springfield's beautiful residences — the New England Colonial design home at 182 Meisel Avenue, owned by Albert B. (Bert) Flemer, has been sold through the offices of B. J. Chadwick, member of the Board of Realtors of the Orange, Maplewood, Short Hills, Millburn and Springfield, 336 Morris Avenue.

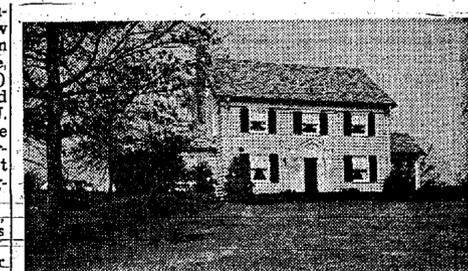

The purchaser of this property, according to Realtor Chadwick, is Fred P. Hart of Wood Ridge.

The Flemer family with their two boys and one girl plans to move to Holmdel where a brand new home is being constructed for them by Dean Widmer, local builder. Mr. Flemer who is president of the F. & F. Nurseries, was recently elected new president of the Springfield Lions Club, is also president of the Eastern Nurserymen's Association and is past president of the New Jersey Nurserymen's Association.

According to Realtor Chadwick, this Colonial design house was custom built in 1931 for Carl Flemer, father of Albert, who passed title to his son about four years ago.

Came Here 60 Years Ago William Flemer, grandfather of Albert, and father of Carl, settled in Springfield with his wife and five children over 60 years ago. At that time he purchased an old house, located on Morris Avenue, directly opposite the First Presbyterian Church with 110 acres of property which is now the General Greene Village and Shopping Center.

That old house was originally built by a Captain McGilton, who later sold the entire property to William Flemer. Mr. Flemer constructed the building on the north side of Morris Avenue, at the center, now known as the Quinzel building. He also built the present quarters of the Springfield Office of the National State Bank of Elizabeth on the southwest corner of Morris and Flemer avenues known originally as the

FLEMER HOME SOLD BY CHADWICK. Beautiful Colonial residence at 182 Meisel Avenue, passes out of the hands of the Flemer family.

Brookside and late Bunnell Building.

Mr. Flemer, with Albert P. Cain, purchased the Haigel Tract and was responsible for the first real estate development in Springfield in the area now known as Maple Avenue.

Realtor Chadwick, doing considerable research on the Flemer family which finally resulted in the sale of the Meisel avenue property, also discovered that records show that Mr. Flemer donated the necessary right of way through his property for the present Flemer avenue which was named in his honor.

In 1920, Mr. Chadwick further discovered, Mr. Flemer purchased and renovated the large house on Short Hills Avenue, near the Millburn line, situated on more than 21 acres. In 1951, after his and Mrs. Flemer's death, the heirs leased the property for 99 years to Nicholas Angleton who constructed the lush garden apartment known as Short Hills Village.

Mr. Chadwick's research further discloses the fact that 10 years later, several acres bounded by Flemer, Wabeno and Linden avenues, were also leased to Mr. Angleton who constructed the

It is expected that the trophies will be on display in a Morris Avenue store window for about a week prior to the parade.

Among the awards will be one for the fire company coming from the longest distance, one for the company having the largest attendance in line, two for companies making the best appearance with and without their own bands, one for the best appearing modern apparatus, one for the best appearing old-type apparatus, one for the most original novelty unit, one for the best fire department ambulance or rescue apparatus and one for the best appearing ladies auxiliary corps.

The most important prize of all will be the Charles A. Pinkava Memorial Trophy, which will go

July 4th Group to Set Mail Campaign

A mail campaign for funds for the annual 4th of July Program is underway. A spokesman for the committee explains every home will receive an announcement and program in the mail this week. Return envelopes have been included and the committee urges residents to send in their donations. Tags will be delivered promptly.

The committee is using this means to assure better coverage of the Township than in past years and to give the members more time to work on the actual program. A similar plan has been very successful in Summit for the past few years.

The committee is under the chairmanship of Steve Schmidt, Jr., this year. The committee is composed of representatives of many local civic and service organizations and other residents. Funds come almost entirely from donations from residents and local organizations.

If you're saving for a big event...

Where you save does make a difference

Big events like weddings are worth saving for. And as over 15 million Americans know, saving in an insured Savings and Loan Association offers important advantages.

Excellent returns from your money is one advantage. Another is modern, efficient, forward-looking service.

And, of course, your money is safe because in insured Associations your savings are protected by sound management and substantial reserves. They are insured up to \$10,000 by the FSLIC—an agency of the U. S. Government.

These are the reasons why Americans are putting more of their savings account dollars into insured Savings and Loan Associations than anywhere else!

Whatever event you're saving for, start right now to enjoy the worthwhile advantages offered by your nearby insured Association.

YER OUT!

If this has never happened to you no words can describe the awful finality of an umpire's decision. It falls like a sentence of death on a boy's heroic dream. And fly he caught last inning. But thus baseball helps to build men. A fellow learns how to lose. And that's the first step in learning how to win. But the biggest lessons of life no sport can teach. On a higher tier than sportsmanship, teamwork and the desire to win are FAITH, BROTHERHOOD, AND DEDICATION OF LIFE. These are the ingredients of spiritual victory—the fabric of God-inspired manhood at its best. We can rightly be proud of our sand-lots and Little Leagues. But the character of American manhood depends most of all on our churches.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Your Library

The Summer Reading Club at the Springfield Public Library has made a flying start. Miss Reyner has visited the schools during the past two weeks and invited the boys and girls to join. The response has been enthusiastic. By the time this column is printed, about two hundred will have signed up.

This year each member of the club signs his name on a map of the United States. As the boys and girls report on the books read, they are given a state for each two books and can paste that state on the map. In September the maps showing how many books they have read will be given to them to keep. As each person joins he receives a special notebook in which to record his reading.

Mrs. C. Leslie Williams has painted a lovely map which is hanging on the bulletin board in the Children's Room. It shows what the maps will look like when finished.

For the summer the Springfield

Library will be closed on Saturdays. It will reopen after September 15th.

Already the vacation reading program is in effect. Those going on vacations can choose ten books — not best-sellers — to take with them. If they tell the librarians they are taking them for the summer, they may keep them for their entire vacation, and return them when they come home. October 1st is the deadline for the last vacation book to come back.

Engineer Grads

Four Springfield boys received degrees from Stevens Institute of Technology, Hoboken. Donald J. Malone and, 42-A Linden Avenue and Robert G. Hirsch of 196 Lelak Avenue received the advanced degree of Master of Science. Robert S. Fannilon of 87-B Forest Drive and Bruce R. Kirk of 12 Alvin Terrace received the undergraduate degree of Mechanical Engineer.

CATHOLIC INFORMATION

A LITTLE STORY OF A GREAT LOVE . . .

When you see in a Catholic church, shrine, or home a picture or statue of our Blessed Savior with arms outstretched in invitation, with heart glowing with love and bleeding in anguish, you are witnessing the sequel to a little story of a great love nearly 2000 years old.

In a convent in France in 1673, a humble little nun had the one great love experience of her life, and requited love it proved to be, for her beloved Jesus appeared to her in the flesh and with detailed directions made her the instrument of spreading throughout the world the beautiful Devotion to the Sacred Heart.

The account of the Divine Visitation was first doubted, then investigated, and finally officially recognized by the Catholic Church. That is why today Christ's own directions to her whom we now venerate as St. Margaret Mary Alacoque, are being fulfilled in every land. That is why the Feast of the Sacred Heart is celebrated on a special day every June. That is why on the First Friday morning every month millions of Catholics take into their breasts their God in Holy Communion and spend an evening adoring His Real Presence exposed under the appearance of bread.

In essence the devotion to the Sacred Heart means the recognition and appreciation of the God-Man's love for us (symbolized by His Sacred Heart) and the return of our love to Him in reparation for our own sins and for those of the millions who ignore, deny, or hate Him. In this beautiful act of worship Catholics try to heed the plea of Jesus Himself, who said to the humble nun: "Do you at least console and rejoice me by supplying as much as you can for their ingratitude."

There is nothing more Godly in Heaven than God's love for man. There is nothing more manly on earth than man's love for God. Jesus Christ loves us and has told us so. If we love Jesus Christ should we not tell Him so?

"Oh Sacred Heart of Jesus, I implore that I may ever love Thee more and more!"

Rau Meat Market to Open Doors June 19

The Rau Quality-Meat-Market, located at 715 Mountain Ave., Springfield is scheduled to open its doors for the first time Tuesday, June 19. The new store owned and operated by Gene Rau, a resident of Mountainside, will specialize mainly in prime meats, bologna products, and fresh fish.

Mr. Rau was formerly in the meat business in Maplewood. The location in Springfield was chosen for its easy accessibility from choice Springfield residential areas, convenient parking facilities, and potential for growth.

The new owner stresses that his plans revolve around presenting only prime cuts of beef, fresh poultry and fish, and home made bologna products. The emphasis will be on quality, although shoppers will find Rau meats easily fit their budget, meeting or selling for less than supermarket prices.

The percentage of American automobile-owning families having two or more cars increased from 4.8 per cent in 1948 to 13.8 per cent in 1955.

THE BAHAI FAITH TEACHES:

Troop 13
Mrs. Joseph Zidonik

Mrs. Alfred Finehardt,
Mrs. Carl Ledig
Mrs. W. Doering

We met informally at Mrs. Zidonik's home on Friday evening, June 1, and were awarded badges in our major field of Homemaking. There are 13 girls in our troop, and 12 of us are now eligible for Curved Bar Rank. We were very happy to present Karen Courtney with a 1st Class Rank Badge. Karen is a new member, having transferred from Madison when she moved to Springfield in October. Healthy Roasters, a requirement for the Personal Health Badge, were judged by Mrs. S. B. Haas on the basis of originality

and composition. Karen Shield received 1st prize, Patricia Zajko 2nd, Joan Doering 3rd and Gail Ledig, honorable mention. Mrs. Zidonik was given a gold charm by the troop, engraved with the troop number, the date, and her initials. We had refreshments and had real fun dancing. Our leaders have given us a memorable year in scouting.

WHAT THE BIBLE TEACHES ABOUT GOD.

One of the many questions people have about God is His dwelling place. Since God is not in a bodily form we immediately have difficulty determining God's location. But that is the answer, God cannot be localized because He is not limited by place, space or time. When one worships in a particular sanctuary God can be present there at that time. However, when one leaves the confines of a place of worship one does not necessarily leave His presence. God has the ability to be present everywhere. It becomes clear then, that nothing escapes the eye of God. David perceived this truth as is recorded in Psalm 139:7: "Whither shall I go from thy spirit? or whither shall I flee from thy presence?" David came to the conclusion that he could not escape from God.

There are at least two reactions to the realization of the presence of God. The person whose life is displeasing to God may have a sense of guilt or perhaps an attitude of rebellion. God does not intend to be like a scrutinizing detective. He wants rather to be a loving Father to His children. When we are in a right relationship to God we need not fear Him as One who is constantly pursuing us. The question then arises, how can one be in a right relation to God? This is accomplished by the forgiveness of sins through faith in Jesus Christ. When our trust is in Jesus for salvation our sins are forgiven and guilt is removed. In Isaiah 1:18 we have this invitation: "Come now, and let us reason together, saith the Lord; though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool."

The other reaction which one might have to a consciousness of the presence of God is one of security. This truth is best expressed in the well-known 23rd Psalm. When our lives are lived in harmony with the will of God we have no need to fear Him. A sense of assurance displaces any fear. When the time comes to die there need be no fear to meet God because such a life has been saved by Christ for eternity. You have the choice of fearing the presence of God or being secure in His presence. It is dependent upon your relationship to Him. What is your relationship to God?

"CIRCUIS TIME!" This is what we are all talking about in our three kindergarten classes. Our rooms look like circus tents with flags hanging from the lights and strings all around the room. We have pictures of circus animals and clowns. We have made large posters of all the people and animals in a circus and we have decorated the auditorium.

On June 19 at 10:30 A.M. we are having a three ring circus under the "Big Top." You will be given by the circus performers (who will be all of us).

We enjoyed the Miss Helen Reiner gave about summer reading. We are proud of our library. Now that we are able to read and recognize old words and work out new ones, it will be fun to visit our library. There we can find the stories we like most.

Miss Helen will subscribe for the Summer Weekly Reader. During hot days, it will be restful to find a shady place and read an interesting story. There are stories about things, places and people.

We wish every one a safe and happy summer.

Grade One and Two
Mrs. Judith Brown

Our class enjoyed going on two trips this month. The second grade had a nice day at the Staten Island Zoo seeing all the animals and a wonderful picnic lunch in the park afterward. We saw many interesting things that day and some of us brought cameras to take pictures. It was a very pleasant day enjoyed by all.

The first grade spent an interesting morning at the Park and County Fair. We saw many interesting things and had a picnic under a big tree. After that we went to the bars. We saw many interesting things that day and some of us brought cameras to take pictures. It was a very pleasant day enjoyed by all.

We want to thank all the mothers from the first and second grades who were so nice and made the trips with us.

Happy Summer everybody!
Grade Two
Miss Harriet E. Smith

On May twenty-first we went to the Staten Island Zoo. We saw many animals, fish, reptiles and birds. After seeing the zoo we went to Clove Park.

where we ate our lunch and had much fun playing on the slides, swings, see-saws and jungle gym. We drew pictures of what we saw the day after our return.

On May eighteenth we took part in the Lower Grade Assembly program to which our Parents were invited. We were dressed in Dutch costumes which looked very nice. We demonstrated a game which Dutch children play which is called "The Broom." Broom means broom.

Grade Two
Mrs. Marilyn Perkins

The class has continued their study of animals in the jungle, circus, and zoo. They prepared a special booklet, showing the animals in each of these habitats. The class studied the development of one special class, the frog. A small, live baby frog was a permanent visitor during the month of June. Each day the children watched as the polliwog's legs grew and his tail disappeared. Another animal that was a big point of interest was observed for one day. Other classes in the school shared their animal pets with the children, among these were two varieties of rabbits and a hamster.

Grade Three
Mrs. Margaret Dunn

During the latter part of May we took a trip to the Newark Museum. We saw birds and animals that live in this vicinity. The story display was very interesting. Some of the children brought small stone collections. The science room was most interesting. The pulleys, levers, and machines were very interesting. This was a very nice conclusion to our Animal Unit and Wheels and Pulley Unit.

Grade Three
Mrs. Patricia Kieran

We had planned to go to the circus, but since we could not, we decided to bring the circus to our classroom. We first did extensive research on circus animals. After studying where the animals came from, how long they lived, and what some of their peculiarities were, we studied about the people of the circus.

We had our bulletin-board decorated to represent three stages in the life of a circus animal. First we drew the jungle and showed the animals of the jungle. Then we drew the fair grounds showing the cages. Elephants are being used in this scene as workers. The man uses these beasts to help pull his equipment. Our last bulletin-board shows the circus itself.

We had had a nice year. Our only regret is that Allan Day can not be with us during our last few weeks together. We miss him. But we will see him in September.

Have a happy and healthy summer!
Grade Three
Mrs. Blahut D. Nisaras

Mrs. Stearns' third grade class has been observing election year by holding our own business meetings and elections. The leader conducts the business meeting where nominations are made and secret ballots are cast. The election officers then count the ballots. We have in that learned the meaning of such terms as motions, nominations, and majority rule.

Those who have been elected to the office of class leader are: John Kealey, Christine Meade, Jeffrey Crowley, Sandra Sommer, Nancy Smith, Paul Sturges, and Lancelo Kraemer.

Grade Four
Mrs. Helen Ruder
Mrs. Audrey Shaffer
Mrs. Betty Powers

Spring and class trips have become synonymous. Each of the fourth grades had an opportunity to visit the Hayden Planetarium and the Museum of Natural History.

The show at the planetarium was enjoyed by all and the short time we spent there was well spent. We were so glad to go back again; there was so much left to see. As their final appearance this year, the James Caldwell Choir under the direction of Mrs. Dwyer, presented excerpts from Handel and Greta. We in the fourth grade were particularly proud of the fact that the boys were ably performed by fourth grade girls.

Grade Five
Miss Edna B. Pural
Miss Frances Wahl

The beautiful musical program in assembly on Tuesday, June 13th, was presented by the following fifth grade students: Carol Belliveau, Lois Schmitt, Tracy Bachrach, Sharon Cochet, Marie Proto, Joan Ruteschahn, Anna Tuley, Nancy Grimmer, Joan Metzger, Norma Geddes, and Albert Stender. The group were grateful to Mrs. Deppert for her help in their preparation and rehearsal.

Looking forward to next year, Mrs. Pural and Mrs. Wahl are planning to have a very interesting and enjoyable program in assembly on Tuesday, June 13th, and will be glad to have you and your family join them. This is one of the best things that can happen to a fifth grade. They are looking forward with pleasure to being in sixth grade and being members of the Service Patrol.

Mrs. Kathleen Fallon

Mrs. Blanche Fernicola's members of Mrs. Blanche Fernicola's had a most enjoyable class trip. They attended a ball game at the Polo Grounds, New York City. The class played the Cubs and won by a score of 6 to 4. Willie Mays made a home run and caught a fly just in front of the stands. The bus trip, too, was fun. They passed Newark Airport, went over George Washington Bridge and saw a Navy boat in the Hudson River.

Mrs. Fernicola and Mrs. Fallon's sixth grades played a trip to the United Nations in New York City. They learned a great deal from the guided tour and enjoyed seeing the members of the United Nations who came from all over the world, some dressed as in their native countries. The gift shop and book store attracted many of the group. The beautiful articles from foreign nations, and interesting books and displays found eager customers.

Lunch at the Automat was an interesting experience. From beginning to end the day was a great success.

Altar Society Thanks
The Rosary Altar Society of St. James Church wishes to express its appreciation to everyone who helped make their card party, held on June 8, a success. Power Mower Precautions

Lawn mowing used to be strictly men's work. But since the tremendous rise in the popularity of the power mower, women and even children have been taking over the job in many homes. Manufacturers have learned to design lighter, more compact motor-driven mowers and the brawn, once so important to the job, has been replaced by another prerequisite, the spirit of enterprise and the desire to get the job done.

Many of the women and children who, at present, are running power mowers, have little or no mechanical knowledge or experience with gasoline engines. While these machines are designed to be safe in normal operation, ignorance or misuse of the equipment, can result in painful injuries to the operator.

The Institute for Safer Living has studied the problem and comes up with a list of precautions to protect this army of inexperienced power mower users.

1. Run your lawn before mowing it, especially if you use a rotary type power mower. Stones, wire or other debris flung by whirling blades, can inflict serious blows.
2. Be certain your starter rope is in good condition. A worn or frayed rope, breaking suddenly, can give a wrench resulting in painful bruises and sprained tendons.

Although woodpeckers are there are none in Australia or found in most places in the world, Madagascar.

ANY TEEN-AGER in the family will say, "I do!" loudly. ("Now I can have a little privacy when I use the phone!")
