What DID we do when there was no air conditioning? The obvious cliché is that we were hot—and, in time, we all became accustomed to the humid days of mid-summer.

Now, practically, every place has comfortable air conditioning, and we can't conceive of buying anything where there isn't this "cool, manufactured weather."

"The Miss Springfield" contest which came to a close Tuesday evening when the winner selections were made, was one of the most interesting ever conducted under the auspices of the local Chamber of Commerce. Congratulations to "Miss Springfield" and all the winners of prizes, donated by the local merchants.

Balloons came from places as far off as Texas and California—and all parts of New Jersey were represented on the voting forms which is proof enough that shoppers are attracted to Springfield from the entire area.

There were prize winners from Millburn, Short Hills, Chatham, and South Orange which means that a great number of people from this entire shopping area had been in Springfield to do some shopping.

"The comedians and wise guys" had a field day, many of the votes cast showing names of well known celebrities. There were even four "write in" votes for wives and sweethearts.

However, a lot of interest was created during the life of the voting. Congratulations, again, to Miss Betsy Funcheon, winner of the title "Miss Springfield of 1956."

John Grausam, proprietor of Rajac Products, on Morris avenue, headquarters for aluminum doors, windows, and awnings, believes there should be more of an educational program in Springfield to make residents aware of the fact that "it is wise and good business to shop at home."

Grausam says the Chamber of Commerce should keep driving home the idea that Springfield offers the same services—probably, better—than one can get from these fly-by-night, pressure salesmen.

It is discouraging to discover that some merchandise some services have been purchased out of town when the very same deal could have been made with a local concern; with assurance that the job would be done as promised and that the merchandise would be everything as represented.

Why will people who live close to one shopping center drive for miles to buy at another?

Usually because they think they can get a better bargain at the one farther away—either in price or quality.

Actually, they may be fooling themselves. Like the neighbor's yard, chances are the other side only looks more inviting.

Anyway, this tendency to shop somewhere else is disturbing to hometown merchants. Since they are, through taxes and civic contributions, making the town a better place to live, they have the right to expect support—at least so long as they are offering high quality goods—at honest prices. Or, all other things being equal.

Salk Vaccine Shots Will Be Given Sunday

Springfield will administer Salk vaccine to all those eligible at the Raymond Chisholm School this Sunday, July 8, starting at nine o'clock.

Notices have been sent to all those eligible for the inoculations and Mrs. Eleanor H. Worthington, secretary of the Springfield Board of Health, asks all those who are eligible to report this Sunday.

"We have sent notices," said Mrs. Worthington, "but if the notices have not been received, we would appreciate all those eligible coming to the Raymond Chisholm School for shots. We have the vaccine and the doctors to administer the inoculations. If you are eligible for first, second or third shots, please report to the school as early as possible Sunday morning."

The clinic will start at exactly 9 o'clock and all those who have received notices to report—and even those who are eligible but did not receive their instructions—are asked to be on hand early so that the doctors may start the inoculations on schedule.

Planning Board Meeting Tonight

The Springfield Planning Board meets this evening to consider an application for "sub-division" of the property on Springfield avenue known as the LaBarre & Schuch land.

This is the property rumored as the site for a restaurant and catering business, the actual location of which will be in Millburn. Approximately 250 feet of the property is in Springfield which is to be used as the entrance and parking lot of the new restaurant. The actual restaurant will be in Millburn, the report states.

Crestmont Savers Receive Dividends

Approximately \$200,000 in dividends is now being distributed among savers by Crestmont Savings and Loan Association, it is announced by Loren F. Gardner, executive vice president.

This amount, the largest semi-annual dividend distribution in Crestmont's history, is based upon the increased rate of 3% per annum. Its size is due to the higher rate, coupled with the fact that more people are saving more money at Crestmont today than ever before, according to Mr. Gardner.

Dividends are either sent by check directly to the saver, or credited to the account. A new dividend period begins immediately. Mr. Gardner pointed out, and savings made as late as July 10 will still earn from July 1 for the full new period. Savings are insured up to \$10,000 for each saver. The association has offices in Maplewood at 1885 Springfield avenue and in Springfield at 175 Morris avenue.

Local Resident Gets 1st Prize; Florida Trip

Mrs. Helen Cottage of 38 Shunpike road was announced as the winner of the grand prize in the Miss Springfield contest. Mrs. Cottage is entitled to one week at the fabulous Biltmore Terrace Hotel in Miami Beach, Florida, prize donated by the Springfield Sun.

The selection of the 21 customer prize winners in the Chamber of Commerce contest was so arranged to conform with state laws. Winning tickets were pre-stamped with a blue star and a code number to determine the winners. The coding system was kept secret, so that only the ballot-checking committee knew of the procedure to be followed.

Forty-six participating stores reported that interest in the voting started slow but within the first two weeks, some stores reported being completely out of ballots. Interest in the contest mounted to a high pitch in the closing week, when nearly 90 per cent of stores were quoted as being out of ballots.

The following merchants gave these customer prizes: Channel Lumber, a lawn mower; B. Bruh & Son, a watch; Springfield Hardware, electric floor polisher; N. J. Newberry Co., Sunbeam Mixer; G. & L. Delicatessen, sloppy joes for 10 people; Russell's Men's Shop, half dozen sport shirts; Clayton's Battery, G. E. fan; White Diamond, electric fryer; Linoform Carpet Outlet, 9x12 rug; Springfield Market, electric deep fryer; Union County Lumber, 20" fan; Center Hardware, Sunbeam steam iron; Mae Moon, two dresses; Rigby's, lamp; Fin & Feather, fish and tank; Sip & Sup, four chicken dinners; Grand Union, fruit basket; Hi-Gray Tailoring, \$20 cleaning certificate; Columbia Lumber, \$25 gift certificate and Marcel's a \$10 gift certificate.

Ordinance Asks Increase For Expansion Program

The new total needed will be \$385,000.00. Final passage is scheduled for a special meeting of the Township Committee to be held Wednesday, July 18.

The ordinance was found necessary after bids were received for most of the proposed work, showing increased costs for all projects. A special meeting was held Monday evening to pass, on its first reading, "an ordinance to amend an ordinance providing for alterations to be made to the existing municipal building and addition to be constructed, for the construction of a municipal garage and the Springfield Free Public Library."

Rotary Team Wins '56 League Title

The Rotary Club posted a 4-3 win over the Car-Hops last Monday evening at the Irvin Field to gain the 1956 Springfield Youth Baseball League Championship. The Champions had a fine overall record, winning 13, while losing but two games. The runner-up, American Legion, came close, but faltered in the last two weeks, finishing three games out.

Sussman pitched a great game for the Rotary to clinch the Championship, with Stickle and Abrams walloping home runs to feature this game.

The PBA, led by Don Weiss's three home runs, won the American Legion 20-10. The PBA scored 11 runs in the first inning, with Weiss coming through with two home runs.

The PBA made it three straight over the American Legion by posting a 4-2 victory in the final game of the season. The Legion had a 2-0 lead going into the sixth inning, but little Jimmy Crowley fanned, with the PBA scoring four runs to take this ball game. Crowley struck out eight, while walking 14. Rainer on the mound for the PBA, struck out seven, walking but four.

Bill Jensen Gives 10 Year Old Mike "Real Vacation"

During these days of "better public relations" people have been hearing of "exchange students," "exchange diplomats, farmers, engineers, scientists and a long list of others. Bill C. Jensen, active in practically every civic affair, has come up with a new one—"the exchange boy."

Jensen, who has just returned from a fishing and camping vacation at Stone Ridge, just outside Kingston, N. Y., brought 10 year old Michael Sutlovitch to spend a few weeks in Springfield as Jensen's guest.

Mike made himself very useful to Jensen's vacation group, running errands, pointing out where the fish were really biting and doing so many favors that Jensen decided to give Mike a few weeks vacation in Springfield. Jensen has been giving Mike a very busy time and hopes to show him many things the boy would never have been able to see for himself. Bill is taking Mike to all places of interest, to the shore, the lakes in this vicinity, to the big city where they will take in all the important sights, see the large buildings, and do the many things a 10 year old boy would want to do.

Mike's eyes have been "popping" since Jensen started him on his rounds of sight-seeing. Now that school sessions are over Mike received permission from his parents to come to Springfield with Jensen. Bill is so "taken" with this "typical boy" that he wants to crowd in as much as he can for Mike to repay him for the many favors he gave during the recent camping trip.

Triple-S Redemption Center Opens In Springfield

REDEEM TRIPLE-S STAMPS. Mrs. Robert H. Multhaup of 25 Lyons Pl., Springfield, took Bobby, 5½, and Ricky, 9, to the newly opened Triple-S Redemption Center at 238 Morris Ave. They quite naturally picked the "fielder's maw". The pretty "redemptionist" is Dolores Iorio of Springfield.

Huge Crowd Attend S & S Opening Day

The opening of the first New Jersey Triple-S Redemption Center at 238 Morris Ave., Springfield, on Friday, June 29, saw an influx of traffic from all over the area as people journeyed to inspect the displays of premiums and redeem their completed stamp books. Mrs. Josephine Testa, manager of the local center, estimated that over 1000 subscribers to the plan visited the store.

The opening festivities were highlighted by the personal appearance of Ted Brown, popular radio figure at WMGM. All visitors received 30 "blue stamps" absolutely free and were invited to examine the very dramatic and varied displays.

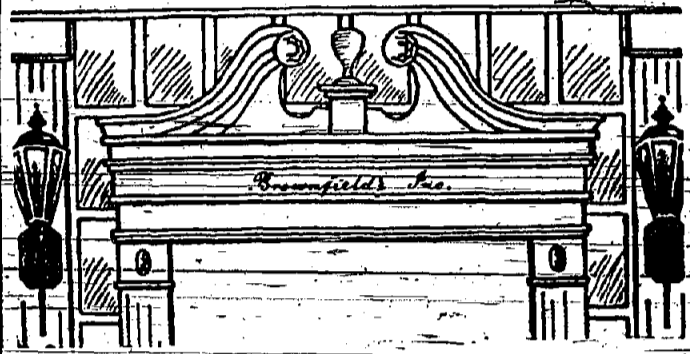

The Springfield Redemption Center will be open Tuesday and Wednesday, from 9 a.m. to 5 p.m.; Thursdays, 9 a.m. to 3 p.m.; Fridays and Saturdays, 9 a.m. to 5:30 p.m. The center will be closed on Mondays.

ENTER THE \$100,000 HOUSEPOWER CONTEST

Quick facts about HOUSEPOWER
 The average home today uses about three times as much electricity as it did 15 years ago. Many more kinds of electrical appliances are in daily use. Today's appliances work faster and better—and so use more power. Your electric company has kept up with this increased demand. But four out of five homes are not wired to handle increased appliance and equipment loads. They suffer from low HOUSEPOWER.

Causes of low HOUSEPOWER are:
 1. An inadequate "service entrance." The basic barrier to full HOUSEPOWER. To meet today's demands for electricity, you should have service entrance capacity of at least 100 amperes. This requires 3-wire service from the street. Also sufficient fuses or circuit-breakers to accommodate all the necessary branch circuits.
 2. Inadequate branch circuits. Using too many fixtures and appliances on the same circuit overloads it. None of them gets enough power. Motors may even burn out—requiring costly repairs. If the overload is too great, the circuit's fuse will blow or circuit-breaker trip. You need enough circuits to distribute electricity to all your appliances without any one circuit having to accommodate too many. Some appliances, like ranges and clothes dryers, need circuits of their own.
 3. Insufficient outlets. Some home owners try to avoid this situation by using extension cords and "Octopus" outlets (2- and 3-way plugs), or by plugging into lighting outlets. Such practices are unsightly and inconvenient and may be dangerous. Rearranging furniture to suit the location of outlets is no solution either. Only safe solution is adding more circuits and outlets.

Symptoms of low HOUSEPOWER are:
 1) Lights dimming when appliances are turned on.
 2) Blown fuses or tripped circuit-breakers.
 3) TV picture shrinking when other appliances are turned on.
 4) Appliances work inefficiently.
 5) Irons, toasters, other heating appliances taking too long to heat up.
 *If you spot any of these symptoms, call an electrical contractor for a free wiring check-up.
