THIS WEEK

Because we succumbed to a "pat on the back" letter to the editor in last week's issue of the SUN, we are rushing into print with the undated but signed missive below. Not a comma has been changed.

Editor, Sun:

In the hope that you will be as receptive to criticism as to "pats on the back," I submit the following:

Springfield can be identified in two ways, first as a geographical and political entity, secondly as a living community with a personality and character shaped by the aspirations and activities of its people. Designed to stimulate physical, intellectual, and spiritual growth and well-being are certain agencies, among them being the schools, the churches, the various branches of local government, and the Free Press.

Of these, the Free Press, by its very nature and for obvious reasons, is less subject to regulation, and therefore becomes either a force for good when guided by men of high moral purpose, or formidable weapon in the hands of the unscrupulous. It is clear, then, that operating a newspaper is a high privilege and a heavy responsibility, which are greatly magnified when a town has only one source of local news.

Now, sir, your stewardship of this tremendous trust induces considerable doubt of your devotion to the best interests of Springfield, and of your worthiness to receive the continued confidence of the people here. Constructive criticism we cannot do without.

I have engaged in it and will continue so to do when I think circumstances warrant it. But to use the spoken or printed word to destroy by innuendo or direct falsification of fact, for a newspaper to forsake its high office to foster disunity, to malign persons and undermine faith in cherished institutions, is most reprehensible.

It goes without saying that a newspaper is expected to be on the side of law and order, seeking at all times, in spite of personal and private considerations, to support established principles and promote and increase by every possible method respect for our institutions, especially the courts.

Yet, a careful study of your news columns and editorials indicates not only a shocking contempt for the court, but serious distortion of facts that cannot but confuse and mislead.

Your issue of August 30th provides prime examples. To begin with, you interpolate opinion and humorous asides into the news columns—this is terrible journalism. Since discriminating people distinguish between factual statements and propaganda, it surely would add needed prestige to your publication were you to reserve editorializing for the appropriate place.

That "Husbandry" was the subject of a heated three hour session" is untrue. You neglected to report that more than one hour was devoted to hearing traffic violations and other cases. You remark, with studied insolence, that the proceedings were a "municipal operetta." It was my observation that the trial was conducted with decorum, tact, fairness and restraint. There were audible a few contemptuous remarks from the vicinity of the Press, but these did not come to the attention of the presiding magistrate.

You stress the support offered the defendant; would you want to substitute judgment by a majority vote of spectators for a reasoned decision arrived at in a legal way? You failed to give your readers the benefit of evidence submitted by the Health Officer, that he warned defendant orally and in writing, months in advance in an effort to avoid complications.

You implied that this man was singled out for persecution by persons with ulterior motives, instead of pointing out that this was only one of many violations handled by the local Health Department. Most people are sensible enough to comply with the law when it is made known, therefore, most cases do not require court action.

Let me assure you that levity has no place in the case in question. You seem very concerned about "ratables," does not the maintenance of present values interest you? A town, like an individual, can acquire a bad name. When epithets like "your town stinks," and "Springfield is the Secaucus of Union County" are repeated often enough, the resultant loss of every property owner will make a field of pansies appear pretty insignificant.

Mr. Editor, we cannot always be in agreement; progress does not lie in that direction. A well-informed opposition there must be, but an insidious campaign against established values cannot be allowed to succeed. We have every right to expect an editor to be forthright, honest, and fearless in exposing and denouncing wrongdoing wherever and whenever discovered. Since all right thinking people will support such an endeavor, there is no longer need to take refuge behind the innuendo and the half-truth.

Yours truly,

William S. Quinlan

Are We That Bad?

All of which proves that there is a bit of narcissism in most of us.

Here we were apparently deluding ourselves in believing that we were "do-gooders" and champions of all causes for the good of the community. But the letter above tears away that Pollyanna mask and pictures the editor as a Fourth Estate monster, giving off fire and brimstone.

Seriously—we do take issue with the inference that the editor has "no respect for our institutions, especially the courts." We are firm believers in the true processes of the law and nothing that has been written in the Springfield Sun is intended to be disrespectful or contemptuous of our court system.

The writer of the letter, however, is too serious. He appears to have found fault with our levity in treating the story of the fertilizer on the Becker's Pansy Farm.

Not all stories in the Municipal Court can be written on the facetious or frivolous side but we doubt if any newspaper in the nation would have attempted to make a "Siege of Okinawa" or "Battle of the Bulge" out of a couple of loads of fresh manure. We thought it had its human interest side but there was nothing so serious about it. There were just as many close neighbors of the Becker farm who weren't quite so allergic to the grass root odors and, despite the interrogation, the whole case had its funny side.

You Should See Our Fan Mail

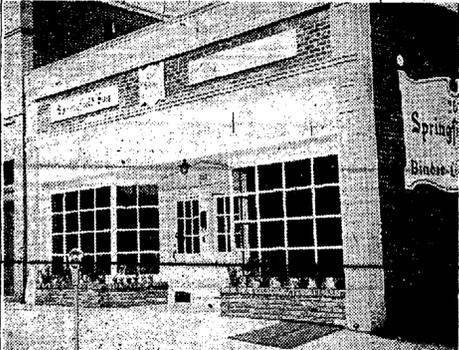

The writer of the scathing letter employs the usual words such as "reprehensible—serious, distortion of the facts—shocking contempt—stewardship, etc." The Sun does not challenge the right to use any of these terms—but we have searched our consciences and back files for one single instance where this newspaper has published anything that was not "for the best interests of Springfield."

Here we have been flitting through life in the belief that the "regular readers" liked what they were reading in the Sun. We don't know of a single worthwhile cause we haven't boosted in Springfield—there hasn't been a single request for publicity we haven't gone out of our way to carry through—and we're rather proud of the part the Sun has played in the Township's growth.

We don't want to be in the position of defending ourselves but we would like to point out some kinks in the armor of the above letter.

The writer says the Sun takes "refuge behind the innuendo and the half truth." That it "is terrible journalism" to say that it took "three hours to hear the case of the fertilizer." There were some traffic violations heard but

THE WELCOME MAT IS ALWAYS OUT. New offices of the Springfield Sun at 262 Morris Avenue (formerly the A & P Building) have been attracting visitors since we moved in. The air conditioning is operating—the schoolmaster's antique desk is in its proper place and the "good luck" floral pieces are still fresh. Drop in to say "hello"—anytime—EXCEPT WEDNESDAY when all the "Men At Work" placards are placed prominently on the desks. (That's our only busy day.) You're welcome any day—even Wednesdays—even if there are no guided tours on that day.

New Photography, Music, Hobby Store To Open Here

Add the name of the Disc & Shutter to the growing list of new merchants in Springfield. The latest arrival to the ever-expanding retail trade in town will open its doors this coming Saturday.

Located at 268 Morris Avenue, this ultra-modern store will be equipped to handle the needs of music lovers, photography fanciers and the do-it-yourself hobby crowd.

The store proprietors, Felix and Ruth Gold, promise the most complete line of cameras and photo equipment available anywhere in this area. The music department will carry a complete line of portable and console phonographs, small radios, hi-fi equipment and components and tape recorders; all the well known brands of 45 and 33 rpm records and a wide selection of children's records.

In the photography line, in addition to cameras, projectors, screens and accessories, the Disc & Shutter will offer a 24-hour printing and developing service and a camera and projector repair service.

The hobby department will be "a hobby maker's heaven," according to Mr. Gold. "Everything from pre-stamped assemblies in boats and plane models to actual motor driven models and HO gauge model trains and parts."

The Golds, who have been living at 121 Hawthorn Avenue for five years, are realizing a long sought after dream. This type of business is nothing new to Felix Gold, who, for two years, ran one of the largest camera repair businesses in the state, and was a commercial photographer for many years and taught commercial photography in one of the larger New York schools.

Free gifts will be distributed on opening day, Saturday, September 8. The store will be opened six days a week, from 9 a. m. to 6 p. m. except on Friday, when they will be open until 9 p. m.

Select Three Township Residents for Jury Duty

Three Springfield residents were among the 140 Union County petit jurors summoned to serve at the courthouse through September 14.

They are: Mrs. Muriel O. French of 111 Salter Street, Mrs. Betty L. Mooney of 63 Warner Avenue, and Henry J. Brucker of 65 Springbrook Road.

"Miss New Jersey Baptist" Award Won By Local Girl

A local girl, Miss Ella Ford, daughter of Mr. and Mrs. William Ford, 60 Diven Street, has been selected as "Miss New Jersey Baptist" and will represent this state in the National Baptist Convention to be held in Denver, Colorado, the end of this month.

"Miss New Jersey Baptist" was winner of the title in a state wide popularity contest sponsored by the General Baptist Convention of New Jersey.

Miss Ford and her parents are very active in the affairs of the Antioch Baptist Church in Springfield. Along with the title the local girl will receive an all paid expense trip to Denver to represent New Jersey in the convention.

A Cake Sale has been scheduled by the Ladies Auxiliary of the V.F.W. Battle Hill Post 7683. The event will take place Saturday morning, September 15, at the Grand Union Store in the General Greene Shopping Center. Anyone wishing to contribute to this sale may call DRexel 6-4073.

Work To Start On New Saks Store, Sept. 20

Actual work on the construction of the new Saks Fifth Avenue store here is expected to start very shortly—with a target for opening definitely set for August of next year.

Conferences have been held by the contractors with Springfield's building department and engineers and actual breaking of ground is expected no later than September 20. All the necessary building permits have been issued and all that remains to be done is to assemble the equipment necessary for the job.

The new store will be a one story building with a two-story appearance in the center of the unit. It is to be of contemporary Georgian design and those who have seen the plans say it will be the most beautiful establishment of its kind in the nation.

Saks will be on 9 1/2 acres with approximately 75,000 square feet and sufficient room for parking 750 or more cars.

Urge Voters To Register Now To Avoid Rush

Both political parties, as well as the Springfield League of Women Voters, are urging all residents who have recently come to the Township to register for the coming elections as soon as possible.

All eligible voters who have not yet registered in Springfield can do so by applying to the Township Clerk's office in the Municipal Building every day except Saturday and Sunday.

Starting with September 13 the Township Clerk's office will be open until 9 o'clock in the evening. This night schedule will continue until September 27 WHICH IS THE LAST DAY FOR REGISTRATION.

Newcomers to Springfield will not be able to vote in the important elections on November 6 unless they have been registered in the Township Clerk's office. If you have lived in New Jersey for one year and in the county five months, you are eligible to vote but you must make sure your name has been transferred to the permanent registration books in Springfield. Naturalized citizens must bring their naturalization papers with them when registering and transferring.

"Now is the time to make sure you can vote in November," said Mrs. Eleonore H. Worthington, Springfield's Township Clerk. "There is no rush now and it takes but a few minutes to make sure your name is on our books. Do it now before the lines get too long."

"Stevenson For President" Group Seek Quarters Here

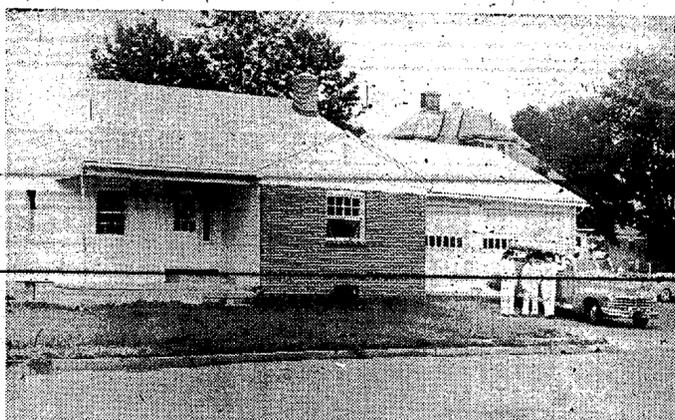

Springfield's rapidly-growing "Stevenson For President" committee this week met with 11 other Union County Stevenson committees to plan a county-wide election campaign.

The meeting, which attracted an enthusiastic turnout, was held in the home of William O'Brien, 3 Rodgers Road, Cranford. Springfield was represented by Mrs. Lee Fisher, chairman of the local Stevenson Committee, Miss Nancy Cohen, secretary, and John Johnson, publicity.

Other cities sending committee representatives to the meeting included Westfield, Berkeley Heights, Plainfield, Roselle, Fairwood, Scotch Plains, Linden, New Providence and Elizabeth. During the business meeting, the group discussed the possibility of locating a county "Stevenson For President" headquarters in Springfield. The Springfield committee promised to look into the situation.

Mrs. Fisher also says that members of the local committee, along with friends and interested independents, are planning a trip to the Palisades on September 9 when Adlai Stevenson, the Democratic Presidential candidate, is scheduled to make a major speech on that date.

The Springfield Committee will hold an important meeting itself on Monday, September 10, for

Davega Stores Complete All Plans For Little Leaguers

Davega Stores officials who have arranged for the Springfield Night on the Happy Felton program, prior to the regular Dodger game at Ebbets Field on Friday night, September 28, announce that they have completed all the details as far as they are concerned.

Official notification has been received by Joseph Focht, President of Springfield's Youth League, and Ike Freedman, President of the Springfield Chamber of Commerce, that the date has been set.

The letter is as follows and signed by Happy Felton who conducts the Knot-Hole Gang program:

We have selected September 28th, as the date for the appearance of your League on the Knot-Hole Gang program. Have your coaches pick a Pitcher from each of three teams.

As soon as they are selected, complete the attached forms and return them to us not later than September 12th. A separate form must be completed for each of the three boys to appear on the program. The coaches of these boys will appear on the same day as the boy he coaches.

Reporting time and tickets will be sent to you at least one week prior to your appearance date.

TRAVEL BY BUS

The plan calls for transportation by bus of 40 from Springfield. This will include the full Rotary team, winners of the local Youth League championship, and coaches, managers and other adults.

Accompanying the local champions will be the Township officials and representatives of the Chamber of Commerce. Several other groups are planning to attend the September 28 program, making the trip in private cars.

A meeting of Springfield Youth League officials was held early this week and selections were made of the pitchers to be interviewed by Happy Felton as part of the program. They are:

RICHARD BLAFER, age 12 of 11 Archbridge Lane, who played this year with the Lions Club team, coached by William Hummel. He is a lefty and attends Grade 7 in the Guadineer School.

BARRY BECKER of 611 Bryant Avenue, 12 years old, a southpaw pitcher with the Rotary team this year coached by Walter Becker. Barry is in the 7th grade at the James Caldwell School.

WILLIAM ANDREW BUCKALEW, 36 Denham Road, 12-years old, is a right handed pitcher from the American Legion team, coached by James M. Crowley. He is in the 8th grade at Guadineer School.

Leaves Gemex Firm After 15th Year

The Gemex Corporation, leading watchband manufacturer with plant in Union, has announced the retirement of one of its employees having reached the age of 65.

Fred "Doc" Wilkin, of 37 Colonial Terrace, Springfield, left the Gemex Corporation after completing almost 15 years of service.

Several civic minded residents of Springfield are planning to organize a town-wide movement in an attempt to have a bus terminal constructed in the center of the business district.

As it is now there is no shelter for the passengers, and the buses discharge and take on riders at various points. The suggestion has been made that a terminal be built to be used by all the bus routes serving Springfield.

There has been considerable talk that the corner of Main Street and Morris Avenue, now occupied by a gas station, would be the ideal site for such a bus terminal. The gas station at this busy intersection interferes with the flow of traffic and producing jams at all hours of the day.

Those who have been looking at the Texaco gas station as the site for a proposed terminal believe the Township of Springfield owns enough of the property at that corner to make the operation of this gas station impractical. It is believed that if Springfield were to insist on cutting into the present station to widen Main Street at that point, there might not be enough room left to conduct the business of a service and gas station.

A committee will probably be formed to confer with Township officials to explore the possibilities of constructing a bus terminal.

Cawley Honored On "Night" By Legion

James M. Cawley of 20 Keeler Street was honored recently by the local American Legion post when they feted him at a special "James M. Cawley Night."

He was honored by his fellow legionnaires for his outstanding service to the local post, and his continuous support in all of the Post's activities.

Magistrate Henry C. McMulken was master of ceremonies of the affair. Presentation of two law books was made to Cawley, who recently passed the bar.

Cawley, who is past commander of the local Legion post, recalls that he Springfield branch of the American Legion was instrumental in getting some legislation in the G. I. Bill of Rights after World War II. Through the efforts of this local group, the no-mooney-down, 30-year mortgage for veterans was adopted into the bill.

Aah-Abu Walks Off With Blue Ribbon

Early in August, when Ernie Nagel, the genial proprietor of Nagel's Meat Market, 230 Morris Ave., Springfield, bought Aah-Abu, a nationally acclaimed reserve champion Arabian stallion, he predicted great things for the highly touted horse. Ernie's prediction was realized last week when Aah-Abu walked away with the honors at the Maryland State Fair.

Competing against 110 entries into his Arabian stallion class at the fair grounds outside of Baltimore, Aah-Abu received first prize, and the coveted blue ribbon. The extent of his accomplishment can be measured by the fact that entries came from the nations leading stables, many of them specializing in breeding nothing but Arabian stallions, and that each horse was given exhaustive tests for form, spirit, temperament, etc.

Aah-Abu is one of several horses that Ernie Nagel Quarters at the Silver Spur Ranch New Vernon, N. J. Originally, Ernie became interested in horses primarily for recreation and he still spends weekends relaxing with Charles Ruby, the owner of the Silver Spur, but with the purchase of Aah-Abu he has been flooded with requests for participation in shows, and stud propositions.

Ernie has invited everyone interested in horsemanship to visit the Silver Spur Ranch any Sunday and watch Aah-Abu work out. The next formal competition for Aah-Abu will take place in Camden sometime toward the end of September.

Letters to Editor

Editor, Sun:

The Volunteer Fire Department of Springfield are to be commended on their splendid work and we wish to do so through the medium of the Springfield Sun.

We want to thank the firemen for answering the call so promptly and for the careful way they handled our furnishings Tuesday night, August 28th, when our house was struck by lightning and was on fire. There was no unnecessary hacking or tearing apart of our house but when any cutting was necessary it was neatly done. They worked tirelessly and conscientiously. We are very grateful to them.

Sincerely,
 Harriet and Ed Oels

New Dress Shop Opens Near Here

The modern building at 2822 Morris Ave., Union, is the new home of the Spruce Dress Shop, which opens its doors for the first time Friday, Sept. 7. Conveniently located to serve the communities of Springfield and Union, the new enterprise embodies the very latest in retail merchandising concepts.

The structure was designed by Davis and Farinella, Belleville architects, and constructed by Frank Farinella of Newark. It is air conditioned throughout and is built so that all merchandise is readily accessible to the shopper. This has been accomplished by providing self-service type displays, and ample fitting and modeling facilities. A private parking lot permits all customers to bring

their cars off Morris Ave. Phyllis and Phil Rizzo, the owners of the store, announced that their operation will be based on bringing the very finest quality clothes to the consumer, at substantial savings. They point out that the shop has a very simple, although attractive decor, very efficient buying and processing facilities, and a low overhead. This coupled with the absence of elaborate displays, moderate advertising, and the establishment of the Rizzo living quarters adjacent to the shop help bring down costs.

Among the nationally advertised lines at the Spruce Shop are Gloria Swanson and Kay Windsor dresses, Bobby Brent Sportswear, Ridge Park and Lasser Coats, Princess Fair Houses, and Pageant frocks.

Mr. and Mrs. Rizzo have invited all their friends and neighbors to join with them in their Grand Opening celebration.

Camera Club To Meet Next Week

The opening meeting of the Millburn Camera Club, Wednesday, September 12, will hear Joseph Lang of 34 Cottler Ave., sound the gavel starting the fourth year of activity. He is presently president of the

Millburn Camera Club. The club, which is devoted to photography, meets at the Recreation House in Taylor Park, Millburn, on the second and fourth Wednesday of each month. Plans have been made for two field trips during the year. One will be held in September and the other in May. Authorities on photography have been invited to address the club. They include Warren Savery, noted color expert and nature photographer. Anyone interested in membership is invited to contact Mr. Lang, or attend the first meeting.

The Misses Marcia and Margo Herbers of 68 Warwick Circle competed the life saving course given at the Railway Pool under the sponsorship of the Springfield Recreation Commission. Both young ladies received emblems and J. R. Life Saving certificates.

The new address of Mr. and Mrs. J. Srgi is 111 Briar Hills Circle. The Srgis, who moved here from Roselle, have three children—Cynthia age 5 years, Steven age 3 years, and Robert age 2 years. Mr. Srgi is a custom broker with H. S. Dorf Co., Newark.

THE PARABLE

herefore speak I to them in parables: because they seeing see not; and hearing they hear not, neither do they understand.

(St. Matthew 13:13)

THE PARABLE is the basis of all religious education. From infancy through adult life we learn spiritual truths only as they are interpreted for us in terms of every-day experience.

OUR CHURCHES follow the example of the Greatest Teacher. Simple precepts or more complex doctrines are brought to us in vivid illustration. Lessons, sermons, hymns—even church architecture and ritual—are full of human narrative, word pictures or traditional symbolism to help us grasp and apply God's truth.

SPIRITUAL MATURITY must come to us through the effective teaching and practical guidance our churches provide. Our souls cannot grow simply by seeing a church on the corner, or hearing folks talk about religion. Worshipping and learning every Sunday, we will understand Christian truth in living terms and use our understanding to serve God and man.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

CATHOLIC INFORMATION

YOU CANNOT WISH HELL AWAY!

Trouble, sorrow, sickness, death! Why must we suffer them? Let's wish them away!

But these are facts which we all know; so don't let's be silly. Hell! Why should there be such a place? Nobody wants it. Let's wish it away.

But hell, too, is a fact. God says of the wicked through the mouth of His Prophet, David: "Let them go down alive into hell" (Ps. 54:16). And Christ says, according to St. Matthew: "Depart from me, you cursed, into everlasting fire which was prepared for the devil and his angels" (Matt. 25:41).

Of course man has free will which is simply the power to choose between right and wrong. By ill-using this power he can deny the existence of hell. But if one who professes belief in God denies so definite a teaching of God, then in all logic he denies the veracity of God Himself, who plainly told us of hell in both the Old and New Testaments. He ignores the constant tradition of the Church and the words of the Bible, leaving himself no authority for belief in the many truths of revelation.

God's truths are facts, dependent not at all on man's approval or understanding. We, His creatures, simply must accept them—all of them. To decline what they are and to define what they mean have been the main business of the Catholic Church for 1900 years. And so it will be till the end of time.

THIS WEEK

(Continued from page 1)

the Becker matter started approximately nine o'clock and, we understand, it was near midnight when the case was ended.

The letter also states that there "were audible a few contemptuous remarks from the vicinity of the Press." We saw no other newspaper representatives at the hearing. We sat in the audience, knowing no one near us and, at no time, did anyone make any "contemptuous remarks."

However, we welcome letters—whether in criticism or the pats on the back. We may be wrong but we will not admit that anything written in the Springfield Sun is inspired by any other motives than to present the facts. Of course, we can't make everybody happy and we're sorry we couldn't agree that a couple of leads of ripe fertilizer was earth-shaking news.

TAKING CARE OF YOUR GARDEN

By Edward A. Cordinal

Chairman, Springfield Shade Tree Commission

Last week we discussed the control of crabgrass prior to renovating a lawn. There is still time to treat crabgrass, but where it is not too thick it might be better to proceed with fertilizing and reseed and use the pre-emergence method of crabgrass control next spring.

QUESTION: I moved into a new home and the soil is like concrete. Can I scratch it up and expect a good lawn?

ANSWER: No. Subsoil is infertile and must be tilled and fer-

tilized to a depth of five or six inches. To each 1,000 square feet add the following materials and rototill. Forty pounds of fertilizer, 40 pounds gypsum and one bale of peat, or its equivalent. Take smoothly and seed with a deep rooted utility seed mixture. Some clover added to the mixture will help the lawn survive. By fertilizing often a fair lawn can be kept going, but don't expect perfection.

QUESTION: How often shall I water my newly seeded lawn?

ANSWER: As often as necessary to keep the surface damp. A good hot, windy day can kill the germination of seed in a matter of hours.

QUESTION: What seed grows best in the shade?

ANSWER: The fescues do best in a dry shade, but will not tolerate wet locations. Poa Trivialis (rough stalked bluegrass) does best in damp spots. A mixture predominating with fescue and Poa Trivialis is usually preferred in most shady locations.

QUESTION: Does Merion Blue grass make a good lawn?

ANSWER: Yes, but use Merion only if there is a good thick layer of topsoil. Seed it, immediately and don't expect it to germinate rapidly. After it is established, lime and fertilize heavily. 100% Merion is more satisfactory

YOUR LIBRARY

Labor Day has passed. The Summer Reading Club at the Springfield Free Public Library is ending. Now this activity must end to make way for school and school assignments.

It is an excited group of youngsters who are asking "May we take our maps home?" "Can't we put states on all winter?" "Will we have maps next summer?"—and so on.

So many boys and girls (and even their parents who come to look on) have enjoyed the Reading Club maps that we will do the same thing next summer, if there is any way to procure the maps. To those who say, "Can we add states next summer?" the answer is, "Yes". But each person will have to take his map home and bring it back in June. There is not room enough to store them for the winter in the Springfield Library.

Maps may be picked up any day now. A lot of boys and girls want them for they can hardly wait to show them to parents and teachers. On the maps the names of schools were recorded, but not the

than mixtures of Merion and other grasses.

QUESTION: Does Bent make a satisfactory lawn?

ANSWER: It is easy to make a bent lawn, but very difficult to maintain. I would not recommend a Bent lawn unless you are prepared to give it lots of attention. Diseases raise havoc with bent lawns. A small percentage in a grass seed mixture does add thickness to the turf, but also adds to the care and maintenance problems.

teachers' names. Teachers wishing to see what their pupils have read during the summer can appeal to the children to bring the maps and their gray reading record books to school to show the class.

Now for the figures: Four hundred ninety eight people joined the Reading Club. Of these, one hundred fifty nine (159) or about one third, forgot it or went on vacations and never came back.

From the other three hundred thirty-nine (339), two hundred fifty seven (257) had one to ten state stamps, which means they have read from two to twenty books during the summer of 1956. Most of these were near the twenty end of the scale. And anyone will agree that is a lot of reading.

However, eighty two (82) boys and girls read in earnest. Forty nine (49) read between twenty and forty books; eighteen (18) read forty to sixty books, and fifteen (15) more read over sixty books.

Joan Patrick, Christine Consales, Robert Budish, Lawrence Budish, Carol Fructer, Paula Bodnar, Susan White and Diane Pozzio have completed their maps. Trudy York and Jackie Strubbe have only one state to add. Others whose maps are nearly completed are: Barba-

ra Donovan, Douglas Teague, Clifford York, Roger Naumann and Joan Anderson.

However, maps not finished are very attractive because the white background looks like a fifth color along with the yellow, orange, pink and blue stamps.

The children not only gained valuable experience from reading the books of their own choice, but

the older boys and girls (fifth grade and above) read something about the state which was being visited to the schools in June helped to publicize the Club. Miss Briggs, Miss Tallau, Miss Widmer, Miss Durand and Miss Laura Jean Libby, who all summer have worked so patiently to help the youngsters choose their state stamps, likewise deserve a great deal of credit.

Miss Briggs, and Mr. Palmer, are arranging an exhibit to show samples of maps in various degrees of progress. Everyone is invited to the Springfield Library to see it.

Hawaii in its early days had many taboos that were punishable with death. Women caught eating a banana or a certain kind of fish were killed at once. The same fate awaited commoners who let their shadow fall on a chief or who failed to prostrate themselves when the king's bath water was carried by. Persons of opposite sexes, even husband and wife, could not eat together.

Group is asked to bring someone to this meeting. All new comers to town are cordially invited to attend. Mrs. Philip Fitting is President of the Group.
A party will follow the short business meeting with Mrs. Ralph Williams, Mrs. Robert G. Smith and Mrs. Henry Krutter.

Baked Ham Slice Menu Suggestion

With ham plentiful on the market, you'll find the price lower than usual. And ham is always a popular choice, whether served to the family or in a company meal.
"Pork—fresh or cured—offers protein and valuable amounts of thiamine, one of the B vitamins essential to good health," says Mrs. Irene H. Wolgamot, extension foods and nutrition specialist of Rutgers University.

"You can buy a whole or half ham, or a smaller amount in a ham end or slice," Mrs. Wolgamot reminds homemakers. "Ham slices are handy to serve when time for preparation is limited. You can cut a ham slice from either the ready-to-eat ham or from the ham that requires cooking before eating. It will take about an hour in a 325-degree oven to cook an inch-thick slice of ham. The same size slice from a ready-to-eat ham will require 20 to 25 minutes, a little less than half the time."

The New Jersey State University specialist says a good oven dinner for family or company might include cranberry-pineapple ham slice, baked potatoes, buttered broccoli, raw vegetable relishes and lemon custard pudding.
Cranberry-Pineapple Ham Slice
Gash the edge of a one-inch ham slice to prevent curling. Insert some whole cloves in the fat. Place in a baking dish. Combine a half-cup of crushed pineapple with 1 can of jellied cranberry sauce and 1 teaspoon grated

orange rind. Pour over the ham slice and bake in a 325-degree oven, 20 to 25 minutes if ready-to-eat type, or 1 hour if uncooked type of ham. With the latter type, cover the ham during the first 45 minutes, then uncover during the last 15 minutes to allow the ham to brown. Makes about 4 servings.
About 3,000 more people are killed in the United States in automobile accidents during the three Summer months than during the three Spring months.
