THIS WEEK

Bill (William) C. Jensen, Springfield's ambassador of good will and the Township's leading public relations expert, does most of his work in other communities. But his effervescent personality spills over everywhere, and just an ordinary chat with him is refreshing.

Jensen talks up a storm and his skill as a developer of sales personalities is in great demand wherever there is anyone who has been fortunate to hear Bill "do his stuff."

Mr. Jensen believes that good selling can be accomplished through good living. "You will learn the practical importance of being a Go-Giver rather than a Go-Getter. The points made in this course are not vague generalities but are specific items drawn from the rich experience of a man who has amazing charm and personal appeal."

"Mr. Jensen," this booklet continues, "has done such an outstanding job of instruction that some business firms, large and small, have paid the fees so that an employee could take the course. He has had some 40 years of successful and varied selling experience. Everyone who knows him is deeply impressed by his fine human qualities and dynamic personality. He is an active member of the Sales Executive Club and teaches salesmanship at the Newark Branch of Rutgers University. Mr. Jensen's courses have been most popular in adult schools in this area."

Bill doesn't need any formal classes to expound some of his fine public relations ideas. He can convince you in five minutes that Springfield could earn a lot of good-will by having police officers issue summonses of commendation as well as tickets to violators of the Township's traffic regulations.

"Can you imagine the fine public relations impact," said Jensen, "if an out of town driver were to receive an official looking ticket commending the visitor to Springfield for care in observing the traffic regulations? Members of our police force are the best salesmen for Springfield and courteous treatment to out of town visitors is one of the products we have to offer."

"Springfield has been in the screaming headlines too often with news of some court case or a heated argument before the planning board. We have succeeded in 'selling' Springfield as the community with considerate and courteous law enforcement officials but the commendation tickets would spotlight the work of the local police."

Jensen has a lot of ideas. There must be some way for Springfield to take advantage of its promotion and public relations talents.

THE BOTTOM OF THE NINTH!

Even though we don't mean to make the "pansy farm matter" a major issue—but we can hardly resist publishing the letter below. In fact, we won't even try to resist—so here it is:

It was with considerable amusement that I read Mr. Quinlan's letter in last week's issue of the Springfield Sun.

Couched as it was in terms more extravagant and denunciatory than were used at Benedict Arnold's trial, it was difficult to imagine that this wordy tirade was prompted by the Sun's reporting of the court action resulting from the complaint of a few neighbors that a local pansy farm used manure that smelled exactly like that which it was.

The article so strenuously objected to by Mr. Quinlan was, in my opinion, humorous and inoffensive, no matter what one's private views may have been on the subject.

I have been reading the Sun for over seven years and, although I have not always been in agreement with everything it printed, I have been impressed by the honesty and impartiality of its news coverage and reporting. Over these years I have never found anything in its policy that would indicate anything but the sincerest concern for the well being of Springfield and its residents.

For one who speaks so glowingly of high moral purposes and condemns the use of half truths and innuendos, it is surprising to hear Mr. Quinlan say that there were audible a few contemptuous remarks from the vicinity of the press. I understand there was one representative of the press present.

Was Mr. Quinlan implying that he heard this person make contemptuous remarks? That is exactly what one would believe from his letter. If he did hear them, why did he not write them so everyone could decide for themselves whether they were contemptuous or not? Does Mr. Quinlan ask the readers of the Sun to believe that the representative of the Sun made contemptuous remarks during the trial? I was situated nearby in the center of the courtroom and heard no such remark or remarks.

I would like to compliment the Editor of the Sun for printing Mr. Quinlan's letter on the front page. It is another example of the fairness and impartiality of the Sun.

Yours truly,
Harold C. Strobel

SHUTTING DOWN THE LID

We are printing below a hand-written note from William S. Quinlan which, we hope, will slam the lid on the case of "Becker's pansy farm and the load of fertilizer."

A sense of humor is a safety device that will shoo away threatening ulcers. We don't believe there is enough interest in which way the wind blows across Mr. Becker's pansy farm to continue giving space to this topic.

Both sides have been given "equal time" and here's the final note.

Editor, Sun:
Although I haven't been shaken in my opinions, and I continue to take a more serious view of the pansy farm issue than does the Sun, we are on common ground in recognizing that a question has at least two sides.

I hasten to inform you that your treatment of my letter was fair in the extreme—more could not be asked.

Yours truly,
William S. Quinlan

Springfield, N. J.

Bus Will Take Local Champs To See Dodgers

Practically all the details have been completed for the Springfield Night arranged by Davega Stores for Friday evenings, September 28, when the local Little Leaguers will appear on the Happy Felton program prior to the regular Dodger baseball game at Ebbets Field.

A chartered Somerset Bus will carry the Rotary players, champions of the Springfield League this season, and is scheduled to leave the Municipal Parking lot at Center street at 5:30 o'clock the afternoon of September 28.

All members of the Rotary team, the coaches, managers, Chamber of Commerce representatives and members of the Township Committee are expected to be on hand before the 5:30 departure of the bus for some picture taking.

Arrangements for the bus were made by "Ike" Freedman, President of the Chamber of Commerce, who is also handling the distribution of the guest tickets for that event.

The entire championship team of the Rotary Club which includes manager and coach of the club will make the trip. Three pitchers of the league have already been selected to appear with Happy Felton and members of the Brooklyn team on the television program which is sponsored by Davega Stores.

"Bob" Stein, public relations director of Davega Stores, informed Freedman of the Chamber of Commerce yesterday morning that Davega has arranged for a block of 40 seats to be used by the Springfield Little Leaguers on the September 28 date.

Freedman and Joseph L. Focht, president of Springfield's Youth Baseball League, will meet in a few days to make up a complete list of those who will make the trip by bus.

60 Voters On 'Missing' List In This Issue

There are 60 "missing voters" from Springfield according to a list published in this issue of the Springfield Sun in an attempt to locate these residents whose primary ballots were returned by the post office last April as undeliverable.

Most have moved and left no forwarding address. The board wants their new addresses or definite information that they have moved out of Union County.

The election board has made several efforts to locate the "missing" voters. First a return post card was sent to each person whose ballot could not be delivered. If this also was returned by the post office, two follow-up letters were sent.

The number of "missing" voters originally was much larger. The post card and letters succeeded in locating several hundred residents.

The newspaper advertisement today advises the voters who have moved that they must send the election board a signed statement listing their new Union County address. This must be done by the September 27 registration deadline in order to be eligible to vote.

If they fail to do this, they must apply to a county judge during the two weeks prior to the Nov. 6 election to be reinstated.

Marmon Tract Plan Strikes Variance Snag

Mystery surrounds the reported sale of the Marmon property which is located on Morris Avenue, approximately opposite to the Safeway Store, in Springfield.

The only facts—confirmed as late as yesterday afternoon—are that the property has been sold but the names of the buyers and the prospective developers of the land have not been divulged.

Preliminary plans for a shopping center—with the report that a well known New York City store would be the main unit—have been filed with Springfield's Building Inspector Wilbert J. Binder. Members of the Township Committee are reported to have seen the proposed plan but several obstacles appear in the way at present, according to a very reliable informant.

The legal road block is that part of this Marmon property is in Summit and the reports have it that the developers' preliminary plan shows the main shopping center located in Springfield while the parking area is shown in This same obstacle confronted the Joseph P. Day organization Summit.

When plans were practically completed for a shopping center on this same property some time ago. The Summit governing body would not grant a variance, changing that part of the Marmon tract so that the developers could use it for parking.

Unless Summit agrees to permit parking in its portion of the Marmon property, there isn't enough in the Springfield section to construct a shopping center and provide enough parking space in accordance with the present zoning ordinance.

Channel Lumber Company Celebrates 3rd Birthday

Channel Lumber, Springfield's remarkable super-
market on Route 22, is celebrating its third anniversary of
its operation in the Township and its 48th birthday of
business in the Newark area.

The Route 22 operation has grown considerably since
it started three years ago and is now conceded to be one of
the finest examples of merchandising and good customer
relations in the nation.

New departments have been
added and shoppers can find practically
anything in lumber products in this "one stop" sales
market which has been called the
"Miracle of Springfield." The
sales force has been increased
considerably and there is enough
parking space to take care of the
thousands of regular shoppers.

No special programs have been
arranged to celebrate the third
birthday but "Don" Lenny, local
resident and general manager of
the Channel operation in Springfield,
says a "sensational anniversary
sale is being prepared to
mark the occasion."

Ben Charin and Louis Slater,
executives of the Channel organization,
give their personal attention
to matters of policy in the
Springfield operation and have
very ambitious plans for expansion
in this area. "We want our
Springfield operation to become
part of the community," said Mr.
Charin, "and, wherever possible,
our local store executives are
eager to participate in everything
that might help the Town-
ship."

of the County Court during the two
weeks immediately preceding the Gen-
eral Election on November 6, 1956, and
on said Election Day for the purpose

"Planting A Tree? — Get Permit", Urges Commission

The Springfield Shade Tree Commission, consisting
of Messrs. Edward Cardinal, Felix Gold and Nathan Hart,
was created by ordinance in early 1955 for the purpose of
caring of shade and ornamental trees and shrubbery, and
planting trees on Township property. The ordinance is
also specific in the regulatory powers granted to the
Commission.

Since then, the Shade Tree
Commission has gone about its
work, without fanfare, in remov-
ing stumps and dead trees, prun-
ing, spraying and planting new
trees. In addition, the Commis-
sion has set up standards, rules
and regulations for the protection
and care of trees for the home
owner and the building contr-
actor.

The community can well be
proud of its Shade Tree Commis-
sion, whose members devote their
time and energy without compen-
sation.

But the Commission, however
much it may try, cannot do it
alone. It needs the full cooperation
of all the residents in Springfield.

For it has come to the atten-
tion of the Commission that
several home owners had planted
trees on the right of way without
regard to standards as set up by
the Commission. As a result, some
of these trees, planted too close
to one another, will die natu-
rally.

Others cannot thrive in this area.
The Shade Tree Commission
recommends to anyone wishing to
plant a tree or trees, first secure
a tree planting permit, listing
the various types of trees that
may be planted on the right of
way. This permit may be secured
at the Town Clerk's office during
business hours.

trical engineering, was employed

in Elizabeth, and Mr. Rawicz,
majoring in electrical engineer-
ing also, was employed by the

and Palmer Street in Elizabeth,
New Jersey.

the United States Navy to provide
specialized knowledge and train-
ing for reserve officers on inactive

ward promotion and retirement
for completion of courses and for

Channel Lumber Company Celebrates 3rd Birthday

Channel Lumber, Springfield's remarkable super-
market on Route 22, is celebrating its third anniversary of
its operation in the Township and its 48th birthday of
business in the Newark area.

The Route 22 operation has grown considerably since
it started three years ago and is now conceded to be one of
the finest examples of merchandising and good customer
relations in the nation.

New departments have been
added and shoppers can find practically
anything in lumber products in this "one stop" sales
market which has been called the
"Miracle of Springfield." The
sales force has been increased
considerably and there is enough
parking space to take care of the
thousands of regular shoppers.

No special programs have been
arranged to celebrate the third
birthday but "Don" Lenny, local
resident and general manager of
the Channel operation in Springfield,
says a "sensational anniversary
sale is being prepared to
mark the occasion."

Ben Charin and Louis Slater,
executives of the Channel organization,
give their personal attention
to matters of policy in the
Springfield operation and have
very ambitious plans for expansion
in this area. "We want our
Springfield operation to become
part of the community," said Mr.
Charin, "and, wherever possible,
our local store executives are
eager to participate in everything
that might help the Town-
ship."

FREE BOOTHS READY
Organizations in Springfield—
planning drives for funds—are
asked to make reservations for
the free use of the booths being
made available at the Channel
Lumber Company and Davega
Stores—both on Route 22 in the
Township.

These two highway establish-
ments have constructed very at-

tractive booths and placed in a
very good spot in both stores for
the use of fund raising cam-
paigns. There is no charge for
the use of these booths.

With the many fund raising
drives being planned for Spring-
field, the Davega and Channel
management hopes to be able to
schedule time for every cause.
Applications for use of these
booths can be made direct with
"Don" Lenny at Channel Lumber
and with Sam Stein at Davega
Stores.

Tickets for this event are al-
ready in the hands of the commit-

very large crowd will attend.
Further particulars as to the pro-
gram will be announced at a later
date. Tickets can be obtained by

Russel Schramm of the Springfield Office of The National State Bank of Elizabeth, was among a group of bank representatives in this area to receive standard certificates at the rally of the Elizabeth Chapter of the American Institute of Banking held at the Far Hills Inn in Somerville. The awards were made when the Elizabeth Chapter officially opened the 35th consecutive school year with a dinner dance.

Others receiving the standard certificates were Nancy Mattern and Helen Mako of the Union Center National Bank. Those receiving pre-standard certificates included William E. Dawson, Clarence Doty, Frank Galan, William Wheeler and Nancy Mattern, all of the Union Center National Bank.

Joseph B. Fuko, Assistant Cashier of the Union-Center-National Bank and President of Elizabeth Chapter welcomed the three hundred and seventy-five bankers and their friends who were present. Robert A. Peterson, Vice President of Citizens Trust Company, Summit, and President of Elizabeth Chapter Alumni Association, awarded the prizes.

About two-thirds of all South America's mineral resources are in Chile.

Mr. Palmer

What About Those Rails?

Workers in the Trenton offices of New Jersey State Highway Commissioner Dwight R. G. Palmer are probably too busy supervising the re-painting of the direction signs all over the state to answer Springfield's plea to do something about "the removal of the exposed trolley tracks on Morris Avenue."

With the approach of Winter and the recorded experience of many accidents caused by these rails, Mayor Albert G. Bender sent an urgent letter to Commissioner Palmer requesting that the tracks be eliminated.

Up to this afternoon (September 12) there hasn't even been the courtesy of a reply - not even the acknowledgment that the letter from Mayor Bender had been received. That letter was dated July 30, 1956.

If Commissioner Palmer were compelled to drive on Morris Avenue on his way from Slope Drive, Short Hills, to the Baltusrol Golf Club one trip on a wet day would convince him how urgent the matter was.

Get Parade Award

Springfield's Fire Department earned a singular distinction when they received a trophy for having the most number of men in the line of march at a parade held on September 1 honoring the anniversary celebration of the Boston Fire Department.

Hoping to add to their trophy list, the local firemen will participate in a parade and celebration at Bound Brook on September 22.

WHAT'S COOKING?

It's fun to mix a lot of things and wonder how they'll "turn out." It's fun until you try to eat your own "exter-special" muffins. Then you wish you had used Mommy's old-fashioned recipe.

Thousands of parents are sharing today the disillusionment that is in store for our little cook—but on a more bitter scale. As juvenile offenders are herded into our police stations, courts and reformatories, heart-broken parents watch and wonder. What did they do wrong? Why didn't Johnny turn out to be a boy they could be proud of?

When you try to answer those questions you can't help but recall the old-fashioned recipe for raising children. It calls for generous portions of prayer, family worship, Church attendance. But more than eight million children are growing up today without ANY religious training.

When the church bells ring on Sunday morning, remember; the future of our nation, the character of our children, is at stake.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

CATHOLIC INFORMATION

THE VOICE THAT CANNOT BE STILLED
From a building surrounded by the City of Rome is raised to the world time and again the voice of a single man—a man who is spiritual ruler of almost 400,000,000 Catholics—civil ruler of a few hundred subjects in a country of some 160 acres—the Vatican State.

Often his voice is raised in benediction, in spiritual direction—raised to fulfill the obligation imposed upon his predecessor, the first pope, by the command of our Lord to St. Peter: "Feed my lambs! Feed my sheep!"—raised by authority of Him who said: "Who heareth you, heareth me."

No army or navy or air-fleet or submarines has the Holy Father. No forts or entrenchments or weapons of defense. Yet time and again his voice rings out, rebuking warlords—armed to the teeth—deploring murder and persecution and the robbing of man of his innate rights—censuring those who deny God, who make a god of the State, who make of their own race the elect of mankind.

Again and again without fear or favor, the Voice of the Vatican is raised against the enslavement of the laboring man through excessive capitalism, the slaughter of the innocent through so-called mercy-killing, the crime against man's body through sterilization, the sin against God and nature through contraception, the threat against civilization through Godless education, the ruin to family and State through divorce.

No matter how popular the sin or the error—no matter how threatening he who is rebuked, the voice of the Vicar of Christ comes forth that he who has ears may hear, that the evil may be made manifest, that men of good-will may know and act and be saved.

Peter, the first Pope, and many other Popes, raised their voices and were murdered. Our present Holy Father and his successors may suffer a like fate; but the Voice of the Papacy cannot be stilled; for that voice is the echo of another which 1900 years ago guaranteed its own perpetuity by the promise: "Heaven and earth shall pass away, but my word shall not pass away" (Mark 13:31).

Registration will begin at 9:15 A.M., and the registration fee of seventy-five cents is the admission to all conference sessions. Members attending are asked to bring a box lunch, and a beverage will be served by the College.

Mr. Parlin, who is prominent in the Methodist Church, will speak on "My Mission to Russia".

The musical program for the afternoon session will feature Jean LaRoche Nelsen, who has appeared with Chicago Symphony and Philadelphia Orchestra, and has also sung a season of concerts with the Columbia Broadcasting Company in New York. Mrs. Nelsen, at present a soprano soloist with the First Presbyterian Church in Philadelphia, will be accompanied by her husband, Marshall Nelsen, who is also a well-known musician.

Club members interested in attending the Conference may contact Mrs. Charles F. Heard, DREXEL 6-5842, or Mrs. William A. Konrad, DREXEL 6-1476.

The Garden Department will meet Monday, September 17, at 8:15 at the Cannon Ball House on Morris Avenue. Corsages will be made by department members, and all attending are requested by the Chairman, Mrs. Harvey Sommerer, to bring flowers from their gardens, such as asters, zinnias, marigolds, etc. All Club members are welcome! Hostesses for the evening will be Mrs. William Mojis and Mrs. Louis Schneider.

Mrs. Fred Spangler, Chairman of the Drama Department, reports that her group held their first meeting on Monday evening, September 10, at the Cannon Ball House, where plans were made for the year. Hostesses were Mrs. Lee Andrews, Jr. and Mrs. Charles Schaffernoth.

The official dedication of the new chapel of the Church of Jesus Christ of Latter-Day Saints will take place next Sunday afternoon at 4:30 p. m. Ezra Taft Benson, Secretary of Agriculture in President Eisenhower's cabinet, will participate in the dedication and will offer the dedicatory prayer. This will mark the completion of the first full scale ward chapel in the state of New Jersey. These live not only in Short Hills but in the surrounding towns of Summit, Springfield, Millburn, Livingston, Maplewood, Union, Chatham, Madison, Morristown, as well as the Oranges, Newark, and Rahway and Linden. Your Library

William Shakespeare, who so delighted the mass audiences of his own day, is again riding high on the cycle of popularity. Two summer theaters, Stratford, Ontario and Stratford, Conn. have produced his works for several very successful seasons. The Stratford, Conn. company are to bring some of their repertoire to Broadway in January. Some of the plays have been acted on television. To everyone's surprise, Dr. Frank C. Baxter's Sunday Shakespeare lectures on television received one of the highest ratings and won the Emmy award. For people interested in discovering reasons for Shakespeare's eternal popularity, the Springfield Library has some helpful books. Either "An Introduction to Shakespeare" by Marchette Chute, or "Shakespeare and the Players" by Walter Hodges make a good beginning. Young people might like to start with the stories in the "Lamb's Tales from Shakespeare." Marchette Chute, who has done so much by a simple and straightforward approach, to rescue the Bard from woods of scholarship has retold some of the stories for older readers. Miss Chute has also written his biography, in "Shakespeare of London" and a story for teen-

Russel's Now Handling Popular Line Of Clothes

Local "Beau Brummels" are in for a field day with the arrival of a complete Hart, Schaffner & Marx collection at Russel's Men's Shop, 261 Morris ave., Springfield. This latest asset to Springfield's male sartorial elegance arrived last week and is now on display in Russel's showrooms.

Tom and Russel Lyons, owners of the local men's shop, predicted their operation, on its founding 8 years ago, toward bringing local customers only outstanding merchandise. The standards have been rigid for material and workmanship, and is reflected in the

names of the brands carried by the shop. Hart, Schaffner and Marx is the latest nationally acclaimed label to be retailed at the store.

The new Hart, Schaffner and Marx collection will include suits and coats of imported and domestic fabrics. The most popular fabrics such as tweeds, flannels, sharkskins, and worsteds will be well represented. As always Russel's staff will provide expert fitting, and alterations if necessary.

Other portions of the store are devoted to the complete outfitting of customers with nationally advertised dress and sportswear.

Holy Name Society Holds 1st Meeting

A meeting of the Holy Name Society was held on September 10, 1956. The turnout of only 42 members was rather discouraging, considering there are 1200 families in the parish.

Father Edward is the new moderator and in his welcoming speech urged all the men to join and support the Holy Name and keep it alive. The meetings of late have tended to become "stuffy" consisting of reports, old business, new business, and work details.

This year will be the year for the change. The moderators, officers and chairman of the Holy

Name are going to make a meeting of the Society one which the men of the parish will enjoy going to rather than sit home by the TV set watching Sid Caesar, Mervin and etc.

So we again urge all men of St. James parish to join and attend the meetings on the second Monday of every month.

The new officers for this year are: President, Al Kirby; Vice-President, Bob Pennella; Treasurer, Frank "Bonded" Edwards; Secretary, Russ Nixon; Corresponding Secretary, Richard McDonough; Entertainment, Chairman, Bill Burns, who promises to furnish top notch entertainment for every meeting; and Publicity Chairman, Jim Cornelisse.

The contents of the meeting outlined the calendar of events of the year the first being the Holy Name Parade on October 14th. Three days prior to this the St. James Parish will have for the first time a "Triduum" which is a spiritual preparation for the Holy Name Parade. The Triduum will be held October 11, 12 and 13th at 8 p.m.

An event for the December meeting will be the Smoker which promises to be better than ever. It is planned to have the Communion breakfast on the first

Sunday in Lent. This will clear up the confusion that prevails when it is held on Mother's Day and in that way hope to attain at least 100 people for the Communion breakfast.

Because of the success last year, the men of the Holy Name have decided to "press their luck" and attempt their second annual showing of the Passion Play during the Passion Week.

Another important item on the calendar is the St. Patrick's Day party which will probably be held on Saturday, March 16th.

After the meeting refreshments were served by "Mess Sergeant" Jack Lisa, "Corporal" Frank Courtney and "Private" Art McDevitt.

Basil Rathbone Is Hit in "Heiress"

Two theatrical veterans and one comparative newcomer to the stage are gathering all sorts of plaudits for themselves these days at Frank Carvington's Paper Mill Playhouse where "The Heiress" opened a two-week engagement last Tuesday evening.

The Ruth and August Goetz play, based on Henry James' popular novel "Washington Square" will be shown at the Millbury theatre through Sunday evening, September 23rd.

The two veterans in the cast are Basil Rathbone, who is starring as Dr. Austin Sloper, a role he created in the original Broadway production, and Dorothy Sands, featured as Lavinia Penman, aunt of the young heiress. The newcomer, who gives every indication by her present performance of making a splendid name for herself in the theatre is Sallie Brophy, who is cast in the title role.

"The Heiress" is a sound and interesting play with intelligence and an honest core of bitterness to it. It is never maudlin and is sometimes almost painfully moving.

Dr. Sloper, tormented by the memory of his wife whom he loved deeply, and who died in giving birth to his daughter Catherine, makes the girl's life miserable because he doesn't love her and keeps reminding her how unattractive she is. Eventually she finds a suitor she believes is really in love with her, but her father threatens to disinherit her if she accepts her only chance at love and marriage. He tells her, quite honestly, the fellow is only interested in her fortune.

Harvey Soin brings a smooth charm to the role of Morris Townsend, the designing scamp, who hopes to marry Catherine for her money, but quickly backs out when he learns of the disinheritance.

Mr. Rathbone has directed the play with a sure hand, in which chore he had the assistance of Mr. Herrington. Herman Rosse designed the very attractive parlor in a fashionable house in New York's Washington Square about 1850.

TAKING CARE OF YOUR GARDEN

By Edward A. Cardinal

Chairman, Springfield Shade Tree Commission

It is now time to seed and renovate your lawn. Warm, moist weather will germinate the seed quickly and the grass can become well established by winter. Don't delay seeding or you will run into trouble with slow germination.

QUESTION: What is the first step in renovating my lawn?

ANSWER: Assuming that you have gotten rid of crabgrass, the next step is to rake as much dead grass and other debris out of the lawn and scratch up all bare spots. There is a small hand type aerator, that is excellent for roughing up bare spots and will save valuable time. Next step is to apply lime and a good grade of fertilizer over the entire lawn and water in. Seed can then be spread over the thin, or bare spots and a top dressing of peat or humus applied thinly over the seed to help keep it moist. Water daily until the seed germinates.

QUESTION: Is it necessary to scratch up the hard soil before seeding?

ANSWER: Yes. Just remember that bible quotation, "and some seed fell upon fertile soil and multiplied a hundred-fold." Seed will not root well in hard packed soil.

QUESTION: My lawn looks beautiful. Is it necessary to grub-proof now?

ANSWER: By all means grub-proof your soil. Your lawn can

look fine this week and be a total loss next week without any advance warning. If you have seen starlings, a dark colored bird, on your lawn it is a sure sign of grubs. Sometimes you may notice hundreds of tiny holes where they have been foraging for beetle grubs. In the Springfield area Japanese beetles have been very plentiful and the eggs which were laid in your lawn a short time ago are now hatched into a small white grub that is eating the grass roots. When the roots have been completely eaten your lawn will die.

QUESTION: Do grubs effect all lawns?

ANSWER: The better the lawn, the more chance of finding grubs.

The cost of treatment is less than \$1 per thousand square feet, so it is not wise to neglect grub-proofing if you value your lawn.

QUESTION: Where can I get literature concerning lawns?

ANSWER: Write to me in care of the Springfield Sun, or to the county Agricultural Agent.

QUESTION: How is grub-proofing applied to a lawn?

ANSWER: It can be applied in liquid form with a sprinkling can or sprayer and a dry powdered form can be applied with a fertilizer spreader. It is also available mixed with an organic fertilizer for easy application.

Sorge Urges All Drivers Be Alert for School Buses

Now that vacation days are over for most youngsters in New Jersey, motorists were urged today by Chief of Police Albert A. Sorge to be alert for child pedestrians and in particular to watch out for the familiar yellow school buses or other buses with the official yellow school bus signs.

He emphasized that many children do not know, or have forgotten, safety rules and consequently adults behind the wheel must do the youngsters thinking for them.

Chief Sorge issued the reminder in directing attention to the state school bus law. When approaching a school bus halted to take on or discharge passengers, motorists should maintain traveling in either direction are required to stop at least 10 feet away and to move only after the children have entered the bus or have alighted and reached a place of safety.

"The law allows only two exceptions in the interest of preventing needless delay and congestion. On multiple-lane highways where there are physical separations, such as dividing safety islands, the law permits drivers approaching a stopped school bus from the opposite di-

rection on the other side of the separation to pass at not more than 10 miles an hour," he continued.

Also, when a school bus is taking on or discharging children at the curb directly to a school situated on the same side of the street, so that youngsters do not have to cross, drivers may pass at 10 miles an hour.

The record high total of 3,646 arrests in 1955 for violations of this school bus law in New Jersey indicates that many drivers are unfamiliar with the law or are not alert for such vehicles.

PTA Scores Grand Slam; Wins League and Playoff

The P.B.A. completed what might be called the "Grand Slam" in the Springfield Softball League. Last week the P.B.A. added the Playoff Championship to their already won League Championship. They defeated Carpenter Steel in two straight games, 12-8 and 11-6. Carpenter Steel had previously defeated Strubbe's the week before to gain the right to meet the P.B.A. in the final round.

The story of the first game was the heavy hitting of the P.B.A. The game was featured by the home run display of Curt Merz, P.B.A. rightfielder. Merz hit three consecutive home runs, each one with a man on base. It also seemed to be a day for triples as four were picked up by P.B.A. batters, two for Ed Ruby and one apiece for Vin Altieri and Scott Donington. The starting and winning pitcher for the P.B.A. was Al Zimmer. Joe Pepe started for Carpenter Steel and was relieved by Tony Marko, who finished up. Marko also hit a home run to lead the Carpenter batting attack.

The second game was not so much heavy hitting by the P.B.A., but timely hitting. Through gut game the P.B.A. batters did all their hitting when men were on the bases. Vin Altieri paced the attack with three hits. Vital hits for the victors were delivered by Ed Ruby, Al Zimmer, and Ralph Cassio. Scott Donington did the pitching for the P.B.A. and limited the Carpenter batters to five hits.

Lou Corcione was the Carpenter pitcher and he was tagged with his first loss of the season. All season Corcione was the league's outstanding pitcher and deserved a better fate than was his in this final game.
