THIS WEEK

The "Why" of National Newspaper Week

October 1 to 8 is National Newspaper Week and a good time to remember just how much we depend upon our newspapers. The theme this year is YOUR NEWSPAPER—FREEDOM'S KEY TO BETTER LIVING. Yes, your newspaper unlocks the door to a richer life for everyone.

Look at some of the symbols of progress in your community—schools, playgrounds, hospitals, roads—and the chances are that many of them came about as a result of stories carried on the pages of your newspapers. Your newspaper is Freedom's Key to Better Living. As a force it has no equal but it costs but pennies a day. Certainly a small price to pay for progress.

Think of all the goods you've ever purchased as a result of an advertisement in your newspaper and you can quickly understand why newspapers are so vital to the American economy. Our nation's business system is built on moving goods and newspapers are helping to move goods, to create jobs, to build prosperity for Americans.

Your newspaper is freedom's key to better living. It unlocks the door to a richer life for everyone.

In this country the concepts of a free press and a free society developed together. Because it is free the American newspaper has been able to broaden its activities and to meet new demands as the nation has grown. Today the newspaper fulfills a myriad of functions.

Homemakers' pages contain helpful facts. Women read these pages to learn how to prepare a delicious meal or remove an ink spot from a carpet.

The advertiser promotes his products in a field of open competition. The more he advertises the more he sells and the more he sells, the lower he can reduce prices. Factories, production and payrolls grow. Bigger payrolls result in more prosperous communities and a stronger nation.

Businessmen study success and failure.

The union man studies the progress of legislation and negotiations.

Medical columns offer the advice of competent physicians who answer questions, give advice and offer suggestions, all in the interest of better health.

Local health authorities make their important announcements in the news pages.

Homes are improved by readers of the how-to-do-it columns. They mend sagging doors, silence squeaky floors, repair plumbing.

Homeowners build backyard patios and outdoor fireplaces. Apartment dwellers redecorate and refurbish.

Gardeners, both the homegrown variety and the professional, depend on the garden news to tell them what to do and how to use new chemicals that promote plant life and control insects and weeds.

News columns report with comparative objectivity on the activities of the great, near great and the common people, the meetings, conventions, speeches and interviews.

Readers learn who is sick, who died, who was born, who married, who was divorced, who took his own life, who was hurt in an accident, the tolls of disaster and the eternal efforts of the wrongdoer and his nemesis, the lawman.

Newspapers scrutinize courts, the law, politics, elections and government. They inform and sometimes arouse the electorate.

More Time For Reading

Americans have more leisure time than ever before and in turn rely on newspapers for more and more suggestions of what to do with it. The person with time on his hands automatically consults the newspaper to learn more about his hobby, the road to the beach or the ski area, for reports on spectator sports and outdoor activities—golf, fishing, hunting or hiking.

The classified advertising section provides a good market place for buyer and seller, a market place so vast as to be immeasurable and one that sometimes extends halfway around the world.

In civic promotions better living results in such projects as the construction of a playground or the control of pollution of the water and air. Political rascals are turned out. Safety campaigns are launched.

Fund raising drives set out annually to whip poverty, polio, cancer, heart disease, muscular dystrophy and similar afflictions. Their workers call repeatedly on newspapers for support. They receive it, too.

These same newspapers sponsor wholesome youth activities, such as summer camps, and in other ways keep wary vigil over juvenile problems.

Many a boy has begun a business career on a newspaper route.

A newspaper does all these things, and more. Perhaps, the most important function of a newspaper is that it brings a little laughter into the world every day.

This Resident Hasn't Missed Single Issue

While we're on the subject of home-town newspapers, we received another heart-warming pat-on-the-back this week.

John Kulp, a long time resident of Springfield at 119 South Maple Avenue, visited the new Sun office to renew his subscription and say some nice things about his home-town newspaper.

"If you will take a glance at my subscription card," said Mr. Kulp with apparent pride, "you will see that I have been a regular subscriber to the Springfield Sun since the day it started. We haven't missed a single issue since your first edition in 1929."

Thanks, Mr. Kulp, and to all the other subscribers who have been reading the Sun regularly.

When we write about Terry Dempsey's restaurant, it is usually a flock of superlatives about his garlic bread or his full rib portions of roast beef—or his efficient staff of waiters.

But one of the real high spots of dining at Dempsey's on Saturday nights is Percy Post, the Poet of the Piano, who fills the restaurant with music all night long. Percy has been playing the organ music at this restaurant for fourteen years—every Saturday night. "He practically came with the deed to the property," said Dempsey.

Percy Post is a real musician. We don't know how he measures in musical techniques but, after the usual number of Martinis, he will play the entire score of the Student Prince, if you request it, without even looking at a note. And, if nostalgia takes you even further back than the Sigmund Romberg era, Percy will play anything you can remember—even Elvis Presley's "Hound Dog."

Springfield Township officials have placed two benches very close to the bus stop near the General Greene Shopping Center where passengers may wait for the scheduled buses. This is the first step.

MOTHERS! READ THIS AND BALANCE THE DIET

As a service to mothers whose children attend Florence M. Gaudineer School—the Springfield Sun will print each week a complete menu of the meals in the school cafeteria, being prepared for the entire week.

This information will give mothers an opportunity to balance the food of the Gaudineer pupils each day and plan a proper diet for the children each day.

Bonadies Asks Law To Deter Teen Drinking

Springfield intends to meet the challenge of increased teen-age drinking by passing an ordinance that will make it illegal to possess or consume beer or intoxicating liquors in public or in an automobile.

Local Little Leaguers On Television Tomorrow Night

Springfield's Little Leaguers will be on television tomorrow night (Friday, September 28) on Channel 9.

Democratic Township Committee candidates, Francis J. Keane and Irwin Weinberg declared today that the Republican aspirants for re-election were, on at least several occasions, "not qualified to sit as a member of the municipal governing body here."

Elk Picnic Sunday

The Springfield Elks will hold their first annual family picnic at Evergreen Lodge, Evergreen avenue this Sunday.

Ground Broken On New Town Hall Addition

Actual work has started this week on the elaborate expansion program that will practically give Springfield a new Municipal Building, an enlarged Public Library and a new Municipal garage.

Ground breaking ceremonies were held Monday at noon on the green of the present Township Hall with Springfield officials and representatives of the contractors participating.

Stevenson Workers Here Very Active

The Springfield Stevenson-for-President Committee is the political phenomenon for 1956.

POPULATION INCREASE

"Currently Springfield has 14,000 population. Strict but intelligent enforcement of modern zoning regulations, expansion of the Police and Fire Departments, and cooperation with the Township Committee with the Board of Education in the development of the school system has paid excellent dividends."

Ask Re-election Of Republicans 'On The Record'

Opening their campaign for re-election, Mayor Albert G. Binder and Finance Commissioner Eugene F. Donnelly today pledged "three more years of the constructive progress which has marked the Republican administration here."

The chief executive and his running mate cited their aggregate 11 years of experience as members of the governing board. They said they are running on their record of factual accomplishments as contrasted with "a series of nebulous contradictory promises offered by their opponents."

"The hundreds of new people moving into Springfield each year, along with the older residents, have a right to expect tangible results from their municipal legislators," Mayor Binder and Commissioner Donnelly said. "Our program has attracted scores of new residents who have checked other communities before moving to Springfield. Both new and older residents can rest assured in their home investments because we have met the challenge of growth which has doubled our population in the last 8 years."

Campaign Mgr. Grabarz Sees Success for G.O.P.

Unanimous endorsement of the campaigns for re-election of Mayor Albert G. Binder and Finance Commissioner Eugene F. Donnelly featured the meeting of the Republican Campaign Committee at a capacity breakfast session in the Orchard Inn last Saturday.

TELLS OF EXPERIENCE

Turning to Commissioner Donnelly, he said, "I have had a lot of experience in the past three years."

TELLS OF EXPERIENCE

"We will continue to be on the alert for ways and means to serve Springfield better so that our Town can continue to merit the confidence which home owner, commerce and industry have bestowed upon us."

TELLS OF EXPERIENCE

"We will not stand pat on past accomplishments but will strive for continued improvement; thus, we will retain the benefits of our legislative accomplishments but will not hesitate to look ahead and to re-examine our legislation in the light of ever changing conditions and needs. We will legislate for the benefit of Springfield in its entirety as a social and economic unit."

TELLS OF EXPERIENCE

"Those of you who have come to Springfield, recently, as well as those who have been here for many years, are in town today because of the many benefits that our Township has to offer you. These benefits have been attained in their entirety by Republican administrators. Seven thousand new people in Springfield in the past 6 years can't be wrong. Your home investments in the Township evidence your judgment that we have a good town, well planned and soundly administered. We submit for review our accomplishments. Our views—not our opponents' words—have put Springfield on the map. With your continued support we will continue to work for you 12 months a year. We will not content ourselves with vocal gymnastics, annually 6 weeks immediately prior to Election."

TO SHOW STUFF AT EBBETT'S FIELD. Pitchers of three Springfield Youth League clubs selected to participate in the televised Happy Felton's program prior to Dodger game tomorrow night. They are, left to right, Richard Blafer of the Lions Club team, Billy Bucklew who starred with the American Legion team, and Barry Becker of the Rotary team, local Youth League champions.

More Than 500 New Voters Registered

More than 500 new voters will be eligible to cast their ballots in Springfield this coming election, according to an estimate made by Mrs. Eleonore H. Worthington, Township Clerk.

"Since September 13," said Mrs. Worthington, "when our offices were open until 9 p.m. an average of 50 voters have been registered. It was 53 last Monday night and tonight, which is the last for registration, should bring out a record number."

"We are only guessing at the 500 number. It may be much more but the exact figure can only be announced when the County Board of Elections sends in its report. The office has been very busy registering new voters and we feel the publicity urging the newcomers to get on the permanent books has done its work."

More than 200,500 Union County residents, a new record, are registered to vote Nov. 6, the Board of Election revealed yesterday.

And citizens still are flocking to the courthouse and offices of municipal clerks to become eligible to cast ballots on Election Day, according to R. Schuyler Bogart, chief clerk of the Union County Board of Elections.

The number of registered voters was 227,008 when the offices opened for business Monday morning. Since then more than 3,500 persons have signed the registration books, Mr. Bogart said.

The registrations already have passed the previous peak of 224,103 set in 1952. The election board also expects the final figure to be between 235,000 and 240,000.

The record registrations may force the election board to em-

ploy more voting machines than the 400 slated for use Election Day. The decision will be made when the registrations are counted following the deadline tomorrow night.

The election board hoped to keep 15 machines in reserve for emergency use. Some of these may be pressed into service, however.

The board also will conduct a district-by-district study with a view to possible changes in the number of machines to be assigned each district. Fifty-six districts are slated to have two machines instead of one.

The alignment may be changed however, if some districts slated to receive only one voting machine are found to have more registered voters than others—scheduled to have two machines.

County Clerk Henry G. Nulton revealed his office already has received requests for more than 1,700 absentee ballots, the largest number of applications in Union County history.

The county clerk reported 862 requests for absentee ballots have been received by Union County residents, serving in the armed forces. The applications still are coming in fast, he added.

Requests for ballots from civilians who expect to be out of the state on Election Day have not yet been counted, but it is expected they will equal or exceed the number of military applications.

Civilians can request absentee

Voters League Begin Finance Drive Monday

Mrs. Bernard Borrus, chairman of the finance committee, announced that the Springfield League of Women Voters launched its three week finance drive on Monday, September 24.

The League intends to utilize this finance drive not only as a means for collecting necessary funds but also as a medium for informing the local citizenry as to the important role this organization plays in their government.

Fund raising volunteers will call upon as many prominent members of the community as time and energy permit. League members are exceedingly anxious to discuss and explain the work of the League not only on the local scene but also on the state and national levels.

Any persons who are not applicants until Oct. 29, eight days before the election. Military ballots are available at any time, provided they can be returned Nov. 6.

Two Youths Fined, Put On Probation

Sixteen fines were handed down in Municipal Court Monday including the placing of two Springfield youths on probation for a prank on Sept. 7.

Robert Martin, 19, of 137 S. Maple Ave. and William J. Lynn Jr., of 143 Ticker Ave., were both fined \$30 and placed on probation for a year for violations of the peace ordinance.

Police reported that the youths had removed flares and road blocks from construction work at Milltown Rd. and Meisel Ave.

After Martin and Lynn testified that he was not involved, Judge McMullen acquitted a 19-year-old sailor from Union.

The other fines were for traffic violations.

Homemakers To Hear 5 Lectures

Springfield families have been invited to attend the "Young Homemakers' Series" of lectures sponsored by the Union County Extension Service this fall.

Five lectures on domestic problems will be given in the Demonstration Room of the Court House in Elizabeth. Mrs. E. E. Arnold, 36 Sevrna ave., Springfield, has been named to answer any questions regarding the series at DR 6-6627.

The schedule to be held from 1:15 to 2:45 on Tuesday runs as follows:

- Oct. 23—Inexpensive Entertaining.
- Oct. 30—Budgeting Your Dollars and Cents.
- Nov. 13—Holiday Food for the Family.

Nine Pre-Teen Dances have been scheduled by the Woman's Club and Recreation Commission for the Florence Gaudineer Gym this winter.

FRIENDLY TABERNACLES

The author of the 84th Psalm was a great lover of the earthly habitations of God. The temples, shrines and holy places of Israel were his chief delight. He found them friendly, inviting and comforting to his soul.

In one of his moments of spiritual ecstasy he broke forth in song: "How amiable are thy tabernacles, O Lord of hosts!" he sang. "My soul longeth, even fainteth for the courts of the Lord."

There are millions today who look upon God's earthly houses — the churches of the land — in much the same way. They are glad when the church hour comes and they can mingle with others in worship and spiritual fellowship.

The church around the corner or over in the next block is not a cold and formal place, once you come to know it. It breathes friendliness and sympathy. It comforts and inspires and points the way to a kind and loving God.

Come to Church on Sunday and enjoy the fellowship of God's people.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

YOUR LIBRARY

The fall program at the Free Public Library of Springfield is marked by the opening of the Pre-school Story Hour. It brings the return of the ever popular storyteller, Mrs. Dean Widmer. Mrs. Frederick Schumacher will assist her as she did last year. The first story will be on October 5.

The time is the same as last spring; one session at 10 A.M., and a second at 11 A.M. Because the number of telephone inquiries indicates there will be more than capacity enrollment, twenty tickets will be issued for each hour a week in advance. Those for October 5 are ready and may be picked up any day. Simply request them from the librarian at the desk in the adult department.

Since the Story Hour is taking such good care of the small children, it seems time to think of adults. Recently a number of books of interest to women have been added to the collection. These include all types of activities in the home and in club, church and community organizations.

Those primarily interested in churches have a wide choice of materials; for history of the church and various denominations, biographies of religious leaders, stories of missionaries, all can have a place on their programs. Inspirational books for daily living, personal devotion, and readings for group worship are almost too numerous to name. A very fine new book of meditation called "Moment by Moment" is arranged by Margaret Applegarth. It might be very helpful to anyone planning a few minutes of worship.

Although Jane Kirk never loses sight of the spiritual side of church activity, her book "Group Activities for Church Women" gives practical advice about committees, gatherings for fun and fellowship, decorations, and services to commemorate special occasions.

One book called "Making Money for Your Church" by Knowles sounds as if it was written for church women but has a list of products to sell and other ideas which can be used to bolster the treasury of any type of organization.

All groups, likewise, are interested in handbooks on procedures of the type similar to "Robert's Rules of Order." "Parliamentary Law at a Glance" by E. C. Cutter is a good concise book to have before you when conducting a meeting. Other titles in this list are "The Clubwomen's Book" by H. M. Avery and F. W. Nye, "A Club Member's Handbook" by Lucy Rand and Harold V. Milligan, "How to Run a Club" by Harry Simmons, and "101 Ideas for Clubs" by R. B. Stern.

"How to Work with Board and Committees" by Louis H. Blumenthal has a very general appeal. These are just a few of the books to be found in Springfield's Library. By consulting the card catalog, other books will be found that will fit individual problems. Next week the column will list books of special interest to home makers.

Plans are being made for "CANDIDATES NIGHT" on October 18th at the Florence Gaudineer School. All candidates for township committee will be on the platform to present their views and answer questions.

Everyone is cordially invited.

Women's Club News

At the first fall meeting of the Springfield Woman's Club, to be held at the Edward V. Walton School on Wednesday evening, October 3, the guest speaker will be Madge Ashley, who has been very highly recommended by a number of other New Jersey Clubs where she has spoken. She was born and educated in Shanghai. Her father, Major Charles Ashley, played a very prominent part in the life of that city. As Chief Engineer of the famous Shanghai Volunteer Fire Brigade for thirty years, he officially met most of the notables who visited the Fort.

Miss Ashley was educated in the largest school in Shanghai, where she graduated with top honors. She was secretary to various American Consuls in Shanghai, and later was with an International Oil Company, where she had an opportunity to know important people from all over the world.

Her material about life in China is inexhaustible, and she is able to bring her audience very close to the real Chinese people, two of whose dialects she speaks. In addition, she possesses a lively, dramatic talent and a sparkling personality, which make the character sketches, with which she breaks her factual lectures, a pure delight. Her costumes and accessories are beautiful and authentic, and she presents one of the most unusual programs on the stage today. In this delightful lecture, Miss Ashley describes the high spots in Chinese life, the betrothals and births, weddings and funerals, as well as the day by day living of the people.

The Executive Board of the Springfield Woman's Club met Wednesday evening, September 26, at the Cannon Ball House. Hostesses were Mrs. Watts D. Chapin and Mrs. Edward A. Murdock.

Plans for the Christmas program and bazaar were discussed at the monthly meeting of the Music Department, held at the Cannon Ball House, September 20. The Chairman, Mrs. Stanford M. Hettinger, was hostess, and co-hostesses were Mrs. Thomas Argyris and Mrs. Theodore Stiles. Members are urged to attend the next meeting of the department, which will also be held at the Cannon Ball House at 8:15, October 4.

Don't fail to hear Madge Ashley, a very attractive and interesting speaker, as she tells about "Family Life in China" at the first fall meeting of the Woman's Club Wednesday evening, October 3, at 8:15. The meeting will be held at the Edward V. Walton School.

Church Army Lady To Speak To Group

St. Stephen's Evening Group will hold their regular monthly meeting on Tuesday, October 2nd at 8:15 p. m. in the Parish House. The Group has changed their procedure for the year, the first Tuesday is the social meeting with speakers and demonstrations and the third Tuesday is the all business meeting.

The speaker for the October meeting is Sister Gretchen H. Kightlinger of the Church Army. Her talks are always very interesting and enjoyable. All women are cordially invited to come to hear her. The Group has extended invitations to several churches for their Groups to attend this meeting.

Hostesses for the evening are Mrs. Hugh W. Dickinson, Mrs. Albert H. Pfirrmann, Jr. and Mrs. S. H. James.

On October 18th the annual Parish dinner will be held and all the church organizations are co-operating on this affair.

it is hoped, towards a permanent bus shelter at that point, and more of these benches where shoppers may sit down for a few minutes to rest tired feet.

Remember the old country store with its pot-bellied stove, cracker barrel and ring of old battered chairs around that stove? Those simple gestures of hospitality brought the stores a lot of good will... not that we're recommending that all of us business people install pot-bellied stoves and cracker barrels, but wouldn't our out-of-town friends be pleased with a chair or two in some out-of-the-way corner of our establishments? We might be surprised how good a business-builder such a corner would be.

Mrs. Dwyer Spends Full Day Here Meeting Friends

Republican Assemblywoman Florence P. Dwyer who is opposing Congressman Harrison A. Williams, Jr., for the Sixth Congressional seat, spent a full day in Springfield Tuesday, shaking hands with old friends, making many new ones and attending a series of teas and parties held in her honor here.

Mrs. Amy Bandemer, local Republican leader who is working for Mrs. Dwyer's candidacy in Springfield, arranged for the series of house parties where she was able to meet a great number of new people and tell about the progress of the campaign.

Parties were held Tuesday for Mrs. Dwyer at the homes of Mrs. Alice Cosgrove, 115 Maple Street; Mrs. Gladys Beardsley, 163 Tooker Avenue; Mrs. Anne Davenport, 42 Edgewood Avenue; and Mrs. Herbert Bartholomew at 24 Forest Drive.

Mrs. Dwyer, always a great campaigner, went in and out of

Morris avenue stores where she talked politics to merchants and customers and greeted friends on the street during her tour between the parties.

"I understand that my Democrat opponent Mr. Williams made the statement here several weeks ago that I was attempting to ride Ike's coat-tails," said Mrs. Dwyer in a statement issued at the end of the day. "I would like to point out that in 1953 Mr. Williams ran as a 'Case kind of candidate' but in 1954 ran as a 'Candidate supporting Eisenhower'."

"His voting record in the Congress has proven that he has been neither a Case kind of candidate nor an Eisenhower kind of candidate, even though he rode their coat-tails to victory.

"Today, by his own admission, admits he supported Truman in 1948 and Stevenson in 1952 and is actually working for Stevenson now. Why does he not then wear his party label for all to see rather than dropping his party

label on billboards for expediency sake."

Mrs. Dwyer stressed what she termed "two outstanding phases of President Eisenhower's administration."

The two phases, she said, were: integrity in government. A sincere concern for the nation's health problems.

"The Democrat administration under Harry Truman was more venal, corrupt and deceitful than any administration in the history of the United States," Mrs. Dwyer said. "Republican candidate for Congress in the 6th District—said."

"When President Eisenhower took office nearly four years ago, the record of corruption threatened to poison the entire United States government."

"By 1954, court records showed a total of 22 major scandals involving the Truman administration and centering on the White House itself during the Truman years," she said.

"There were 78 major scandals in the Department of Agriculture, 48 in the Bureau of Internal Revenue, 19 in the Department of Defense, 10 in the Reconstruction Finance Corporation, nine in the Department of Justice, five in the Post Office Department, and dozens of others in almost every agency and commission operated by the Democrat administrations."

Mrs. Dwyer pointed out that "as Republicans, we can be proud of the people who have admin-

istered the nation's affairs since 1953."

"President Eisenhower made it clear from the moment of his nomination that he would strike with speed and justice at those who defrauded their nation," Mrs. Dwyer said.

"He made it clear to men and women of his administration that he would not tolerate the slightest corruption or graft—and he has set an example of service to the American people unparalleled in our time."

Turning to the Eisenhower administration's record in the field of health—highlighted by establishment of the Department of Health, Education and Welfare—Mrs. Dwyer declared that the Eisenhower program "gives constant impetus to the battle against disease and disability."

"In the field of health, I believe there must be expanded federal aid for the construction of hospitals, with special emphasis on low-cost care of chronic diseases and the special health problems of older citizens," Mrs. Dwyer said.

"I also believe there must be increased research funds by government to intensify the fight against cancer, mental illness, heart disease and other major killers of mankind," she said.

"I also stand firmly behind expansion and improvement of voluntary health insurance and federal assistance in the building of facilities for the training of more physicians—and scientists," Mrs. Dwyer said.

Levine and

his family, Mrs. Shirley Levine and their two children, Debbie, age 5 and Daniel, age 2, moved into their new home last Monday. They formerly resided at 545 Morris Avenue.

Mr. Frank Hydorn told how the Summit Y.M.C.A. offers fourteen courses in adult education and described the opportunities for recreation for the different members of a family.

The speakers shared with the audience their knowledge of the recreational facilities and other facilities which could be made use of by Springfield families in event of an emergency. The facilities described were limited to

Blood Donor's Help Send Patient Home

Mrs. Delmar A. Tappin, 37 Maple Avenue, who has been at Overlook Hospital with an illness requiring regular blood transfusions, is now back home, although still under doctor's care. Mrs. Tappin has sent a note to the Springfield Sun, which is printed below, thanking all those who helped her during her stay at the hospital especially the residents who became blood donors when an appeal was made for help.

The Springfield Sun published an appeal asking residents of Mrs. Tappin to give blood at Overlook Hospital because of the amount needed by the patient. The response was so great that, according to the hospital officials, "the switchboard was clogged with Springfield friends of Mrs. Tappin offering blood for

needed transfusions." Following is Mrs. Tappin's letter of thanks:

I wish to thank you for your kind cooperation and help during my recent illness at Overlook Hospital. Your plea for blood donors on my behalf met with a fast and warm response. I also wish to thank the many people of Springfield who responded to your appeal so quickly.

I came home Tuesday from the hospital and am convalescing satisfactorily. I am proud to be part of a community like Springfield.

Sincerely yours,
Mrs. Delmar A. Tappin,

BLACK STARR & GORHAM

243 MILLBURN AVE., MILLBURN, NEW JERSEY

Congressman Harrison A. Williams has announced that the Small Business Administration in cooperation with a local civic organization will conduct a meeting of small businessmen from the State of New Jersey and adjacent areas in Trenton on October 2, 1956 from 9 a. m. to 5 p. m. The meeting will be held at the Veterans War Memorial Building.

Mr. Williams said, "Top officials of the SBA and of the military and civilian procuring agencies of the Government will be present. Opportunities and procedures of participating in Government contracts will be thoroughly explained.

"Current bid invitations, specifications and drawings will be available for examination. In addition, there will be exhibits of the actual items being procured by these Government Departments. Procurement officers from various Federal Government Departments will describe how small business concerns can obtain a fair share of Government purchases.

"I believe many businessmen in Union County will want to take advantage of this opportunity. Details can be obtained from my office in the Elizabeth Post Office Building (Elizabeth 4-4636).

The Young Republicans of Union County are in the process of starting a chapter here in Springfield and should like to take this opportunity to invite all persons between the ages of 20 and 40 to join the Young Republicans.

Persons interested in joining the Springfield Young Republicans or desiring further information should contact either Jack Whitaker, the County Chairman, at CRestview 3-3146 or myself at

The POLITICAL SCENE

DRexel 6-2081 after 7 p. m.
"Yours sincerely,
Elizabeth L. Cox
State Delegate
Young Republicans of
Union County, Inc.
47-C Flemer ave.
Springfield.

James E. Mitchell, of Mountain-side, today announced that he is calling a special meeting of the Executive Committee of Good Government Republicans to discuss the "startling disclosure last Saturday that Democrat Rep. Harrison A. Williams Jr., has been making false claims of supporting President Eisenhower's administration."

Mitchell pointed out that Bernard M. Shanley personal aide to President Eisenhower, told a Republican meeting in Plainfield that he had come directly from the White House at the request of President Eisenhower.

"Mr. Williams last week stated that people high in the administration have called me very often to support administration bills," Shanley told the meeting.

"President Eisenhower asked me to set the record straight on this for the people of Union County who might be misled by such statements. The administration never has asked Mr. Williams to support or sponsor administration legislation—and the true facts are that Mr. Williams' record clearly shows that he has not supported the administration on key issues.

Mitchell pointed to the statement by Shanley—one of President Eisenhower's closest advisors during the past four years—as "shocking proof of the lengths to which Mr. Williams is apparently going in his attempt to convince Union County Voters that

his heart belongs to Ike."
Mitchell said the Good Government executive committee will meet to call upon Mr. Williams to prove, item by item, his claims of sponsoring or supporting administration bills at the request of persons high in the administration.

"Time after time, Mr. Williams has neatly avoided replying to published challenges of his record as well as his conduct in office," Mitchell said.

"If Williams is to merit the support of many independent voters who look to Good Government Republicans for guidance, he must now answer a series of questions that will be asked of him by this organization."

Democrat Rep. Harrison A. Williams Jr. today was accused by the Young Republicans of Union County of being "a headline-happy Congressman with a full scrapbook of press releases and an empty record book as a lawmaker."

"Mr. Williams in this campaign repeatedly has asked the voters to look at the record," John K. Whitaker, president of the Young Republicans of Union County, said.

"The Young Republicans heartily endorse that suggestion—and upon looking carefully at the record, this is what we have learned with amazement.

"During his three years in Congress, Mr. Williams has not been successful in passing a single piece of legislation except one special interest bill dealing with a refugee."

Whitaker noted that "this blank record is even more amazing when one realizes that Mr. Williams had the benefit of a Demo-

crat-controlled Congress to help him push legislation. He has sponsored during the last two years."

"The true stature of a legislator can be measured by the laws he or she writes and his or her ability to successfully work for action on the legislation," Whitaker said.

"A study of Mr. Williams' news letters shows repeated instances where he discusses legislation he has sponsored and in which he assures Union County voters that he expects action on his bills to be forthcoming in the near future," Whitaker said.

"Yet, the record shows that the action Mr. Williams promised never was forthcoming. The only conclusion a discerning voter can draw is that Mr. Williams—despite his bulging scrap book—has given Union County ineffectual representation in Congress."

Whitaker pointed out that "Williams' blank record is in direct contrast with the record of high legislative accomplishment achieved by his Republican opponent, Assemblywoman Florence P. Dwyer," Whitaker added.

"Mrs. Dwyer, during her seven years in the State Legislature, has done more than merely support legislation with her vote. She is a forceful fighter, successfully sponsoring outstanding legislation in the fields of education, narcotics control, control of the sale of inflammable materials, equal pay for women for equal work and other problems of the people she represents."

Whitaker pointed out that several laws successfully sponsored by Mrs. Dwyer—including her equal pay for women and narcotics control legislation—are now considered as models for national legislation.

"Even Mr. Williams, in one of his news letters, referred to Mrs. Dwyer's narcotics control law as the outstanding legislation of its kind in the nation," Whitaker said.

Edward O. Bauer, county campaign manager for Assemblywoman Florence P. Dwyer, Republican candidate for Congress in the 8th District, today announced formation of the Speakers Committee for Dwyer for Congress.

Edward T. Kenyon of Summit and Robert F. Darby of Westfield have been appointed co-chairmen of the committee.

Other members of the committee include Guy G. Gabrielson of Summit, Fred P. Anderson of Cranford, Beverly Hachmann and Horace Baker of Westfield, John R. Tozzi and former Juvenile Judge Libby Sacher of Plainfield, Nelson F. Stamler and Mary Kamane of Union, and Henry Waldman, Benny A. Dudek and William Jackman of Elizabeth.

Overseas Mail For Christmas Due Now
While Christmas is three months away, the Springfield post office is already making preparations for the anticipated peak period. At this time of the year Christmas packages are being prepared for overseas destinations.

Postmaster A. V. Del Vecchio recommends that due to the long sea transit frequently involved in the transmission of parcel post by surface means and due to customs inspections and other formalities to which parcels may be subjected in the countries of destination, mailings should be made as early as possible to assure delivery by Christmas Day.

Each country has specific regulations relating to parcel post packages. Furthermore, parcels must be packed adequately for the length of the journey and for the protection of the contents. Postmaster Del Vecchio suggests that information about packing and required forms be secured from the post office prior to mailing the package. Inadequately packed parcels cannot be accepted until properly prepared.

Senders can be reasonably sure that parcels mailed not later than the dates shown below will reach their destination before Christmas, the Postmaster stated:

- Far East—October 15
- Near East—November 1
- Africa—November 1
- Europe—November 10
- South and Central America—November 10

Personal Tax Forms Mailed To 300 Firms

Approximately 300 business, commercial and industry establishments in Springfield received forms this week with an accompanying letter from W. W. Layne, secretary of the Township's Board of Tax Assessors, requesting information for the 1957 tangible personal property assessments.

All those receiving the forms are asked to furnish the information to the Board of Assessors on or before October 13, 1956. The return form explains the laws of the State of New Jersey under which such taxes are collected and also warns that "if an owner of tangible property refuses to be sworn, or to answer in regard to the particulars of such property when required by the Assessor, or renders a false statement, or

last Thursday. He defeated a field of 85 contestants by seven strokes, the runnerup, Dr. Bart O'Neill of Plainfield being closest to Dr. Lull with a 41-42-83.

Dr. Lull is one of the leading golfers in this area and, while he doesn't have time to play too often, he has managed to sweep the honors in a great many contests.

Mr. Kraft's German Brass Band played for the occasion. Coffee and cake were served on the lawn. Later, the party reconvened in the gaily decorated basement of Mr. Kraft's home.

if such an owner cannot be found by the Assessor after diligent effort, the Assessor shall estimate the personal property at the highest value he has reason to suppose it may be placed."

Receipt of the request for the schedule has caused many inquiries and complete information can be given by Secretary Layne of the Board of Tax Assessors at the Municipal Building.

Following is the letter delivered with personal property tax returns enclosed and signed by W. W. Layne, Secretary:

"We are enclosing a Personal Property schedule to be filled out as provided for, as an aid to this Office in determining your 1957 Personal Property assessment. This schedule should be sworn to and returned to this office by October 15th.

For your convenience the Board of Assessors will be at the Springfield Municipal Tax Office 7:30 p.m. to 9:30 p.m. October 3rd and October 11th.

Your prompt cooperation will be greatly appreciated.

Very truly yours,

Fire Dept. Wins Prize In Parade

The Springfield Fire Department was awarded second prize at the New Jersey Exempt Firemen's 70th Annual Convention and Parade held in Bound Brook, N. J. on Saturday afternoon.

Springfield turned out with a total of 30 men composed of paid, volunteer and reserve personnel, taking with them a 150 Mack gallon pumper, the venerable hand drawn antique hose cart which won the prize and Don Palmer's antique bicycle. The local fire fighters were led by 50 piece Union Beach Community Band and scored with applause all along the line of march.

Over 15,000 people viewed the parade of more than 200 fire companies and first aid units, one of the largest ever held in the state taking more than four hours to pass the reviewing stand.

The trophy won at Bound Brook was the second in the Department's 50 year history, coming right after winning their first several weeks ago at Boonton. Deputy Chief Ormond Mesker and Volunteer Deputy Chief Art Schramm led the marchers.

In the morning a group of Springfield firemen composed of Herbert Fay, John Decker, John D'Andrea, Warren Rubin, Deputy Chief Mesker and Frank E. Harlow attended the 70th annual business meeting of the Exempt organization held at the Bound Brook High School followed by lunch at the local Elk's in Bound Brook.

Subscribers Want Books-Books-Books

New subscribers - attracted by the offer of the FREE BOOK PREMIUM - have actually swamped the Springfield Sun this week.

The Sun is offering either a cookbook, an encyclopedia or dictionary FREE OF CHARGE with every NEW paid one year subscription. The rush for these premiums started with Monday morning's mail and has been continuing all week.

And, to the surprise of everyone in the Sun, there is less call for the cookbooks than the other two. We had an idea the cookbooks would be in great demand but the encyclopedia and dictionary have been picked up by most of the new subscribers.

All NEW paid up subscribers are entitled to any one of the three books. All you have to do is to bring in the subscription, and pick up the book you select. We cannot deliver or mail the FREE BOOK. The new SPRINGFIELD SUN offices are located at 262 Morris Avenue, just opposite Center Street.

One new subscriber, R. W. Semerad of 6 Wabeno Avenue, was so pleased with the FREE BOOK that he sent in another subscription for a friend and said some nice things about Springfield and the Sun.

Editor, Sun: Kindly enter a subscription to your valued paper for Mr. Bob Vembre, 120 South Maple Ave., Springfield, delivered for the coming year at above address.

I wish to thank you for the encyclopedia you so kindly furnished.

I take this occasion to express

my pleasure in finding so many enlightening news about the Township in your publication, covering the public meetings of the Municipal Bodies, who guide the interests of the citizens, and setting forth the progress of the Township of Springfield. I can speak with interest on it, as for 36 years I was not inactive in my former residence in Passaic Township.

Being a "newcomer" here in Springfield, residing here only for six months, it is a pleasure to acknowledge the friendship and neighborliness one encounters on all sides.

I wish to commend the members of the Police Force, whose solicitude and careful supervision of the pedestrians is remarkable, especially at the street crossings. I personally experienced it. May God bless them.

Very truly yours, R. W. SEMERAD.

P.S. I think the Springfield Sun contributes its share, by giving an occasional "Pat on the Back" to the force.

Sea Breezes Blow On The Union Coast

Springfield comes close to being a seaport Sunday when American Shops launches a clothing store in the old Flagship Restaurant.

The Flagship, one mile up Route 22 from Springfield in Union, has been overhauled from stem to stern and now looks like a trans-oceanic Disneyland. Surrounded

by water, sea gulls, and weathered pilings, the ship includes more nautical decor than the naval academy.

A giant wheel and true compass keep the vessel hard on her course of east-northeast 94 degrees in Route 22. A ship-to-shore radio is in constant touch with ships actually at sea. The ship's engines rumble under the

sound of bells, whistles, and the crying of gulls. Everywhere there are oars, life rings, life boats and salty salesmen. Men's, women's and boy's clothes are also available. Sunday's bon-voyage party is open to the public who will receive a free trip to Bermuda every hour on the hour beginning at 4 bells (10 a.m.).

Democrats Charge Ground Broken

(Continued from page 1) slate that represents 'all of the people all of the time.'

People Ignored
"The voice of the government," Keane and Weinberg said, "must be restored to the people whose interests are being ignored by the political self-interests of Republican domination. For the Republicans to deny groups of citizens or even one citizen the right to be fully heard is the gravest violation of the system of democracy that can be perpetrated upon the public in Springfield."

In other campaign developments, Keane and Weinberg announced that volunteer groups of residents, comprised of both political parties, have volunteered to back the Democratic pledge to return the voice of government here to the people, with a house-to-house canvass for funds in behalf of their municipal campaign.

Want end of Bossism
Keane and Weinberg, whose platform, among other things, calls for an end to Republican bossism rule here and the termination of a Republican policy of running government behind closed doors, said the volunteer group that will seek funds from the townspeople, regardless of party affiliation, is consistent with the complete trend that the majority of Springfield residents want to help end the rule of Republicans who have placed self-political interests above the interests of the people.

"This movement in our behalf," Keane and Weinberg declared, "will demonstrate what we already have said to be a fact, namely, that the Republican regime has ignored the people too long and their time is running out."

"This tide of resentment," Keane and Weinberg stated, "is not sudden, but has developed from the long-standing Republican policy of conducting government behind closed doors, ignoring the interests of all the people and refusing to practice true democracy in a township that is a historical symbol of America's fight for independence and democratic tradition."

Democrats Charge Ground Broken

(Continued from page 1) is now pretty well on its way.

William C. Chirgottis, the architect for the entire expansion program, believes that the new Town Hall will be ready next Spring unless bad weather slows up the work.

The contractors for the addition to the Public Library also started work this week and a great deal of the excavating work has already been done.

Bonadies Ask

(Continued from page 1) Springfield lead the way in Union County in putting such a law on the books here and also ask all the other communities in the area to join in a uniform measure that would act as a deterrent to drinking by youngsters.

ASKS STATE WIDE LAW
"I am presenting this matter to the Springfield governing body," said Township Committeeman Bonadies statement, "because I believe such legislation would discourage all the stories we hear about alleged juvenile delinquency because of the behaviour of the very few."

"It is a well known fact that youngsters can drive across to Staten Island and purchase all the beer and liquor they want because of the difference in our age limits permit the sale of intoxicants to minors. We here in Springfield in all of Union County and all over New Jersey recognize this as a serious problem because of the proximity to the out of state areas where alcoholic beverages can be purchased by children under 21 years of age."

"We are not making a blanket accusation against our youngsters but because of this proximity to Staten Island, communities throughout Union County are plagued by the transient travelers and the out of town juveniles who park here and consume what they have bought in New York."

"The ordinance I would like to see adopted is not intended to point a finger at Springfield's youngsters nor do I mean to imply that there is any juvenile drinking problem and I would like to see Springfield and Union County spearhead the campaign for state wide legislation."

"In order to pass some state-wide legislation I have written

to Assemblyman Carlye Crane of Plainfield requesting that he sponsor passage of such a law in the Legislature which would make it illegal for youngsters to possess or drink beer or liquor on their way from Staten Island in public or in their cars.

"I am also writing to governing bodies of every municipality in Union County asking that they adopt ordinances. Several of New Jersey's municipalities have already introduced necessary ordinances, prepared with the aid and advice of the New Jersey Alcoholic Beverage Control. It must not be confused with the ABS law which forbids the sale of liquor to minors."

"Law enforcement officers and police departments are applauding these efforts to pass such ordinances since it gives them the authority to discourage the purchase of intoxicating beverages in New York State where it is lawful under 21 years of age."

"This is important to protect our own youngsters and I therefore move that Springfield's Township Committee instruct the Township Attorney to prepare an ordinance embodying recommendations."

Campaign Mgr.
(Continued from page 1) nelly's qualifications, Mr. Grabarz pointed out that Mr. Donnelly is a veteran having been separated from the Navy with the rank of Lieutenant Commander in World War II. He cited Mr. Donnelly's serving the Royal Crown Bottling Co. in Newark as its President and also the Commissioner's service as Vice-President of United Profit Sharing Corp. of New York, as an indication of Mr. Donnelly's background and accomplishments. Grabarz further said that Commissioner Donnelly has 33 years experience in the food business and related enterprises in an executive and

administrative capacity. The Commissioner is a resident of town 7 years, is married and has served on the governing board for the past 3 years. He is also a past Exalted Ruler of the Newark Elks Lodge.

Commissioner Donnelly has been active in civic activities. He has been president of the Babe Ruth Little League; Chairman of the Springfield Chapter, American Red Cross and is presently Treasurer of the Springfield Historical Society and a member of the Lions Club and the American Legion.

A native of Newark, Mr. Donnelly is a graduate of Pace College.

a phone for her own room! It's not a bad idea—as more and more parents of socially active teen-agers are discovering. A growing daughter—or son—is thrilled to be able to make calls without an audience. It gives them a wonderful feeling of maturity. And the parents say it's worth it just for the peace and quiet it brings. An extra phone in any part of your home is a great step-saver for everyone too. The cost? Only 75¢ a month. Easy to order—just call your Service Representative at the Telephone Business Office. P. S. An extra phone in color makes a wonderful gift for teen-agers (or anyone). By RICHY SCHWARTZ

It read Hillside 20, Regional 0 last Saturday. The score does not describe the whole game. No belly-aching but Regional did get some tough breaks. We were in scoring position at least three times but a lack of downs or penalties kept the Bulldogs from exploding.

The Hillside till did prove quite a few things though. It proved that the backfield, inexperienced and light will emerge as one of the best in the county by mid-season. It proved that Tom Strick is still doing a superb human job and will continue to do so. It proved that boys like Lopanie, Kieth, Kelsy, Cassera and "old reliable" Vinnela are going to shape up into a solid front wall offensively and defensively.

It was amusing to see Buzzy Layng, Russ Cera and Ed Rodel end up offensive yardage. Although they performed fine if they were born on a football field neither of them had ever seen varsity action before. Cera made beautiful gains on the ground and put on some excellent exhibitions of broken-field running. Layng followed his blocking well and, in the fourth quarter barreled his way over the goal line only to have the T.D. called back because of an infraction. Roder crashed again and again for yardage.

R.H.S. timing on the line was a wee bit off but another week of practice should cure that.

chena can be proud of the job he and his staff have done. Around these four boys they have gathered novices and built a football squad comparable to any in the area. With a few more games under their belts for experience the Regional Bulldogs should and will pose a threat to all opposition.

It was extremely gratifying to see so many Regional fans at an away game. You supporters can not realize how important you are in a player's eyes. When the Orange and Blue stands are full half the game is won—just ask a member of the team.

Drake Fuel Bowlers Drop 3 to Springfield Market

The third week of the bowling season has shown that some of the local teams have loosened up to their mid-season form. The Springfield Market, showed some of their 1955 class by dropping Drake's Fuel in all three games with an excellent team effort in the third game by racking a 1023 team game with Mutschler bowling a 221. Pierson a 236, and Conchar just missing the charmed circle with a 198.

Bunnell Brothers too, made it known to the league they are to be reckoned with by downing Mende's Florist team in all three games. Cuzzolino Furs did the same to the American Legion's number 2 team.

In other two out of three wins D'Andrea bested Beckmann's Market; Parkview over Brunner and Legion No. 1 team over Frank's Auto Service.

Aside from the Springfield Market bowlers who hit over 200 were: H. Burdett of Bunnell Brothers; Salzano of Cuzzolino Furs; T. Graziano and M. Sereno of D'Andrea; S. Burdett of Beckmann's Market; Doyle had a 209 and B. Bataille games of 245 and 202 for the American Legion No. 1 team.

and rates high for the Union County Baseball Association's top award. Each year Union County selects the outstanding performer from this area in organized baseball. Schaffernoth's credentials are formidable.

He could qualify as either a batter or a pitcher. He has hurled 193 innings (with league playoffs still to go.) struck out 169, walked only 69, permitted only 88 runs while winning 20 and losing 6 for the Paris (Ill.) Lakers. At the plate he has punched the ball out at a .287 clip, hit two homers, and batted in 13 runs.

He should go way up the ladder next year.

New Local League Starts 1st Season

The Springfield Sports Bowling under ABC sanction for the first time, started off the season with a bang. Harold Burdette surpassed Rud Jennings last season high of 248 with a terrific 253 which will be tough to beat for the rest of the season.

Burdette was closely pressed by Joe Pepe's 214 and J. Dominguez's 212. Joe Pepe led the 3 game series with 576 pins followed by Burdette's 569 and Dominguez's 523.
