Davega Starts Work to Double Space on Rt. 22

The Davega operation on Route 22 in Springfield which has been making history as a drive-in retail establishment—plans to, practically, double the size of its present operation.

Contracts have already been signed, permits granted and work ready to start as soon as weather permits on what will give Springfield a drive-in store with approximately 45,000 square feet on one floor with suitable parking space to accommodate many hundreds of automobiles.

This new addition will make the Springfield unit the dominant store in Davega's great national chain. The addition to Davega will permit expansion of the present variety of departments, offering greater sales facilities, with many new departments of merchandise to be added.

This will include practically everything with emphasis on complete men's, women's and children's apparel, a millinery department with the latest in styles, dress shoes for all members of the family, ladies' handbags and other accessories, infants wear—in fact, practically all kinds of merchandise except food and furniture will be offered at competitive discount prices.

Parking space for Davega's has always been an important part of the expansion program and this will provide an area to take care of the increased traffic. The present Davega unit was opened November, 1955, and has been so successful that the company has elected to practically double the space in Springfield and add new departments of general merchandise.

Springfield Is Down For \$150,000 Re-Surfacing Job

Dwight R. G. Palmer, New Jersey's highway commissioner, hasn't had time to answer the letters addressed to him by the Springfield Township Committee asking for the "elimination of the exposed trolley tracks on Morris Avenue" but a statement issued from Trenton this week indicates that an important state election is drawing near.

According to a story from Trenton in the Elizabeth Journal on Monday, the highway department has a backlog of important projects which includes "ROUTE 24 (Morris Avenue) in Springfield, \$150,000."

Just when the work will begin, the story continues, depends on whether or not the funds are made available.

S. Bryant Haas

The three incumbents—Robert G. Smith, S. Bryant Haas and Edwin G. Davenport—were elected yesterday to three year terms to the Board of Education, defeating the two independents, Mrs. Henry M. Wasung, and Raymond Baumrind.

The contests brought out an unusual heavy vote with the incumbents piling up a long lead in the James Caldwell School where eligible voters from Districts No. 1, 2, 4 and 5 cast their ballots.

Following is the official tally of yesterday's voting:

Districts	1	2	4	5	Total
Baumrind	85	206	291		
Davenport	390	191	491		
Haas	311	206	517		
Smith	368	182	491		
Wasung	97	167	264		
Total registered	6,495				
Total voted	862				

Questions: Yes No
Current Expenses 368 76
Repairs—Replacements 394 74
Capital Expenditures 283 97

Mr. Haas showed considerable strength throughout the entire Township, leading his running mates in both voting districts. Baumrind tied with Haas in the Chisholm School districts but he was beaten in the Caldwell School voting, Haas getting a total of 311 against 85 for Baumrind.

In the total vote of the third and sixth district Baumrind polled 206 votes. Mrs. Wasung was unable to muster any strength in the Caldwell School voting but made an excellent showing in the district in which she resides.

Local Heart Fund Goal At \$1,503.

Letters have been mailed to the Springfield Township industries by the Union County Heart Assn. for Mrs. Amy Bandemer, Heart Fund chairman. Springfield's goal is \$1,503.

The American Heart Assn. with which the Union County Heart Assn. is associated points out that occurrence of heart attack need not prevent a return to productive activity.

When properly placed in suitable jobs, heart patients have demonstrated repeatedly that they are subject to no more absenteeism and produce as efficiently as their normal co-workers.

Additional funds are needed for research, professional and public education and community service to assist in alleviating forms of heart diseases and correcting misconceptions of the past.

Highlight of the drive will be the Heart Sunday house-to-house collection February 24.

The man, Theodore Crutcher of 112 Hebe place, also was fined \$20 on a charge of being a non-licensed driver. He was given a summons on this charge July 25 by Patrolman Robert Taaffe. Police said he failed to answer the summons in November. He appeared at headquarters Feb. 4 at which time he was arrested by Sgt. Parsell.

Marshall R. Brosnick, of 843 E. Front St., Plainfield, and Clifford D. Wilson, 118 Orchard ter., Union, were fined \$15 each on speeding charges.

Special Church Award Goes to Local Minister

REV. BRUCE W. EVANS

By action of the Elizabeth Presbytery a special citation was awarded to the Reverend Bruce W. Evans of the Springfield Presbyterian Church for faithful and outstanding work as Chairman of the Committee of National Missions.

The citation was presented by the Reverend Richard C. Smith, Associate Pastor of the Westfield Presbyterian Church on February 10 during the Worship Service of the Springfield Church.

The work of National Missions in the Presbyterian denomination carries with it the responsibility for the care of new churches as well as those in the inner cities, and those ministering to interracial and language groups. During the chairmanship of Mr. Evans, four new congregations were organized within the boundaries of Elizabeth Presbytery.

The citation which was presented reads as follows:

"Resolved that the National Missions Committee of Elizabeth Presbytery deeply appreciates the guidance of the Reverend Bruce W. Evans who was chairman of the National Missions Committee of Elizabeth Presbytery from April 22, 1952 to December 31, 1956."

Under his direction, a working committee was fully organized and the scope of its activities greatly enlarged. He was ever-conscious

Citizens Urged To Attend Sat. Budget Meeting

Representatives of civic groups and organizations—and all taxpayers—have been invited to attend a conference in the Municipal Building this Saturday (Feb. 16) at 2:30 P. M. to discuss the 1957 budget for Springfield which indicates a tax rate of \$10.73 per \$100. assessment. (See Page 12 for all figures in the 1957 budget).

Mayor Albert G. Binder and members of the Township Committee extended the invitation to meet this Saturday to review some of the important increases shown in the new budget.

"This is not an official meeting," said Mayor Binder in sending out the call for all citizens, "nor is it to be considered a public hearing. We do not say we will have all the answers to questions on why Springfield has the increase but we will be ready to go over any of the items. Most of the increase is reflected in the costs for our school system over which the Township Committee has no control.

Our Board of Education has kept pace with the rapid growth of Springfield but we must be ready to pay our share."

Following is Mayor Binder's announcement of the Saturday meeting:

"The Township Governing Body has just completed the 1957 Budget. To the estimated expenditures for operating your local governmental departments during the current year, such as police, fire, road, recreational, library, etc., must be added the budgets of the local schools, and our share of the Regional High School and county government.

From this total, including interest and amortization of outstanding bonds, the 1957 tax rate will be determined. It appears the new rate will be approximately \$10.73 per hundred of your assessed valuation as it now appears on the Tax books. Our present tax rate is \$9.77 per hundred.

There are many extenuating circumstances that have brought about this rise, over most of which the Township Governing Body has no control.

"In view of the above I am personally inviting representatives of the many civic clubs and organizations throughout the town to send representatives to a meeting to

Will Dedicate Bronze Tablet In Springfield

Mayor Albert G. Binder will welcome representatives of historical organizations throughout New Jersey and members of the New Jersey Chapter, Daughters of Founders and Patriots of America, who will dedicate a bronze tablet at the Cannonball House this Saturday afternoon, February 16, at 2 P. M.

The historic building, now the headquarters of the Springfield Historical Society, is located at 128 Morris Avenue where a very interesting program has been arranged for Saturday's exercises with Charles F. Heard, president of the society, presiding.

Mayor Binder will greet the visitors to Springfield and Mrs. Rudolph L. Novak, President of the New Jersey Chapter of Founders and Patriots of America will deliver the address of welcome, formally dedicate the marker and make the presentation to the local society.

Mrs. William C. McGinnis, chaplain of the Daughters of Founders and Patriots, is on the program for the invocation, prayer and closing, and Historical President Heard will accept for the Society. Mrs. Herschel S. Murphy, flag chairman, will lead the pledge of allegiance to the flag.

Following the dedication program there will be a tour of the Cannonball House and tea will be served.

Membership in the Founders and Patriots is confined to those who trace their paternal lineage to a "founder" who arrived in one of the colonies between May 16, 1607, and May 16, 1687.

History of Cannonball House, Known as Hutchings Homestead

Below is result of exhaustive search conducted by Howard F. Casselman, local attorney and member of the Springfield Historical Society, tracing the early recorded history of the Cannonball House. It required months and months of intensive search through all available records and those interested in the history of Springfield will find the article below a true picture of the local Revolutionary shrine.

We are told by one source that the Cannonball House was known most usually in the early 19th Century as the Hutchings Homestead and the land on which it stood as the Hutchings Farm. The public records, as they still appear in the Essex County Register's Office, confirm this thought.

More than half a century before Alexander Robertson finally subdivided his nine and one-quarter acre farm and set apart the Cannonball House on its present lot, one Abraham Hutchings was preparing to acquire 55 acres of land in Springfield from German Ardenne and Marie Cadot Ardenne, his wife, both of whom are referred to in Deed Book R, page 347, as of Point a Petre, Isle of Guadalupe, West Indies.

This acreage embraced the Cannonball House and the above deed indicates that the Ardenne occupied the same as their residence. The property then had a frontage on the Morris and Essex Turnpike (now called Morris Avenue) of six chains and eighty-seven links (453.42') and extended as far back as the Railway River, which marked the rear line of the tract. Deed R-347 bears date June 25, 1810, and recites a consideration of \$3,000.

Didn't Make Much Profit
Whatever relative value \$3,000 had in 1810, it represented a loss to the Ardennes in this transaction because the same premises was purchased by them on January 30, 1806, from William and Mary Steele and Thomas and Abigail Sailer for \$5,000. (See Deed Book M, Page 639.)

An interesting aside at this point is to note that the acknowledgment of William and Mary Steele was taken before Andrew Wilson, one of the then Judges of the Essex County Court of Common Pleas.

Before acquiring the 55 acre tract above, Abraham Hutchings apparently had owned a smaller parcel (10 acres more or less) directly to the northwest on which he operated a tavern. He con-

SUN Rates Firms In The Area For New GUIDEBOOK

The Springfield SUN introduces a new service to readers with this week's publication of the GUIDEBOOK on page 8.

This report on the history, reputation and quality of businesses in the Springfield area is designed to aid subscribers in selecting firms which are most reliable.

The SUN reporters have done extensive research on each firm to find out what features each business offers which makes it the best buy in the area.

We suggest that the GUIDEBOOK can be put to the best use by clipping it for reference. Put by the phone book, taped to the back of a closet door, it can serve as a handy quick reference to reliable firms and services that might be needed in a hurry. We've added a list of important phone numbers to make the GUIDEBOOK doubly useful in this respect.

We welcome comments from readers on any of the firms listed in the GUIDEBOOK. They will help us further evaluate these businesses.

Groups Join In Workshop On Gifted Child Program

The teaching staff of the public schools of Springfield joined with the administration, parents, and members of the Board of Education in an all-day workshop Monday at the Florence Gaudineer School to determine the best means of providing a school program for gifted children.

In the opinion of those attending the workshop there are gifted children in our public elementary schools. At present, the teachers are attempting to meet the needs of these children through an enrichment program. It was pointed out that it is difficult to identify the truly gifted child at an early age as nursery school experience and pre-school teaching by parents sometimes make a child appear very advanced in kindergarten or first grade.

The workshop suggested a committee of school staff members including the school psychologist to serve as a testing agency to whom teachers might refer children they considered to be gifted. In addition, this committee would devise techniques which the teachers could employ to help them in determining who should be referred. Another function of this committee would be the planning of an enrichment program and the suggesting of material to help individual teachers dealing with the gifted child.

Mrs. Jane Schorr, teacher at the Walton School, opened the day's program by reviewing the background of the problem.

The morning session consisted of two one-hour group meetings to discuss the subject, "Meeting the Needs of the Gifted," and a report by Mr. James Jan Tausch, school psychologist, on what is being done with the gifted child in the various school systems throughout the country.

Reports of the various group discussions started the afternoon sessions. Mrs. Betty Powers then announced follow-up plans for the continued study of the gifted child in Springfield. Dr. Robert Polglaze, Bloomfield school administrator, who had spent the day as an observer, concluded the meeting with an analysis of the group dynamics of the workshop.

The workshop had been planned by the local school curriculum committee consisting of Miss Virginia Lewis, Mrs. Lillian Gushin, Mrs. Jane Schorr, Mrs. Betty Powers, Mr. Norman LeBoeuf, and Mr. James Jan Tausch.

More Appeals Made For Cerebral Palsy

"Whether one is rich or poor, cerebral palsy is no respecter of wealth or station in life," County Chairman Albert J. Benninger stressed as the 1957 Golden Deed Crusade for Cerebral Palsy reached the mid-way mark in a number of Union County municipalities.

"Recent news headlines," said Mr. Benninger, "emphasized this fact when front-page stories appeared about three-and-one-half-year old Prince Mashur, son of King Saud of Saudi Arabia, in which it was stated that the prince is suffering from cerebral palsy."

"It is a horrible fact that every hour at least one child is born in this country with brain damage that will cause that child to suffer from some form of cerebral palsy."

"I appeal to each family in Union County to give as generously as possible when one of this year's 'Golden Deed Crusaders' calls for your contribution. "In some places where it has been impossible to stage a complete house-to-house canvass, or where some families may have been missed during a call for con-

There is no easier way to a perfect figure than the Stauffer System of passive exercise

Read what leading fashion magazines say about the Stauffer way to slenderness:

 <p>HARPER'S BAZAAR SAYS: "Very clever mechanized tables on which you relax as you would on your own bed, while machines do your exercising for you. Controlled exercise, tailored to you and your figure. A series of these Stauffer treatments will turn you out minus the sway-back, the protruding abdomen or any of the other figure faults you'd gladly live without." The treatments take only fifty minutes and are not expensive. You start off with a consultation, when your measurements are taken, your problems discussed and you are encouraged to try a preliminary treatment. (This is completely free.) From then on, your progress is carefully watched until you have achieved the symmetrical, limber figure you want."</p>	 <p>MADemoiselle SAYS: "The Stauffer System uses four couchlike machines. They do all the work, supervised of course by the salon experts. You just lie there. The beautiful outcome is the repositioning and redistribution of flesh into the measurements most flattering for your own body structure." The Stauffer expert computes the number of fifty-minute treatments necessary to guarantee your new dimensions—many people take two treatments at a time and get the figure they want twice as fast... dress alterations can be a thing of your past. And with each treatment averaging only \$2, your dream figure is literally a bargain."</p>	 <p>VOGUE SAYS: "The word is yes—you can remake your measurements... I decided to start with the Stauffer System... lying down in perfect comfort, the machine exercises passively the vertical muscles, exerts a trimming action on hip, bulges, and tucks hips under, a first step in creating better posture... A similar table works first on the hips—then the shoulders. The shoulder action firms the muscles of the bust and arms; helps restore a good throat line and diminishes dowager's hump." The purpose of the machine is to correct posture, eliminating saggy areas where fat can accumulate; to stimulate circulation; to improve muscle tone—that means you won't be flabby any more; and to improve the process of carrying off body wastes. It makes you look and feel years younger... your contract includes a guarantee that you will lose, if you follow the plan, exactly the inches we say you'll lose."</p>

TAKING CARE OF YOUR GARDEN

By Edward A. Cardinal
Chairman, Springfield Shade Tree Commission

Last week we dealt with power mowers and will continue to answer a few more questions today. If you are considering the purchase of a power mower get it before the Spring season and you can probably save some money. If you are not interested in the very latest styles you might pick up a 1956 model considerably cheaper and sometimes get a better machine than the untried new models.

QUESTION: Shall I get a riding type power mower?
ANSWER: A riding type mower is fine for large areas and will save considerable time and labor, but for the average small home they can be a nuisance and very unwieldy. Many mowers of this type are under-powered and lack enough traction to support the weight of a person. There are a few fine models available that can be detached in seconds and this is the type I prefer. Use the

sulky for large areas and take it off when maneuvering in close quarters. This type of machine will have your boy begging to cut the grass.

QUESTION: What size machine shall I buy?
ANSWER: For small lots up to 65 by 100, an 18" mower should prove satisfactory. For lots up to 100 by 150, the 21" mower would be faster. Larger areas would probably require bigger machines. If you wish to save time. Remember, the larger the machine the more expensive to operate.

QUESTION: Can you give us a few tips on operating our power mowers?
ANSWER: Many machines coming into our shop for repairs do not start because of water in the gasoline. Never use the last cupful of gas in the can unless you check it for water. Burnt out engines are the result of improper lubrication, so change oil frequently

and check the oil level everytime you start the mower. Before cutting the lawn go over the entire area and remove stones, cans, coat hangers, etc. These articles can spring the cutting blades and cost you a sharpening job. After mowing hose off the machine and let it dry thoroughly before storing. Remove the grass clippings from the reel chain as often as necessary to prevent breaking the chain. If a stone nicks the cutting blades, stop the machine immediately and file out the nicks and save damage to the blades.

NOTE: Any questions on your mower just write to this column, care of the Sun.

CATHOLIC INFORMATION

LOUDER THAN WORDS

If you want the girl to marry you, don't sit at home reading poetry at her, or cooing pet names into her ear. If you really want to show her what you think of her, bring her a dozen cut roses—come with a couple of pounds of chocolates under your arm, take her out to the movies, and set her up to a dinner afterward. Then she'll know you think something of her—Why? Because actions speak louder than words. You've made sacrifices for her.

And somehow all human beings have always felt the same way toward God. We get tired of saying, "I love you, I love you, I love you"—of singing hymns and sitting through sermons. We want to do something for God.

We've always felt that urge. Abel sacrificed a lamb to the Lord at the very gates of Paradise. Noah hardly had his foot on dry land before he had his family scurrying around, getting an altar ready for sacrifice. Abraham, Moses, David—they all offered sacrifice. Even the Greeks and Romans had their sacrifices to Jupiter and Juno; and today, explorers tramping through the jungle and bushlands stumble on tribes, hitherto unknown, and find them offering of the Passover with His apostles, but, when His hour was come, He went up on Calvary and made the supreme sacrifice of love for the Father and mankind; He offered Himself, freely, for our sins—He the priest, Himself the victim.

But the night before He did that, He gathered the apostles, took bread, and said—Take ye, and eat; this is my body, which shall be delivered for you; this do for the commemoration of me." Taking likewise a cup of wine, He said, "This chalice is the new testament in my blood; this do you, as often as you shall drink, for the commemoration of me." (1 Cor. 11:24-25).

Catholics call this remembrance their Holy Mass. A priest takes bread and wine, offers it to the eternal Father, converts it by the power of Jesus into His body and blood and then consumes it, sharing it with the people. It is more than a prayer. It goes farther than preaching and singing. It is an action of the most intense adoration commanded by the Lord Jesus Himself. St. James Catholic Information A. L. Kirby, Chairman 14 Remer Avenue Springfield, N. J.

Drexel Area Has 15,357 Telephones

The telephone company's annual report; just released, gives some very interesting statistics relating to services covered by the Drexel central which includes Springfield, Millburn and Short Hills.

For instance, there are now as of January 1, 1957—a total of 15,357 telephones in the Drexel area as compared with 13,842 for the previous year. The average number of calls handled for the period ending January, 1956, was 56,600 which has increased to a daily average handle of 63,500 for Jan. 1957. The busiest hour of the day is from 9 to 10 in the morning.

A very significant statistic is that the greatest number of calls handled by the Drexel central was March 19, 1956, the day of the terrific snow storm. The number that day was over 300,000 which continued throughout the entire day. The next highest number of calls in a single day was last Friday, February 1, the total being over 88,600, which also came as the result of the hard snow storm. However, the height of last Friday's growth spurt was reached within a few hours.

The year 1956 was the busiest, most progressive and most productive in terms of quantity and quality of service in the history of the New Jersey Bell Telephone Company according to the company's annual report—made public today. However, the report issued on behalf of the company's board of directors by William A. Hughes, president, reveals that while records were established in almost all branches of company activity, attainment of those peaks brought serious problems.

During 1956, the company added 161,000 telephones, second highest yearly growth record in its history. The 1956 increase means that New Jerseyans now can reach 2,372,801 Bell telephones in the state—three times the number available to them as recently as 1940.

Those telephones were used by New Jersey Bell customers at the rate of almost 10,000,000 calls a day—a new record.

TROOP No. 73

On Feb. 10th, the Boy Scout troop No. 73 of St. James Parish, in keeping with the tradition of Scout Week, held their Father and Son Communion-Breakfast after receiving Holy Communion in a body with their fathers and scout leaders at the 8 o'clock Mass.

The breakfast was held in St. James cafeteria after Mass. The Mothers of the boys, and wives of the committee men, cooked and served the breakfast.

Cub Pack No. 73, were the guest of Scout troop No. 73.

Father Oehling, the troop spiritual advisor, opened the breakfast with a prayer of Thanksgiving. The boys heard an interesting talk by Mr. H. Callahan, Probation Officer of Essex County.

After breakfast, Mr. Ed Kaye, Scout Master for the troop, made presentations to two boys who were to receive their Ad Altare Dei award—Victor Tuma and Richard Getteau.

This award is the highest award given by the Catholic Church in Catholic scouting.

Leonard Scharffenberger received an award for his archery merit badge, received at camp last summer.

Mr. John Neisz, who is retiring from scouting, as Institutional Representative, also received a token of appreciation from Troop No. 73. Mr. Neisz, was a diligent worker and will be missed by all. At 3 P.M. Sunday afternoon at St. Michael's Church in Union, Victor Tuma and Richard Getteau received their Ad Altare Dei awards along with 61 other boys of various troops. This was a beautiful and impressive ceremony, and a good incentive for the scouts to work for.

The next parents night for Troop No. 73 will be held on March 5th and the committee hopes to see all the parents there to give the boys the moral support they need.

A troop committee meeting was held Tuesday evening, Feb. 12th, and plans for the future activities was mapped out.

The first will be a tour of a plastic plant on Feb. 19th. The troop will meet at 7 P.M. at the school.

The next outside activity will be a three day camping trip on March 29, 30th and 31st to Camp Winnebago.

Tell Altman's You Saw It In The Sun

B. Altman & Co. has been using the Springfield Sun for advertising its newest lush establishment on Morris Turnpike because the store would like to attract new accounts from the Township.
The Sun has reason to believe a great many local residents shop at Altman's but, those who check advertising results, have no way of knowing whether or not Springfield is doing any of its shopping at this store.
It will help the Springfield Sun to hold this advertising if all residents either open charge accounts—which Altman's will welcome—or just have it delivered.
This will enable Altman's to determine whether or not Springfield has the class of residents who would shop at such an establishment.
Please let Altman's know you're from Springfield. Either ask them to deliver—open a charge account—or tell somebody you read it in the **SPRINGFIELD SUN**.

Woman's Club News

Members of the Springfield Woman's Club had the pleasure of hearing the popular Musical Comedy team, Helga and Gary McHugh, as they gave a number of well-known selection from Broadway shows and operettas at the February 6 meeting at the Edward V. Watten School. The meeting was presided over by the President, Mrs. Charles F. Heard. After the business was concluded, delicious punch, candies, and cake were served by Mrs. Adolf Sisum and her committee, consisting of Mrs. Edward Schubert, Mrs. Frank Johnson, and Mrs. Stanford M. Hettinger. Mrs. Harvey Sommerer, Garden Department Chairman, used lovely red roses as a centerpiece for the table, with red candles in silver candelabra, and miniature red hearts scattered over the lace cloth.

Mrs. Edward Schubert, House Chairman, wishes to thank members for their response in bringing in coupons and merchandise stamps. She is especially interested in having Betty Croker coupons at the present, as she is using these for teaspoons for the Cannon Ball House kitchen. While she has acquired six teaspoons, she would like to get quite a few additional ones, and, if possible, to obtain some additional pieces of silver in the future. These coupons may be found on the Betty Croker Cake Mixes, as well as on all General Mills Cereal boxes.

Mrs. Charles F. Heard and Mrs. Stanford M. Hettinger, attended the 62nd Founder's Day of the Westfield Woman's Club on Monday afternoon, February 11. The very interesting and outstanding speaker was Mrs. Alice Leopold, Assistant to Secretary of Labor, Charles Mitchell, whom they enjoyed hearing.

On Tuesday, February 12, Mrs. Heard and Mrs. Thomas Geddes were guests of the Woman's Club of Townley at their Presidents' Day.

At the meeting of the American Home Department on Tuesday evening, February 12, Mrs. Kubach, from Mountsideside, demonstrated how to make hors d'oeuvres, how to make and cut rolled sandwiches, and also gave worthwhile pointers on proper temperatures of mixes, as well as how they should be stored, etc. Mrs. Kubach brought with her the needed materials and she made several kinds of canapes and sandwiches, after which she had members make the same. Also, she made bite-sized cream puffs, with the help of the members. Needless to say, the group enjoyed "sampling their wares."

Mrs. William Peacock and Mrs. Charles E. Miller were hostesses. Anyone having old or unused eye glasses are requested to turn these over to Mrs. John C. Pitney, Chairman of the Public Welfare Department, who will see that they are used for "Eyes for the Needy" (Christ Church, "Short Hills, N. J.). Also, any gold or gold-filled jewelry that is donated will be sold, the money for which will be used toward purchase of glasses.

The regular monthly meeting of the Garden Department will be held Monday, February 18, at 8:30 p.m. at the Cannon Ball House, on Morris Ave. The project for the evening will be the assembling of Dish Gardens. Members are requested to bring a suitable dish or container and also the plants that they wish planted therein (approximately 3 or 4 small plants to a dish). Hostesses will be Mrs. John Ganley and Mrs. William Peacock.

On February 19, at 12 o'clock, a special television program, which will be of interest to Club members, will be given on Coffee Club Time, over WATV, Channel 13. Miss Marisa Navarro and Miss Doris Simile, the two recipients of the American Scholarship Grants, will participate in a discussion of the scholarship fund. Miss Navarro is from Montevideo, Uruguay, and is now studying at Douglass College. Miss Simile is teaching, prior to her departure in March for the National University of Paraguay, in Asuncion, Paraguay.

Mrs. William Peacock, Education Chairman, as a member of the Citizens' Advisory Committee, attended the last meeting of the Board of Education.

The Fifth District Spring Conference will be held March 5th. Since this will be the last time the present Fifth District Clubs will be together, Mrs. F. A. Starkweather, Fifth District Vice-President, is anxious for a good attendance from each Club.

Hostess for the Music Department meeting, to be held Thursday evening, February 21, at 8:00 o'clock, will be Mrs. Stanford M.

Hettinger, with Mrs. John E. Billings and Mrs. Watts D. Chapin as co-hostesses. The Chairman, Mrs. Hettinger, requests that anyone having any music belonging to the department bring it to this meeting, or else give it to one of the Music Department members as soon as convenient.

There was a change in the program of the Literature Department, which met Monday evening, February 11, at the home of Mrs. Henry Bouchard. Mrs. S. Bryant Haas gave an excellent review of Guindore's "The Kink of Paris," which had been postponed since the December.

Last Minute Reservations for the Mid-Winter Dance to be given by the Ways and Means Committee at the Hotel Suburban, Friday evening, February 14, may be obtained from the Chairman, Mrs. Edward Reibold (Drexel 6-6183), or from any of the other Department members.

our regular meeting on February 25th.

"The Happy Family" was the topic discussed at the meeting of the Pre-School Group on Feb. 7th at the Gaudineer Cafeteria. Mr. William Neal Brown, psychiatric social worker of Montclair, proved to be a most informative and interesting speaker.

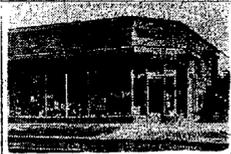

Monday, February 11th, was a holiday for the elementary school children so that the teachers could spend a full day in a workshop program at the Florence Gaudineer School, "The Gifted Child" was the subject of both general and group meetings. Dr. Robert Polglaze, Principal of Brookfield Junior High School, was the observer and evaluator of the various sessions. Members of the Board of Education and P.T.A. representatives found it very profitable to join the teachers in exploring this area.

P.T.A. NEWS

The regular Executive Board Meeting of the Springfield P.T.A. will be held in the teachers' room of the Gaudineer School Monday, February 18, at 8:15 p.m. Mrs. Ben Paul Yuckman, President, urges a full attendance.

Mrs. C. E. Miller reminds us that February is the month we celebrate the birth of the National Congress of Parent-Teacher Associations. Our Founders' Day program this year will feature Miss Marie Shepard, a guest artist who will have as her topic: "American Women, Historical and Hysterical." This intriguing subject should entice us all to attend.

News of Local Troops

Troop No. 32

Mrs. J. Leonardis, leader
Mrs. Anthony Ciccone, co-leader
Because our pins were late in arriving, we had the pleasure of two Investiture Ceremonies, one last fall with other Brownie Troops and one this month in Mrs. Ciccone's Recreation Room. There were 13 girls "pinned" as well as Mrs. A. J. O'Conne, Mrs. Helen Gerber, Mrs. Jeanette Abrahamson and Mrs. Fannie Fillipone, who are the Troop Committee. Mrs. Dolly Tortorello has been assisting this committee on transportation. The Flag Ceremony, always impressive, was included in the Investiture Service.

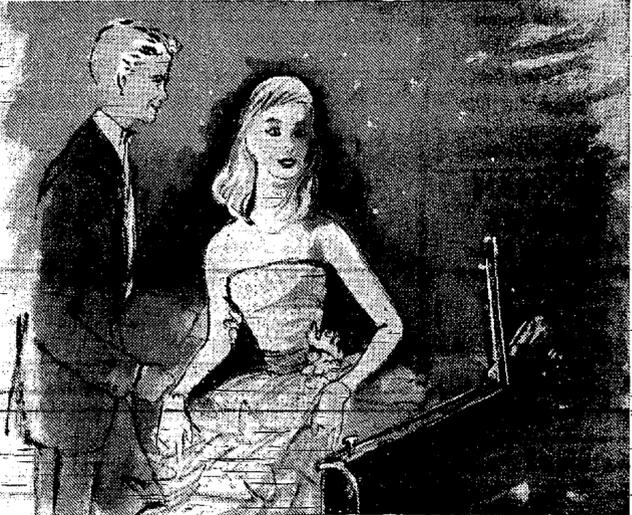

This seemed to be an opportune time to present Susan Fillipone and Patricia Leonardis with the pins they earned for the "top" cookie sales. Each girl had a part in the program for the mothers and enjoyed surprising their mothers with the gifts they had made, after which refreshments were served.

Troop No. 41

Mrs. Edward Kent, leader
Mrs. William Anderson, co-leader
For several weeks we have been working on a project for a group of 29 children at an orphanage in Roselle, and on Valentine's Day we will take our gifts to them. First, we made big red hearts and put a large heart-shaped cookies at Mrs. Kent's house and filled a large can with them for the children. Instead of a Valentine's Party we are all going to Marcel's for a soda after our trip to Roselle.

Troop No. 42

Mrs. P. H. Beck, leader
Mrs. George Grimshaw, co-leader
January 23 was a great day for us, the day we received our pins at an Investiture Service in the presence of some of our mothers and one daddy. The girls invested were: Janet Bash, Susan Beck, Nancy Dziubaty, Sandra Geiger, Maxine Fried, Nancy Hillard, Joan Vogel, Diane De Leonard, Marjorie Fried, Evelyn Grims. Elizabeth Walsh, Peggy Krane, and Barbara Trapp. The Troop Committee, Mrs. S. A. Fried, Mrs. James Bash and Mrs. H. L. Krainer were also invested at this time. Three of the mothers, Mrs. Dziubaty, Mrs. Vogel and Mrs. Trapp supplied and served the refreshments for the afternoon.

The Springfield Sun

GUIDEBOOK

This guide has been prepared by the staff of the Springfield SUN after a thorough study of the stores, restaurants, dealers, and firms offering services in the Springfield area. Our reporters have looked into the history, reputation, and quality of each business. Those appearing in this GUIDEBOOK are highly recommended.

<p>AUTO BODY WORK</p> <p>ELLERY (155 Morris Ave., rear of Chrysler-Plymouth agency, Springfield). When your rear end is out of shape look for: (1) a firm with the necessary fancy equipment, (2) a firm with the know-how of experience, and (3) a firm with the integrity to do the best job at the lowest rate. On all 3 counts, the SUN recommends Ellery Auto Body Shop.</p>	<p>CARPENTER</p> <p>CABINET KING (433 Spring St., U. 6-1, Elizabeth, Bigelow 2-1577) Here is a rare thing in our modern slap-dash world—a creative cabinet maker of the old school. Jonas Rose takes the kind of personal pride in his custom built recreation rooms, cupboards and built-ins that means only perfection will do.</p>	<p>LUMBER & SUPPLIES</p> <p>COLUMBIA (Maple Ave., Springfield) This lumber and millwork company has become the fastest growing building supply firm in the Springfield area. And with good reason. Their large modern showroom has everything under the sun that a homeowner could need. We were particularly intrigued by the clever Pella-Wood Folding Door. It closes like an accordion, therefore taking none of the room—a swinging door would. It can be easily installed, come in beautiful woods and sizes to fit any door in your house. Marvin Goldman of 213 Hillside Ave., Springfield, is a present owner and helped found Columbia in 1938. For quality bargains, the SUN does not hesitate to recommend this reliable firm.</p>	<p>RESTAURANTS</p> <p>SWINGLE'S DINER (Westbound Lane, Route 22, Springfield) Fred, Dal and Joe Swingle are proud that most of their patrons are local residents. The SUN suggests this spot-and-span diner for family meals, especially when the kids are along. There is a children's menu that the younger set finds lots of fun.</p>
<p>AUTO REPAIR</p> <p>CLARK'S GARAGE (Just over Rt. 22 overpass on South Springfield Ave.) There is nothing under the hood that Frank Clark doesn't know about. An auto mechanic since 1916, Clark has lived in Springfield since 1929. His most recent garage needs and has no sign over the door. His reputation brings in the business.</p>	<p>FLORISTS</p> <p>WEBER'S (Route 22, Springfield, DRexel 6-0626) The world has beat more than a path to Weber's Crystal Stream Florist since it was founded in 1923. They've beat a highway right through the begonia beds. Undaunted, Weber's has become a leader in a town famous for florists. Same day delivery plus the town's trust in the beauty of every arrangement has been the story.</p>	<p>MUSIC & PHOTO</p> <p>DISC & SHUTTER (266 Morris Ave., Springfield) As their next door neighbors, the SUN can fully attest to the variety and volume of Ruth and Felix Gold's record and photo collection. They also do all our photo-stating—copies are actually better than originals.</p>	<p>TV SERVICE</p> <p>WALTER'S INN (595 Morris Ave., opposite Millburn Ave., Springfield) Connoisseurs of Italian cooking will love the specialties of this long time favorite watering place. The chef now commands a new pizza oven, as well as the pots and pans necessary for his famous Lasagna, Ravioli, and veal and peppers.</p>
<p>BAKERIES</p> <p>CAKE COTTAGE (Springfield Shopping Center) If the SUN were to tackle the difficult choice of picking a favorite from chef Ted Spector's ovens, it would be the extraordinary Danish pastries. These rich, fanciful delicacies have won as much statewide acclaim as Cake Cottage's famous cake sculpture of Springfield's Presbyterian Church. Incidentally, Ted is looking for suggestions for a new cake sculpture. Give your ideas to the girl at the counter.</p>	<p>INSURANCE & REAL ESTATE</p> <p>BUNNELL BROS. (8 Flemer Ave., Springfield) Here is a firm that has grown with the town while appearing to be standing still. The farthest Robert and Richard Bunnell have moved since 1916 is from one end of the bank building to the other. In the process they have become synonymous with insurance in town. They write all kinds.</p>	<p>POULTRY</p> <p>CASALE'S FARM (128 Springfield Ave., Springfield, DRexel 6-1509) Canio Casale has been good news to fresh killed turkey eaters and bad news to about 5,000 turkeys a year ever since he graduated from Rutgers in 1951. Take a tip from the SUN: If you're fed up with the week-old, packed-in meat—polity you get in supermarkets—see what "farm fresh" means at Casale's.</p>	<p>A & A TV (2708 Morris Ave., Union, 1/2 mile from Springfield, MUrdock 6-5800) Al Jones, a TV pioneer since 1938, runs an efficient shop that has (1) fixed charges, (2) same day service, and (3) guarantee for all work. 35% of their business is in Springfield, where people have learned they can depend on A & A.</p>
<p>BARBER SHOPS</p> <p>REGIONAL (232 Mountain Ave., by Henshaw Ave., Springfield) Most modern chairs in town combined with friendly and skillful service. Proprietor Alex Dominski, a favorite with children; also features women's hair styling.</p>	<p>LIGHT FIXTURES</p> <p>MODERN LIGHTING (615 Morris Ave., opposite Terry Dempsey's, Springfield) Turn on one of these lights, and you practically redecorate your home. This imaginative collection of modern and colonial fixtures can do more for a room than a decorator with a bucket of cerise paint. Real eye-catchers are Joe Hockadel's hand-wrought iron filigree provincial fixtures. His discounts off manufacturer's prices are amazing.</p>	<p>RESTAURANTS</p> <p>CHINA SKY (Springfield Shopping Center) Genial host Jack Chin welcomes devotees of Chinese-American cuisine for luncheon and dinner daily and Sunday. The chef has been practicing his kitchen magic since he began cooking in his native Hong Kong. For dinner, the SUN recommends the China Sky's exceptional and popular delicacies: Lobster Cantonese Style; Moo Goo Gat Pan; or Chow Yuke Soong.</p>	<p>PHONE NUMBERS</p> <p>Police DRexel 6-0400 Fire Call Operator First Aid Squad DRexel 6-0400 Township Clerk DRexel 6-5800 Public Library DRexel 6-4264 Caldwell School DRexel 6-1431 Chisholm School DRexel 9-4334 Gaudineer School DRexel 6-5080 Walton School DRexel 6-1454 Regional High DRexel 6-5900 St. James School DRexel 6-5194</p>
<p>SAM'S (258 Morris Avenue, Springfield) Overheard in the chair: Last week a Passaic woman phoned police that she had driven home in a car resembling her sister's. They advised her to sneak it back to where she found it. She did. There were no stolen auto complaints.</p>

of the needs of the congregations under the committee's care and he ministered faithfully in that he gave counsel and pastoral help to ministers and congregations under the care of the committee in an effort to lead these churches into the way of ever greater Christian service.
"The effectiveness of the committee during his tenure of office is a reflection of his devotion to duty and his willingness to give ever more of himself to Christ's work.
"May God bless him in his ministry for many years to come."
"Be it resolved that this resolution be spread upon the minutes of the National Missions Committee and the minutes of the Presbytery, and that a suitably inscribed copy be presented to the Reverend Bruce W. Evans at the morning service of February 10, 1957, in the First Presbyterian Church of Springfield."

A charter study has long been favored by many outstanding Springfield residents. When interviewed by the League of Women Voters, Township Committeeman Vincent J. Bonadies stated that

Temple Beth Ahm Faces Decision On Building

For the first time in its existence, Temple Beth Ahm will hold a long-range planning conference for its membership on February 17 from 1 p.m. to 4 p.m.
Now at the threshold of what may very well be the decision on whether or not to work for a new building, the Temple will explore various phases of planning with the help of experts. On hand to conduct the institute will be the following consultants: Rabbi Elvin Kose of Union, to open the conference, Mr. Samuel Rosenthal, Executive Director of the Fair Lawn Jewish Center, Milton Sheingarten, architect, will outline synagogue building and style today.
Milton Kappstatter, president, and the Board of Directors express their desire that as many people as possible contribute their ideas to the growth of the institution. Rabbi Reuben R. Levine, who together with the president and Mrs. Paul Weisman, corresponding secretary, has planned this conference.
"There is no doubt," said the Rabbi, "that we need an expanded program and better building facilities. But whether our people can translate this need into creative action, remains to be seen. It is one thing to clamor for improvement and another to get out and work for it! This is a grass roots project and the attendance at the conference on Sunday will be an excellent barometer as to how keenly and sincerely the membership at large is interested in Temple Beth Ahm's program and facilities for the children, the youth, and adults."
All Jewish residents, members and non-members alike, are urged to be present at this all-important conference.

CELEBRATES 25 YEARS
Mrs. Mary W. Selwa of 255 South Springfield Avenue will celebrate her 25th year of telephone service at a luncheon in the N. J. Bell Newark headquarters next Monday, where she will be presented the company's gold service emblem. She is supervisor in the buildings and supplies department.

be held on Saturday, February 16, at 2:30 P.M. in the Council Chambers in the Municipal Building.
"This will not be an official meeting in any sense of the word, neither is it to be considered a public hearing. I intend to personally review the budget with those present and explain to the best of our ability the high lights of the cost of operating your town. You will undoubtedly want to take away with you such details that will be of interest to your respective organizations."

Springhouse Tree, The Giant Killers

The Lynn Team didn't enjoy first position in the Sports League very long. The VFW Mavericks, showing some of their old form, took 3 games from the PBA while Lynn was losing two games to the Springhouse Tree pinners. This puts the Vets one game ahead in a tight league, and with bumper night coming up anything can happen.
Springhouse Tree Service used the axe on Lynn and took two hard fought games by a wide margin, while losing the third by 7 pins in the 10th frame. Smozanek's hatchet men have been particularly effective against the leading teams and have lost most of their games to the bottom teams.
Jimbo's Texaco, showing some of their fighting spirit, captured two from the Disc & Shutter crew by very narrow margins to tie for 4th place. The D&S team looked good for the first time in weeks and can be counted on to furnish better competition from now on.

Matter of Fact!

Daniel Boone was only five feet eight inches. His strength and endurance were enormous. Once he escaped from Indians by leaping from a 60-foot cliff into a treetop. Another time he ran 800 miles in 61 days, warning surveying parties of Indians on the way. He claimed thousands of acres of land, but because of faulty titles, kept only 850 acres. He volunteered for the War of 1812 though he was 78 years old.

Cub Scout Pack No. 171

Our regular monthly Pack Meeting was held on Friday Evening, Feb. 8, 1957, at the James Caldwell School.

The opening exercises were led by boys from Dens 2-14-17.

Cub Master Frank Holler then announced that in observance of National Boy Scout Week, a display of crafts made by the Cub Scouts of our Pack will be located in Colanotte's Shoe Store, Morris Ave., Springfield. A special vote of thanks to Mrs. Miller, Arts and Crafts Chairman, assisted by the Mesdames Montali and Gorski for their arrangement of this window display.

In observance of National Boy Scout Week our Cub Master, suggested "All Cub Scouts attend Religious Services at a Church or synagogue of your own faith."

The residents of town are curious as to why quite suddenly, there appears to be so many birds flocking to Springfield—here's the answer: One theme of the month suggested the construction of various types of Bird Houses or Feeding Stations. And, so, to all our feathered friends—of Pack No. 171, bid you welcome!

Speaking of "welcome"—Hello and glad you've joined us! Cub Scout Richard Bingham, Richard, formerly of Irvington, now resides with his family at 100 Hillside Ave.

The following Cub Scouts have completed their requirements for the badges indicated: Steven Hart, 1 Silver Arrow on the Wolf Badge; Kenny Weiss, 2 Silver Arrows on the Wolf Badge; George Argyris, 1 Bear Badge; Charles Eckert, 1 Bear Badge and 1 Gold Arrow; Den 1—David Cohen, 1 Silver Arrow on the Bear Badge; Ed Sikorski, 1 Bear Badge, 1 Gold and 2 Silver Arrows; Den 2—J. Eckert, 2 Silver Arrows on the Bear Badge.

Please note if any club member of our Pack will reach his 14th birthday on or before June 30th, and is the recipient of a Lion Badge—he may join the newly formed Webelos Den, which will meet each Thursday from 6:30-7:30 p.m. at the home of Mr. Frank Heller, 137 Meisel Ave. For further information, please call MURdock 6-7078.

We, the parents and the Cub Scouts of our Pack want to extend our sincere thanks to Fidler's Cleaner's, 9 Main Street, Springfield, in appreciation for the "No Charge" noted on the cleaning tickets for our American Flag and the Pack Flag.

"Hip-Hip-Hooray!!!" were the exuberant expressions of the boys when they were told to invite their fathers to participate in a fast game of Dodge-Ball. Need we mention which team won the game??!! This feeling of com-

radeship between father and son is of utmost importance and therefore frequently applied during the course of a boy's life in Cub Scout activities.

AND GOLD DINNER

The annual Blue and Gold dinner for pack 172 cubs and their families was celebrated on February 7, 1957 at the Presbyterian Parish House. The flag ceremony was led by Den No. 2.

Invocation was by Mr. Evans, pastor of the Presbyterian Church. Following the invocation, a dinner of baked tomato juice, Wolf Pot roast, mashed potatoes, peas, asparagus, rolls and butter, celery, webelos, ice cream, milk, and coffee was served.

Cubmaster Ed Baumer welcomed into the pack a new cub, Alan Day. He has been waiting patiently for this induction, so welcome "Alan" to Pack 172, and good luck.

Frank DiBiase, advancement chairman, made the following awards: Den 1—John, Sehadia, Wolf Badge; Ernest Erskine, Bear Badge, gold and silver arrow; Den 3—John Belliveau, Kerry Tompkins, Harold Hansen, Joseph Reller, Richard Cinquina, and Terry McCraken, silver arrow on Wolf Badge; Harold Heervogon, 2 silver arrows in Wolf Badge; Steven Mitznacht, gold and silver arrow on Wolf Badge; Den 5—Francis Donovan, Bear Badge with gold arrow; Dennis Mahoney, Bear Badge; Frank Stevens, Bear Badge, gold and silver arrow; John Calmus Bear Badge, gold and silver arrow; Den 4—Teddy Hellman, Lion Badge, 2 silver arrows; Den 5—Robert Selander, Bear Badge, gold arrow; Den 7—James Mench, Bear Badge; Den 10—Lance Kramer, Michael, Bear Wolf Badge; Dennis Condon, Wolf Badge.

A highlight of the evening was songs by the "Lion's Quartet" led by Joe Langfield, which everyone enjoyed. Thanks to Jay and his friends.

Another highlight enjoyed by the cubs and fathers was the "64,000 Penny Quiz," which, of course, the cubs won. The prizes were blue and gold pens with pack and dinner date engraved on them.

Of course, there was community singing enjoyed by all.

Many thanks to Mr. Bonadies for the wonderful calendars—sent over for the cubs, den mothers, and committeemen.

Cub Pack 73 held their regular monthly meeting at St. James School last Thursday still showing growth in membership and number of awards to qualified Cub Scouts. New members inducted at last meeting were Frank Palumbo and Mark Visconti. Chalk Garden Opens Tonight At Princeton

With "Standing Room Only" signs dusted off for Friday and Saturday nights, seats are still available at the McCarter Theatre here for tonight's Gala Opening of "The Chalk Garden" starring the two celebrated actresses, Judith Anderson and Cathleen Nesbitt. Tonight's curtain will go up at the "early-home" hour of 8:00 p.m.—and the Saturday matinee (for which a limited number of tickets remain) will begin at 2:30.

The Broadway hit (which is now duplicating its American success at the Haymarket in London) has been touring the U.S. and Canada since last fall and is giving its final performances—always a special event—at Princeton's famous theatre. Because this is the last chance to see the Anderson-Nesbitt interpretation of this enigmatic comedy, the McCarter has received cable reservations from as far away as Paris and Mexico City—in addition to comparatively nearby cities—New York, Wilmington and Philadelphia.

Written by the distinguished English novelist-playwright Enid Bagnold ("National Velvet"; "Serena Blandish") who is in private Lady Roderick Jones, wife of the former head of Reuters' News Agency, the play's setting has been designed by Cecil Beaton, portraitist to Britain's royal family. The distinguished supporting cast is headed by veteran Frederick Worlock, the new Argentine discovery Delige Owens, character actor Stanley Bell, Rosemary Murphy, Audrey Ridgewell, Ruth Chandler and Helen Bonstelle.

naro, George Buzcek, John Sammond, Donald Cardinal, Fred Resnesker.

There will be a display of the Cub Scouts handiwork at the Center Market on Morris Ave.

veiled the tavern property to Thomas Beebe and wife by a deed bearing date October 13, 1807 (N-288) and apparently retired from the tavern business.

In Book A of the Essex County Surrogate's Vault, which is the first record book in that office, there is a notation of administration of the Estate of Abraham Hutchings, reciting that he died in 1813 and that Margaret Hutchings and John Smith were appointed as his administrators by Surrogate Thomas T. Kinney.

Abraham Hutchings was survived by his wife, Margaret, and three infant children, Mary, Abraham, Jr., and George. Margaret apparently continued to reside in the Cannonball House under certain dower rights until about 1827.

In Book T of Orphans Court Records on page 259 (Essex County Surrogate's Vault) there is a complete recording of the report of three commissioners appointed by the Court to divide the lands of Abraham Hutchings, deceased, among his heirs. The report was made by Wm. Stites, Samuel Bailey and Daniel S. Bryant and is dated May, 1827. It was recorded at length and includes even the maps attached to the report which were first reproduced into the record book in color. Here for the first time in the chain of title do we find the nine and one-quarter acre tract which many years later became the Alexander Robertson subdivision of the Eugene Jobs lands.

Property Divided

The three commissioners divided not only the 55 acre tract acquired from the Ardenes but certain woodland bordering on the road leading to the old Sayre House on the mountain, as well as certain salt marshes in Elizabeth.

Mary, the eldest, who had married Samuel Halsey in the interim, received the bulk of the mountain woodland.

From this point down to date the history of the Cannonball House is clearly defined of record. George Hutchings, apparently, resided in the homestead during the remainder of his childhood and thereafter with his wife until about 1840.

Under date of September 17, 1840, Jonathan Osborn, Jr., then Sheriff of Essex County, sold the property under a writ-issued out of the Circuit Court to satisfy a debt due Calvin D. Bonnel, James H. Bonnel and John W. Bonnel, for which judgement had been obtained in the sum of \$800 and costs of \$23.08.

In addition to receiving the Sheriff's deed, the Bonnels also obtained a quit-claim deed from George Hutchings and his wife, Elizabeth, which may have been bargained for to clear possible dower right (Deed Book L5, page 318.)

The Bonnels conveyed the whole nine and one-quarter acres to Israel A. Morehouse by deed dated February 1, 1841 (Deed Book M5, page 430). Israel A. Morehouse and his wife, Rachel, occupied the premises until 1848, when sold and conveyed the same to Eugene Jobs. (Deed Book V6, page 354.)

This brings us to the Civil War period during all of which the same nine and one-quarter acre continued to be held by Eugene Jobs. During his ownership the County of Union was established (1858) and all subsequent deeds relating to these premises are of record in the Court House at Elizabeth.

On May 1, 1868, Eugene Jobs, by that time a widower, conveyed the nine and one-quarter acres to William Taylor, single. (Deed Book 28, page 224, which on June 8 of the same year, conveyed the same to Alexander Robertson. (Deed Book 28, page 287.)

Again in the same year of July 15, 1868, Alexander Robertson and Sarah, his wife, subdivided the property and transferred the present lot on which the Cannonball House now stands to Joseph Marsh. (Deed Book 29, page 482.)

On April 1, 1875, Joseph Marsh and his wife, Jane, conveyed the same to George Rammelkamp. (Deed Book 97, page 263.)

Title to Heavens

By deed dated July 10, 1895, George Rammelkamp and his Meta, transferred title to Ida S. Heard, who owned the property until her death in the early 1930's. William N. Heard, son of Ida, inherited the premises and sold them to Celia Silke and Gloria F. Silke shortly after the end of the Second World War.

C. Harry Casperson, purchased the premises from the Silkes on May 20, 1954. By virtue of a settlement among family and conflicting interests upon the death of Mr. Casperson, the title to the Cannonball House was finally cleared into The Springfield Historical Society late in the year 1955.

Pistons, Knicks, Bullets
Post Small-Fry Victories

The Springfield Recreation Commission "Small-Fry"
Basketballers put on quite a show for a large gathering of
parents last Saturday morning at the Florence Gaudineer
School gymnasium. The special "Mother and Dad" basket-
ball day was staged by the Recreation Commission in order
to show the parents progress made by their youngsters.

The triple-header attraction was
the start of the second half race
of the Springfield Recreation
Small-Fry Basketball League, with
the Pistons opposing the Celtics
24-20 in the opener, with Jimmy
Crowley losing in sixteen points
to spark the upset. Mike Pisano,
burly set-shot artist of the Cel-
tics, tossed in the same total on
seven baskets and two fouls. This
game was close throughout, with
only a last period scoring flurry
by Crowley the difference.

The Lakers looked like a sure-
fire victor in the opening minutes
of their game with the Knicks as
Babe Perrelli and Vinnie Caprio
tossed in a pair of baskets, only
to cool off in the remaining three
quarters. Larry Cyre sparked the
uphill battle of the Knicks, net-
ting three baskets in the second
quarter, then helped control the
backboards in the last half. Barry
Becker continued his spirited de-
fensive play, also did a good job
in setting up several scores. Left
the Jimmy Leis, Babe Perrelli and
Vic Caprio were the standouts for
the Lakers.

The Bullet-Nat game was a
thriller all the way, with the
Bullets surprising the Nats by
taking the victory 19-17. Johnny
Apgar, little National cager, was
the standout of this contest, scor-
ing but seven points, but putting
on a great exhibition of team
play and good basketball know-
how. Apgar is a sure bet to de-
velop into another "Johnny Mur-
ray" of Regional State Champ-
ionship fame, should he continue
to show improvement. Dennis
Francis and Petie Coan were the
sparkplugs for the winning Bul-
lets, with Francis scoring five
field goals for a ten point total,
with Coan netting five. This game
was decided in the last moments
and had the crowd in an uproar
as both clubs battled to the wire.

The Nats and the Celtics will
stage a one game play-off at the
conclusion of the Championship
race, with the winner of this con-
test playing the second half win-
ner.

The Recreation Commission will
also stage an East-West game at
the conclusion of the season and
the play-offs, with the top sixteen
players in the league engaging in
this contest.
