WORKING OUT PLANS—Organizers of the local Red Cross' annual Membership Roll Call to be conducted this month discuss plans. (left to right) Mrs. Georgla McMullen, residential chairman; Henry Grabarz, general chairman and Eugene F. Donnelly, local Red Cross chapter chairman.

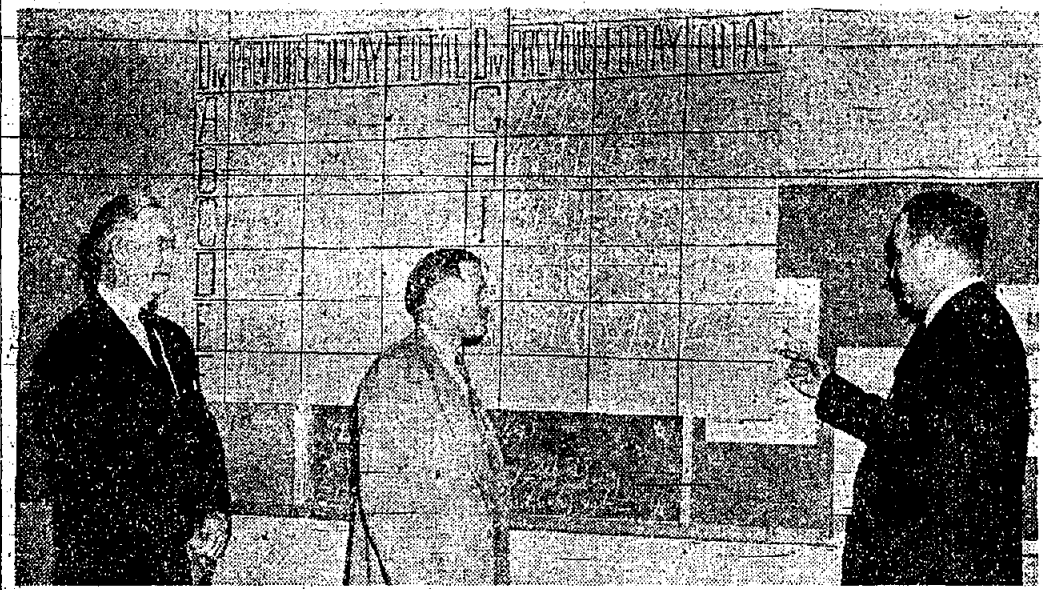

Red Cross Sets March 10 Date For Roll Call

The membership roll call of the Springfield Red Cross will get under way for the month of March, it was announced today by Henry Grabarz, local general chairman.

"With over 200 workers to assist us, said Grabarz, we plan to get every family in Springfield as members of the local chapter. The weekend of March 10 has been set as the official canvassing date for the 'roll call.' The Red Cross drive itself runs through the entire month of March.

Mrs. Henry C. McMullen is chairman of the house-to-house committee assisted by the Messames Edwin Davenport, Charles Beardsley, Eugene F. Reilly, Harry Quinzell, Wesley Lewandowski and Herbert Bartholomew.

Presbyterian Church Raises \$141,000 For New Building

OVER THE TOP!!!—Members of the Building Fund Committee of the Presbyterian Church gaze in admiration at the total pledge of \$141,698 in the proposed church expansion program. Left to right: Max Schneider, James M. Duguid and Rev. Bruce W. Evans. (Micky Fox Photo)

The Building Fund Campaign of the Presbyterian Church which was launched the first of the year for expanded Sunday School and Youth facilities and other needs of the Church has gone "over the top". To date \$141,000 has been subscribed by members and friends of the Church.

"The success we have achieved," according to the Rev. Bruce W. Evans, Pastor of the Church, "is due to the whole-hearted support of the people who have worked faithfully and industriously to achieve their goal. They are desiring of the highest praise for their wonderful efforts to provide a Church which can keep stride with Springfield's growth and serve the community in an effective way."

The Fund Drive was instituted after a year's intensive study by a representative Long Range Planning Committee which investigated all the needs of the Church such as additional Church School and office space, increased parking facilities and a sprinkler system for the Church. The past and future growth of Springfield was studied carefully in order that an adequate future might be obtained of ways in which the Church could most effectively carry out its mission within the community. Building Committees are now being formed to outline specific building plans to incorporate the gains thus made.

The Presbyterian Church has grown with the community. Five (Continued on page 9)

Civic Groups Launch Youth Center Program

A twelve member committee, comprising representatives from various groups in Springfield, has been named to "thoroughly explore and investigate the need of a Youth Center in the Township."

Appointment of this committee was the concrete result of Tuesday evening's meeting in the American Legion Hall, called for the purpose of discussing the project and determining whether or not the proposal, suggested by members of Springfield's Rotary Club, could materialize.

Singer, Guest At PTA Founders Day

Marie Shepard

Concert, Comedienne PTA Guest for Founders' Day Program Marie Shepard, lyric-coloratura soprano and concert comedienne of Maplewood, New Jersey will present "American Women-Historical and Hysterical" at a meeting of the Springfield Parent-Teacher Association to be held in the Florence M. Gaudineer School on Monday, February 25 at 8:15 p.m. honoring Founders' Day.

Beginning with Pocahontas, the first woman of American history, Mrs. Shepard will tell interesting stories about women of America, including Elizabeth Goode, Mary Washington, Betsy Ross, Julia Ward Howe, Carrie Jacobs-Bond, and sing serious songs of the (Continued on page 2)

Urge New Voters To Register Now

Newcomers to Springfield—and those who are not certain that they are eligible to vote—are urged to check with the Township Clerk's office in the Municipal Building where the registration books are now open.

Permanent registration is possible by reporting to the Township Clerk's office at any time from 9 a.m. till 5. Starting with March 4 and continuing to March 5, 6, and 7, the registration offices will be open from 9 A.M. to 9 P.M.

Naturalized citizens are asked to bring all papers in applying for permanent registration. Township Clerk Mrs. Eleanor H. Worthington urges all those who are in doubt concerning their eligibility to vote in the coming primaries or in the general election to report to her offices.

Adjustment Board To Hear Requests

The Board of Adjustment will hear a series of requests for variances at the regular meeting of the Board next Thursday, February 28. Legal notices of these hearings appear in another part of the Sun, this issue.

The notices of hearing include a request for a variance to construct a one family house at 15 Maps Avenue, in S-60 residential zone and the lot does not meet the requirement of a 60 foot frontage.

Other notices are by H & A. Greene on Route 22, asking for a variance to construct another sign, Drexel Quality Cleaners at 230 Mountain Avenue to maintain a dry cleaning machine on the premises, by Stempeler Cleaners of 775 Mountain Avenue for special exception use to maintain a modern dry cleaning machine at that address, by Richard Lombardi who asks for a variance to build on 7 60 foot lot at 205 Hillside Avenue where the zoning ordinance calls for 75 feet.

Another request is by Doris Sobin who asks for a variance to maintain a dancing studio in the basement of the four family residence at 68 Morris Avenue which is in the limited business zone.

Status Is Quo On School Board

Robert G. Smith was re-elected president of the Springfield Board of Education at its reorganization meeting Monday night prior to the regular Tuesday night meeting.

Howard S. Smith again was named vice president. The reorganization followed the inducting of Robert Smith, S. Bryant Hess and Edwin G. Davenport for new three-year terms. They were re-elected to the board last week by a landslide vote.

The highlight of the regular Tuesday meeting was the announcement of the purchase of a \$1,325 dishwashing machine for the renovated cafeteria of Florence M. Gaudineer School.

Two Union County residents were given contracts to teach next September. They are Miss Marilyn Kiss of 215 Longview Rd., Union, fifth grade, and Miss Janice L. Nichols, 2 Venetia Ave., Cranford, second grade.

Town To Vote On School Expansion

The Regional High School Board of Education Tuesday night set April 30 for a referendum on a proposed \$3,787,000 bond issue for school expansion outside of Springfield.

The funds would be used for a third regional high school to be erected in Berkeley Heights, an addition to Arthur L. Johnson Regional High School, Clark, and purchase of a site in Kenilworth for a fourth regional high school.

Board members said the expansion is necessary because of rapidly increasing enrollments. They said Jonathan Dayton-Regional High School here has 1,300 students with a 1,500 capacity and the Clark high school 300 students with a 900 capacity.

The new Berkeley Heights high school would have room for 900 students. If the referendum is approved, the board expects to have it completed by September 1959. The Clark addition would provide for 600 more students.

Dr. Miner C. K. Jones of Mountaineer presided. He was re-elected president at the reorganization meeting Feb. 11. William J. Meck of Springfield was re-elected vice president.

Collect \$1,800 For March of Dimes

With the last few returns coming in, the Springfield March of Dimes Committee announces the total collected in Springfield of \$1,800.00. This total is under the goal set by the Committee for 1957 by \$200.00.

The fight against polio is not over. Because of the advancements made in the past year by the research organization, many people feel there is no longer a need for their support. Although the vaccine has greatly aided in preventing additional cases, there are still many victims who contracted the disease before the discovery of the vaccine that need your help by donations.

If you have not already made your contribution, will you please forward your coin cards to the Campaign Headquarters, 269 Morris Avenue, in this last appeal for the 1957 Campaign.

"Bells are Ringing" For B'nai B'rith

The Springfield B'nai B'rith Lodge is sponsoring a theatre party to help raise funds.

Tickets for Judy Holliday's "Bells are Ringing" for Monday, May 27, can be obtained from Leo J. Newman, DRexel 9-5735. Bus transportation will be arranged from Springfield center.

Taxpayers Hear Explanation of 1957 Tax Rate

Springfield's 1957 municipal budget was taken for a short shake-down cruise last Saturday afternoon and, according to the "Skipper," Mayor Albert G. Binder, the good ship is ready for regular service with the \$10.73 tax rate as the cargo.

Springfield Is Prepared For Heart Sunday

Mrs. Amy Bandorfer, chairman of the Springfield Heart Fund campaign, will lead her committee of volunteer workers in the Heart Sunday appeal for, at least, \$1,503, this Sunday, Feb. 24.

Each volunteer will be equipped with a grey and blue volunteer's kit bearing the familiar red symbol of the heart and torch with the Heart Fund's slogan "Help Your Heart Fund Help your Heart."

The volunteer also will wear a round blue identification flag with the words "Heart Sunday Volunteer, Feb. 24." He will present a brown Heart Sunday envelope to the householder who may place his donation in the envelope, seal it and return it to the volunteer.

In return for the sealed envelope, the volunteer will give the donor a "thank you" slip to acknowledge the gift. If a receipt is needed for income tax purposes, the volunteer worker will note the size of the contribution (Continued on page 9)

School System Very Good, Say Local Voters

Springfield is evidently very happy with its school system. A week ago voters not only re-elected the three incumbents to the Board of Education but passed the three financing propositions by 6 to 1 margins.

Indication that local taxpayers are satisfied is reflected in the fact that costs of education here make up a good part of the estimated tax rate for 1957. Of the estimated tax rate of \$10.73, the local school district costs are \$3.98% while the Regional High School is \$1.74 of the total.

However, voters in many parts of Union County and the state have not displayed Springfield's enthusiasm for rejecting many of the budgets submitted at the recent school board elections.

The Elizabeth Journal, Feb. 4 issue, carried headlines that "Kenilworth voters yesterday rejected the school budget by a 7-1 margin and defeated the only incumbent seeking re-election," that "Winfield Roars 'No' to Bigger Budget," the story continuing that the "Voters, by a 5-1 count, rejected the Board of Education Budget."

The same paper carried the story from Roselle Park, stating that "the electorate rejected six major school budget items and elected three Board of Education candidates who advocated use of all available school space before considering any expansion," and the story from Scotch Plains and Fanwood also highlighted the defeat of a bond issue and several budget items.

The Newark Evening News carried a story on the subject under a headline "Voters Stun School Boards."

Rec. Com. Sponsors Girl's Basketball

The Springfield Recreation Commission are staging a girls' basketball exhibition here next Wednesday night, when the powerful Linden Arians here in an Eastern Girls Basketball league encounter.

The Paterson Debs are sparked by the diminutive Patti Kelly, 15-year-old sensational set shot artist, who recently scored 36 points in a league encounter. Paterson also has in the starting lineup, Margie O'Connell, sister of the Milwaukee Brave second baseman.

The Linden Arians will have the top catcher in the National Girls Softball league in their lineup. Carl Haben, aggressive scorer of the Arians, is the most sought batsman in the East, and probably will be the top scorer for the Linden girls.

The basketball attraction is being staged by the Recreation Commission with consideration given to organization of girls basketball league activity. The teams will play boys' leagues, which are considered the most attractive to the spectators.

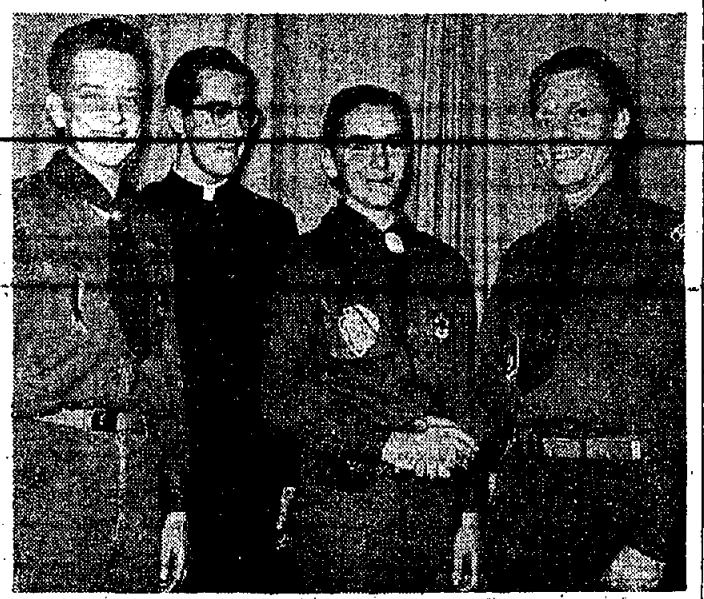

Following the basketball game, the Recreation Commission will stage a short softball clinic, with several standout softball hurlers in the district giving an exhibition. The public is invited to this program, with no admission charged.

2 Scouts Win Coveted Award At St. James

Recently two scouts from Troop No. 73, St. James Church, received the Ad Altare Dei Award. The Award is a bronze cross suspended from a ribbon in papal and national colors, under a bar pin bearing the inscription "Ad Altare Dei."

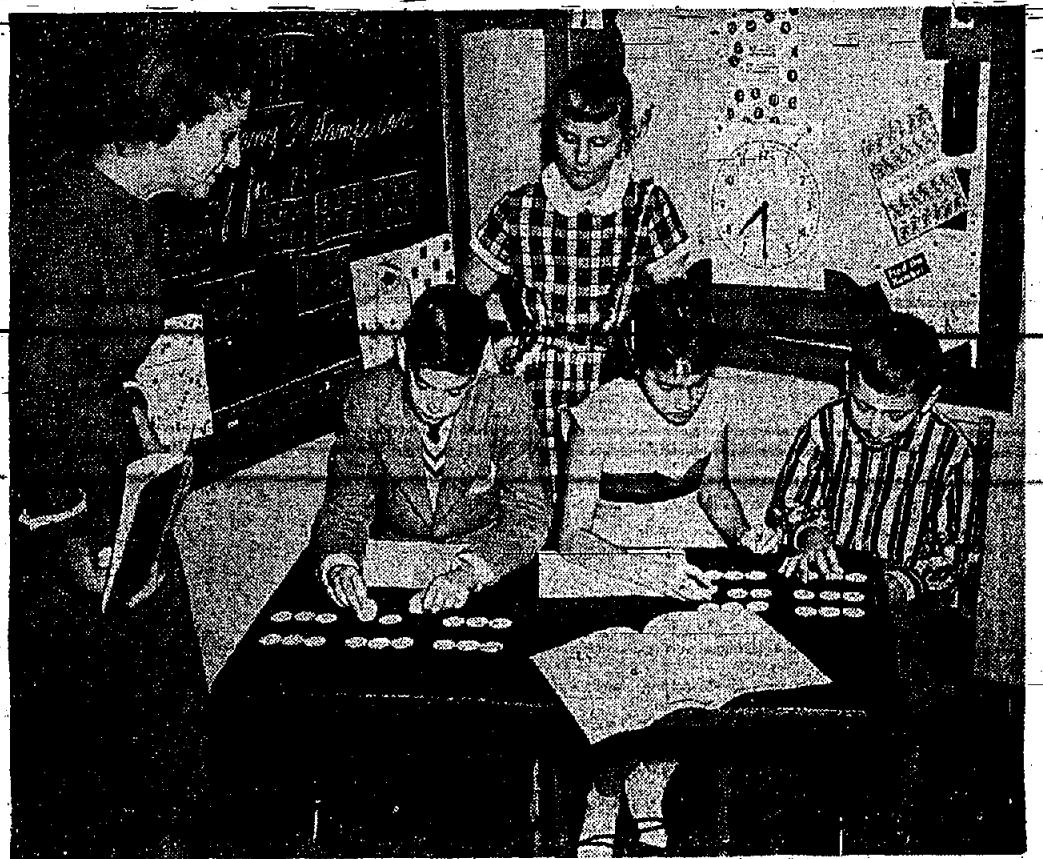

The Ad Altare Dei Cross, the symbol of the Award, is a recognition which the Church gives to the Scout for advancement in the spiritual content of the program. The award does not, in any way, take the place of any of the regular Scout awards, but aids Scouting by helping the Scout to live his Oath and Law.

The Award is made on the Authority of the Ordinary or Bishop of each diocese, through the diocesan Scout committee. It is presented at a Church service, ordinarily at a diocesan or deanery assembly of Scouts rather than at an individual troop function. The Award is made annually or at such times as the Diocesan Scout Chaplain designates. The Ad Altare Dei Cross is intended for Scouts only.

New Concepts of Arithmetic Development Discussed

ARITHMETIC, THE MODERN WAY—Children of the new systematic development method taught in the 2nd to 4th grade level learn arithmetic through the local schools. (Photo by Micky Fox)

This is the second in a series of four articles dealing with the arithmetic program in the Springfield Public Schools. Attention will be focused on the second through fourth grade level which is regarded as a period of rapid growth in arithmetic because of the number of new concepts and processes that are introduced in these grades.

A systematic meaning development, based on mastery of fundamental concepts developed at the kindergarten first grade level, is undertaken in guiding the children through number and place value concepts, the four fundamental processes with whole numbers, application of these processes to problem solving, measurement, and an introduction to fraction concepts.

NUMBER SYSTEM
The number system comes in for a great deal of attention at this level because so many later difficulties can stem from an incomplete understanding of it. The child is led to discover that our number system revolves about the number ten, that in ten there are ten ones, that in one hundred, there are ten tens, etc. The position of ones, ten and hundreds and (Continued on Page 10)

Local Men Head Up County Pageant

The one hundredth anniversary of Union County will be celebrated this Spring throughout Union County between May 19 and 25.

At a meeting held at the County Court House in Elizabeth on Monday, February 18, committee policies were discussed and formulated under the leadership of County Centennial Chairman Nelson Carr and County Centennial Director Fred Bender. Charles Beardley is local chairman, Ralph Feldman will head the County Pageant Committee as well as the Springfield Pageant Committee.

Other local committee chairmen and their areas of responsibility include: Bryant Hans, Parade; Irene Konrad, Promotion; Henry McMullen, Historical; Leslie Lavin, Special Events; and Joseph Seidel, Publicity.

Although programming is still in the formulative stage, it is

known that events will include parades and pageants, special sporting events, and appearances by military, political and sport celebrities, with participation being elicited from industrial, educational and civic groups.

Arrangements have been made with the U.S. Post Office Department for issuance of a special commemorative stamp and cancellation mark to memorialize the occasion.

Pleads Guilty To Drunken Driving

John Kellenbenc, 46, of 45 Evergreen Ave., was fined \$225 by Magistrate Henry C. McMullen and his driver's license was revoked for two years after he pleaded guilty at Monday night's Municipal Court to a charge of drunken driving.

Kellenbenc was arrested by Patrolman Harold Wentz Feb. 5 after he had been involved in a collision in Rt. 22 near Hillside Ave. Police said he attempted to punch the driver of the other car.

ORT Schedules Sneak Preview

The Springfield Chapter of Women's American ORT (Organization for Rehabilitation Through Training) will have a Theater Party on Tuesday, March 19th at 8:30 at the Stanley Theater in Newark.

The picture will be a "sneak" preview and the first time ever shown in New Jersey. Mrs. Daniel Gerber is chairman and should anyone desire tickets or information they may call Drexel 9-2612. This proceeds of the Theater Party will go to the ORT Tel Aviv Training Center.

DAR, SAR, & CAR To Honor George W Singer, Guest

Several members of the Church and Cannon Chapter, Daughters of the American Revolution, plan to attend the Annual George Washington Birthday Luncheon, sponsored by the Sons of the American Revolution, Daughters of the American Revolution, and Children of the American Revolution of New Jersey, to be held at the Hotel Essex House on February 22.

Guests at the luncheon will be the Hon. Arthur T. Vanderbilt, Chief Justice of New Jersey and the Hon. David Sarnoff, Brigadier General of the United States Army, Ret. and Chairman of the Board of the Radio Corporation of America. The guest speakers will be presented with Gold Good Citizenship Medals by the Sons of the American Revolution.

Springfield residents attending the luncheon will be Mrs. James P. Haggert, Regent of the Church and Cannon Chapter; her daughter, Mrs. Milton P. Brown, Organizing Regent; Miss Phoebe M. Briggs, Magistrate and Mrs. H. C. McMullen; and Mr. and Mrs. E. F. Donnelly. Mrs. Donnelly is a member of the committee on arrangements for the luncheon. She is National Defense Chairman of the Daughters of the American Revolution of New Jersey and past Regent of the Church and Cannon Chapter.

Singer, Guest

(Continued from page 1)

In the role of a concert comedienne she will give impressions of modern and historical women, intensified by rapid changes of costumes and hats, beautiful and otherwise, including the gun-totin' gal of the West, the opera singer at the turn of the century, and the gold-digger of the "Twenties."

Marie Shepherd studied at the Philadelphia Polytechnic Institute, The Clarke Conservatory of Music, Philadelphia, and at the Juillard School of Music, New York. She is a teacher of music, a member of the National Association of Teachers of Singing, an artist member of the New Jersey Federation of Music Clubs, Director of the Panzer College Glee Club, and has appeared in opera, operetta, concrete, radio and the theatre, as well as for church and club groups in many states.

Ease of transition from one identity to the next is a well assimilated feat, and the vitality and spontaneity of her presentations make Marie Shepherd an outstandingly refreshing entertainer. Other features of the program will include a brief ceremonial

Fifth Graders Get Notes From Nixon

The boys and girls of Mrs. Priscilla Butler's fifth grade at the Raymond Chisholm School were the proud recipients of personally signed letters from Vice President Richard Nixon.

Dick Buehrer has a very good habit of reading the "Information Please Almanac" during any free time he has and noticed that the date January 9 was Nixon's birthday. He had the idea of a birthday card, and Barbara Porter made a very pretty and artistic one which was signed by

all those in the class who wished to. Each child and Mrs. Butler received very nice notes from Mr. Nixon.

Mrs. Butler as well as Barbara Porter, Dick Buehrer and Bruce Ledig prize the letters received on the official stationery from the Vice President as follows: Office of the Vice President, Washington, January 30, 1957.

Dear Dick: I want you to know how very much I enjoyed the friendly greeting which you and the members of your Fifth Grade Class sent to me on the occasion of my birthday. Your special thought for me added great pleasure to my observance of that day.

It certainly was kind of you and Barbara Porter to spend your time and efforts in making me such a fine birthday card. You and Mrs. Butler are to be congratulated for your excellent art work and I am very proud to be favored with your original drawing.

With all best wishes to you for a happy and successful school year,

Sincerely,
RICHARD NIXON

Unveil Plaque At Cannonball House

At an impressive ceremony conducted on Saturday, February 16 by the New Jersey chapter, Daughters of Founders and Patriots of America, a bronze plaque was dedicated at the Cannonball House, 126 Morris Avenue.

The presentation was made by Mrs. Rudolf L. Novak, President, assisted by the following officials of her organization—Mrs. William C. McGinnis, Chaplain, Mrs. Herschel S. Murphy, color-bearer, and Mrs. Frank B. Whitlock, Chairman of Historical Markers. Mayor Albert G. Binder greeted the distinguished visitors, and Henry C. McMullen gave a brief history of the house. Charles F. Heard accepted the plaque on behalf of the Springfield Historical Society.

Following a tour of the building and a study of the many exhibits collected by the society, refreshments were served by the House committee, Mrs. Charles F. Beardsley, Chairman.

Starting with next week's issue, the Springfield Historical Society plans to publish periodically a series of interesting historical facts concerning Springfield.

The Society, under the present leadership of Charles F. Heard, now has approximately 300 members and the forthcoming series of articles is intended to spotlight Springfield's past, present and future place in history.

Chemist Joins Esso

Edmund F. Baxter, Jr. of 97 Forest Drive, Springfield, has joined the staff of the Esso Research and Engineering Company's products research division.

Mr. Baxter was graduated from Princeton University with a bachelor's degree and a master's degree in chemistry. He is a member of the American Chemical Society.

There is no easier way to a perfect figure than the Stauffer System of passive exercise

Read what leading fashion magazines say about the Stauffer way to slenderness:

<p>HARPER'S BAZAAR SAYS: "Very clever mechanized tables on which you relax as you would on your own bed, while machines do your exercising for you. Controlled exercise, tailored to you and your figure. A series of these Stauffer treatments will turn you out minus the sway-back, the protruding abdomen or any of the other figure-faults you'd gladly live without. The treatments take only fifty minutes and are not expensive. You start off with a consultation, when your measurements are taken, your problems discussed and you are encouraged to try a preliminary treatment. (This is completely free.) From then on, your progress is carefully watched until you have achieved the symmetrical, limber figure you want."</p>	<p>MADMOISELLE SAYS: "The Stauffer System uses four couchlike machines. They do all the work, supervised of course by the salon experts. You just lie there. The beautiful outcome is the re-proportioning and redistribution of flesh into the measurements most flattering for your own body structure. The Stauffer expert computes the number of fifty-minute treatments necessary to guarantee your new dimensions—many people take two treatments at a time and get the figure they want twice as fast... dress alterations can be a thing of your past. And with each treatment averaging only \$2, your dream figure is literally a bargain."</p>	<p>VOGUE SAYS: "The word is yes—you can remake your measurements... I decided to start with the Stauffer System... lying down in perfect comfort, the machine exercises passively the vertical muscles, exerts a trimming action on hip bulges, and tucks hips under, a first step in creating better posture... A similar table works first on the hips, then the shoulders. The shoulder action firms the muscles of the bust and arms, helps restore a good throat line and diminishes dowager's hump. The purpose of the machine is to correct posture, eliminating saggy areas where fat can accumulate; to stimulate circulation; to improve muscle tone—that means you won't be flabby any more; and to improve the process of carrying off body wastes. It makes you look and feel years younger... your contract includes a guarantee that you will lose, if you follow the plan, exactly the inches we say you'll lose."</p>

Taxpayers

(Continued from page 1)
Raymond W. Forbes "made every thing crystal clear." Mr. Forbes had been president of the Regional Board of Education and has made a thorough and exhaustive study of the rapidly expanding educational needs in Springfield.

A spectator asked for permission to state that he was told by a neighbor, who is an authority on the subject, that the Regional High School in Springfield is considered to be one of the best in New Jersey.

Another taxpayer, in discussing the items showing an increase for

garbage and trash removal, said she was very happy to state that the present scavenger contractor was doing an excellent job in Springfield.

Township Committeeman Vincent J. Bonadies, who is head of the department controlling the garbage and trash removal services, helped clear up several items concerning this service and gave detailed explanation on a new "pick up" schedule the Township plans to inaugurate shortly.

This new service by the scavenger, stated Mr. Bonadies, would enable home owners to dispose of garbage which is now rejected and not picked up by the contractor.

"We plan to designate one or two days each month," said Bonadies, "when the garbage contractor will pick up and carry away discarded springs, mattresses, tree limbs, and all other such refuse which is now accepted by the scavenger during our once a year 'clean-up week.' We have already discussed this matter and the scavenger has agreed to work out a schedule to send in special trucks to pick up in place of the regular garbage vehicles which can only be used for actual garbage."

It is the plan of the Township to arrange the dates for such service and notify residents through advertising and other media just when this collection will be available. This special service will enable home owners to get rid of many useless things stored in the cellars, attics and garages every four weeks instead of waiting for once a year as we have done previously.

Representatives from the following attended Saturday's interesting discussion: Chamber of Commerce, Board of Education, Public Library, Civic Alliance, Briar Hills Civic Association, Springfield League of Women Voters, Balthus Civic Association, Spunkie Civic Association, Springfield Woman's Club, Springfield PTA, American Legion Auxiliary, and Civil Defense. In addition there were several individual taxpayers present, not affiliated with any civic group.

Don't Run to Shelter!
It's Only Another Test
Civil Defense Director in Springfield Dan Lucy announces that there will be an "audible test" of the warning signals here tomorrow, Friday, at noon. "This is being done throughout New Jersey," Mr. Lucy stated, "to familiarize all residents with the new signals. There will be no public participation, no cars need stop."

TAKING CARE OF YOUR GARDEN

By Edward A. Cardinal
Chairman, Springfield Shade Tree Commission

Spring is just around the corner, but we can still expect some very cold weather with the possibility of lots of snow. Now is a good time to take a Spring inventory of your garden needs and buy what you need before the annual rush.

QUESTION: How soon can I lime my lawn?
ANSWER: Lime can be applied at any time, but I would not advise walking over your lawn with a spreader if you leave muddy tracks all over. It is better to wait until the lawn is dry enough for a firm footing, or if you wish do the liming when the ground is still frozen.

QUESTION: Is it advisable to fertilize when the ground is frozen?
ANSWER: Many do fertilize on frozen ground if it is perfectly flat, but on slopes it is no advisable because heavy rains, or thawing snow might wash the fertilizer away. Better wait a few weeks, but apply the fertilizer before the grass starts to turn green.

QUESTION: Do you recommend chemical, or organic fertilizers in the Spring?
ANSWER: It would be hard to say because conditions vary. If the lawn has been thriving, organic fertilizer might be advisable in a wet spring because it would not work as rapidly and would last considerably longer. On the infertile soils of the modern development chemical, or a combination of chemicals and organics would probably be best. The chemicals would dissolve rapidly and work deeply into the soil while it is still porous from the winter freezing and thawing. Root

action would be stimulated and the grass would grow vigorously. The organics would not be available to the grass until heat and moisture helped them to decompose, but would supply the necessary food after the chemicals were used up in the soil.

QUESTION: What are the qualities of a good fertilizer?
ANSWER: Most fertilizers, even the poor ones, will make grass green in the Spring. A good fertilizer should have at least 16 units of plant food containing nitrogen, phosphoric acid and potash, plus many minor elements. Most professional gardeners prefer a good part of this plant food in the form of organics and many fertilizers contain from 25% to 60% organic nitrogen. A good fertilizer should keep your lawn green for several weeks and need not be applied as often as the highly soluble chemical fertilizers.

The so called low analysis fertilizers, or manure types, also have a value in the preparation of new lawns and lawns that are well established in good topsoil. It is usually necessary to use larger amounts of this type of fertilizer, but they work slowly and last a long while.

QUESTION: Name some of the organics used in commercial fertilizers?
ANSWER: Cottonseed meal, soybean meal, castor pomace, sewage sludge and animal manure are widely used in commercial fertilizers. Bone meal is used in many specialty fertilizers, but is too costly for commercial grades. Sawdust has become widely used as an organic filler in cheap grades of fertilizer and has very little food value. Be careful you are not a victim of such an unwise purchase.

WARNING: Very soon the peddlers of so-called humus will be at work in your neighborhood. Some of this material is good humus, but others are black muck, tea leaves and waste materials from industrial plants. Usually two men operate together and give a very low price, but you wind up paying as much as a hundred dollars for a few baskets of questionable material. This is a gyp proposition and it is advisable to notify the police when you find them in your neighborhood. Many people called me last year to complain about this racket, but after the sale has been made there is little that can be done for you. If you do get hooked with a big bill, don't pay it for they are usually glad to settle for a small sum and get away before the police arrive.

Fort McNab was built in the harbor of Halifax, Canada at a cost of \$24,000 which was paid for by British profits from the Suez Canal in 1888.

NOTICE

TO PERSONS IN MILITARY SERVICE OR PATIENTS IN VETERANS' HOSPITALS AND TO THEIR RELATIVES AND FRIENDS

If you are in the military service or are a patient in a veterans' hospital and desire to vote, or if you are a relative or friend of a person who is in the military service or is a patient in a veterans' hospital who, you believe, will desire to vote in the Primary Election to be held on April 16, 1957, kindly write to Henry G. Nulton, Union County Clerk, Courthouse, Elizabeth, N. J., at once making application for a military service ballot to be voted in said election to be forwarded to you, if you are in the military service or a patient in a veterans' hospital, stating your name, age, serial number, home address and the address at which you are stationed or can be found, or if you desire the military service ballot for a relative or friend, then make an application under oath for a military service ballot to be forwarded to him, stating in your application that he is over the age of twenty-one years and stating his name, serial number, home address and the address at which he is stationed or can be found.

The Springfield Sun GUIDEBOOK

This guide has been prepared by the staff of the Springfield SUN after a thorough study of the stores, restaurants, dealers, and firms offering services in the Springfield area. Our reporters have looked into the history, reputation, and quality of each business. Those appearing in this GUIDEBOOK are highly recommended.

AUTO BODY WORK	FLORISTS	LIGHT FIXTURES	SERVICE STATIONS
ELLERY (155 Morris Ave., rear of Chrysler-Plymouth agency, Springfield). When your rear end is out of shape look for (1) a firm with the necessary fancy equipment, (2) a firm with the know-how of experience, and (3) a firm with the integrity to do the best job at the lowest rate. On all 3 counts, the SUN recommends Ellery Auto Body Shop.	WEBER'S (Route 22, Springfield, DRexel 6-0626) The world has beat more than a path to Weber's-Crystal Stream Florist since it was founded in 1923. They've beat a highway right through the begonia beds. Undaunted, Weber's has become a leader in a town famous for florists. Same day delivery plus the town's trust in the beauty of every arrangement has been the story.	MODERN LIGHTING (615 Morris Ave., opposite Terry Dempsey's, Springfield) Turn on one of these lights, and you practically redecorate your home. This imaginative collection of modern and colonial fixtures can do more for a room than a decorator with a bucket of cerise paint. Real eye-catchers are Joe Hockadel's hand-wrought iron filigree provincial fixtures. His discounts off manufacturer's prices are amazing.	GULF CENTER (326 Morris Avenue, Springfield) Joe Calabria has a reputation among grease job experts as the best in the county (and they're a slippery bunch to pin down). Car wash, Green Stamps, and new service equipment are features.
AUTO REPAIR	FOOD MARKETS	MUSIC & PHOTO	TV SERVICE
CLARK'S GARAGE (Just over Rt. 22 overpass on South Springfield Ave.) There is nothing under the hood that Frank Clark doesn't know about. An auto mechanic since 1916, Clark has lived in Springfield since 1923. His modest garage needs and has no sign over the door. His reputation brings in the business.	SPRINGFIELD MARKET (272 Morris Ave., Springfield, DRexel 6-0431). The only supermarket from here to kingdom come offering free telephone and delivery service (expectant mothers note), Jim Funcheon and Les Schulman can be relied on to pick only the top quality items. Their prices are competitive—can't be beat.	DISC & SHUTTER (266 Morris Ave., Springfield) Their photostating service reproduces like rabbits—exact duplicates of the original. The SUN finds it saves hours of typing to have a document copied (and they come out cleaner than the original) Disc & Shutter's main line, of course, is records. Have you heard Julie London in Hi-Fi? Wow!	HI-WAY TAILORS (20 Center Street, Lyons Shopping Center, Springfield, DRexel 6-0544) In Saul Freeman's native England a tailor learns how to build a suit from scratch. His 8 years in Springfield have taught the town what English tailoring means—for men and women's clothes. Also dry cleaning pick-up and delivery.
SPRINGFIELD GARAGE (311 Morris Ave., Springfield, DRexel 6-9856) Bob Briggs has been pounding the forward look back into cars ever since 100 horses was considered real power and V-8 was vegetable juice (1937). His skilled crew do mechanical, collision, and painting. And very well, too.	CENTER HARDWARE (240 Morris Ave., Springfield, DRexel 6-0459) The clue to shopping this top rated firm is to watch the window for outstanding values. Bill Dwyer comes up with some awfully good ideas every week. Take a look at his novel black metal mail boxes. They'd go well with colonial design.	FIN 'N FEATHER (261 Morris Ave., Springfield) If you go for inedible fish, here's a whole zoo full of living fillets. Bill and Betty Thomas have assembled 32 individually designed aquariums (or is it aquaria) full of the darndest things. If you're tired of dry land, they have everything from a 25c supply to a \$200 underwater paradise. All other pet supplies too.	A & A TV (2708 Morris Ave., Union, 1/4 mile from Springfield, MUdock 8-5800, Al Jones, a TV pioneer since 1938, runs an efficient shop that has (1) fixed charges, (2) same day service, and (3) guarantee for all work. 35% of their business is in Springfield, where people have learned they can depend on A&A.
BAKERIES	INSURANCE & REAL ESTATE	POULTRY	WALLPAPER
CAKE COTTAGE (Springfield Shopping Center) If the SUN were to tackle the difficult choice of picking a favorite from chef Ted Spector's ovens, it would be the extraordinary Danish pastries. These rich, fanciful delicacies have won as much statewide acclaim as Cake Cottage's famous cake sculpture of Springfield's Presbyterian Church. Incidentally, Ted is looking for suggestions for a new cake sculpture. Give your ideas to the girl at the counter.	BUNNELL BROS. (6 Flemer Ave., Springfield) Here is a firm that has grown with the town while appearing to be standing still. The farthest Robert and Richard Bunnell have moved since 1916 is from one end of the bank building to the other. In the process they have become synonymous with insurance in town. They write all kinds.	CASALE'S FARM (128 Springfield Ave., Springfield, DRexel 6-1509) Canio Casale has been good news to fresh killed turkey eaters and bad news to about 5,000 turkeys a year ever since he graduated from Rutgers in 1931. Take a tip from the SUN: If you're fed up with the week-old, packed-inse poultry you get in supermarkets — see what "farm fresh" means at Casale's.	KARLIN'S PAINT (15 Center St., Lyon's Shopping Center, Springfield) Our town's interior decorating expert for 20 years, Mr. Karlin has a whole library of wallpaper books. M'lady can sit in the reading room and leaf through enough wallpaper to do her home over six times.
BARBER SHOPS	LAUNDROMAT	RESTAURANTS	PHONE NUMBERS
SAM'S BARBER SHOP (258 Morris Ave., Springfield) Why read the Springfield SUN? Sam says you can get all the news in his shop. (Ed. note: if you like it well trimmed.)	Courtesy Laundromat (268 Morris Ave., Springfield) If your little girl says, "Next to me, Mommy likes Sam Castromoxia's cleaned clothes best," she's probably right. Mommy saves 85% on laundry bills and 85% on fuss and bother.	SWINGLE'S DINER (Westbound Lane, Route 22, Springfield) Fred Dal and Joe Swingle are proud that most of their patrons are local residents. The SUN suggests this spic-and-span diner for family meals, especially when the kids are along. There is a children's menu that the younger set finds lots of fun. REGIONAL	LUMBER & SUPPLIES	CHINA SKY	GOOD ADVERTISING
SAM'S BARBER SHOP (232 Mountain Ave., by Henshaw Ave., Springfield) Most modern chairs in town combined with friendly and skillful service. Proprietor Alex Dominski, a favorite with children, also features women's hair styling.	COLUMBIA (Maple Ave., Springfield) This lumber and millwork company has become the fastest growing building supply firm in the Springfield area. And with good reason. Their large modern showroom has everything under the sun that a home-owner could need. We were particularly intrigued by the clever Pella-Wood Folding Door. It closes like an accordion, therefore taking none of the room a swinging door would. It can be easily installed, come in beautiful woods and sizes to fit any door in your house. Marvin Goldman of 213 Hillside Ave., Springfield, is a present owner and helped found Columbia in 1939. For quality bargains, the SUN does not hesitate to recommend this reliable firm.	WALTER'S INN (585 Morris Ave., opposite Millburn Ave., Springfield) Connoisseurs of Italian cooking will love the specialties of this long time favorite watering place. The chef now commands a new pizza oven, as well as the pots and pans necessary for his famous Lasagna, Ravioli, and veal and peppers.	VITAL PART OF AMERICAN LIFE

Woman's Club News

Mrs. Edward Reibold, as Chairman of the Mid-Winter Dance, deserves congratulations for a successful and highly enjoyable affair, which was held Friday evening, February 15, at the Hotel Suburban. Club members and their guests had fun with the special numbers, including an "Elimination Dance," as they enjoyed music furnished by Bud Laird's orchestra.

Credit goes to the Co-Chairman of the affair, Mrs. William Geitz,

as well as to Mrs. Stanley McConkey, Chairman of the Ways and Means Committee, and to all of the members of the Committee, who worked toward the success of the Dance. Also, Special thanks go to Mrs. Henry Bultman, Jr., who was in charge of decorations, including the attractive "Valentine Men," fashioned of pipe cleaners and shiny red paper, which decorated each table. It was a very pleasant evening, as reported by all who attended.

Members of the Garden Department, who seem to have been "jinxed" by bad weather at several of their previous meetings, were happy to have a "clear" night (no fog—no rain) for their

February 18th meeting, and there was a very good attendance at the Cannon Ball House. They made beautiful Dish Gardens, using Cacti, Succulents, and various plants, each one bringing her own dish, none of which were of the same shape or size. The results were very pleasing, and members will use these Gardens as part of their exhibit on Hobby Night.

Hostesses for the evening were Mrs. William Peacock and Mrs. John H. Ganley. The table theme was patriotic, and was carried out with decorations of red and blue.

The next Executive Board meeting will be held at the Cannon Ball House on Wednesday evening,

February 27, at 8:15 P.M. Hostesses will be Mrs. Vincent Bonad-165 Mrs. Harvey P. Sommerer, and Mrs. Merton D. Williams.

Mr. James Duguid will speak on Scotland at the next meeting of the International Relations Department, which has been postponed to February 28.

Mrs. Stanford M. Höttinger was hostess to the Music Department, on February 21, with Mrs. Watt D. Chapin and Mrs. John E. Billings as co-chairmen.

Mrs. Charles F. Heard, President of the Club, attended a Presidents' Day at the Fortnightly Club, in Summit, on Thursday, February 21st.

On Tuesday evening, February

19, the Rotary Club of Springfield representatives from other organizations in town to sit in on a meeting, and to discuss a proposed Youth Center for Springfield. It was decided at the meeting that such an idea is worthy of consideration, and a Preliminary Committee was formed, (1) to investigate the programs, activities, and budgets in other communities, (2) to contact the Recreation Commission to determine how a program conducted by a Youth Center would affect, duplicate, or co-ordinate with the existing program, (3) to establish what functions could be covered by a Youth Center.

Mrs. John C. Pitney, Chairman of the Public Welfare Department,

attended the meeting, and she will serve on this Committee, as a representative of the Springfield Woman's Club.

More stamps and Betty Crocker coupons, or any other coupons, will be welcomed by House Chairman Mrs. Edward Schubert, who will be on hand to receive them at the next regular Club meeting. Chairmen of the various departments will also be glad to collect them, if it is more convenient for members to take them to Department meetings.

Hadassah Plans Fashion Show

Springfield Hadassah has lined

up an evening of entertainment for its Fashion Show on Wednesday evening, Feb. 27, at Temple Beth Ahm.

Mrs. Ralph Nemerson, chairman of the event, says she has many surprises in store for Ha-

dassah members and their friends and neighbors. The highlight of the evening will be creations by Mardis of Dallas. Following the fashion showing refreshments will be served.

MENU FOR WEEK OF FEBRUARY 25—GAUDINEER SCHOOL CAFETERIA

LORRIE LEWIS

Mr. and Mrs. Allen Borsky of 122 Kipling avenue were disappointed that their 15th wedding anniversary had gone completely unremembered by all the members of their family—that is, until they were tricked into stopping at the home of Dr. and Mrs. Martin Borsky of the evening of February 17. Many, many loud shouts of greeting were a wonderful surprise to the anniversary couple. Co-hosts of the surprise party were Dr. and Mrs. Borsky of Meisel avenue, Springfield, Mr. and Mrs. David Yurov of Newark and Mr. and Mrs. Seymour Krell of Irvington.

Mr. and Mrs. George Rynar of 122 Hawthorne avenue (and G and L Delicatessen) are sporting the latest in suntans acquired on their recent 16-day vacation in Miami Beach.

A very special greeting to Mr. and Mrs. Donald Heir of 23 Newbrook lane who moved here from New Milford, N. J. Their son, Stewart Norman, is 4 years old. Mr. Heir is an engineer with Weston Electric, Newark.

Mr. and Mrs. Tony Fiorellino of 94 Kipling avenue announce the engagement of their daughter, Connie, to Walter Butkus of 11 N. 13 street, Kenilworth. An engagement party will be held on February 23 at the Kenilworth Inn, Kenilworth.

Both the bride-to-be and her fiancé are graduates of Regional High. Mr. Butkus was recently discharged from the U. S. Marine Corps and is presently attending Newark Prep.

Party time was February 10 for Vicki Keller, daughter of Mr. and Mrs. Wood avenue, Vicki, who was 11 years old, had as her guests Ellen Schramm, Deborah Kolarsick, Peggy Kirby, Lucy Kirby, Barbara Myhrberg, Betty Russa,

Grethoven Purkheiser and Carol Schnell.

Judy Lawit, daughter of Mr. and Mrs. Earl Lawit of 46 Edgewood avenue, was feted at a luncheon birthday party—held on her 10th birthday on February 12.

Mr. and Mrs. Marvin Simon of 28 N. Derby road are happy to announce the birth of their daughter, Lisa Lorri, on February 11 at the Beth Israel Hospital, weighing 6 pounds 7 ounces. Lisa has a brother, Larry, age 12 years, and a sister, Lynn, age 1 1/2 years. Mrs. Simon is the former Selma Statman of Newark.

Alan Freeman, son of Dr. and Mrs. Stanley Freeman of 94 Kew drive marked his 5th birthday at a party on February 9 with many of his neighborhood friends and his cousins.

Guest of honor at a supper party held on February 12 was Nancy Mumford, daughter of Mr. and Mrs. Leroy J. Mumford of

Famed Artist At Modern Era Sat.

One of the world's leading artists will be in Springfield Saturday afternoon, Feb. 23, to discuss his unique contribution to modern furniture.

Paul McCobb, the father of "functional modern" furniture will make his only New Jersey appearance Saturday at Modern Era

954 South Springfield avenue. Nancy celebrated her 8th birthday. Her guests included Joyce Frieri, Jade Goldman, Marjorie Wemischner, Sheryl Boyle, Andrea Bilet, Susan Buckley, Sandra Geiger, Robin Geiger, Doreen Joachim, Joan Harback and her sister Betty.

New neighbors at 49 Christy Lane are Mr. and Mrs. Murray Zeidner, formerly of Newark. Their 3 children are Irving age 16 years, Stanley age 13 years, and Linda age 8 years. Mr. Zeidner is a plumbing and heating contractor.

Happy Birthday wishes to Carol Jensen, daughter of Mr. and Mrs. Harold Jensen of 35 Edgewood Ave., who was honored at her 12th year birthday party on Saturday evening, February 16. Carol's party guests were Barbara Smith, Barbara Baldwin, Evelyn Bash, JoAnn Hopta, Shauna Oultvedt, Barry Hollander, Michael Bracht, Jim Crowley, Dwight Hummel, and Dennis Eder and Kenneth Eder.

furniture store on Route 22, Springfield. His straight line design has made a "permanent and significant contribution to interior design" according to the Museum of Modern Art, where he has been a frequent contributor. Modern Era, Springfield's new design center, carries McCobb's complete linear line, which is the popular priced edition of his extremely expensive directional modern. The 37-year-old McCobb is making his first public appearance in recent years because of his personal friendship with the owners of Modern Era. McCobb, whose influence on American art is described in this week's LOOK magazine, now has

eight factories which produce nothing but his designs. His basic approach can best be described as "sculptured furniture"—no unnecessary frills—a tailored straight line look. Modern Era has arranged for informal discussions between McCobb and anyone interested in personal design problems throughout the afternoon.

School System

(Continued from page 1) districts throughout the state, the Newark News story said, "face the task of resubmitting budgets to voters as the result of rejections in last Wednesday's voting. Many saw in the voting a rising protest against increasing educational costs."

Some authorities have decided to resubmit proposed figures without change in the hope that voters will have a change of mind. Others are attempting to find ways to revise totals downward.

Voters in four Union County districts showed their concern about additional costs by turning back 1957-58 proposals. The districts were Kenilworth, Roselle Park, Winfield and Scotch Plains-Fanwood. Kenilworth and Roselle Park authorities announced that revised appropriations would be placed before voters on Feb. 28. Scotch Plains-Fanwood vot-

ers turned down four proposals — the budget; a \$2,300,000 bond issue for plant expansion; a proposition to increase transportation costs by \$80,000, and appropriation of \$1,500 to School No. 4 in Fanwood.

A \$148,523 estimate for schools in Winfield would have added \$3 a month to rents paid the Mutual Housing Corp. Lack of industrial ratables has caused a longstanding school cost problem in the community.

Bergen communities which voted against school items included Wallington, where all questions were defeated, and Tenafly, South Hackensack, River Vale, Park Ridge, East Rutherford, Lodi, Harrington Park and Demarest, where some proposals were rejected and others approved.

Hawthorne and Totowa voters were the only ones to defeat proposals in Passaic. In both opposition to increased teacher salaries was reported to be the cause of the defeats.

In Monmouth County voters of five communities defeated all or some budget items and boards are making plans for new balloting between now and the end of the month. Negative decisions were registered in Bradley Beach, Manasquan and in Wall, Baritan and Marlboro townships.

Heart Sunday

(Continued from page 1) on the "thank you" slip on request.

Persons who are unable to be home during the appeal Sunday afternoon are urged to make their contributions by mailing the Heart Sunday envelopes either in care of the local postmaster or to the Union County Heart Assn., 1137 East Jersey St., Elizabeth. These donations will be accredited to the municipality of origin to assist the municipalities in achieving their goals.

The Heart Sunday house-to-house visitation is the climax of the month-long drive to raise funds in the fight against diseases of the heart and circulation.

Youth Center

(Continued from page 1) committee with instructions to start work as soon as possible and call another meeting very soon to hear the report of the survey.

Named to the committee are Mrs. Robert Hardgrove of the American Legion Auxiliary, William Doyle of the American Legion, J. Appar of Heenshaw-Hawthorn Association, Del Tompkins of the P.B.A., Mrs. Doris M. Pitney of Springfield Woman's Club, R. C. Smith of Shunpike Civic Association, Joseph Bender of Temple Beth Ahm, Anthony Fiorilli of Veterans of Foreign Wars, Wesley Lewandowski of Alliance Club and Ike Freedman of the Rotary Club. Representatives of the Springfield Elks and the P.T.A. will be named later as members of this committee.

An informal session was held by the committee directly after Tuesday evening's meeting and plans made to start work on the survey immediately.

P.T.A. NEWS

The February meeting of the P.T.A. Executive Board was held in the Teachers' Room of the Florence M. Gaudineer School on Monday, February 18 with Mrs. B. P. Yuckman presiding. Plans for the reorganization of the P.T.A. by the end of the year were outlined and discussed and committee chairmen were requested to remember to keep procedure books carefully so that the new chairmen in the individual school P.T.A. organizations will find the books most helpful for reference and guidance next year.

Mrs. I. J. Gershen, P.T.A. Card Party Chairman, announces that the success of the party was due to the wonderful cooperation that she received from the members of her committee and from all P.T.A. members and friends who patronized the card party held at the Baltusrol Golf Club on February 4. Mrs. Gershen wishes to voice appreciation to all who helped, in any way, to make the party a successful event.

Mrs. Clarence Seltzer and Mrs. Niles Christensen represented the Springfield P.T.A. at the Youth Planning Committee meeting which was held in the American Legion Building on Tuesday, February 19.

Mrs. R. Rand, P.T.A. Legislation Chairman, recently attended a county meeting on legislation. Watch for a report on this meeting within the near future. Valuable information has been promised for next week!

The regular meeting of the Springfield P.T.A. is to be held in the Florence M. Gaudineer auditorium on Monday, February 25. P.T.A. members will have the opportunity to hear an outstanding entertainer, Marie Shepherd, comedienne and guest artist who will portray in an interesting way: "American Women - Historical and Hysterical."

A P.T.A. attendance award banner and a book will be presented to the class in each school having the highest percentage of parents in attendance at this meeting. Refreshments have been planned by the hospitably committee members. The guest artist and other features of the program are dedicated to Founders' Day or the February birthday of the P.T.A.

The Pre-School Survey Committee has released the names of additional helpers, as follows: Mrs. W. Remper, Mrs. E. Arnold, Mrs. E. Ewert, Mrs. E. Leavcraft, Mrs. H. Heerwagen, and Mrs. A. Berstler assisted Mrs. L. Soos, captain; Mrs. Schluemper and Mrs. Eckelkamp assisted Mrs. E. Tackels, captain; Mrs. C. Caruso, Mrs. P. Condon, Mrs. H. Tafel, Mrs. D. Kalem, Mrs. J. Edwards, Mrs. J. Cottage, Mrs. F. Filippone, Mrs. H. Wilson, and Mrs. W. Bruschi assisted Mrs. Barry Baron, captain. Mrs. Edward Harback and her committee are grateful for all assistance from all of the helpers who gave of their time so generously. It is reported that this is the final week of the survey.

New Concepts

(Continued from page 1) their relationship to one another are important. On seeing the number 235 the child is taught to think of it in various ways such as five ones, three tens and two hundreds or as twenty-three tens and five ones. Visual and manipulative materials are used to clarify these relationships. Understanding these concepts has a very important bearing on later arithmetic development such as carrying in addition and borrowing in subtraction.

As pointed out in an earlier article, modern day arithmetic

stresses the meaning of the fundamental processes. Children are taught that addition means putting together. They experience this in many different ways in first grade. The basic addition concepts and facts continue to be developed in the second grade and reviewed and retaught when necessary in the third and fourth grades. When the student is ready to learn carrying, emphasis is again placed on the fact that ten is the pivot in the number system. If he adds a column of ones and reaches a total of fifteen, he learns to change the form to one ten and five ones. If he adds a column of tens and gets a total of twelve tens, he has to change the form to one hundred and two tens.

Subtraction
Children are also taught the reverse of putting together. They learn that subtraction means taking away. Throughout the second grade, they are taught their subtraction facts, which are related to their addition facts. In the third and fourth grades, the facts are reviewed and retaught where necessary. After the children have mastered their subtraction facts, they are ready to be taught borrowing. This difficult concept for many third graders is made meaningful through discovery and demonstration. A typical approach is best explained by example. If the problem is to subtract 18 from

25, the child understands that eight cannot be subtracted from the lesser number five in the ones column. It is then necessary to go to the tens column to borrow one ten which is then converted to ten ones. This is best exemplified through objects such as sticks, markers, etc., in bundles of ten representing the number of tens in the tens column and single objects representing the number of ones in the ones column. Thus 25 is represented by two bundles of ten and five individual objects. Taking one group of ten from the tens column and adding it as ten ones to the ones column results in having 15 ones from which eight may then be subtracted. If the above verbal explanation of an arithmetic process seems complex it is another indication that such concepts are more easily demonstrated and described.

Multiplication
When the pupil is ready for multiplication, he is led to discover that multiplication is also putting together, but varies from addition in that it is putting together the same amount. Therefore he can see that 5x2 means five two's. When he understands the meaning of multiplication, the child gradually learns the multiplicative facts. He is taught meaningful terminology, and to understand generalizations, such as: any number multiplied by one remains the same; that zero multiplied by any number is zero. When the child understands the meaning of multiplication he can readily see that division is a short way of taking away the same amount, or to put it another way, division is repeated subtraction. If he works out a situation with play money where, for example, he goes to the post office with 15 cents to buy 3 cent stamps, he can see that he is actually discovering

how many threes there are in fifteen. Since multiplication and division are so closely allied, they are taught in relation to one another. For example, a child understanding the fact that 3x5 equals 15 is ready for the division concept that there are five threes in fifteen.

Number Concepts
In developing any number concept, the use of insight and self-discovery by the child is stimulated. The teacher tries to present the problem in a situation that is challenging and yet can elicit successful responses from the child. "Nothing succeeds like success." If the class is studying eights and the new problem presented involves the use of a new combination, such as 6x8, the children are encouraged to find various ways to find the answer. Some children will use objects to find out what six eights are. Others will draw pictures. Those with more insight will use known facts to develop unknown facts. One child may say, "I know five eights are forty. Therefore six eights are eight more or forty-eight." As many different ways as possible of solving the problem are encouraged. Arithmetic teachers are anxious to develop resourcefulness and self-confidence in the use of numbers. A child becomes independent when he knows that he can always find a way to figure out a forgotten or unknown fact.

Problem Solving
Problem solving is an integral part of everyday arithmetic in our schools. Every new concept is presented as a situation that may arise in daily life either in or out of school. The use of concrete objects and drawings help the child to decide whether he is putting together unlike amounts, putting together the same amount, or taking

Scout Of Malaya Joins Troop Here
Scouting, whether here, Malaya or some other country, is the same the world over.
This was emphasized Thursday night when Paul McGraw, 12, son of Mr. and Mrs. Eugene McGraw of 19 Moller St., became a member of Troop 70 in James Caldwell School. Troop 70 is sponsored by First Presbyterian Church.
He was received by transfer, without loss of second class rank from a troop in Sitiwan, Preak, Malaya, where he had lived the past four years with his family. He also retains three merit badges he earned abroad.
Troop 70 officials pointed out things a boy learns in scouting in this country also are taught scouts in other corners of the world. Because requirements are alike, troop transfers can be effected without change of status. Paul's father is principal of a large school operated by the Methodist Church with some support from the British Government. The family has returned to this county on a year's leave and Mr. McGraw will take graduate work at New York University.
The Malayan Scouts, Paul told his new troopmates, are affiliated with the British Boy Scouts. His former troop is sponsored by the school. He said it is comprised of Chinese, Indian and Malayan boys. He was the only American.

League Meets At Mrs. Seltzer's
On February 13th, the League of Women Voters held a meeting at the home of Mrs. Clarence Seltzer, 32 Sherwood Road to discuss the results of the discussion group gathering held during the preceding two weeks.
Interest on the part of Springfield residents proved to have been keen and hope was expressed that the several groups would be continued during the last two weeks of February. The business meeting was followed by an informal talk by Mrs. J. M. H. Booth of the Glen Rock League on the Middle East situation and in the unification of Germany.
The next meeting will be held March 4th at the home of Mrs. Charles Duce, 122 Madison Terrace and the topic for discussion will be Red China.

No Sundae Drivers At Hershey Ice Cream

SAFE DRIVERS MAKE SAFE HIGHWAYS

NO SCRATCHES—Despite the fact that they're driving. The others are left to right (seated) Alfred on the road all day long, the above Hershey ice cream drivers haven't touched bumpers all year. (Alois Sautter (standing) Thomas Hughes, Harry M. long, Local Hershey boss, Engle Hershey, presents a scroll to Charles Smithling for 21 years of safe driving.

The Springfield Branch of the Hershey Creamery Co. held its annual Safety Banquet Monday night in Summit with the proud record of no driving accidents during 1956.

This is the best record posted in the entire Hershey Ice Cream company organization. Local Hershey trucks rolled up 156,568 miles and the sales force rolled up another 100,000 miles during the past year without denting a fender.

Engle Hershey, manager of the Springfield branch, pointed out at the banquet how far Hershey has come in safety during the last five years. When the Safe Driving program was launched in 1951, Hershey drivers had almost 2 accidents per 100,000 miles. Last year the overall company record was close to 1 accident per 100,000 miles. 1956 was the first in their 19 year history in Springfield that the local branch went unscathed.

The reason for this astonishing safety record, of course, is the drivers themselves. Charles Smithling was honored for 21 years of accidentless driving. Charles Van Blaricum has chalked up 29 years. The only Springfield resident among the Hershey drivers to be honored was Gregg Frost of 33 South Maple—he has driven for 9 years without an accident.

Incidentally, did you know that Hershey produces 33 million pint packages of ice cream a year—and that doesn't include half gallon packages, dixie cups, etc. If that isn't good news for the kids, what is?

Pop Concert For Medical Fund

Mrs. John Triola of Springfield is among local residents heading arrangements for the 25th "pop" concert of the Elizabeth Recreation Concert Band which will be held Sunday afternoon (March 3) at the Masonic Temple, Elizabeth. The program, scheduled to begin at 3 o'clock, will feature Suzanne Lake, who portrayed Tuptin in the Broadway production of "The King and I", as guest soloist.

The Woman's Auxiliary to the Union County Medical Society is sponsoring the concert. Proceeds will go to the American Medical Education Foundation and the newly established medical student loan fund of the Medical Society of New Jersey.

Tickets will be available at the door.

On **WASHINGTON'S BIRTHDAY**
This fledgling institution has accomplished a great deal during its three brief years of existence. It was founded by 23 persons who gathered at the American Legion Hall on Oct. 29, 1953 to work toward preserving historic relics in town and making available the history of Springfield. Since then the Society has acquired title to the Cannonball House, made improvements on it, and begun publication of a historical magazine devoted to Springfield. Henry C. Mullen was the first president, and Charles F. Heard is the present leader. The big project now is to help retire the \$12,000 mortgage on the Cannonball House.

Beckmann's 3 Wins Sweeps Them Into 3rd Place Tie

Now that Springfield Market has disappeared from sight in the lead of the Springfield Bowling League, attention is directed at the runners-up.

Second place Parkview Garage righted itself Monday night at the Springfield Bowling Alleys after a disastrous try at beating the Market bowlers the week before. This week Parkview took two out of three from Frank's Auto to give them a comfortable five game lead over third place. The third spot has lots of company. Beckmann's Market took three very close games from Mendel's Florist this week to pull into a third place tie. Brunner Excavating took two of three from Drake's Fuel to pull within two games of third, and lots of teams are close to them.

Among the also-rans was a remarkable single game bowled by last place Cuzzolino Furs—a 1004. The shock of this score must have been too much for them, because they lost their other two games as usual—to American Legion No. 2. Other games included D'Andrea Driveways two out of three over Bunnell Bros. and Springfield Market (yawn) took two out of three from American Legion No. 2.

The standings:

Overlook trustees late last year. Geared to meet what were termed "serious inadequacies that threaten the continuing effectiveness of Overlook as a community health center," the immediate construction program, to be made possible by the \$3,074,000 building fund, will go forward as soon as sufficient money is assured.

Overlook Starts Campaign To Raise \$3,074,000

A campaign to raise \$3,074,000 by public subscription for the construction of a new nine-story wing at Overlook Hospital was launched Monday night at a meeting of more than 200 representative citizens of the area served by the hospital.

The dinner-meeting held at the Hotel Suburban outlined the plan whereby expansion and modernization of facilities will increase bed space from 250 to 310. The proposed expansion program also calls for expansion, modernization and replacement of several basic service departments.

F. Bruce Gerhard, president of Overlook's board of trustees announced that Hugo B. Meyer will be general chairman, and Alfred E. Busch, co-Chairman of the area-wide campaign for the fund. Additional chairmen and committee members are now being enlisted.

Mr. Gerhard added that after needs were studied, there was no other alternative but to go forward with the expansion plan. "The larger Overlook will be a better hospital," he said, "not only in the sense that overcrowding will be avoided and the much needed modernization of many facilities will be achieved, but because a hospital of the size which Overlook is about to become is able to attract more doctors in the specialties and sub-specialties of modern medicine, and this advances the quality of the medical care in the hospital. It will be big enough to support all of the auxiliary services which add to the quality and extent of service of the hospital. An area hospital big enough to provide all of these things inevitably attracts the best doctors into the area and the best supporting technicians and nurses. It can offer a great deal more than a small local hospital."

Other speakers at Monday night's meeting included Walter Beinecke, Jr., first vice president and chairman of the long range planning committee of Overlook; Dr. W. A. Tansley, chief of the hospital's medical staff; H. Stanley Krusen, treasurer of Overlook and a trustee; and Robert S. Parsons, a former trustee.

The current project, it was pointed out, is the first phase of a long-range development program which was approved by the

order to take on more pressing cases.

Citing the laboratory, which he said was adequate five years ago, now operates in cramped conditions since examinations have increased threefold in the last five years. In the x-ray department similar conditions exist. In 1950, Mr. Beinecke revealed, there were less than 4,500 examinations but in 1955 had increased to over 12,000.

Cities Scientific Advances
Some of the conditions, he said, were the result of further ad-

vances in medical science which reduces bed space to less than two thirds while the remaining service facilities are required for use by medical and scientific apparatus.

Dr. Tansey pointed out that currently, Overlook is unable to fulfill its obligation to the community as "Our society is gradually maturing to the point where we are recognizing the need for providing care for two other large groups of cases—the neuro-psychiatric and the chronically ill. He cited the Twig movement as

part of the hospital's Women's Auxiliary as rendering tremendous aid and lauded the 97-doctor staff as being of sufficiently high calibre for the hospital to qualify for post graduate level of the Bellevue Plan. Mr. Krusen explained that the cost to complete the first phase of the expansion drive will be \$3,574,000 of which \$3,320,000 represents the cost of brick, mortar and equipment. Of the total sum, \$496,000 is already provided from the balance of the Ford Foundation grant depreciation over two years and the cash balance in the future

development fund. The remaining capital needed will be raised through the fund drive.

He said that "The hospital does not anticipate any federal funds under the Hill-Burton Act."

Stressing the fact that the New Jersey State Board of Institutions and agencies has certified

that Overlook lacks 60 beds necessary to serve this area adequately. Mr. Krusen said that the added facilities of the new wing are needed "not next year or the year after, but now, today."

With completion of the proposed expansion, new features will include:

Springfield Loses To Chatham 67-61

The Springfield Recreation Commission "Minutemen" travelled to Chatham High School last Saturday afternoon, facing the Chatham Police Athletic League, a group of boys in the 16-17 year age group, and were stopped in a great last quarter bid, losing 67-61.

SUNNING SPORTS
By RITCHY SCHWARTZ
We write this piece at 11:30 in the evening. The reason we are so late tonight is very plain.

Warren Watkins, Don Carpenter, Bill Benner and Jay Gladstone to put on a good show next campaign.
Just one last line before we close shop on RHS basketball for this week. We are pitted against Caldwell in the State Tournament Wednesday night, 7:30 in the new Millburn gym.

Small Fry Blues Win First Half Championship
The Blues, led by Butch Arnold, won the first half of the Small Fry Basketball League which has been playing a very hotly contested schedule at the James Caldwell School gymnasium.

Lynn Beats VFW To Tie For 1st

Lynn Decorators took two games out of three from the Mavericks to tie for first place in a hard fought bowling duel that saw the Vets put-put the Lynn team by 12 pins.

Springhouse Tree Service entrenched themselves solidly in third place by sweeping a series with Disc & Shutter by a wide margin. The hard hitting Springhouse team has been climbing steadily the past few weeks and may soon be in the top spot.

The P.B.A., smarting from their recent costly defeats, came back in a strong manner by clobbering the faltering Jimbo Texaco team with every man bowling above average the P.B.A. had one of their best series of the season. A few more weeks of that type of bowling could make them a contender before the end of the season.

Mother's Guild Meets Monday

The regular monthly meeting of St. James Mother's Guild of Springfield was held on Monday, February 18, 1957 at 8:30 p.m. in the school cafeteria.

At the close of the business meeting, Mrs. Francis Rubino of the Meale Norman Cosmetic Studio of Westfield gave a beauty demonstration. With Mrs. Loreta Schauf, a Mothers Guild Member, as model, Mrs. Rubino demonstrated basic skin care and the proper application of make-up.

Class Mother Mrs. Rosemary Zieser and her committee of third grade mothers served refreshments after the meeting.

NOTICE OF HEARING
NOTICE IS HEREBY GIVEN that the Board of Adjustment of the Township of Springfield, County of Union and State of New Jersey will hold a public hearing on Thursday, February 21, 1957 at 8 P.M. Eastern Standard Time in the Municipal Building on Mountain Avenue to consider the application of Richardson Village, Inc. for a variance to the zoning Ordinance concerning Book 65 B, Lot 1, Milltown Road, Springfield, N. J., ELBOWORE H. WORTHINGTON, Township Clerk.

Royals Turn Back Late Trotter Bid

The Royals tripped the Globetrotters 58-53 last Thursday evening at the Florence Gaudineer School gym, with the Trotters almost overcoming the league leaders in wild fourth quarter scoring spree.

The losers scored eighteen points in the closing period, with the Royals netting but ten: Richie Baker and Tommy Marino were the standouts of this contest, each scoring four goals for eight points in the final quarter. The Globetrotters were playing without their top rebounder, Billy Franklin, who was unable to play because of a blistered heel.

The Royals scoring was evenly distributed, with Gladstone, Hopfa, and Lawn, scoring thirty eight points; Pancani and Stichel contributed eight points each, with Mann getting four on two field goals.

The Royals face the second place Hawks tonight in the big game of the week with the Hawks needing a victory to remain mathematically in the race. Should the Royals win the 1957 Championship race would be over with only games with the Warriors and the Globetrotters remaining.

Organ Recital Review
Ralph Feldman of 36 Sherwood Road has sent the following report of Tuesday evening's organ recital at the Temple:

The first of a series of musical evenings sponsored by Temple Beth Ahm was held last Tuesday evening at the Temple, Balfour Way, when an organ recital was given by Charles Vanderhoven, Jr. An enthusiastic audience of music lovers were treated to an unusual display of organ virtuosity, as Mr. Vanderhoven delighted with his repertory of popular and classic selections. His program featured a musical travelogue, the "Round the World Medley".
