## THIS WEEK

### DON'T PRINT THAT

There is a very thin line, but, nevertheless, a definite line separating what should or should not be published in a home town newspaper. We don't want to appear unusually qualified to say what is or is not news in a community like Springfield but we do have a formula.

The SUN has a file bulging with verified and documented stories concerning Springfield which, we hope, will never be used. Because we don't believe any good purpose will be served by publication. Especially if the story concerns some individual—something personal. However, the moment these individuals become "public" the rules are immediately cancelled.

There are occasions when even if publication of a story would be of some public service, it might be good policy to keep it out of the home town newspaper. For instance, the SUN was aware of the reports made to the Board of Health that there were cases of ringworms in the Township. We didn't make screaming headlines because we knew the Springfield Health officials had the situation well in hand and that every safeguard had been set up to fight the infection.

An editorial in a Colorado newspaper indicates that others have this same problem. This had to do with publishing a news story embarrassing to, or contrary to the best interests of an advertiser who supports the paper. "There are times," the editor wrote, when I'd like to trade newspaper business for a hamburger stand, or a shoe store, or a library full of law books, or a civil service job where the Hatch act kept me from opening my mouth about politics, red tape, and jealous supervision kept me from accomplishing very much, and tenure kept me from getting fired. Or a job, where the customer can always be right, even when he's wrong, and you deal with him one at a time.

No one can keep a news story out of a good newspaper. You can't. I can't. If we could, it wouldn't be a good newspaper.

There are two tests that must be passed by stories we print. First, is it the truth? This test often leads to complications. Ordinarily we have but a few hours to verify the story, to test the facts. Sometimes it's news that a person makes a statement, voices an opinion. (Suppose I disagree with his opinion. Is he a qualified expert on the subject, is his opinion important? Is what he said his honest belief, or a calculated effort to mislead you?) And I'm called upon to make judgments not covered by the rules. You can see how it becomes necessary to fall back upon experience and instincts as an editor.

Judgment and experience weigh heavily, too, in applying the second test: Is it news? Is it something of interest or importance to enough of our readers to make it worth printing? Is it a winner in the competition for white space with the many, many other stories and features from which I must choose the week's quota? Is it significant, so that even if only a few will take the trouble to read it, still must be printed for them?

Perhaps you feel—as many people do—that a newspaper should impose a further test on the stories it publishes; namely: Will it do any good to print it? I deny responsibility for putting a story to this test. It may be valid for pamphlets, magazines, speeches and sermons. But newspapers believe it is good for free men to have—or have an opportunity to gain—all information, all knowledge, all truth.

### Highway Department Busy, Busy!

Those who have been shouting that State Highway Commissioner Dwight R. G. Palmer is ignoring Springfield and its traffic hazards on Morris Avenue are not fair.

For two weeks now, the Highway Department has sent a trouble-shooting truck to Springfield to manure some of the chipped spots on the state highway which is also Morris Avenue.

Five or six men make up life crew. The job is to put tar or some other paving compound on patches which disappear soon after the very first vehicle rolls over the spot. It doesn't appear to do the roadway any good but it provides work for the five or six employees who might have been doing something about removing the exposed trolley rails in Morris Avenue.

The State Highway Department is the target for criticism in the following editorial which appeared in the Elizabeth Journal of Tuesday under the heading "More Urgency, Less Speed."

New Jersey has built only 80 miles of state highway since World War II and the whole system has been inadequate for the last 20 years.

Those statements are not the eruptive declarations of a driver idling his life away in a traffic tie-up on a two-lane road or the bitter frothing of a motorist bouncing from shell hole to pothole on some of the more ancient construction. They are the candid, if belated, admissions of Commissioner Dwight R. G. Palmer of the highway department.

In absolving the state of modern construction since the war the commissioner was excluding, of course, the two toll roads, the turnpike and the parkway, handsome engineering jobs, despite their northern termini. They were conceived and built, however, during Republican administrations.

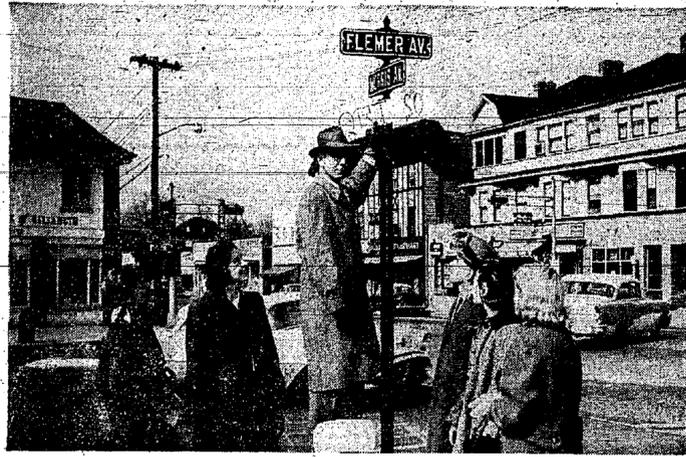

Commissioner Palmer sidestepped any partisan references in his pronouncement. Although progress on the main highways was little better in the preceding Republican era than in his own, that preceding administration did produce the toll roads. Nor does Commissioner Palmer account for the stagnation of the road agenda during his time.

In fact, the commissioner's attitude heretofore has hinted at either extreme uncertainty or a great lassitude toward the multi-billion-dollar program originated in Congress, which exacts only 10 per cent of the cost of the world's greatest highway system from the participating states. By his own admissions, New Jersey is at the forefront of the states in need.

Coupled with the commissioner's confession of failure by New Jersey are his recommendations for the federal program in the Garden State. Any benefits from the federal proposals are remote from Union County, either in time or in miles.

The reconstruction—or whatever it is to be called—of Route 22 still is indefinite and the re-creation of Route 28 between the Goethals Bridge and Route 22 is equally vague at the moment. Improvement of Route 1 in Elizabeth, Linden and Rahway apparently has been forsaken, compounding the accumulation of traffic on the turnpike for years.

Commissioner Palmer, to the delight of the state's millions of over-taxed and frustrated motorists, has taken the first step toward activation of the federal program in New Jersey. In several other states, where certainly the urgency is no more alarming, power shovels and concrete mixers are working.

MORRIS AVENUE IS GONE!!—In celebration of "ORT DAY" yesterday, Mayor Albert G. Binder changes the name of Morris Avenue to ORT Square. In on the renaming program were Mrs. Sidney

Garner, Mrs. Seymour Margulies, the Mayor, Rabbi Reuben R. Levine, Mrs. Ivan Croutch and Mrs. Norman Cooperman. (Micky Fox Photo)

## Red Cross Fund Drive Started In Springfield

The annual Red Cross drive for funds is now under way in Springfield, and Henry Grabarz, 1957 campaign chairman, is confident the Township will reach its quota, as usual.

Committees have been appointed to solicit contributions from industries, business and professional men, and street chairmen have been named to ring door bells and go from house to house. In addition to this Chairman Grabarz has appeal letters mailed to every resident in Springfield asking for support in the 1957 campaign.

"The greater portion of every dollar received," wrote Grabarz in the solicitation letter, "is used by the Springfield Chapter of the American Red Cross for local purposes. Among the Red Cross services in our community are the following:

"Water Safety—Springfield Red Cross and Township Recreation Commission give instructions in swimming and life-saving to over 400 local children each year.

"Home Nursing—A registered nurse gives instruction in home nursing and taking care of illness and casualties around the home.

"Civil Defense—Your local Red Cross is prepared to cooperate with local Civil Defense authorities.

"The Lord's Prayer" is the theme of the Lenten Service this year. The second series will be next Thursday night, March 14 at the Methodist Church with the Rev. Bruce W. Evans, pastor of the First Presbyterian Church, speaking on "Hallowed Be Thy Name." Special music will be provided by the Choir of the Methodist Church.

These services are open to the general public.

## National Shoe To Open On Route 22

Real estate activities in Springfield appear to be centered on Route 22 with several interesting deals already closed and many about to be signed.

One sale which is very close to being wrapped up is by the National Shoe of a very fine piece of property where the plan is to construct a drive-in retail store for this chain organization. The National Shoe company has a retail outlet in the General Greene Shopping Center and, according to the reports, the plan for Route 22 will make it one of the largest operations in this area.

Other activities include executive

## Charter Study Group Plans Meeting Soon

The first organizational meeting of the Citizens' Committee for Charter Study under the auspices of the Springfield League of Women Voters took place at the Methodist Church on Feb. 27.

Due to the interest aroused by the projected Charter Study program, the group assembled to decide to form a temporary public committee for Charter Study. The purpose of this committee will be to educate the community as to the need and purpose of a Charter Study.

The following people were asked to serve on the committee: H. Plummer, representing Methodist;

## Mrs. Lewis Will Head Cancer Campaign Here

Mrs. Philip Lewis was appointed chairman and Mrs. Joseph Pender as co-chairman, of the 1957 Springfield cancer crusade to day by Walter H. Hildebrandt, campaign chairman for the Union County Chapter, American Cancer Society.

"Mrs. Lewis did an outstanding job as chairman of the 1956 crusade," Mr. Hildebrandt said in announcing the appointment. "Springfield is fortunate in having a civic worker of her experience and broad range of interest. She was recently elected to the board of managers of the county chapter."

Mrs. Lewis was president of the Springfield Parent Teachers Association in 1954 and 1955 and is presently the association's achievement chairman. She is a member of the Dramatic Workshop of Springfield and the League of Women Voters.

"Our crusade this year, as in past years, has a dual purpose," said Mrs. Lewis in accepting the

## It's Bonadies vs. Grabarz This Nov.

To the surprise of no one at all, the political scrap, for the one seat on the Township Committee will be between Henry Grabarz, carry the Republican banner, and Vincent J. Bonadies, the incumbent who will seek re-election to retain the place on the governing body for the Democrats.

Grabarz filed his petition early this week and Bonadies is expected to formally present his candidacy before closing hour at 4 o'clock today (Thursday).

Township Committeeman Bonadies announced his candidacy yesterday in a statement in which he stated that he was seeking "re-election on a program based on representation of all the people and continued progress in office to match the pace of our municipal development."

Bonadies, who is entering his name in the forthcoming Democratic primary election, is completing a three-year term as chairman of the governing body's Department of Public Affairs. "My decision to seek re-election," he said, "stems foremost from my conviction that the two-party system must be maintained in Springfield in the interests of

## Democrats Name MacMahon Head Of Local Club

Promising a "vigorous, alert and militant Democratic party in Township affairs," Arthur MacMahon accepted the presidency for 1957 of the Springfield Democratic Club in an enthusiastic election held Tuesday night at the VFW Hall.

MacMahon, who has been one of the stalwarts of the local Democratic organization, was nominated and elected to lead the organization this year by one of the largest crowds ever to attend a meeting of the club.

"The Springfield Democrats" said the new club president, "are happy to see so many new faces as well as most of the regulars. We are pleased to welcome the newcomers and, in a few weeks, we will name committees so that all of these eager Democrats can be assigned to some work both in the campaign and to carry out an interesting program of social activities."

"Springfield has had a great many residents with interest in the Democratic party but, for reasons of their own, they couldn't be induced to stand up and be counted. This meeting convinces all of us that there is a definite need for the two party-system in local politics and there is no doubt in our minds that the Democrats will play a very important part in the future of the Township. We will have work for all. There will be open meetings with standing

## Committee to Report Soon on Youth Center

The twelve-man fact finding committee, named to explore the various problems relating to the establishment of a Youth Center in Springfield, may have most of the answers when the full group gives a report of the meeting held at the residence of Joseph Bender, 21 Ann Place, Tuesday evening, March 5.

The committee has been split up into small groups to confer with officials of three neighboring communities where there are now organized youth activities. The Springfield committees have appointments to discuss all details of youth center operations in Summit, Union and South Orange this week.

The Springfield committee members hope to learn the costs of operation, maintenance and original investment, as well as the part played by the municipal government in financing and administration of the project. All this, it is expected, will be ready for next meeting of the group and the plan is to make it part of a complete report to submit to the public in the very near future.

The enthusiasm displayed at a town-wide meeting, with representatives from practically every group in Springfield attending, resulted in the naming of a special committee to look into every possible

## Report Sale of Union County Lumber Plant

Reports were circulated in Springfield yesterday that the entire property of the Union County Lumber Company in Mountain Avenue, along the Rahway River Valley Railroad, has been sold to a Newark building contractor and industrial developer.

The name of William L. Blanchard Co. of Newark, has been mentioned as the purchaser of the property and the plan of the new owners is to convert the property into an industrial village, renting as much as is needed to each tenant. The property, with railroad siding, is zoned for industry. The Union County Lumber, a firm started in Springfield over 100 years ago and conducted by the Schmitt family until about two years ago, has been on the market since the operation of the business ceased several months ago.

## Tax Collections Higher Than 1956

Collector of Taxes Charles T. Huff reports a total of \$471,679.20 in the Township treasury as of the end of February compared with \$396,300.52 for the first two months of last year.

The total collections for the month of February were ahead of 1956, \$188,382 being received last month against \$177,768 for that month in 1956.

The tax collector also received \$7,688 in monies due from 1956 which brought the total for 1956 taxes received for the first two months to \$17,587. Taxes owed for 1955 were paid in January and February amounting to \$630. Even delinquent taxes as far back as 1950 have been received in the following amounts: for 1954, \$26 and \$18.22 for 1953 payments due. The 1952 taxes due brought in \$40.23 and \$12.80 for 1950.

We hope that everyone in the family will read and heed the advice it contains. The theme of the 1957 crusade is a very pertinent one — "Fight Cancer with a Check-up... and a Check". The checkup is to help you and your family and the check is to help others."

Mrs. Lewis is a graduate of Erasmus Hall High School in Brooklyn and holds a bachelor of arts degree from Hunter College in New York City. She is the social editor of the "Springfield Sun". She has been a Springfield resident for four and a half years, currently living at 385 Milltown Road with her husband and two sons. Her husband is head of the Philip L. Help to arrange emergency leaves. Handle all requests for information about service men, blood donations and Hungarian Refugees.

"Hungarian Relief—Your local chapter recently conducted a drive for funds and clothing to aid the Hungarian refugees at Camp Killmer. We are proud to report that the people of Springfield very generously over-subscribed our quota. Five of our local members are giving regular time at Camp Killmer to aid this program.

"When the Red Cross volunteers call on you please welcome them, they are your neighbors. Be as generous as you can."

 Invitations to every resident in Springfield to join with us in making Springfield a better place in which to live."

Township Committeeman Vincent J. Bonadies who has announced that he will be a candidate for re-election to the post he now holds on the governing body, delivered a very inspiring "sales talk" to the club members, putting emphasis on the need for the two party system of politics in Springfield.

"A political administration, entrenched for so many years," Bonadies told the applauding Democrats, "becomes so smug and complacent that the public soon tires of making faint heard complaints."

Others elected by the Democratic Club include Edward Cheski, vice president, Mrs. Philip Lewis as vice chairlady whose job will be coordinator of committees; Mrs. Doris Logan is secretary and Mrs. Rayna Keane as treasurer. Committees will be named and announced in a few days to map out a campaign for club activities.

What Springfield needs is some place where boys can go after they play ball—where they can meet girls under the proper supervision, where there will be programs of interest to all—interesting enough to keep them off the street corners when the ball games are over—when the homework is finished."

### Duke Student In Mardi Gras

Wade Daniel Winslow, son of Mr. and Mrs. Thomas P. Winslow of 110 Short Hills Ave., will march in the Mardi Gras parade in New Orleans March 5 as a member of the Duke University NROTC.

The select all-volunteer group, which has performed in numerous parades, on television shows, and during half-time activities at football games both in Durham and elsewhere, received a special invitation to take part in the Mardi Gras.

The 39 members chosen to make the trip will fly to New Orleans via Navy aircraft.

### Fray May Pay-Off In Kid's Play-Off

The Springfield Recreation Commission will stage their final Saturday morning program this Saturday, with the first game of the triple-header attraction to start at 9:30 A.M., with the Celtics and the Bullets clashing, at 10:15 A.M. the Knicks and the Nats—lock horns, with this game the feature game of the three game card. The 11:15 A.M. game features the up and coming Lakers and the hard driving Pistons.

Should the Lakers and the Nats post victories, these clubs would be forced to play off their second half-hour. The first-half-champion is still in abeyance, with the Nats and Celtics holding identical 4-1 records.

The Celtics are considerably weakened since their first half conquest, with Larry McConkey on the shelf with illness, and the Nats a good high scoring combination.

The winning coach of the play-offs will be accorded the honor of guiding the All-Star combination on Friday evening against the Small-Fry Champions of Irvington.

The league playoffs will start next Thursday evening, March 14th, with the Nats and Celtics clashing, the winner of this game would then face the second half winner in the Championship play-off game.

All playoff games would be played on Tuesday and Thursday evening at the Florence Gaudineer School, with all parents and interested spectators invited free of charge.

The Lakers, Knicks and Nats won important games last Saturday morning in the Springfield Recreation Small-Fry Basketball League, with this Saturday's triple-header program having considerable bearing on the final standings, as well as the league playoffs.

The Lakers, vastly improved, look like a good bet to capture the 2nd half race, with the Nats facing a rough challenge in the Knicks. The Knicks with Larry Cyre, Eddie Fischrom and Barry

Becker, look like the club to stop the red shirted charges of Kermit Tompkins.

The Lakers had too much scoring power for the undermanned Celtics as Vinne Caprio, Frank "Babe" Perrelli, and Bill Geoghegan, poured it on. Mike Pisano was the standout for the Celtics, who just couldn't work into good scoring position. The Knicks poured it on to easily defeat the Bullets, with Barry Becker and Larry Cyre enjoying a field day. In the finale of the tripleheader the Nats trimmed the Pistons 31-17, with Jay Adams (13), Johnny Appar (8) and Butch Bell (8) providing the scoring punch. Coach Tompkins eager-beaver crew of Appar, Bel and Adams, seemed to thrive on the fast break Piston attack, easily outdistancing their opponents after a fairly close first half.

## P.T.A. NEWS

A combined meeting of the Parent-Teacher Association and the Edward V. Walton Schools will be held at the Raymond Chisholm School on Monday, March 11, at 8:15 p.m. Mr. Daniel Murray, principal of these two schools, will speak on the topic: "School Administration Policies." He will discuss the relative importance of the parts played by the Board of Education, the superintendent of schools, and the principals in directing the policies of the schools—with special attention directed to the principal's part in this relationship. An opportunity for a "Question and Answer" period will follow. Refreshments will be served by Mrs. Philip O'Neal and the members of the hospitality committee.

Mrs. Morton Weiss, P.T.A. Summer Round-up Chairman, announces that plans are being made for the round-up to be held in April. She requests interested parents to watch the Springfield Sun for the announcement of the dates!

Mrs. Edward J. Harback announces that the P.T.A. Pre-School Survey has been completed. She expresses a word of thanks to all who assisted with the survey. Members who worked with Mrs. W. A. Scott, captain, are as follows: Mrs. George Briggs, Mrs. Thomas McCracken, Mrs. Robert Southward, Mrs. H. G. Wood, Mrs. Arthur Handville, Mrs. H. Kent, Mrs. Louis W. Pignolet, Mrs. Henry Wasung, Mrs. Yaeger, Mrs. Edwin M. Erskine, Mrs. Charles Remlinger, Mrs. Gras, Mrs. G. W. Gleim, Mrs. W. R. Cox, Mrs. C. J. Woznicki, Mrs. J. A. Schoch, Mrs. Alan Cunningham, Mrs. P. Greenstein, Mrs. L. C. Roberts, Mrs. Charles Ruby, Mrs. C. S. Quinzel, Mrs. Henry N. Lyons, Mrs. B. Schrach and Mrs. Thomas E. Smith.

Special tribute is paid to Mrs. Joseph Rokosny and Mr. Edward Harback whose assistance to Mrs. Harback was invaluable throughout the survey—also to the Springfield Sun—for publicizing the need for help and for publishing the names of the many members who volunteered to help the committee make the needed survey.

The P.T.A. publicity chairman and co-chairman are grateful to Mrs. Ruth Rand for some valuable facts concerning education and educational needs—facts which Mrs. Rand gathered at a recent county legislation meeting which she attended and facts which Mrs. Rand feels that every citizen should hear as the April election draws near. It is planned to offer these facts to the readers of the P.T.A. News Column next week.

Mrs. Talmadge J. Rand and Mrs. Henry Bouchard have been representing the Springfield Parent-Teacher Association at the "Charter Study" meetings sponsored by the Springfield League of Women Voters.

The Executive Board of the Springfield Woman's Club met at the Cannon Ball House on Wednesday evening, February 27. After the business was concluded, the hostesses, Mrs. Bonadies, Mrs. Sommerer, and Mrs. Schubert, invited members to the tea table, which was attractively decorated. The patriotic theme was carried out with a centerpiece of iris, red roses, and white snapdragons in a red, white, and blue container in the shape of a hat. Flanking this on each side were similar candlesticks containing blue candles. Guests were served cake, cookies, and coffee, and candies and nuts.

Bonadies, who is the lone Democratic on the Republican-controlled Township Committee, said that the two party system in practice, not only in Springfield, but all the way up to the Federal government, represents the very foundation upon which the nation's democratic structure was founded. "We cannot afford to minimize an issue as important as this one," he stated.

In Springfield, Bonadies declared, the recent trend reflects a clear desire among residents for this system of democratic representation. Bonadies declared he was also motivated in seeking re-election to the governing body to carry on the progress he has achieved in the administration of the Department of Public Affairs. "The experience I have gained can contribute much in the future, particularly in the light of expanding municipal needs."

Bonadies, who is married and has a daughter, lives at 12 Sherwood Road. A long-time resident here, he is president of the Bond Electonics Corp. and has been active in numerous municipal and civic affairs. He has served as General Chairman of the Red Cross Fund here and also has participated in Boy Scout activities.

One of the big news stories to come out of the New York showrooms when we visited them in January was the Dutch boy flare in skirts. It is a trend that shows up on Italian, Parisian, and domestic designers' drawing boards. You've seen the line in Vogue, Mademoiselle, and Charm-flare out from the hips and tapering in at the hem. We've picked two of the smartest designers to bring the Dutch boy flare to Springfield:

**MADELEINE FAUTH** has brought out a chic Navy blue flannel costume that includes a clever white chiffon top beneath the waist-length jacket. With the jacket - it is an Easter suit; without the jacket - an Easter dress. The price - \$49.95.

**DONLE** brings us a similar dress-suit in beige with an imported linen blouse that is buttoned on the skirt so you can wear the suit with a variety of blouses. The toasty cumberbund adds a color highlight.

The Church and Cannon Chapter of the Daughters of American Revolution announce the following girls who have been chosen as winners of the Good Citizenship awards. They are Miss Dorothy Kallansee of Berkeley Heights who is a senior at Jonathan Dayton Regional High School in Springfield, and Miss Ann Marie Riccardo of Garwood. Miss Riccardo is a senior at the Arthur Johnson Regional High School in Clark Township.

These girls are chosen for their qualities of leadership, dependability, service and patriotism. They are elected by their classmates and recommended by the faculties of their respective schools.

Miss Kallansee and Miss Riccardo will attend the State Conference at Trenton on March 14 with girls from high schools all over the state. After the opening of the Conference and Governor Meyner's greeting, the good citizens will be presented to the State Regent and receive their pins. The State Good Citizen will then go to the Governor's office to be received by Governor Meyner.

Luncheon will be served to them at the Stacy-Trent Hotel, after which the good citizens will be taken on a trip to the State Museum and the Old Barracks.

The Church and Cannon Chapter is very proud to present these two girls as their representatives and to have a part in this worthwhile project.

### Unico Ladies Plan Spring Dance Soon

Spring will come early when the Ladies of Unico of the Springfield Chapter Unico National hold their first social—a Spring Dance—on March 23, at the Jewish Community Center, Baltusrol Way, Springfield.

Mrs. Fred Puorro is general chairman. Mrs. Vincent Bonadies and Mrs. Joseph Gargano, door prizes. Mrs. Frank Defino, refreshments, and Mrs. Frank LaMotta, publicity and tickets. A festive evening is being planned by all the members of the auxiliary. The dance will be highlighted by a dancing contest, and all are welcomed as contestants. There will be refreshments. Music by Frank Pateron.

### Local Cabs Will Deliver Parcels

Herman Nadel, proprietor of recently started and now very busy Springfield Taxi Cab service, is inaugurating a new idea for merchants in the Township.

His cabs will deliver on an arranged schedule to any home in the area—drugs, groceries, any merchandise that can be carried in the vehicle.

Nadel has talked with several merchants already and the response, he says, has been so gratifying that he hopes to start this parcel delivery service very shortly. The plan is to use regular cabs for these deliveries, arranging such a schedule so as not to interfere with the transportation of passenger service.

Additional cabs will be added to the Springfield Taxi fleet as soon as this parcel delivery service starts, Nadel stated.

### ORT Meeting To Have Tea & Talk

A combination of an ORT Day Tea and regular meeting will be held by the Springfield Chapter of ORT at 8:30 next Thursday at Temple Beth-Ahm.

Mrs. Ivan Crouch, chapter president, will preside over a program that includes guest speaker Mrs. Harold Katz, past president of the Essex Chapter of ORT. She is presently a member of the National Board and Chairman of the Region Speaker's Bureau. Mrs. Katz will talk on the ORT 5-Point program.

Also on the program will be a fashion show of lingerie from Carolyn Jasper of Millburn. Mrs. Seymour Margulies is membership chairman and Mrs. Norman L. Cooperman is publicity chairman for ORT Day.

### Rev. Green Speaks At Temple Service

Rev. Marvin Green of the Springfield Methodist Church was the guest speaker at the regular services of Temple Beth Ahm last Friday evening. His topic was "The Message of the Prophets Amos and Hosea." Rev. Green's invitation to the Temple was in fulfillment of Rabbi Reuben R. Levine's visit to the Methodist Church recently, marking the celebration of Brotherhood Week. An One Shabbat followed the services.

The occasion was also marked by the initial participation of the Temple Choir in the services. The choir is under the direction of Organist Polly Williams and Cantor Irving Kramerman.

### Barbara A. Green Weds Chafman Man

Mrs. Floyd V. Donaldson, daughter of Mr. and Mrs. Peter Green of Short Hills Avenue, and Floyd V. Donaldson, son of Mr. and Mrs. James H. Donaldson of Chatham, were married last Saturday in St. Rose of Lima Church, Short Hills, Rev. James Coyle officiating at the ceremony, which was followed by a reception at the Hotel Suburban, Summit.

Miss Patricia Green was maid of honor for her sister, and Miss Dotie Donaldson, sister of the bridegroom, was junior bridesmaid. Peter Green Jr., brother of the bride, was best man and Robert Doremus and John Yowell were ushers.

The bride is employed by Brown's Book Store, Summit. Mr. Donaldson attended the University of Missouri and is a claims adjuster with Kemper Insurance Co., Summit.

### Amphib Training For Dick Ernst

Marine Pfc. Richard R. Ernst, son of Mr. and Mrs. Richard Ernst of 24 Dehan road, is participating in extensive amphibious exercises in the Caribbean Sea area with Marine Amphibious Training Group 1-57. During March and early April the Group will conduct exercises at Vieques, Puerto Rico.

The latter part of April the Training Group will become the 2nd Provisional Marine Air-Ground Task Force and will take part in Operation "CAMBEX," a joint Marine Corps, Army, Navy and Air Force exercise in the Panama Canal Zone.

On completion of the exercises, visits will be made to a Caribbean ports before returning to the home bases. Fleet Marine Force units participating in the exercises are from the 2nd Marine Division and Force Troops, Camp Lejeune, N. C.; Marine Aircraft Group 31, Miami, Fla., and the 2nd Marine Air Wing, Cherry Point, N. C.

### Over 35 Set for Amateur Contest

Applications for the Second Annual Amateur Contest sponsored by the Methodist Men's Club of Springfield to be held at Regional High School, May 16, 17, 18, are coming in daily, states John Johnson of 8 Washington avenue, chairman of the Contestant's Committee.

More than 35 applications have come in from the following communities: Springfield, Garwood, Mountinside, Berkeley Heights, Millburn, Summit, Union, Hillside, Irvington, Somerville, Roselle, Elizabeth and Newark. Mr. Johnson states that the total number of contestants is limited to 60, so that auditions to secure the best 60 entertainment acts will doubtless have to be held. No restrictive rules have been placed on the age, the kind of act or the location of contestants. However, the Men's Club has announced that those who get their applications in earliest will be given special consideration.

# THE MIGHTY CHRYSLER

Most glamorous car in a generation

**When the wind blows — this baby won't rock!**

You can buck the strongest blasts of March in The Mighty Chrysler without road-sway or hard steering. Impartial wind tunnel tests proved that Chrysler's high rear fins cut down tail-wagging in the wind just as an airplane's vertical tail section prevents side-sway.

Wind or no wind, Chrysler's Torsion-Air Ride makes the sharpest turns, the roughest roads a breeze to take. No other fine car has this exclusive combination of torsion bars, rubber-isolated ball-joints, and outrigger rear springs. It gives you the comfort and safety of a luxury car with the "feel" and roadability of a sports car.

Combine this new kind of suspension with an up-to-325 horsepower engine, a satiny new pushbutton-operated Torque-Flite transmission, plus all the other 1957 improvements your Chrysler dealer will show you, and you'll agree—this is your car! *\*Optional at extra cost.*

**THE TURNING OF THE COLLAR**

Tommy Hayden is in the seminary. He is the little fellow on our street who wanted to be a priest. It must have given him quite a wrench to leave his mother and father and set out for boarding school at his age (he is only fourteen), but a priest he would be, and a seminary is the only place for boys like that.

Now he is in school with 350 other boys who, like himself, want to be priests. They all get-up at 5:45 and dress in silence. Then they are on their knees at their morning prayers and Mass until 7:15, when they go upstairs and make their beds. After that they have breakfast, followed by an hour of class and an hour of study and two more hours of class. (There is some little relaxation between classes, of course.) Then come ten minutes of reading the Bible, followed by dinner — in silence. There is an hour of study at 1:30, then two more hours of class, and then Tommy is free to play his dearly beloved football until 6 — supper time. After a half hour or so of recreation, he says his rosary, listens to a fifteen-minute sermon, and then studies for seventy-five minutes until night prayers. By 9:30 he is in bed with the lights out.

Strict? The army isn't nearly so tough. Tommy doesn't get to see a newspaper. He hears the radio only after meals. Outside movies are banned, tobacco is forbidden, and he may get off the grounds maybe once a month, or more rarely. His teachers are all priests, men dressed in the black garb he hopes to wear himself some day.

But Tommy loves the life. He loves the regularity, the intelligent company, the knowledge that every day adds to his self control; he loves the chapel and the growth in holiness, and he knows very well that he is getting the best education an age-old church can provide.

Tommy will have twelve years of that training — four years preparatory school, four years' college and four years' intense training in the sacred sciences.

Have you ever wondered how priests come by that singleness of purpose? That unflinching loyalty to their Church? That independence of judgment? That strength of character which empowers them to lead blameless lives, to live unmarried and with absolute integrity in spite of the many who say it is impossible.

The answer is in little Tommy Hayden, setting his face toward the priesthood at the age of 14 and living apart with that ideal constantly before him, while his character settles and becomes adamant in virtue until, when he is 26, the hands of the bishop are imposed on his head and he becomes, not now Tommy, but Father Hayden.

**3 Lectures Added To Rutgers Series**

Three new lectures have been added to the orientation course designated to prepare mature women to serve as Visiting Homemakers. The 16 hours of lectures and demonstrations will be given in Summit March 25 through March 29 through the Extension Division of Rutgers University with the cooperation of the New Jersey Department of Health.

The new additions will cover the fields of mental illness, occupational therapy and the homemaker and the aging patient. Each lecture will be delivered by persons professionally qualified in that area.

Upon completion of the eight 2-hour sessions in family relations, special diet planning and preparation, the place of food in family life and illness, the Homemaker

and the sick person and the three new lectures, the new Homemakers will receive certificates from the New Jersey Department of Health. They will then be ready to assist families whose routines have been disrupted by chronic or temporary illness.

# KEEPING IN TOUCH

That mail-box on the city corner . . . that post office at the country crossroads . . . what would we do without them? Life is too complex for us to live by ourselves. Man's interests and his welfare reach far beyond the boundaries of his community. Communication with people and corporations hundreds of miles away is a part of modern living that we take for granted. We have to "keep in touch."

But long before life became so complex, men discovered their need for another kind of communication—prayer. The courage and faith and hope which steel men for the challenge of each day come from God. The deep spiritual needs of the soul can be supplied only by keeping in touch with God.

We think our mail-boxes are indispensable! Even so, one church means more to a community than all its postal facilities. For not so long ago men lived very happily without a postal system. But men have never lived happily without God!

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## On Studying History

Following is the first of a series of articles to appear in the Springfield Sun, prepared by the Springfield Historical Society. Additional articles will be published from time to time.

Man himself alters but very little in the course of the ages. His outward circumstances and environment may change, but in his real character, in his wants, in the motives that guide, and in the emotions and passions that sway him, man is much the same at all times. He is governed by the same elementary laws and has the same opposing forces with which to contend.

It would be folly, then, to neglect the lessons of the past in the pages of history. Someone said "In history a great volume is unrolled for our instruction." It furnishes us with a guide for the affairs of the present by its teaching of the past. Whence came our laws, our government, our liberty, our nation? History alone can give the answer.

Also, history makes us value our present blessings by showing how much they cost our fathers. How can we hold lightly benefits and privileges for which they fought and died. The study of history, too, is the best means of instructing the youth of our land in patriotism; they will not falter if they know the true measure of courage and faith in those who have gone before.

History is no mere list of dates, but a real living subject, dealing with human beings. The true student of history lives the past all over again. He stands with the barons who compelled an unwilling King John to sign Magna Carta, he sails with Columbus and loses fear of the unknown, the unexplored, the untried.

He sits in the little cabin of the Mayflower with William Bradford and those other courageous souls who formulated and signed the Mayflower Compact—he struggles with the Pilgrims through that first terrible winter and grieves with them as they lay away half their number on the hill—he is with the men at Lexington, Concord and Bunker Hill, and with Washington and his troops at Valley Forge. The true student of history becomes intimately acquainted with those great documents, the Declaration of Independence and the Constitution of the United States.

He sorrows with Lincoln over the great division of our people, he watches the nation in its westward march, growing in power and in favor with God—he sees this nation engage in two world conflicts and some lesser ones, for the sake of principle. He sees those crosses

row-on-row, and tries to calculate the cost of our liberty. He then resolves never to submit to tyranny. He stands on this Springfield soil and glories in the men whose determination and devotion to a cause contributed so much to victory in the Revolutionary conflict.

The true student of history realizes, above all, that we are in the process of making history now—he knows it is not enough to rest on the laurels of our forefathers. He sees, too, that if America is to profit from the lessons of Assyria, Greece, Rome and Carthage, those wrecks of the past, we must show our youth not only the deeds that made nations great, but also the causes that led to their downfall.

Thus, the Springfield Historical Society has assumed the responsibility to publicize our glorious past, and what is more important, to promote patriotism and create in our young people an intense enthusiasm for the United States of the present.

We expect, in every phase of our living, to practice and reinforce those principles that have already made America great, and which, if steadfastly adhered to, will earn us our own place in history.

### Church Society in Celebration

A birthday party, commemorating its founding 85 years ago was held by the Ladies' Benevolent Society of the First Presbyterian Church at its regular monthly meeting on Wednesday, March 6 at 2 p.m. Mrs. Frank Jakobsen gave a short talk on the early years of the society, which held its first meeting at the home of Dr. Eugene Jobs on March 19, 1872. For 18 years prior to the founding of this Society, the ladies of the church had met as a sewing society. At a still earlier time, a ladies' sewing group in the church had been known as the Dorcas Society.

The ladies of the church are proud of this long-standing record of service and are happy to honor their past presidents and present members whose length of membership, in some cases, dates back between 25 and 50 years. Among present members, Mrs. Clifford Willis joined in 1902; Miss Lizzie Kessler in 1908; and Mrs. Benjamin Woodruff, who claims the longest continuous membership, joined in 1910.

Later members were Mrs. Frank Meisel, 1912; Mrs. William Stoeckle, 1915; Mrs. John Anderson, 1917. Thirty-five year members are: Mrs. Harry Ross and Mrs. N. C. Schmidt. The following have been members for twenty-five years or more: Mrs. Frank Kohler, Mrs. Duncan Douglas, Mrs. Robert Douglas, Mrs. James Duguid, Mrs. Arthur Lamb and Mrs. J. M. Dannefeler.

### Nancy Frey Plays in College Show

Miss Nancy Frey, a freshman at Western College for Women, has a role in the forthcoming theatre production, Greenlee's Magic, the third Young People's Theatre play this year. A fairy tale of spells, enchantment, good, and evil, Greenlee's Magic will be presented in Presser Auditorium March 25 and 26, for grade school youngsters in this area. March 28 is the date for a possible showing in Hamilton, Ohio. Miss Doris Magnus, a senior theatre major from South Orange, New Jersey is directing the play.

TAKING CARE OF YOUR GARDEN

By Edward A. Cordina, Chairman, Springfield Shade Tree Commission

Every Spring I have people ask what caused their Japanese Yews to suddenly turn brown and die. This usually happens to the valuable upright yews at the corner of the house, and most complaints arrive about the same time in the late spring.

Japanese Yews cannot stand "wet feet." The yews planted at the corner of the house, with a french drain pouring water from the roof for days at a time, rarely survive unless planted in sandy soil that gives rapid drainage.

Question: I spend a lot of money on my grounds but get poor results. Must sales people know little more than they read on the labels of their products.

Answer: If you have a toothache, you go to a dentist. If your plumbing breaks, you call a plumber.

Question: When can I start planting fruit and shade trees?

Answer: They can be planted as soon as the soil is workable. It is

### Everyone Likes The Middle Of Spfd. Bowling League

While Springfield Market appears to be playing in its own league, the rest of the Springfield Bowling League seems so even matched that they may end up the season right where they started—in a flat tie.

The Big bunch up is between 3rd and 6th place. Six teams are crowded within 2 games of each other, with Frank's Auto Service, American Legion No. 2 and D'Andrea Driveaways all in 6th place. The Legionaires won two from Mendel's Florist Monday night to get into 6th. D'Andrea took two from Legion No. 1 to pull into 6th, and Frank's Auto Service took a pair from Drake's Fuel to compete the trio.

Elsewhere in the standings the tallenders, Cuzzolino Furs, upended the second place Parkway Garage 2-1 and 8th place Bunnell Bros. downed 4th place Brunner Excavating 2-1. The 3rd place Beckmann's Market didn't have any more luck than usual with the League Leaders—Springfield Market swept them 3-0.

### Warriors Nip Hawks 51-49

The Warriors nipped the Hawks 51-49 last Monday evening at the Florence Gaudineer School gym, thereby eliminating the Hawks from the Championship race. Only game remaining on the Youth Basketball League is slated for tonight with the Globetrotters supplying the opposition for the Royals.

The Warriors battled the red shirted Hawks throughout, with Roy Abrams coming up with a stellar performance, not only as the top offensive agent, but also doing a great job defensively. Other standouts for the winners was Ron Gibbons, Dave Lord and Sandy Bell, with Herb Ewald coming through with the clutch basket in the final moments of the game to stop the Hawk bid.

Herb Rupp, George Seltzer and Ted "Birdie" Honn were the top performers for the Hawks, with Rupp netting eight goals and one foul for seventeen points. The fair sized crowd enjoyed the even battle, with several scores draw-

ing applause from the parents in the stands. Both clubs seemed to relish the hard fought battle, giving their all in an effort to gain the victory.

St. Marys JV Trim Minutemen 65-50

The Springfield Minutemen prepping for a big 1957-58 Basketball season with district teams played the strong St. Mary's junior varsity courtmen a weeg ago Wednesday evening at the Florence Gaudineer School gym. St. Mary's won 65-50, but only strong outside shooting on the part of the visitors broke up an otherwise evenly contested battle. The half-time score was 35-30, but the visitors third quarter twenty-two point splurge put the game out of reach for the Minutemen.

The Elizabethans are rated highly as a junior varsity combination, and only strong kept work by Billy Franklin kept the score down. Jay Gladstone, workhorse of the Springfield five, scored sixteen points, caging six field goals and four fouls. Billy Franklin did a bang-up job off both backboards and also chipped in with twelve markers. Bobby Halleck, cousin of the famed Jim Halleck (Maryland University court star) dropped in six field goals and two fouls for a fourteen point total. Zengaro and Murray each scored ten points, getting all their scores from well outside.

The Springfielders have played several top school quintets during the current campaign, and perhaps at times were playing boys with a bit more experience and court savvy. Some clubs had more height and daily coaching, others had an age advantage. The Minutemen showing against Seton Hall Freshmen, Chatham, and St. Mary's have proven their ability to battle stronger combinations and are definitely on the upswing, needing just a bit more experience battling bigger boys under the backboards, also needing a better outside shooting percentage.

Several boys, have slowed down the attack by over-passing, others have dribbled just a bit too much, others lack the ability to slide and give with their opponents defensively. All of these factors will be stressed by further practice sessions, and also added activity against strong opposition.

Table with 2 columns: ST. MARY'S (50) and Springfield (65). Rows include Zengaro, Murray, Kormus, Gladstone, Franklin, Rupp, Slesick, Szold, Lynch, Horta, Arnold.

Vets See-Saw Back Into Sports Lead

In a thrilling 2685 series the V.F.W. Mavericks swamped the spirited Springhouse Service pinners to gain a single game lead over the Lynn Decorators.

With Rud Jennings, Harold Hattersley and Ed Schaeffer parking the Mavericks with five 200 games. The Mavericks were smarting from recent defeats by Springhouse, so they were tuned up for the series.

Disc & Shutter, making a valiant try for a comeback, lost two close ones to second place Lynn Decorators while winning the third by a wide margin of 129 pins.

D & S showed a good series in losing, but Lynn was in groove all night and had the breaks.

Joe-Pepe sparked a 4-man Jimbo Texaco team to two out of three wins over the erratic P.B.A. keepers to gain fourth place.

Hawks Are Victors On 39-Pt. 2nd Half

The Hawks walked the Globetrotters 39-39 a week ago Tuesday evening at the Florence Gaudineer School gym to retain a mathematical chance of overtaking the league leading Royals. The big game in the Springfield Youth Basketball League takes place tonight, when the Warriors battle the Royals in the Warriors game of the campaign. Should the Royals win, it would take two wins by the Hawks to catch the league leaders. The Warriors retain an outside possibility, as they would need three straight wins to end in a deadlock with the Royals.

Tuesday the Hawks and the Globetrotters battled to a 20-20 halftime stalemate, but a big twenty three point third period put the game out of reach of the short-handed Frothers.

The Hawks were paced by lanky Herb Rupp and George Seltzer, with Johnny Lynch popping home five baskets in a neat exhibition of outside shooting.

Top man for the Globetrotters was playmaker Richie Baker, with the little guard getting all of his goals from underneath after outmaneuvering several defenders around the keyhole. Larry Atkins scored eight points on three baskets and two fouls, with little Bob Baker getting two baskets on short drive shots.

Scoreboard table for Hawks (39) vs Globetrotters (39). Rows include Fisher, Montello, Hoban, Seltzer, Kubicker, Rupp, Walker, Lynch, Arnold, Globetrotters, Hawks, Referee.
