THIS WEEK

The SPRINGFIELD SUN has been literally deluged with letters—signed and anonymous—spanking us for taking some verbal shots at Morris Avenue.

One, who signed himself "Old Timer," wrote that he has been dealing with merchants on Morris Avenue for many years and found the sales charm, the quality of the goods and the prices better than he could get anywhere else.

This champion of Springfield's Morris Avenue even mentioned the names of a great many merchants where he and his family have been pleased to do their shopping, pointing out the pleasing personalities all along the business area.

We agree. Morris Avenue has a great many places where "it is a pleasure to shop" and the new merchants are especially eager "to make friends and influence people." The target for the recent columns was Morris Avenue as a cooperative group, as a coordinated organization aiming at attracting more shoppers to do their buying on the Avenue.

We are taking the liberty of publishing the letter below because it comes from Ed Cardinal who has some good reasons for getting into the act:

Editor, Springfield SUN
I have followed with keen interest the debate in your editorial columns on what can be done to stimulate business in Springfield. The problem seems to boil down to what can be done by small stores to compete with the large advertising campaigns carried on by chain stores and highway merchants. As a lifelong resident of Springfield, I know that the stores along Morris Avenue, Mountain Avenue and Springfield Avenue offer prices and values that are much better than those offered by the bigger stores. The question is how can we get this message over to the public?

It seems to me that two avenues are open to the merchants. One is the Springfield SUN, the other is a newspaper published by the Chamber of Commerce.

On the first account, I know definitely that I have built my business—almost entirely by advertising in the SUN. In the Spring of 1955, I began a small, hesitant advertising campaign in the paper each week. It seemed to attract some attention, so in the Fall of that year I increased my advertising. It turned out to be the perfect timing with the perfect merchandise. Over 500 new customers dropped into my place in September—and they've been coming ever since (when the roads are open).

On the second count, a Chamber of Commerce newspaper is needed to inform Springfield shoppers of new merchandise ideas, of relative values, of shopping opportunities. Published four or five times a year to coincide with sales and peak seasons, the paper could be mailed free to every home in town. By combining news columns with advertising, Springfield's shoppers would be better informed about the true values in the market today.

Neither of these advertising campaigns need be expensive, particularly when costs are shared through cooperative ads and publications. But until some money is spent to tell Springfield residents the story of local merchants, the highway and shopping centers will continue to steal all of the thunder and most of the rain.

Sincerely yours,
Edward A. Cardinal

When Mark Twain was editor of a western newspaper, a superstitious subscriber found a spider in his paper and wrote the editor to ask if that was a sign of good or bad luck.

With his usual needle-witted appreciation of the situation, the humorist answered in the following vein:

"Old Subscriber: Finding a spider in your paper was neither good nor bad luck for you. The spider was merely looking over your paper to see which merchant is not advertising so that he can go to that store, spin his web across the door and live a life of undisturbed peace ever afterward."

Any talk about Morris Avenue certainly doesn't apply to 12-year-old Sam Melillo, Jr., son of the Avenue's Sam, the Barber. Young Melillo has filled a long standing need in Springfield by coming to the rescue of scuffed shoes.

With a summer supply of polish, brushes and laces, Sam Jr. has opened a shoe shine service in his father's air conditioned barber shop. It looks like a shiny summer for the local Beau Brummels. Next—manicure anyone?

The "swim club" has finally come to Springfield with the opening of the Baltusrol pool—located off Shunpike Road in one of the most picturesque spots in this area.

Some of the operational kinks are still to be ironed out but those who are first season members of Baltusrol freely admit "that there isn't a better and more interesting location for a swimming pool—that the temperature away up that high in Springfield is several degrees cooler than any other part of the Township—and the landscaping and general view cannot be equalled."

Gene Consales, major domo of the Baltusrol Club, says his organization is gaining much from the experience of the first season, and plans to make Baltusrol—the "last word"—in swimming—pool operation. "Many of the plans," said Consales, "have not been completely brought into our operation but we hope to make this the most pleasant and most efficient swim club, with facilities for all members of the family."

While on the subject of swim clubs, a great many residents of Springfield have spread their patronage to the various pools in this area, and the Colony Club, located in Old Short Hills Court in Livingston, appears to have the largest contingent of Township residents as season's members.

It is an unusually well managed swim club with Edward La Rue, one of the most experienced pool executives in the business, running the show for the second consecutive year.

Working close with La Rue is Harold Friedman, a very experienced tub-thumper who is one of New Jersey's best known public relations experts. Friedman, a great believer in the written word, tossed a party for the swim estate members last Thursday at the lush Colony Club. More than 80 representatives from newspapers, magazines, radio and television stations attended the press party.

Springfield to Join in Visit To Gov.'s Home

Springfield has been invited to join the bipartisan Union County Day trip scheduled for Saturday, July 20, at Morven, the governor's mansion at Princeton. Groups from every municipality in Union County both Republicans and Democrats—are planning to make the trip to Princeton and local residents are organizing their own trips to the gubernatorial home.

The grounds and the house will be open from 3 to 5 p.m. and there will be a reception on the lawn during the afternoon with Gov. and Mrs. Robert B. Meyner as host and hostess.

The "open house" invitation is extended to all residents of Springfield regardless of political connections to meet both Gov. and Mrs. Meyner as well as making a tour of the grounds and rooms of Morven, the much talked about gubernatorial mansion.

Announcement has been made from Gov. Meyner's office that all those wishing to participate in the Union County Day at Morven on July 20 are asked to be on the grounds before 3 o'clock so that they can be guided through the many interesting rooms of the mansion. There may be an organized caravan from Princeton to leave here at approximately 2 o'clock. Those not wishing to drive to Princeton as part of the caravan will be greeted by Gov. and Mrs. Meyner any time between 3 and 5 o'clock.

Air Raid Sirens To Sound Friday

Local residents are alerted for a public participation drill by the Civil Defense to be held tomorrow (Friday) July 12, Springfield Director R. Planer announced yesterday.

Air raid sirens will be sounded during the day and all are urged to cooperate.

"The first sound will be the alert signal, a steady 3 minute blast said Mr. Planer," and the individual should realize that this means an enemy attack is imminent or that natural disaster threatens; in this period the individual should turn on his radio to a Conelrad station (640 or 1240 K C) - do not use the telephone, and do not panic if there is radio silence.

"The second sound, fluctuating 3 minute siren blasts, indicates take cover, immediate danger - then follow radio instructions."

Wins Place With Insurance Group

Anthony Cucuzella of 104 Fieldstone Drive, a representative of the New York Life Insurance Company's Northern New Jersey office, recently was elected to the Agents Advisory Council of the Company's Greater New York Division at an educational conference in Lake Placid, New York.

A graduate of the University of North Carolina and an LLB Rutgers, 1942; Mr. Cucuzella has been with New York Life since 1947.

The council is composed of members elected by New York Life's field force of over 6,500 agents in the United States and Canada.

They meet with executives of the company's home office for an exchange of information and to devise improvements in New York Life's service to its policy owners and the public.

Large Crowd Sees Fine July 4th Program Here

An estimated crowd of more than 6,000 people witnessed the fireworks display on the lawn of the Regional High School last Thursday night which climaxed Springfield's traditional Independence Day program—one of the most successful ever held here.

The highlight of the morning program was the annual Baby Parade with 38 of Springfield's best babies competing for the prize this year. The contest was held in the play area of the Regional High School, the day's events starting with the invocation by Rabbi Reuben Levine and followed by (continued on Page 2)

THANKS!

To the readers of the Springfield Sun:

A very special thank you to all persons and organizations who have assisted in some way to make the July 4th celebration the finest ever.

It only becomes possible to have such a community activity when organizations, such as the newly formed Elks Club, and its Exalted Ruler Dick Blake, come forward and offer the complete co-operation of their entire membership.

I hope that all credits are listed in this week's news release. If there should be an omission, please forgive us for we all are indebted to all of you.

Four Stars for the SPRINGFIELD SUN for its excellent coverage of our program. We are always open to constructive criticism and, if I may, compliments.

You may contact us by addressing: July 4th Committee, P. O. Box 213, Springfield. Again, a sincere thanks.

STEVE SCHMIDT, Chairman
Springfield July 4th Committee.

Town Building Boom Soars In 1st Half of '57

Springfield's building boom continued unabated during the first half of 1957, according to figures released by the Building Inspector, Wilburt J. Binder.

Permits were issued to permit construction of close to three million dollars worth of buildings in town since January first as compared with two and two thirds million dollars during the same period last year.

The big item on Mr. Binder's lists is, of course the Troy Village garden apartments on Shunpike Road. This 146 family luxury dwelling is valued at \$965,000. The next biggest construction job is the \$80,000 expansion of the Davaga Discount Center on Route 22.

All told 131 building permits were issued from January through June of this year totaling \$2,998,300 in valuation. This compares with 162 permits issued in the same period of 1956 totaling \$2,702,800 in valuation. The figures reflect a drop in construction of single family homes; but an increase in the number of families to be brought into town.

Springfield's present buildings are having their faces lifted at an increasing rate with 74 alterations undertaken during the first half of this year as compared with 48 alterations in the first half of 1956. This year's improvements totaled \$94,081 in costs, while last year's totaled \$64,171.

DISCHARGED — Niran P. Havala, Electronics Technician Second Class, son of Mrs. Anna Havala, of 248 Hillside Avenue has been honorably discharged from the U.S. Navy attached to the U.S. Naval Receiving Station, Virginia according to report received today from Norfolk, Virginia.

New Tax Can Be Break For One, Ache For Other

Springfield taxpayers are wailing with bated breath as the revaluation of all real estate in town reaches the half way mark.

The plan to equalize taxes in town is expected to cause 1/3rd of the taxes to go up, 1/3rd to stay the same, and 1/3rd to go down.

Wilbert W. Laying, Springfield Tax Assessor, says the work should be done by the September 1 deadline and that so far every one in town has been "very cooperative" in letting inspectors appraise their property.

The actual work is being done on contract by the Revaluation and Appraisal Service, Inc., of Newark. Their representative in Springfield, Robert E. Ebert, says his men are just beginning the survey of all commercial establishments and have made at least initial contact with all home owners.

So far all the work has been enumerating and measuring the homes and businesses. Once this is done, then the real estate is classified by formulas set down in the Real Property Appraisal Manual for N. J. Assessors issued by the Local Property Tax Bureau of the State Division of Taxation. When all is said and done, all real estate will be equalized at 100% of true value. Property owners will then be notified of the valuation of their property and invited to talk it over with the assessors.

Mr. Ebert says that the only unusual event to take place so far in the revaluation was the recruiting of one of the inspectors by the local fire department. While

revaluing one neighborhood, a fire broke out, and the revaluation man was outfitted in boots, raincoat and fire axe by the smoke eaters. He then witnessed the quick depreciation of a Springfield home, helping out with his axe.

Mr. Ebert listed three guides used in valuating commercial property: (a) Reproduction and Cost Approach, where the cost to build the building new today is considered; (b) Income Approach, how much money is brought in by the real estate; and (c) Market Data Approach, where the sales of similar property over the past 5 years is considered.

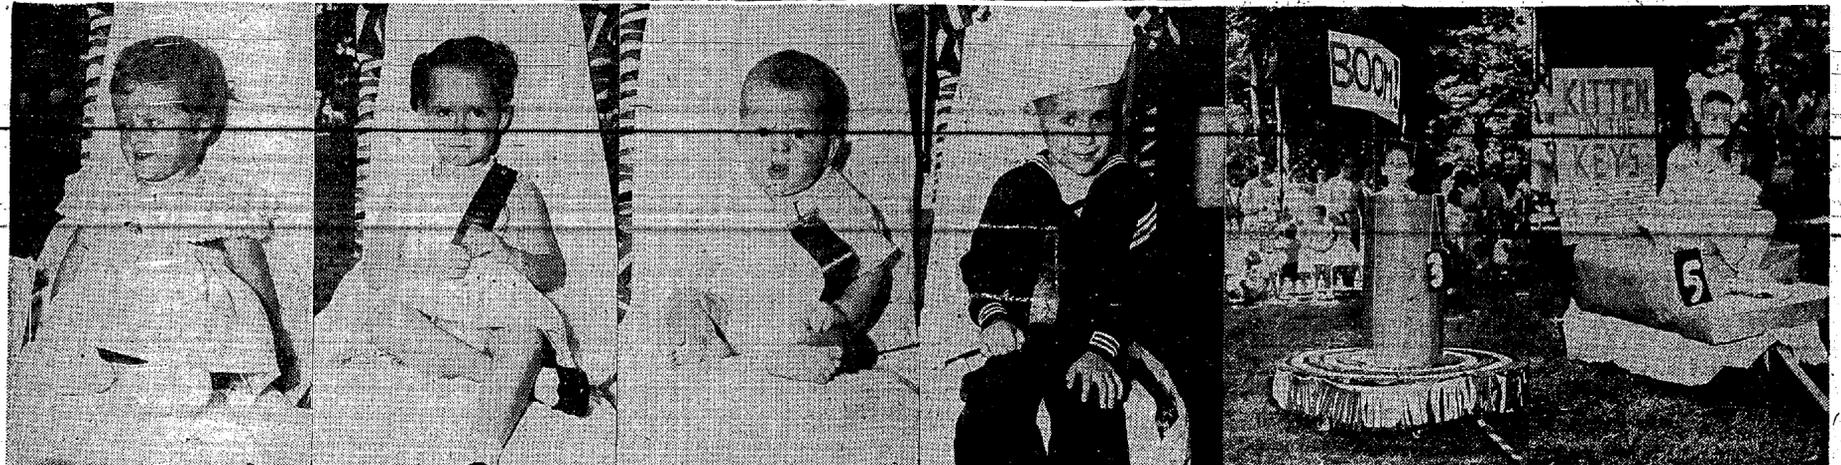

While talking about taxes, Mr. Laying pointed out that it takes \$1,000,000 worth of ratables to buy one fire engine, and at that, a cheap fire engine.

Cannonball House Getting New Roof

The Cannonball House, home of the Springfield Historical Society, is undergoing the first of a series of restoration jobs which, it is planned, will eventually make this historic building as near as possible to the original.

Right now a new roof is being placed on the home with hand-split shingles to give it the original rustic appearance. Henry Grabarz, local contractor, is doing the job.

The next project is expected to be the removal of the present front porch to be replaced by one typical (continued on Page 3)

 Mayor Albert G. Binder's address. Before the parade started Miss Nancy Jordan and Dennis De Leonard were crowned king and queen by Miss Areen Squirrel, the 1956 queen. The new king and queen received trophies with their names inscribed and flowers were presented to the mothers of the queens. All three youngsters received a gift from the July 4th Committee.

The judges for the Baby Parade were Dr. Irwin Kimcke of Millburn, Miss Beatrice Gallini of Union and Michael Whalen of Westfield. Mrs. Annan Schaffernoth was chairman of the Baby Parade program, assisted by the Misses Pat Mazzecco, Bobby Monteno, Ruth Valois, Dorothy Ann Boehm, Susan Kisch, Ronnie Tremmel, Elaine Meusel and Patricia Mathews.

Athletic events and contest followed for every member of the family. The most popular was the watermelon eating contest (with a truckload of ice melons) enjoyed by contestants and spectators alike. There were free rides for the children, and the afternoon ended with the Babe Ruth League All Stars trouncing the Drake Fuel team.

The evening program included the always popular music of Don Gibson's Band, square dancing, and community singing, with many remaining after the fireworks for outdoor dancing. A television and telephone educational exhibit added to the interest and revealed many aspiring television comedians among the local youths. This exhibit was made available through the courtesy of the N. J. Bell Telephone Co.

Andrews, Jr., secretary; David Roe, grounds; Mrs. Anna Schaffernoth, baby parade; Herman Wolfman, entertainment; Frank Harlow, fireworks; Gene Campbell, athletic; Max Sherman, legal advisor; Al Meslar, member at large; and Louis Pignolet. There were many others who gave their time and effort to make the program a success. In particular the committee acknowledges the assistance of the Fire and Police Department and other municipal departments, the First Aid Squad, the Civil Air Patrol, and the Elks Club. Also the generous financial support by many local business concerns and civic and service organizations.

The Commission Form of Government— AND WHAT IT IS?

Broadly speaking the Commission Form of Municipal Government may be defined as a mayor, designated by an elected, commission from among its members, a "short ballot" of elected commissioners with both legislative and administrative powers in the elected commission. The plan originated in Des Moines, Iowa, in 1900, and, for a while, was called the Des Moines-Plan. Promoted by civic missionaries as the answer to the problems of municipal government of that period it became the political innovation of the time.

The Commission Form vests all the legislative and executive powers of the municipality in a small board of commissioners, who are elected at large by the voters of the municipality on a non-partisan ballot. The commissioners in turn divide the responsibility of running the municipal government according to their interests and abilities, and each commissioner appoints all of the officers and employees required to discharge the functions which have been allocated to him. At the first meeting following election the board of commissioners designates one commissioner to act as mayor, generally the one who received the highest number of votes in the general election.

The mayor presides at all meetings of the board of commissioners and supervises all departments of the government. However, the law does not give the mayor veto power or special power to control meetings.

WHY DID THE FAULKNER PLAN OMIT THE COMMISSION FORM OF MUNICIPAL GOVERNMENT AS AN ALTERNATE FORM?

In its summary on the inherent weaknesses in the Commission Form of Government the Faulkner Commission wrote into its Final Report on Municipal Government, 1948, the following statements: "These weaknesses include the placing of both legislative authority and administrative authority in the same hands, — namely, in the elected commission. This condition fosters 'log-rolling,' delay and 'personal politics' within the governing body. The commission plan offers no opportunity for sound budgeting practices — there is no practical way to co-ordinate a planned expenditure program as among five independent administrative authorities. There is no single responsible executive in the commission plan. This makes impossible a unified public policy as well as a known and effective responsibility."

The Faulkner report continued: "Historically, in the country in general, the commission form has proved to be a transition device. It was an immediate, more or less accidental, answer to the over-complicated check-and-balance system of the nineteenth century. Subsequent experience has demonstrated that it was, however, by no means a completely satisfactory or final answer. This is indicated by the fact that there have been virtually no important adoptions of the commission plan in the United States (or in New Jersey) for some years and that percentage-wise, it is steadily losing ground to the council-manager and strong mayor plans."

Here are percentage figures on the forms of government of American cities over 30,000 population for the years 1917, 1928, and 1947: Percent of Total: 1917-1928-1947 Mayor-council 59-50-46 Commission 36-29-25 Council-manager 5-21-29 "While the commission plan enjoyed a brief popularity with unbiased students of municipal government as at least preferable to the old completely decentralized systems, it has long since been rejected by all recognized authorities in favor of the strong mayor and manager forms. For these reasons, the Faulkner Commission has not included the commission plan among its proposed optional charters."

Agatha Madura Is Wed at St. James

MRS. DONALD C. SZALKOWSKI

Miss Agatha P. Madura, daughter of Mr. and Mrs. John J. Madura of 115 Edgewood Avenue was married Saturday to Donald C. Szalkowski, son of Mr. and Mrs. Benedict J. Szalkowski of 318 Cedar Grove Terrace, Scotch Plains. The ceremony took place at 11 a.m. at St. James Church. The reception followed at the Cranwood Hall, Garwood. Prudence Madura, sister of the bride, was maid of honor. She wore a dark blue with light blue taffeta ballerina length dress. The bridesmaids were Dana Lindauer, Springfield and Barbara Lugara, Kenilworth. They wore light blue taffeta ballerina length dresses. Joyce Madura, sister of the bride, served as flower girl. She wore a white embroidered organza dress with a light blue sash. The attendants carried mixed bouquets.

The bride was attired in a white embroidered organza ballerina length gown and carried white roses—John Madura, Jr., brother of the bride served as best man. Ronald Boyd, Fanwood; Robert Todd, Scotch Plains; Donald Thompson, Fanwood; and Jerome Madura, brother of the bride, served as ushers.

The couple will spend their honeymoon in Miami, Florida and will then reside in Scotch Plains.

stated, "The adverse view of the Commission towards the commission plan in no way reflects upon the competence or sincerity of officials in commission-governed municipalities. Although it is recognized that some commission-form communities may be enjoying good government, the Commission is of the view that the municipalities enjoy such good government in spite of, rather than because of, this outmoded form."

LORRIE LEWIS

Mr. and Mrs. Jack Hager of 17 Archbridge lane were happy hosts at a barbecue held at their home last Sunday in honor of their aunt, Mrs. Henri Stifel of Amsterdam, Holland.

Mrs. Stifel was reunited with her family after 53 years. When her sister and brother met her plane at the Idlewild Airport the trio recognized each other immediately. The Hager family has had a whirl of parties ever since the joyful reunion.

With full cooperation from the weather man, a group of neighbors on Berkeley road got together for a festive outdoor midnight supper on the 4th of July. The party, complete with dancing and movies, was held at the home of Mr. and Mrs. Sam Greenfelt of 18 Berkeley road. The merry-makers were Mr. and Mrs. George Lelak, Mr. and Mrs. John Yourman, Mr. and Mrs. Marvin Strauss, Mr. and Mrs. Gerald Fox, Mr. and Mrs. Ricardo Serchio, and Mr. and Mrs. Dave Schwartz.

Mother & Fiancee Watch Bros. Play

Springfield's baseball brothers, the Schaffernoths, are not only playing each other this week, but under the scrutiny of their mother and one of their fiancees.

Joe Schaffernoth, Des Moines Demon pitcher, is facing his brother Charlie's Colorado Springs Skysox at Des Moines this week in a four game series. Charlie is a catcher.

Mrs. Anna Schaffernoth of 904 Schaffernoth Place, the boys mother, has flown out to Des Moines with Joe's fiancee, Miss Patricia Mazzucco to watch the games.

Joe is in the Chicago Cub farm system, and Charlie is in the Chicago White Sox system. They are in Class A Ball in the Western League.

CONVINCED the small-car field is your limit?

READ THIS STARTLING FACT
5 out of 10 Smaller Cars wear a Pontiac Price Tag —yet none gives you Any of Pontiac's Advantages

YOUR MONEY ACTUALLY BUYS UP TO 8.3% MORE SOLID CAR PER DOLLAR IN A PONTIAC!

The so-called "low-price" cars fall far short of Pontiac in actual, measurable car — and your Pontiac dealer has official specification comparisons to prove it! No smaller car comes even close to Pontiac's rock-solid construction . . . from its rugged X-member frame through every inch of its heavy-duty running gear Pontiac is muscle all the way! This extra heft means Pontiac holds the road like no smaller car you've ever driven . . . gives you a ride remarkably free of bounce, shake and noise! Put all the facts and figures to your own personal road test. Call your own shots and see how Pontiac's Precision-Touch Controls let you relax to steering, braking and parking ease out of reach of the small jobs!

WITH 4 TO 7 EXTRA INCHES OF WHEELBASE, PONTIAC OUTCLASSES THE SMALLER CARS IN RIDE AND ROADABILITY!

Pontiac's length is built in — not hung on! Smaller cars extend bumpers and fenders to look big, but Pontiac doesn't need camouflage . . . it is big! Its man-sized 122-inch wheelbase strides over the bumps instead of riding on them. This extra length, plus a carload of new suspension ideas, results in Pontiac's exclusive Level-Line Ride that no car at any price can surpass! Sample a few miles — and you'll never re-enlist in the small-car army again!

NO CAR AT ANY PRICE PERFORMS LIKE A PONTIAC . . . SMALLER CARS AREN'T EVEN IN THE RUNNING!

If it's proof you want, your Pontiac dealer is loaded with it — point-by-point engineering comparisons and on-the-record facts and figures. No smaller car is designed or built to come close to Pontiac's eye-opening response . . . its smooth, effortless mastery of every driving demand. Put the facts on America's Number One Road Car to a test and you'll leave the little-league for good!

PONTIAC HAS ALWAYS COMMANDED A HIGH TRADE-IN DOLLAR!

When you put your money in a Pontiac you know your investment will be riding high for a long time to come! In fact, over the years, no car has a better reputation for being a top-demand used car. So before you sign on the dotted line for a smaller job at Pontiac's price — get the dollar-stretching good news your Pontiac dealer has waiting for you. Here in the easiest move of your life, up the car and the value that will get you out of the small-car class for keeps!

NOW! If you want the ultimate in both economy and extraordinary performance, new Tri-Power Carburetor is available at extra cost on even the lowest priced Pontiac model! It's America's newest power advance and exclusively Pontiac's at so low a cost!

LOOKING FOR GOD

Some say you find God just as well in a garden, in the woods, or on a golf course as in a church—that God is everywhere. But be honest about it.

Are you not more apt to think of weeds, or mosquitoes, or a poor shot than you are of God? And after all, you have made this outing to seek pleasure.

But when you go to church, it is with the specific intention of worshipping. Here you engage in prayer, praise and thanksgiving. Here you mingle with people who are seeking God and have come to feel His presence. In the quiet beauty of a church you find few outside distractions, and you know that this place is dedicated to the service of God.

For peace and happiness which comes from really feeling God's presence, worship in the house-of-the Lord this Sunday—make it a regular practice.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor in our life for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should join the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

CATHOLIC INFORMATION

"Regular Fellows"
Choose your own idea of a real man—pugilist, philosopher, stevedore, scientist—any type of physical or intellectual giant. If he's a Catholic the chances are that he is a member of his parish Holy Name Society.

That means that once each month he marches up his church aisle with other members of his Society at Sunday Mass to receive his God in Holy Communion. This he does for the glory of Jesus Christ, for the good example it sets to others, and for the untold graces he receives and requires for the keeping of his Holy Name pledge.

Holy Name men! Two and a half million of them in America alone! Men courageous enough to come forth boldly for God and His Holy Name—for truthfulness and cleanliness of speech—for the stars and stripes and the principles of life, liberty, and the pursuit of happiness for which they stand.

Their leader, the gentle Jesus, their battle-cry, "Blessed be His Holy Name!" Their armor, their manly virtue. Their missile, prayer shot to Heaven—for you and for me and for the conversion of the enemy.

THE HOLY NAME PLEDGE
Blessed be God, Blessed be His Holy Name. Blessed be Jesus Christ, true God and true Man. Blessed be the Name of Jesus.

I believe, O Jesus, that Thou art the Christ, the Son of the living God. I believe all the sacred truths which the Holy Catholic Church believes and teaches. I proclaim my love for the Vicar of Christ on earth.

I promise to give good example by the regular practice of my faith. I pledge myself against perjury, blasphemy, profanity, and obscene speech.

I pledge my loyalty to the flag of my country and to the God-given principles of freedom, justice, and happiness for which it stands. I pledge my support, in honor of His Divine Name, to all lawful authority, both civil and religious.

I dedicate my manhood to the honor of the Sacred Name of Jesus Christ and beg that He will keep me faithful to these pledges until death.

PUBLIC AUCTION
In accordance with Title 40:20-36, Subdivision C of the Revised Statutes of New Jersey 1937, and amendments thereto and supplements thereto, notice is hereby given that the Township Committee of the Township of Springfield, in the County of Union, has approved subject to final approval of said Township Committee, an offer made by Nancy Franklin to purchase property hereinafter described and on the conditions hereinafter stated, for the sum of \$29,000, to be paid in cash (10%) in cash on acceptance of the offer, and balance in cash on closing of title.

At said meeting the Township Committee may reject or accept, the said offer, provided no higher bid or better terms shall then be bid for said property by any other person.

The property is described as Block 69, Lots 34, 35 and 36, inclusive, on the Tax Atlas of the Township of Springfield, on Ruby Street.

The terms and conditions of said sale are as follows:
It is understood that the Township of Springfield obtained title to said premises by tax or municipal lien foreclosure and executed and delivered to it in lieu of said proceedings.

The said property is to be conveyed subject to valid restrictions and easements of record, if any, and such facts as an accurate survey of the property will disclose.

The conveyance to be made hereunder shall be subject to taxes to be assessed by and payable to the Township of Springfield from and after the date of the deed, which shall be payable on the usual installment dates. The conveyance shall be subject to zoning ordinances, Planning Board regulations, Zoning Ordinance and all other lawful applicable ordinances and regulations of the Township of Springfield.

The purchaser shall sign a contract for the purchase of said land, within fifteen (15) days of acceptance of said bid, which shall provide for the delivery of title within sixty (60) days from the date of said sale, and shall upon acceptance of bid make a down payment of not less than ten per cent (10%) and said deposit shall be retained as liquidated damages by the Township of Springfield in the event that the purchaser fails to perform the terms of said contract.

Your Library
Judging from queries received by the Free Public Library concerning the location of the Mayflower II, a number of people from Springfield intend to visit that famous ship. (According to our reference librarian, it may be seen at Pier 81 in New York City.)

A trip to see the new Mayflower will probably arouse an interest in its predecessor and its passengers on the voyage to the New World. Some parents may wish their children to learn more of the Pilgrim Fathers before actually visiting the ship. Titles in the Children's Department include: "How the Pilgrims Came to Plymouth" by Hall-Quest, "Last Voyages of the Mayflower" by Allison, "Tales of the Mayflower Children" by Bouve, "Landing of the Pilgrims" by Daugherty, "Story of the Old Colony of New Plymouth" by Morison, "Christmas on the Mayflower" by Hays, "We Were There with the Mayflower Pilgrims" by Webb, and many others.

Future sailors and engineers will like the profusely illustrated "Famous American Ships" by Frank O. Braynard, and "Pictorial History of American Ships" by the Durants.

In the pamphlet file may be found a detailed drawing of Mayflower II and several articles about how she was conceived, built, financed, insured, etc.

Adults will be interested in a new book by the Captain of the Mayflower II, Alan Villiers. It is called "Wild Ocean", subtitled "The Story of the North Atlantic and the Men Who Sailed Her". This book contains a chapter on the "New Mayflower". The novel, "The Plymouth Adventure" by Ernest Gebler tells the story of the voyage of the earlier Mayflower.

Nursery School Begins Season

Twenty-two little boys and girls are happily attending an outdoor afternoon summer nursery school on the grounds of Temple Beth Ahm, Baltusrol Way. For six weeks, July 1 to August

The Temple is conducting a program for children ranging in age from 3 to 6 supervised by trained nursery school teachers. The children engage in arts and crafts, blockbuilding, dramatic play, music, rhythms, easel painting, and finger painting. Story-telling, rest period, and mid-afternoon snacks take place under the shade of the large trees in the rear of the Temple grounds. In inclement weather the entire program moves indoors to the Temple building. This program is a membership service of Temple Beth Ahm. When used by a qualified archer, a 40-pound bow can send an arrow completely through an adult deer. The average hunter carries a 55-pound bow.

Playground Activities

James Caldwell Playground—Today everyone was very busy making eagles out of colored paper napkins. These resemble a flower with petals turned up around the glass. They turned out very pretty, and many of the children took home a coaster for each member of their families.

One morning this week—great interest was shown in a little black kitten which appeared at the park and captivated the hearts of all.

Those who have almost perfect attendance records so far are: Gary and Greg Anderson, Sherry Bjorstad, Larry Bryant, Robby Hegenbush, Chrissy Jo Landrigan, Tony Moraco, Dieter and Reinhold Regal, and the Bash girls.

IRWIN PLAYGROUNDS—The Irwin Playgrounds began its summer activity with a registration of over 150 children. Games of checkers and dominoes, along with painting, drawing, coloring, molding, and pot-holder, lanyard and bracelet making, contrasted baseball, softball, kickball, basketball, dodgeball, tetherball, and speedball games. A scavenger hunt took place during the second week of activity, and a checker tournament and hat contest will highlight the third week.

The playground's baseball team, captained by John Johnson, was victorious in its first two games, defeating Riverside Playground, 7-6, and Henshaw Playground, 11-5. David Bonislawski was the winning pitcher in the first game, despite 15 strike outs by his oppo-

sing pitcher, Monticello. Stephen Berger, who won the Henshaw game, was greatly aided by the home runs of Bonislawski and Johnson, the hitting of Butch Arnold, Steve Levitt and Tom Geoghegan. De festively the team has been sparked by Ted Levitt, Ronnie Puorro, Johnson and Ed Schnell.

Aaron Garner Playground
Mary Garner

Although the holiday week-end had quite an effect on our attendance, we had an enjoyable week. In our ball game Team A: Richard Franklin, Michael Parker, Joel Gwathney, Debbie Garner, Kay Eskin, Elise Parker and Terry Franklin beat Team B: George Garner, Vernon Watkins, Marshall Anthony, Larry Anthony, Lester Woods, Lenwood Roulah, and Lawrence Street.

The smaller children were active in games, coloring, and painting, and now that our tether ball equipment has been set up, we have a constant waiting line for this popular game.

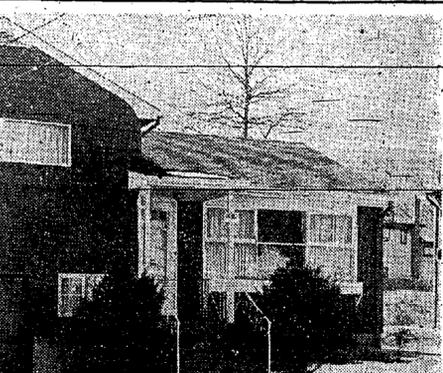

Debbie Garner was in charge of equipment this week and Frances Furman, Debbie and George Garner, Elise Parker, Dirinda Wilcher, and Vernon Watkins received points for sorting and listing equipment and cleaning up the playground.

Now that we have received the official rules for all the tournament games, we plan to start our local competition right away. Our big event next week will be a Hat Parade.

HENSHAW PLAYGROUND

170and rising! No, folks that is not the temperature but the registration at our Henshaw playground. The long winter seige kept the children well preserved and quite eager to get into the swing of things at the playground. During registration week the children eagerly participated in all sports available.

We have an official interpark baseball team. The members representing our playground are: Jim Lies, Tom Baker, Keith Neigel, Jim George, Mike Mitterhoff, Jack Appgar, Bart Theile, Jeff Ward, Dwight Hummel, Mark Freedman, Ernie Fuhrer, Fred Mecoro, Jeff Lynn, John Marino, Bob Potter, and Tom Conlon and Dick Buehrer as coaches. These boys have already played two games, one with Regional Playground and the other with Irwin Playground. However, our Henshaw Hurricanes were not too stormy in these two games for we lost to both teams. The future outlook is optimistic for the boys are hard players.

4th with a flower pot. We also have gone on a "Looking Hike" and more recently on a Listening Hike". This helps make the children more aware of nature and more observant of the things around them.

Our craft department has held some ardent workers making lanyards, bracelets, rings, pot holders, clay models, etc. Ability in good lettering was demonstrated when a group made signs on safety, which we later posted.

Our week close with a big Tether Ball Contest for boys. All participated to show their skill. The candidates were divided into three groups: Elementary 6 to 9 yrs. old; Intermediate 10 to 12 yrs. old; and Advanced 13 to 15 yrs. old. In the Elementary group Dennis Lies was 1st Fred Lynn 2nd; and Fred Vollherbst 3rd. In the Intermediate group Jim Lies was 1st; Jeff Lynn 2nd and Bart Theile 3rd. In the Advanced group John Lies was 1st; Ed oenig 2nd and Tom Conlon 3rd.

again off to a good start. 75 have registered and we have between 30 and 40 youngsters with us every day. There is something of interest for every age group. The tiny tots keep busy with coloring books, the swings and the sand box. Then, for those a little older, the tether ball, arts and crafts, games and races attract them. The horseshoes, badminton, chess, and checkers appeal to the older children.

Wednesday will be our "Show Days." This week, we will have a hat show. Prizes are to be awarded for the funniest, biggest, and the prettiest. Winners will be announced next week.

Baseball is still the most popular park game and is the best inter-playground activity. The age for team members is 9-12 and, the boys who are older act as managers. We have lost only to the Irwin team by a score of 7-6. We defeated both Regional and Henshaw by scores of 13-7 and 9-7. On our team, we have Harold Bell, Frank Monticello, Gary Becco, John Shields, Pete Punigan, Frank Docchio, Mike Tansey, Joe Rizzo, Lloyd Shafer, Danny Oliva, Peter Chechia, and Peter Creede. Marilyn Monticello is our outstanding member of the team for she is the only girl playing baseball. The general manager is Tony Monticello and the coaches are Dennis Monticello and George Martini.

moving out of town and is therefore resigning from his position. Mr. Bruno Marino asst. cub master will now assume the duties of clubmaster. Mr. William Babcock will take over as assistant clubmaster. A great deal of credit for the successful operation and management of Pack 73 since its start over a year ago must go to Mr. Maurice Scully whose untiring efforts won him the respect and admiration of all. Best wishes are also extended to the new cubmaster Mr. Bruno Marino who will star the new season with the September meeting.

The committee will meet during the summer to discuss plans and activities for the coming year.

Well cubs school is almost over so have a good vacation, remember be careful we want to see you all back in September for your first meeting.

FROM THE GARDEN STATE

Oh, happy day! It's sweet-corn-eating time! New Jerseyans can rejoice that the season for the Garden State's bumper crop of sweet corn has arrived. And here is even more wonderful news. The corn you eat tonight probably was picked between midnight and dawn today. What's more, it was delivered directly from the Garden State farmer to your favorite grocer, chain store or supermarket.

New Jersey sweet corn cannot be surpassed. It's delicious! And it's nutritious, too, because all the precious sugars are preserved, thanks to the quick delivery from the fields to your table.

When buying fruits and vegetables, ask the man: "Jersey?" Help yourself to the riches of the Garden State.

AUTO BODY WORK
ELLERY — (155 Morris Ave., near of Chrysler-Plymouth agency, Springfield). When your rear end is out of shape look for: (1) a firm with the necessary fancy equipment; (2) a firm with the know-how of experience; and (3) a firm with the integrity to do the best job at the lowest rate. Opal's Garage, the SUN recommends Ellery Auto Body Shop.

AUTO REPAIR
CLARK'S GARAGE — (Just over Route 22 overpass on South Springfield Avenue, Springfield) If you own a 1916 Ford, Frank Clark is probably the only person in town who knows how to service it. That was the year he first began undoing the mischief Detroit had wrought under the hood. Today his reputation is such that he has no sign over his garage — people know him.

CARPET & LINOLEUM
CARPET DECOR by FRED W. MOORE, JR. — (515 Millburn Avenue, Short Hills, Drexel 6-2515) — near the Church) A carpet should do more than cover the floor, it should cover the years. The problem in securing carpeting is to know how to stand up to years' abuse. The solution is to buy a known quality carpet (like Mohaw) from a dealer like Fred W. Moore, Jr. who has earned a 10 year reputation in Short Hills for standing behind his products.

DELICATESSENS
G & L — (Springfield Shopping Center, Drexel 9-9872) About the best way to put on the dog for company is to give them a platter of G & L delicacies. Give them a few of these spicy goodies and they'll never notice you're driving an old car, living in an old house, and wearing an old dress. In fact, they'll probably make a nuisance of themselves coming back for more and more delicacies. Ask George Brown for advice on what to buy.

FOOD MARKETS
SPRINGFIELD MARKET — (172 Morris Ave., Springfield, Drexel 6-0431). The only supermarket from here to kindom come offering free telephone and delivery service (expecting mothers note). Jim Panchon and Les Schuman can be relied on to pick only the top quality items. Their prices are competitive — can't be beat.

HI FI & SOUND
STEREO SOUND CORP. — (173 Mountain Ave., Springfield, Drexel 6-4545). One of the wonders of our day is the electronic world which has made possible such accurate reproduction of sound. Another wonder is Tony Ferrell who has started this new combination to bring these sounds into your home. It takes an expert to install a true high fidelity system, and Tony, a local business and fraternal leader for years, is that expert.

HOME IMPROVEMENTS
CHANNEL LUMBER CO. (Route 22, Springfield, Drexel 6-6000) They have a beautiful aluminum stock chaise here for gardens and porches which you can buy for \$29. But if you use need some extra chairs for a card party or club meeting, Manager Don Leary will loan you as many as you need at no charge whatsoever. Of course, Channel is also nationally famous for their lumber, housewares, paints, hardware, etc.

INSURANCE & REAL ESTATE
ANNE SYLVESTER'S REALTY CORNER — (640 Morris Ave., Springfield, Drexel 6-2300). It is no longer a man's world. At least ANNE SYLVESTER'S REALTY CORNER, it isn't. This all woman real estate firm has done an outstanding service for its clients. If you intend to buy or sell, this very active office will readily do a job for you.

LAUNDROMAT
COUNTRY'S LAUNDROMAT — (238 Morris Ave., Springfield) What could be more convenient than to drop your clothes at a laundromat where you can pick them up when you finish with the groceries? What could be more economical? That matters? Everything is done for you at 1/3 the cost of a regular laundry.

LUMBER & SUPPLIES
COLUMBIA — (Maple Ave., Springfield, Drexel 6-9500). If you're in the mood for a treat, to life and limb from feeling bored, or if you're in a whole batch of new ideas to protect your head and beauty your bathroom. The Columbia medicine cabinets have compartments for medical supplies that can be easily locked against children, drop leaf shelves for more surface space, and retrovisor-like doors with storage shelves. They come in all sizes and designs and certainly will make your bathroom a showplace, as well as a go place.

LIGHT FIXTURES
MODERN LIGHTING (615 Morris Ave., opposite Terry Dempsey's, Springfield). Ask... modern lighting... in the door of Joe Hockaday's showroom. From lamp poles to pull down to Chinese lanterns, the stunning designs run the gamut from Provincial to Modern. Give them a glimmer if you're prepared to be dazzled.

POULTRY
CASALE'S FARM — (128 Springfield Ave., Springfield, Drexel 6-1800) "When's the good of living in the country (ie. Springfield) without being able to get country fresh food? Casale's Farm, the turkey king, makes all this counting worthwhile by growing his own poultry, selling his own eggs, and making his own butter. All of it is available every day at his showroom.

RESTAURANTS
CHINA SKY — (Springfield Shopping Center) There are two hazards of the mysterious East which you won't have to face at Jack Chin's superb Chinese-American restaurant. One is ordering strange sounding dishes blind, and the other is paying in yen. The China Sky menu includes a lucid description of each dish, and Jack is perfectly willing to accept dollars (though you'd be surprised how few it takes to feed a family). Our favorite is the Egg Foo Young (\$6.00 for luncheon and \$11.00 for dinner). The SDN will bet a Foo's egg that their large portions will fill any member of your family with plenty left over.

RESTAURANTS
MARCEL'S LUNCHEON — (271 Morris Avenue, Springfield) This is luncheon headquarters for the entire SUN staff with the Marcel luncheon club on the popularity list. During this warm weather though, the chef's tossed salad and other salad plates are highly recommended by the Marcel luncheon club.

RESTAURANTS
WALTER'S INN — (505 Morris Ave., opposite Millburn Ave., Springfield) The best lunch restaurant about the place is being too big to eat. Walter's has indicated here where the pizzas come king size in both diameter and seasoning. We like splitting a pizza among everybody at the table and ordering in smaller portions of their delicious Lasagna, Ravoli, and veal and pork. You sure know you've dined out every day.

RESTAURANTS
WESTFIELD PANTRY — (109 North Avenue, Westfield, Westfield 2-3122) If you cross a kosher deli-casement with a Swedish smorgasbord, add bit of Danish pastry, and serve in a beautiful air conditioned dining room, you'll have the Westfield Pantry. Every Monday night they put the hand-dome array of delicious foods and bakery goods on a huge table and let the gourmets go to town — all you can eat for \$1.85.

SERVICE STATIONS
GULF CENTER — (326 Morris Avenue, Springfield, Drexel 6-8839) Joe Calabrese has built up quite a reputation for himself in the short months he's been in town. He's brought a lot of the latest technical know-how to go with all the new service equipment he's installed. If you stop here you'll have more than Grease-Guns — you'll save your car.

SPORT'S STORE
LARRY'S CYCLE & SPORT SHOP — (327 Broad Street, Summit) If you're looking to get out of Springfield and onto some lake for boating, Larry is looking to help you do it. Among the vacation items he stocks to help you make your get away is a complete line of Evinrude outboard motors. The smallest is his sporty 3 hp. Lightwin, the biggest is the 35 hp. Big Twin Electric, which will move a mountain.

TV SERVICE
A & A TV — (2708 Morris Ave., Union, 1/2 mile from Springfield, Murdock 6-5900) Al Jones, a TV pioneer since 1928, runs an efficient shop that has (1) fixed charges, (2) same day service, and (3) guarantee for all work. 35% of their business is in Springfield, where people have learned they can depend on A&A.

TV SERVICE
EBERHARDT ELECTRONICS — (156 Hooker Avenue, Springfield, Murdock 6-1155 or Drexel 6-2923) John Eberhardt has become an expert in all fields of electronics from high fidelity sound systems to color television sets. John, who has an expanding shop in Union, makes all his calls personally and guarantees all work. By the way, he can install and repair TV antennas that improve your picture more than buying a complete new set. At any rate, he will advise you of what can be done to improve reception — be it antenna, tube, or electronic "shims-and-jigs".

TV SERVICE
SPRINGFIELD RADIO & TELEVISION CENTER — (177 Mountain Ave., Springfield, Drexel 6-4541) A visit to this well established firm's large workshop and showroom is like a visit to NBC's master control room. Row on row of the latest testing devices blink at you over monitor tv sets tuned to every station on the dial. The battery of electronic experts are kept busy by the emergency trucks that whip alling tv sets into the shop and healthy tv sets back to the homes in the same day. Tony Ferrell, one of Springfield's best known civic leaders, stands personally behind every job.

Jersey Central Appoints New Press Director

The appointment of Joseph A. Sherry of Hackensack as director of public information for Jersey Central-New Jersey Power and Light Companies, effective July 1, was announced today. He succeeds Sam A. La Faso of Interlaken, who resigned as of July 5 to accept the position of manager of advertising and publicity of American and Foreign Power Co., New York City. Sherry, whose offices will be here and in Asbury Park, will also handle sales advertising. He joined New Jersey Power & Light Co. in 1946 as advertising and publicity director and last January was advanced to the position of manager, sales promotion and advertising, for the two companies.

Swimmers Win 12 Prizes in Meet

Springfield-aquatic stars carried away many of the honors in the July 4th swim meet held at the Mindowaskin Swim Club in Mountaintide last Thursday. Local girls swimmers in the 6 to 7 year old class won all three places at the Mountaintide pool with Kathy Callahan taking first, Susan Hirsch in second place and Holly Scherer, third. Mary Jane Murdoch easily defeated competition in the 12-13 year old girls' division and Craig Reibold was just beaten for first place in the 10-11 boys' class, taking second place honors. Joanne Cadmus was another Springfield miss who won a swim medal, taking third place, in the tube race for girls of 5 years and under. The men's relay produced another Springfield victory with John Wyman, Jack Cadmus, Ed Davenport and Ed Reibold making up the winning team. Springfield also took all three places in the women's tube race with Jackie Callahan finishing first, Peg Greene was second and Jeanne Reader, third. Craig Reibold was the only Town-

Hutchinson Named Head of Anglers

William Hutchinson has been named president of the Springfield Anglers for the 1957 fishing season. David Roe was elected vice president, Charles Boebert was named secretary and George Voelker is treasurer. The local anglers have entered the annual R. J. Schaefer Salt Water Fishing Contest to be held this summer. The first club fishing trip of the season was on the Mary Ann from Leonardo, June 30. Members caught over 50 fluke with Walter Pasch landing the greatest number of fish while Hutchinson won the prize for the largest. Legion Win and Tie Cinches Youth League Championship

David Bonislawski's single into centerfield scoring David Cohen enabled the Legion to defeat the Rotary in a closely played ball game - 2 to 1. Mark Friedman and "Froggie" Freedman pitched excellent ball for both teams and received good support in the field from their teammates. This victory enabled the American Legion to win the pennant and become the 1957 Champs of the Springfield Youth League.

The Kiwanis, after a bad start, came along fast and finished in second place with a 10 and 5 record. Car Hops and P.B.A. were tied for third position. In an exciting game which ended in a tie at Washington Field, the Legion scored 8 times in a rally to overcome a 9 to 1 deficit. The hitting of Dart Sager and Steve Freeman featured the attack. Don Inamorato's single to centerfield scored the tying run, and Christiansen's throw home for the final out gave Rotary the tie. Mark Friedman and Barry Becker hit well for their teams.
