## Start Checking Signatures on Charter Study

Checking of the signatures on the Charter Study petition presented to Mrs. Eleonore H. Worthington, Township clerk, last week has been started at the offices of the Union County Board of Elections.

Eligibility of the names appearing on the petition will be checked as well as a comparison of signatures in order to comply with the rules governing the voting on the question.

The Springfield Organization for Charter Study filed the petitions with Mrs. Worthington last week, 1361 names of voters requesting that the question be placed on the ballot in the general election this November.

According to Mrs. Leonard Atkin, chairman of the Charter Study committee seeking the signatures to the petition, there are 93 more names than the necessary 1268 which should take care of any rejected signatures. Under the Charter Study regulations the petitioners are given additional time to procure more signatures if the checking should eliminate more than the 93 surplus names.

As soon as the checking of names is completed the petition is forwarded to the County Election Board and the question as to whether or not there should be a Charter Study and the election of a five man commission to make the necessary study will appear on the ballot in November.

Five residents of Springfield have already been selected by the Springfield Charter Organization to appear on the ballot on Row C. They are Albert Booth, Fred W. Compton, Antoinette Simmons, Robert T. Southworth and E. R. Speer. These candidates must file petitions.

Any other qualified voter of Springfield may file a petition to become a candidate for one of the five places on the Charter Study commission.

## Bonadies Says He Is Backing Charter Study

Promise of "personal support" in the Charter Study campaign for Springfield was given by Township Committeeman Vincent J. Bonadies in a statement released yesterday.

Bonadies congratulates the members of the Charter Study Commission "who worked to make possible the referendum" and pledges his cooperation.

The statement in full follows: "As one who has long been a proponent of a more realistic approach to good efficient local government, the announcement of a proposed Charter Study Commission is one of great personal gratification."

"With the official petition having been received by the Township Clerk, Springfield ventures upon a bold undertaking and its people will be now given the opportunity to express their desire to create or reject a Charter Study Commission during the coming election.

"Our community has accepted the responsibilities of leadership in the field of Charter study in Union County as the citizens and (Continued on page 3)

## Urge Township To Extend Mountain Ave. For Parking

Merchants on the north side of Morris avenue, with the support of the Springfield Chamber of Commerce, are preparing an all-out campaign to induce the Township Committee to "do something about the parking situation in that area."

A letter in which the property owners have agreed to provide parking areas on their premises in the rear of the Morris avenue stores has been sent to Mayor Albert G. Binder and the Township Committee.

The communication asks the governing body to consider the idea of extending Mountain avenue so that ingress and egress could be provided for the much needed off street parking. Continuing Mountain avenue across Morris avenue would mean the purchase of the vacant land next to the Gibson Diner and the Herman Kravis building.

Township Committeeman Raymond W. Forbes has advocated such a move by Springfield and other members of the governing body insist that the present owners of the Ness property should purchase the necessary land needed to continue Mountain avenue.

## Report Sale of Large Plot on Land Near Saks

The first of the series of long term leaseholds on properties in the Saks Fifth Avenue area was made public this week with the announcement that 40,000 square feet at 40-48 Millburn avenue, Springfield, has been sold.

The lease has been sold by Sheldon Smelting, South Orange investor, through Robert D. Schlegler Co. to Louis D. Blick of Elizabeth. This information was in a story in the real estate section of the Newark Evening News last Friday which also stated that the buyer plans a series of retail stores at that location.

The Louis D. Blick, mentioned in the 40,000 square feet leasehold, is said to be the same Elizabeth real estate operator who's negotiating for the big tract of land adjoining the private Saks Fifth Avenue street which leads into the new Saks parking lot.

The 60 year lease with Theodore Conklin, owner of the Ideal Gardens and property along Morris avenue is said to have been closed by Mr. Blick. This property runs approximately 300 feet along Morris avenue on one side of the Saks private roadway and about 150 feet on the other, nearly three acres.

Mr. Blick, it is understood, is also dickering with other property owners in this area with the idea of assembling all the available land which forms the triangle at the meeting of Millburn and Morris avenues. Nationally known retail establishments are expected to build stores in this area.

The Conklin lease calls for having all of the Ideal Gardens material out of the property by July of next year so that actual construction work may be started.

No information was available as to what retail establishments planned to locate on this Springfield property but one of the most persistent rumors had it that another Fifth Avenue store would build on the Conklin property.

## First Aid Squad Starts Drive

The annual fund drive of the Springfield First Aid Squad starts this Saturday, Aug. 31, and continues through the month of September.

The organization issued the following statement this week prior to the launching of the drive: "The SPRINGFIELD FIRST AID SQUAD, in the interest of the annual fund drive will soon appear in their uniforms at your homes for their contributions. As you must know the annual fund drive is the only source of financial support. Your money is the only means we have of paying our operating costs. Workers are strictly volunteer—no salaries or recompense whatever is paid to members, or officers. Your money is spent for items listed on coin cards, for your benefit.

"The squad members will start on the 31st of August and continue through September until all cards are in. A concentrated effort will be made on weekends, and evenings during the week. Any resident who wishes to turn in coin cards may do so at Squad Headquarters any morning from 9:00 a.m. until noon.

"Thank you for your continued support in our annual Fund Drive."

## Celebrates 25th Year at WE Co.

A gold emblem was presented to Joseph K. Hamryka of 41 Christy lane, Springfield, yesterday August 28, marking his 25th year with the Western Electric Company. In recognition of his long service he was guest of honor at a noon-hour reception held at the Kearny plant where he is a machine operator in the Manual Equipment shops.

Mr. Hamryka belongs to the Stanley S. Holmes Chapter of the Telephone Pioneers of America, an organization composed of long service telephone employees.

## Local Cab Company Plans New Service to Center

Herman Nadel, proprietor of the Springfield-Nadel Cab Company, is planning to inaugurate a new taxi service in Springfield which will enable residents to ride to the center of the town at a nominal rate of 15 cents per passenger.

"We plan to make these trips in our cabs every 10 minutes," said Nadel in discussing the new service, "and we won't permit more than 4 passengers on any trip. The cabs will cruise along Mountain avenue, and return to the Springfield center on Meisel Avenue."

## IMPORTANT NOTICE FOR SCHOOL KIDS

The recent sheet metal strike has delayed the installation of the kitchen equipment in the Florence M. Gaudineer School cafeteria beyond the opening date of school on September 5. Children attending this school are to bring their lunches until further notice. Milk and ice cream will be sold daily in the lunchroom.

Children living near the school who wish to return home for lunch during the forty minute lunch period may do so upon written permission of the parent.

One such notice will be filed in the child's folder in the school office, and it will serve to excuse him for lunch at any time during the year.

## Smith & Smith Purchased by Haerberle-Barth

Smith and Smith (Suburban), leading funeral directors in this area at 415 Morris avenue, has been reported sold to Haerberle & Barth of Irvington and Union.

No details have been made available but telephone calls to both the Newark and Springfield Smith and Smith offices resulted in the information that Haerberle & Barth had taken control through the purchase of stock.

The Haerberle & Barth offices in Irvington referred all questions to their attorney in Newark who was not available when attempts were made to contact him by telephone yesterday.

## Elks Lodge Opens New Club Building

Heralded not as a grand opening but its first use of the new Elks Clubhouse, Springfield Lodge held its initial meeting Monday in its quarters at 357 Morris avenue.

Visiting delegations attended from Morristown, Hillside, East Orange, Summit, Irvington and Weehawken Lodges. "Doc" Louis Hubner of Weehawken, past president of the State Association of Elks, praised the group for its initiative in having been able to renovate its building and expressed hopes that crowded quarters might force increasing its size.

Praise was given by Exalted Ruler Richard M. Blake and Vincent Bonadies, esteemed leading knight, to the small handful of Elks' members who contributed hours of labor during the summer months, to altering the house.

A house committee was appointed, headed by Joe Duffy, who will be in charge of operating the refreshment department and house structure.

## Proclamation

WHEREAS, the Springfield First Aid Squad, Inc. is maintaining and operating the Township ambulance and will endeavor to continue to furnish the citizens of Springfield with outstanding ambulance service under the supervision of qualified personnel; and

WHEREAS, said service is being rendered by volunteer workers and supported by voluntary contributions; and

WHEREAS, I have personally accompanied the Ambulance Squad on several occasions and have witnessed the remarkable work being performed by this group in behalf of humanity; and

WHEREAS, September is the month in which these volunteers ask for your financial support for both the regular services and the additional cost of constructing and maintaining the new First Aid Squad Headquarters;

THEREFORE, I, as Mayor of the Township of Springfield, do hereby designate the month of September as "First Aid Squad Month." Furthermore, I proclaim that the Springfield First Aid Squad, Inc., has the wholehearted support and endorsement of the Township Committee to request and solicit the support of its present fund drive of the citizenry of the township.

## 2 Sewer Jobs For Township To Start Soon

Actual work on two very important sewer systems in Springfield is expected to start as soon as all the legal processing has been completed.

The one project, high on the priority list with the Township Committee, is the sanitary sewer which is to connect with the mountain top and service the entire area in that section which includes the Briar Hills Circle residences.

Right of way agents, representing the Township of Springfield, are already negotiating with property owners in the path of the proposed sewer system. Engineers who have made a thorough survey for the purposes of sewer installations, are near the end of their job, and the recommendations are expected to be delivered to the Township Committee very shortly in a final report.

The new sanitary sewer system will not only service the entire new Briar Hills development but it will eliminate the need of the present Irwin Street pumping station. According to the recommendations of the engineer, pumping facilities will be installed at the top of the mountain so that it may service properties on the other side.

The other engineering project is the storm sewer to relieve the drainage problems in the Henshaw avenue and Shunpike road area. Right of way agents are also negotiating with property owners here.

Necessary ordinances and invitation to bidders are expected to be prepared shortly so that both sewer projects can get under way as soon as possible.

## Citizens Asked To Help Reduce Accident Toll

Mayor Albert G. Binder and the Township Committee have joined the state-wide campaign launched by Gov. Robert B. Meyner to reduce the increasing number of fatalities on "the streets and highways of New Jersey."

Letters have been sent to every resident in Springfield, and a special appeal to religious groups, civic and other of the Township's organizations seeking the cooperation of all in cutting down the number of accidents.

Below is the letter from Mayor Binder to leaders of religious, civic and service organizations, followed by the appeal to all citizens here:

"The attached letter is being mailed to every citizen of record in Springfield. This message, this appeal, must be brought to the attention of every man, woman and child in our community. Today we read in the papers of some stranger being killed or injured on our streets and highways, tomorrow it could be our loved ones.

"May I suggest that as leaders in religious, civic or service organizations, you are in a position to impress your people of the seriousness of this condition. Through the medium of the pulpit, or at group meetings, your efforts in this behalf may well be the means of saving human lives.

"Your cooperation in joining in this crusade will be greatly appreciated."

To Citizens of Springfield  
"As of this date I am in receipt of a telegram from the Governor of New Jersey pointing out the wanton murders that are taking place on New Jersey streets and highways. As of this morning, 62 more people have been killed in our State than at the same time last year, which makes a frightening total of 507 human lives snuffed out this year to date.

"This must shock and alarm you as much as it does every responsible official in the State. This letter is being sent to every home, every family, and every group in Springfield that we can reach with the hope that we can impress upon them the terrible seriousness of this situation.

"All of us, whether we are drivers or pedestrians, must do everything possible to reduce this frightful toll. Safe driving and safe walking are the personal responsibilities of every citizen. The life you save may be your own."

To Wrestlers at Lehigh  
Ted Stiles of Springfield will be among 375 participants at the 22nd annual Sheridan Wrestling Clinic at Lehigh University. The three week clinic is under the direction of Gerry Loeman, wrestling coach at Lehigh.

## 2 Local Firms Ask Reduction On Assessment

The Union County Board of Taxation has set October 9 as the date for hearing appeals from municipal assessments in Springfield, but only two firms are asking relief.

The Grand Union Company in the General Greene Shopping Center is appealing the assessment figures for personal taxes and Smith and Smith (Suburban) at 415 Morris avenue seeks a reduction on the land and buildings in Springfield. This appeal, it is understood, has been filed by Haerberle & Barth, well known funeral directors, now owners of the Smith and Smith organization.

Springfield's tax officials are pleased that not a single appeal has been filed by home owners in the Township.

All hearings will be held in the tax board offices at the county courthouse and will begin at 9:30 a.m. Approximately 500 appeals from municipal assessments will be heard starting with September 11. Tax Board President Frank J. Pfaff announced.

## Would Help Business

Mr. Forbes maintains that the purchase of this land, and continuing Mountain avenue would help Morris avenue business considerably since it will provide parking area for business on the north side of the business thoroughfare. Those opposing acquisition of the land say the large-plot of vacant (Continued on page 2)

## Big City Newspapers Tell How Saks Chose New Site

The opening of the new Saks Fifth Avenue branch here gave Springfield some fine prestige publicity with practically every newspaper in the metropolitan area carrying photographs or stories of the ribbon cutting ceremonies.

The New York World Telegram and Sun ran a feature article in last Friday's issue under the heading: "Planning a Suburban Store—Almost Like Building a City"—and under the by-line by Muriel Fischer, Staff Writer. The article follows:

It takes a heap of planning to make a store. And a store of the dimensions of Saks Fifth Avenue's new Springfield, N.J., branch, for instance, was over two years in the making.

There are the surveys. There are the studies, replete with statistics—of surrounding communities; population; income; competition. And there is the calculation—speculation—of business potential.

Questions to Answer  
Before the first blueprint is put to the sketch board and long, long before earth is dug, there are these questions to answer: What kind of store will it be? Where will it be located? How large, and how constructed? What kind of customers will it serve? What are their needs, their scope of purchasing?

**Urge Township**

(Continued from page 1)  
 property is practically land-locked and the owners should purchase all the necessary property needed for extending Mountain avenue instead of burdening the Township with this expense.  
 The future of Morris avenue, say advocates of the much needed parking area in the rear of the business street, would be much brighter if there were access for shoppers' cars off of Morris avenue. Owners of all property from Mountain avenue to Main street are reported to have agreed to cooperate in having a free parking area for shoppers and some of the merchants are even planning to provide entrances for customers in the rear of their present stores.  
 Following is the letter, with signatures of property owners, to the Township Committee:  
 Gentlemen:  
 We wish to call to your attention that the regulation of "Parking" on the North side of Morris Avenue between the hours of 4:30 p.m. and 6:30 p.m. has had a very drastic effect on the business of the merchants on that side of the Avenue. The business of these merchants has declined up to 50% and, consequently, it affects the value of the real estate.  
 We are cognizant of the fact that you have given consideration to the plight of these merchants.  
 We are taking the liberty of suggesting a remedy. We urge the Township continue Mountain Avenue across Morris Avenue by acquiring the vacant land on the North side of Morris Avenue, directly opposite Mountain Avenue. This should be done before a building is erected on the property, otherwise the cost of acquisition would be much greater. A large portion of the cost of acquiring the vacant land and the opening of the extension of Mountain Avenue could be assessed against the adjoining and the properties benefited thereby.  
 The property owners or merchants affected thereby are willing to agree to provide parking area on their premises for customers in the rear of their premises. This would also eliminate in front of these places of business the loading and unloading of merchandise by trucks from the avenue.  
 We earnestly urge that your Honorable Board give the matter your immediate consideration to the end that proper relief may be had by the merchants and the entire Township benefited.  
 Thanking you in advance for any consideration you may give this request, we are  
 Respectfully yours,  
 Springfield Chamber of Commerce,  
 John Grausam,  
 President.

**Big City**

(Continued from page 1)  
 (Springfield) choice was made. "Because," explained Lawrence J. Rogers, manager of the new branch, "it is the center of a tri-county area, able to serve Union, Essex and Morris Counties. Also, this location, at the foot of Short Hills, is a very heavy traffic location—and it is midway between Lord & Taylor and B. Altman's, the two major stores out here."  
**High Incomes.**  
 Another vital factor in the overall location choice was the financial elevation of the surrounding communities. Incomes averaged \$8,000, it was learned. Also, Summit, Springfield's neighbor, ranks as top town with an income average of \$12,101.  
 "It was determined to be a wealthy area," said Mr. Rogers, "with not much competition."  
 Population-wise, statistics offered 1,650,000 people within a 10-mile radius—a lot more than most stores have in a 50-mile radius.  
 The surveys started in the spring of 1955. Ground was broken in September, 1956. In between went a lot of considerations:  
 The tract of land had to be conveniently located, large enough for a sprawling store and ample parking facilities. What kind of construction would be welcome in the community was another question that needed consideration.  
**Talks With Officials.**  
 And so there were conferences with Springfield officials and discussions of Springfield's history, dating back to Revolutionary War days. The construction, it was decided, would be of red brick with white trim and the interior would be Colonial.  
 Adam L. Gimbel, president of Saks Fifth Avenue, and a graduate architect himself, went into a huddle with the New York architectural firm of Kahn & Jacobs.  
 Out of the planning sessions came a two-block-long, H-shaped, single level store.  
 With the architectural plans completed, attention was directed

to the store's interior. Again Mr. Gimbel joined in the drawing board sessions—this time with the Raymond Loewy Corp.  
 The results, Mr. Rogers declares, are "magnificent."  
 "Mr. Rogers entered the planning picture in January, 1956, when the former Saks Fifth Avenue-Pittsburgh manager was appointed head of the Springfield division. Two months later the hunt was on to fill other executive positions.  
 In June of this year the rang-and-file force—sales people, clerks, wrappers, cashiers, porters, maids, alteration hands—were signed up, mostly from the tri-county area. And in August, characterized air-condition b...

zing, back and forth, transporting the Springfield crew to their training grounds in White Plains.  
 Then came the day of shipment (Aug. 8), and the receiving of shipment; the opening of the merchandise (Aug. 12), and the checking and placement of stock; and, finally, the setting up of the various displays (Thursday).  
 On Monday morning, Mayor Albert G. Binder of Springfield cut the ribbon opening the new store. Mr. Gimbel made an appropriate address.

**Your Library**

As the summer season draws to an end, the Free Public Library of Springfield turns its attention to taking care of readers over the Labor Day-Week-end. The Library will be closed all day Monday, September 2nd, for the holiday. However, to take care of the people who usually come on Monday, it will be open on Tuesday evening for this week only.

Mondays and Fridays, 7:30 to 9:00, are the only times working people can come to the library during the summer. Beginning Saturday, September 21st, the library will be open on its regular winter schedule which is daily 10:30 a.m. to 5 p.m., including Saturday.

During the summer many friends of the library have donated flowers. Miss Jessica Baker of Mountain Ave has been the chief contributor. The lovely roses have been from her garden.

The end of the summer also brings the end of the Summer Reading Club. Boys and girls will not be given credit for books taken out after Labor Day. The maps will be held for a little while for an exhibit, and then they will be given to their owners.

Mrs. Ester Porter will take complete charge of the work with the children at the Springfield Library, beginning September 1st. She has already begun to arrange and organize her office at started to plan the winter program. Next week she will report the final results of the Reading Club.

Last week, at the end of the column on clothes, the promise was made to say something concerning interior decoration for a room away from home. Miss Judy Widmer, who has written many of the columns which have appeared this summer, has the following suggestions to make:

Several articles of particular value to the student planning a dormitory room and the individual decorating a small apartment, have been found in magazines. They can be located by looking in the following publications: *Mademoiselle*, August issue of 1957, page 118; *Seventeen*, August issue of 1957, pages 190, 205 and 218; *Vogue*, August 15th issue of 1956, page 135 and in the August 15th issue of 1957, page 140; *Good Housekeeping*, August issue of 1956, page 84; *Life* magazine, August 24th issue of 1953, page 67; and a *New York Times* publication, *Books in Your Home*. These magazines have been placed for your convenience on the reading table to the left of the front entrance. One idea, not mentioned in the numerous articles at your disposal, both attractive and economical, is the use of burlap bag material for curtains and bed-

spreads. It can look particularly clever if footprints and/or handprints are scattered in no set pattern over the material. Large and small pieces of driftwood, when coupled with a vivid imagination, have numerous uses, including candle-holders, boog ends, paper weights or perhaps simply that "added touch" in a room brought to campus from the sea, complete with genuine fish netting covering an entire side of the wall (it helps cover up cracks and provides an unusual bulletin board).

Whether you are a student or working girl living away from home, you will be living and entertaining in your room. With the information contained in the articles at Your Library and a bit of added ingenuity, you can have an attractive, functional abode which typifies your personality in its individuality.

officials of other county municipalities cast both a covert and open eye toward Springfield this coming November. Hence, congratulations are in order for the bold band of "pioneers" who worked to make possible the referendum for a Charter Study through signed petitions in accordance with the provisions of the Faulkner Act.

**Seeks Approval**  
The complexities of our community fast approaching city size, can become a load too unwieldy for the present Township form of government; a situation which is astride most other Municipalities in Union County. The remedies for these complexities can only come through the approval of the proposition of a Charter Study by the voters on November 5. Through the creation of the Commission for such a study, Springfield will have an abundant opportunity to ex-

amine its present form of government and to either develop a remedy or recognize that the present township committee form is adequate.

"It is important to realize that approval of the study is not a condemnation of our present form, but a genuine desire to re-evaluate it in the light of present day expansion and the enormity of our internal problems. From this study may come a recommendation for a new form of government, but we must also realize that the study may convince us of the adequacy of our present government. Good government depends on the capabilities of men as much as on the form of administration.

"Whatever the outcome, I pledge my personal support and congratulations to those who have, by the fruit of their labors, given Springfield the opportunity to lift their government from the colonial atmosphere to one which may well keep pace with its growth.

**10 Commandments Opens Sept. 25**

Ten years of planning, three years of research and preliminary exploration, and three years of script writing preceded actual shooting of Cecil B. De Mille's "The Ten Commandments," which begins its exclusive Northern New Jersey engagement at the Adams Theater Wednesday, September 25.

Research for this massive film, in which Charlton Heston stars as Moses and Yul Brynner as Ramesses II, not only guided the writing of the huge script, but was used by all 64 departments of Paramount Pictures in designing the

enormous sets, the 100,000 props, wardrobes for two dozen stars and 25,000 extras, makeup and choreography.

Studied constantly were the King James and Douay versions of the Holy Scriptures and "The Pentateuch and Hapforahs," edited by the Chief Rabbi of the British Empire. Since Exodus omits 30 years of Moses' life, the Koran, the Midrash, the "Mishnah" and the works of Philo, Josephus and Eusebius were studied to fill this gap without departing from the Biblical account.

In addition, De Mille's chief researcher, Henry S. Noerdlinger, and screen writers Aeneas MacKenzie, Jesse L. Lasky, Jr., Jack Garris and Frederic M. Frank

HERE'S THE EASIER 1-2-3 WAY TO A

# Thick Green Lawn!

It is really very simple... 1. Use Breck's quality seed specially blended for New England soils and the New England climate. 2. Use Breck's quality fertilizer for continuous prolonged, not "one-shot," feeding of the lawn as it develops. 3. Use Breck's Lawnmaker spreader to cover the lawn evenly and thoroughly with both seed and fertilizer.

**Breck's "1818" Lawn Mixture** contains up to six times more seed per pound than "economy" mixtures, sows a larger area, is chemically treated to make sure it will grow, and produces a fine lawn which becomes more beautiful year after year, with less work.

1 lb. — \$1.95  
2 lbs. — \$3.85 • 5 lbs. — \$9.25 • 25 lbs. — \$44.00

**Breck's Turf-Gro (8-6-2)** is a complete, long-season lawn food, with high organic, high nitrogen content, that feeds the lawn for many weeks. Applied spring, summer and fall, at recommended rates, it provides a completely balanced nourishing food that makes your lawn the greenest ever!

10 lbs. — \$1.39  
25 lbs. — \$2.55 • 50 lbs. — \$4.98

**Ed Cardinal's Movies**

Ed Cardinal estimates that 150 people attended the movies shown at Cardinal Nurseries a week ago on lawn care.

Cardinal says he gave away 25 prizes to the homeowners who also conferred with a representative of the American Agriculture and Chemical Company. The crowd was too numerous for the chairs set up to watch the outdoor movies.

Cardinal says the showing was so well attended that he has scheduled another screening for Friday, Sept. 13 at which a representative of the Armour Fertilizer Works will speak. Two movies will be shown in the early evening, one on roses, another on tulips.

**Theodore Seagull Gets Temple Post**

During the summer Temple Beth Ahm of Springfield proudly announced the appointment of Theodore H. Seagull as Chairman of its Religious Affairs Committee.

Mr. Seagull, who is now 34 years of age, has a Bachelor of Science Degree from Rutgers University. He owns the Pine Pharmacy in Montclair, N. J., and resides at 197 Lakak Avenue, Springfield, with his wife, Beatrice, and three children, Susan, 7, Dobby, 5, and Judith, aged 9 months. He is a crossword puzzle fan and an expert tinkerer with his foreign-made Hillman and homemade work.

During the War, Mr. Seagull served in the Army for three years, including one year in Germany and France, attached to Ordinance. During this period he helped to conduct the religious services for the boys overseas.

Along with Messrs. Ralph Feldman, Epie Weiniger and Ray Baumrind, Mr. Seagull was instrumental in setting up the first religious services at the Jewish Community Center, now known as Temple Beth Ahm, and conducted the services for the first year. Subsequently, Mr. Seagull purchased his present business and was unable to continue his activity in community affairs. Be-

## Hi Neighbor!!

NEWS AND TIDBITS ABOUT YOUR FRIENDS & NEIGHBORS.  
If You Have Any News Call...

**DREXEL 6-4502**

**LORRIE LEWIS**

Mr. and Mrs. Nat Krowne of 100 Evergreen Avenue are among the new residents of Springfield. Formerly of Brooklyn, the Krownes have three sons ranging in age from 5 to 15 years. Mr. Krowne is employed by Crown Metal Products in Newark. The Springfield welcome mat is out for these five new additions to our town.

son of Springfield are spending their vacation this season at "The House of Good Eats," Marilyn's Inn, Virginia Beach, Virginia. Mr. Jackson, connected with "The News," New York City, will be doing some fishing, and before returning home, he and Mrs. Jackson will take in Jamestown's 350th anniversary, and Williamsburg.

Welcome to our new residents, Mr. and Mrs. John Begert, their son and three daughters. The Begerts have moved to 64 Denham Road from Bloomfield. Mr. Begert is employed by the Austin Oil Lab in New York City.

Our congratulations to Mr. and Mrs. Robert Polewka of 77 Edge-

wood Avenue on the birth of their son, Matthew Bernard. The new baby weighed 8 lbs. 9 oz. Matthew has an older sister, Eileen, who will be two in October.

A birthday party was given last week to celebrate the tenth birthday of Tina and Marilyn Marzil of 26 Cypress Terrace. Carol Cohn, Phyllis Shtafman, Sherry Myers, Edith Edelman, Judy and Harriet Kendler were the local guests of the twins. Elaine Alpert, Jane Gouckman, and Lynn Goldberg, former classmates from Maplewood and Dennis Baron of Westfield, cousin of the twins, also shared in the festivities.

On the subject of Greenwood Swim Club, it is in order to mention the fact that the club is managed by Mr. August Caprio of 12 Berkeley Road. Mr. Caprio is a teacher at Jonathan Dayton Regional High School, and, this year, will assume the duties of Departmental Head of Foreign Languages.

Another new member of our growing township is Margaret Ann Ball, born at Overlook Hospital last week. Our congratulations to Mr. and Mrs. Charles Ball of 116 Tucker Avenue for this 5 lb. 15 oz. new addition. Other children in the family are Patricia, 15, and Richard, 14.

Speaking of new additions to the township, the following parents should also be congratulated: Mr. and Mrs. Charles Liljestrand of 36 Linden Avenue on the birth of their daughter, Mr. and Mrs. Anthony Skuya of 90 Madison Ter-

race on the birth of their son, and Mr. and Mrs. William Hymer of 69 Rose Avenue on the birth of their son.

Mr. and Mrs. James M. Pfizinger, of Aurora, Illinois, announce the birth of a son, August 3, James M. Pfizinger, Jr. He weighed 8 lbs. James Pfizinger is a former resident of Springfield and a graduate of Jonathan Dayton Regional High School.

**GETS SCHOLARSHIP** — Sandra Day, who received a \$200 scholarship from Fairleigh Dickinson University, will begin her studies this fall, majoring in medical technology. A graduate of Regional High School, Miss Day is the daughter of Mr. and Mrs. Howard A. Day of 2-A Prospect Place.

### Property Values Change for Year

A total of \$424 million (\$424,436,167) in property valuations were added to tax rolls this year, bringing the total of New Jersey's net valuations taxable to more than seven and three quarter billion dollars (\$7,773,656,368).

Spurred by revaluation programs in various municipalities, as well as by normal growth, assessments have been rising in New Jersey at an increasingly rapid pace. A compilation released by the New Jersey Taxpayers Association shows that in the nine years between 1946 and 1957, nearly two and one half billion dollars in valuations—a cumulative 45% increase—were added to the tax rolls. This year's six per cent increase contrasts with a 5% rise last year and 3% in 1955.

Among the counties, change in valuations ranged from a one-half per cent decline in Hudson County to a rise of almost 25% in Mercer County. The sharp change in Mercer County was due principally to reassessment of 100% of valuation in Princeton Township and to a general boost in assessments in Trenton.

In Essex County the net valuation taxable was \$1,682,182,780 this year, an increase of \$74,078,012, or 4.5% compared with 1956.

Although the exact process of the formation of a hurricane is not known, conditions generally favorable for the start of a storm are light variable winds, high humidity, low atmospheric pressure, and strong solar heat, according to data compiled by the Navy's Hurricane Hunters.

### Rain (as usual) At Elks' Picnic

Inclement weather failed to dampen the spirits of several hundred members of Springfield Lodge No. 2004, Elks, and their families who attended the second annual picnic Sunday afternoon in Evergreen Park.

For two years in succession, weather conditions were unfavorable yet attendance increased over the first function and picnic committee members reported the affair to be successful.

Athletic competition among the men and their wives were postponed, but the children held games, rides on the whip, pony carting and enjoyed themselves.

Richard Fisher headed the general picnic committee, assisted by Exalted Ruler Richard Blake and many lodge members. At ceremonies closing the picnic, indoors, Mayor Albert Binder spoke briefly on the Elks' activities, and a hope that "next year the committee have better luck in selecting a clear day."

**TAKING CARE OF YOUR GARDEN**

By Edward A. Cardinal  
Chairman, Springfield Shade Tree Commission

A Springfield College student, studying landscape designing, once asked me what message I would like to send back to school with him. I told him that more emphasis should be placed on the prompt payment of the bill in order to have better customer relations. A customer withholding payment to find out whether or not the plants live is doing a grave injustice to the planter, and if they had no faith in the man, they

should not have done business with him. The following question will show what I mean:  
QUESTION: My gardener, who came to me highly recommended, put in our front lawn last spring. A small area on the front terrace did not come up well and I refuse to pay for the lawn until he re-seeds it. He said he would do it at the proper time in the fall, but now he will not do the work until I pay my bill. Don't you think I

am justified in not paying at this time?  
ANSWER: You say the gardener came highly recommended. Why should he trust you any more than you trust him? How does he know you will ever pay the bill? The least you could have done was pay the man for the satisfactory lawn and withhold a small amount to cover the poor area. Could you ever purchase an auto on such terms? Pay the bill promptly and I feel certain that he will complete the work to your satisfaction, for I know the man to be thoroughly reliable.  
QUESTION: When is the best time to renovate my lawn as it is rather spotty after the summer

drought?  
ANSWER: Do it as soon as possible. Rake out as much dead grass as you can, apply lime and fertilizer, water thoroughly and then seed the poor areas. A liberal covering of top dressing composed of humus, peat and sand will help the seed to germinate rapidly by furnishing a constant supply of moisture.  
QUESTION: Can you help us select a good grass seed?  
ANSWER: Beware the trick advertising such as, "contains no crabgrass seeds" - "Guaranteed to grow" - "Chokes out crabgrass" - "Contains Bluegrass" etc., etc. Reliable brands need no such gimmicks and remember there are

no "bargains" in grass seed. Purchase your seed from a reputable garden center who knows something about grass seed. Insist upon mixtures containing at least 75% permanent, perennial seeds. Kentucky bluegrass, Merion Bluegrass and the Red fescues do very well in this vicinity.  
QUESTION: What do I need to build up my poor subsoil?  
ANSWER: Add the following material to each thousand square feet to simulate topsoil: 40 lbs. limestone, 40 lbs. fertilizer, 50 lbs. gypsum and 3 bales peat moss, or its equivalent of other organic material such as humus, or rotted manure. Scott's Soil Improver may be used in place of the gypsum and lime. This material should be mixed in to the soil by spading, or better yet, rotary tillage.

**EVENING COURSES At Rutgers**

With advance registrations already ten to twenty percent ahead of last summer's the Rutgers evening center anticipate the beginning of the tidal wave of applications as they open for registration at all centers.

The increased number of evening student applications is attributed by Dean Ernest E. McMahon of the Rutgers evening divisions to the growth of the adult population in New Jersey, the increasing need for college graduates, and the rise in the necessity for retraining to meet the demands of a technological economy.

New fields of study and expanding schedules, according to Dean McMahon, are planned this fall by the evening divisions to help take care of the growing numbers seeking evening college credit and specialized instruction at the State University.

Newark University College, the degree granting division of Rutgers in the metropolis, plans to introduce new courses in Retail Store Management, Applied Psychology, and Symbolic Logic. After a considerable lapse of time, courses are being re-introduced this fall in History and Culture of the Orient, Theory of Equations, Public Administration, Theory and Method of Psychological Testing, and Social Minorities.

For graduate students, the Newark degree division will cooperate with the graduate school to provide courses in Chemistry of Natural Products and Thermodynamics.

At the same time the evening center will introduce a new specialized curriculum in Public Administration for government workers.

In the Newark Extension center, where the majority of students enroll on a noncredit basis for job improvement and added skills, new courses are planned in Art Appreciation for the Painter, Voice and Diction, English for the Foreign Student, Public Speaking and Public Listening, Principles of U.S. Government, World Politics, Insurance Agency Management and Rating, Dynamic Creative Thinking, The

*Milk Means Good Health*

**FROM THE GARDEN STATE**

With the return of children to school soon, now is the time when normal diets and food habits of children are resumed with fresh milk in a prominent place on the table.

The New Jersey dairy industry includes some 150,000 cows producing milk under rigid health regulations. Produced nearby, New Jersey milk is obviously fresh and of high quality.

New Jersey's dairy industry is an important source of fresh milk and even exports a considerable volume every day to New York City and Philadelphia. The Holstein breed leads in numbers, followed by the Guernsey, Brown Swiss and Jersey breeds, plus a few Ayrshires.

It's always wise to buy Jersey milk. Whenever you are shopping for the family table, for milk, for fruit and for vegetables, ask the man: "Is it from Jersey?" Help yourself to the riches of the Garden State.

### MY PRIVATE MOVIE

There was a day last summer that I kept tucked away in the back of my mind, like a miniature mental movie all my own. Sometimes, when other days aren't quite as bright as this one was, I take it out and reel off a private showing.

It was a Sunday. We'd been to church, Lee and the three children and I. Then we went home and packed up a big picnic lunch and took it down to the creek. It was one of those perfect summer days poets have written about. Everything tasted better than it could possibly have been. When we'd finished eating, the kids called their boats white Lee and I stretched out on the grass and looked up in the blue silk sky, all dotted with fleecy white clouds.

We didn't say anything, but I know that we were both thanking God for all the blessings he'd bestowed on us. I know that we were feeling, just then, particularly at peace with ourselves, and with the universe. I was thinking, too, of our kids as they'd come out of Sunday School that morning, with their bright faces glowing, and I gave a silent vote of gratitude to my parents for having raised me in the Church. Now I was able, in turn, to pass on this priceless heritage to my own children.

In this high pressure, jet-propelled age we're living in, we need so much to guide our children in the right way. Without the aid of the Church, I, for one, would be at a total loss—and that afternoon I realized it, with particular emphasis.

I suppose, when you come right down to it, we really didn't do so much, that Sunday. But it was a day that left me with a feeling of family unity, of togetherness. . . . I shall never forget.

Sometimes, when things are "at sixes and sevens," a parent needs to take time out to remember just how precious a family it. Whenever I find myself in danger of forgetting—I just dust off my movie and live that Sunday all over again, to myself.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Book	Chapter	Verses
Sunday	Deuteronomy	11: 13-21
Monday	Joshua	24: 14-16
Tuesday	Samuel	3: 1-10
Wednesday	Psalms	8: 1-9
Thursday	Proverbs	1: 1-9
Friday	Mark	6: 30-44
Saturday	Mark	9: 33-37

### Local Plant Gives Medical Insurance

The employees of Investment Casting Company, Springfield, New Jersey, now have insurance coverage to help pay hospital and doctor bills. The group recently signed up for both New Jersey Blue Cross and Blue Shield protection.

The new enrollment affiliates the local employee group with the nation's seventh largest Blue Cross plan and the sixth largest Blue Shield organization. Both plans are non-profit organizations operating under supervision of the New Jersey Department of Banking and Insurance.

New Jersey Blue Cross has paid out nearly a quarter of a billion dollars in hospitalization benefits for well over two million cases since its organization in 1932. Throughout New Jersey and in adjacent states, 248 hospitals are under contract to render inclusive service benefits to New Jersey Blue Cross subscribers.

Blue Shield, officially the Medical-Surgical Plan of New Jersey, was organized in 1942 under auspices of the State Medical Society. Since then, it has paid out almost \$85 million in medical-surgical benefits for nearly a million cases. More than 5,500 New Jersey physicians and surgeons cooperate in the Blue Shield Plan.

# HELP US AVOID ACCIDENTS

## Please! Do not post signs on utility company poles!

Linemens climb poles to maintain . . . to improve . . . or to restore your electric service. They are on call 24 hours a day to help you.

Please do not make their work hazardous by affixing signs or other notices to our poles. They may be the cause of serious accidents.

Posting bills on utility poles is a violation of the law: Section 27:5-1 of the Revised Statutes of the State of New Jersey. Signs, posters and other unauthorized materials do nothing to enhance the attractiveness of streets and highways.

Please cooperate with your electric company in this vitally important matter.
