## May Postpone Henshaw Ave. Traffic Light

There may not be a traffic light at the corner of Henshaw, Mountain and South Springfield avenues after all. The Township wants to try out something else before proceeding with a light.

At least, the Township officials are exploring the proposal to postpone the installation of such a signal until a test has been made to solve the current safety problem by stationing a regular traffic policeman at that intersection.

Placing of a regular police officer at this dangerous intersection came after conferences with residents in that area and, according to the reports received, it was the opinion of many that "an experienced traffic cop may be able to solve this safety problem without all the confusing regulations stipulated by the State Safety Bureau in installing such a light."

The State Traffic Bureau recently gave the Township Committee authority to install such a traffic light at Henshaw and Mountain avenues, suggesting five different schemes. Each one, however, set up such restrictions as "no left turns out of Henshaw avenue and making one way streets" in the immediate vicinity. The Traffic Bureau recommendations also provided for no parking within several hundred feet of the intersection.

No official action has been taken by the Township Committee but it appears certain that at least, six months trial will be given to the plan of placing a regular police officer for traffic duty at that intersection. A plan of directing traffic will be discussed by police officials and the officer will be on duty during all school hours and at the height of traffic throughout the day.

## 80-Year-Old Driver Found Guilty in Auto Death Here

The tragic news of the sudden death of Robert Reid, 22, of 1 Morrison road, in March, 1956, was revived last week when Claude W. Boynton, driver of the car which collided with Reid's mail truck, was convicted in the Union County Court of causing death by auto.

Boynton appeared before Judge Milton A. Feller last Friday and was fined \$1,000, and given a suspended jail sentence.

Boynton, at the age of 80, is one of the oldest defendants ever to face trial in the County Court. He is a New York insurance broker who lives in Millburn and was charged with causing the death of Reid, driver of a mail truck.

The jury, which heard testimony in the case for two days before Judge Feller, returned its verdict 90 minutes after it retired to deliberate.

The mail truck driver died in a collision between his vehicle and a car driven by the Millburn octogenarian at Hillside and Mountain Aves., Springfield, on March 12, 1956.

Boynton is a Spanish-American War veteran.

The state's case centered on testimony by Mrs. Anna Havala of 248 Hillside Rd., Springfield, who was waiting at the corner for a bus when the mishap occurred.

She said she saw the Boynton car traveling at a high rate of speed pass through a stop sign at the intersection. On cross-examination, she conceded it was raining and snowy at the time.

Boynton told the jury he stopped at the intersection and then

## Overseas Xmas Mail Rules Set By Del Vecchio

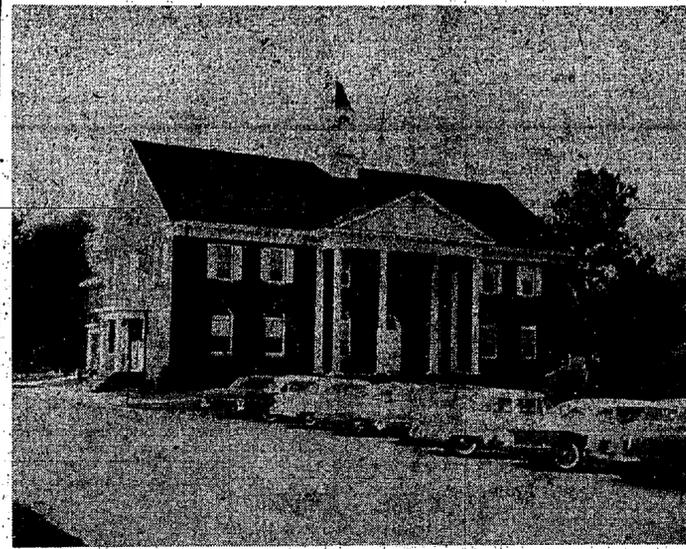

Postmaster A. V. Del Vecchio announced the period November 1 to November 20 has been designated for the mailing of Christmas parcels to members of our Armed Forces overseas, including civilians who normally receive mail through military post offices.

Air mail parcels may be mailed during the period December 1 to 10, the postmaster added. Two pounds is the maximum weight and 30 inches the maximum length and girth combined for air mail parcels.

Weight limits, dimensions, customs declaration and prohibited articles vary according to the military post office of address. Postmaster Del Vecchio urges patrons inquire at the post office for the pertinent information.

Boxes for overseas transmission must necessarily be of strong construction, because of the distance, the handling and storage these parcels must undergo, the postmaster stated. Suggested boxes are wood, metal, fibreboard or plastic.

NEARS COMPLETION—The dust of battle has begun to clear around Springfield's new Municipal Building with workmen now concentrating on the finishing touches. Township officials are aiming at November 17 as the dedication date.

## Woman's Club To Sell Subscription to Sun For Scholarship Fund

The Springfield Woman's Club starts a drive next Monday which, the members hope, will provide funds to send local students to college. This drive is known as the scholarship fund and is to be, one of the Woman's Club's annual projects.

This year, the Woman's Club members will conduct a subscription campaign for the Springfield Sun with part of each \$3.50 obtained in payment to go to the fund. The Scholarship Fund of the Woman's Club will receive \$1.50 for every new subscription and 75 cents for every renewal subscription.

This \$3.50 for a year's delivery by mail is the regular price for the local newspaper and a saving of \$1.70 for each regular reader of the Springfield Sun. Single copies are 10 cents each.

That amount was deducted from the amount due the scavenger firm because they failed to pick up 12 garbage items. The garbage collectors were notified that the drivers had missed these twelve pick-ups the week before.

According to the Township officials, when they failed to collect the garbage after having been informed that the drivers had made no pick-ups, the Township arranged to have the garbage removed and the scavenger contractor was charged at the rate of \$5 for each of the 12 pickups made on October 7. The governing body voted unanimously to deduct the money from the current payment due.

## Completes Army Medical School

Capt. Donald G. Belliveau, whose wife, Madelyn, lives at 520 S. Franklin street, Wilkes Barre, Pa., recently completed the military orientation course while on active duty at the Army Medical Service School, Fort Sam Houston, Tex.

The course is designed for newly commissioned officers and offers instruction in basic Army procedures and field medical care.

Captain Belliveau is a 1956 graduate of New York Medical College. He is the son of Mr. and Mrs. W. J. Belliveau, 17 Denham road, Springfield.

## SUN May Have Another Rt. 22 Map Next Week

Another map showing the latest alignment of the new Federal Highway as it will come through Springfield is expected to be ready for publication in next week's issue of the Springfield Sun.

The new map is now being prepared by the Union County Board of Freeholders and is expected to give pin-point information on just where it will go through each municipality.

State Highway Commissioner Dwight R. G. Palmer has announced that the final route will not be known for six months but the map to appear next week in the Springfield Sun is said to be very close to the final realignment, subject to changes as the result of public hearings to be held with officials of each municipality.

The final location by State Highway engineers, "said one official," may move the new route some distance in either direction, but it is a certainty that the new highway is definitely coming through Springfield.

The engineering department of the Board of Freeholders is reported to be preparing maps from the latest drawings of the Highway Commission and the Springfield Sun has been promised the plan for this Township in time for next week's issue.

## Deer Hits Local Drivers on Road

Add a confused deer to the causes of Springfield automobile accidents this week.

Two Springfield couples, Mr. and Mrs. Richard Moore, of 89 Remer Avenue and Mr. and Mrs. Joseph S. Seidel, of 50 Irwin Street, were injured and badly shaken up when a deer ran into the car they were driving east on Route 22 Sunday night.

Mrs. Moore, who was sitting in the front seat beside the driver, Mr. Moore, suffered cuts from the windshield and was taken to Overlook Hospital. The others were just shaken up.

The deer, who bolted suddenly from the traffic island, tried to leap over the Moore car but crashed into the windshield showering glass over the occupants.

Mrs. Moore is president of the Springfield chapter of the League of Women Voters. Her husband heads up the Springfield Police Reserves.

## 27th Grandchild

Mrs. Walter Smith of 119 South Maple avenue reports the birth of her twenty-seventh grandchild on October 4 in Plainfield to one of her daughters, Mrs. Emil Dietzold of South Plainfield.

## Bonadies Chides Grabarz; Henry Rebukes Vince

Henry Grabarz, chairman of the Municipal Planning Board and Republican candidate for the township committee, yesterday charged his opponent "is making a frantic effort to cover up his three-year record of inactivity by erecting smoke screens over the Springfield political horizon."

"The opposition nominee has come out with a series of glowing proposals and other projects which mean spending the taxpayers' money and increasing the tax rate. But he offers no way to finance them other than to raise taxes," Grabarz pointed out.

On the other hand, "I have offered a program centering on development of an industrial park on the far side of Route 22, far from residential areas, which would give the township over \$400,000 in new rates and materially aid the tax situation. The second term candidate, who talks of municipal economy but hasn't practiced it for three years, says this would 'blacken the community with smokestacks.'"

"These smokestacks, which exist only in his imagination merely cover up the fact that he failed to bring one industry to Springfield during the two years he served as industrial commissioner."

Help from Washington

"As the second phase of my campaign to solve a problem facing the township, I have asked Congresswoman Florence P. Dwyer and U.S. Senators Clifford P. Case and H. Alexander Smith to request Federal road officials to widen the present Route 22 rather than cut a new highway through the municipality destroying millions of dollars in rates. The opposition candidate merely has suggested that a route be followed through Springfield that will do as little damage as possible. What Springfield residents want is action, not fence-straddling suggestions offered so as not to alienate a Democratic administration in Trenton."

"Essentially this campaign resolves itself to a point where voters have the choice of a pro-

posed plan, or a plan which is already on record saying there is no need to take action on controlling rising costs of government. In addition, Bonadies pointed out, Grabarz has admitted brazenly that he would close the governing body door to public opinion by replacing Bonadies and "enabling the township governing body to achieve a unity of action."

Bonadies went on to renew his pledge as a single representative on the Springfield governing body to use all of his resources in fighting to control rising costs of government and to continue to exercise his role as an independent member of the governing body in voting and acting directly in support of and under the guidance of the will of the people.

"It is vital," Bonadies stated, (Continued on page 2)

## Record Crowd Of Democrats Hear Bonadies

Speaking before what observers said was the largest crowd ever assembled in Springfield during a political campaign, Township Committeeman Vincent J. Bonadies told more than 500 persons at Club Diana last Friday night how important the coming elections are for the future of Springfield.

"The two-fold importance of keeping open the door of local government to the people of Springfield and controlling the rising costs of government operations," was sounded here Friday night by Township Committeeman Bonadies.

Speaking at a Springfield Community Dance sponsored by the Springfield Committee to Re-elect Bonadies, the township committeeman delivered a ringing denunciation of his November 5 opponent, Henry Grabarz, for deceiving the people on both these issues.

"My opponent," Bonadies stated, "is already on record saying there is no need to take action on controlling rising costs of government. In addition, Bonadies pointed out, Grabarz has admitted brazenly that he would close the governing body door to public opinion by replacing Bonadies and "enabling the township governing body to achieve a unity of action."

Bonadies went on to renew his pledge as a single representative on the Springfield governing body to use all of his resources in fighting to control rising costs of government and to continue to exercise his role as an independent member of the governing body in voting and acting directly in support of and under the guidance of the will of the people.

"It is vital," Bonadies stated, (Continued on page 2)

Township Committeeman Vincent J. Bonadies declared yesterday he will continue to wage a relentless fight as an independent member of the governing body here to see that the projected Route 22 realignment has the least possible effect on homeowners in its path. At the same time he denounced as both shameful and shocking, the efforts of his opponent in deliberately exploiting the emotions of these affected families to gain votes.

Bonadies said he referred to "the irresponsible and false promises which Henry Grabarz must answer to his own conscience, in attempting to deceive the affected homeowners here by politically exploiting their plight with the raising of false hopes and rejected plans, all coming three weeks before election time after having contributed absolutely nothing prior to that."

"Specifically," Bonadies said, "Grabarz fully knew that the possibility of widening Route 22 was flatly rejected by State Highway officials on the ground that the Federal Highway Act of 1956 provides funds for 90 percent of the proposed realignment, but stipulates categorically that these funds cannot be used by the State to widen or reconstruct existing highways and must be used expressly for the construction of new Federal highway defense facilities."

"In addition," Bonadies pointed out, "the widening of Route 22 was rejected by State Highway officials as physically impossible and prohibitive in cost to the taxpayers. Yet despite this," Bonadies said, "my opponent has seen fit to exploit affected homeowners offering, absolutely nothing constructive."

"If my opponent were genuinely interested in helping in this very important matter, why did he wait until three weeks before election time to give it lip service only with discarded and rejected plans," Bonadies stated.

"The Union County Board of Freeholders, Bonadies noted, is publishing the Route 22 Realignment map which can still vary a 1,000 yards either way saving homes in its path."

"It is the sworn duty of myself" (Continued on page 9)

## Vice President Nixon to Help Forbes Here

Mrs. Amy Bandomer, chairman of arrangements for the luncheon to be staged by the Union County Federation of Republican Women at the Elizabeth Elks club-house, announced yesterday that the date for this event has been changed to Wednesday, October 23.

It was originally to be held next Tuesday, October 22, but announcement that Vice President Richard M. Nixon could arrange his speaking program in New Jersey so as to be present and deliver an address to the Union County women on Wednesday, October 23, caused the shift in the dates.

Mrs. Bandomer says tickets are still available for those who want to hear Vice President Nixon and the other top Republican office holders who will share the speakers' platform at next Wednesday's luncheon.

Mrs. Bandomer says, in addition to Vice President Nixon, others who are on the program to speak include Senator Alexander Smith, Senator Clifford P. Case, State Senator Robert Crane, Sen. Malcolm Forbes, the Republican candidate for governor, and other state and county officials.

Nixon's scheduled Union County visit, his second in two years, also has caused a revision in planning for "Forbes Day" in the county which had been arranged for October 22. The GOP gubernatorial candidate, according to the new plans, will be in the county on both dates.

The Vice President's appearance will be part of a full day's campaigning in the state. The tour will include stops and speeches in Atlantic City, Sea Girt, Morristown, Bergen County, Millburn, Short Hills and a night rally at Jersey City.

Forbes, according to his Newark campaign headquarters, will accompany Nixon throughout the state. But county leaders are counting on the gubernatorial candidate to call at the courthouse that morning as part of the rearranged "Forbes Day" program.

According to the original "Forbes Day" planning, the candidate was to be at the courthouse on the morning of Oct. 22, at the GOP women's luncheon at noon and at a rally in the Hotel

Suburban, Summit, in the evening.

It came as good news to Republicans throughout the state that Vice President Nixon will stump New Jersey in behalf of Senator Forbes and local Republican candidates.

Faced with the herculean task of making a complete change of plans for the October 22 luncheon, Mrs. Glaeser praised the work of the committee, which lost no time in tackling the problem to accommodate the visit of the Vice President.

Tickets for the October 23rd event are still available and may be obtained through Mrs. Amy Bandomer in Springfield.

The meeting is being sponsored by the Millburn-Short Hills Republican Club, assisted by the Young Republican Club, the Women's Independent Republican Club, and Millburn Republican County Committee.

F. Willard Griffith of Short Hills, President of the Millburn-Short Hills Republican Club, will introduce Senator Forbes, Congressman Robert W. Keen will introduce Vice President Nixon.

### Township Seen Ready to Control Dancing Schools

Dancing schools—and personality salons—will get a brand new set of regulations to operate in Springfield. This decision came at the last meeting of the Township Committee when the governing body received a recommendation from the Board of Adjustment, granting a variance to Mrs. Blance Zeller of Verona for the operation of a "dance and personality school" at 673 Morris turnpike.

The Township Committee returned the recommendation to the Board of Adjustment for additional facts especially in regard to sanitation. The Adjustment Board, according to the Township Committee members, should have given more details for asking that the variance be granted.

This rejection will probably result in a study to be made of all dancing schools in Springfield and legislation be prepared which would give the Township authorities greater control especially in the matter of the number of students for each class, the sanitation facilities and other health regulations.

The request for a variance by Mrs. Zeller will probably result in an inspection of facilities at the

### Holy Name Society Hear Mideast Talk

"After the regular monthly meeting of the St. James Holy Name Society Monday night at the school cafeteria, the members heard a talk by Rev. James Turro, Professor of Sacred Scripture at Sacred Heart Seminary, Arlington, New Jersey.

"Rev. Turro, who recently returned from an extended study tour of the Holy Lands and adjacent Arab countries, gave a most intimate description of the people of this part of the world. He described their way of life, religion, economic conditions and political philosophy. During the regular meeting, it was decided for future meetings to schedule additional interesting talks by prominent and leading personalities."

### Henry Rebukes

(Continued from Page 1)  
gressive planner who is offering a constructive program to bring millions of dollars of new tax rates, and a plan to keep a new Route 22 out of Springfield as compared with a political candidate who has spent three years on the township committee chasing fire trucks and attempting to be all things to all people.

"Because he brought no industry to Springfield, the Democratic candidate now complains that the building inspector didn't leave the township to scout prospective firms. That is a long way from being the duty of a building inspector and it's a pretty feeble apology for Bonadies' failure. I challenge him to name one industry he brought to the township.

"As another instance of carrying political water on both shoulders, he publicly condemned Springfield taxpayers for their apathy during the hearing on the 1957 budget. Then he inconspicuously voted to pass the measure after berating residents for their failure to be present to oppose it.

"At the same meeting he heartily approved pay raises for police and firemen but said there should be no increases for administrative personnel although he conceded living costs had risen for all. Since police and firemen, their families and friends represented far more votes than administrative workers his one-sided solicitude was understandable. The Republican majority overruled him and adopted a non-discriminatory policy.

"On November 5 township voters will have the opportunity to terminate this one-man reign of political chicanery and substitute an honest and constructively planned program which not only will bring Springfield millions of dollars in new taxables but which also offers a plan in place of a new Route 22 sweeping through here and consuming our existing valuable taxables and displacing our citizens," Grabarz said.

### Attends CAR Meeting

Miss Janice Pierson, 147 Linden Ave., spent a week-end recently at the Lake Placid Club, Lake Placid, New York.

### Record Crowd

(To keep such independence of thought alive on Springfield's governing body. We cannot afford, to succumb to closed door government under a yes-man role pledged by Grabarz.)

Summing up his bid for reelection, Bonadies elicited protracted applause and cheering from the overflowing audience when he once again challenged Grabarz to reveal why he told the people of Springfield there was no need to do anything about rising township costs of government and then three weeks before election suddenly pays lip service to such an important matter.

## Membership Drive By B'nai B'rith

Springfield members of the B'nai B'rith have launched a membership drive as part of the 114th anniversary of the organization which is being observed throughout the nation this week. Special groups have been named to solicit members throughout Springfield. Mayor Albert G. Binder has issued a proclamation designating this week as the start of the membership drive and calling on "all residents, social and business organizations to cooperate fully in this campaign commemorating the 114th birthday of an organization dedicated to humanitarian purposes."

According to a survey made for the American Automobile Association, typical car-operating costs in the United States have risen above the 10-cent-a-mile level. The survey found that these costs in 1956 climbed 5½ per cent over the previous year.

PTA will begin its first Membership Enrollment on Oct. 4th. Mrs. H. Heady, the Membership Chairman is hoping for a one hundred percent enrollment from each class. The drive will continue through Oct. 25th.

Plans have been completed for the James Caldwell School Card Party, which will be held, Monday evening, Oct. 12th at 8:00 p.m. in the school auditorium.

The Class Mothers are busy contacting all parents to purchase tickets. If by chance you have not been contacted, or will need additional tickets—these may be procured through your Class Mother or by calling Mrs. Frank Stevens, DR. 6-0468, Mrs. Harold Hansen, DR. 6-5331, or Mrs. Everett Howell, DR. 6-5142. Tickets are \$1.25.

Why not make up a table and only be providing an enjoyable evening for them, but you will also be supporting the James Caldwell School PTA.

**CHISHOLM SCHOOL**  
At a recent meeting of the board of the Raymond Chisholm School PTA it was agreed that six general meetings a year would amply serve the needs of the organization. The next meeting, therefore, will not be held until November 18, at which time an "Open House" evening will give all parents the opportunity of becoming better acquainted with their children's teachers and the work they are doing.

Mrs. Edward J. Schubert, Membership Chairman, wishes to thank all the teachers and Mrs. Kathleen C. Hopping, School Secretary, for their great help with the membership drive. Some classes need only two or three more parents to give them 100% membership. If you have not joined yet, remember it is never too late. Do it now, and let your child's class be one to go over the top.

### Troy Village Apartments Attracting New Residents

Springfield is rapidly becoming a community of VIP's (very important people) with new homes and apartments being occupied by newcomers as soon as they are ready.

Many well known professional and business men have moved into newly built residences all over Springfield in the past few months but Troy Village, the new lush apartments constructed by Nicholas Angleton in the highest section of the Township, has added the largest number of new residents here.

The first section of 146 units in this garden apartment development has been completed and already 114 have already moved in. The remainder of the first section will be ready for new tenants in a very few days.

Mr. Angleton, who also built Short Hills Village, conceded to be one of the finest garden apartments in this area, has started on the second section of the new Troy Village with many leases already signed for occupancy as soon as it is completed. George Seiler, renting and management agent for Troy Village, says his office is receiving requests for information on the apartments to be available in the new section and anticipates that most of them will be leased in the next few weeks.

"Every apartment has air conditioning," said Mr. Seiler, "and Mr. Angleton has insisted on the most modern of conveniences which includes limousine services to and from the Short Hills and Millburn railroad stations as well as a private swimming pool for tenants, well landscaped grounds, parking facilities and a sense of exclusive, quiet comfort."

Among those already residents of Troy Village are:

Mr. and Mrs. Charles B. Wilson, who came to Springfield from Chatham. Mr. Wilson is personnel manager at Hooper-Holmes in Chatham.

Richard H. Thiel, former resident of Whippany, who is an attorney with offices in Maplewood.

Mr. and Mrs. O. William Smith who came to Springfield from Great Notch, New Jersey. Mr. Smith is general manager with a construction specialties company.

Mr. and Mrs. Arthur D. Pearson, from Cambridge, Mass. Mr. Pearson is a research chemist at Bell Telephone Laboratories.

Mr. and Mrs. Aaron Lasser who came to Springfield from Maplewood. Mr. Lasser is a member of the law firm of Lasser & Lasser with offices in Newark.

Mr. and Mrs. Edwin D. Baldwin who come here from Clearwater Florida. Mr. Baldwin is retired.

Mr. and Mrs. Evelyn P. Baldwin, moved to Springfield from Short Hills. Mr. Baldwin is vice-president of Collins & Aikman Corp. of New York City.

Mrs. and Mrs. William F. Bognar who moved here from Millburn. Mr. Bognar is general sales manager for a well known liquor concern.

Mr. and Mrs. Elliott Brockelbank and daughter who moved to Springfield from Summit. He is plant supervisor with the New

### PROCLAMATION

**B'NAI B'RITH 114TH BIRTHDAY — 1843-1957**

WHEREAS, B'nai B'rith the world's largest and oldest Jewish Service organization, is now engaged in marking its One Hundred and Fourteenth Anniversary with a Membership Drive in the Jewish Communities of our great country; and

WHEREAS, the cause is worthy of enthusiastic support, in that membership is not sought in the formal organization sense, but rather in the human sense and for all humanity's sake; and

WHEREAS, B'nai B'rith—the names means "Sons of Covenant," and the Covenant is that made by God with Abraham—was founded October 13, 1843 by a group of twelve men whose noble purpose it was to unite Israelites for the highest ethical, social and moral purposes, which grew to a tremendous organization of men and women associated together for those human purposes of volunteer service wherever, whenever and by whomsoever needed, regardless of creed, origin and color; and

WHEREAS, One Hundred Fourteen years of social service and great achievement has elapsed, ranging from fighting bigotry to helping flood victims; from recruiting a company of volunteer soldiers for Abraham Lincoln to sending four million dollars in food, supplies and equipment to the people of Israel; from supporting homes for orphans and the aged to fighting for civil rights for all minority groups; from Americanization programs and orientation of new immigrants in the American scene to the establishment of scientific laboratories and veterans' aid programs; and making it possible for one hundred fifty thousand Jewish young men and women of American extraction to maintain touch with their ancient heritage to enabling worthy students, regardless of creed, to obtain college educations;

NOW, THEREFORE, I, Albert Binder, Mayor of Springfield, New Jersey, do hereby proclaim the week October 13-20, 1957 as B'NAI B'RITH MEMBERSHIP DRIVE WEEK and ask that all local newspapers, radio, social and business organizations cooperate fully in this campaign commemoration of the One Hundred Fourteenth Anniversary of an organization dedicated to humanitarian purposes. I sincerely endorse B'nai B'rith as a worthwhile, civic-minded organization living up to its splendid traditions in our community.

We are cordially inviting you to exhibit some of your paintings and drawings. Even if you have shown your art work in other shows we would be proud to display it again for the people of Springfield and surrounding communities.

As a special feature this year again, we are planning a Children's Section where children of all ages will be able to show their talents in any of the art fields.

The exhibit is held in recognition of American Art Week, November 1 to 7. The fee of 25c per entry will be used to further art appreciation and participation in our town. A member of the Art Department will be at the Cannon Ball House to receive entries on Friday, October 25, from 3 to 5 p.m. and from 7:30 to 9:00 p.m.

If you would like further information please call: Miss Gertrude Sala DR. 9-3356 or Mrs. Merton D. Williams DR. 6-6314.

The Public Welfare Department of the Springfield Club will hold its meeting on Thursday, October 17, at the Cannon Ball House. Refreshments will be served.

Please note, Literature Department members, meeting scheduled for October 21, has to be postponed. Each member will be contacted individually.

Mrs. Merton D. Williams, President of Springfield Woman's Club attended Presidents Day at The Contemporary Woman's Club of Newark on Oct. 15.

An enjoyable meeting was held at the Cannon Ball House by members of the Art Craft Department on October 7. The project originally scheduled for this meeting didn't materialize, instead the members made Pocket Key Caddies. Mrs. William Peacock was a good commentator at her American Home Department meeting on October 8, at the Cannon Ball House. Her members learned how to apply fabric to walls, make decorative fabric screens and other useful information.

## THE "BLACK SHEEP" OF OUR FAMILY

When Johnny started Sunday School... the Devil thought he had his foot in the door.

The teachers must have been at their wit's end—but they never showed it. The Superintendent faced many a crisis but always he was patient. The Pastor even smiled as he returned the confiscated peashooter. "You're not a bad shot, Johnny," he said.

Claire and I soon began to realize that Christians do turn the other cheek... in the Junior Department it's standard operating procedure.

TODAY, Johnny is a freshman in college. Every Sunday he attends the church of our faith near the campus. And, recently, he confided to me his ambitions:

He wants to become an engineer. Then, he wants to marry his childhood sweetheart, Jane. And as soon as they're settled, he wants to teach a class of "real gone" kids in the Junior Department.

Now Claire and I realize what the Church means in the life of the "black sheep"—of your family or ours!

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his word and material support. Plan to go to church regularly and read your Bible daily.

### T.V. Personality Speaks to Bahai

O. Z. Whitehead

The Bahai Faith since its inception in 1863, has promulgated World Peace and the Oneness of Mankind. The Bahai's believe that the United Nations is a stepping stone in this direction. Mr. O. Z. Whitehead, a Bahai from New York, City, will discuss this relationship in his talk Thursday evening, Oct. 24th at 8:15 p.m. in the Springfield Library.

Whitehead a noted TV and movie personality, made his New York debut with Katherine Hepburn in THE LAKE. He first came to the notices of the New York critics in the original New FACES, and during the next few years he was seen in many plays including THE SEA GULL production of THE THEATRE GUILD with the Lunts.

Shortly afterwards he made his screen debut as Al Joad in THE GRAPES OF WRATH, and at the completion of this he was engaged to play Clarence Day, Jr. in the Chicago Company of LIFE WITH FATHER which starred LILLIAN Gish.

He signed then a contract with Twentieth Century Fox, which was interrupted by his enlistment in the Army where he remained till the end of 1945. ### Treat Wills Cane To Historical Soc.

The Springfield Historical Society has acquired the rights to an outstanding example of 90-year-old Elmer Siskley's famed woodwork.

President Charles F. Heard announced that Robert Treat of 26 Bryant Avenue has agreed to donate a handsome cane, carved and finished by Siskley in 1943, to the Society.

Siskley, who retired from his lumber business 38 years ago to devote himself to his hobby as an artificer, lives at 333 Morris Avenue. He made a national reputation for his handmade fishing rods, etc.

The cane to be donated to the Historical Society began its journey toward the showcase when Robert Treat brought eight rough saplings back from Vermont for his friend Siskley to transform. Treat whose family were leaders in the founding of Newark, has held many Springfield government positions, including township clerk, secretary of the Board of Health, and registrar of vital statistics.

### CATHOLIC INFORMATION

When the cow jumps over the moon. That will be the day: When donkeys sing and geese fly and cows take to jumping over the moon. We shall never see it, thank God, because everything under the sun is governed by law.

Isn't it foolish, then, to think that, although the sun and the moon and the plants and the animals have their laws, we men and women have no laws? That we are free to crack ourselves up by drunkenness, or addiction to drugs, or impurity? Poor old Dame Nature would have been a pretty shabby housekeeper if she had put the world in such a nice order, spring following winter every year, the earth turning around the sun every 12 months, and all the rest of it—if she had done all that, and still left man, the most complex and highly organized of her creatures, to dangle and flutter with no law at all to keep him straight?

But she has given us a law - there is a Creator and He is to be adored; we are to do good and keep away from evil. We may not murder, nor commit adultery, nor steal.

Suppose, now, that dictators and philosophers should tell us that times have changed; that, for instance, if one "trusts," one may get drunk or put aside one's wife and take up with some blonde from down the street. Does that make it all right?

Let's see: try it this way. Suppose a friend tells you that the law of gravity has been repealed. You go to the top of the Empire State Building and step off the side. Will you get away with it? Your friend will look sadly at the blob on the sidewalk and say, "Dear me: I must have been mistaken."

God's law is changeless. Thinking that wrong is right doesn't make it so. You can't get away with violating His code. Look what happens when you break the natural law of gravity, and think of what will happen if you break that far more important moral law!

When the cow jumps over the moon and the disk runs away with the spoon, then it will be all right to get drunk, to lie and cheat and swindle and to break all the commandments of God. But that day will never come - thank heaven.

### Mrs. Lushear Dies; Historical Figure

Mrs. Eleanor May Lushear of 22 Oberlin street, Maplewood died Saturday, October 5 at her home after a short illness. She was in her 80th year.

Mrs. Lushear, well known in Springfield, was born in Short Hills on March 24, 1878, the daughter of the late William Wallace and Lucy Wade Meeker and granddaughter of John A. Meeker, a prominent Millburn resident. She was a direct descendant of Timothy Meeker who with five sons and three sons-in-law fought in the Battle of Springfield.

On July 29th, 1936 she married Allen B. Lushear of Millburn in the Springfield Methodist Church and moved to Newark where she lived until moving to Maplewood twelve years ago.

She was a member of the Springfield Historical Society, Ivanhoe Council Daughters of Liberty and Electa Chapter No. 68 OES of Newark.

She leaves a daughter Miss Elsie W. Lushear and a son, H. Allen Lushear at home and William Harold Lushear of Madison. The funeral was on Tuesday at Smith and Smith, Springfield followed by burial in Springfield Presbyterian Church cemetery.

### Firms Appeal Tax Valuation in Town

Appeals have been made by two local concerns to the Union County Board of Taxation, stating that the assessed valuation on land, building, merchandise and fixtures is too high. The two appeals from Springfield came from Smith and Smith (Suburban) funeral home at 409-421 Morris avenue, and the Grand Union Co.

The County Tax Board reserved decision, stating that it would rule on all appeals. Presented to the board was an appeal from Smith and Smith which asked a reduction of \$10,000 in the township's valuation of \$42,000 on its property. The mortuary management argued that the special use of the building requires it be spacious and well kept. Township assessors overlooked this factor in valuing the property for tax purposes, according to the appeal.

It also claimed the market value of the land and building suffers because of "its utilization and concomitant limitation." The Grand Union Co., which operates a supermarket at the General Green Shopping Center, asked for a reduction of \$6,250 in the \$37,000 valuation on its merchandise and fixtures.

### Local School System Gets Safety Education Award

The Springfield Public Schools have received certificates of Exceptional Merit and were placed on the National School Safety Honor Roll of the National School Safety Council, B. F. Newswanger, Superintendent of Schools, announced today.

"We are proud of our safety education program and are pleased that the National Safety Council has recognized our efforts," Mr. Newswanger said. "As long as accidents are the first ranking cause of death among school-age children, all of us on the staff of the Springfield Schools will continue our organized safety program to teach the young people of our community to protect themselves and their fellow students."

A second certificate was awarded to each of the Schools "in recognition of their outstanding achievement in preventing injuries from falls" for their part in the "National Campaign for the Prevention of Falls" from September 1, 1956 to August 31, 1957. The National Safety Council

Honor Roll was initiated in 1944. To earn a place on it, a school must present a detailed report of its safety program to a committee composed of the school principal, the president of the local parent-teacher association, a student, and a local civic leader. If this committee reports favorably the National Safety Council lists the school on the Honor Roll.

The following people in the above mentioned categories participated in the evaluation of the schools: Principals, Mrs. Lucy Forsyth, Mrs. Thelma Sandmeier and Mr. Daniel R. Murray; Mrs. Ben P. Yuckman, PTA president, 1956-57 and Mrs. Robert Jackson, PTA safety chairman of last year; Others who served included: Mrs. Joseph Bender, Mrs. Henry Bouchard, Mrs. Alan Cunningham, Mrs. Edwin Davenport, Mrs. Bruce Evans, Mrs. Neil Jakoben and Mrs. Clarence Seltzer.

The National Safety Council Committee of judges which reviewed the work of the Schools was headed by Forrest E. Long, Ph.D., of the New York University School of Education.

The Museum of Arts and Sciences in Rochester is considered one of the outstanding community museums in the country. Its regional exhibits range from a country store to bird displays.

### Clean-Up Week Is Set for Monday

Starting with next Monday, October 21, and continuing until next Saturday, Springfield will have its monthly "clean up" week.

Residents are urged to prepare everything for the scavengers who will make collections on the regular garbage-pick up days.

All discarded furniture, lumber, tree branches and other items for the collectors to take away should be reduced to no more than 4 foot lengths and tied so as to make it easier for the scavengers to handle.

This is to be placed at the curbs on the days scheduled for regular garbage removal. Home owners are asked to clear out cellars, attics and back yards to be taken away by the garbage collectors, a service arranged by the Township Committee with the contractor for the fourth week of each month.

### Bonadies Chides

(Continued from Page 1) Bonadies declared, "as well as the entire governing body of Springfield to see that the realignment has the least possible impact on our township. On the other hand, Grabarz must stand condemned," Bonadies said, "for contributing nothing in the months gone by on this most vital matter, and now three weeks before election falsely raising the hopes of people in exchange for votes to gain public office at any price."

an Explorer Scout is the Apache Patrol leader.  
The newly-organized Eagle Patrol won the knot-tying test, and the Rangers led in compass reading.  
Congratulations to all the Scouts who participated in the events on their fine performance.  
Next on the roster is something which the Scouts always enjoy—an over-night camping stay at Camp Winnebago, on October 19 and 20. The boys are all looking forward to the trip. Each Scout will be busy from now until camping time improving camping skills so as to pass any of the tests while at Camp. Parents of Scouts are urged to help them in whatever way they can.

**TROOP 73**  
On October 15th, at 8 p.m., boy scouts of Troop 73, sponsored by the Holy Name Society of St. James Church, held its charter night in conjunction with its first parents' nite of the season.  
Scoutmaster Ed. Kaye, presented awards to the boys that were earned during the summer. The mothers of the boys baked cakes and coffee and cake were served after the ceremony.  
The regular monthly meeting of Cub Scout Pack 111 was held on Friday eve., Oct. 11th at the James Caldwell School.  
The theme of the month brought forth a display of flags of the United Nations, the models of the famous "Nina Pinta, Santa Maria" and then "Ya better be keener or the goblins' gitcha if ya don't watch out" ... ooh those scary masks!  
Mr. Leonard Golden, committee chairman, announced the forthcoming Pack trip to the much publicized "Mayflower", which is docked in New York, will take place on November 2nd.  
The following cub scouts, all from Den 17, received their silver

arrows on the Bear Badge—Gregg Jackson, Michael Geoghegan, and Jeffrey Glen.  
And, the lights dimmed low as the impressive ceremony ensued, welcoming to our Pack these new Bobcats: David Bass, Peter Davoport, Alan Goldstein, Richard Handley, David Kessler, Barry Kurtz, Stanley Roll, Richard Sklar, Timothy Sommer and Robert Terruggia. And, now Bobcats, you and your parents are ready to start your adventures along Akela's trail.

Hearty welcome, also to David Gurien who transferred from Pack 62, Springfield and Richard Bingham, a transfer from Pack 209, Irvington. May you now enjoy cubbing along together with Pack 171.  
It is most important for parents to show an interest in their children's activities, what better way to show your approval of your son's Cub Scout activities than to join with him. Yes, become a Den Mother — a Cub-Scout leader... follow the example set by the Mesdames Terry Sklar and Shirley Kurtz, who have assumed the leadership of Den 9; Mrs. Margaret Handley, Den 12; and Mrs. Louise Wilson, Den 6.  
To our new den mothers we say "Welcome to the pleasures and delights—yes, the problems and disappointments, too, of leadership in this most interesting game of Cub Scouting." It is our sincere wish that your experiences as a Den Mother will be the source of much satisfaction to you personally.  
An old law in Vermont once required that conductors of railway trains read passages from the Bible to passengers traveling on Sundays.

In "Autumn Across America," E. W. Teale speaks of the "gorgeous tapestry of (New England's) rolling countryside, the multicolored ridges curving away mile on mile, the long vistas from its mountain-tops." This description fits not only New England but our entire region at this time of year. The glorious colors of the fall season should inspire many to go out and enjoy nature.  
To find others sharing our enthusiasm and experiences makes them doubly precious. As usual, the Free Public Library of Springfield has many more books to offer than can be listed in this short column.  
For those who love Cape Cod, Dr. Wyman Richardson's "The House in Nauset Marsh" records the pleasure a busy Boston physician found there. Another busy man, Joseph Wood Krutch, whose primary interest is the study of literature, so enjoyed his Connecticut home that he recorded in "The Twelve Seasons" what is called "a perpetual calendar for the country." The chapter on October impressions fits this time of year. Teale in "Circle of the Seasons" likewise writes down his observations day by day and month by month, those on October fitting in with our present mood.  
The persons whose thoughts turn south at the approach of cold weather may enjoy again Marjorie Rawlings' "Cross Creek," which shows the novelist's appreciation of her Florida surroundings. In chapters entitled "Spring," "Summer," "Fall," and "Winter" the changes of nature are noticed.

**Mrs. Alice Smith Dies at Overlook**

Mrs. Smith had lived in Springfield for 25 years where she was active in many civic affairs. She was a member of the Springfield PTA, the Woman's Club of Springfield and the choir of the Methodist Church. She leaves her husband, Howard S. Smith, a member of the Springfield Board of Education.  
Born in Jersey City, Mrs. Smith moved to Springfield 25 years ago after living in Chatham for 13 years.  
Beside her husband, she leaves a son, Sande; a daughter, Penne, and her mother, Mrs. Agnes W. McKinley, all at home.  
The funeral was Saturday, Oct. 12 at Smith & Smith Suburban, 415 Morris Avenue.

**TAKING CARE OF YOUR GARDEN**

By Edward A. Cardinal  
Chairman, Springfield Shade Tree Commission

Hardly a week goes by that some "rate home owner doesn't complain about being bilked by a mail order nursery. The common complaint being that only one or two small packages of bare rooted shrubs were delivered instead of the truckload they expected. Unfortunately, once a contract is signed you have no recourse except to return the plants post paid and forfeit the 20% deposit, which is the salesman's commission. The material is healthy and fully guaranteed, but you pay a very high price for small plants that are usually unsuited for foundation planting. My best advice is to buy your plants from a reliable, local nursery that you know is in business to stay, and don't listen to a glib young salesman with a handful of colored planting plans.  
QUESTION: I buy healthy plants, but many of them die prematurely even though I use plenty of fertilizer and water. What am I doing wrong?  
ANSWER: Avoid the fertilizer if it is the commercial grades. Instead, use humus, rotted manure, or Michigan Peat. Dig a hole 50% larger than the roots, fill the bottom with loose topsoil mixed with the materials mentioned and refill around the plant until the hole is nearly filled. Tamp firmly and fill the hole with water and let settle. Refill with soil leaving a slight recession around the plant and water once a week if it doesn't rain.  
QUESTION: Our soil is like concrete. What shall we do to assure the life of our plants?  
ANSWER: Follow the instructions above and in addition use a bar, or auger to bore a hole a few feet deep to penetrate the clay. Or dig the hole six inches deeper and put a four inch layer of stones at the bottom of the hole to help the water drain off rapidly. Sometimes the addition of 100 lbs of agricultural gypsum per thousand square feet will aid moisture penetration.  
QUESTION: Is it too late to seed a new lawn?  
ANSWER: I would rather do it now than next Spring. Cover the seed with a thin layer of salt hay and keep it watered well and you will be surprised at the splendid lawn you can get at this time of year. Even if the seed does not germinate now, it will grow rapidly next Spring.  
QUESTION: Is there any way to protect plants from winter damage besides unsightly burlap?  
ANSWER: Yes, spray them thoroughly, with Will-Proof, or similar material. It prevents loss of moisture through the leaves and accomplishes nearly the same as burlap. Spray all your broad leaved plants, especially azaleas, holly and rhododendron.  
QUESTION: Name some ornamental shade trees suitable for fall planting?  
ANSWER: Moraine Locust is a fine, fast growing tree with a loose, graceful shape. The Mountain Ash with its white spring flowers and orange berries in the fall will enhance any property. Weeping willow for back yards is a beautiful tree and modern sprays will eliminate the insects which used to be a problem. The beautiful white birch clumps can be used to excellent advantage, but do not provide a great deal of shade.  
QUESTION: I bought a norway maple tree, but my gardener claims it is a sugar maple. How can I tell the difference?  
ANSWER: Strip a green leaf off the tree and if a milky sap shows at the stem, it is a norway maple. This sap will not show very late in the season when the leaves are about to drop off.  
QUESTION: Is it too late to grubproof and fertilize my lawn?  
ANSWER: No. Grubproof by all means if you wish to save your lawn from serious injury. Lawns put in this fall need no grubproofing, however. All lawns can be fertilized with a good grade of organic fertilizer which will keep it green late in the season and start it growing early next spring.  
QUESTION: In your opinion what one reason would you give for most unsuccessful new lawns?  
ANSWER: Undoubtedly it would be improper watering. Many people think they water sufficiently but seldom do. A course stream of water can wash away seeds and allowing the ground to dry out for even a short period of time can sometimes kill the germinating young seed.

**School Kids Must Have Polio Shots**

Ask yourself these questions  
**Before You Buy any Water Heater...**

**"WHAT SIZE WATER HEATER SHOULD I BUY?"**  
Remember these two points and you can't go wrong!  
Buy a water heater large enough to store a sufficient supply of hot water for all your daily kitchen, laundry and bathroom needs.  
Buy a water heater that will keep this supply at just the right temperature... (without costly reheating) until you're ready to use it.  
And here's another tip. Only a flameless electric water heater can be completely insulated all around—sides, top and bottom—like a giant vacuum bottle. This keeps the water supply hot without constant reheating. With the right size electric heater you have plenty of hot water for every purpose, 24-hours a day. And there's no running up and down stairs to regulate it. An electric water heater is completely automatic... the most carefree hot water service available... instant hot water at a turn of the faucet.

**"IS IT EXPENSIVE TO OPERATE?"**  
Again the answer is "no"—if it's an electric water heater. You only pay to heat the water once in a fully insulated electric water heater. The water stays hot until you use it. Then a special baffle plate at the cold water inlet prevents incoming water from cooling the hot water in the tank. And your electric company's low "off-peak" rate gives you all the hot water you need for only pennies a day.

**"DOES IT REQUIRE MUCH ATTENTION?"**  
An electric water heater requires no attention! It is completely automatic! Simply set the thermostat at the desired water temperature and forget it! Sparkling clean, piping-hot water is at your service whenever you want it... day and night.

**"WHAT ABOUT INSTALLATION? IS IT COSTLY? COMPLICATED?"**  
Not if you buy a flameless electric water heater and have adequate wiring. There's no need for a flue connection to the chimney. An electric water heater needs only an electric circuit and water pipes... and can be installed anywhere in the house. Install it and forget it! Because it's flameless, an electric water heater is clean. There are no fumes, soot or greasy smudge to add to house-cleaning chores. An electric water heater is cool to the touch, too. Heat-absorbing insulation keeps the heat in the heater, where it belongs. Children can play around it in perfect safety.

**"HOW LONG WILL IT LAST?"**  
An electric water heater is designed and built to give you many years of trouble-free service. To insure extra long tank life most electric water heaters are equipped with a magnesium rod. The corrosive action of the water attacks the rod, not the tank. Most manufacturers guarantee their electric water heaters for at least ten years.  
See your Authorized Reddy Kilowatt Dealer for full facts on a flameless electric water heater.

# SUNNING SPORTS

By  
**MIKE GOODMAN**

The Caldwell Chieftains, a power in the rugged Suburban Conference, will face Regional this Saturday at 2 p.m. on our gridiron. The Bulldogs have taken nine of the twelve football contests between the two elevens. Since Springfield Regional last week-end to a well-balanced Somerville team 34-6, the Bulldogs have 2 defeats with a lone win over Hillside.

The Caldwell game will give Regional a chance to even up its football ledger but the Chiefs tasted Bulldog meat last year as they nipped Springfield 27 and since they're also undefeated this year the game should provide spectators with enough excitement for a Saturday afternoon. Caldwell's chief offensive threat is a speedy Senior halfback, Dan Gervasi.

From his left halfback spot in Caldwell's split "T" offense, he has scored 4 TDs. Caldwell's line averages 180 pounds with their biggest man at 195. Springfield's linesmen will be out to bottle up Gervasi & Co. so come out to Regional's athletic field and support our team.

In College football, every player has his place. The husky 200-pounder on the line and the speedster in

the backfield. But in high school ball, players can be versatile and Coach Mike Suchena has been switching his athletes around, hoping to find a winning combination after losses to Somerville and Morristown. In the Somerville game a 188-pound guard played halfback and the first-string center played offensive end.

The reformed guard, Bill Jackson, played fullback in his Fresh and JV years and next week's game with Caldwell will prove either the success or failure of this conversion. The center, Ray Walsh, is one of the top hurdlers in the county and Coach Suchena hopes to use Ray's speed at end where it'll do more good.

The flu epidemic finally ate into my gridiron picks in a big way. The Roselle-Bound Brook game

was called as were the Rahway-Linden and Union-Asbury Park games. While their rival was stricken with Flu, the healthy Rahway Indians took on a Long Island team to keep in shape for their big game against Cranford this coming Saturday. The Indians manhandled the poor Islanders and right now are ready for the big clash with undefeated Cranford. The game will be played at the Rahway football field with a Group Championship at stake.

Concerning the contest between Somerville and Springfield Regional last Saturday, the only thing it proved was that Somerville stamped herself as a county power at the expense of the Bulldogs. Below are my fearless picks for this coming week-end.

Regional over Caldwell. The Bulldogs are due for a win and after playing especially tough teams in Somerville and Morristown will take this team by at least a touchdown. Regional will throw a more wide-open offense at the Caldwell Chieftains.

Cranford over Rahway. Both teams are big and strong with Cranford getting the edge because of its overall depth and experience. Rahway has a bruising line but after the first-stringers the quality drops off abruptly. A game that'll be decided by only a single point.

Clark over Hillside. Big Joe Sissia to run wild. Weak Hillside forward wall to be smothered by hard-charging Clark linemen.

Freehold over Linden. Too much experience for green Linden team. Coleman not enough for win-over strong Freehold.

Plainfield over Perth Amboy. Perth Amboy rumped over Westfield last week. Plainfield to have easy time of it this week. Plainfield's team is all power no weak spots.

Union over Snyder. The Union Farmers hoping to pick up winning trail again. Most of first team out from Flu last week. Union still a power but not as awesome as last year.

Roselle Park over Westfield. Westfield shellacked last week 33-0. Much closer this week but the Parkers should win.

Last Week 3 right, 1 wrong. Total 14 right, 3 wrong.

## Franks Auto Takes Thin Bowling Lead

Franks Auto Service moved slowly ahead of Springfield Bowling League Monday by nipping Beckmann's Market in 2 out of 3 games.

Meanwhile all of last week's leaders stubbed their toes at the Springfield Bowling Alleys this week. Parkview Garage took it on the nose from Bunnell Brothers, 2-1; and Cozzalino Furs were mis-handled by American Legion No. 2, 2-1.

A danger sign to the rest of the league was given by Springfield Market who dented American Legion No. 1, 2-1. Last year's champs now trail the leaders by only one game.

Other action saw Drakes Fuel defeat D'Andrea Driveways, 2-1. The Standings:

## Temple Makes Pact With Israel Park

Temple Beth Ahm of Springfield has just concluded an arrangement with Beth Israel Memorial Park which will provide Temple members with complete memorial protection, the Temple Committee has announced. Beth Israel Memorial Park is on U.S. Highway Number One in Woodbridge, N. J.

Under the terms of an agreement just signed by both organizations, Beth Israel Memorial Park will make inclusive services available to Temple members and their families at substantial savings.

The plan provides members of Temple Beth Ahm with unique opportunities, including the guidance of professional memorial counselors and a large number of auxiliary services. The agreement with Beth Israel Memorial Park was negotiated through the skill and initiative of the Temple's Executive Board Committee. The Committee devoted two years of careful study to the project before adopting the Beth Israel Memorial Park plan.

The agreement provides the Temple with a beautiful tract of land in the vicinity of Bible Gardens of Israel. These Gardens, the outstanding feature of Beth Israel, contain plants, flowers, trees and shrubs mentioned in the Holy Bible, as well as rocks, boulders, pebbles and soil from authentic Biblical sites in the Holy Land. The Bible Gardens were dedicated at special ceremonies in June, 1957, by Mrs. Franklin D. Roosevelt, who unveiled the large bronze Bible Map-Portrait of the Holy Land.

The Bible Gardens have come to be one of New Jersey's most popular and attractive tourist sights, with conducted tours taking place regularly for religious groups, garden clubs, schools and other organizations. Beth Israel Memorial Park has invited the entire membership of Temple Beth Ahm to make a special guided tour of the Bible Gardens. One of the unusual aspects of the plan negotiated by Temple Beth Ahm and Beth Israel Memorial Park is a provision that trained counselors deal with all the necessary details in time of emergency, thus relieving members of the family of unnecessary emotional burdens during periods of great stress.

## Set Up Red Cross Units In Schools

Junior Red Cross Councils have been organized for the current school year in all four elementary schools. Mrs. Isabel Huff has again been appointed to serve as Junior Red Cross coordinator for all of the Springfield schools, and the following teachers are serving as sponsors for the individual schools: James Caldwell School, Mrs. Elizabeth Powers; Raymond Chisholm School, Mrs. Lillian Gushin; Florence M. Gaudineer School, Mrs. Elsie Dimaggio; and Mrs. Priscilla Butler; Edward V. Walton School, Miss Joan Carroll; Jonathan Dayton Regional High School, Mrs. Edith Steiner.

All schools are now preparing for the Annual Membership Drive, which will run from November 12th to November 22nd.

This group has some very worthwhile projects. In June the

James Caldwell-workers assembled the following materials for the children of migrant workers in New Jersey: 10 friendship kits, 25 packages of clay. An enthusiastic letter of thanks has been received for this special project. B. F. Newschwanger is chairman for the Junior Red Cross.
