

## Consultant Of N.J. State Board Submits Report

Springfield's Board of Education is wading through a blizzard of school expansion reports, the latest of which is the one from Harold W. Miers, Consultant, School Planning and Building Services of the New Jersey State Department of Education.

Mr. Miers, in his lengthy report dated April 2, gave recommendations to consider two solutions. "I would rate these two solutions on an equal basis," says Mr. Miers.

In one he recommends the construction of a 14 room school for grade K-6 on the Smith site and the other he suggests the construction of a 14 to 16 room upper grades school on South Springfield Avenue in the Walton area.

The School Board has already received the recommendations of the Citizens' Advisory Group's majority and minority reports, and the Springfield League of Women Voters, published in last week's issue of the Sun. The Citizens' Committee recommended additions to existing schools and new school construction on South Springfield Avenue property.

The minority report, the first installment of which was published last week and another appears in this issue, gives the Smith site as its first choice.

The League of Women Voters report also selects the Smith tract as its first choice for a new school.

Following is the report from the State Department of Education consultant, Mr. Miers:

"At the request of Dr. William West, County Superintendent of Schools, it was my pleasure to be invited to come to Springfield on February 11, 1959, to meet with him and Russell Hefner, representing your architect, to be introduced to the problems faced by your board of education in making a decision concerning what steps to take toward the development of a new building program.

"As a result of our conference, I agreed to study the matter in as much detail as possible and to write a report of my findings for the Board of Education as soon as possible.

"I regret that circumstances have not permitted my report to be made available at an earlier date. Without attempting to offer excuses, I might say that the delay has been caused partly by the heavy work load in our office and partly by a slight delay in getting some of the pertinent facts together.

"During the course of my visit on February 11, I had the opportunity to visit the Chisholm School and the Walton School and inspected the site situation at each location.

"I also visited the Smith site which was a part of the new building proposal defeated last fall by the voters. During the course of our travels we also got a glimpse of the Nursery site on Milltown Road and the site of the Gaudineer School, but we did not get out of the car to walk over these sites as we did with the other three locations. Before proceeding with any other aspects of the problem, I would like to present my reactions to the sites examined.

### CHISHOLM SCHOOL SITE

"This site is located very nearly in the geographical center of the Township at the junction of Shumpke Road, Milltown Road and Springfield Avenue. The site contains a total of 4.3 acres and is bounded by improved roads on three sides and by nearly new houses of a good quality on the fourth side. The school consists of four classrooms in the original 1920 building and 6 classrooms and a multi-purpose room in a 1933 addition.

"The peculiar way in which the existing plant is laid out makes (continued on Page 10)

## Minority Group Publishes 2nd Installment of Report

The second and final installment of the minority report of the Citizen's Advisory Committee on the question of the school expansion program in Springfield states, in its final paragraph, that "there are no ideal sites left for school construction."

Following is the remainder of the minority group's report:

"As the report indicates, the sub-committee's fact finders, while certainly industrious, fell considerably short in collecting data before drawing their conclusions. With respect to these conclusions, the sub-committee's judgment is truly startling in many respects.

"They recommend a new eight room K-5 school in the Walton area as one of the only reasonable possible solutions to the Springfield school problem.

"We ask this Board to consider the plight of the taxpayers in this town who would be subjected to the erection of an expensive school plant of small size in an area where the present shortage of classrooms is but three and where there are existing facilities at Walton which could be easily added to if need be.

"We ask this Board to also consider the children living on Twin Oaks Oval, Northview Terrace, Surrey Lane, Glenview Drive, Midvale Drive, and Cambridge Terrace who, it is suggested by the Committee, be sent to this school in the Walton area.

"On page 5 the Committee concludes in recommending the Walton School area as the site of new construction.

"This is the only solution the Statistics Committee can find where the construction of one school can alleviate the crowding of three schools."

### BOARD TO DECIDE

"Was it timidity, rancor, or just plain lack of common sense that prompted the exclusion of the Smith site area from consideration? We leave that to the Board to decide.

"One thing is clear. The only way crowding at the Chisholm could be alleviated in the sub-committee's opinion would be to fill more of the Gaudineer School (an upper grade school) with lower grade school children.

"The desirability of putting smaller children in such a school, in our view, is most undesirable from the standpoint of the children and also represents, in our judgment, a waste of upper grade facilities. And, yet, the Committee in recommending this, in the very next breath, say, 'It will alleviate the possible crowding of the Gaudineer School.' We say, 'How? If you are moving lower grade school children in the Chisholm area into the Gaudineer School where the 4th and 5th grades are already there today because of crowding in the Chisholm School.'

"The Sub-Committee's solution is 'possible' and could even possibly be 'reasonable.' It is certainly not the 'only solution' in this sphere for 'by the same token, the building of a 'lower' grade school in the Smith tract would certainly relieve the Chisholm and Gaudineer Schools and thus indirectly the Walton upper grade problem.

"It should be pointed out that the upper grade school problem at the present time is certainly far less serious than the lower grade problem and, therefore, it is doubtful if the erection of an upper grade school could per se solve the lower grade problem.

"We have already pointed out what we believe to be the fallacies surrounding this sub-committee's reasoning insofar as the Chisholm area is concerned. We also wish to point out that by the erection of an 18 room upper grade school in the Walton area would certainly require the filling of this school in part with lower grade school children, a most undesirable objective as stated above.

"Finally, with respect to this statistical report, we ask this Board to take notice of the fact that at no time did the sub-committee in considering the Smith Site consider the feasibility of a school smaller than 14 rooms, or a school with grades beyond K-5.

"We wish to point out that these comments regarding the Statistics (continued on Page 2)

## All-Day Street Parking To Be Stopped Here

SPRINGFIELD — Township officials are preparing to do something about the all-day parkers who take up all the room on the side-streets close to their places of business. Home-owners have been complaining to the police and township officials that there is no place for them to park even in front of their homes.

Many of the complaints come from the South Maple Avenue area where the overflow of parkers seems to be greatest. Most of these parked cars, say the town officials, are as the result of the operation of the insurance company at the corner of Morris and Maple avenues, formerly the Gannon Inn-Restaurant.

A two-story brick addition has been built since this insurance company took over the restaurant and, according to the township officials, not enough off street parking space had been provided. The result is that cars are parked along Morris avenue and all the side streets.

Other parking bottle-necks are where Morris avenue and Morris Turnpike meet near Terry Dempsey's Restaurant. Township officials are planning to confer with State Highway Department and Safety officials with the possibility of banning parking on Morris avenue in front of Cameron's service station and the Modern Lighting Company. Parked cars in front of the lighting company store jam up traffic considerably and the township believes the only solution is to prohibit any parking so close to the intersection.

## First Aid Squad Warns On Plastics

SPRINGFIELD — Parents are cautioned this week by the Springfield First Aid Squad to discard all plastic bags such as the type used by cleaning establishments to protect clothing, because of their danger to the family small fry. According to a squad spokesman, several cases of near-suffocation and complete suffocation have been reported by various safety councils involving small children who put the plastic bags over their heads and subsequently have their supply of oxygen cut off.

"These plastic bags make very good storage bags for moisture and dust protection," the spokesman said, "but should definitely be kept out of the reach of children who delight in wrapping themselves inside the plastic.

To assist the Springfield 1st Aid Squad in their drive for funds you are asked to fill the coin card in the space dated April 11 marked AMBULANCE. Cards will be picked up by the squad in September. Make it a habit to fill the coin card regularly each week.

## Alan Chaiet & Louis Caruso Take Honors

REGIONAL HIGH — Jonathan Dayton Regional High School ran off with 109 honors against all of New Jersey in the sixth annual Greater Science Fair held last Saturday at the Newark College of Engineering.

For the first time in the history of the Greater Newark Science Fair, both of the grand prize winners are students at the same high school — the Jonathan Dayton.

Louis H. Caruso, 17, of 204 Robin Hood Road, Mountainside, a senior, won his award with a project entitled "Food of the Future — Spiragryza," a model "which incorporates the necessary chemicals and physical processes required to grow algae foods successfully on a commercial basis." The purpose of his exhibit was to show that algae are an economical and practical source of nutrition in the future when more and more foods will be needed to support an expanding world population.

Louis also won the Theobald Smith Award for excellence in microbiology. Both boys, along with their teachers, Messrs. Walter Hohn and David Hark- (continued on Page 10)

ENDS A. F. BASIC — Airman William P. Matia, son of Mr. and Mrs. Peter Matia of 240 Milltown Road, Springfield, has completed his initial course of Air Force military training at Lackland Air Force Base, Texas. He has been selected to attend the course for Chaplain Service Specialists at the Texas Air Base.

## Good Deal Store Is Definitely Coming

SPRINGFIELD — The early report that the Good Deal organization would build one of its large supermarkets on the Bunnell been verified and actual work on this project is expected to start shortly.

The Bunnell property is located at 294 Morris avenue which will give Good Deal easy access to the property. Several acres have also been purchased from Charles Jenco and his associates who own the large tract in the rear of the Bunnell property. This additional property will give the supermarket all it needs for parking space.

The office of the building inspector and other Township boards have already been contacted by the Good Deal people and definite announcement as to the plans and size of the supermarket will soon be made.

Acting Anyone — Several inquiries have been received by the Recreation Commission to help organize a Little Theatre Group. If you are interested in such an activity call the Recreation Director, Edw. J. Ruby, at Town Hall, or Mrs. Edith Kreuger at DR 9-2942.

## Highway In News Again; Mayor Describes 'Vision'

SPRINGFIELD — Mayor Vincent J. Bonadies, speaking as "a private citizen and not as a member of the Township governing body," painted an exciting picture of the future Springfield in an address to the Chamber of Commerce at its regular meeting held Tuesday evening at the Andrew Wilson Co. offices in Baltusrol Way.

He told the enthusiastic Chamber of Commerce members that he hopes the Township will make every effort to move the route of the new highway (FAI-102) closer to the Millburn line as it slashes through the area just north of the Morris avenue business section, for two very good reasons. "One," Mayor Bonadies said, "is that the loss of ratables caused by the coming of the new route through Springfield would be almost entirely offset by developing the remainder of the quarry property, now owned by Nicholas Angleton, and the large piece of land, owned by Charles Jenco in back of Morris avenue. The present route would eliminate these properties as ratables.

"The other is a vision I've had for some time," continued the Mayor. "A dream that all the business properties along the north side of Morris avenue were moved back into the present Jenco property and rebuilt into a Town Mall, beautifully landscaped, with all the stores set far back and easily accessible. "It would enable all of the business section of Morris avenue to be widened and made into a Boulevard and so attractive that everybody would find it very desirable." (continued on Page 2)

## N. J. Bell Tel. Names Kelsey In Promotion

SPRINGFIELD — Louis F. Kelsey of 221 Baltusrol Ave., has been promoted to general employee information manager in the public relations department of the New Jersey Bell Telephone Co.

Kelsey had been a district plant manager since November, 1957, first in the Plainfield area and then in Elizabeth.

Born in Cicero, N. Y., he attended schools in Trenton and was graduated from Syracuse University in 1940. After receiving a master's degree from Syracuse two years later, he served in the Army Air Corps and was discharged as a captain in 1945.

The same year Kelsey joined New Jersey Bell. Before his recent promotion, he had held various posts in the traffic and plant departments.

He and his wife, the former Cynthia Stahl of Trenton, have lived in Springfield the last four years and have a 12-year-old son, John.

## 14 of 48 Calls Made by Squad On Coronaries

SPRINGFIELD — Fourteen of the 48 calls made by the Springfield First Aid Squad during March were emergency calls involving heart diseases, according to the monthly activity report made this week by 2nd Lt. Wm. Seal at the regular business meeting held at the squad building. Sixteen tanks of oxygen were consumed during these calls.

The report showed that 32 emergencies and 14 transportations took place during the month while 2 stand-by calls and assists to Millburn, Mountainside and Scotch Plains made up the balance.

In addition to the heart cases, 2 automobile accidents were answered as well as 4 home accidents, 2 playground accidents, 2 industrial accidents and 22 home illnesses requiring immediate first aid or transportation.

The two ambulances maintained by the first aiders traveled a total of 455 miles during the 30-day period while members logged 155 work hours.

Also, at the business meeting, a report was made by Captain Robert VonRees regarding the condition of the older ambulance. (continued on Page 2)

## League To Discuss Bond Referendum

SPRINGFIELD — The Education Bond Act Referendum, endorsed by the League of Women Voters, will be the subject of a unit meeting to be held at 8:30 P.M., April 21, at the home of Mrs. Frederick Fischl, 175 Hawthorne Avenue, Springfield. The meeting will be divided into two parts.

First, an explanation of the referendum. Second, a discussion of the remaining defects in New Jersey's higher educational institutions. The League survey, "Looking at New Jersey Colleges 1958" will be on display.

An afternoon meeting covering the above will be held on April 22 at 1 P.M. at the home of Mrs. Bernard D. Borris, 92 Wentz Avenue.

SPRINGFIELD — The big, black shadow of the new highway through Springfield is back in the news again.

Now it's the plan of the New Jersey State Highway Department to construct "a road across Baltusrol Way between Route 78 and Route 24.

This means that it is planned to connect the new highway (Route 78) with Morris Turnpike (Route 24).

A letter from the Highway Department, signed by O. H. Fritzsche, State Highway Engineer, states that this contemplated road "was conceived because an interchange on Morris Avenue, where Route 78 crosses, would take out much of the frontage on Morris Avenue and still make it necessary for that traffic served by Route 24 to use Morris Avenue as a thoroughfare. If such a connection with Route 78 as has been suggested can be made, it will remove from Morris Avenue and the business district of Springfield, much of the through traffic that is now causing congestion within the Township."

"It will also make it possible, the letter continues, for the State Highway Department, as a relief to this condition in Springfield center, to construct as its first section the part of Route 78 from Route 24 on the east to the Morris Turnpike on the west, thereby siphoning the Route 24 through traffic out of Springfield at the earliest possible moment."

"However, even this plan isn't certain according to Mr. Fritzsche who writes that we are not in the position, at this time, to assure you that this is what (continued on Page 2)

## Urge More Aid In Cancer Fund Drive

SPRINGFIELD — Contributions to the 1959 Cancer Crusade are coming in very rapidly according to the committee in charge of the local fund drive and indications are that the quota will be reached.

Those who have not yet sent in their contributions are urged to do so immediately so that a preliminary report may be made.

The publicity department for the local drive points out "danger signals" in the fight against cancer. "According to the latest available statistics, 25 persons lost their lives in Springfield from cancer in one year. Many of these lives could have been saved by early diagnosis and prompt treatment.

"Since time is such an important element, it is of paramount importance that we be alerted to the first signs. The appearance of any one of these signs may not mean cancer, but only a physician should make the diagnosis. So give him the chance to save your life. The most intelligent way to fight cancer actively is with a checkup and a checkup."

### OVERLOOK RE-ELECT FORBES

SPRINGFIELD — Raymond W. Forbes, former member of the Springfield Township Committee, has been re-elected for another three year term as trustee of the Overlook Hospital in Summit.

Mr. Forbes, for many years, has been one of the most active workers in behalf of Overlook Hospital.

SCOUTS AID — The Boy Scouts of Troop No. 70 sponsored by the First Presbyterian Church of Springfield are seen demonstrating their first aid project which they will present at the "Showcase of Scouting" in the Elizabeth Armory on April 17,

and 18. Being treated for a supposed head injury is Thomas Patton, 115 Fieldstone Drive — then reading from left to right are: Karl Roettger, 51 Shunpike; Robert Reese, 49 Oakland Avenue; Harold Sammet, 17 Brook Street.

SITE SUB-COMMITTEE

As the record indicates, there was a majority and minority report submitted.

The Board should be apprised of the fact that during the sub-committee's deliberations fourteen sites were considered. The minority members of the General Committee specifically adopts the report of the minority of the Site Committee, which recommends the Smith and Walton (South Springfield area) tracts as being feasible for new construction and finds additions to existing facilities feasible.

As that and this report demonstrates these recommendations are not without reservation since the entire General Committee is still in ignorance as to many problems involving the sites, particularly the Chisholm addition, from a standpoint of construction, and more importantly the congestion in this area.

We understand that the minority report of the Site Committee has been added by the majority to its report as 'addenda.'

CONSTRUCTION COMMITTEE

The report of the Construction Committee errs in three major respects:

(1) Lack of data to adequately support findings. In part, this can be attributed to the sub-committee's inability to secure aid from a number of architects, due to the ambiguous status of Mr. Schmidlin's position as the Board's architect. It should be also noted that considerable confusion presently surrounds the merits of the Smith and Walton sites from an engineering standpoint. It is pertinent to note that the Swenson report was never fully presented to the General Committee and does not indicate that test borings were made on the Walton tract.

(2) The Construction and General Committees have, on various occasions, been subjected to different evaluations of the feasibility of the Chisholm addition.

(3) The Construction Committee reported that the cost of an upper grade school would be approximately 15% more than a lower grade school.

At the next to the last meeting of the General Committee it was pointed out that this information presumably gotten from Mr. Schmidlin at a Construction Committee meeting, was subsequently modified by Mr. Schmidlin at the same meeting to reflect an additional cost of \$150,000 to \$250,000.

We thought this error would be corrected before this Committee submitted its final report. Apparently it has not. We submit that the estimate is erroneous and should be taken into consideration in the interest of the taxpayers.

The Construction Committee curiously avoided any consideration, pro or con, of the Smith Site. Of course, this is clearly in line with the general overtones of the majority report.

We believe that the Board can erect a lower grade school at a definite saving under present estimates by eliminating certain items.

GENERAL CONCLUSIONS
We do not concur with the majority's patently erroneous implication that the Smith Site is not a feasible site for new construction, left in Springfield today.

However, we do know that the greatest immediate need for a school is in the area east of Meisel Avenue.

We also know that the greatest long range need for school construction is in the area of South Springfield.

In this connection we wish to point out that failure to purchase property in the area east of Meisel Avenue in all probability will lead to additional residential construction and, thus, aggravate an already critical problem in that area.

"America's Children are America's future." As taxpayers, we want economy in school construction. As parents, we want the best

IT'S MAGIC! Joseph Granlek, above, of Troop 62, sponsored by Temple Beth Ahm, will star as a magician in the Little Theatre Section of Tomorrow's Leaders, a Show Case of Scouting, to be held at the Elizabeth Army April 17 and 18. Included in this Exposition will be 116 booths featuring different types of security activity. The show is comprised of units in the Union Council from Elizabeth, Union, Springfield, Linden, Winfield, Rahway, Keenelworth, Franford, Clark, Roselle and Roselle Park.

In education available to our children and our neighbors' children so that they can be prepared to meet the awesome challenge of this age.

We recommend that the Board make a studious effort to secure all available relevant data, whose lack places both reports in an inconclusive state.

The most striking impression gained from a total analysis of the school picture in Springfield today is that there are no ideal sites left for school construction.

Bonadies Speaks

strable to do much of their shopping here.

"I'ven't any def'ite idea," continued Mayor Bonadies, "how this Mall idea may be developed but it is one move that could bring a lot of business and favorable publicity to our community.

"We cannot keep the new highway out of Springfield," he further told the members, "but the Township should bring every bit of pressure to bear on the State Highway Department to make slight changes in the route that would be for the best interest of Springfield.

"By moving the highway so that it would not cut right through the middle of the Jenco property, it would leave enough room for the development of this dream for a Township Mall. Of

course, this would mean the full cooperation of all property owners along the north side of the business section of Morris Avenue. All would have to see the same vision - the same chance for the future."
Members of the Chamber of Commerce received Mayor Bonadies' suggestion with much enthusiasm and it was the consensus of opinion that the entire program is a matter for serious consideration and should be explored further.

will be done, since we have only recently employed an engineering firm to study Route 24 from Route 78 through to Mendham. When these studies are completed we will then be in a position to determine the feasibility and practicability of accomplishing what was originally discussed as a means for providing relief for Springfield Township.

## TAKING CARE OF YOUR GARDEN

Chairman, Springfield Shade Tree Commission  
By Edward A. Cardinal

Time is running out for the use of some per-emergence crabgrass controls. Cool weather has prolonged the season considerably, but I would not recommend waiting too long before applying these chemicals.

Many people wait too long before applying fertilizer to the grass. Even though the grass is green, fertilizer should be applied as early as possible, for this is the time of year that root development is promoted. Fertilizers high in chemical content are apt to cause excessive growth during the wet, spring season, so it is to your advantage to use the slower organics, or urea-forms. Remember—several light feedings are safer than one heavy dose.

**QUESTION:** Some of the dry

crabgrass controls are made of chlordan. The liquids are cheaper so I wonder why I shouldn't use them; and save money.

**ANSWER:** Liquids are washed into the soil rapidly, and the best reports I have claim they are not too effective. The dry formulations are made by impregnating a mineral carrier, so that the materials are released slowly, then the seeding crabgrass comes in direct contact with the chemicals.

**Q:** Is it too late to prune rose bushes?

**A:** No. This is a good time to remove the mulch, or earth to ground level. Prune the roses heavy if you want large flowers. Light pruning will produce more flowers of a smaller size. Now

would be a good time to start fertilizing roses.

**Q:** After the rain last week my neighbors rolled their lawns. They almost talked me into rolling mine, but I thought I would ask your opinion first. Should I have rolled the lawn at that time?

**A:** I do not advise rolling at any time unless the lawn absolutely needs it. The soil in this vicinity is composed of heavy clay, and rolling packs it firmly. If rolling is necessary, do it after it has dried sufficiently. Quote from Howard Sprague, professor of agronomy, in his book "Better Lawns": "Undue compaction when soil is soggy, will impede aeration of lower soil layers and produce a shallow, scanty root system. This can cause the death of grass roots." The objective of sound turf management should be to roll, as little as possible, and

thus take full advantage of winter weather in loosening the soil structure in a manner that is favorable to grass roots.

**Q:** Is there any possibility of loosening the heavy clay by chemical means?

**A:** Most of the materials that were widely advertised a few years ago have been disproven. One of the most effective, and the only one that has been widely used in this area with good results is agricultural gypsum. This material works best when rotted into the soil, but it can also be applied on the surface at the rate of 50 to 100 pounds per thousand square feet. It spreads like lime and is relatively inexpensive.

**Q:** I find 5-10-5 fertilizers sold at varied prices. Is there a difference in quality?

**Enrolled at Gibbs**  
SPRINGFIELD—Miss Leslie Kitchell and Wendland, according to the police records, were involved in a fight outside of a diner on Route 22 last February 7.

**OFFICE OF THE TOWNSHIP CLERK TAKE NOTICE** that at a meeting of the Township Committee held on April 8, 1959, on recommendation of the Board of Adjustment, approval was given the application of Earl L. Woman's Club News

SPRINGFIELD—The Seventh District Spring Conference was held at the Methodist Church in Summit on Monday, April 3, and the Springfield Woman's Club was represented by Mrs. E. Schubert, Mrs. R. Hardgrove, Mrs. W. Anderson, Mrs. G. Oyer, Mrs. W. Lewandowski, Mrs. A. LaSota and Mrs. F. Speer. The program, which was presided over by Mrs. Allison H. Hearn, Seventh District Vice President, proved to be quite interesting and enlightening. It was our feeling, as we sat and listened to the various reports, that it was too bad more members and department chairmen were not present to hear the reports given by the various State Chairmen and the presidents of the other member clubs of the Seventh District. Somehow we got the feeling that there would be a rekindling of the spark of ambition which, alas, so often has to have just such a check as were presented to Miss Geraldine Brown, Finance Chairwoman of the State Federation. These checks were for the Vineyard Research Fund, and amounted to \$700.00. The checks were given by the Past Presidents Club and the Seventh District Music Festival. One of the highlights of the conference, as far as the Springfield Woman's Club was concerned was the fact that Mrs. G. Oyer received the Third-Art Award from the New Jersey State Federation of Women's Clubs for her photograph of the "Minute Man" statue which stands before the First Presbyterian Church here in town. Mrs. F. Speer received the first place award for the press book of the Springfield Woman's Club.

The April Club Night, which was held on Wednesday, April 8, will be remembered by many for the numerous highlights that were enjoyed by those present. The Music Department presented a medley of three songs, "O'er the Me a d o w s," "Dream," and "America, our Heritage". There was also a candlelight ceremony at which time Mrs. A. Hearn, Seventh District Vice President installed new officers and Department Chairmen.

Mrs. W. Lewandowski, Chairwoman of the Public Welfare Department presented two members of the Junior Volunteers; Mrs. Kay Gulick and Miss Marilyn Muller. Mrs. Lewandowski reported that our volunteers worked a total of 812 hours this year and that the counselors contributed 111 hours to their work. We feel that this group should be congratulated for their splendid work. Last, but not least, we

Edwin Reibert Weds Garwood Resident

Mrs. Edwin M. Reibert

SPRINGFIELD—Miss Elizabeth L. Regal, daughter of Mr. and Mrs. Albert Regal of 338 Myrtle Avenue, Garwood, became the bride of Edwin M. Reibert, son of Mr. and Mrs. Frederick Reibert, 138 Bryant Avenue, Springfield, April 11 at St. Ann's Church in Garwood. Father Masnick officiated at the 5 p.m. ceremony.

Given in marriage by her father, Miss Regal was attended by Mrs. Henry Filitz of Union, Matron of Honor, and Linda Regal sister of the bride, as junior bridesmaid, Raymond Della Serra of Springfield was best man, and David Booth, brother of the groom, Henry Filitz, of Union, and Bruce Briggs of Springfield, ushered. Miss Jean McDermott of Westfield was organist.

A reception was held at the Park Hotel in Plainfield. Following a wedding trip north, the couple will live in Garwood.

The bride, a graduate of Jonathan Dayton Regional High School and Franklin Beauty School, is employed by her father's beauty salon in Scotch Plains. Also a graduate of Jonathan Dayton, Mr. Reibert is a draftsman at Lichtenberg and Reibert of Jersey City.

would call your attention to the Garden Department display in the window of the Springfield Sun. This happens to be a very fine piece of work and you really should see it.

The "Tea" honoring the Jr. Volunteers will take place on Monday May 4, 1959 immediately after school at the home of Mrs. Wesley Lewandowski 173 Mountain Avenue. Guest of honor will be Mrs. D. Mosher, Director of Volunteer Services at the Overlook Hospital.

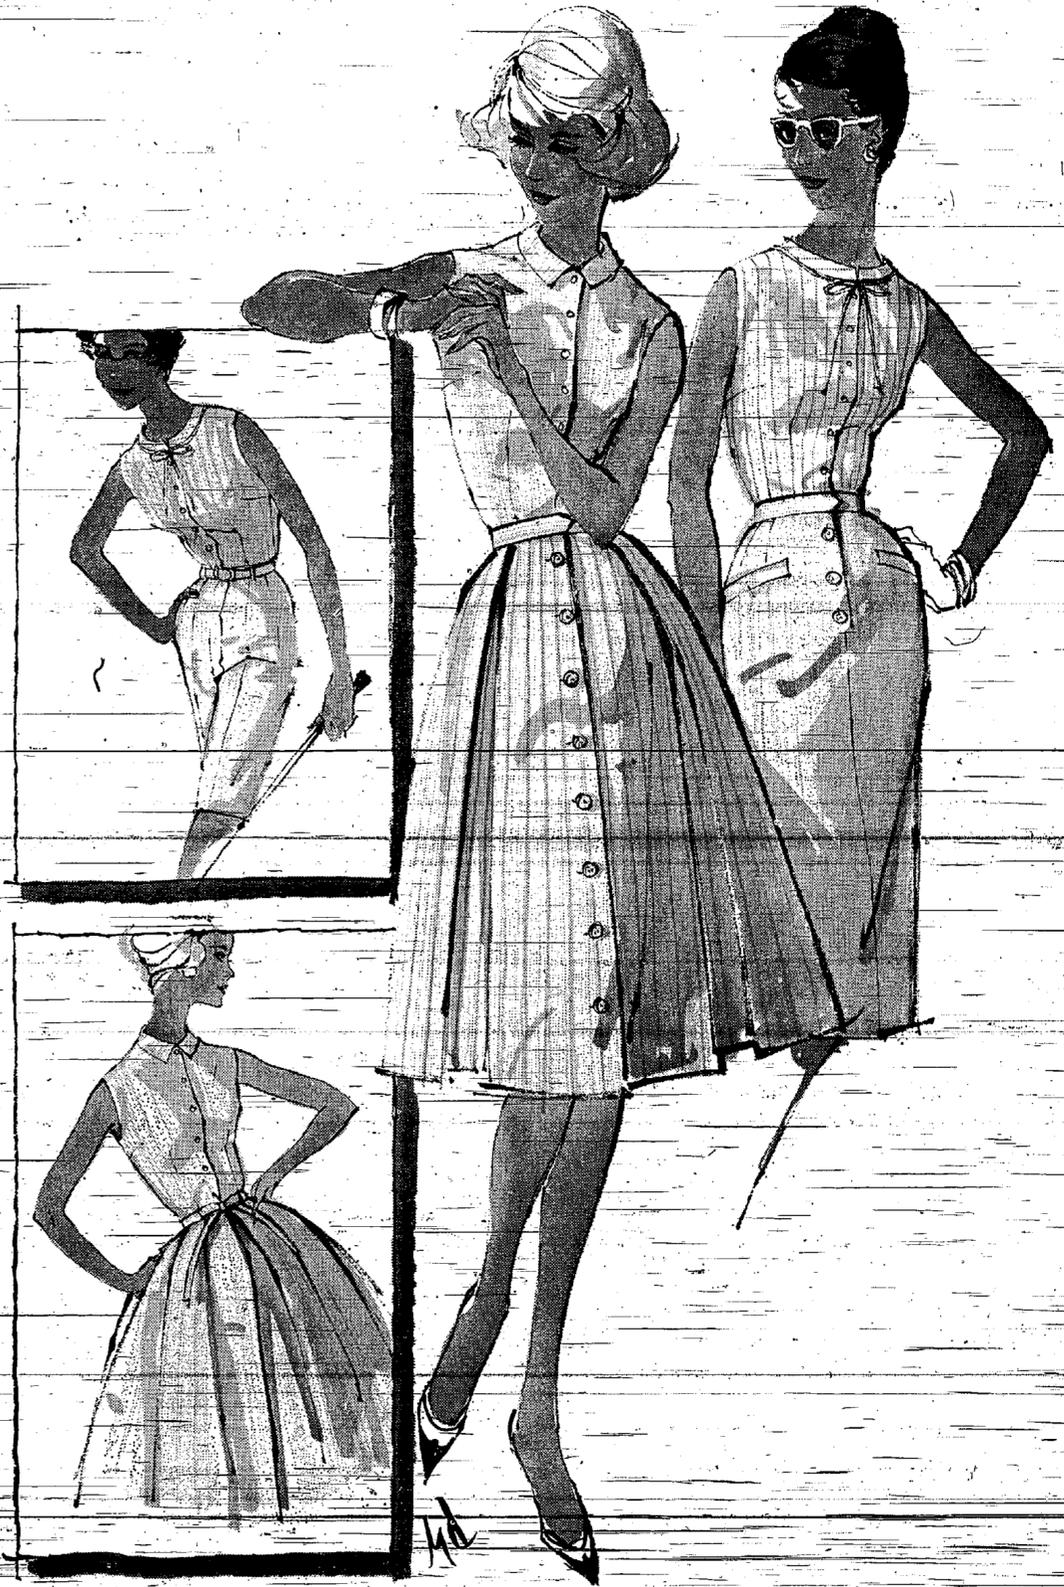

The Club's contribution of numerous cartons of clothing to Marlboro Hospital which was transported by Mr. and Mrs. Wesley Lewandowski to the Union County Mental Health Bldg. in Summit was acknowledged with such appreciation by Headquarters Director, Mr. A. Gentile and the need for continued Clothing Contributions stressed.

Do add to the "Nylons For Greystone" by dropping off your package at 173 Mountain Avenue by April 25.

MOUNTAINSIDE—The Newcomer's Club of Mountainside held a luncheon meeting Monday, April 13, at the Hotel Suburban in Summit. Over one hundred members and guests attended. Mrs. Charles Shomo was program chairman. Mrs. Stephen Bumball, president, presided at the meeting which followed the luncheon. A sentence prayer was read by Mrs. John Nilson.

Mrs. Charles Speth, membership chairman, reported that there were two new members accepted this month; Mrs. Urban Rickard and Mrs. Robert Welborn. The various committees and activities of the club were explained by Mrs. Bumball.

A booklet entitled "This Is Mountainside" was presented to each person at the meeting. Mrs. Charles Shomo was chairman of the booklet committee. A vote of thanks was extended to her and her committee for the job they did.

An election of officers was held and each new officer was presented with a corsage. The new officers are President, Mrs. Truman Toland; vice-president, Mrs. Arthur Olson; recording secretary, Mrs. Harry Rowe; corresponding secretary, Mrs. Stephen Bredig; treasurer, Mrs. Peter De Laurentis; directors, Mrs. Harlow Curtis, Jr., Mrs. Paul Darmann, and Mrs. Harold Nelson, Jr.

Miss Winifred Debbie, executive director of the Westfield YWCA and advisor to the club attended the meeting.

The next regular monthly meeting will be held on May 11, at the YWCA in Westfield at 12:30 p.m. The program will be a demonstration of flower arrangements. Child care will be provided.

### WCS Members To Be Guild Guests

SPRINGFIELD—Members of the Women's Society of Christian Service of the Methodist Church will be guests of the Wesleyan Service Guild at the regular meeting of the Guild on Tuesday evening, April 21, at 8 P.M., in the Mundy Room of the church.

Mrs. Elmer E. Andrew, president, will conduct the business meeting.

The program of the evening will include a Favorite Hymn Sing, led by Mrs. Frank C. Benitz.

The story of the Migrant Workers and some of the help being given them will be presented by Mrs. Virgil E. Mabry. She will show a film, "Again Pioneers," featuring Colleen Townsend, a converted Hollywood star. Slides prepared by the National Council of Churches and the United Church Women, will give members information about what is actually being done to improve working and living conditions of migrant workers in the state of New Jersey.

Following the program, refreshments will be served by the hostesses of the evening—Miss Eleanor Parks and Mesdames Walter Becker, John Rawlins, Francis Shimsheok and Glyn Treharne.

All Guild members are urged to attend the meeting together with any ladies of the church who may wish to become members of the Guild.

### Psychologist To Speak To P.T.A.

SPRINGFIELD—Mr. Alois J. Stadeck, Supervisor of Special Services in Westfield, and Senior Psychologist there, will be the speaker at the Raymond Chisholm School P.T.A. meeting to be held Monday evening, April 20th at 8:15 p.m.

His subject will be "Suggestions—A Demonstration in Hypnosis," and he will discuss the use of hypnosis in modern scientific fields—such as medicine and dentistry. Mr. Stadeck studied at Seton Hall, Columbia, Fordham, Stanford and the American University, in France. He taught psychology at Rutgers University for ten years.

The discussion and demonstration promises to add up to a most exciting evening, and the people of Springfield are all cordially invited to attend.

### Mother's Guild To Hear Sister

SPRINGFIELD—The St. James Mother's Guild will meet in the school auditorium on April 20.

The program for the evening will be presented by Sister Vincent de Paul from the Village for Dependent Children in Rockleigh, N. J. Her subject will be "Sisterhood as Compared With Motherhood."

Mrs. Jane Planer, chairman of the nominating committee, will present the slate chosen for the prospective new officers.

The eight grade mothers are especially urged to attend since there will be a discussion on the communion breakfast for the graduating class.

Refreshments will be served by the first grade mothers.

### Church Supper Is Set For April 23

SPRINGFIELD—Reservations are pouring in for the church supper to be held at St. Stephen's Parish House on Thursday, April 23rd, from 6:00 P.M. (First Sitting) to 7:30 P.M. (Third Sitting).

Plans include a second sitting at 6:45 P.M. Featured in the full course chicken dinner will be broiled chicken with potato and vegetable, relishes, rolls, and "Dessert Spectaculars." This will be an array of home-made desserts which should tempt the appetite.

The Women of St. Stephen's, together with the Young People, who are assisting with the service, are cooperating in this event. Reservations should be made immediately by calling Mrs. Clifford Anderson, chairman, at South Orange 2-9188. The deadline is April 19th.

### Legion Ladies Set Card Party Date

SPRINGFIELD—The American Legion Auxiliary of Springfield has just announced that its annual card party will be held on Friday evening, May 8, at the American Legion home.

Arrangements are being made under the chairmanship of Mrs. Joseph Natello, Jr. Tickets will go on sale this weekend. Members and their friends are being urged to make advance reservations.

### BB Women Name Committee Heads

SPRINGFIELD—Mrs. Bernard Schwartz, of 52 Warwick Circle, Springfield, has been appointed Deputy of the Springfield Chapter of the B'nai B'rith Women for the second year. She will be the liaison officer between the Chapter, the Council and the District of the National organization of B'nai B'rith Women.

Mrs. Schwartz is past president of the Ivy Hill Chapter of B'nai B'rith Women, in Newark, and has served for two years as the Israel Program Chairman in Council.

Mrs. Elliot Schreter of 59 Briar Hill Circle, Springfield, has been elected to represent the Springfield Chapter of B'nai B'rith Women at the annual Beauty Contest held to select Mrs. B'nai B'rith of Northern New Jersey.

The contest will be held Tuesday evening June 2, 1959 at the Country Cabana Club, and a Men's and Women's fashion show will be held in conjunction with it. For information about tickets call Mrs. Bernard Chodos, DR. 9-2980 or Mrs. N. W. Shapiro DR. 6-7474.

Mrs. Simon Heischuber of 21 Tulip Road and Mrs. David Weinstein of 74 Irwin Street have presented to the Springfield Chapter of B'nai B'rith Women a beautiful white-leather gilt-edged Golden Book, in which Chapter members and friends will record happy occasions and the names of remembered loved ones. The presentation inscription was executed exquisitely by Larry Atkin, son of Mrs. Sidney Atkin, a B'nai B'rith member. If you wish to inscribe in the Golden Book, please call Marcia Cohen, DR. 6-6208.

### Rally, Sing Set For Deborah League

SPRINGFIELD—A meeting of the Deborah League will be held Tuesday, April 21, in Temple Beth Ahm, at 8:30 p.m. Mrs. Allen Borsky will preside.

Mrs. Norman Stromeier, program chairman, announced that there will be a Rally and Community Sing. Mrs. Leonard Seroff and Mrs. Bert Bruder are co-chairmen of the evening. Mrs. Herbert Lehrhoff, Mrs. Harold Davis, Mrs. Julius Gesten and Mrs. Howard Kaplan are in charge of the "cheering section."

Mrs. Harvey Schwartz and Mrs. Paul Cantor are chairmen of audience participation. Mrs. Irwin Diamond is in charge of visual effects, and Mrs. Bruder, Mrs. Seroff, Mrs. Arthur Miniman, Mrs. Cy Greene and Mrs. Martin, Borsky will take part in the musical portion of the program.

The evening will be devoted to the Tag Week scheduled for April 27 through May 2. The Kiddie Donor to be held by the chapter on Saturday, May 2, at Dan Dows, Springfield. Mrs. Seymour Krell and Mrs. Leonard Seroff will take part in the Kiddie Donor portion of the program.

Mrs. Robert Cohen, chairman of the nominating committee announced that the following women have been nominated for office: President, Mrs. Norman Stromeier; Vice Presidents, Mrs. Morton Parish, Mrs. Milton Friedman, Mrs. Sidney Schneider; Mrs. Alvin Schneider and Mrs. Bert Bruder; Treasurer, Mrs. Howard Siegel; Financial Secretary, Mrs. Sanford Resnick; Recording Secretary, Mrs. Walter Hanson; Social Secretary, Mrs. Harry Cohen; Corresponding Secretary, Mrs. Sherman Goodman; Historian, Mrs. Seymour Krell. Balloting will take place at the meeting.

Mrs. David Feldman, chairman of Mother's Night and installation, will report on plans for the evening of Monday, May 25. The public is invited to attend and to learn of the work of the chapter in supporting the Deborah Sanatorium and the Elchanan Heart Pavilion at Browns Mills, N. J. At present the chapter is sponsoring a Hillside boy and an Irvington girl at the hospital for heart surgery.

Just before molting, geese and ducks fly to bodies of water where they will be safe from land enemies. The reason is that they molt their primary feathers all at once and for a short time can't fly.

"Uncle Tom's Cabin" was published in 1852. There thousand copies were sold the first day.

### To Attend Wilson College Ceremony

SPRINGFIELD—Miss Johanne Hartz, 74 Spring Brook Road, will be a guest Saturday, (Apr. 11) at Wilson College their annual College Day. She will be accompanied by her parents, Mr. and Mrs. William W. Hartz.

The day-long program will give students a glimpse of life on the Wilson campus. It will include a program of music by the college choir, an address of welcome by Dean Margaret C. Disert, and address by President Paul Swain Havens, demonstration classes, entertainment by Orchestras, the modern dance group, a skit by the Kitchinny Players, the drama group, and a cake party. High school students from Connecticut, Delaware, District of Columbia, Maryland, New Jersey, New York, Ohio, Pennsylvania and Virginia will attend.

### On Dean's List

SPRINGFIELD—John Wyckoff of 21 Hillside Avenue, was named to the Dean's List at Stevens Institute of Technology, it was announced by Charles R. Wellhausen, Dean of Men.

Mr. Wyckoff, a senior at the college, qualified for the list because of his outstanding academic record during the winter term.

WANTED! HOMES FOR MY BOYS! Last Week to Write Contest Closes April 22 I guess you know me. I'm Big Sentry, the Eastern Esso Watchdog. When I took this job a year ago you folks were mighty kind in helping to choose a name for me. I'm mighty grateful for that, and hope I show it in the way I work for you. Now I have another little problem. I have three fine boy puppies that I must find homes for. They are the kind of boys anyone would be proud of - thoroughbred, of course, healthy, merry and intelligent. Naturally, I want each one to have a happy home. I'm sure a lot of you folks would like to have one of these boys and would take as good care of him as he of you. So it seems to me the best way to decide who should have them is ask you to write me. The boys will be given to the three persons who write the best letters of 50 words or less telling why they would like to have one. Everyone in the Summit area is welcome to write. You don't have to be an Eastern customer. You don't have to be any particular age. Just write. An impartial committee will choose the winners and their names will be announced in this paper on April 30. P.S. I just happened to have this picture. I thought you might like to see it. Ever Warmly Yours, "BIG SENTRY" (Signature)

JUST SO WE ALL UNDERSTAND 1. Any resident of Summit or vicinity is eligible to write a letter, except employees of Eastern Fuel Company. 2. Letters must be 50 words or less (not counting salutation or signature). They will be judged solely on the basis of sincerity, originality and warmth of sentiments. 3. Letters will be judged by a committee chosen by Eastern Fuel Company. The decisions of the judges will be final and each contestant agrees to abide by them. 4. One thoroughbred male German Shepherd puppy will be given to each of the three persons whose letter is chosen by the judges. 5. The contest closes 9 A.M. April 22, 1959. Letters received after that time cannot be considered. 6. Winners will be announced April 30, 1959. Mail or Bring Entries to EASTERN FUEL CO. 233 BROAD STREET, SUMMIT Crestview 3-0007

**Scout News**

**Springfield Cub Scout Pack 171**—The regular monthly meeting of Pack 171 was held March 14 at the James Caldwell School. The theme of the month was Canada, Land of the Mountains and the boys presented many displays, including many pictures of Canada, Royal Mounted Police, a small trading post complete in every detail, many Canadian landscapes and flags, maps, sports of Canada, totem poles and villages. The following boys were inducted into the pack as bob cats:

David May, Kenneth Kurnos, Alan Tomie and Brad Smith. Achievement and advancement awards went to the following boys: Steven Franklin, wolf badge, 1 gold and 1 silver arrow on wolf; Dick Sklar, bear badge, 1 gold and 2 silver arrows on bear; Jeffrey Solondz, bear badge, 1 gold arrow; Evan Schapira, 1 gold and 1 silver arrow on bear; Peter Mullin, 1 bear badge, 1 gold and 2 silver arrows; Richard Handley, bear badge; Louis Gans, bear badge; David Bass, bear badge; Jimmy Creede, 1 silver arrow on wolf; Billy Stromeyer, wolf badge and 1 silver arrow; Richy Krueger, wolf badge and 2 silver arrows; Howard Goldhammer, gold arrow on bear; Nathan Edelstein, 1 silver arrow on wolf.

The Boy Scouts of Troop 70 under Scoutmaster Bob Isley put on a skit for the Cubs, displaying all the things a boy learns as a scout. The narrator explained the acts of the boys such as necessary clothing and equipment for a camping trip, trail signs, prepar-

ing a fire for cooking, and many others. The Scouts ended their show with a first aid demonstration, several "patients" were treated for broken arms, shock and many other injuries that might happen while on a camping trip. The entire performance was thoroughly enjoyed by the Cub Scouts.

**Springfield Cub Pack 172**—The monthly council meeting was held on Tuesday evening, April 7, at the Recreation House, with Chairman Bert Hope presiding. Final plans were made for the Dens who will attend and participate in the "Showcase of Scouting" at the Elizabeth Armory on April 17 and 18. There will be over 100 booths, with Pack 172 in charge of one. There will be displays on the projects the boys have been working on in the past several months and the boys will be working on their various crafts. There will be a Round Table on May 13 at 8 p.m. at St. James School for the Den Mothers and Council Members. This has been very interesting in the past. May 16 is the date for the camp cook-out at Nomahegan Park in Cranford. The Cubs will be told about a Flag Essay Contest, which will soon be started and end on July 1. The boys will contact their neighbors and ask them to display their flags on July 4 and then will count the flags which are displayed on the 4th. They will write an essay on "What the Flag Means to Me." This must be in on July 1. The essays must consist of not more than 200 words.

The pack meeting for April will be held at the James Caldwell School on Friday night, the 24th. This will be the last one until September. The dens may select either of two themes for the night, "Down on the Farm" or "Musical Hoedown." Edward Smith, cubmaster, said he would like to see all the dens participate in this meeting.

Den 2—Mrs. Caffrey, den mother. Mrs. Caffrey will take her Cub Scouts to the Walker Gordon plant in Plainboro on Saturday, April 11. The boys will see the rotolactor and have a man explain to them how it works in milking the cows.

Den 6—Mrs. George Kunc, den mother. On March 26 the boys in Den 6 took a trip over to the Miniature Village on Evergreen avenue. They enjoyed this very much in seeing the little people and animals in the "big" miniature circus. In the room with the village, Mr. Speicher explained many interesting things to the boys.

Den 5—Mrs. Herbert Ginter, den mother. Mrs. Edward Tackels, assistant. These boys had an afternoon of pleasure recently when they visited the Golden Record Factory in Mountainside. After touring the factory each boy received a record. They ended the afternoon with refreshments at Howard Johnson's.

**RECORDING SESSION**—Mrs. Gilbert Wolfe of 77 Troy Drive, Springfield, and Mrs. David Levy of 1047 Elston Drive, Mountainside, are shown making recordings for the blind. The women are heading up a service of the Watching Section of the National Council of Jewish Women. The spoken book which the year working on in the above picture is "Industrial Organization and Management." It will be used as a textbook for blind students by the N. J. Commission for the Blind. Eight other women of the group are active in this enterprise. Other people interested are asked to contact Mrs. Wolfe at DRexel 9-2293.

**Polish Alliance Sets Easter Party**

**SPRINGFIELD**—After a brief business meeting, the traditional Easter "Swienconka" of the Alliance Club will take place on Tuesday evening, April 21, 1959 at the home of Mr. Wesley Lewandowski who is treasurer of the club.

At this meeting new members will be introduced by Club President Mrs. Stephen Wolowicz and details given for a member-

ship drive contest conducted at this time by the Polish National Alliance Council of New Jersey. Junior members are invited to participate in the Tuesday evening dance classes held at the Falcon Hall in Newark, N.J. Instruction in Baton Twirling for juniors takes place the same evening.

**Thomas Bataille Enlists in Navy**

**SPRINGFIELD**—Thomas Bataille, son of Mr. and Mrs. Wilfred Bataille of 207 S. Springfield Ave.,

has enlisted in the U.S. Navy and is now undergoing recruit training at the Naval Training Center, Great Lakes, Illinois. Bataille attended Jonathan Dayton Regional High School and enlisted at the Navy Recruiting Station, Elizabeth.

### Realtor Week Is Being Observed

SPRINGFIELD—Realtors in this area have linked arms with hundreds of others across the nation in observing Realtor Week which started April 12 and continues all week. The special week so proclaimed by scores of governors and mayors in many states and cities is designed to inform the public of the aims and professional services of Realtors.

Principles which govern realtors were discussed before the Rotary Club Tuesday in the Baltusrol Golf Club by William Bertschinger of West Orange, past president of the Board of Realtors of the Oranges and Maplewood.

Mr. Bertschinger pointed out that realtors are licensed real estate salesmen who are members of a Board of Realtors. He said the organization was established in 1908. Realtors' principles were compared by the speaker as being similar to the four-way test of the Rotary code of ethics.

The speaker is a former chairman of the West Orange Planning Board and is chairman for the State Board of Realtors' convention in December. He was introduced by Charles Remlinger.

What is the difference between a Realtor and a real estate broker?

"A Realtor is a broker who is a member of the local real estate board and the National Association of Real Estate Boards. Only by membership in these bodies may a broker use the term Realtor as his trademark.

"Realtors pledge themselves to observe NAREB's strict Code of Ethics, which is based upon the Golden Rule.

"The standards of this code are higher than those set forth

### Realtor To Talk At Lions Club

SPRINGFIELD—Mr. A. B. Anderson, 36 Maple avenue, will address the Lions Club tomorrow night at a dinner-meeting at the Mountside Inn in connection with National Realtors Week. Mr. Anderson, a real estate salesman with Bunnell Bros., Inc., will speak on the subject, "Every Realtor is a Real Estate Broker, but Every Real Estate Broker is Not a Realtor."

Mr. Anderson is a member of the Salesman's Division of the Board of Realtors of the Oranges, Maplewood, Short Hills, Millburn and Springfield, and secretary of the Springfield Board of Education.

B. J. CHADWICK SALE—Home at 52 Fernhill Road sold for Mr. and Mrs. Richard Klingert by the B. J. Chadwick Agency to Mr. and Mrs. Louis Gordetsky. Mr. Gordetsky is associated with Joseph Schenkel, Inc., Newark.

in state license laws, and the local board is empowered to see to it that its members live up to its provisions. Those found shirking the code's terms face loss of membership.

The board president said that because of the Realtor's adherence to the code and his long experience and special market knowledge, he is capable of properly caring for any real estate matter entrusted to him.

### Film & Slides As Circle Meets

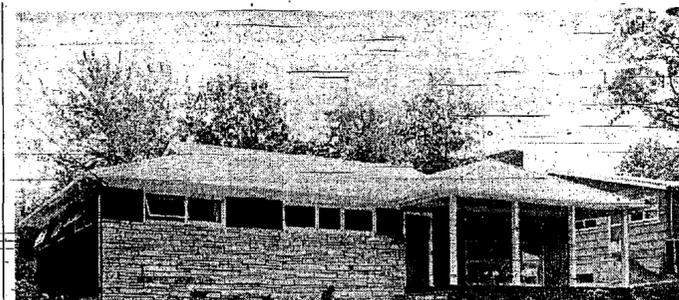

SPRINGFIELD—The Evening Circle of the WSCS of the Springfield Methodist Church met Monday, April 6 at the parsonage.

Mrs. Joseph Gleitsman narrated the film "A Village is Reborn" concerning literacy in Egypt. A special hour followed during which Revd. and Mrs. Virgil Mabry showed slides of their trip to Colorado last summer. Refreshments were served.

The next meeting will be May 4 at 8 P.M. at the home of Mrs. Les Jones, 60 Springbrook Road at which time new officers will be elected for the coming year and a pledge service will be held.

### Warn Homeowners To Watch Repairs

MOUNTAINSIDE—Indications are that more residents may be planning to repair or improve their homes this spring than in any year in recent history. R. R. Barrett, Jr., president of the Westfield Board of Realtors, reported today.

He added that if such work is being planned in preparation for the possible sale of the home, owners will benefit from a discussion of their plans with the Realtor of their choice.

Mr. Barrett said that in his belief in a boom period of home modernization and maintenance is based on the observations of the 42 Realtors who are members of the Westfield Board of Realtors, and on a survey report issued by the Federal Reserve System.

"Recalling that the real estate brokers who have been admitted to membership in the Westfield Board of Realtors and thus have

the right to the Realtor designation are the leaders of the profession, Mr. Barrett said that he and his associates are equipped to offer advice to persons contemplating home improvement as an aid to the sale of their property.

"For example, we know that first impressions gathered by a prospective buyer are often lasting ones," Mr. Barrett said. "The first thing that an average sales prospective notes about a home is the condition of the grounds. If the lawn is patchy or uncut, and the shrubbery neglected, the initial impression is negative. The same thing is true of the exterior of the home—fresh trim paint will go a long way to produce an inviting appearance. Thus, in fixing a home up for sale, we recommend that its exterior condition come high up on the maintenance list."

As an example of the type of improvement that the home-owner thinking of selling might wish to avoid, the Realtor executive alluded to improvements that tend

to "price the home out of its neighborhood."

To illustrate, Mr. Barrett cited the case of an owner of a \$23,000 home in a neighborhood of similar homes who spent \$3,000 building a hi-fi room over the garage. When he wanted to sell, he sought to include his investment in the asking price of the home only to find buyer resistance to paying \$26,000 for a home in a neighborhood of lower-priced homes.

### Briggs Trains At Ft. Dix With Army

### Kiwanis Hosts Little League

MOUNTAINSIDE — Members of the Major League of the Little League were guests of the Kiwanis Club at a meeting recently.

Gene Kelly, president of Kiwanis, introduced the program and explained the manner in which boys are selected for membership on Little League teams.

Richard F. Collins, Player Agent for Mountainside Little League, conducted a player-auction with John Adams, Regular Manager for the Pioneers; Grant Lemons, Regular Manager for the Mustangs; Duran Mathis, Regular manager for the Chiefs; and Walker Young, League Treasurer and Gene Kelly, the "boys" auctioned were the members of the Kiwanis Club.

An appeal at the meeting was made for assistance for the Babe Ruth League which is in dire need for adult leadership.

Kiwanis Club members were introduced to Duncan McPhee, who will manage the Chiefs this season. The club voted to sponsor the Chiefs last week.

The program for next week's meeting will feature Cy Belusar in an art demonstration for Ladies Nite.

## The Springfield Sun Guidebook

### AUTO BODY WORK

**ELKEY** - 1155 Morris Ave., near of Chrysler-Plymouth agency, Springfield. When your rear end is out of shape look for (1) a firm with the necessary tools, equipment; (2) a firm with the know-how, experience, and (3) a firm with the integrity to do the best job at the lowest rate. On all 3 counts, the SUN recommends Elkey Auto Body Shop.

### FLOOR COVERINGS

**LINOLEUM & CARPET FACTORY OUTLET** - (Route 22, Springfield DRexel 6-5320) Mel Horn's linoleum tile and broadloom emporium sports a vast range of floor coverings at low budget prices. Almost all of the nation's leading manufacturers are represented on the big display floors. The Outlet is particularly respected for the quality of the installations.

### FOOD MARKETS

**SPRINGFIELD MARKET** - (272 Morris Ave., Springfield DRexel 6-0451) If you're an expert shopper, or just a mother expecting good service, these boys take phone orders and deliver free of charge. Jim Finckhous and Les Schuman have only top quality foods at prices that can't be matched anywhere.

### FOREIGN CAR SERVICE

**LARRY'S GULF SERVICE** (179 Mountain Avenue, Springfield, DRexel 6-9687) - Larry Goodwin, a member of the Scuderia X Sports Car Club, has put his lifetime interest in mechanics to good use in Springfield. He brings a foreign car enthusiast's devotion to his job as a foreign car specialist. He has quite a collection of tune-up equipment to help in out.

### GARDEN SUPPLIES

**CARDINAL NURSERY** - (272 Milltown Road, Springfield, DRexel 6-0440) Ed Cardinal does a first class job on servicing lawn mowers of every kind. This time of year is a good one to see about having blades sharpened and motors cleaned and lubricated. Cardinal is the authorized sales and service agency for Briggs, Stratton, Lawson, Clinton, Lawton, Edgely, Jacobsen, Toro and a whole slew of others. Also stocked are a large selection of motor parts for the do-it-yourself fan.

### HI-FI & SOUND

**STEREO SOUND CORP.** - (170 Mountain Ave., Springfield, DRexel 6-4547) Your two-ear-plus-an-important-part-in-hearing-to-avoid-the-story-of-high-fidelity-sound-reproduction-is-largely-an-effort-to-add-another-ear-to-the-traditional-one-ear-speaker. This development called stereophonic sound is available for home listeners as well as the Radio City Music Hall. This firm can set you up with either dual recorded tape sound systems or AM-FM radio hi-fi sound.

### HOME IMPROVEMENTS

**CHANNEL LUMBER CO.** - (Route 22, Springfield, DRexel 6-0000) Channel's charge account system makes it possible to buy just about anything under the sun for as advertised in the SUN, and take 18 months to pay for it. This, of course, includes lumber, home improvements, housewares, paints, hardware and so on. A service to the community is Channel's standing offer to loan extra chairs for card parties, club meetings, etc., absolutely free of charge.

### INSURANCE & REAL ESTATE

**BUNNELL BROS.** - (8 Plover Ave., Springfield, DRexel 6-2400) Springfield without the Bunnells would be like Boston without the Cabots. Robert and Richard Bunnell have been writing insurance of all kinds in Springfield since 1915. Their big friendly office is in the bank building near all the big friendly money. Their advice on insurance matters, though it is a good deal more than friendly; their years of experience show in the soundness of their advice.

### RESTAURANTS

**CHINA BLY** - (Springfield Shopping Center, DRexel 9-5010) Here's a random sampling from the menu showing that there's practically everything under the China Sky SAM GOP TAI - allied lobster, meat, while most of children Chinese roast pork prepared with imported Chinese mushrooms, snow pea pods, waterchestnuts, bamboo shoots and hearts of bolt they all this for \$2.75 in Jack Chin's cheerful dining room.

### RESTAURANTS

**BY & GUP DRIVE-IN RESTAURANT** - (Corner of Morris Avenue and Springfield Avenue, Springfield, DRexel 6-3000) Here is a smooth blending of traditional colonial decor with the clean lines of modern comfort. Jack Bullock has placed a charming dining room in a restaurant which offers all the 20th Century conveniences of drive-in ease. The food, on the other hand, has an old fashioned quality that brings people back for more.

### TV SERVICE

**A & A TV** - (208 Morris Ave., Union, 1/2 mile from Springfield, MRexel 8-2500) Al Jones has been in TV since 1938 when it was considered a laugh. Jones kept a straight face, though, and by seriously keeping abreast of the electronic world has made available to Springfield a shop that is top in its field. Fixed charges, same day service, and guarantees on all work are the other reasons why people phone A & A.

**SPRINGFIELD RADIO & TELEVISION SERVICE** - (170 Mountain Ave., Springfield, DRexel 6-4545) Five mobile repair trucks, six mobile repair men, and enough testing equipment to man the CBS master control room, make this a logical choice when Lawrence Wells gets busy. The service is quick and all work is guaranteed. The proof of the pudding is the rate this firm has expanded in recent years.

SUNNING SPORTS by VICTOR GOLDBERG

The track team started the season on the right foot by defeating Linden, 68 1/2-48 1/2. Sweeps in the 120 high hurdles and mile were high spots in Regional's victory. Joe Westman took the high hurdles with a time of 17.6. Jerry Stuver ran a 4:45 mile which is a fine time this early in the season. Cas Wolowicz won both the 180 and 300 hurdles and the broad jump. His time in the former was 21.9, while his leap was 20 feet. Other winners for Regional were Bob Smith in the quarter mile with a time of 55 seconds, Dave Lopanik in the discus with an heave of 118' 7/8", Roger Ellert in the pole vault hit a height of 8' 6", and Herb Eezold with a mark of 5' 4" in the high jump. The baseball team split its two games last week, defeating Roselle Park, 5-2, and losing to Union, 3-1.

Teams Chosen For Girls' Softball

MOUNTAINSIDE - The Mountain Side Girls' Softball League is preparing to start its fifth season. At their annual meeting officers were elected as follows: President Mrs. Dorothy Davison; Vice-President Mrs. Jean Seaman; Secretary Mrs. Gene Caldwell; Treasurer Mrs. Kay Davis. Her phone costs so little...she pays for it herself!

An extra phone-for the teenager's room makes life easier for everyone. It gives the teenager the privacy she (or he) wants. It gives the family peace and quiet that's almost as welcome. And the cost is so low some teenagers pay for their extension phone themselves. P.S. To many, a separate telephone line with its own number is an even better idea. It frees the family phone. For more information just call the telephone business office.

# SCHOOL BEAT

By Marsha Wilson

## Doings At Regional High School

Twelve upperclassmen were recently inducted into the Jonathan Dayton Chapter of the National Honor Society. Seniors inducted were: Diana Bouchard, Springfield; Randi Kristiansen, Sue Richey, Lois Tuttle and William Van Nest, Mountainside. This was the first time that juniors could be elected to the Society. Juniors inducted included: Barbara Boyle, George Rupp, Mountainside; Joyce Harrison, Carol Marano, Springfield; Don Crabtree, Nancy Farrar, Berkeley Heights, and Paul Siock, Kenilworth. Opening exercises were given by "Chip" Skousen, a member of the Honor Society. Then Dr. R. Jacobsen, principal, presented Bruce Goldstein, Ken Ryder, George Seltzer and William Van Nest with trophies for their excellent work in debating. The boys will attend the national debate conference in Florida this June.

Judy Vance, president of the Honor Society, introduced Dr. W. Davis, superintendent of the Union County Regional High Schools, as our guest speaker. Dr. Davis spoke on the four qualities needed for membership into the Society, Character, Scholarship, Leadership and Service. Then Dr. Jacobsen announced the names of the new members. The stage was asked to come to the stage where they were greeted by members of the Honor Society. Karen Rogers led them in the pledge. The assembly

closed with the singing of the Alma Mater. Following the assembly, a reception was given for new members and their parents, who had been notified by mail.

Regional students have been extremely lucky when scholarship time comes around. The latest senior to receive a scholarship was Art von der Linden, from Springfield. Art won a full tuition ROTC scholarship good for any school that offers ROTC training. He will also receive a certain amount of spending money each month. Art truly deserves to be honored! Congratulations!

Students interested in running for student council offices for next year are eagerly getting their petitions signed and working with their campaign managers. Speeches will be given in assembly before the voting will take place by ballot.

The "Student Prince," Regional's first musical show, is rehearsing quite frequently in the evenings. This promises to be a really worthwhile production, so I urge every one to come out to the show (May 15 and 16, Friday and Saturday evenings). At the band concert, set for April 27—an announcement will be made concerning the winning girl to be elected head majorette for the '89-'90 school year. Marylee Siskie, this year's majorette, will present the winner with her hat and baton.

## Your Library

Without a doubt, the citizens of Springfield are hearing about National Library Week. Television, radio, magazines, and metropolitan papers are all featuring books and libraries at this time. Many of the features appearing in these media apply just as well to the local scene.

The Springfield Library aims to give the best possible service each day of the year and so does not have too much time to work on special celebrations. However, it is a good time to point out some of the services which take place so automatically that they are almost forgotten.

First, the Board of Trustees hold nine meetings a year. These occur on the first Thursday evening of every month from October to June. Springfield is noted for having trustees faithful for attendance and vitally interested in its library's activities. Only twice in five years has a quorum failed to arrive, and this has been overbalanced by numerous special meetings. A hundred per cent attendance is more common than absenteeism. The members of the Board of Trustees are: Mr. Lemuel S. Stevens, president; Mr. Robert B. Potter, vice president; Mr. B. F. Newschwager, treasurer; Mrs. L. E. Skousen, secretary; Mrs. Mildred Schneider, Mr. Elliott Lichtenstein, and Mayor Bonadies, when his other duties permit him to attend.

The Story Hours for pre-school children are so well-known and so well-attended that the problem is how to care for all the children between three and five years who wish to attend. The Summer Reading Club projects for older children have attracted more than five hundred readers each summer for three years.

The Library cooperates with the

## Mt. Trail Garden Club Hears Talk

MOUNTAINSIDE—The Mountain Trail Garden Club held its 1st President's Day on Tuesday April 14 at 1 p.m. in the Mountainside Union Chapel, Route No. 22.

Guests were greeted at the door by Mrs. John J. Suski—the Club president, and Mrs. Edward Verlangieri, a past president. Membership Chairman Mrs. Stephen Wagner presented a corsage to each Club President.

The tea table was carried out in pink. The centerpiece, arranged by Mrs. Wilbur Groves, consisted of heather, white-edged pink tulips, carnations, snapdragons and freesias—the grace full in a large silver compote. A delicate pink lace tablecloth provided the background. Mrs. Robert Goodhart and Mrs. Rudolph Sarrich poured.

After tea, the group was entertained by Mrs. Philip Bruckner of the Northfield Garden Club of Livingston. She spoke on the use of woods, weathered and drift. Most of these woods have been gathered by Mrs. Bruckner from the mountain, desert, sea-shore and lake regions of this country. These formed beautiful arrangements, together with spring flowers, greens, ceramic figures and candles.

Guests and Presidents were present from the following Garden Clubs: Cheryl Dell, Foothills, Green Twp.; of Dunellen-Shackamaxon, Ruke and Hoe; Green Setch Plains, Spade and Trowel, Fanwood and Northfield, the Garden Departments from the Westfield Woman's Club and the Monday Afternoon Club of the Plainfields.

The next meeting will be on May 12 with a Board Meeting at 10 a.m. at the home of Mrs. Charles Seretti 334 Old Tote Road, Mountainside, and the general meeting at 12:30 at 237 Robin Hood Rd., Mountainside. The home of Mrs. Edwin L. Roome, Co-hostesses will be Mrs. Martin Deegan and Mrs. Wilbur Groves.

## Bridge Club Winners Told

MOUNTAINSIDE—The April meeting of the Mountainside Women's Duplicate Bridge Club was held at the Elks Lodge, Route 22 Tuesday Evening at 8:00 p.m.

Winners for the evening were: North-South: First: Mrs. Henry Douglas and Mrs. Nicholas Byron, Second: Mrs. Robert Ruff and Mrs. Harry Wiseman, Third: Mrs. Robert Bessler and Mrs. Earl Gooding.  
 East-West: First: Mrs. Frank Balazik and Mrs. J. M. Muninn, Second: Mrs. Raymond Hergott and Mrs. Franklin Umber, Third: Mrs. F. Ellwood and Mrs. E. Simpson.  
 The next club meeting will be May 5th.

Deer antlers are shed each year, usually in January, but are seldom found because rodents gnaw at the mfor their salt content.

## Quinzel's Observe 50th Anniversary

SPRINGFIELD—One of Springfield's pioneer families—Mr. and Mrs. Charles S. Quinzel of 102 Flemer Avenue, will be celebrating their 50th wedding anniversary this Sunday, April 19, with "open house" from 3 to 7 p.m., and all Springfield is expected to call and help them in this celebration.

The Quinzel family "cordially invites" all neighbors and friends to visit with them this Sunday for this anniversary.

Mr. Quinzel was born in Cranford and Mrs. Quinzel in Newark, and they have made their home in Springfield for 50 years, ever since they were married.

Both Mr. and Mrs. Quinzel have taken an active part in the church, civic and cultural affairs of Springfield. Mrs. Quinzel is a member of Continental Chapter O.E. Star—W.S.C.S. of the Springfield Methodist Church, Millburn and Springfield Sun Shine Society—Historical Society—Daughters of America.

## Decorator's Diary

By Ruth Wight Dietz Of Mountainside

Dear Ruth Dietz:—With Spring right around the corner, we are about to embark upon one of our most colorful seasons. This brings to mind the subject of color in general. Can you tell me a bit about color psychology and the modern use of color in decorating.

Mrs. D. G.

A new science of color has been developed within recent years. Scientists have studied the effects of color on vision and emotion, on human efficiency and safety. They have worked out new and important uses for color in our daily lives. More than just "beautiful" or "appealing" color affects us in many ways—both physically and emotionally. It can make us tired or refreshed, sad or happy, ill at ease or comfortable. Decorators decorate homes to

suit the personalities of the people in them. Warm shades suggest sociability. Cool shades have a quieting effect and are suitable for study areas, operating rooms and rooms for the chronically ill. Warm colors are used in rooms where patients are recovering, in school rooms today, and in the kitchens and dining rooms of our homes. Bright colors relieve monotony, make a kitchen cheerful and even affect the appetite. Color has never before been used so widely and in such important ways as it is today. Its beauty can be seen brighter than ever before, in our home, in theatres, in books and magazines, in photographs and in movies.

Color is important in advertising and selling, in packaging and merchandising and has a greater effect upon our lives and in general than most of us ever realize. New York City's waterfront fire guards load old wooden piers and pilings on barges at an under-covering of sand, tow them out to sea and burn them as waste. Then they dump the ashes overboard.

**\$5-For Favorite Recipe**

Mrs. Alfred Lopata of 1240 Barbara Ave., Union, says her neighbors persuaded her to enter the recipe that won the prize in our Favorite Recipe Contest this week. We think you will agree, as we did, with Mrs. Lopata's neighbors that this is an excellent recipe.

**IVY BOY:** Every lad's wardrobe needs one of these standard wool sports coats. This one is in smart herringbone stripe, hopsacking weave. Newest color combination is blue, brown and white. Very Ivy-ish!

ments lately on your cooking, you have as good a chance as anyone to win the prize. Just mail a copy of your favorite recipe to Recipe Contest, Box 97, Union. Please include four telephone number. A \$5 cash prize is awarded every week for the best recipe received.

**COTTAGE CHEESE DONUTS**  
Mix together:  
1 pound creamed cottage cheese  
4 eggs, slightly beaten  
1/2 cup sugar (3/4 cup if you prefer them very sweet)  
rind of one lemon  
2 cups flour mixed with 1 teaspoon baking powder  
1 tablespoon butter, melted and cooled

If dough is too thin, add a little flour. Dough must be soft. Drop by tablespoonsful in hot shortening and cook until nicely-browned. Drain and roll while hot in sugar.

**Cabbage Salad**  
2 pound head cabbage  
1 inch boiling water in saucepan  
1/2 teaspoon salt  
3 tablespoons butter or margarine  
3 tablespoons chopped roasted peanuts  
1/2 teaspoon ground black pepper  
Discard outside leaves from cabbage. Cut into 6 wedges. Remove cores and place in saucepan with 1-inch boiling water and salt. Bring to boiling point, uncovered, and cook 5 minutes. Cover and cook 5 to 7 minutes or until crisp-tender. Drain, if necessary, and place on serving dish. Brown butter or margarine in a saucepan until golden. Add peanuts and black pepper. Yield: 6 servings.

New Bedford, Mass. is the world's largest sea scallop port. Its fleet harvests over 70 per cent of the United States' supply of this popular shellfish.

**GOOD NEIGHBOR:** Mrs. Alfred Lopata is pictured above holding a plate of Cottage Cheese Donuts. She gave some to her neighbors and they persuaded her to enter the recipe in our Favorite Recipe Contest. . . . where it promptly won this week's cash prize.

**Cooking Can Be A Dangerous Thing Burns, Divorce, Even Poisoning May Result!**

By AUDREY-CHASE WALTERS

Cooking can be dangerous . . . aside from the normal hazards of a burn here or a scald there. Back in the good old days when men were men and the not-so-good old days when women were their chattel, soup that was too hot or meat that was tough might even run the cook the risk of a black eye. Today the risks are more civilized but still there. Consider the poor woman divorced recently without benefit of alimony because she served her husband a dinner of bacon and eggs 102 nights running.

However, there are even more dangerous risks for the home cook in this modern age. Just read an article called "Notes on Food and Nutrition" in Consumers' Research Annual Bulletin and you will be tempted to go Shavian and refuse to eat any one of your fellow-creatures—or you might even be tempted to join Gandhi in a complete fast!

It seems that science is wonderful, as ever, and is doing amazing things in rushing the growth of animals and in producing chemicals that preserve food in a suspended state of "freshness" for goodness knows how many days until you get around to purchasing it.

The article claims, however, that many of these chemical additives and artificial dyes have not been properly tested and actually come from chemical families—that are poisonous. Consumers' advice is that you remain very old-fashioned in buying food, that you read all labels and stay away from foods that contain too many artificial ingredients and never use the neck of a chicken which is the "site of injection of growth-accelerating pellets (hormones)" which may not have been completely absorbed.

Fortunately, the United States Government is always on the alert to protect its citizens wherever and whenever possible and just last month the Federal Food Act was amended to prohibit the use in food of additives which have not been adequately tested to establish their safety.

But even the Government would have a hard job protecting Americans against the danger of getting too fat. It seems, as a nation, we consume far too many lonesome foods—foods that contain nothing but calories crying their lonesome little hearts out for some good nutrients to keep them company. Refined sugar contains no vitamins, minerals or proteins and is a tremendous factor in the statistics that show that 96 per cent of our people suffer tooth decay and that cavities doubled in the years between the two World Wars.

Serve candy substitutes as much as possible, particularly to growing children. Keep raisins on hand and feed the little off-spring uncooked prunes (if the off-spring are old enough to be careful with the pits). Nuts are good, too. At least they are high in vitamin protein. Go easy though on "roasted" nuts which may have been fried in hot fat.

And if you still positively have to have candy, try some of these recipes that buck up the lonesome calories with some good-tasting (and good-for-you) health building nutrients. Besides, you will find them fun to make.

Stir together well two tablespoons of melted butter, one cup brown sugar (pack it firmly into the measuring cup), and one-half cup crushed pineapple very well drained. Boil slowly until sugar melts. This won't take more than a couple of minutes if the sugar is fresh and soft. When mixture has thoroughly cooled, beat in powdered milk until your product is firm and creamy. This might take as much as one cup of powdered milk. Drop from teaspoon on buttered wax paper and chill in refrigerator until pieces are firm. Chocolate powdered milk will give this candy an interesting flavor. Or you might like to press a piece of nut meat in the center of each candy.

Combine one-half cup peanut butter with one-half cup honey and one cup powdered milk. Roll into balls and roll in coconut. This is also good as a stuffing for dates. Roll dates in powdered sugar for sticky-less handling.

**Black-N-White Set Smart Fashion Pace For Spring**

From Easter on, the fashion picture will reveal an interesting background to its many colors in a profusion of blacks and whites.

In checks—from large to small, in pin dots or huge coin dots—in abstract prints or florals—in geometrics or stripes, and in a host of textured tweed-type fabrics, black on white, and white on black.

Texture is particularly important in the black and white picture and this wondrous combination takes on intense vigor in slubbed silks and rayons, in hopsacking burlap and matelasses, in lacy mohair and loopy yarns and in classic linens, shark-skins, piques and basket weaves.

Give your wardrobe an unlimited potential with a black "n" white duet as a starting point for spring.

**Furniture Needs Yearly Washing**

When washing your woodwork and wood furniture, be sure to work in the direction of the grain of the wood. Wipe down with warm, sudsy water first, rinse off with damp cloth, then wipe dry.

After this, rub on polish. This treatment not only will freshen your wood pieces but it will add a little needed moisture after a winter of drying, indoor heat.

# Indulge Your Imagination Furnishing Family Room

Once the repository of furniture discarded, the increasingly popular family room has stepped out of the Cinderella class and emerged full-blown as one of the most stylish rooms in the house. And the one room where your imagination may really come into full bloom with any gray color scheme you heart desires.

Without sacrificing the original concept—creating an informal room where the family could relax without too much regard for the furnishings—the accent has now been placed on style!

Vinyl floors, plastic drapes and leather-like upholstery have combined in a look that's tight, airy, smart, and yet easier than ever to keep clean! These newest man-made fabrics, can also stand up to continuous wear, another plus factor in their desirability for use in family rooms.

Evolution almost simultaneously in very section of the country, decoration is strongly influenced by regional location. In the south, family rooms lean heavily toward modern furniture. The Midwest favors a more formal treatment, utilizing copies of classic furniture styles crafted of stain-resistant woods.

The New England version mixes its favorite Early American with modern pieces. Outdoor-conscious Westerners place the emphasis on comfort, fill their family rooms with built-ins and lushly-roomy chairs.

However, it's your family, your room and your leisure... so furnish to suit!

Try these de luxe peas next time a roast or pork chops are on the menu! Scatter mushrooms and peas to cooked green peas. Season to taste with melted butter or margarine and a sprinkling of fresh lemon juice, salt and freshly ground pepper.

The country's largest sea scallop bed is Georges Bank, a productive area in the Atlantic Ocean 150 miles east of Nantucket.

## Hairpin Lace Lampshade

Today I thought you might like to try—if you haven't already—a time-honored form of needlework that's just coming into special vogue—the hairpin lace. So-called because women of generations past made it with fine, fine-thread on tiny hairpins. Now, of course, the interesting designs are achieved on manufactured hairpin lace strips, similarly shaped, but available in all sizes from very small to quite wide.

**MOORE FOR YOUR TIME AND EFFORT**

One of the reasons for the growing popularity of hairpin lace is its easy speed. Once you've mastered the simple technique, you'll be able to make yards and yards of lace in no time, covering most of the area with large loops and working in standard chains and single crochet stitches. There's another reason, too—all the intriguing new sizes, colors and textures in crochet cottons and yarns have opened a whole new vista of exciting possibilities since the days when hairpin lace played a single role: to give an even finer and more delicate needlework effect than crochet itself.

**LIGHT 'N' BRIGHT**

Modernize an older-than-new lampshade with a delicate cover in hairpin lace, and cast a charming little shadow without cutting off any of your valuable light. The pattern calls for two staples, the first a half-inch and the other two inches wide, a crochet hook and one of the new, thicker crochet cottons. Each large loop is twisted to resemble fagoting. Your wide and narrow strips are crocheted together with gold metallic thread and sewn to the lampshade. If this suggestion appeals to you for your own home, or the home of a friend, just write to the Needlework Department of this newspaper for free instructions. Ask for HAIRPIN LACE LAMP SHADE COVER, Leaflet No. 8-479—and please enclose a stamped, self-addressed envelope.

**DRAMATIC DEPARTURE IN METAL DINING FURNITURE**—This exciting Oriental-inspired set offers two distinctly new and different features: Metal is a striking shade of muted gold—and legs on both the table and chairs are square-shaped. Also new is the design of the wood grain in the Micalita top. Non-tarnishing brass touches, and artistic patterns—and colors in the vinyl upholstery complete the picture. The trend-setting design of this dining group blends equally well with Danish, Chinese Modern or provincial decors.

**Elbow On Table Is Socially OK**

If you must put your elbows on the table, make sure you do so between courses of a dinner. This is now socially correct. When you are eating, however, be sure your arm is resting in your lap while the other is conveying food to the mouth. Unless, of course, you are eating meat or other foods.

Thanks to modern freezing methods, the ever-popular Atlantic Ocean scallop knows no season. It is found at frozen-food counters the country over at any time of the year.

## Turnovers Are Easy To Make

Mincemeat, so popular during the winter holidays, is really very good at any time of the year. It's easy to make mincemeat turnovers—just take a package of your favorite pie crust mix, some Mincemeat and you are well on the way to creating a festive snack. When the Mincemeat Turnovers come from the oven you can be sure that the crust will be deliciously flaky and tender. For added flavor and prettiness—you may wish to spoon orange hard sauce over each serving.

**MINCEMEAT TURNOVERS**  
Makes 12 Turnovers

Pastry:  
One package pie crust mix  
4 to 5 tablespoons cold water

Filling:  
1 cup moist mincemeat  
Orange Hard Sauce:  
½ cup butter or margarine  
1½ cups sifted confectioners' sugar  
2 tablespoons orange juice  
Grated rind of one orange  
Heat oven to hot (425° F.).

For pastry, empty package pie crust mix into bowl. Sprinkle cold water by tablespoons over mix; stirring lightly with a fork until just dampened. Form into ball. Open frozen bread or canvas roll pastry to form a 12 x 18-inch rectangle. Mark and cut twelve 4-inch squares. Place a heaping tablespoon of mincemeat on one corner of each square. Fold over to form triangle; seal edges by pressing with tines of fork. Cut 3 short slits in top of each. Place on ungreased cookie sheet. Bake in preheated oven (425° F.) 15 to 18 minutes. Serve hot with orange juice and rind.

## REPORT TO THE PEOPLE FROM YOUR CONGRESSWOMAN FLORENCE P. DWYER

(6th District—New Jersey)

The legislative process in Congress is often tortuously slow and frustratingly unpredictable. For this reason, I am especially pleased to report the encouraging progress we have made recently in our four-part program to help relieve the commuter transportation crisis in the New Jersey-New York-Connecticut metropolitan area. The latest and potentially the best news came in a letter last week from Representative Oren Harris, Chairman of the Committee on Interstate and Foreign Commerce, which has legislative jurisdiction over railroad regulation.

As I've mentioned before, I had written Chairman Harris after Congressman Wallhauser and I introduced bills to require public hearings before the ICC in passenger train discontinuance cases—urging him to schedule the bills for early consideration by his committee.

I explained to him the seriousness of the commuter situation and described how commuters were being badly squeezed between higher fares and fewer trains. And I outlined the dangers this squeeze held for the economic future of Union County and the whole metropolitan region.

In his reply, Mr. Harris expressed his interest and his concern. He assured me "I was vitally concerned" about rail commuter service. He said the bills had been referred to Government agencies interested in the matter and their reports will be studied by the committee. Then, he continued, "I will do my best to accommodate you in scheduling these bills for consideration."

I thought it especially significant, however, that the chairman added this invitation: "when hearings are scheduled on these bills we would be highly honored to have you appear as a witness and present your views" on this matter.

Later, he confirmed his serious interest by authorizing me to release his letter to the press. Consequently, I think there is reason for some optimism about the possibility of action on this legislation. I fervently hope so, because it seems to me "this is the most direct way to slow down the rush to abandon passenger service and to assure greater attention to the public's interest in good commuter trains.

Another part of the program is also moving ahead. In less than two weeks, we will begin hearings on bills, including one introduced by Representative Stivers from taxing income of non-residents. A great deal of substantial evidence has come from Union County and others demonstrating the unseasonable burden of such non-resident taxes as that levied by New York State. With this

ammunition I hope to make a convincing case when I testify before the House Judiciary Subcommittee.

In still another field there is progress to report. Since introducing again this year a bill to permit income tax deductions up to \$300 a year for the expenses of transportation to and from work, I have received a flock of letters from people all over the country offering their support and telling me they were writing their own Senators and Congressmen about the bill.

Then, just last week, a national newspaper supplement called "Suburban" today published an article I wrote explaining why this legislation was needed. Moreover, this publication—with a circulation of more than a million—offered \$25 to anyone writing a letter published by the paper describing the paper delivery problem.

I find indeed, that the support from nation, chance Congress as I in Sul commu get the serve—rail, a mobile by—an—are 000 a travel: incomp: railroo: aver: way—up, but becoming one of connecting subway, bus or taxi transportation. And the large majority of commuters, who drive by automobile, pay at the rate of five cents a mile—a few nickels that add up fast.

It has been my contention that these costs—going up the time—have some rather strong opinions on the subject.

**Rice And Swiss Cheese Soup**  
Cheese enriches a wide gamut of dishes with flavor and high quality protein. It is traditionally sprinkled on onion soup—but not otherwise widely used in soup recipes. But here is one that uses Swiss cheese as a basic ingredient. Feature this one for luncheon with a crisp vegetable salad and crusty Italian or French bread.  
1 tablespoon chopped onion  
2 tablespoons butter or margarine  
2 tablespoons flour  
4 cups milk  
1/2 cup grated Swiss cheese  
1 teaspoon salt  
1/4 teaspoon pepper  
2 egg yolks, well beaten  
1 1/2 cups hot cooked rice  
Cook onion in butter until tender but not browned. Blend in flour and milk. Cook over low heat, stirring constantly, until mixture thickens. Add cheese, salt and pepper. Stir until cheese melts. Pour over egg yolks, stirring. Serve at once with a spoonful of hot rice in each bowl. Makes 6 servings.

**Mince Meat In A Cake Recipe**  
(Makes a 9x5-inch Cake)  
2 cups sifted flour  
1 teaspoon baking soda  
1/2 teaspoon salt  
1/2 cup shortening  
3/4 cup brown sugar, firmly packed  
1 egg, well-beaten  
1 1/2 cups mince meat  
1 cup applesauce  
1/2 cup coarsely chopped nut meats  
Sift together flour, baking soda and salt. Cream shortening until fluffy. Beat in egg. Stir in mince meat. Add dry ingredients alternately with applesauce, stir in chopped nut meats. Turn into well-greased 9x5-inch by 3-inch loaf pan. Bake in moderate oven (350 degrees F.) until center springs back when touched lightly with finger, about 1 1/4 hours.  
Use ready-to-use mince meat or condensed mince meat prepared according to directions on package.

**Dainty Muffins For Tea Time**  
Coconut-Lemon are dainty muffins, they're just what you need for a light, appetizing accompaniment, nibble to enjoy.  
Sift together enriched flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 1 egg, 1/2 cup sugar, 1/2 cup milk, 1/4 cup oil, 1/2 cup lemon juice. Return to oven and brown topping lightly (about 5 minutes). Makes 1 1/2 dozen muffins.

**Cheese Is Good In Potato Salad**  
Cheese can add flavor, appearance and nutrients to potato salad. Try this one:  
2 cups diced, cooked potatoes  
2 hard-cooked eggs, chopped coarsely  
1/2 cup coarsely chopped celery  
2 tablespoons chopped onion  
1 1/2 cups diced cheese  
1/2 cup mayonnaise  
3/4 cup sweet pickle juice  
Combine potatoes, eggs, salt, celery, onion and cheese in salad bowl. Combine mayonnaise and pickle juice and toss with salad. Chill at least 30 minutes to allow potatoes to absorb dressing. Serve on crisp green garnish with sliced sweet pickles. Makes 6 servings.

**Dippy Over Dips?**  
Everyone seems to be dippy over dips these days. Here are two that are simple to mix but have complicated flavors that blend deliciously.  
1/4 teaspoon hot pepper sauce  
1 3-ounce package cream cheese  
1/2 pint commercial sour cream  
1 package onion soup mix  
1 2 1/2-ounce can deviled ham  
Blend hot pepper sauce with cream cheese. Gradually blend in sour cream. Add onion soup mix and deviled ham. Mix well. Pile into serving dish. Serve with crisp crackers, melba toast or potato chips. Makes about 2 1/2 cups.  
1/4 teaspoon hot pepper sauce  
1/2 pint (1 cup) cottage cheese  
1/4 teaspoon minced onion  
1/4 teaspoon celery salt  
3 tablespoons mayonnaise  
1/2 avocado (if desired)  
Blend hot pepper sauce with cottage cheese. Stir in onion, celery salt and mayonnaise. Peel and dice avocado. Add to dip and toss lightly. Serve with crisp crackers, cucumber and celery sticks. Makes 1 1/4 cups.
