Town Officials Cooperate with School Board

SPRINGFIELD—The first step towards better understanding and cooperation between the Township Committee and the Board of Education was taken Tuesday night when Mayor Vincent J. Bonadies appeared before the members and exchanged suggestions as to the future of the school expansion program.

Mayor Bonadies, stressing the need for cooperation between the Township Committee and the Board of Education, assured the board township-owned property would be transferred to provide some of the property required for construction of a new elementary school in the southeastern section.

Mayor Bonadies suggested that the governing body and board meet for quarterly conferences to discuss problems of mutual interest.

Recreation Facilities

Greater use of school buildings for the township's recreation program also was urged by the mayor. He then asked the board to provide two baseball diamonds on the site of the proposed school to compensate for loss of Kotzen (Continued on Page 14)

Sabo Is Named Secretary Of Good Deal, Inc.

SPRINGFIELD—David A. Sabo of 30 Hemlock Ter., Springfield, has been named Secretary of Good Deal Super Markets, Inc., it was announced yesterday by Samuel Aickman, president of the firm. Sabo has been Assistant to the President since joining the firm in 1956 and is a member of the Executive Committee of Good Deal.

Bowling Alley Deal Here May Also Be Withdrawn

SPRINGFIELD—Bowling alleys in this area are not making much progress and now there is reason to believe that the proposed bowling arenas for both Millburn and Springfield have been discarded.

Millburn operators announced last week that they have withdrawn their application for a permit to build the bowling alley in Main street when opposition developed not only for the operation itself but there were objections to the transfer of a liquor license.

Since then, it is understood, the organization interested in the Millburn alley, has been negotiating with Caino Casale, owner of the permit for the building of a large bowling alley in Springfield avenue. They would like to take over the approved package from Mr. Casale who has the okay from the Township Committee and who should have no trouble getting a building permit.

However, the question of a liquor license is still the problem. The Millburn operators had managed to find someone willing to sell a liquor license but it ran into a stone wall when objections were filed against the transfer.

Mr. Casale and his associates have been shopping around Springfield but, according to the reports, there are no liquor licenses for sale in the Township.

While the large bowling alley installation for Casale's property in Springfield avenue received the official approval of the Planning Board and the Township Committee,

Residents Will Oppose Pool Ordinance, May 27

SPRINGFIELD—Opposition to the proposed pool ordinance has been developing in the Township and indications are that many objectors will be on hand when the public hearing is scheduled for Wednesday, May 27.

Various groups have been circulating petitions opposing the final passage of the pool ordinance and urging all residents to be on hand for the public hearing.

Letters have also been addressed to the Township Committee asking for changes in the proposed ordinance, the size of the installation being the chief concern of the writers.

E. Hart Rasmussen of 30 Redwood Road, who will not be able to attend the public hearing, addressed a letter to Mayor Vincent J. Bonadies in which he emphasizes his objections to the proposed ordinance. His letter follows:

"A business trip will prevent the writer from being present on Wednesday, May 27, 1959, at the second and final hearing of the above ordinance.

"Permit me, with this letter, to present the following for your consideration:

"Residents of the Township have been asked to leave bundles of clothing to be picked up for the benefit of the blind. One resident asked where the organization could be reached by telephone and the person soliciting said there was no way to reach them.

"In checking with the New Jersey State Commission for the Blind, Newark office, the Springfield resident was informed that 'there was no such old clothes campaign being conducted by the commission' and urged that all solicitations be checked before making contributions.

WARNING! CHECK ON ALL SOLICITATIONS FOR BLIND

SPRINGFIELD—If you are solicited by telephone, or in person, to help something or other for the blind, make certain you are dealing with a legitimate organization.

Residents of the Township have been asked to leave bundles of clothing to be picked up for the benefit of the blind. One resident asked where the organization could be reached by telephone and the person soliciting said there was no way to reach them.

Women Voters To Meet On Referendum

SPRINGFIELD—The Springfield League of Women Voters will hold an emergency meeting regarding the 'School Referendum' (voted on June 23) on Tuesday, May 26, 8:15 P.M. at the home of Mrs. R. Moore, 89 Remer Avenue. All League members are urged to attend.

Inasmuch as a K-6th grade school on the Walton Tract was not one of the League recommendations, it will be necessary for the League to take a new census to determine its stand. Any new information will be taken into consideration and a vote will then be taken.

Police Reserve To March

SPRINGFIELD—Members of the Police Reserve (CD) will participate in the Memorial Day activities to be held on Saturday, May 30.

Captain Leroy Roberts asks that all reserve policemen assemble at headquarters at 8:45 a.m. in appropriate uniform for either parade or traffic duty.

NOTICE TO DOGS!

The Springfield Board of Health announced today that there will be a Free Rabies Clinic. All dogs will be inoculated at the Town Garage between 2 and 4 p.m. on May 23, Saturday.

Mayor To Help History Group Open Library

SPRINGFIELD—Howard F. Casselman, President, announces that Mayor Vincent J. Bonadies will officiate at the formal opening of the library in the Cannonball House, 126 Morris Avenue, headquarters of the Springfield Historical Society, at 2:30 p.m., Sunday, May 24.

For the past five years, officers and members of the local group have been collecting books, manuscripts, maps and objects connected with the history of the Township; these items are now housed in the Cannonball House.

The Society ensured the preservation of this historic landmark for the people of Springfield by assuming, late in 1955, an obligation of ten thousand dollars. In addition, an amount in excess of four thousand dollars has been spent in restoring the building.

The Springfield Historical Society implements one declared objective, that of gathering and disseminating historical information, in several ways.

The library is open at stated times and on special occasions for the convenience of groups, while specialized information is made available through the Research Committee, under the chairmanship of Mrs. Elizabeth VanLoan, and through an able and experienced genealogist, Mr. E. A. Baldwin.

To keep abreast of matters of historical interest over a wider area, the Society maintains membership in the New Jersey Historical Society, The Museums Council of New Jersey, and The American Association for State and Local History.

Bulletins of the Springfield Historical Society, published twice a year, are mailed to members in ten States and are available to the general public at a nominal charge.

Following is Mr. Son's second letter:

Editor, Sun:

Following up my article in two weeks ago issue of The Sun on condition of the cemetery at corner of Main street and Morris avenue, I would like to mention something else that has been brought to my attention concerning this cemetery.

Records Not Kept

Several years ago when Main street was widened it appears that some interested citizens called attention to persons engaged in this work as to what was to be done with a row of stones that were being removed and asked if they were to be replaced somewhere else in the cemetery and records copied from same before removal in case of breakage due to erosion.

When the work was completed however it was found that all the stones removed were simply stacked one upon another in center of cemetery and that no written record was made.

It is inconceivable that no better care was taken and with so much space apparently with stones, that they were not set in another section of the cemetery.

It is also a fact that there are at least three very old stones, probably more, that have become buried in a flat position that should be dug up and reset.

One of these is for wife of Samuel Miller, a Revolutionary War Veteran and quite likely that her husband's missing stone was at one time alongside hers. In the rear of the cemetery are similar fallen stones almost out of sight.

Building Here Near 1/2 Million Mark For 1959

SPRINGFIELD—The total for building permits already under construction in the Township for 1959 is very close to the half million mark, Building Inspector Wilbert J. Binder announcing that it has already reached \$462,000 for the year. Approval was given for new construction estimated at \$287,000 for the month of April. Seven permits for new construction raised the 1959 total to 13. Fourteen permits for alterations were issued during April, hiking the four-month total to 31. Alterations approved last month were valued at \$22,400 and the four-month total now is \$50,400.

The largest single project for which a permit was obtained was an office and warehouse building for the Springridge Corp. in Springfield Ave., to be used by greeting card printers. The cost was estimated at \$144,000.

Canterbury Industries, Inc. secured a permit for a new retail carpet store at Route 22 and Brown Ave. The building will cost \$30,000.

Permits for five one-family dwellings were issued as follows: B. F. Certo, 53 High Point Dr., \$25,000; Arthur D. Schoonmaker, 149 Hillside Ave., \$22,000; Arthur Shalit, 163 Wentz Ave., \$18,000; Rocco Caprio, 112 Short Hills Ave., \$18,000, and Stiegler Construction Co., 236 Lela Ave., \$13,000.

MRS. AMERICA—Met Mrs. America at the Channel Lumber Co. last week when Mrs. America 1959, Mrs. Helen Gesse (right) of Cleveland, Ohio, traded quilts and recipes with Mrs. America 1955, Mrs. Wanda Jennings (left) of Milltown Road, Springfield. Mrs. Gesse was at Channel as part of a store promotion to meet and talk to store patrons.

Another Letter Received On Old Cemeteries Here

SPRINGFIELD—Harold A. Sonn, registrar of the Passaic Valley Chapter of the New Jersey Society, Sons of the American Revolution, has submitted another letter regarding Springfield's old cemeteries.

Two weeks ago he asked that something should be done regarding the "deplorable condition of the old cemetery opposite the Presbyterian Church in Main Street" and suggested that a group be formed to help maintain it.

Following is Mr. Sonn's second letter:

Editor, Sun:

Following up my article in two weeks ago issue of The Sun on condition of the cemetery at corner of Main street and Morris avenue, I would like to mention something else that has been brought to my attention concerning this cemetery.

State Officers Ignore Letter From Township

SPRINGFIELD—Gov. Robert B. Meyner and State Highway Department Commissioner Dwight R. G. Palmer continue to ignore the officials of this Township. Their highway department surveyors and engineers still face charges of trespassing here.

Not a word—no response—no acknowledgment has been received from the Mayor and members of the Township Committee.

A resolution was sent to Gov. Meyner last week protesting against the "invasion of Highway Department surveyors without giving Springfield any information on what's going on." Up to this writing Springfield has no word from Trenton.

To further add to the fury of the local governing body, the Township is still swarming with surveyors and engineers from the Highway Department who are carrying on their usual work of driving stakes for the coming of new highways.

Springfield authorities threatened to charge the highway surveyors with trespassing and sent the resolution to Gov. Meyner in the hopes that some information could be had as to what these highway department engineers were doing in the Township, but nothing has come of any of the threats.

Mayor Vincent J. Bonadies yesterday said he is considering ordering the highway surveyors out of Springfield and states that "there is legal authorization for taking such a drastic step if the engineers insist on trespassing on private property in the Township."

Channel Head Offers To Help Old Cemetery

SPRINGFIELD—The pleading letter from Harold A. Sonn, member of the Passaic Valley Chapter of the New Jersey Society Sons of the American Revolution, asking that "something be done to improve the condition of the old cemetery opposite the Presbyterian Church" here has been ignored.

Not a single response has come from those who might be interested in preserving and maintaining the sacred burial ground of early settlers and Revolutionary heroes, Mr. Sonn said.

Only one person, Ben Charin, executive of Channel Lumber Company of Route 22, has come forward and offered to finance the improvement of the cemetery and contribute toward maintenance.

Mr. Charin hesitated about offering to participate in a matter that should be the responsibility of local civic, church and veterans' organizations.

"Channel Lumber," stated Mr. Charin, "is part of Springfield and we have always pointed with considerable pride to the historical values found here. We don't want to intrude—but our firm will be only too happy to send a check to defray the expenses of putting this sacred spot into the best of condition."

"We believe everything should be done to maintain the Revolutionary War heroes' graves."

Girl Scouts Need Items For Strawberry Festival

SPRINGFIELD—This is a reminder to Girl Scouts, Brownies and their mothers of the need for items for the Strawberry Festival of the Springfield Girl Scouts of Washington Rock Council, to be held on Saturday, June 6th at the Regional High School grounds.

Each girl has been asked to donate two 25¢ mystery gifts. Each gift, which must be new, should be wrapped and labeled on the outside, designating whether it is for a boy, girl, woman, man or household. These packages may be turned in to leaders or the chairman of the Mystery Booth, Mrs. T. Dzilibaty, DR. 6-6365.

Mothers are asked to make arrangements, which can be sold for \$1.00 and turned over to the leaders or to the chairman of the General Merchandise Booth, Mrs. Frank Sammond, DR. 6-0743.

Mrs. L. Landau is chairman of the White Elephant Booth and is requesting used, but good condition items for her booth. If you have any of these items you may call Mrs. Landau at DR. 6-3308 or deliver them directly to Mrs. Landau's home, 7 Dogwood terrace.

Would you bake a cake, pie or cookies for the Cake Booth? This is a good booth and usually is sold out early, therefore the chairman, Mrs. Frank Patterson would like many donations for her booth. You may call Mrs. Patterson at DR. 6-1549 or deliver your baked goods to the booth at 1 P.M. the day of the Festival.

If your daughter has outgrown a uniform, Mrs. Lee Andrews Jr. would be glad to accept it for her Uniform Exchange Booth. Please drop it off at Mrs. Andrews' home, 450 Meisel avenue.

for two burials in the McLeod family.

In the northwest corner of the cemetery it seems that at one time there was a large plot for the Lyon family. Two of these markers have been broken by a trunk of a tree and others are stacked against the trees. It might be well to use a sharp steel rod and test the ground to locate other stones that may be completely out of sight.

The present "front row" stones still standing within a foot or two of the sidewalk is being crowded by growth.

The story of the "Battle Ground Cemetery" on Flemer Avenue is well known to many. What is left of it is well maintained by Church & Cannon Chapter D.A.R. but how many know that this burial ground was originally many times its present size?

That due to expansion of adjoining farms several years ago many graves were desecrated, stones removed and destroyed and in a very few cases, descendants removed them to other cemeteries?

Another cemetery is off Route 22 now known as the Richards-French Cemetery.

This very old cemetery has been abused by vandals on more than one occasion, stones overturned, and sad to relate even the graves disturbed.

The history of this cemetery dates back to at least 1793 when the first known burial was made therein. But on March 29, 1813, Anderson French of New Brunswick deeded a part of his 65 acres to one, Samuel Richards, restrict-

ing about an acre of this area described in the deed as "the ancient burying ground."

There have been no apparent burials therein since 1915. There are two known burials here for soldiers, Robert French 1753-1830 a Revolutionary veteran and William P. Richards, a Civil War veteran 1828-1893. There are about forty burials in all with surnames of Richards, French, Parsells, Quick, Denman, Hand among the more numerous families.

Several years ago, in the will of an Elizabeth P. Richards who died in 1921, a sum of \$500 was bequeathed for maintenance of this cemetery. The bank executors turned this small sum over to the Springfield Presbyterian Church, but the income from this amount, less than twenty dollars a year doesn't allow for even a day's care a year.

Hundreds of small sassafras trees constantly growing several feet a year, poison ivy and weeds are running wild—and several stones have been overturned. The iron fence has fallen down in many places—and due to being situated about a quarter of a mile from the highway, out of sight grounds of the patriots and early

settlements who established Springfield and who fought so valiantly to defend it?

Monuments will not last forever, but while we can do something to prolong their life as long as we can, let's do so and then continue to keep the grounds, God's Acres, as they were known in good condition, at the same time keeping permanent records for posterity.

walks around the pool, the cabanas, shower stalls, diving boards, and consider whether you would want this monstrous bordering on your back yard. Note, too, that this pool may be used day and night, by the family and by its friends and acquaintances with resultant noise, and annoyance to neighbors. In addition there is the aspect of danger: a 4-foot fence can easily be climbed by children.

"Let us keep the present ordinance, which permits pools to be built only on larger plots of ground and not on the small lots that most of us have. Remember, there is only one thing you and I can do to prevent this new law. It will not be put to a vote. The town council will pass it this Wednesday night if they do not hear from you. PROCLAMATION

WHEREAS: The high spiritual and humanitarian principles of The Salvation Army have long been an important part of American life; and

WHEREAS: Through its welfare and religious institutions in our city and state, it has befriended, aided and given new hope to men, women and children, regardless of race or creed,

NOW, THEREFORE, I, VINCENT J. BONADIES,

Mayor of Springfield do hereby proclaim the period of May 17th through May 24th, as Salvation Army Week in Springfield, and do urge all citizens to give their full co-operation to this effort to focus attention upon the work of The Salvation Army. The principles for which it stands are mighty bulwarks against spiritual and physical need, and our tribute to this great organization during SALVATION ARMY WEEK is well earned and greatly merited.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of Springfield to be affixed, this 21st day of May, 1959.

except for an occasional worker on the surrounding farm, no wonder it has become a spot for vandalism.

Some persons may say, let the descendants of those buried in these cemeteries worry about their condition, but in the score of years that have intervened, it is impossible to locate many of them.

Does this relieve the present citizens of this area of responsibility of caring for the burial

grounds, which permits pools to be built only on larger plots of ground and not on the small lots that most of us have. Remember, there is only one thing you and I can do to prevent this new law. introduction of a new ordinance.

"It is however with deep regret that I notice the relaxation in certain very important sections.

"I understand that the old ordinance required a minimum lot for 1/2 acre for erection of a permanent swimming pool, and that this provision is omitted from the new ordinance. This represents in the writer's opinion a serious threat to the character of the community and even more important—the safety of our children.

Ethetical Reasons:
"Private swimming pools are for many people a most pleasant by-product of modern suburban living. A swimming pool is however a structure of such eye-attracting magnitude when placed in the middle of a garden community that its presence must be limited to the privacy of larger-than-average lots.

"Consider if you will please an average back lot of app. 70x75 feet. The new ordinance will permit the construction of a swimming pool app. 30x35 feet (or 25x40 feet). That is quite a sizeable chunk of pool in the average Springfield garden.

"Add to this the presence of 20 or 30 'good friends' of the happy poolowner enjoying the chlorinated waves all summer

on an around-the-clock basis (with or without direct shining light) and there is not much left of the quiet peace that may be sought by the neighbor, only 15 feet away.

Safety Reasons:
"It is recognized that the new ordinance calls for a 4 foot fence for protection of innocent—and very inquisitive and prying—kids. Most safety regulations look good on paper. Ever and always present is—however—the fragile, human element. It may take—but one forgetful moment before a 3 year old gets past an unlocked gate and next to the very inviting but permanently-deadly (or deadly, permanent) pool.

Drowning is in this country the third largest accidental killer of children 1 to 4 years old and the second largest killer of children 5 to 9 years old. I am sure that any parent of a child 1 to 10 years old will watch with much

uneasiness the construction of a permanent pool next door. Any time the kids are out playing the parents must ask themselves with anxiety and apprehension: "Did they remember to close and lock that gate. Or did the safety catch work properly."

"For the safety of our children swimming pools should be restricted to the relative seclusion of larger-than-average lots.

introduction of a new ordinance.

"It is however with deep regret that I notice the relaxation in certain very important sections.

"I understand that the old ordinance required a minimum lot for 1/2 acre for erection of a permanent swimming pool, and that this provision is omitted from the new ordinance. This represents in the writer's opinion a serious threat to the character of the community and even more important—the safety of our children.

Ethetical Reasons:
"Private swimming pools are for many people a most pleasant by-product of modern suburban living. A swimming pool is however a structure of such eye-attracting magnitude when placed in the middle of a garden community that its presence must be limited to the privacy of larger-than-average lots.

"Consider if you will please an average back lot of app. 70x75 feet. The new ordinance will permit the construction of a swimming pool app. 30x35 feet (or 25x40 feet). That is quite a sizeable chunk of pool in the average Springfield garden.

"Add to this the presence of 20 or 30 'good friends' of the happy poolowner enjoying the chlorinated waves all summer

on an around-the-clock basis (with or without direct shining light) and there is not much left of the quiet peace that may be sought by the neighbor, only 15 feet away.

Safety Reasons:
"It is recognized that the new ordinance calls for a 4 foot fence for protection of innocent—and very inquisitive and prying—kids. Most safety regulations look good on paper. Ever and always present is—however—the fragile, human element. It may take—but one forgetful moment before a 3 year old gets past an unlocked gate and next to the very inviting but permanently-deadly (or deadly, permanent) pool.

Drowning is in this country the third largest accidental killer of children 1 to 4 years old and the second largest killer of children 5 to 9 years old. I am sure that any parent of a child 1 to 10 years old will watch with much

uneasiness the construction of a permanent pool next door. Any time the kids are out playing the parents must ask themselves with anxiety and apprehension: "Did they remember to close and lock that gate. Or did the safety catch work properly."

"For the safety of our children swimming pools should be restricted to the relative seclusion of larger-than-average lots.

AN ORDINANCE TO PROVIDE FOR THE CONSTRUCTION OF SWIMMING POOLS IN THE TOWNSHIP OF SPRINGFIELD COUNTY, NEW JERSEY.

IT IS ORDAINED BY THE TOWNSHIP COMMITTEE OF THIS TOWNSHIP OF SPRINGFIELD AS FOLLOWS:

SECTION 1.—DEFINITIONS

As used herein, the following words, terms or phrases listed below for the purpose of this Ordinance, except when the context requires a different meaning, shall be defined as follows:

(a) **CONSTRUCTION**—small, mean and include building or enlarging a new swimming pool or enlarging an existing swimming pool or any of its facilities.

(b) **PERSON**—includes corporations, companies, associations, societies, firms and partnerships, as well as individuals.

(c) **POOL**—means any private swimming pool of more than 100 cubic feet capacity, permanent construction, and all equipment and apparatus used in connection with the pool for swimming or bathing.

(d) **WADING POOL**—shall mean and include a permanently constructed pool not designed or used for swimming, with a maximum area of 100 square feet and a maximum water depth of 12 inches.

(e) **PORTABLE POOL**—means any above surface pool of more than 100 cubic foot capacity, not stationary or fixed and capable of being removed for storage.

SECTION 2.—PERMIT

Application for permit to construct, establish or maintain or to alter, remodel or add to a permanent private swimming pool or wading pool shall be made to the Building Inspector by the owner of the property. The application shall be accompanied by two (2) sets of plot plans showing property lines of the premises, all existing buildings and structures thereon, and the location and dimensions of the proposed private swimming pool or wading pool and all auxiliary structures and all existing fences or walls and the height thereof, and two (2) sets of specifications for the proposed private swimming pool or wading pool and all auxiliary structures and equipment related thereto and the location, height and aperture dimensions of the fence, the location, together with the gate and its locking or latching devices.

SECTION 3.—APPROVAL OF PLOT PLAN, PLANS AND SPECIFICATIONS

No permit for a private swimming pool or wading pool shall be issued by the Building Inspector, until the plans, specifications and plot plans have been approved by the Planning, Health Officer and the Plumbing Inspector of the Township and such approval has been properly certified on the plans.

SECTION 4.—PERMIT FEES

The fees for construction of a private swimming pool or wading pool shall be governed by the fees established in the Building Code for the town of Springfield.

SECTION 5.—CONSTRUCTION AND MAINTENANCE

All materials used in the construction of private swimming pools or wading pools shall be waterproof and so designed and constructed as to facilitate emptying and cleaning and shall be maintained and operated in such manner as to be clean and sanitary at all times. Pools of treated water shall be so located and spaced as to secure satisfactory dispersion of the water throughout the pool, and to permit draining, cleaning and disinfecting of the bottom and sides. Sand or earth bottoms shall not be used.

SECTION 6.—ACCESSORY BUILDINGS

Any accessory buildings that are to be constructed must comply with that portion of the Zoning Ordinance pertaining to accessory buildings. Locker rooms, bath houses, cabanas, shower rooms, toilets, and all other physical facilities or equipment incident to the operation of any private swimming pool or wading pool, shall be kept in a sanitary condition at all times.

SECTION 7.—PERMITTED SIZE OF POOL

No private swimming pool or wading pool and its accessory buildings shall cover more than 20% of the rear yard of the lot involved. The rear yard designated to be so dedicated in the Zoning Ordinance of the Township of Springfield.

SECTION 8.—WATER SUPPLY, PIPES, PUMPS AND FILTERS

(a) There shall be no physical connection between a potable public or private water supply system and such private swimming pools, wading pools or portable pools below the maximum height of 12 inches. Pumps, recirculating or heating system of said pool. The piping system shall be designed to fill the pool and circulate the pool water through treatment equipment. Sampling taps shall be placed conveniently obtaining samples of the water entering and leaving the pool. Portable water systems will not be permitted to drain the stored pool. The installation, repair and maintenance of the plumbing and sanitary codes of the Township shall apply to all private swimming pools or wading pools. All circulating units shall have sufficient capacity to recirculate the water contained in a pool within 8 hours or less.

(b) Pumps shall have capacity as required and shall be capable of washing filters at a rate of at least 10 gallons per minute per square foot of filter area in the unit. Pumps above pool level shall be of self priming design. If filters are above the water line of the pool, a check valve shall be in the suction line.

SECTION 9.—WATER USE—CLOSURE

(a) All pools not equipped with facilities for the recirculation and reuse of the pool water shall be subject to closure by order of the Board of Health during any period of emergency water shortage.

(b) Whenever any pool by reason of mechanical defects or failure to comply with the requirements of this ordinance, is a hazard to the health or safety thereof, the Board of Health shall order the swimming pool closed until such time as the swimming pool is repaired and kept such pool closed until no further hazard to the health or safety of the community exists. The Board of Health shall have the right of appeal to the Board of Health by the owner of such pool. The discharge of water from such pools into a storm sewer shall not be the action of the Health Officer.

SECTION 10.—DISCHARGE SYSTEM

All private swimming pools or wading pools or portable pools with a water depth of more than one foot, hereafter constructed, installed, established or maintained within the Township of Springfield, shall be provided with one drainage outlet, to be installed at the lowest point of said pool, not in excess of three (3) inches in diameter extending from said pool to either a storm sewer, lawn sprinkling system, adequate premises on which said private pool, wading pool or portable pool is located. The discharge of water from such pools into a storm sewer shall be permitted only where the capacity is adequate as determined by the Township Engineer. No private pool under wading pool shall be connected to the sanitary sewer system. Pool water may not be discharged at the curb or upon the surface of any street. The discharge of said waters shall in no case cause or create a nuisance or be an adverse property or to the public.

SECTION 11.—BACTERIOLOGICAL STANDARDS

Chlorine gas bearing compounds in solution shall be required as disinfecting agents for swimming pools, wading pools or portable pools. The use of ozone, ultra violet light or any other method wherein a residual cannot be determined is prohibited. More than 15 per cent of the samples of water taken from any private swimming pool, wading pool or portable pool, when more than 20 samples have been examined, shall not more than 3 samples, when less than 20 samples have been examined, shall contain more than 200 bacteria per cubic centimeter, or shall show positive test (confirmed) for coliform in any of five, ten cubic centimeter portions of water at times when the pool is ready for use. For the purpose of this section, any number of samplings of water on a single day shall be considered as one sample. The local Board of Health is hereby authorized to take samples to insure compliance with these requirements.

SECTION 12.—LOCATION

A private swimming pool, wading pool or portable pool shall not be located within 15 feet of any side yard, or rear yard line, nor shall any such pool be constructed, erected, installed or maintained in the front yard of the property.

In the case of a corner lot, a pool shall not be constructed any closer to the side street line than the property set back line on that street, or the required set back line for front yards as set forth in the Zoning Ordinance.

A private swimming pool or wading pool shall not be constructed or installed on any premises unless a residence building is also located on said premises, or unless said premises are part of a residence estate.

SECTION 13.—FENCING

(a) All private swimming pools now existing or hereafter constructed, installed, established or maintained shall be enclosed by a permanent fence of durable material at least 4 feet in height and shall be so constructed as to have openings, mesh, holes or gaps larger than 4 square inches in any dimension except for doors and gates, and if a picket fence is erected or maintained, the horizontal dimension shall not exceed 4 inches. All gates used in conjunction with the fence shall meet the same specifications as the fence itself and shall be equipped with approved locking and latching devices, and shall be closed at all times, when the private swimming pool is not in use. All existing private swimming pools shall be fenced within 45 days after passage of this ordinance.

(b) All portable pools, unless enclosed by a fence of the type and dimensions hereinafter specified shall be either (1) emptied when not in use or unattended, or (2) covered with a suitable, strong protective covering, securely fastened or locked in place, when not in use or unattended.

SECTION 14.—LIGHTING

No artificial lighting shall be maintained or operated in connection with a private swimming pool, wading pool or portable pool in such a manner as to be a nuisance or an annoyance to neighboring properties. Such lighting shall not shine directly upon any adjoining property. No unshielded lights shall be permitted.

SECTION 15.—ENFORCEMENT

(a) Every private swimming pool, wading pool or portable pool constructed, installed, established or maintained in the Township of Springfield shall at all times comply with the requirements of this local Board of Health. Any nuisance or hazard to health which may exist or develop in or in consequence of or in connection with any such private swimming pool, wading pool or portable pool, shall be forthwith abated and removed by the owner, lessee or occupant of the premises on which the said pool is located upon receipt of notice from the Building Inspector or Health Officer of the Township of Springfield.

(b) It shall be the duty of the Building Inspector and Health Officer to enforce the provisions of this Ordinance.

(c) The owner or operator of any pool within the Township shall allow the said Building Inspector and the Health Officer, or other authorized official, access to any private swimming pool or wading pool or portable pool and appurtenances thereof for the purpose of inspection to ascertain compliance with this Ordinance and all other pertinent Township Ordinances, at all reasonable times.

SECTION 16.—PENALTY

Any person, partnership, association or corporation or any member thereof or officer of same, who violates this Ordinance, or any part thereof, shall, upon conviction, forfeit and pay a fine not exceeding Two Hundred Dollars or be imprisoned for a term not exceeding 30 days, or both, for each and every offense. Each and every day that a violation continues and each and every day after notice, provided for in Section 15 herein, has been given, without abatement of the violation complained of, shall be deemed to be a separate offense.

SECTION 17.—INCONSISTENT ORDINANCES

All ordinances or parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed, but only insofar as they might otherwise apply to swimming pools.

SECTION 18.—VALIDITY OF ORDINANCE

If any section, paragraph, subdivision, clause or provision of this Ordinance shall be adjudged invalid by a court of competent jurisdiction, such adjudication shall apply to the section, paragraph, subdivision, clause or provision so adjudged, and the remainder of this Ordinance shall remain valid and effective.

SECTION 19.—EFFECTIVE DATE

This ordinance shall take effect immediately after final passage and publication according to law.

I, Eleonore H. Worthington, do hereby certify that the foregoing Ordinance was introduced for first reading at a special meeting of the Township Committee of the Township of Springfield in the County of Union, State of New Jersey, held on Wednesday evening, May 13, 1969, and that the said Ordinance shall be submitted for consideration and final passage at a special meeting of the said Township Committee to be held on May 27, 1969, in the Springfield Municipal Building at 8:30 P.M. at which time and place any person or persons interested therein, will be given an opportunity to be heard concerning such Ordinance.

Lindeman Displays CAP At Newberry's

SPRINGFIELD — Springfield Squadron, Civil Air Patrol is very proud of Warrant Officer Lillian Lindeman, CAP, for the display she arranged in J. J. Newberry's window this week. Miss Lindeman, who lives at 119 Baltusrol Way is Newberry's commercial artist and has set up this display as part of Civil Air Patrol's part in Armed Forces Week.

Civil Air Patrol as an official Auxiliary of the United States AF Force, is dedicated to promoting aviation to the public. This is the Air Age and Springfield Squadron is adding young people and adults in understanding Air Power and its part in our world of today.

Any young person 14 to 18 years of age may apply as a Civil Air Patrol Cadet or if over 18 as a senior member. Air Power is Peace Power.

Holy Name Marks Action-Show Nite

SPRINGFIELD — Co-Chairmen Mayor Vincent J. Bonadies and Alfred J. Kirby are planning an all-action show for the evening's entertainment for the Holy Name Society of St. James on June 15.

There will be a judo exhibition, college and high school wrestling, golf exhibition and also Angelo Bertelli, Notre Dame University All-American football player, will speak. The committee is working hard for the success of this affair. Tickets are \$1.50 for adults and 75 cents for the 7th and 8th grade boys, and this includes refreshments.

Committee: Les Scharfenberger, Joe Schimpf, Bill Loeffler, Ed Kaye, Fred Ronecker, Art McDeyritt, Lou James, Wally Zieser, Frank Courtney and Jack Lisa.

WIN CRAFT PRIZES—Projects entered by Regional High School students won top honors in the 2nd annual New Jersey Student-Craftman's Fair being held in the Public Service Auditorium, Newark. Union County winners are (l. to r.) Matthew Principe, 1146 Puddingstone Road, Mountainside for a worked leather arrow quiver; Alfonso Bendano of Garwood for a mosaic table and Russell Davenport Jr. of 202 Springfield Avenue, Berkeley Heights for a model antique pistol.

Regional High Students Beat Entire State

REGIONAL HIGH—Students at Jonathan Regional High School won 19 prizes, more than any other school, in the New Jersey Student-Craftman's Fair. The display was held in the Public Service Auditorium, Newark, with industrial and crafts experts doing the judging.

About 1,000 entries from junior and senior high schools throughout the state were shown. The top 45 projects will be entered in the national industrial arts program sponsored by the Ford Motor Co.

The New Jersey Vocational Arts Education Assn., Public Service Electric & Gas Co. and Ford sponsored the fair.

The Regional High School student winners who took either first, second or honorable mention in their classification are: Printing in one color, Arthur Herrmann, Charles Heard and Bruce Warner; printing in two or more colors, Robert Ball, Roy

Savings Receipts Up at Crestmont

SPRINGFIELD — New savings placed in Crestmont Savings and Loan Association totalled \$418,000 during the month of April, it was reported today by Loren F. Gardiner, President. The monthly receipts for this month show an increase of almost \$152,000 over the receipts of a year ago and are the highest for the year to date.

In addition, savings for this month are the highest for any April in the 16½-year history of association.

The rate of increase in savings at Crestmont, according to Mr. Gardiner, did not let up during the months of recession which adversely affected business throughout the country. These recent heavy receipts at this time may be interpreted, continued Mr. Gardiner, as a confirmation of the general return to the healthy condition of the economy.

DEATHS

Mrs. Laura C. Marcell
SPRINGFIELD—Mrs. Laura C. Marcell, wife of Howard K. Marcell, residing at 445 Morris avenue, died Monday in Overlook Hospital. She had a brief illness. Mr. and Mrs. Marcell were proprietors of a luncheonette in Morris avenue for many years and she was well-known throughout the Township. Born in Newark, Mrs. Marcell lived in Springfield for the last 10 years, moving here from Irvington.

She also leaves her mother, Mrs. Amelia Baumbusch of Cedar Grove, and three sisters, Mrs. Dora Lawlor of West Orange, Mrs. Eleanor Meacham of Cedar Grove, and Mrs. Lillian Wegner of Emerson. The funeral was held yesterday (Wednesday) at 8:30 p.m. at Smith & Smith Suburban, 415 Morris Ave.

Mrs. Thomas Williams
SPRINGFIELD — Mrs. Tinney Smith Williams of 79 Meeker St. died last Friday in Marlboro State Hospital of a brief illness. She was 79.

She was born in Hickory, Va. she had lived there and in Norfolk before moving to Springfield seven years ago. She was the widow of Thomas Williams. She was a member of the Order of Eastern Star. She leaves a daughter, Mrs. Margaret Buffalo of the home address and a grandchild. Services were held Monday at 6 p.m. at the Antioch Baptist Church.

Your Library

SPRINGFIELD — This week the Free Public Library of Springfield received a very welcome gift. Bonnie Boettger and Jeff Lanes, members of Mr. George Cuzzillo's geography class at Jonathan Regional High School, have compiled a list of industries in Springfield. They presented a copy of this to the library.

This is a tool which the Library has needed for a long time. Business people sometimes inquire about the industries already located in Springfield. An assignment to survey their home towns is sometimes given to college students of political science, economics, or history. Up until now, these people were referred to the town directory, the yellow pages of the telephone book, and advertisements in programs of local shows. From time to time, the members of the Library Staff had tried to collect information, but could not spend the time needed.

These young people have done a very thorough job. They made eleven trips to see places of business and conducted many inter-

Pitney Is Named To Bd. of Adjustment

SPRINGFIELD — John C. Pitney, 52 Woodcrest Circle, has been named a member of the Board of Adjustment to take the place of Rupert H. Humer, recently resigned. Mr. Humer was elected to the Board of Education last February and his resignation from the Adjustment Board has been accepted by the Township Committee. Mr. Pitney will serve until the end of Mr. Humer's term, December 31, 1960.

views. "Most business concerns were cooperative and helped the young people. The list is well-arranged and beautifully typed. Bonnie Boettger and Jeff Lanes and their teacher, Mr. Cuzzillo, are to be congratulated for a fine piece of work. It will be of tremendous help to this Library for many years to come."

The Library copy of the list has been reproduced to protect the original. A copy can be seen on the bulletin-board in the central hall.

Overlook Schedules 1st Nursing Survey

Rutgers University College of Nursing, and Overlook Hospital next week will begin at Overlook a joint survey, first of its kind to be conducted in any general hospital in the United States, which will test under actual working conditions a new concept for improving nursing care of patients in all hospitals.

Dean Ella V. Stonsby of Rutgers Nursing College, and Robert E. Heinlein, director of Overlook, announced the precedent-making project to run from May 24 to May 29, during which Dr. Marguerite E. Kakosh, assistant professor at Rutgers, will make "cost by time" accounting of all nursing personnel activities at Overlook during the full 24-hour period of each of the five days of the survey.

Pointing out that the shortage of hospital nursing personnel has become a major problem of both

professional and public national concern, Overlook and Rutgers officials explained that the survey is designed to approach the problem of nursing shortage by determining whether, and how, hospitals might make more efficient use of existing nursing personnel for better patient care.

The survey will enable researchers to pin-point time spent and tasks undertaken for care of patients and cost allocated to nursing budgets. This will lead to recommendations for maximum use of existing hospital personnel, and thus to better patient care.

Three Reasons for Survey

Three principal considerations have led to Overlook Hospital's determination to conduct this survey, according to Mr. Heinlein. They are: The need to establish exact budget estimates for hospital nursing service, which consumes the largest part of the hospital operating dollar; the need to improve constantly the efficiency of existing hospital nursing service personnel; and to arrive at better guide rules for the type of

nursing care needed by patients suffering from different kinds of illnesses.

The expectation that Overlook and Rutgers share, Mr. Heinlein explained, is that this survey will disclose many ways in which we may be able to improve the efficiency of hospital nursing care in general.

Meetings Being Held

Kakosh of Rutgers, study director, has been meeting with Mrs. Grace Phelan, chairman of the nursing study committee; Mrs. Eina W. Dover, director of nursing service department; Mrs. Lillie Turley, evening nursing supervisor; and other Overlook Nursing service people since March, to study the hospital preliminary to establishing the survey. A trial run was made May 12 to anticipate problems.

She points out the study will determine 8 types of nurse activities—direct patient care, indirect care, security, coordination of professional, technical, institutional and personal services and lost time. The "cost by time" method of studying activities performed by nurse personnel, was developed by Dr. Kakosh. The study will rate patients according to helplessness, she said, and special situations in the hospital will be considered so that the survey is not biased.

Overlook Typical Hospital

Dr. Kakosh noted, "since Over-

To Head Up ORT Regional Meeting

SPRINGFIELD—Mrs. Philip Goldhammer of 7 Essex Road, Springfield, is chairman of the June 2nd Planning Conference for the North Central Jersey Region of Women's American ORT (Organization for Rehabilitation through Training) to be held on Tuesday, 7:30 p.m. at the Hotel Essex House. Mrs. Goldhammer also headed the November, 1958, Conference and is assisted by Mrs. Robert Linde, in charge of registration.

Reservations are being handled by Treasurer Mrs. Martin Sherman of 23 So. Derby Road, Springfield. There will be 16 workshops and a plenary session held at the conclusion of the workshops. At this time awards will be presented for outstanding chapter diaries. The North Central Jersey Region is composed of 18 chapters at the present time. Mrs. David M. Goldring of Maplewood is the president.

Look is a fully accredited general hospital with about 250 beds serving 12,000 patients annually from 15 surrounding communities, we feel that results of our survey will be applicable to most general hospitals. All nursing service personnel to be surveyed will record their activities every five minutes throughout the five-day study period. The study will be taken in all wards of the hospital on all shifts during the Sunday evening (May 24) to Friday evening (May 29) work week. Recording data, Dr. Kakosh said, is a simple process taking little time.

In concluding, Mr. Heinlein and Dr. Kakosh said: "Knowing the proportion of time nurses spend in clerical work, telephone messages, ordering, procuring, delivering and storing supplies and other non-professional tasks will aid us in making suggestions for improvement of nursing and hospital service generally."

"To the extent this study affects the reorganization and reallocation of functions and activities of the nursing service department and all other hospital departments, the nurse will be free to nurse and the patient will benefit."

Results of the study, expected to be completed early in 1960, will be made available to all interested parties, Mr. Heinlein said.

GIRL SCOUT CORNER

SPRINGFIELD—Brownie Troop 845, Leader, Mrs. Janet Mumford. Co-leader, Mrs. Edna Franklin. After two years as Brownies, the girls of this troop are looking forward to the "Fly-Up" Ceremonies on May 22. The past two years have been successful and pleasurable. Mrs. Mumford and Mrs. Franklin led the girls into many interesting situations and places, including roller skating, picnics, and the climax of the year, a trip to Madison Square Garden to see the Circus. The year has been rewarding in that the girls learned many Girl Scout Obligations and Laws, as well as doing some worthwhile work. They sold Girl Scout Cookies and made stuffed animals for sick children. The girls are looking forward to many more years of Girl Scouting.

Troop 749, Leader, Mrs. T. Dziubaty. Co-leader, Mrs. E. Edelstein. For the past few weeks the girls have been working most diligently to complete all the re-

Dayton Principal To Help Dickinson

SPRINGFIELD—Dr. Raymond T. Jacobsen, principal of Jonathan Dayton Regional High School, has been elected to the executive committee of the New Jersey Secondary Principals Assn. and president of the North Jersey Alumni Assn. of Dickinson College, Carlisle, Pa. Dr. Jacobsen was named to the executive group during a Visit-to-Research Center, Princeton. He will serve on the eight-man committee two years.

In his third year as principal of Jonathan Dayton School, Dr. Jacobsen was Somerville High School's principal 12 years. He was graduated from Dickinson in 1932.

Tobacco manufacturers report that about 4,000,000 Americans use snuff. They consumed 35,000,000 pounds of it in 1957, slightly more than in 1957. Snuff sales haven't fluctuated more than 5 per cent in any year for decades, manufacturers say.

What's in it for me?

If he'll work, there's faith in his future.

Nothing...and everything

It will demand your free time—often when you want that free time for other things. It will demand sincere enthusiasm and concentration.

It will demand money, perhaps... certainly hard work and the sacrifice of some personal pleasures and whims.

In return you'll have nothing you can hold in your hand... or put in the bank... or stick up over the mantelpiece. Nothing but priceless faith. Hardly a specific. But faith is not a specific thing. It comes when you need it most... and where. That's part of its strength—a strength that's as strong as you want to make it.

Find the strength for your life...

CONFIRM FIVE IN LUTHERAN FAITH
SPRINGFIELD—In the presence of a capacity audience of parents, relatives, and friends, five young people were confirmed in the Lutheran faith last Sunday, May 17, at Holy Cross Lutheran Church, 639 Mountain Avenue.
Admitted into full communicant membership through the rite of confirmation were: Karl Keller, 23 Remer Ave., Carol Mithon, 89 Hawthorne Ave., Walter Witt, 657 Mountain Ave., Patricia Sullivan, Summit, and Pauline Lissy, Chatham.
The rite of confirmation is administered in the Lutheran Church upon successful completion of a thorough course in the basic truths of Christianity. The young people confirmed Sunday had spent two years of instruction sessions with the Pastor.
In his confirmation sermon based on II Tim. 3:14-15, Pastor Messerschmidt urged the confirmands to "continue in what you have learned and have firmly believed, knowing from whom you learned it, and how from childhood you have been acquainted with the sacred writings which are able to instruct you for salvation through faith in Christ Jesus."

WESTALL, 17 Yr. Resident, Dies
SPRINGFIELD—The anniversary of John Wesley's heartwarming experience will be held in the local Methodist Church, Main Street and Academy Green.
The founder of the Methodist Church, John Wesley, was born in Epworth parsonage (England) on June 28, 1703. He is honored today throughout many Methodist Churches in special services. Charles and John Wesley exerted such an influence upon England as to "save it from lapsing into the Dark Ages," according to English historians. John preached the gospel, Charles sang it, while they both lived the gospel, so that the whole of England and eventually the world were blessed by their labors.
The public is invited to attend.

Art Lovers Hear Interesting Talk

SPRINGFIELD—Alfred Khouri, prize winning portrait and landscape artist was guest lecturer Tuesday at the Springfield Art Center and the Springfield Recreation Department at the Florence M. Gaudin School.

Mr. Khouri, Color Consultant for the fine arts department of M. Gramacher Inc. has demonstrated casein painting throughout the country, painted a flower piece in casein (sometimes referred to as sour milk painting since casein is made from a milk acid). He explained each step and concluded by over-painting in oil paint.

Deborah To Install Officers May 25

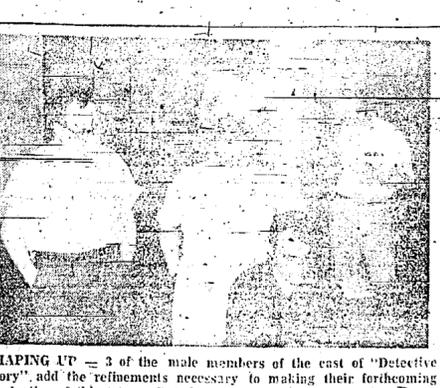

SPRINGFIELD—Suburban Deborah League will hold its annual Mothers' Night and Installation on Monday, May 25, 1959 at 7:30 p.m. It will take place at the Chanticleer, Millburn, N. J.

Mrs. David Feldman is chairman of the evening, and Mrs. Joseph Crabis is reservations chairman. Mrs. Allen Borsky, president will give the chapter's annual report.

Suburban Deborah League has grown in the past year to a membership of 250 women from almost every town in eastern Union County and southwestern Essex County. The chapter's sole purpose is to raise funds for the Deborah Hospital, Browns Mills, N. J. At present, Suburban Deborah League is sponsoring four patients at the free, non-sectarian hospital. One is an 18 year old Newark girl suffering from T. B., the second an 8 year old Hillside boy who has just undergone successful heart surgery, another is a seven year old Irvington girl who is scheduled for heart surgery, and the fourth is a 13 year old Hillside boy who has just been evaluated for surgery.

Mrs. Edward T. Miller, past president of Newark chapter of Deborah and a member of the speakers' bureau of the Deborah Hospital will install the officers of Suburban Deborah League. Those scheduled to take office are: President: Mrs. Norman Stronach; Vice Presidents: Donor, Mrs. Milton Friedman; Merchandise, Mrs. Morton Parish; Ways & Means, Mrs. Sidney Schneider; Program, Mrs. Bert Bruder; Secretaries: Social, Mrs. Harry Cohen; Recording, Mrs. Walter Hansen; Corresponding, Mrs. Sherwin Goodman; Financial, Mrs. Sanford Resnick; Treasurer, Mrs. Howard Siegel; Historian, Mrs. Seymour Krell Trustee, Mrs. Harold Barg, Mrs. Irwin Diamond, Mrs. Benjamin Kanter, Mrs. Estelle Forman, Mrs. Sanford Kessler.

Mrs. Stromeier, a resident of Springfield, is the former Carol Raphael of Hillside. She was a secretary of Temple Beth Ahm, former officer of Newark Link No. 3, OGC, and a member of the Connecticut College Club of New Jersey.

Shaping Up = 3 of the male members of the cast of 'Detective Story' add the refinements necessary to making their forthcoming production of this 1st run Broadway show a big success. The drama, sponsored by the Dramatic Group of Springfield's Temple Beth Ahm will be presented at Summit High School, May 23 and 24. Left to right: Jack Silverman, Chuck Kessler and Mike Dana.

Curtain Raises On 'Detective Story'

SPRINGFIELD—When the curtain is raised on "Detective Story" the well-known Broadway drama, this coming Saturday and Sunday, the time and effort of more than 30 people will be realized.

Members of the Dramatic Group of Temple Beth Ahm will present the show at Summit High School on May 23 and 24. Directed by Hal Ravkin, a professional TV director from New York, the actors and actresses will go through their paces with all the professional aplomb that thrilled audiences last year with the production of the musical comedy *Guys and Dolls*.

Members of the cast include Selma Seroff, Ray Kravetz, Paul

Allan Ravin Named Head of Dems Club

SPRINGFIELD—Allan Ravin of Pitt Road, was elected president of the Springfield Democratic Club at a regular meeting of the organization held Monday evening in the V.F.W. headquarters.

He will be assisted this year by Frank Metione as vice president, Peter Higes as treasurer, Anne Olesky, secretary, and Doris Logan, corresponding secretary.

Democrats attending Monday evening's meeting were treated to an interesting address by Prof. George Horsley Smith of Rutgers University. Subject of Prof. Smith's talk was "New Trends in Motivation," which led to a lively discussion during the question and answer period.

Reports were received that a large crowd is expected next Thursday (May 28) night at the Shackamaxon Country Club when the Democratic victory dance is to be held with state and county celebrities attending.

Chodas Pitches No-Hit Game

SPRINGFIELD—On Tuesday night Bobby Chodas of Geljack Jewelers pitched a no hit no run game to beat the Har-let's team 11 to 0. He struck out 13 and walked 4. He received a lot of help from the plate Gene Zorn hit two homers in one inning. George Franklin had 3 for 3, and Bob Shea also chipped in with a home run. Alan Lubiner pitched the Geljack Jewelers to a 6 to 3 victory over the Chamber of Commerce to keep them tie at the top of the Youth Minor League with Chadwick Realtors. He allowed 5 hits and would of have had a shut out except for a couple of errors. George Franklin again big guns at the plate going 2 for 3. How about more of you parents and neighbors coming out to these games. Because I think once you come out to one of these games you will like it so well that you will make every effort to get out to see as many as you can.

SCHOOL BEAT

By Marsha Wilson

Doings At Regional High School

Another first for Regional—last week's production of the "Student Prince." Everyone who came commented on the professional job done by Ron Barz, Diane Ashfield, Tex Nolen, and Mark Biddelman. Highlighting the evening were a professional orchestra and authentic costumes from Broadway.

The smoothness and grace with which the production was staged astounded everyone. My thanks to all those who supported the show, either by tickets or booster money!

Sue Oakman, a senior from Springfield, has received a \$1,600 scholarship to Goucher College, Maryland. Sue plans to teach high school math.

Plans are being made for the annual Dayton News and Student Council picnics. The Student Council plans to go to Forest Lodge. The Dayton-News plans to hold their picnic at Surprise Lake.

Friday, May 29, is the date set for Regional's spring concert. This year—the Arthur L. Johnson Regional High School in Clark will combine with us in presenting the program. Tickets will be 75 cents. All the girls will wear formals.

Three RHS students have been selected for the 1959-60 All-State Chorus. They are: Mark Biddelman, sophomore from Springfield; Gail Guenther, junior from Berkeley Heights; and Bill Clark, junior from Kenilworth. Along with the other 350 selected voices, they will perform in Atlantic City and the Mosque Theatre in Newark.

The Sophomore Class plans a cake sale for Tuesday, May 19. They will use the money they

raise for their Junjof from next year.

The Senior Class is beginning its preparations for senior class night (June 12), and our class trip (June 5), our class gift, and our class prophecy. Graduation exercises will take place on Thursday, June 18, at 6:30 p.m.

There are 19 school days left, and 20 days until graduation!

School Menu

Menu for Week of May 25

Monday: Frankfurters, macaroni salad, peaches, roll, butter, milk.

Tuesday: Hamburgers, pickle, potato, fruit cocktail, roll, butter, milk.

Wednesday: English muffin pizza, cole slaw, plums or pineapple, peanut butter sandwich, milk.

Thursday: Meat loaf, mashed potatoes, gravy, buttered corn, jello, bread, butter, milk.

Friday: Tuna fish salad, potato chips, lettuce with French dressing, roll, butter, milk.

Officers Named By Mothers Guild

SPRINGFIELD—The Mothers' Guild of St. James met in the school auditorium on Monday, May 18, at 8:30 p.m. President Jeanette Abrahamson presided.

The slate of officers prepared by the nominating committee was read for the second time and voted on. The following officers were elected: President, Jeanette Abrahamson; vice-president, Agnes Affloie; corresponding secretary, Phoebe Leedy; recording secretary, Lucy Leonardis; treasurer, Estelle Ferguson. These officers will serve for the school year 1959-60.

Mrs. Wade's afternoon first grade won the yearly award for the most mothers attending Guild meetings.

Following the business meeting refreshments were served by Mrs. Ann Lisam, Mrs. Dolores Litzbe, and their committee of kindergarten mothers.

Holy Cross Ladies Luncheon Together

SPRINGFIELD—To enable the women of the congregation to know each other better, Holy Cross Lutheran Church, 639 Mountain Ave., last Thursday noon held a get-acquainted luncheon.

Program co-chairmen were Mrs. E. Casey, 1009 Charles Street, Mountainside, and Mrs. L. Messerschmidt, 639 Mountain Avenue, Springfield. Assisting as hostesses for the occasion were Mrs. Walter Gaestel, 34 Bryant Ave., Springfield, and Mrs. L. Luedeker, Chatham. Entertainment consisted of group get-acquainted games and films.

Highlight of the day was a modeling of novel hats especially designed for the occasion.

Soos Confirmed At St. Rose Of Lima

TAKING CARE OF YOUR GARDEN

Chairman, Springfield Shade Tree Commission
By Edward A. Cardinal

Hordes of Eastern tent caterpillars are invading our gardens and have caused more damage to our nerves than to our plants. Most injury is done as the young caterpillars emerge from the egg mass and start to feed voraciously upon the tender foliage close by the web. After the insect becomes an adult, it wanders quite some distance looking for the proper tree to spin a cocoon and pupate. During this period of wandering the insect can become quite a pest and most of the ladies cringe at the sight of one wandering over the patio, yet when this insect becomes a pretty moth a short time later, we even go so far as to collect them and frame them in trays.

The best treatment is to spray the tree foliage with arsenate of lead, DDT, or many other insecticides too numerous to mention. The caterpillar then dies after eating the foliage. Don't try to control them during the wandering stage, but apply a spray to the foliage of all your trees and shrubs in case they do stop to feed upon them.

Q: My lawn has looked lovely all spring, but now it has a brownish-east-like dead straw. Shall I fertilize, or what?

A: I visited this lawn personally and found just as I suspected—the lawn mower was not cutting properly and was pinching the grass blades. The hot sun would dry out the top of the grass and cause a die-back, giving a dead appearance to the lawn. This happens so often that I would suggest checking your lawn mower at this time, even though it was recently sharpened. Put a piece of newspaper between the reel blade and the bedknife blade and if it is not cut clean, have the mower adjusted. Rotary blades should also

be kept sharp, or the same condition might show up.

Q: I recently used a weed and feed on my lawn with excellent results, for all my dandelions have disappeared. Shall I do this every month?

A: I do not believe in applying any more chemicals than are needed. This product is an excellent weed-killer, but only kills the weeds that are actually growing at the time of application, not

the weed seeds. Apply another dose the next time you feel there are enough weeds present to warrant the time and expense.

Q: What is the best sprayer to use, and what is the cost of a good one?

A: One to three gallon capacity tank sprayers are generally the most satisfactory for the home gardener. Some hose syphoning devices are also satisfactory, but care should be used in selection

of one, for many are not accurate and besides being costly to operate, it might dispense so much material that it could cause damage. Let your garden center advise you in the selection of one.

A good tank sprayer can be had for as little as \$6.95, or as much as \$35.00 for some stainless steel models. Hose syphoning devices of a good quality range in price from \$3.49 for a two gallon capacity to \$9.95 for the six gal-

lon size. Be careful not to get a fifteen gallon type that is used primarily for lawn work, or you will waste much material.

Note: Write to this column for our booklet on spraying in the garden.

At the height of World War 2 only three London churches remained whose bells could be rung. The others had been destroyed by Nazi bombing.

ALL STAR YOUTHS TO PLAY MAY 22

SPRINGFIELD — On Friday, May 22, the Major Youth League will play an all star game at the Irwin field starting at 6:30 P.M. The players participating in this game have been selected by each of the six managers picking five boys from his team, then players from three of the teams playing players of the other three teams. These two teams will be managed by Bruno Becker and Frank DiBiase. In this game you will see two of the better pitchers of the league, Froggy Friedman and Chieci Monticello, opposing each other. We would like to see a large crowd out at this game as it should be a very interesting game to watch.

Mental Health

(Continued from Page 1)
Mrs. James Greeley, 21 High Point Drive, Mrs. C. L. Seltzer, 32 Sherwood Road, Mrs. Russell Hillier, 22 Park Lane.
Mrs. Hillier and Mrs. Forsyth stressed that all residents of the community should be given the opportunity to support the fight against mental illness, which is the nation's greatest health problem. To insure complete coverage, they urged residents to volunteer their time and efforts when called upon to assist in the solicitation. They urged a generous response to this appeal for funds from all quarters.

In addition to the township property, land owned by the Walton and Harenburg families in South Springfield Ave. would be utilized, according to plans.
Tax Rate Hike Estimated
A letter from Frederick J. Stefany of Irvington, the board's auditor, stated that interest payments on a \$75,000 bond issue would increase the tax rate by 8 points.

next year and 15 points the following year. The succeeding year would see a reduction in the rate, Mr. Stefany said.
Mr. Stefany estimated that the 8-point increase would cost the owner of a dwelling at \$8,000 approximately \$6.40 more a year.
Announcement was made that Irwin Weinberg, township, and Howard Casselman, the board's attorney, have agreed that a drainage ditch on the proposed school site will be covered when the voters authorize the necessary funds. The governing body pointed out May 13 to board representatives that the township requires all developers to cover open drains on property they acquire.
Mayor Bonadies said a "satisfactory answer" may be found soon to the problem of constructing sidewalks in South Springfield Ave. The board has been urging the construction.

Use of eighth grade boys, as guides to direct younger pupils to crossings protected by special policemen was urged by Mayor Bonadies. He said the township has difficulty in providing a sufficient number of guards.
News that Stephen Peacock, former member of the school board, had resigned and his place taken by C. Roderic Gibbons, also a former member of the board, was disclosed Tuesday night.
Mr. Peacock resigned because of illness and Mr. Gibbons, according to A. B. Anderson, clerk of the board, was asked to give the School Board the benefit of his experience by accepting the appointment to the vacancy. He will serve until the next election in February at which time there will be a vote for the unexpired term.

SUNNING SPORTS

by VICTOR GOLDBERG

Last week was a slack one for Regional's athletic teams as the baseballers lost both games and the track squad took a sixth place in the Union County Tournament.

So now, I feel, is the best time to list the school track records. In the 100 yard dash there is a tie. George Smart and Solly Beemer set the mark of 10 seconds flat. The former did it in 1943, the latter in 1947. The same two hold the record of 22.3 seconds in the 220. Tom Allen ran the quarter mile in 51.5 in 1939. Last year Bob Keith set the half mile record in a 2:02.2 time. The mile mark is held jointly by Ed Sigerty and Henry Englehardt. Their time was 4:33.0. Sigerty's mark was made in 1938; Englehardt's in 1939.

Ray Walsh holds the record in the 120 high hurdles with a 15.6 time. He set it last year. Tony Castaldo ran the 180 low hurdles in 21 flat in 1956. The pole vault mark is 12' 2 1/4". Art Curtiss hit this mark in 1955. Cas Wolowicz broke the old broad-jump record of 21' 3" set by George Smart. Wolowicz leapt 21' 4" against Union and 21' 7 1/4" in the County meet. Judd Herman's mark in the high jump was 5' 10 1/4" set in 1951. In 1956 Curt Merz set the school records in the shot put, and the discus. His distance in the former was 54' 1" and in the latter was 143'. Roy Belliveau has the javelin mark with 208' 9".

Bob Smith, a sophomore, has a chance to break the quarter mile record within the next two years. His best time this year was 54.3. Tony Hartman has been threatening Keith's half mile record all year. His best time was 2:02.5 against Rahway. Jerry Stuver ran a 4:34.4 mile in the County meet. Wolowicz had a 21.3 in the 100 low hurdles against Summit. Dick Johnson has a chance to top Wolowicz's broad jump record in his next two years at Regional. His personal high this year was 19' 4 1/4". Herb Etzold has a remote chance at the high jump record. His high this year was only 5' 5" but he has two years left to work on it. The above are the only records which should be threatened in the next two years.

Jays & Canaries Tie In Softball

MOUNTAINSIDE—The end of the first half of the girls' softball schedule finds the Bluejays and Canaries tied for first place, and the champion Wrens lagging behind by one game. Thus far, the girls have played "real ball."

Monday, May 11, the Canaries won over the Cards 12-10, and the Eagles over the Orioles 13-11. This was the first winning game for the Eagles. They were slow starters, but are now moving up.

The Bluejays beats the Wrens, Tuesday, May 12, in one of the most exciting games of the season. Both teams played exceptionally well—so much so that the scorers had difficulty concentrating on their jobs. The score was 6-1! On the adjoining diamond the Cardinals defeated the Orioles 16-10.

The game scheduled for Thursday, May 14, between the Canaries and the Wrens, was cancelled. However, the Eagles played the Cardinals, winning 6-4, thereby launching the second half of a most interesting series.

Local BB Wins 2 Keg Titles

Springfield's B'nai B'rith bowling teams won both the National and American League Championships of the Essex County B'nai B'rith Bowling Leagues. Each league consists of 16 teams from the eastern portion of Essex and Union Counties.

Team trophies and individual awards will be presented to the winners at a Bowler's Dinner, to be held at the Essex House in Newark on Saturday night, May 30.

CYO Youth League Games

SPRINGFIELD—The Black Sox took a slugging come-from-behind game from the Red Sox in the last inning 9-8, on May 12. Charlos was credited for the win in relief of Cesar Brown. Jimmy Lies went all the way for the losers.

The Green Sox climbed on the Blue Sox and evened their score with them for the opening game. Score 12-2. Butch Zeiser went all the way for the Green Sox, striking out eight batters.

The Red Sox, behind the steady defense of their infield and Mike Johnson's pitching, beat the Blue Sox in a well played game 3-2, on May 14.

The Black Sox and the Green Sox tangled in a wild free scoring game with Gilligan singling in Slipka and Cornfield with the tying and winning runs in the bottom of the last inning, Green Sox 10, Black Sox 9.

Jim Lies on the mound for the Red Sox fielded a well hit ball and threw his man out at first to stop a Green Sox rally one run short and give his team a well deserved 4-3 win over the Green Sox on May 19. The Blue Sox topped the league leading Black Sox 9-6 in the other Major League game.

In minor-league play the Giants 5, Indians 3 — Dennis Balback came in in relief with bases loaded the last inning and set the next three batters down in order, to save the win.

Cubs 1, Pirates 0. Henry Charlos, pitcher for the Cubs, hit a triple with a man on for the only score of the game.

Tigers 4, Dodgers 1. The big blow of the game was a triple by Phil Mainelli with two men on in the second inning.

The French physiologist, Pierre Flourens (1794-1867), was the first to use chloroform in surgical operations.

Sir Isaac Newton invented the reflecting telescope and cast and ground the first telescopic mirror with his own hands.

DRAKES WIN TWO

On Saturday the Drakes won two games beating the Elks 5 to 1 and the Angelton's 6 to 0. In the first game Bobby Baker held the Elks to just two hits, with Edwin Schnell big guns at the plate going 4 for 4. In the second game Billy Erhardt gave up on one hit to beat the Angelton's 6 to 0. Again Edwin Schnell was the big man at the plate with 3 hits, out of 4 times at bat.

CAR HOP AND KIWANIS LEAD MAJOR YOUTH DIVISION

The Kiwanis beat the Rotary and Big Top Car Hop to tie the Car Hop for the lead in the Youth Major Division. As a result of a tie game between the Car Hop and Kiwanis, the play off was Saturday Morning with the Kiwanis winning 6 to 2. Russ Fleming was the winning pitcher for the Kiwanis. Chieci Monticello hit a home run with a man on base to give the Car Hop their two runs. How about more of you parents and neighbors coming out to see these boys play. Only last week one of the boys was the talk of the town with his power at bat and brilliant fielding, so lets see if we can't get more parents and neighbors out to see these games.

with precision-controlled **ELECTRIC COOKING**

Cooking know-how is built right into a flameless electric range. Just set the dial and forget the guesswork. Whether you're using the electric oven or the surface unit you're sure of constant, unvarying temperatures. The heat is exactly controlled, automatically. Even the most difficult recipes turn out cookbook perfect, time after time when they're cooked electrically.
