Beth Ahm To Hold Services At Regional

Because of the rapid recent growth in the membership of Temple Beth Ahm, the present facilities have been taxed to the utmost during the current High Holiday season, and the Temple administration has indicated that Kol Nidre Services for Yom Kippur will be held in the auditorium of the Jonathan Dayton-Regional High School next Sunday evening, Oct. 11.

Seymour Cohen, the chairman of the Religious Affairs Committee said, "We have been moving just as fast as possible with our new building plans. However, our needs have caught up with our building progress and we need more space than we now have available."

"Although our Hebrew School children were at the Caldwell School for their own services for Rosh Hashanah, there was still insufficient room for their parents in our present building. Therefore, we have decided to take our traditional Kol Nidre Services to the High School auditorium this Sunday evening. Services will start at 6:30 p.m. promptly and admission will be by ticket."

"We are grateful for the High School authorities for their understanding co-operation in making the auditorium available to us on this short notice." Services on Monday, October 12, will be held at the Temple Beth Ahm as usual, starting at 9 a.m.

College Scholarships To Be Offered By Local Elks

A total of 130 college scholarships, valued at \$100,000, will be awarded by the Elks National Foundation in the 1960 Most Valuable Student Competition, Herbert E. Fay, Exalted Ruler of Springfield Lodge 2004 announced today.

The number of awards and the amount are record highs in the 26 year history of the scholarship competition sponsored by the Foundation, nation-wide charitable trust fund of the Benevolent and Protective Order of Elks, Mr. Fay said.

Ranging from \$700 to \$1,400, the scholarships are intended to give the country's best students opportunity to develop their talents to the fullest. The most valuable student competition is open to high school seniors and college students below the grade of senior who are citizens of the United States.

Identical awards, offered for boys and girls in separate competitions are: first, \$1,400; second, \$1,200; third, \$1,000; fourth, \$1,100; fifth, \$1,000; five awards of \$900 each; ten awards of \$800 each; and 45 general awards of \$700 each. Winners will be announced at the Elks Grand Lodge Convention in Dallas in July, 1960.

The competition emphasizes scholastic ability. Applicants must have a scholarship average of 90 per cent or better and be in the upper five per cent of their class to qualify in the national finals. Applicants are judged also on citizenship, personality, leadership, perseverance, resourcefulness, patriotism, general worthiness and financial need.

Civil Defense Officials Prepare For Sunday "Hurricane" Alert

The scene of the simulated hurricane disaster which will strike the Woodside section on Sunday, will be well policed, Springfield Civil Defense officials said today.

Through the combined efforts of Civil Defense Director Saul Freeman, Acting Police Chief Wilbur C. Selander, and LeRoy Roberts, Police Reserve Captain, a "hot light" rescue truck has been purchased. The vehicle, which has been allocated to the Springfield Police Reserve, is being outfitted and equipped through the support of many public-spirited citizens. Lumber for benches and cabinets was furnished by Channel-Lumber Co. and carpentry work by Henry Grabarz.

It is hoped that rescue equipment will also be donated in whole or in part, and that the vehicle will be fully ready for use during the October 11th drill. Chief Selander has stressed that all police activities during the test will be furnished and coordinated by the Police Reserve, and that a police vehicle will be provided for use of Reserve Captain Roberts. The new rescue truck will be used to transport men and equipment to the Woodside area.

The simulated disaster will provide the first large-scale test of coordination of local CD units. Reacting upon the assumption that many buildings will have been collapsed, that some are burning and that residents are trapped in the wreckage, the Civil Defense Council will tele-type an urgent request for ambulances from neighboring communities. A complete emergency hospital unit will be set up in the Gaudineer School. Police reservists will control and direct rescue equipment and traffic in the stricken area.

The Engineering Unit will first reach the scene with bulldozers, wreckers, earth scrapers, and trailers, in an effort to remove wreckage to permit rescue operations. The fire department will dispatch its vehicles to combat fires, and effect rescue of residents from the burning buildings. Ambulances, summoned by teletype, will shuttle between the disaster scene and the emergency hospital with volunteer casualties.

CD workers will assemble at noon to await the advent of the unforeseen disaster at 1 p.m. It is anticipated that the hurricane will subside at about 3 p.m. to enable the mobile field kitchen to feed the volunteer

Elks To Observe Newspaper Week

Springfield Elks Lodge No. 2004 will join with 1,893 lodges of the Benevolent and Protective Order of Elks in honoring the men and women who staff America's hometown newspapers during National Newspaper Week, October 15-21, Exalted Ruler Herbert E. Fay announced today.

"We Elks are proud of our free press and of the men and women who by their dedication to the job of keeping the people informed have helped to preserve and strengthen our democracy," Mr. Fay said. Mr. Fay noted that the Order's participation in the annual Newspaper Week observance has been an Elks tradition for the past decade. "It is a tradition that has great meaning for our Order, which stands for the preservation of our free society," Exalted Ruler Fay said. "We realize that by giving our support to the free press of our community and to the men and women who staff it we are helping to strengthen all the freedoms enjoyed by our society, here and throughout the nation."

Mr. Fay said that the lodge's plans for the observance, will be drawn up by a special National Newspaper Week Committee. National Newspaper Week, which is sponsored by Newspaper Association Managers, Inc., has been observed by the order of Elks since 1949.

'Holding Tax Line' Theme Of Democrats

Township committee candidates Russel W. Sibole and William H. Balentine last night held a rally of Republican and Democratic campaign workers that "a full and continuing dedication by every member of the governing body to the important problem of holding the tax line is vital to curb spiraling taxes in the years ahead."

Sibole and Balentine declared: "Despite the political pessimists who said last year it couldn't be done, the citizens of Springfield were heartened and delighted to achieve a 42-point tax reduction in 1958 under the new administration." Keynoting this tax reduction, Sibole and Balentine pointed out that the new administration's efforts in advance budget preparations, realistic departmental budgets were called for and application of good sound business practices applied in planning for future expenditures, the candidates stated.

This didn't just mean planning budgets for the next year, but planning as many as three years ahead as the new administration has done, the candidates noted. "Such planning not only provides for current expenditures, but serves effectively and efficiently to control anticipated expenditures, that may be forthcoming," Sibole and Balentine said.

"Simply stated," Sibole and Balentine declared, "advanced budget planning helps to provide for future equipment and services when required, and prevents as much as possible the sudden 'fall of the axe' spending that sends our taxes soaring." "A large corporation would conduct its budgeting in the same manner," Sibole and Balentine said, "yet we must ask ourselves why this procedure was not followed by past administrations which denied any concern over runaway taxes in Springfield."

The candidates concluded: "Holding the tax line in Springfield must be the full responsibility of all members of the Springfield governing body." (Continued on Page 17)

Miss Elizabeth Kessler "Feels Great" At Age 97

Springfield's oldest living resident, Miss Elizabeth Kessler, celebrated her 97th birthday September 28. Miss Kessler, who now lives at the Colonial Rest Home, was born in Springfield and has been here all her life. "Aunt Lizzie" as she is known to her friends who showered her with cards and gifts, expressed surprise that "so many people knew when my birthday was. I guess I must be the oldest woman in town," she chuckled, with a touch of pride in her voice. Miss Kessler was the middle child in a family of five girls and a boy. Her parents came to this country from Germany, met in Springfield in the old 1744 Swain house on Morris Avenue and were married near here. When Miss Kessler's mother made the crossing of the Atlantic by ship 15 New York, the voyage took three

Donnelly Says Tax Audit Is (All Politics)

Township Committeeman Eugene F. Donnelly, speaking to a group of workers for the candidacies of James Cawley and Paul Beck had some comments to make concerning "the matter of tax-collections and the inquiry deemed necessary at this late date in the year into the operation of the office of the Tax Collector."

Mr. Donnelly said "in the interest of fair play to a public official of many years' standing, and to properly label as political smear the recently developed concern of the Democratic majority over the status of our tax collections, a few facts, considered objectively, will focus attention on the spuriousness of the motivation for same."

"As is usual in matters of this kind, continued Mr. Donnelly, the information that is not made public is necessary to a complete understanding of the 'problem'."

"An analysis of the nature and age of the personal property taxes will show that the majority of them are of recent vintage, that the persons or firms involved are for the most part in business in our Township; that efforts have been made from time to time to effect collection; and that given time most of them will be paid, if our history of the past is any criterion."

"Personal property taxes, where levied separately, are always a municipal problem. A tough collection policy could force earnest, hard-working local merchants out of business, which is certainly not a desirable situation."

"Adequate reserves have always been set up in our budgets prepared by the Republican majorities of the past, so that if eventually any write-off is necessary it has been anticipated and can not affect any current tax rates."

"It should be noted here that our tax collection figures have been around 95-96% in recent years, compared to the tax anticipation figures used in our budgets of 90%, the excess constituting a reserve for un-

GOP Wants Two Party System In Township

In a statement, released to the press Tuesday, James M. Cawley and Paul H. Beck, Republican candidates for Township Committee in the coming elections, make a plea to voters in Springfield "to retain our tradition of two-party government in the Township."

The statement in full is as follows, signed by both Messrs. Cawley and Beck: "We do not believe that the people of Springfield are willing to put the civic administration in the hands of an absolute majority of five Democrat township committeemen."

"The 1958 election gave the Democrats a three-man working majority in the governing body. Since only the two Republican seats on the committee are being contested, the Democrats cannot lose their control of civic administration in this election."

"We feel that the people are not ready to give up their right to minority representation in the township government in the township representation for service as petit jurors until October 9."

**POLITICS
ALL OVER
UNION COUNTY**

FREEHOLDER JOHN DEMOS

challenged the Republicans to explain why certain party faithful had to be appointed between the time the Republicans lost the last election and January 1, 1959. He said that there were 14 party faithful added to the Public Works Department costing the County approximately \$57,000.00 per year and 6 Court attendants appointed by the Sheriff, costing approximately \$27,000.00 per year.

He said he would like to know why these persons were so essential after election when they had not been planned for in the 1958 budget.

Freeholder Demos said that this was one of the problems confronting the Democratic Board of Freeholders in adopting their budget for 1959 in that they had to assume the burden of lame duck appointments by the Republicans.

There was approximately \$150,000.00 over-all added in salaries for Republican appointments between election day and the first of the year, Demos concluded.

FREEHOLDER ADOPHL WINSTON

stated that, as a Democratic candidate for the Union County Board of Freeholders he felt it an obligation to challenge the opposition to explain where the other \$10,000.00 of the Prisoners Welfare Fund went.

He said that the former Republican Sheriff admitted that he received \$2,200.00 of the \$12,000.00 and some additional dollars which were missing and, in turn, had turned it over to the Republican County Committee.

Mr. Winston said that he felt that it was incumbent upon the opposition to explain where the other \$10,000.00 went inasmuch as this was a Republican controlled fund. He thinks that the public is entitled to an explanation.

He said that the peculiar administration of the Prisoners Welfare Fund is typical of the mismanagement by the Republican Party. He cited the neglect at the John E. Rannels Hospital for Chest Diseases as an example of how the Republican Party failed to assume the obligation of Government. The hospital wiring system was condemned by the Board of Underwriters and necessitated the present Board of Freeholders to remedy the situation.

One of the problems confronting the present Board of Freeholders was the neglect of the physical facilities of the County Court House and its various agencies, he stated.

He stated that two years ago the Republicans spent \$110,000.00 to alter and relocate the Union County Probation Department. This job was done in such a poor fashion that it now necessitates the expending of approximately another \$20,000.00 in order to make it suitable for working conditions.

ON THOSE CHARGES OF NEPOTISM

Freeholder John Demos, Democratic candidate, said that he would be pleased to discuss the charges hurled by the opposition in relation to relatives on the County payroll.

Mr. Demos as Chairman of the Personnel Committee of the Union County Board of Freeholders is familiar with the situation of the few laborers positions that were given to his Democratic colleagues. He said he would welcome the opportunity to compare these few positions with the \$350,000 per year that the County is disbursing for Republican consanguinities.

He said that there are approximately several dozen husbands and wives on the County payroll and a like number of daughters-in-law, sons-in-law, cousins, nephews, etc. of prominent

Republican persons also on the payroll.

He said that he felt that apparently the Republicans had no issues to campaign on and had nothing to offer the public in the way of good constructive Government. "They offer nothing but weak criticisms without any constructive suggestions."

SUPPORTS COLLEGE BOND ISSUE

New Jersey colleges will be little more than souped-up high schools if the current public drift hardens into voter policy, Union County Democrat George Miller said.

"If we don't start building now, at least 11,000 students will be blocked from college in 1965," Miller said. "The children we're talking about are now in the seventh grade. In Union County alone, we can expect to have almost 1500 of these youngsters scraping by on a second-best education, if they can get that much."

In announcing his support of the \$56,800,000 college-construction bond issue to be decided in the November 3 referendum, Miller stated:

"By now the various choices are falling into line. Either we build, or we do without.

"Our standard practice of sending more than half of our children to out-of-state universities has suffered a couple of severe jolts lately. New Hampshire and Ohio have already moved to cut down on out-of-state students.

"The University of Delaware now informs us it will not increase its number of New Jersey students despite its expansion plans. Pennsylvania expects its own college population to rise by 92 percent by 1965 and I doubt if they'll want New Jersey students to swell that flood even more, especially since Pennsylvania's financial troubles could fill a book," Miller added.

New York has recently appropriated \$250 million to expand its public institutions, the crush of its own student population has been so great.

"Being slowly but surely sealed off from out-of-state schools," Miller pointed out, "the New Jersey seventh grader now faces the bleak prospect of over-crowded, year-round classes—a body blow to the 33 percent of the would-be students who work during the summer to get to college at all.

"Degrees would be hammered out on the assembly line. The graduate program would be virtually annihilated. The feeling 'who cares,' which has already seeped so much vigor from us, will make another all-important beachhead," Miller said.

TO BACK TRANSPORTATION BILL

MOUNTAINSIDE — The proposal to use surplus Turnpike revenues to help meet New Jersey's transportation crisis will benefit every resident of the state without costing a penny in new taxes, Assemblyman, John J. Wilson of Westfield, declared here.

Mr. Wilson is one of the sponsors of the Turnpike-transit bill that will be put before the voters in a referendum, Nov. 3.

The Democratic Assemblyman spoke at the Mountain Side Inn before 150 Democratic club members. He spoke in behalf of the incumbent Democratic Assembly ticket, which includes himself, Mrs. Mildred Barry Hughes of Union, James M. McGowan of Elizabeth and George M. Miller of Scotch Plains.

"Your Assembly delegation," Mr. Wilson said, "is proud of the fact that it gave its whole-hearted support to the Turnpike-transit plan. We believe it is the first step toward meeting the complex problem of mass transportation in New Jersey—an imaginative plan that does not involve a penny in new taxes.

"Last year, we opposed a Republican plan that would have met this crisis by assessing Union County nearly a million dollars a year in additional taxes. We felt the problem could be tackled without bankrupting our citizens—and our stand was justified.

"The Turnpike-transit plan meets a problem that our Republican predecessors in the Assembly either ignored or deplored. It shows that the new Democratic leadership in New Jersey, under the direction of Gov. Robert B. Meyner, is equipped with the imagination and the ideas to govern our state wisely.

"Under the Turnpike-transit plan, more than half of the surplus funds involved will come from out-of-state motorists who use our Turnpike. It will in no way jeopardize the Turnpike's sound financial position.

"Furthermore, it is a plan that will help not only the railroad commuter, who faces the most immediate crisis, but every resident of New Jersey.

"Mass transportation moves people, not just vehicles. And this makes the railroad passenger lines important allies of our highways.

"The Turnpike-transit plan was drawn up by Democratic administration in Trenton and backed by Democratic Assembly delegation from Union County. It has been applauded by commuters, railroad commuters, rank and file citizens—Governor Rockefeller calls it ingenious.

"It is the first practical solution to the transportation crisis—and it doesn't cost a penny in taxes."

DEMOCRATIC WOMEN ACTIVE

The next regular monthly meeting of the Suburban Democratic Women's Club of Union County will be held Wednesday evening, October 14, at the Rescue Squad Building in Westfield, at 8:15 p.m.

The special guests of honor will be the Democratic candidates for election in the November 3 general election. There will also be a discussion of the four referendums appearing on the ballot and the important part the Union County Democratic Assembly staff played in these proposals.

The meeting will be conducted by the President, Mrs. George M. Miller, of Scotch Plains. The Program Chairman, Mrs. Walter Nadler, of Clark, will introduce the candidates. Mrs. Robert Spagna, of Mountainside, will report on the successful luncheon-bridge given by the club on September 24 at B. Altman's, in Short Hills. Mrs. Phillip Donnelly, Scotch Plains Hospitality Chairman, will serve refreshments prior to the meeting, at which time all present will have the opportunity to meet the candidates personally and discuss any questions they might have.

All Democratic women of the area are invited to attend the meeting and become members of this newly-organized club.

URGES VICTORY FOR DEMOCRATS

New Jersey's first Democratic Assembly in a generation, has brought responsible government to the state's lower house, Assemblyman George M. Miller declared.

Mr. Miller, a Scotch Plains resident, spoke at a dinner in honor of Dr. Max Ben, at the Arbor Inn, Plainfield.

He urged the re-election of the county's Democratic Assembly delegation, which includes himself, Mrs. Mildred Barry Hughes of Union, James M. McGowan of Elizabeth and John J. Wilson of Westfield.

"When we campaigned for a Democratic Assembly in 1957, Mr. Miller said, 'we promised to end the Republican caucus and achieve other major reforms.

"The voters elected a Democratic Assembly, and they got these accomplishments:

"1. The first complete revision of Assembly rules in modern times.

"2. Elimination of the party caucus as the only referee over legislation—and the substitution of a system of working committees.

"3. Reduced printing costs, the work of Assemblyman McGowan, and budget savings on staff personnel.

"4. Greater recognition and responsibility for members of the minority party.

"5. Conducting public hearings on important matters of public interest.

"We in the Union County delegation are proud of this record. We are also proud of our cooperation with the State Senate on many vital issues."

LETTERS TO EDITOR

Editor Sun:

I wish to join the fest of the Springfield community in congratulating the Sharey Shalom Congregation on the dedication of its new site. It was an honor and privilege for me to take part in the dedication proceedings.

I was also pleased to see the picture of President Charles Danziger affixing a mezzuzah to the doorpost of their building, expressing the ceremonial aspect of the event.

I wish to point out, however, that a great disservice was done to the educational work of both of our Congregations, as well as to the broader understanding of Judaism in our community by the caption under the picture. It stated that Mr. Danziger was "attaching a mezzuzah, a good luck charm, to the doorpost."

It should be clearly understood and accordingly corrected that a mezzuzah is anything but a "good luck charm"—it is a sacred ritual object containing a tiny parchment scroll, on which is inscribed, by hand, the words of the "Shema"—"Hear O Israel, The Lord Our God, The Lord is One."

This is the watchword of our faith which is "posted" upon Jewish portals to serve as a reminder that every home is

Temple to God, and a place where life and thoughts must be sanctified.

Referring to the mezzuzah as a "good luck charm" would be to associate an important ritual object with superstition, a thing abhorrent to Judaism and its sister religions.

Although we all wish Sharey Shalom good luck, let it be understood that the affixing of the mezzuzah, as I am sure both they and I see it, was intended as a mark of consecration, and not as just the mere attachment of an amulet.

Officers of the Springfield Lodge of Elks are asking residents in the Township to be aware of solicitations being made by telephone in behalf of the local organization.

"It has come to the attention of the Springfield Lodge," said a statement, "that solicitation for clothing, etc. is being made in the Township. We take this opportunity to inform the people of Springfield that the local Lodge of Elks has no connection whatsoever with these solicitations, and has not, at this time, any program which would necessitate such action on our part."

Telephone calls have been received from an Orange point asking Springfield residents to help "the Elks charity program by donating clothing to be picked-up at the end of the week."

Efforts were made to trace the calls. Complaints have been made to the Springfield Lodge officers but they denied having any part of the "charity drive."

CYNTHIA'S CHATTER

CYNTHIA HARTER

Another week went by and here's the news for you to see!

Senior Play
Last week the big thing was the choosing of the cast of the Senior Play. This week the big thing is the work of this cast on "The Diary of Anne Frank." Every day from 3:15 to 5 you will hear many voices from the direction of the auditorium. These are the future Sarah Burnhards and John Gellings. As rehearsals continue so does the anxiety and excitement as November 6th draws nearer. The cast again is: Lynn Urner, Cynthia Harter, Dorothy Stewart, Jackie Maros and Rita Lester. Mickey Lesser, George Seltzer, Ken Ben Ari, Elliot Koretz and Jay Gladstone. Remember November 6th, 1959, the Senior Play.

Clubs Meet
The first meeting of the Slide Rule Club was held in room 210 last Wednesday (Sept.) at 3 p. m. Notice was made to those who could not attend to leave their name with Miss Bialecki in room 210 at any time if they are at all interested. The first meeting of the Spanish Club was held on Thursday, Oct. 1, at 3:05 p. m. in Room 1. Miss Good explained the workings of the club and those students who have either Spanish I, II, III, IV are urged to attend regularly. Monday, Sept. 28, at 3 p. m. in Room G-1, the Springfield Skindivers held an important meeting of all the old members and new members were invited to attend. They also explained the working of the club and talked about their activities for the year. The first issue of the Dayton News came out on Wednesday morning, September 30th. This year's advisors are Mr. Balshan and Mrs. Hahn.

Regionals
Yearbook work has started and the big thing with them now is advertising. To be an advertiser in the yearbook requires little; only \$5 and a telephone call to me. The more advertisers we get the less the yearbook is going to cost the students who want to purchase it. The price of the yearbook in past years has risen from \$5 to \$7.50. With some help from you who own your own businesses, we could cut this price some and make the yearbook available to those who otherwise could not afford it. You need not only be an advertiser though, you could be a patron. This will cost only \$1. I should think that all you parents with children attending Dayton Regional would be more than willing to be patrons for such a small charge. Again those who would like to contribute either \$1. or \$5. should contact either myself at AD 2-0719 or Elaine Giannattasio at DR 6-2517. Thank you!

Congratulations are in order for Carl F. Honecker, son of Mr. and Mrs. Herman E. Honecker of 390 Central Avenue. Carl recently graduated from the Navy's Officer Candidate School in Newport, R.I. Our new Ensign is married to the former Miss Patricia A. Hayes of Troy, N.Y.

Tomorrow night will bring forth much merriment and mirth at the Evergreen Lodge in Springfield, where the Sunnyside Civic Council will hold a dance. Contests and games will be most certainly in evidence to make this night a "smash".

Little Louis Nelson Ahlquist of 147 Sunrise Parkway celebrated his first birthday Sunday with an afternoon party for the youngsters and an evening get-together for the grown folks. About sixty were on hand for the occasion. It was also Mr. Ahlquist's parents' anniversary and the birthday of Mrs. Ahlquist's father. Three swell reasons to celebrate!

Barn owls have great reflector disks around their eyes. These pick up enough light to let the bird spot its victims on dim-lit nights.

N. J. Symphony Subscriptions

The New Jersey Symphony Orchestra will begin sending out tickets to 3500 subscribers in more than 100 communities in North Jersey on October 15th for concert series which begin next month in Livingston, Millburn, Montclair, and Rutherford. In the meantime, Symphony officials stated that subscriptions have been re-opened for all four concert centers and seats are available at all locations. Subscriptions will close October 27th.

The Orchestra, which begins its 38th season October 18th with a Family Concert at Maplewood, opens with a new concertmaster, a new assistant concertmaster, and a new rehearsal hall. Conductor Mathys Abas who is beginning his second season with the Symphony, has announced the appointments of Louis Gabowitz as concertmaster and Frank Scocozza as assistant concertmaster. Mr. Gabowitz succeeds Mrs. Joan Kelsey of East Orange who resigned the post after 24 years of service with the Symphony. Abas stated that in recognition of her long service to the Orchestra, the Board of Trustees have named Mrs. Kelsey Honorary Concertmaster, the first musician of the New Jersey Symphony ever so honored.

The new concertmaster is a former member of the Philadelphia Orchestra and one of the rotating concertmasters of Leopold Stokowski during Stokowski's tenure at Philadelphia. Mr. Gabowitz, who is one of the country's finest orchestra violinists, has been a member of the Casals Festival Orchestra in Puerto Rico for the past two seasons and has played under such conductors as Toscanini, Reiner, Weitzer, Kostelanetz, and Gould. Gabowitz continues to serve as Stokowski's concertmaster for recordings made by the former Philadelphia Conductor.

Mr. Frank Scocozza, advanced to the newly created post of assistant concertmaster, is a regular member of the New Jersey Symphony and a brilliant young violinist. Scocozza is a music director in the Newark Schools and is conductor of the Madison Symphony Orchestra. He studied at Oberlin Conservatory and Juilliard School of Music.

This season will see the Symphony moving rehearsals from the Wyoming Church in Millburn to the auditorium of Essex-Green Plaza in West Orange. Symphony officials said the new rehearsal location will provide greater room for the 75-piece orchestra and a more central location.

TAKING CARE OF YOUR GARDEN

By Edward A. Cardinal

If your newly seeded lawn is growing slowly, don't try to push it too fast with high analysis fertilizers, or you may burn out the tender, young seedlings. If you feel the need of fertilization be sure to use a 100% natural organic which will make the grass grow a bit faster—without danger of burning. If cool weather sets in suddenly the organic material will stop working and stay put until early next spring to give the grass a head start on the neighbor's lawn.

VISIT YOUR LIBRARY

For the last few weeks they will participate with the same enthusiasm that marks all Springfield ventures. The report that the group has about reached capacity numbers should not keep at home anyone with a real desire to join. A few can still begin with the third meeting on Tuesday, October 20. Next week there will be a brief report of the second meeting held this week.

While this project for adults has monopolized the news, the children have been active, al-

though not mentioned. Preschool Story Hours are being held on Wednesday and Friday morning at 10:30 a.m. In order for the children to derive any profit from this experience not more than twenty children can be enrolled at one time. As usual the present series have been subscribed many times over and a long list of names have had to be deferred until later series.

Meanwhile, new books have been added to the Juvenile Department. When Mrs. Helen Keller, the Children's Librarian, was asked about these, she made

the following comments: "Many new books to delight the pre-school child, capture the imagination of the younger reader, and satisfy the curiosity of the budding scientist, have been recently added to the already well-rounded and attractive collection in the children's room."

"After those two delightful picture stories by Louise Fatio, 'The Happy Lion' and 'The Happy Lion Roars', comes a third, 'The Three Lions.' These are charmingly warm and human stories of Parisian lions. The pictures by Roger Duvoisin add the perfect touch of French flavor that truly stimulates the imagination of the nursery school crowd. Charlotte Steiner's 'Bobby follows the Butterfly' and Paul Galdone's 'Paddy the Penguin' are equally captivating.

For the young reader's a new book in the series of 'I Can Read Books', there is 'Julius' by Syd Hoff, author of 'Danny and the Dinosaur', Julius, by the way, is a gorilla with the wanderlust. And guess what? Six new Oz books, just what we've all been waiting for!

Mr. Wizard's Experiments For Young Scientists by Don Herbert helps the child discover the fascination of doing the same things as a scientist. 'The Book of Experiments' by Leonard de Vries gives the youthful scientific mind and fingers much to do. This is only a small sampling of the many books of varying interests and reading levels you will see when you come in to look them over."

Katherine Douglas, daughter of Mr. and Mrs. Stuart Douglas, was birthday feted at a party held on October 2. Katherine was 10 years old.

Sometimes there is a difference of more than 40 feet between high and low tide at Windsor, Nova Scotia, when the waters of the Bay of Fundy rush in from Minas Basin.

Hi Neighbor!!

If You Have Any News Call ... NEWS AND TIDBITS ABOUT YOUR FRIENDS & NEIGHBORS. IN SPRINGFIELD DREXEL 6-4502

It was birthday number 9 on October 5 for Mary Ann Patton, daughter of Mr. and Mrs. A. P. Patton of 115 Fieldstone Drive. Mary Ann shared birthday refreshments with her 4th grade classmates in Mrs. Gushin's class at the Chisholm School.

Silver wedding bells rang on Sunday, October 4 for Mr. and Mrs. Fred Scales of 38 Oakland Avenue. The couple marked their 25th marital milestone at a dinner party at Rod's Ranch House attended by friends and relatives.

Last week I was asked to speak about my impressions of Haiti at a meeting of the newly formed Union Chapter of the 'Boys Town of Haiti foundation.' The meeting was held at the home of Mrs. R. Osterlag of Union.

This project has the full approval of President Duvalier of Haiti, the U. S. State Department, and recently received the approval of Gov. Meyner. The eventual goal of the group is the establishment of chapters throughout the country whose aim it will be to build a 'Boys Town' in the U.S. to educate the 'vagabond boys' Haiti—boys who are homeless and left to wander the streets of Haiti unwanted, unloved, and uneducated.

I would be very happy to pass on further information to anyone desirous of participating in this work.

Mr. and Mrs. Donald Scherdt of 18 Salter Street became parents of a daughter on September 18 at Overlook Hospital.

Also putting in her first appearance on September 18 at Overlook Hospital was Patricia Mae Chin, daughter of Mr. and Mrs. Jack Chin of 98 Springfield Avenue. Patricia weighed 7 lbs. 9 oz. The Chins have three other children, Michael age 10 years, Theresa age 9 years, and Susan age 7 years.

Karen Rogers has entered the freshman class at Skidmore College, Saratoga Springs. She is the daughter of Mr. and Mrs. Alfred R. Rogers of 128 Fieldstone Drive.

Roy Kallens, son of Mr. and Mrs. Ernie Kallens—of 40 Hobart place, marked his 9th birthday with a party held on October 3.

There is a new addition to the C. Edward Francis household. Wendy Ann was born on September 23 at Overlook Hospital weighing 8 lbs. 8 oz. Her sisters and brother are Pamela age 16, Kathleen age 11, Dennis age 14, and Eileen age 6. The Francis reside at 113 Linden Avenue.

Our new neighbors at 530 Morris Avenue are Mr. and Mrs. Maxwell Crayat who moved here from Clinton, N. J. Their children are Cherry age 16, Juliette age 6 1/2, and Jonathan age 3 1/2.

Mr. Chayat is an artist craftsman.

Formerly residents of Dallas, Texas, Mr. and Mrs. James Browne now dwell at 95C Troy Drive. Their daughter, Pamela is 3 years of age.

Mr. Browne is with the Southwestern Bell Telephone Co. and is an assignment presently with the Bell Labs in Murray Hill.

Mr. and Mrs. Frank Maxwell, Jr. of 11 Lewis Drive moved here recently from Jersey City. The Maxwells have 5 children—Rosemary, Frank, Ellen, James, and Lawrence.

Mr. Maxwell is assistant sales manager for American Express.

William Jensen, son of Mr. and Mrs. Harold Jensen of 28 Kew Drive, celebrated his 9th birthday on October 1 with his friends at a party.

Teens Fall for Casual Shoes

Teenage hearts have been captured by a casual shoe this fall—the leather boot. The long, high silhouette coordinates with high-hemmed slim jims, skirts and bermudas.

The new styles are marked by pointed toes, high vamps and backs rising above the ankles, in brushed and smooth leathers. Queen of campus casuals is the suede leather boot, pointed at toe and back, with a center-line seam, flat or squashed heel and slim, flexible leather sole.

Casual flats in all-leather textures feature squared-off and oval toes as variations on the tapered toe. One-to-five eyelet ties with tassel-tipped laces and ghillie ties are the favored closing for flats and oxfords.

Spectator and saddle treatments supply a fresh, seasonal look in contrasting leathers and color combinations.

For a more formal occasion, the teenage girl wears a pump—often with a bow. A short T-strap and a low-instep strap are seen in smooth, grained and patent leathers. Festive, too, is a black suede boot-like pump with a plain or high slit vamp.

Bags Tailored To Carry Out Style Trends

Smooth glowing leathers and fine detailing highlight elegantly tailored fall handbags that take their cue from the tailored look in apparel and leather shoe styles.

Most of the new handbags depend upon the texture and color of the leather itself for their beauty. Ornamentation is almost non-existent, except for small gold or brass closings, corner studs or buckles used sparingly on some bags.

Sleek leathers—and silky suedes are favored for dressy bags, while grained leathers are seen extensively in large totes, drawstring pouches and other casual bags.

Horizontal box bags, satchels and puff pouches are plentiful. The shoulder bag comes back to town in soft brushed, smooth or grained leathers, with a more ladylike look—flatter, with smaller, trimmer closings.

Generally, bags are medium in size—roomy, yet small enough to suit the new season's elegance. Exceptions to the trend to smaller bags are travel bags and cocktail clutches. The travel bag, often in a pouchy, soft unlined leather, doubles as a pocketbook and a weekend.

Cocktail clutches in pastel suedes and fine gold or silver kids are growing larger. They hold more, and are more striking as costume complements.

FROM THE GRANDSTAND

By Doug Voigt

One mistake made Springfield's "Bulldogs" an unbeaten, tied football team. This error in judgment gave Carteret their only tally as they succeeded in tying the home team. Quarterback Eddie Reese tried a quick kick with three opponents bearing down upon him, and it was blocked by an alert lineman from Carteret, John Hudak, who also pounced on the ball when it rolled into the end zone.

This was among many disappointments which made themselves present during the afternoon of Oct. 3. The defense looked good for the Regionals, but aside from Herb Etzold's 51 yard end-sweep the futile attempts of the offense to score were very discouraging. Time and again the perspective drives were stopped by a penalty or a mishap in the Regional Backfield. These were out, however, as fatal as Reese's third period reckless follow-through for a strategic gem. If it had worked, it would have been a beautiful play, but with no blocking and a moment's hesitation, it isn't the play which would be voted the most likely to succeed.

Etzold's touchdown run was a thing of beauty as the blocking clicked, and he danced down the sideline nimbly avoiding the futile lunges of the Carteret defensive players. After that the offense came to a standstill, and the contest turned to a battle between the opposing defenses. Springfield had the game in their back pocket, but managed to blow it so easily on that blocked kick.

Somerville, Regional's next opponent, promises to supply more competition than Carteret, and unless the defense can contain the offensive onslaught of the southern opponents, the contest is likely to become a run-away in favor of the hosts from Somerville.

Springfield's soccer team retained its unbeaten status, but looked below normal in their contest against Edison Township. This game was preceded by a come from behind victory over the valiant Hillside squad. The final score in the

Hillside game was 7 to 2, while the Edison tilt ended with the totals reading 2 to 0 in favor of the booters from Regional.

Hans Kryger, John Angelman and Harry Devlin each had two goals in the meeting with Hillside, with Ken Ryder adding the final point. Coach Hunechal substituted freely which kept the score down. The Edison team benefited from the fact that the Regionals insisted on playing the style of play of the Edison squad. This was an extremely different style, and it led to a disruption of the playing quality of Springfield's representatives on the soccer field. They meet Linden and Jefferson respectively in an attempt to extend on Tuesday and Thursday their winning streak and unbeaten record.

We are confident that as thinking-Americans, the voters of Springfield will retain our tradition of two-party government by voting for Republican township committee on November 3rd.

The ratios are figured by the state for state school aid purposes. The state compares sales prices against local assessed valuation to find out at what percentage a town values its real estate for taxing.

The drop means that in 14 towns, property owners are being assessed at a lesser percentage of value than last year. A tax board spokesman said this is due to an increase in property values while local valuations for taxing remains the same.

Rising property values in Berkeley Heights, whose ratio dropped from 21.15 to 14.82, bear this out. Other large drops were listed for Elizabeth from 38.49 to 34.88; and Rahway, from 32.22 to 29.51.

The others in the county were listed as follows: Clark, up from 15.65 to 16.57; Cranford down from 28.59 to 25.55; Fanwood, from 25.94 to 25.48; Garwood, 23.83 to 23.52; Hillside, 29.01 to 29.92.

Kentwood, 22.55 to 21.47; Linden, 25.15 to 25.14; Mountain-

side, 23.67 to 24.89; New Providence, 29.49 to 29.21; Plainfield, 34.11 to 34.61; Rahway, 32.22 to 29.51; Roselle, 28.89 to 29.23.

Roselle Park, 29.38 to 28.44; Scotch Plains, 26.51 to 26.02; Springfield, 45.35 to 32.12; Summit, 20.00 to 28.25; Union, 23.70 to 23.17; Westfield, 27.73 to 27.95, and Winfield, no change.

Also planned is a 25-vehicle motorcade which will be made up of all types of emergency equipment from several towns in New Jersey. It will travel throughout most of the town starting in front of the squad house at 1 p. m. A detailed report of the motorcade's route will be published next week.

We are confident that as thinking-Americans, the voters of Springfield will retain our tradition of two-party government by voting for Republican township committee on November 3rd.

The ratios are figured by the state for state school aid purposes. The state compares sales prices against local assessed valuation to find out at what percentage a town values its real estate for taxing.

The drop means that in 14 towns, property owners are being assessed at a lesser percentage of value than last year. A tax board spokesman said this is due to an increase in property values while local valuations for taxing remains the same.

Rising property values in Berkeley Heights, whose ratio dropped from 21.15 to 14.82, bear this out. Other large drops were listed for Elizabeth from 38.49 to 34.88; and Rahway, from 32.22 to 29.51.

The others in the county were listed as follows: Clark, up from 15.65 to 16.57; Cranford down from 28.59 to 25.55; Fanwood, from 25.94 to 25.48; Garwood, 23.83 to 23.52; Hillside, 29.01 to 29.92.

Kentwood, 22.55 to 21.47; Linden, 25.15 to 25.14; Mountain-

side, 23.67 to 24.89; New Providence, 29.49 to 29.21; Plainfield, 34.11 to 34.61; Rahway, 32.22 to 29.51; Roselle, 28.89 to 29.23.

Roselle Park, 29.38 to 28.44; Scotch Plains, 26.51 to 26.02; Springfield, 45.35 to 32.12; Summit, 20.00 to 28.25; Union, 23.70 to 23.17; Westfield, 27.73 to 27.95, and Winfield, no change.

Mindowaskin Club Sued For \$35,000

Two neighbors of the Mindowaskin Swim Club in Springfield Ave., Mountainside, have filed a \$35,000 suit in Superior Court, claiming that overflow from the club's brook caused extensive damage to their land and plants.

Miss Rose Grushecky and her brother, Vincent Grushecky of 1008 Springfield Ave., Mountainside, the plaintiffs, charge that a three-foot concrete pipe, enclosing a natural brook where it runs under a roadway on the club property, is inadequate during heavy rain. They claim that the brook overflowed and flooded the Grushecky property during a rainstorm July 20, undermining the land and destroying top soil.

Miss Grushecky, owner of the land, asked \$10,000 for damage to it. Her brother is seeking \$25,000 for destruction of plants which he planted on his sister's property.

Michael G. Alenick of Newark is the plaintiffs' attorney.

Rabbi Dressner Explains Significance of Holidays

Yom Kippur, the holiest day of the Jewish religious calendar, commences this year at sundown on Sunday and ends at sundown on October 12. Yom Kippur is a solemn occasion marked by fasting, Jewish prayer, and the recitation of the request of the Almighty for forgiveness of past faults and in which they pledge to rectify the errors which have been committed.

The Yom Kippur evening services begin with the singing of the celebrated hymn, Kol Nidre ("All Vows"), a petition for divine forgiveness for impulsive resolutions. Services, which last throughout the following day emphasize the need to make amends for hurt caused by the worshipper. Music, supplications and sermons center about this major theme.

A typical prayer for Yom Kippur is this one from the Union Prayer Book used in Reform synagogues: "O God, grant that we may hearken to the solemn admonition of this Sabbath of Sabbaths in true contrition of heart and humbleness of spirit. Help us to fulfill our obligation to the needy and distressed. Incline our hearts to compassion, that we may aid the poor, the homeless and the suffering; help us to be as a father of the needy, eyes to the blind, and feet to the lame... Bless all who labor unselfishly to the welfare and happiness of their fellow-men."

Games have been planned in the Parish House for all the speedy treasure hunters while waiting for the puzzled stragglers for the evening will be cider and doughnuts.

Springfield Youth Completes Cruise

Larry Atkin of 43 Kew Drive, Springfield returned home Sunday, September 27, after a week's cruise aboard a Navy heavy cruiser, the U.S.S. Macon. Atkin, a senior at Jonathan Dayton Regional High School, was a recipient of the U.S. Navy Cruiser Award along with 30 other students from other Atlantic seaboard states. This award given for the second year by the U.S. Navy is presented to deserving students for achievements and interest in science. The Regional High School student won second place in the recent Greater Newark Science Fair in physics.

Larry's week began on the 19th of September when he was flown in a Navy plane to Boston where, after a tour of that historic city, he boarded the Navy cruiser for his first ocean voyage. The program planned by the personnel kept the students busy with lectures, tours of the ship, and practical work involving radar, navigation and fire control. Especially interesting to Atkin was the visitation and demonstration of the guns as well as the practical work of radar tracking.

While not learning all about the ship the young science students were being well fed, in summing up his week with the Navy Larry had this to say: "All in all I had a very good time aboard the Navy cruiser and learned many new things. I feel gratified at having been one of the participants in this year's U. S. Navy Cruiser Award." Atkin was flown back from Boston.
