Freeholders Give Thought To Financing Of School

The 1960 County Board of Freeholders is considering framing a resolution on the financing of the proposed Union County Vocational and Technical High School.

Last year the Freeholders requested the State Assembly delegation for legislation on the financing of the \$3 million trades school program.

New Action Asked. However, at a meeting between Assembly members and Freeholders, Assemblyman James M. McGowan, Elizabeth Democrat, pointed out that the request came from a body which is now defunct. He asked that the new Board frame a resolution.

The dispute involved a question of whether the school would be financed by general taxation or by a per capita tax. Member boards of the Regional School District, which have opposed the program, are supporting the per capita tax.

Under the latter plan, communities would pay only for those students using the school. A general tax levy would require payment regardless of whether or not students from a town used the new facility.

Must Be Specific. Regional boards have maintained that the new school constitutes duplication of services.

Assemblyman McGowan told the Freeholders that the resolution must specify exactly what the Freeholders want in the referendum question. He stressed that the resolution must be framed so that voters may answer either "yes" or "no."

He indicated that there might be some problems involved because the financing issue involves at least two methods.

Per Capita Hit. Several county educators have protested against the per capita plan and have pointed out that most of the county vocational schools in the state are financed by general taxation.

Some members of the Freeholder board indicated their opposition to the measure last year, but it is expected that if a resolution were framed it would get sufficient support to pass.

The plan was initiated by Democrat Freeholders who do not want to get a "big spender" title attached to them in an election year and as a result, probably will soft pedal the plan for the time being.

The matter of holding informal "workshop" sessions, a subject discussed at length at the regular Board meeting on March 15, will be one topic on the agenda.

There will be a general meeting of all Springfield civil-defense personnel Thursday, March 31, at 8 p.m., in the Municipal Building.

This meeting will furnish information to bring all members up-to-date on current events pertaining to civil defense. Two films will be shown, one dealing with the medical aspects of civil defense, the other showing the advancement made in Portland, Oregon.

A talk on the power of a 20-megaton weapon and the results of such an explosion will be given by Director Saul Freeman, and a question and answer period will follow.

A most interesting personality will be present in the form of Mrs. Thomas Powner. She and her husband and children live for two weeks in a fallout shelter at Princeton University. Mrs. Powner will discuss her reactions to this experiment and offer her suggestions for the improvement of survival features in a shelter, such as the one Springfield has just completed.

Refreshments will be served by the Welfare Division.

The third annual charity ball of Springfield Lodge, No. 2004, B.P.O.E., will be held Friday evening, March 25, at the Club Diana. Tickets, at \$15.00, may be obtained at the Lodge Room, 357 Morris Avenue, or purchased at the door Friday evening.

Dancing and a floor show are part of the entertainment. A useful gift will be given to each lady and gentleman attending.

Continuing as secretary of the Board of trustees will be Robert E. Heinlein, Overlook's director, with Edward A. Dougherty, assistant director, serving as assistant treasurer and Mrs. Anna Jane Lawrence, assistant to the director, serving as assistant secretary.

Mr. Wilson, who will serve as Overlook Hospital's new chief executive officer, is president and director of Schieffelin and Company in New York City. For the past year he has served as first vice-president.

He is currently vice-president and a director of Summit Y.M.C.A. He is a former trustee of Central Presbyterian Church of Summit. He succeeds Donald H. McLean Jr., who has been an Overlook trustee five years and will continue on the board.

Head Fund Drive. Mr. Roessler, who will serve as first vice-president, was chairman of the hospital's recent building fund campaign, which raised more than \$900,000 last fall. He is vice-president of City Federal Savings and Loan Association in Elizabeth.

Visit Proves Lunch Room At School Is Aply Operated Spot

The five ladies shown above are part of the lunch room staff at Florence M. Gaudinier School in Springfield. They are, from left to right, in foreground—Mrs. G. Johnson, Mrs. J. Mason, Mrs. C. Fischer, in back row—Mrs. E. Grosse, Mrs. E. Couch, manager of the cafeteria. Not pictured are Mrs. M. Reinhardt, Mrs. C. Lyons, Mrs. M. Falcone, Mrs. M. Murphy.

If it's true, as we have been brought up to believe, "the proof of the pudding is in the eating," the cafeteria at the Florence M. Gaudinier School in Springfield is serving highly acceptable meals.

This reporter paid a visit to and had lunch in the cafeteria and Mrs. Tolma J. Sandmeier, principal, devoted a lot of her time to showing us every nook and corner of the lunch room, including the dining area, serving tables, etc.

Efficiency Observed. The visit was timed to observe the cafeteria at its busiest and the efficiency of the quiet and rapid service was obvious.

Mrs. Sandmeier introduced the writer to Mrs. Evelyn Cough, manager of the cafeteria for several years, and it was plain how hurt she felt at what had been written about the lunch room in The Sun last week.

At the Board of Education meeting March 15, a man in the audience voiced criticisms of the cafeteria. Mrs. Couch, it was clear, took these adverse comments to heart for it was easy to see that operating the lunch room is more than a job to her. The lunch room is her "baby" and she fusses over the service, the cleanliness of equipment, tables, etc., the quality of the food, the sizes of the portions, the satisfaction of the young folks as if the place were her own home. Mrs. Sandmeier pointed out.

Profit Accrued. She is economical, too, and manages to have a lunch room profit accrue without in any way impairing the service or quality that are essential to a well-managed lunch room. There is a difference of opinion as to the desirability of a (Continued on Page 11)

and this a compliment for the governing board — the municipal budget for Springfield for 1960 was adopted by the Township Committee Tuesday evening, March 22.

THANKS BOARD. The solitary comment came from Paul Sherman, of 14 Newbrook Lane, during the open forum portion of the session. He said he was speaking for the people in his section of the township and that he wanted the Township Committee to know that these residents appreciated what had been done to hold the tax rate down and not let it go "sky high," as had been expected.

Chamber Spent \$1,300 On Lights For Christmas

At its recent annual meeting, Springfield Chamber of Commerce heard a report which indicated that during the year 1959-60, \$1,300 was received, making the total amount available \$4,705.47, and that \$3,448.81 was expended.

Dues were responsible for a large part of the intake, with Christmas lighting contributions from the Township Committee and businessmen adding up to the major portion of the receipts.

On the other side of the ledger, the report showed appropriations of \$345.68 for a Christmas party for children, \$60 for Junior League baseball, \$12.55 for the Fourth of July baby parade, \$35 for plastic bag warning stickers, and \$1,364 for the 1959 Christmas lighting project.

The Chamber started the current year with \$458.66 cash on hand and \$503 in accounts receivable.

Millburn Spiker To Address Society. A regular meeting of Springfield Historical Society will be held at 8 p.m. Thursday, March 31, in the recreation room of the Methodist Church, Main Street, Springfield.

Eugene I. Morris of Millburn will speak on "The History and Romance of Fire-fighting Equipment." The talk will be illustrated with items from his collections. All are invited. Refreshments will be served.

Following the presentation, Dr. Ruth C. Boyle, a professor at State Teachers College, led a discussion concerning the message contained in the play. One of the things brought out by Dr. Boyle was that a certain degree of jealousy in a family is perfectly normal, but when it becomes excessive, it also becomes a problem. It also was mentioned that one should not be complacent and assume that the members of one's family know what you are thinking; let them see so there will be no misunderstandings.

Union County daily paper.
 New York's attitude is difficult to understand, period.
 For years New Jersey has been trying to get New York to raise the legal age for public drinking of liquor. No go. For years I have been asking WHY and I am no better informed now than I was when the question was first asked.

There's one (and probably only one) advantage in being as new-in-an area as I am here. I'm likely to tread where more informed writers might shy away. Two weeks ago The Springfield Sun printed an editorial urging the people in the towns which send students to Jonathan Dayton Regional High School in Springfield to create a fund to send the school's champion forensic team to the national competition to be held in San Diego, Cal., in June.

The paper was hardly delivered to the homes in the area when I learned that having winning teams in the speaking field was nothing new for J.D. I was told that last year the school covered itself with glory in this endeavor and that a campaign was conducted to raise funds to send the young folks to Florida.

Whether or not I would have hesitated to advocate another fund-raising campaign for this same purpose this year, had I known about last year's, is completely beside the point. I still feel there should be a community-wide effort in Springfield, Mountainside and Berkeley Heights to raise whatever sum is necessary to send the three, four or five eligible students to San Diego.

I'm sure if the laurels won by the speakers had been achieved in some physical sport such as basketball or hockey, the response to an appeal to send the team to, say, Fairbanks, Alaska, would have been quick and overwhelming.

The activity here discussed is important, too. I'll wager some of the debaters desiring of the trip to San Diego could convince you that public speaking is MORE important than athletics.

HOW ABOUT IT? What kind of follow-up will I be able to write next week?

You may have guessed by this time that the new wave of public relations consciousness that has smitten Boards of Education fascinates me. Toher day I had supper with three members of a school board in this locality who asked that no publicity be given to them. Their purpose in arranging the meeting was to get better acquainted with the local newspaper and to gather what ideas they could for improving the relations between the school trustees and the paper and between the trustees and the public.

The towns involved is not important. (The company which publishes The Sun also publishes papers in Berkeley Heights, Mountainside, Scotch Plains and Panwood.) What is significant is that the school board went to the bother of setting up the get-together and sending its three-man public relations committee to talk things over with the newspaper.

This is indeed a new departure for Boards of Education. It is one I hail with great enthusiasm and one I applaud most heartily. Nothing but good can come out of such conferences. I recommend the same procedure to ALL Boards of Education.

Wouldn't it be just too wonderful for words if a committee were formed to go up and down every street in town and take note of all the broken sidewalks—and then take action to have repairs made!!

You can have your First Robin and your crocuses. When I see Mr. Suburbanite begin to look over his power mower, I'm satisfied that which we all are waiting for is really just around the corner.

When they decided to attach names to streets in these parts, it seems to me they must have given the job to someone with a strain of the poet in his makeup. Look: Acacia Road in Scotch Plains, Apple Tree Lane, Bayberry Lane, Cherry Hill Road,

Fawn Ridge, Hedge Row, all in Mountainside; Cataract Hollow Road in Berkeley Heights; Shasta Pass in Fanwood; Academy Green, Battle Hill Road, in Springfield.

Would you like to add to this list?
 Eating out as much as I do, I fall into problems now and then. Currently, my most disconcerting one is finding a place where the toast and scrambled eggs are placed on the table before me AT THE SAME TIME.

Letters To The Editor

THANKS FIRE DEPT. FOR PROMPT SERVICE

To the Editor:
 I would like to take this means of congratulating the Springfield Fire Dept. and commending the men on their very prompt, efficient and courteous performance of duty.

Recently the fire alarm system of Temple Beth Ahm, which is connected directly to the fire department, rang a signal because of a short circuit in one of the detectors. Before we could get to the telephone and call the fire department and tell them not to bother coming up, the apparatus was already on the way up to the temple.

We believe this represents the very finest protection and we are happy that our alarm is connected with the central office of the fire department.

We have 250 children in our school and we are comforted by the knowledge that they are only seconds away from fire protection.

TAKING CARE OF YOUR GARDEN

By Edward A. Cardinal

Spring is officially here, but we still have winter weather. I have received many phonic calls concerning the use of crab grass controls, and I would advise applying them as soon as weather permits. In selecting one of these chemicals, do not be guided entirely by the advertiser's claims, but ask your county agent, or get your advice from a reliable dealer for some of the products do severe damage to certain grasses.

Q: Can seeding be done after applying crab grass chemicals?
A: With some chemicals the seed can be applied at the same time, or shortly thereafter. Others require a waiting period of at least three months. Ask a reputable dealer.

Q: I have been advised not to use a widely advertised crabgrass chemical. Can you give me your opinion of this material?

A: A recent report showed 100% crab grass control, but 90% injury to red fescue. Stick to products that have been on the market at least a year or more.

Q: Does too much lime injure

the grass?

Naturally, but how much is too much? Application of 20 lbs. per thousand sq. ft. each year would not be apt to overlime the favorable Jersey soil. When in doubt have your soil tested. Many garden centers have this service. NOTE: FREE LIME TEST at our garden center at 272 Milltown Road, Springfield on Saturday, March 28th, between 9:00 and 2:00 P.M. If you cannot be there at this time leave a soil sample during the week before Saturday.

Q: Recently our gardener pruned a Norway Maple tree and it now bleeds from the cut. Is this dangerous?

A: Maples would bleed at this time of year, but this is not apt to cause damage to the tree. It might be advisable to use tree wound dressing on the cuts. Use the new spray bomb type for convenience. Tree paint will prevent rot and keep out the injurious insects.

Q: The tree in front of my house is covered with little pyramid shaped objects which hang like Christmas tree ornaments. Can you figure this one out?

A: Yes. These are bagworm cocoons in which the larvae overwinter. Eggs hatch out in the spring and dozens of young worms crawl out to surrounding plants and start defoliating them. Removal and burning them will eliminate the menace. If removal is impossible, the next best is spraying with arsenate of lead after leaves develop on the trees. Many contact insecticides are not effective upon bagworms.

Q: My andromeda have a sickly yellow appearance which I have never noticed before. What causes this?

A: Probably mite and/or lace bug injury, plus too much hot sun. Feed generously with cottonseed meal this spring and spray with malathion, or other combination spray containing a miticide. Spray at least 3 or 4 times during the summer starting late May.

Papermill Will Resume Season

The first production outside New York of the hit musical "Redhead," now just ending its long run on Broadway, will take place April 18 at the Papermill Playhouse where it will open the 1940 season and will run for five weeks. The new season at the Playhouse is assured by the success of the sponsorship drive for the playhouse which started last December and reached its goal of \$40,000 in guarantees by March 1. This sum plus the proceeds of the three big benefit performances put on by the players of past seasons, has given the Playhouse the necessary "backlog" with which to proceed. "Redhead" uses a large corps of singers, dancers, and comedians to tell its story of amusing adventures centered in and about a famous London wax-works exhibition.

Your Springfield Red Cross Chapter

Courses in Safety

Many good things happen when you give to the American Red Cross through the annual drive for funds and members—not the least of these is the vast work of saving and protecting lives through the courses in first aid and safety sponsored by the Red Cross. Springfield Chapter is particularly active in this field of Red Cross work.

To qualify for many areas of community volunteer work, a person must have passed one or more of the courses in safety of first aid which are sponsored and certified by the Red Cross. Civil defense, fire department and first aid squad members are all volunteers required to receive the certification.

Life guards and swimming instructors are required to pass other Red Cross qualifications in the field of water safety and instruction. Both of these courses are offered by Springfield Chapter of the Red Cross.

Mrs. George I. Bowles Jr., 93 Linden Avenue, reports that during 1959 there were 128 students who completed courses in standard or advanced first aid. In addition, Mrs. Bowles who is chairman of the first aid committee, has given a first aid course to approximately 30 Girl Scouts who do not qualify for Red Cross first aid cards but who will receive their Girl Scout Badges as a result of their work.

The following groups completed the Red Cross standard first aid course:

- 16 members of the Civil Air Defense, instructed by Paul Werlake;
- 16 Townspeople, instructed by Ivan Kerzner;
- Springfield Public Schools—67 students, instructed by Karl Schneck;
- Springfield Public Schools—27 students, instructed by Ann Puhber;
- 16 persons from Public Service Meter Shop, instructed by Frank Ironside.

The advanced course certified 24 members of the Civil Defense Fire Reserve, who were instructed by Harold Jensen, and 24 members of Springfield First Aid Squad, who were taught by George I. Bowles.

Mrs. Thomas F. Doherty, 34 Washington Avenue, is chairman of the water safety committee for the Springfield chapter. The work of this committee has grown to such an extent that the county pool is no longer in a position to accommodate the number of children who apply for swimming instruction.

Springfield Chapter is indebted to Union-County Park Commission for its splendid operation in meeting this situation by allowing the Chapter use of the Rahway pool to carry on its courses. The learn-to-swim classes were conducted in late June and early July, with the participants being transported to the pool by bus.

Mrs. Doherty reports that 385 registered for the learn-to-swim courses offered in 1959. Of these, 325 received beginner instruction and 88 advanced instruction. Vacations during these months interfered with many of the participants.

Fund Drive For L.L. On April 9

At a special meeting of the executive committee of Springfield Junior Baseball Leagues, Inc., it was decided that the annual fund drive will take place Saturday, April 9.

The town has been divided into 38 areas, with an adult and four boys assigned to cover each area.

All boys in the 9-to-12 age group who wish to play baseball must participate in this drive. Their assistance in this endeavor is an absolute necessity.

Further details concerning the project will appear in future issues of The Springfield Sun.

Completing a full course so that the number who pass the various Red Cross tests does not indicate the full scope of the work done by the water safety committee of Springfield Chapter.

One hundred of the participants, however, completed and were certified as having achieved the following levels of swimming ability:

- 18—25 yard test;
- 60—Red Cross Beginners;
- 10—Red Cross Intermediates;
- 6—Red Cross Swimmers;
- 3—Junior Life Saving;
- 1—Senior Life Saving;
- 2—Water Safety Aide Course.

The local Chapter worked with the instructors at Baltusrol Swim Club and issued 80 certificates for its swimmers who had passed tests under its instructors. The instructors themselves had been certified by Springfield Chapter.

Mrs. Doherty forecasts that this Summer will bring a record-breaking number of applicants to the water safety and Red Cross swimming courses sponsored by your Springfield Red Cross.

In teaching youngsters to swim and the rules of safety in the water, your local Chapter is making another good thing happen because you supported the work of the Red Cross.

MARK FRIEDMAN NETS 22 POINTS TO SPARK ROYALS

Springfield Recreation basketball fans were treated to a real donnybrook Thursday evening, March 17, at the Gaudner School gym as the Royals upset a highly favored Hawk team 52-51. The Hawks were unbeaten in league play, but the Royals came through with a sparkling finish to capture the Youth Basketball League title. Mark Friedman and Sussman were the top point makers for the champs, with Mike Mitterhoff's set shooting a revelation.

The Hawks seemed to have the upper hand in the first two periods, but faltered in the stretch as Friedman and Sussman came through with timely scores. Jackie Aggar scored 29 points for the losers, with Dennis Francis netting nine.

The game concluded play in the high school league, with the new champions having their best night of the campaign.

TEXAS TRIMS KENTUCKY 38-26

The 1960 champions of Springfield Recreation "State League" is Coach Jack Brink's fast-moving Texas five, with Kentucky's blue and white the runner-up.

Texas seemed to have its fast break geared for the championship tussle with Kentucky, gaining a first-half advantage then driving hard in the third quarter to place the game out of reach of the determined Kentucky dribblers.

Mark Muller and Bobby Reis were the sparks for the champions, with Harold Hanson and Jimmy Bellevue the ton operators for the losers.

Texas outscored Kentucky by wide margins in the first, second and third quarters, then thwarted the blue drive in the final period. Jimmy Bellevue scored eight points for Kentucky in the final canto, but this wasn't enough as Reis did a good job of covering both boards.

In preliminary tournament games, Minnesota eliminated Oklahoma Monday night but in turn suffered a loss to Kentucky the following night, as Jimmy Bellevue and company scored 20 big points in the fourth quarter to bend the tall Minnesota five. Kentucky was on the short end of a 12-9 score after three quarters, only to see the blue and white come up with a big closing period. Sead Herwiggen and Worman scored two baskets each, with Bellevue three to turn a close game into a wide open finish.

Coach Don Wozack's yellow and black eagles had an easy time at Brendaville, with Rip Franklin, Marshall Anthony, Gary Faucher and Keith Nelgel the point makers.

Saturday night the teams faced a good ball-handling aggregation, recent winners of the Elizabeth Parochial Basketball League and unbeaten in 15

He pointed out that more than 3,000,000 lives were saved in recent years by the use of drugs which were not available before.

Visit Proves

 school cafeteria showing a profit. It was Mrs. Sandmeier's judgment that it was permissible if accomplished without compromising with quality of service.
 It is regrettable that the man who spoke at the school board meeting last week got away from the room before the Sun reporter at the session could get his name. It would be nice to have him eat lunch at the school and see for himself how pleased the young folks appear to be with the food they receive and the size of the portions. The day this writer was there, the chief dish was hot dogs.
 The Sun entered in its report last week in suggesting that school board members have not visited the lunch room. Mrs. Sandmeier told us that Board President Howard S. Smith has lunched there several

times. Mrs. Sandmeier added that she has issued invitations to regularly to parents and other interested persons to have lunch at the school at 40c per person. This is the price charged teachers and visitors. The pupils pay 40c and often get "extras" without charge.
Best Is Purchased
 The cafeteria impressed this guest as a smoothly operating enterprise, with a well-thought-out system for serving and cleaning up that employs volunteers among the student body on a rotating arrangement.
 One junior high school girl, learning who this visitor was, came up to us and said, with considerable dignity and emphasis, that the school buys the best meats, and she knew this to be a fact because her mother works in the market where the purchases are made and had told her so.
 Mrs. Sandmeier, who extended the tour to include most of the school, summed up the situation when she said that the best food money can buy is purchased, that it is cooked expertly and served well. The fact that such a large majority of the student body has its lunches at the cafeteria speaks volumes for its acceptance by the young folks, she added.
An Official View
 If anyone is interested in ascertaining how the lunch room is conducted by Mrs. Couch and her devoted associates, the door is open to them any school day. Mrs. Sandmeier concluded.
 An official view of the Gaudineer lunch room is indicated

by the following letter to B. F. Newslinger, Superintendent of Schools, from the then (she has since married) Janet N. Jardine, State School Lunch Supervisor, on March 15, 1958:
 "The visit to the school lunch program at the Florence M. Gaudineer School was very gratifying.
 "I was impressed with the efficient operation of the lunch room. Mrs. Couch is doing a fine job. The lunch room staff were happy and interested in preparing and serving the children a nutritious, attractive noon meal.
Commends Staff
 "Mrs. Sandmeier and her staff are to be commended for the fine spirit of co-operation and interest in children that existed throughout the whole school. Although the school had only been open two months, one couldn't help but be impressed with how well and smoothly the whole school functioned.
 "I was impressed, too, with the efficient way Mrs. Sandmeier handled the lunch room. Children were happy, relaxed and enjoyed their meal. Learning opportunities were provided. The lunch room is a part of the total education program and is another class period.
Schedule Satisfactory
 "The lunch room schedule is very satisfactory. Pupils return to class after eating lunch and by so doing the school day is shortened. This plan is satisfactory for reasons such as: it eliminates children going off the school grounds—we all know of hazards involved when this is permitted; and it elim-

inates children running home or to a nearby eating place to get a quick lunch and running back to school. A supervised lunch period is conducive to good health practices. All children enjoyed a nutritious lunch, they ate leisurely and returned to class well-rested, happy and relaxed.
 "It is a pleasure to write you such a favorable report about the school lunch program at the Florence M. Gaudineer School.
 "We hope that through the years the sound philosophy of this school lunch program will continue."

The governing Board indicated that it felt the taxi ordinance "needed some tightening." What upset the board was the practice of taxi owners of allowing drivers to work before investigation of their background was completed, and the financial loss incurred by the township in conducting such investigations.

Commissioner Daniel M. Lucey commented that he would like to see improvement in the service given the township by the taxi companies operating here. He pointed out that the taxis were not using the parking space set aside for them and that it might be well to consider releasing this area for use by the public.

To Amend Rules
The governing Board indicated that it felt the taxi ordinance "needed some tightening." What upset the board was the practice of taxi owners of allowing drivers to work before investigation of their background was completed, and the financial loss incurred by the township in conducting such investigations.

The petition for a license was approved and the attorney was authorized to draft an amendment to the taxi ordinance which would increase the license fee per cab from \$10 to \$25 and introduce a new \$10 ap-

Street Closed
Acting on a recommendation by the police department, which was based on a survey in which the township's traffic consultant concurred, it was voted to block the entrance to Walnut Court.

This is a short street or alley which enters Morris Avenue near Main Street. It was stated at the meeting that it was posing a serious traffic hazard because motorists were using it

to reach Morris Avenue from Main Street and making left turns into this busy thoroughfare. Left turns into Morris Avenue from Main Street are prohibited.

WANTS NEW BRIDGE
Mr. Swanson suggested that the County Board of Freeholders be petitioned to replace the bridge which connects Springfield and Union Township. It was voted to forward such a request.

Frank Cardinal, sitting in the audience, expressed fear that the improvement of Milltown Road might serve as an in-

centive to drag racers to make a speedway of the street.

TO INVEST FUNDS
A report from the fire department indicated that losses by fire in Springfield during 1959 added up to \$87,159, with one item not yet settled. This addition would bring the total to close to \$100,000.

Finance Commissioner Lucey recommended that \$100,000 of township funds not needed immediately be invested in federal government bills, thus earning a substantial amount in interest for the township's treasury. The necessary action was taken.

It was voted to advertise hearings on the reports of the Assessment Commission on the Milltown Road curbing project and the Mountain Avenue sidewalk improvement. Both hearings will take place at the April 12 meeting of the Township Committee.

Blue Star Unit, No. 2866, American Legion Auxiliary of Mountaintop met at the home of Mrs. Andrew Schneeler, of Route 22, Mountaintop, Tuesday evening, March 17.

Mrs. Allen Zimmer, unit president, presided. Mrs. Henry Pfeiffer, Girls State chairman, reported that the local unit is to choose a Mountaintop girl from the students at Jonathan Dayton Regional High School in Springfield to represent the unit at All Girls State at Douglass College, New Brunswick.

The unit announced that it had made donations to the Department president's project, which is putting new 50-year flags in veterans hospitals, and to education and scholarship funds.

Plans were made for the card party at the home of Mrs. Ernest Keefer, of 311 Central Avenue, Mountaintop, on April 21. The meeting closed with a social hour. Mrs. Schneeler, acting as hostess, had green table decorations in honor of St. Patrick's Day.

Paper hats and paper dresses, with the ladies of Westfield Chapter of Deborah serving as models, highlighted the monthly meeting of the group at the home of Mrs. M. B. Bernstein, 110 Golf Edge, Westfield, Tuesday, March 15.

The unusual fashion show consisted of a line of ladies' paper hats and paper dresses created by American Cyanamid Company to dramatize the new areas for paper which lie just ahead.

Mrs. Haney stated that she does not need any "thank you" for what she does for Deborah, as she is one of those who have been operated on successfully at Deborah Hospital at Browns Mills-in-the-Pines, N. J.

Mrs. Haney said she is grateful for the fulfillment of her desire that a chapter be formed in the Westfield Mountaintop area so that these in need could be helped as she was. It was Elizabeth Chapter that helped Mrs. Haney in her time of need.

She added that as membership chairman of West-Mount Chapter, "I would be happy to have anyone interested in the work of Deborah contact me at AD 2-0591."

FANWOODIAN IN EUROPE

Life Abroad as Seen by a Resident of Fanwood
MRS. DONALD FARLEY, JR.
Daughter of Mr. and Mrs. Howard Towle
89 Russell Road, Fanwood

Made in USA

Last week, I sat in the American Express in Paris for half an hour, waiting for my husband. I suppose I should have been drinking in the glories of the City of Light. I had been shopping, briefly, but the mobs of folk noisily seeking bargains at the Janvier white sales and the Galleries Lafayette dampened my enthusiasm.

Besides, the coin of the realm was defeating me. Just when I get it straight how many francs to the pound, they change the franc. It's too distressing. "It isn't a real change," my husband had explained patiently. "All you do is divide the old franc by 100." Or was it multiply by ten? Never mind. Whatever it was, I couldn't do it fast enough to decide in time whether a thing was a veritable bargain.

So I began back toward the American Express well before the appointed hour. "Attend, Piletons!" command the stoplights. I attend. "Passez," they relent, and I pass. Around the Opera and around and around

land, finally, by dint of asking my way ("Pardon, Monsieur ou Madame-Améri") "That way, Miss. Turn left and there you are!" there Pwas.

As I sit waiting, a fur-coated Mama, trailed by a cowboy-booted little boy, whirls in. "Looky! Mom, looky!" he screams piercingly. "A water fountain!" She smiles at me vaguely as he drags her toward the fountain.

A thin, middle-aged woman comes next. (School teacher on holiday?) She gazes at the directory board in bafflement, then finds the English side with a sigh of relief. She stands for a few moments, her enormous shoulder-handbag held firmly in a gloved hand next to her waist; her sensible walking shoes pointed straight ahead, one neatly along side the other.

A bearded young man lounges by, his sandals slapping idly on the polished floor. The school teacher shifts her handbag to the other side. A harassed business man pushes past them both, presses over to the exchange counter, peers up at the

signs posted above, whips back his coat sleeve to dart a look at his watch, purses his lips, hurries out the door again.

Two young girls enter in, on spiky black heels. They wear identical black leather coats, belted tightly, impossibly tight, unbelievably short skirts. They chatter to each other in furious French, interspersed with vehement gestures.

They arrange themselves in the queue by one of the windows. One gets out her compact. Will she comb her hair? It needs it. It is wadded on top, as though for a session in a hot bath, with numerous sweeps and swirls and dangling locks, and a long bang concealing both eyebrows. No, I decide she must be reaching for a lipstick for her ghost-pale mouth. Wrong again! It is eye shadow. She freshens up her bright green half-moons over her eyes, never pausing once in her conversation.

Through their fantastically long eyelashes, they observe that I am watching them. Green eyeshadow nudges the other with a giggle and explodes in a torrent ending "... Cette Américaine."

"Non!" Green eyes in horror struck. "Anglais!" she says adamantly. I pointedly look the other way, pretending elaborate interest in my fingernails, the way you always do when you know damn well somebody is watching.

I look back furtively. A third girl is joining them in the line. She has a copy of Paris-Jour and the words "Bardot come to the headline." "Allo, Allo, Annette!" they greet the newcomer, reaching out to shake her hand. "Ca va?" "Oh, come off it," she answers wearily. "Did your father send you the traveller's checks?"

D.A.R. Hears of Plan To Restore Old Inn Here

Mrs. Elinor Huxster of the Plainfield Public Library staff recently gave two book reviews, "Witch Door" by Elizabeth Ogilvie and "Thrush Green" by Miss Reed, an English writer, before Scotch Plains Chapter, D.A.R., in the home of Mrs. Amanda Bunn, 537 Westfield Road, Scotch Plains.

Mrs. Weakley, corresponding secretary, read a note of thanks from the Crossroads School in Crossroads, N.C. for a donation. She also read an article telling of plans for the renovation of the historic Inn in Scotch Plains which was strongly urged by the local D.A.R.

JCC Ladies Add 3 To Membership

Eight new members were welcomed into Fanwood Scotch Plains Jaycee-sitters at a meeting held recently at Wally's Tavern on the Hill. Watching them were Mrs. Anthony Brewer, Mrs. Karl Greiner, Mrs. Edward Hanson, Mrs. Vernon Laberge, Mrs. John Mohr, Mrs. Frank Mooney, Mrs. Martin Paulson, Mrs. Arthur Walsh, and Mrs. Richard Scholtz.

DAUGHTER JOINS 3 BOYS

Mr. and Mrs. John Holland, of 23 Laurel Place, Fanwood, who are temporary residents here, announce the birth of their fourth child and first daughter at Overlook Hospital, Summit, on Feb. 28. The child, who weighed seven pounds, six ounces at birth, has been named Susan Rebecca. She joins Stephen, 3; Phillip, 5, and Gregory, 4 years old. The Holland family came here from Seattle Wash., and expects to return there this summer.
