IT'S OFFICIAL NOW — The Young Republicans of Springfield are now an official Union County Standing Unit; they have just received their Charter. Pictured, front row, left to right: Jack Lambi, president; Virginia Gregory, secretary; Bob Jamison, vice president; Hank Wright, president. Back row, left to right: Ray Mueck, member at large; Iris and Art Wendland, publicity directors; and Frances Jain, delegate.

Young GOP Club Gets Charter

At the regular monthly meeting of the Young Republicans of Union County Inc., the Springfield Chapter was formally accepted as a functioning unit of the nationwide republican organization.

As a fledgling organization, the group helped spark political enthusiasm during the recent campaigning for Paul Murphy in the township. Now that the group is fully amalgamated with County, State and National Young Republicans as well as with the Springfield Republican Club, the group will show results to the degree never before witnessed in Springfield.

According to President Hank Wright, "Any concerted effort such as was shown in the November 8th election here in Springfield which produces five out of eight in the winning column for constitutional republicanism, can certainly be a constructive force in the coming gubernatorial and township elections."

Membership in the township Young Republican organization is expanding actively and methodically. For personal contact by members in your neighborhood or on your street, please phone DR 2-232 to start the "Telephone Chain" to help you feel welcome.

Miss Frances Jain, 49 Mountain Ave., has been accorded the elective honor as chapter entry in the forthcoming "Miss Union County Young Republican" Contest. The winner will be selected by three judges: Florence Dwyer, Pete McDonough and Don McKenzie, during the County Dance at Elizabeth Town and County Club December 3rd.

For tickets or information call Myrna Libby at DR 9-5551.

"Christmas in Song" to Be Presented at Regional

The Vocal Music Department of Jonathan Dayton Regional High School of Springfield, directed by William D. Peters, will present its annual Christmas concert on Thursday, December 8, at 8:00 p.m. in Halsey Hall.

The program, entitled "Christmas in Song," will include selections rendered by the Choir, Chorale, Freshman Chorus, Glee Club and Triple Trio.

Miss Elise Lindhler of Springfield and Miss Betsy Lang of Kenilworth will be featured soloists of the evening.

In new format this year, the concert will be presented in two sections, the first, dealing with the sacred side of Christmas, will include works by Leisinger, Junget, Praetorius, Palestrina, Thompson and Gavaert. The portion, entitled "Christmas, 1960" will feature the Dayton Chorale in the lighthearted atmosphere of the holiday season, and will include such popular favorites as "Winter Wonderland," "Sleigh Ride," "Silver Bells," and "White Christmas." Members of the Chorale have produced and staged the entire second half of the concert during their own time. An original winter scene will transform the stage of Halsey Hall into a shimmering "Winter Wonderland."

The scenery is being designed and executed by George Friedman of Springfield and Sue Stalger of Kenilworth with the help of the dramatics, industrial arts and art departments of the school.

Additional works to be performed by the various choral organizations of the school include "Let All the Nations Praise the Lord," "Adeste Fideles," "Lo How a Rose E'er Blooming," "Adeste Fideles," "The Carol of the Drum," "Ye Watchers and Ye Holy Ones," "Rise Up Early," "Go Tell It on the Mountain," "Jesus is Born," "Angels Came Carolling," "Slumber Song of the Infant," "Alleluia," "Carolling, Carolling," "We'll Dress the House," and "O Holy Night."

Accompanists for the program will be Miss Jean Herman, Miss Linda Huback, and Miss Sue Rivkin of Springfield. Robert Brewin also of Springfield is acting as technical director. At the conclusion of performance, the audience will join with the vocal organizations in the singing of various traditional Christmas Carols on the steps of Halsey Hall.

Tickets for the concert are being sold for fifty cents and may be purchased through any member of the vocal organizations, members of the student council, or they may be purchased at the door on the evening of the performance.

Ed. Board Votes for Languages

The Springfield Board of Education voted 8-1 to institute a foreign language program next year for seventh and eighth grade students. To be introduced on an elective basis, parent will decide if their children should take a foreign language.

The final vote was taken after a series of preliminary motions were defeated 5-4.

One motion, for action to be delayed until a survey is completed by the Union County Board of Education, was defeated 5-4.

Another motion was made which would make it mandatory for students to take the foreign language program. This, too, was defeated 5-4. Voting for the motion were Joseph A. Bender, Dr. Benjamin Josephson, August Caprio and Loren Skousen.

Howard S. Smith, Board president, cast the deciding vote in both instances.

Mr. Caprio, head of the foreign language department at Dayton Regional and a member of the school board, was chief spokesman for those seeking a stronger program. Dr. Josephson and Mr. Bender supported him, Frank Haydu, while voting for the final resolution establishing the program, expressed doubts about its wisdom.

Dr. Josephson, voting against the final resolution, stated that it did not go far enough. He was supported by about 30 residents. They were unanimously in favor of a mandatory foreign language program; many said it should be established for the lower grades.

According to Benjamin F. Newslinger, superintendent of schools, if students were compelled to take a foreign language, it would mean either lengthening the school day or dropping some subjects. At least four 50-minute classes a week in the language would be required.

According to 1956 figures, the cost per student for the program would be 16 or approximately \$35,000 per year.

Those voting for the program on an elective basis felt that the backward child should not be forced to take a foreign language. They also stressed increased emphasis on English. They stated that the program adopted is a starting point, subject to review and revision.

The program must now be passed by the Regional Board of Education.

Finance Unit Now Headed by Mayor

Bonadies Replaces Dan Lucy

Mayor Vincent J. Bonadies named himself chairman of the finance committee at the Springfield Township Committee meeting last November 22. He replaces committeeman Daniel M. Lucy who resigned the post just before the election.

Lucy, who disagreed with the mayor and the committee over the handling of finance offices, cast the only dissenting vote against proposals that would give \$200 a month to the acting tax collector, Wilbert Layng for his extra work and make him tax researcher with an annual salary of \$550, a sum set by ordinance.

Howard A. Flammer and Russell W. Sibole will also serve on the finance committee until the group is re-organized on January 2, 1961. There were no discussions on the appointments or resolutions paying Layng.

Layng, who is also tax assessor, earlier was named tax collector to fill the vacancy created by Charles H. Huff. The appointment was made October 15 and is effective until January 1 when the committee is expected to name Feson for the office.

But when Layng was appointed, Lucy quit as finance chairman, asserting an appointment should have been made from Oct. 15 to next November when post will be filled in the election.

Lucy said he voted against the proposal last night for the same reasons he objected to Layng's appointment in the first place. He said it was a bad business practice not to have one person serve continuously through next November.

In his assignment, Layng now serves as tax assessor, tax collector, tax researcher and custodian of the school funds. The

Pole Snaps; Ties Up 22

The eastbound lane of Route 22, Springfield, was closed for approximately 40 minutes starting at 5:40 a.m. Tuesday when a car veered off the highway and snapped a utility pole, police reported.

Capt. Leslie B. Joyner identified the driver as Gino L. Pisaneschi of Wilkes-Barre, Pa.

The situation was worsened when a tractor-trailer, following Pisaneschi, hit the low-hanging wires and sent them cascading across the highway.

The driver of the truck was identified by police as Edwin Rankin, 59, of Johnstown, Pa. He was not injured.

Sgt. Louis Quinton told police that Pisaneschi apparently fell asleep at the wheel. He was taken to Overlook Hospital, Summit, where he was admitted suffering from a fracture of the right forearm, a possible fracture of the right hip, abrasions and lacerations, police said.

Traffic in the highway was rerouted along S. Springfield and Hillside Aves. Emergency crews from the Jersey Central Power and Light Co. repaired the damage.

The accident occurred near the Lido Diner. Patrolmen John Lombardi and Robert Maguire directed traffic with the assistance of Mountainside police.

Sgt. Quinton said he had received no complaints of a power failure from residents and business firms in the area.

Sends Letter To Township Committee Stating Views

Ex-Police Chief Dies

WILLIAM J. THOMPSON
Former Police Chief

William J. Thompson, 287 26th Avenue, Riviera Beach, former Springfield police chief, died this past Monday in Allenwood Hospital, Farmingdale, of a heart attack. He was 72.

Born in Springfield, Mr. Thompson moved to Riviera Beach eight years ago after retiring as police chief. He was one of the first paid patrolmen in Springfield when he joined the force about 35 years ago. He worked as night desk sergeant for 18 years and was a lieutenant for two years before his appointment as chief in 1949.

Mr. Thompson was also a volunteer fireman and was a member of the Exempt Firemen's Association.

He leaves his wife, Mrs. Stella B. Adams; three sons, William J. of Springfield, Frederick C. of Short Hills and Louis M. of Springfield, and nine grandchildren.

Group Takes No Action

The Springfield Township Committee was told by Magistrate Henry C. McMullen that it is his belief the maximum juvenile court age should be lowered to 16.

"Regardless of age, the commission of a second major offense should automatically remove the offender from the protection of juvenile law and subject him to proper discipline in the ordinary criminal procedure," he emphasized.

In a letter to the committee, the magistrate said: "The present treatment of juveniles is undoubtedly based upon well-meaning, but immature, impractical reasoning. No fair-minded person would act in any way to unfairly punish or otherwise discipline a child for a childish act."

Continuing, the magistrate stated, "Prior to the juvenile laws of recent origin, the laws of our country recognized that a child from 7 to 14 should be presumed incapable. Over 14, there has always been a rebuttal presumption that the child was capable of a criminal attempt. Why the present juvenile protection should extend four years beyond the long-established rule, I do not know and cannot understand."

Magistrate McMullen offered his views on juvenile law at the request of the committee. The committee asked his opinion after receiving a Plainfield Common Council resolution urging support for a move to lower the juvenile court age to 16.

The committee took no action on the magistrate's recommendation.

In explaining his stand, the magistrate noted that he has come across several cases in which the defendant has sometimes arrogantly raised the question of the court's jurisdiction and power to punish because of the juvenile law.

One case mentioned dealt with a youth who was apprehended for opening a grave and removing the bones from a cemetery in this area. The act was committed while the defendant was a juvenile under the law. However, the case was tried after the defendant passed the legal juvenile age. The defendant, the magistrate said, "generally told me that I could do nothing with it."

Variance Approved By Township for Garden Apartments

Approval of a variance for a \$350,000 garden apartment project on 845 Mountain Avenue was given by the Springfield Township Committee on November 22.

The decision was unanimous.

Work on the 32-unit building is scheduled for spring. Elmer L. Walker of 4 Morris Avenue is the builder.

The committee acted on the recommendation of the Board of Adjustment. The apartments will be located in a limited business district, which does not permit garden apartments.

However, the board noted that property immediately to the north of the proposed building site has garden apartments built by Mr. Walker.

The board said the new apartments will be "compatible with the neighborhood scheme."

Under conditions of the variance, the apartments must have a limit of three rooms and just one bedroom.

Mrs. Wagman is a noted lecturer on the subject of stock markets and also has taught investment courses in various adult schools.

She resides at 445 Morris Avenue, Springfield.

Arthur K. Groemling, a retired Irvington patrolman, who lived at 175 Meisel Avenue when he died September 4, 1959, left the bulk of his estate to the Masonic Home Charity Foundation in Burlington. He was 60 when he died.

He also left a bequest of \$3,500 to Mrs. Anna Maker of 19 Mt. Vernon Avenue, Irvington.

The estate contained four \$70,000 in Springfield, Summit, pieces of property valued at Irvington and Point Pleasant, and \$48,115 in stocks, securities and cash.

Named as executors are Fred C. Harse, 60 Warwick Circle, Springfield, and Charles M. Grossman, a Newark attorney.

Mr. Groemling was appointed to the Irvington force in 1928 as a chanceaman and served for 16 years before retiring because of a heart condition May 15, 1944.

Your Library

The time for Thanksgiving is here again. For many years the Free Public Library of Springfield has called upon its readers to "Give thanks good people for good books." The Library does have many good books and all of us are thankful for them. But this year we are giving particular thanks for something else. We are giving "Thanks for all our fine volunteers." The volunteers are those women who give generously of their time each week, to help with the routine work of the library. These women save the taxpayers untold dollars.

As a tribute to them we are listing their names and hours:

Monday morning: Mrs. C. F. Martin, Mrs. A. A. Ingalls. Monday afternoon: Mrs. H. A. Flammer, Mrs. E. H. Tuzik, Children's Room: Mrs. E. F. Swisher. Monday evening: Mrs. V. L. Brink, Miss Ruth Levson. Tuesday morning: Mrs. G. Gamble. Tuesday afternoon: Mrs. P. B. Dennis. Tuesday afternoon: Mrs. G. W. Clark, Children's Room. Wednesday morning: Mrs. A. Birnbaum. Wednesday afternoon: Mrs. A. Kitzing, Children's Room: Mrs. H. G. Neminger.

And, Thursday morning: Mrs. H. T. Rice, Mrs. J. W. Davidson. Thursday afternoon: Mrs. E. H. Brooks. Friday morning: Mrs. G. Gamble. Friday afternoon: Mrs. E. E. Hall. Friday evening: Mrs. E. F. Swisher, Mrs. H. Sautter, Mrs. H. V. Bouchard and Great Books Discussions: Mrs. Bryant Haas.

Recently sixteen of this group gave up an extra morning to attend a workshop so that their services could be better coordinated.

Therefore, we can say "Give thanks good people of Springfield, for the Library Volunteers."

JUVENILE

him since the act had been committed while he was a juvenile." He noted that in Springfield "we have been extremely fortunate in being spared the mugging and extreme brutality" of persons protected by the juvenile law.

"How much longer we will be so privileged cannot be estimated," he said. "But since the vicious evil spreads in all directions, it is reasonable to assume that sooner or later it will come here."

The magistrate contended that "the opponents of change are solely concerned with the wrongdoers and a fear of stigmatizing a juvenile." To this he answered, "The protection of the wrongdoer should not equal or exceed the protection of the victim of the wrongdoing. Concealment of vicious criminal acts by not revealing the identity of the criminal is grossly unfair to the safety of decent citizens and their children."

The magistrate said a section of a memorandum by the New Jersey Youth Study Commission,

entitled "Should New Jersey Lower Its Maximum Court Age?" states in part that "even many repeaters are successfully rehabilitated."

In response to this, he asked: "If these repeated offenses are of the vicious major type, what of the victims?"

He urged that, regardless of age limit, there should be a "real distinction in the nature of the acts charged to the juvenile."

"It is grossly unfair," he contended, "to treat a juvenile who has committed a minor offense, typical of average children, the same as juveniles charged with a major crime for which a person over the juvenile age could be sentenced to long imprisonment, or death."

Christmas Right Around The Corner

Postmaster A. V. Del Vecchio said today, "Time is running out! Let's not wait until mid-December to get our Christmas cards and gifts in the mails. By taking action now you'll avoid disappointing friends and loved ones at Christmas time."

The Postmaster asks your special cooperation in being sure that your return address and recipient's address is plainly typed or written on all labels and Christmas cards. Use zone numbers, if part of mailing address, and send your Christmas cards by first class mail so that you can include handwritten messages, making your Christmas greetings more personal. Also, you will be certain the cards will be delivered promptly and forwarded or returned, if necessary. Mail your Christmas cards in two bunches, using the free labels which are being delivered to your homes today. The labels read "ALL FOR LOCAL DELIVERY" and ALL FOR OUT OF TOWN DELIVERY." Additional labels may be obtained at the post office.

The Postmasters ask the cooperation of all business firms to delay mailing circulars and catalogs until after December 25th, to keep the mails clear for the Christmas rush.

A Column For And About Women

BEAUTY HINT — Eye shadow applied slightly higher than the crease in the lid and extended outward a bit past the actual width of the eye will make small eyes appear to be larger.

COOKING TIP — High protein foods—eggs, for example—will be tough and leathery if cooked with the heat too high. Consequently, I recommend low temperature cooking for them.

IS YOUR DRY CLEANING UP TO DATE? — Is your dry cleaning as up-to-date as your wardrobe? You see, fashions in dry cleaning change, too, and all the newest improvements are used in Morey LaRue's superior sanitone dry cleaning methods. Your clothes come back with the sparkle and feel of newness, cleaning after cleaning. If you are not already a satisfied Morey LaRue customer, I urge you to discover the difference Morey LaRue's modern methods make! And there will never be a better time than right now. Because right now—through Dec. 3—the friendly folks at Morey LaRue are featuring the following wonderful dry cleaning special: Any 2 plain skirts, trousers, sweaters and sport shirts sanitone-cleaning for a mere 97c.

ODDS 'N' ENDS — Did you know that worn out powder puffs, after being washed and dried, will make excellent applicators for paste shoe polish? And did you know that your empty waxed milk cartons will make fine flares in case you experience car trouble on the highway. One carton will burn for as long as 15 minutes. Why not put several in your car trunk?

EXCITING, PRACTICAL, INEXPENSIVE CHRISTMAS GIFTS — You can thrill the tiny tots on your Christmas list with a darling "Dennis The Menace" doll. Although a \$4.00 value, you can buy "Dennis The Menace" for a mere \$2.79 with any Morey LaRue dry cleaning order. Morey LaRue is also featuring a complete line of gorgeously gift-wrapped Chic Cosmetics and Men's \$5 Registered Shirts for only \$3.95. Chic Cosmetics, so modestly priced, are the finest known to science, and the Registered Shirts are guaranteed for one full year if you have them laundered by Morey LaRue!

This meeting was a unit on Higher Education in New Jersey. Among the questions to be answered were: How are the institutions of higher education in New Jersey organized and administered? The topic of Higher Education is of particular concern to anyone interested in the future of

Recruit Trains at Jackson

Recruit Robert F. Sisum, son of Mr. and Mrs. Adolf O. Sisum of 13 Remer Ave., Springfield, is presently assigned to Company D-7th Battalion, 2nd Training Regiment of the U. S. Army Training Center, Infantry, at Fort Jackson, S.C., where he is undergoing eight weeks of Basic Combat Training.

He will be taught rifle marksmanship under the U. S. Army's TRAINFIRE program which enables the modern soldier to become a better rifeman in less time than previous methods. In this program, most of his training will consist of firing his rifle at pop-up targets at unknown distances on terrain which duplicates combat areas. Other highlights of his intensive training include squad tactics, bayonet and hand-to-hand combat, and crawling the infiltration course while machine gun fire is popping overhead. Many of his instructors are combat veterans of World War II and the Korean War.

During his seventh week of training, he will live in the field under conditions similar to those in the forward areas of a battle-

zone. He moves over rough terrain on foot and in tactical vehicles and participates in numerous combat situations of a realistic nature. He learns the practical applications of the skills and knowledge gained in all previous instruction.

As a climax to this first phase of training, he will march with his battalion in a review before the commanding general of Fort Jackson. This ceremony is witnessed by relatives and friends of the trainees who attend the "open house" held by each company on graduation day.

Raymond Chisholm
In celebration of American Education Week, the Raymond Chisholm Parent-Teachers Association held an "Open House" Monday evening, November 21st.

A short business meeting was held at the Raymond Chisholm Auditorium. Then the parents were invited to go to their children's classroom where the teacher explained the program for the year, discussed the new report cards, and answered any questions of general interest that the parents might have asked. Time was allowed for those parents with children at the Thela Sandmeier School to reach those classrooms, after the meeting at the Raymond Chisholm School.

The next regularly scheduled meeting of the Raymond Chisholm Parent-Teachers Association will be held January 15th, and will feature a program with Mr. Robert Mical, School Psychologist.

James Caldwell School.
The first National Child Guidance Week is being observed from November 27th to December 3rd, this year. This event launches another necessary project — a new long-range program to prevent emotional disorders and delinquency among children and our youth.

The prevention of delinquency and emotional disorders cannot be left to the psychologists, psychiatrists, educators, social workers and law enforcement agencies alone. The guidance and understanding that children receive from their parents is the most important factor in keeping children emotionally healthy. Our homes are primarily responsible for our children's attitudes toward learning, their moral standards, and their emotional and spiritual health.

Raymond Chisholm
The Raymond Chisholm Parent Teachers Association is running a Book Fair, to be held November 30, December 1st and December 2nd. Books will be on sale from 2:30 p.m. until 4 p.m. at the Raymond Chisholm School and the Thelma Sandmeier School.

These books are on a variety of subjects and are all moderately priced. They would make excellent gifts for holiday giving, birthday presents, etc.

Mrs. Claire Katz, and Mrs. Rita Cohen, co-chairmen in charge of fund raising for the Raymond Chisholm Parent Teachers Association, cordially invite all parents to "browse and buy" at this Book Fair.

ORT Women Attend Planning Confab

The Springfield Chapter of Women's American ORT sent their representatives, board members and chairman to the Mid-Winter Planning Conference

which was held on Monday evening, November 28 at the Hotel Essex House, Newark.

The conference was a time for discussion, evaluation and planning for the remainder of the year. Chapters benefit immeasurably from the ideas presented. A preview of the new ORT fashions designed and made by ORT students in the many training centers were shown. They were modeled by representatives of the local region chapters.

Another highlight of the evening was the drawing of the Region Raffle (A trip for 2 to Europe). Coffee and cake was served to the guests at the end of the evening.

Taking charge of the Springfield duties were Mrs. George Levine, president of the Springfield Chapter, and Mrs. M. Ackerman.

Israel S. Dresner of Temple Sharey Shalom give the invocation. Mrs. Robert B. Jackson, president, presided over a short business meeting prior to the visitation. The general membership approved the Executive Committee's recommendation that a gift of a portrait of Mrs. Thelma L. Sandmeier be presented to the new Sandmeier School.

School Education Chairman, Mr. William Lonney, then directed the large group of parents to the various classrooms. For more than an hour the halls were busy with fathers and mothers scurrying from one classroom to another as they followed the daily schedules of their children. Though many a parent found that sitting in his child's seat was a tight fit, the consensus was that this graphic portrayal of what our children are getting in our schools was an interesting and stimulating experience.

SPLINTERS FROM THE BOARD

By RICHARD E. WERNER Chairman, Public Relations Committee SPRINGFIELD BOARD OF EDUCATION (Nothing in this column is to be considered as official opinion of the Board of Education.)

The November 15th meeting ended at 11:30 P.M. and about 75 interested townsfolk sat right to the very end. They had been starting in September 1961, pro- extremely interested in the Board's discussion regarding the

addition of foreign language to the curriculum. The final outcome was to establish such a program on an elective basis only, for grade 7 and 8. This means the parents will be able to select the language for children interested in taking such a subject. Spanish and/or French will be taught, providing certain problems can be overcome, not the least of which

is getting teachers to supplement those now available. The Science Department of the Gaudineer School has been doing big things these days. One of the most popular assembly programs in recent years took place several weeks ago by that

department, and we were told that the demonstrations were "exciting, interesting, colorful, and noisy!" The science students have also sent off helium-filled balloons with self addressed envelopes attached. The hope is that some person will find this in some distant place, read the enclosed letter, and reply back to Springfield. As yet, no replies have come back, but the mailman is watched daily.

Speaking of this fine department, the Science Fair will be held at Gaudineer School on Friday, February 3 from 7:30 P.M. to 9:30 P.M., and Saturday, February 4 from 9:00 to 12:00 noon. A scientist, a college science professor, and a former high school winner of the state science fair will judge the entries. Plan to attend!

With the holiday season rapidly coming near, may we call your attention to the system-wide policy in effect regarding the practice of giving gifts to teachers and administrators for any occasion?

The Council of Springfield PTA's, together with the administration, agreed to discourage all such gifts and collections.

Another reminder: With the possibility of inclement weather approaching, may we call your attention to our procedure concerning the closing of schools? John Gimbaling will announce the names of schools closing over radio station WOR at 6:15 and 7:15 A.M. following the news. Two blasts of the fire whistle in town at 7:30, 7:45, 8:00 and 8:15 will signal additional warnings. You are urged to obtain the information from the above mentioned sources, rather than calling the police department or school offices. These lines must be kept open for emergency calls.

It is often perplexing for eighth-grade students to envision their future in terms of a career. However, some thought must be given to a possible profession or business since it might affect the proper selection of high school subjects, and in some cases, subsequent college admission. Many fields of endeavor are not considered by children because they lack the knowledge concerning them. To orient students to the wide range of vocations, local residents have been invited to address the prospective graduates at regular periods during the year. Lectures and discussions will be in the areas of dentistry, medicine, law, engineering, business, music, aviation, nursing, teaching, pharmacy, advertising, retailing, electronics, journalism, the trades, the armed services, agriculture and architecture.

You are invited to attend all of the meetings which we hope will assist in guiding pupils along lines of a career compatible with both their ability, and personality. We shall keep you informed of the dates.

ANNUAL BAHAI STATE CONVENTION OF NEW JERSEY will be held Sunday, December 4, 1960 at Edward V. Walton School 601 Mountain Avenue, Springfield OBJECTIVE: World Crusade to establish 1. Oneness of Mankind 2. Oneness of Religions as spiritual basis for Universal peace & 3. To set up the necessary institutions to implement this knowledge. Public Meetings - Saturday, December 3, 8 P.M. Suburban Deborah League, composed of two hundred and forty members from eleven Essex and Union county towns, has contributed approximately \$44,000.00 during the past four years to support the Deborah Hospital. THE INVESTOR'S CORNER
 First aid for those interested in stocks, bonds, & mutual funds
F. S. JOHNS CO., INC.

By JOHN A. TRICOLI
 Is now a good time to invest?
 There is, of course, no quick answer to that question. It all depends on how you invest and in what.
 Suppose, instead, you inquire, "Is now a good time to employ professional counsel to select and supervise my investment?" In that case the answer is — yes. And we feel an sure ground when we say so.
 The main reason is this. At all times it's wise — and economical — to hire help to perform any job that calls for more knowledge or skill or time than you, yourself, have. When you think about investing in the same light, you'll see why it is wise at all times to become a shareholder in a mutual investment fund.
 Will the stock market go up or down? Will there be more inflation? What will happen in Russia, the Middle East? What proportion of my investment should be in common stocks and what proportion in bonds and preferred stocks — and when should changes be made? These are vital questions and professional investment counsel is usually much better equipped to weigh these problems and act upon them than is the individual investor.
 Why not contact us regarding your plans for the future? We'd be happy to be of service. No obligation, of course. Call or write us.

The selection of nine leading American scientists and mathematicians to speak at a new scientific lecture-discussion series for academically talented high school students this fall and winter at Union Junior College was announced today by Dr. Kenneth W. Iversen, UJC dean.

The series is designed to challenge the "gifted" high school students intellectually and to create a ninterest in science and mathematics. The series is being offered under a grant to Union Junior College from the Merck Company Foundation.

The speakers and their fields are: Dr. Edward Baker of the Esso Research and Engineering Company, Linden, chemistry; Dr. Wallace Broecker of the Lamont Geological Observatory of Columbia University, oceanography; Dr. Robert E. Danielson of the Princeton University Observatory, astronomy; Dr. Earl Le Roy Green, director of the Roscoe B. Jackson Memorial Laboratories, Bar Harbor, Maine genetics; Dr. J. Stuart Hunter of the U.S. Army Mathematics Research Center at the University of Wisconsin, statistics; Dr. Albert E. Meder, Jr., vice-provost and dean of Rutgers University, mathematics; Dr. John R. Pierce, director of research of the Bell Telephone Laboratories, Murray Hill, who is known as the father of Echo I; Dr. Earl C. Tanner, assistant to the director of the James Forrestal Research Center, Princeton University, thermonuclear energy; and Dr. Max Tschler, director of research of Merck and Company, Inc., research.

A tenth speaker will be added. Jonathan Dayton Regional, Scotch Plains-Fanwood, and Governor Livingston Regional High Schools have accepted invitations to participate in the series.

Dr. Iversen pointed out that the program will attempt to increase the interest of able students in science and mathematics, and to help make them better overall students and increase their interest in their high school studies.

"We will introduce the high school students to the challenging life of the scientist and mathematician and inform them of the great need for highly-trained people, especially in the highly concentrated research area of North and Central Jersey," Dr. Iversen said.

The lecture-discussion series

College Artist Gives 1-Man Show

A one-man show by artist Harold Lewis now is featured in the art gallery of the College Center at Newark State College, Union.

The abstractions, in both oils and water colors, will be on display through December 15th. Members of the community are invited to view them.

Lewis teaches fine arts in the New York City secondary school system. He has been an art instructor in adult education for more than 10 years. His work has been exhibited in show sand at museums throughout the country. Three Lewis paintings were included in State Department shows that toured Europe, South America and the Orient.

The exhibition at the College was arranged by Dr. Margaret E. Kirkpatrick of the Fine Arts Department through the Angel-ski Gallery, New York City.

Dumont Tosses Hat In Ring for Job as New Jersey Governor

State Senator Wayne Dumont, Jr., of Warren County, today formally announced his candidacy for the Republican nomination for governor at the state capital in Trenton.

Sen. Dumont, who defeated Governor Robert B. Meyner in a contest for State Senator in 1957, was the first Republican State Senator to be elected for a full term from Warren County since 1878. In 1955 and again in 1959 he won reelection by defeating opponents endorsed and strongly supported by Governor Meyner.

Sen. Dumont, 46 years old, was born and raised in the Paterson area, later moving to Phillipsburg, New Jersey, where he presently resides. He graduated from Montclair Academy, Lafayette College and the University of Pennsylvania Law School. He is married to the former Helen S. Williamson of Lancaster, Pennsylvania, and they have one son, Wayne Hunt Dumont. Dumont served as Warren

County Republican State Committeeman from 1948 to 1952, Senate Majority Leader in 1955 and Senate President and Acting Governor in 1956. He was a delegate to the 1960 Republican National Convention in Chicago.

During Sen. Dumont's nine years in the New Jersey Senate, he has sponsored or co-sponsored numerous important legislative measures including: The State School Aid Act, The State School Aid Construction Act, The New Jersey Water-Supply Program, The Property Assessment Reform and the successful 1960 Referendum granting a Property Tax Exemption to senior citizens of limited income.

For his outstanding service to the people of New Jersey, Senator Dumont has received the New Jersey Education Association's award for distinguished service to education.

Crane Elected to Chairmanship of NJ Tercentenary

Senator Robert C. Crane of Union County has been elected Chairman of the New Jersey Tercentenary Commission.

During recent months, Senator Crane has been serving as Acting Chairman for the 11-member Commission planning the State's 1964 Tercentenary celebration. The New Jersey Tercentenary Commission has been assigned two tasks by the State Legislature: (1) to formulate and implement a program for the proper observance of the beginnings of New Jersey and its subsequent role in the lives of the people of this State and Nation; and (2) to cooperate with the appropriate officials and arrange for the participation by the State in the World's Fair to be held in New York Metropolitan area in 1964.

To date, the Commission has primarily been concerned with giving its support to the creation in Trenton of a new State Library and Museum complex. In planning a Tercentenary program that will have lasting effect, the Commission has begun the following:

1. formation of municipal Tercentenary Committee in each of New Jersey's 567 communities;
 2. formation of county Tercentenary Committees in the State's 21 counties;
 3. organization of Advisory Committees among historians, educators, industrialists, labor and state representatives;
 4. introduction of a New Jersey Historymobile to carry the New Jersey story to all parts of the State;
 5. collection on microfilm of records pertaining to New Jersey from foreign and other collections;
 6. initiation of an architectural competition for the design of the State's exhibit at the 1964-65 World's Fair. (Limited to architects registered and resident in New Jersey).
- The Tercentenary Commission plans to resume the publication of the New Jersey Archives; to cooperate with the State Department of Conservation and Economic Development in rehabilitation of the State's historic sites, buildings and parks; to publish a Tercentenary History of New Jersey and other historical materials; and to arrange for public ceremonies commemorating the 1964 Tercentenary.
- Senator Crane, former editor and publisher of the Elizabeth Daily Journal, was first elected to the State Legislature in 1956, and was re-elected in 1959. He has been a legislative member of the Tercentenary Commission for the past two years.
- In January, 1949, Senator Crane served as chairman of the New Jersey Electoral College Delegation in Washington, D.C., and was State Delegate-at-Large for New Jersey at the 1952 Republican National Convention in Chicago. He was vice-president of the Union County Park Commission from 1951 to 1953 and was chairman of the Governor's Gasoline Price War Survey Commission in 1952.
- He is a member and past president of the New Jersey Press Association, the New Jersey State Junior Chamber of Commerce, and the Elizabeth Rotary Club. He is also a director of the Central Home Trust Company in Elizabeth and vice-president of the YMCA Board of Directors, Central Atlantic Area.
- Senator Crane is a member of the Board of Managers of St. Elizabeth Hospital and the Union County Chapter of Junior Achievement, Inc. He is also a member of the Board of Trustees at the Pingry School, Elizabeth, where he was graduated in 1938. In 1942, he was graduated from Dartmouth College. He now has his own public relation, counseling firm, Robert C. Crane and Sons, at 31 Parker Road, Elizabeth.
- Senator Crane and his wife, the former Frances Hyde Adams, reside at 329 Hillside Avenue, Westfield, with their three children: Geoffrey Adams, Jonathan Clark and Deborah Lea Crane.

GOP Victory Dinner Will Feature Case, Dwyer as Speakers

U. S. Senator Clifford P. Case (R-N.J.) and U. S. Representative Florence P. Dwyer (R-6th Dist.) will speak at a \$10-a-plate Union County Republican victory dinner on December 7th at the Scotch Plains country club. Charles P. Bailey, chairman, Union County Republican Committee, announced today.

Union County chosen freeholders-elect Harry V. Osborne, Jr., of Cranford, Peter J. McDonough III, of Plainfield and Edward H. Tiller of Garwood will share the head table along with other successful Republican candidates at the local level.

Both Senator Case and Congresswoman Dwyer ran ahead of the Republican ticket, scoring major personal victories in the recent election. The three successful Republican freeholder candidates will, when sworn in on January 2nd, return control of the county freeholders to a Republican majority after two years of Democratic control. The theme of the victory dinner, according to Chairman Bailey, is "The Formula for Republican Success." Purpose of the dinner, according to Bailey, is "to keep Republican enthusiasm and support at the highest possible level."

Committee for the victory dinner includes: Richard C. McDonough of Westfield, Chairman; Raymond Rodeno, President of New Providence republican club; John Marsh, council-elect of Rahway; A. Donald McKenzie, member Union County Republican Committee; Vincent Warkala of Mountainside, N.J.; and Frank T. LeBart, mayor-elect of New Providence.

TAKING CARE OF YOUR GARDEN

By Edward A. Cardinal

Last week I attended a special

meeting at the Agricultural Ex-

periment Station for the purpose

of revising seed formulas. Doctor

Enlyke presided, and Doctor

Ralph Engel, turf specialist,

spoke on the good and bad points

of bent grass in lawns.

Bent has always been a trouble

maker in the home-lawn be-

cause of its susceptibility to dis-

ease and insect injury, as well

as its inability to stand long

periods of drought. It is difficult

enough for professionals to main-

tain bent turf, let alone the in-

experienced home gardener, so it

was felt that bent should be re-

moved from all but one of the

mixtures recommended by the

State Experiment Station. For

those who wish to fuss with bent

one mixture is now available

which will contain considerable

more bent than normally used,

but which will provide an excel-

lent turf if properly cared for.

If you are interested in such a

lawn look for this mixture at

your favorite garden center late

next summer.

Will B. Able to Star In New Meadowbrook Musical

CEDAR GROVE — One of the greatest talents in show business, Will B. Able, will be starring in "Hit the Deck" which opens Thursday evening (Dec. 1) at the Meadowbrook Dinner Theatre, Route 23.

This tuneful Vincent Youmans' musical is about gobs and gals. All-but-one presentation, "Auntie Mame" have been of the musical vintage.

Able will be making his second starring appearance at the Meadowbrook. He was sensational in "Where's Charley" last winter and has since been on the road, jumping from Texas to England to the Continent.

The elongated dancing and singing star is a smash with all types of audiences. He was scored with adults as the result of his work on the Broadway stage and night-clubs and with the younger element as Bopper the Clown on TV's Super Circus.

Producers Helga Garry McHugh and Carl Sawyer believe this enchanting Youmans-Herbert Fields musical is made-to-order for the Meadowbrook. Although the original show was performed in 1927, Able and director Donald Burr give it a real '60 touch.

Musical director Donald Yap has an outstanding score ready for presentation. It includes such wonderful hits as "Sometimes I'm Happy, Sometimes I'm Blue," "Time On My Hands," "Drums in My Heart," "I Know That You Know," "Hallelujah!"

With the scenes set to carry the audience from Newport, R.I., to South America, and aboard a battleship, the fantastic sets are being designed by John Beaumont.

APPEARS TONIGHT AT THE MEADOWBROOK — Will B. Able will star in "Hit the Deck" opening tonight. Able's smash hit in "Where's Charley" last season was the outstanding performance of the year at the Cedar Grove Dinner Theatre.

The Meadowbrook has another all-star cast in support of Able. Fairfax Mason will be seen as Loo-Loo and the sensational Dee Harries, of "Kismet" fame, will appear as Livinia. Jack Naughton will appear as Jimmie, Grazziella (Able's real life-wife) as Rita; Fatiene Jarvis as Charlotte Payne; Louisa Cabot as Toddy-Gate; Kay Brower as Leslie; Tony LaRussa; Matt Bascon; Van Stevens; Allen; Darrell Sendeen as Betting Smith; Walter Murphy as Sloppy Robert; Gary Leatherman as Gob; LaMonte Palmer as Dint and choreographer Marc Hertzens doubles as Donkey.

All-Team Time

When the final touchdown has been scored... when the coach has been given his last bit of aggression by some eager youngster... when the final cheer has been sounded for heroes... when the equipment is returned to the equipment manager... it is then time to review the season and pick the outstanding performers.

Having had the privilege (or what ever you want

to call it) of reading this sport section for the past 9 weeks, you will have noticed that we deal exclusively with three schools: Springfield Dayton, Governor Livingston and Scotch Plains-Fanwood. Therefore, we are qualified only to discuss these three teams.

With the season concluded, I wouldn't be eligible for my "press card" if I didn't make some sort of All-Star team selection. Having a limited staff I am somewhat limited in my scouting report of the three teams, but I want my "press card" so I will venture to select my ALL-WATCHUNG WEEKLY TEAM.

Three Outstanding Jobs

I had given thought to naming the outstanding coach of the three schools, but with just a little thought I decided against it. It is our opinion that there is so little to choose from the remarkable jobs turned in by Messrs. Palmer, Brown and Nelson that the award nomination would be deceiving. I'm sure there are supporters of each team that feels their coach did the best job.

BROWN AT BERKELEY

We will start with the Brown supporters. Certainly you couldn't expect more than what Al Brown did at Governor Livingston. He had absolutely no experience, nor an out-

standing player to center his attack around. He was new in the area and had very little knowledge of his opponents.

He gave his team the basic fundamentals, taught them how to block, tackle, run, throw, and they won six ball games. He beat teams that have been playing football since the days of Jim Thorpe.

The first game they resembled just what they actually were... a group of kids eager to play but without the know-how. The last game they were a much better than average high school team. They had the confidence and the ability.

NELSON'S SECOND

"It is going to take awhile before we start to jell, but when we do, we will cause trouble." Chuck Nelson optimistically said before the start of the season.

They had some rough encounters, but when the conference games came, the Scotch Plains Raiders had begun to jell. Their offense produced the scores, while the defense prevented the scores. With this combination, the Raiders rode to their second Watchung Conference Title.

Nelson stuck his chin out for the second guessers on numerous occasions, but they were given few opportunities to speak. He took the chances that a confident coach takes, and they paid off for him and his team.

PUSH-BUTTON COACHING

The papers created the image that Herb Palmer had a "push button" job at Springfield. All he had to do was

issue the uniforms to his team, and they would do the rest. He had Herb Etzold and that was enough.

They didn't think that Palmer needed a line to block, that he needed ends to catch, Tom Marino's passes, that he needed depth when he would face Roselle, Westfield, Edison and Rahway.

Somewhere... somehow, Palmer managed to supply the necessities as the Bulldogs compiled a 6-3 record. Their win over Rahway put the icing on the cake... it illustrated the type of team Herb Palmer put together this year.

Bulldogs Ain't No Average Team

There is an old adage that goes something like: "It's not how you start, but it's how you finish."

With this in mind, the Springfield Bulldogs have just completed one of their most successful campaigns in the schools 24 years. The Springfield - Rahway meeting has reached the enthusiasm of the Army-Navy battle. Naturally, it is on a smaller basis, but it is as important to the high-schools.

As is the case with Army-Navy, they plan their entire season for the inter-service clash. A win means a successful season regardless of their previous games. This is proven in the fact that neither team considers a bowl bid until their final game of the year. The

loser refuses to think of a bowl after a loss in the service game.

SEVENTH TIME

There will be no bowl bids being offered the Springfield Bulldogs, but there will certainly be nothing but praise for the Springfieldites. It isn't the annual thing for Springfield to be victorious against the Indians. In fact, this was only the seventh time the Bulldogs have won on the Turkey Day.

But who cares about the past? This is 1960 and freshman Coach Herb Palmer and his Bulldogs want to remember the sweet taste of revenge. They weren't figured to win, not by this paper nor any other. But as this paper warned... you can forget about past

No War Dance This Year By Indians

performances and the Bulldogs did as they forgot they were three-time losers and proceeded to hand the not too savage Indians their second loss in 30 games.

Apparently the whooping Indians forgot to get the war dance ritual from their Chief as they were the ones that were scalped by the "no-house-broken" Bulldogs. The statistics were even in first downs at 12 apiece, but the Bulldogs paced by Tom Marino's passing piled up 92 passing yards against a scant 45 for Tom Hoagland and his Indians. Marino was exceptionally sharp clicking on 10 of 22

passes while Hoagland who came into the game paired with Marino managed only to connect on 3 of 14.

ETZOLD CARRIES 4 TIMES

When the Bulldogs had possession of the ball, Etzold and Marino were usually involved in the action. Marino called on Etzold no less than 17 times to carry the ball out of the 38 running play executed by the Bulldogs. When Marino decided to pass, once again Etzold was his target, throwing to him seven times.

One of the few times Marino didn't throw, to Etzold he hit end Larry Stuekel for 10 yards

in the midst of their lone scoring drive. Three plays later Marino threw to Etzold in the end zone for the winning score.

This scoring play was a thing of beauty. Marino was hounded by two Rahway linemen but managed to get his pass off. Etzold, who had at least two Rahway men on him throughout the game like flies on honey, made a leaping catch fighting off the Rahway defenders.

FIGHT OFF THREATS

With the score coming at the start of the third period the Bulldogs stymied any threat the now "scalped" Indians

were able to put together.

Easily their best performance of the year, the Bulldogs had no intention of "losing this BIG GAME." When they were called on, the Springfield defense suppressed the highly-touted, Bill Jaworovich. On two occasions they hit the big boy with such gusto that he fumbled to end threats.

Performing brilliantly throughout the afternoon on defense were Marty Sica and Ronnie Laurino. Sica, the 215-pound tackle and Laurino the 185 corner linebacker raised havoc with the Rahway offense.

BETTER THAN WESTFIELD

Completing the best season in 8 years at Springfield, Herb Palmer said: "On Thursday, Rahway was better than Westfield when we played them. Our boys played a game that would make any coach proud of them. It was clean but real rock and sock type game. Some of my boys are still bruised."

The Rahway win was a tribute to Coach Herb Palmer and his successful Bulldogs. This was Palmer's first year, who had a more difficult job than most of the preseason reviews reported. He may have had the nucleus of a good team and his 6-3 record doesn't veil that the fact that he "did a job."

As for the players... they did the work. Any doubt that followed them into the Rahway game was obliterated by their sparkling performance in an underdog role.

Unlike the Roselle and Westfield games, they were an aggressive team that wouldn't be bullied by pressing clippings or reputations. They tackled with the intent to knock the ball carrier into cloud 9... and they succeeded. When they carried the ball they aimed at running over the defenders... and they succeeded. And when they scored their touchdown, they planned on making it hold up... and it did.

WHO SAID THEY WERE JUST AN AVERAGE TEAM?

Desire To Learn - Livingston's Win Formula

SPORTS, DESIRE TO LEARN

The work is finished... the uniforms have all been turned in to the equipment manager... the daily routine of practice is just a nightmare... Saturdays will no longer be occupied on the football field... everyone can sit back and feel good about their 6-2 first year record.

Al Brown, can also sit back and feel that he has met the challenge "head on" and has not come out second best. If you recall the article in this paper at the beginning of the year, it stated "Brown May Have Found Challenge." Naturally, the challenge referred to was the Governor Livingston football team. He not only found the challenge but he proceeded to completely trample it into submission.

There is no doubt that as long as Brown remains at Livingston, they will be respected highly. If he could turn in a record as outstanding as he did this year, there is no limit as to next year.

Speaking of next year, Brown has already begun mapping his strategy for the '61 campaign. Drawing up new

Brown Already Mapping Plans For '61

plans... varying his offense to meet the personnel on hand... studying films from this years games... and preparing practice schedules are just some of the items that will occupy the "football mind" of Al Brown until next September.

MUCH ACCOMPLISHED Looking back over the past season, it would be a very difficult task to name every single player or feat they accomplished throughout the campaign.

Coach Brown put the teams success in terms of a "group effort." Brown was asked to give the one main attribute of this years team that enabled them to compile their formidable record. "Their attitude toward learning would have to be considered their main rea-

son for their success. They never once complained about long practices or the hard work."

It may just be ironical, but it is interesting to note the

scores of the first and last games. The Highlanders dropped the opener 20-0. In the finale, the Highlanders were victorious by a 27-0 margin. These were the only shutouts. The difference being that the Highlanders were doing the blanketing at the end of the season.

HANOVER BEST

In regard to the best team the Highlanders faced throughout the year, Brown felt that Hanover Park got the honor. As for the Highlanders best performance of the year, the Hillside game gets the nod from Brown. The unfortunate thing about the Hillside game was the fact that the Highlanders should've scored at least two more touchdowns, and made a complete romp of the game.

CAN'T BELIEVE IT

When Coach Brown was asked how he felt about the outcome of this years team, he said:

"I still can't believe it. You

just can't expect a first-year team to do as well as this team did in their first year of competition. We got many breaks throughout the year, and managed to take advantage of most of them."

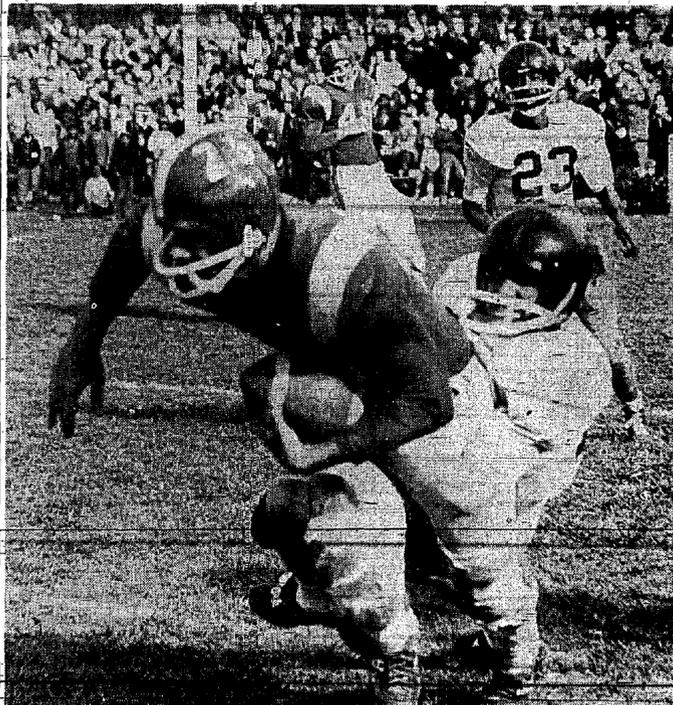

This is probably one of the reasons they were so successful. Brown made sure his team or than give them. His philosophy is to make the other team earn their scores. When the Highlanders were deep in their own territory, a quick kick would get them out, rather than risk the chance of fumbling.

The Ridgefield game saw the Highlanders receive possession of their opponents 30 yard line, on four occasions. All four led to scores by Livingston. Brown attempted to prevent this from happening to his team.

Mountside Wins Soccer Final

The Deerfield soccer team concluded a successful season on Wednesday with a 2-0 win over Montclair Academy. Bruce Jubanowsky and Carv Dobler scored the goals to give the Mountside booters their sixth victory against 3 losses and two ties. The Academy boys played a defensive game and seemed content to keep the score down. They often pulled their entire team back to defend their goal, and it was ultimately just a matter of time before the Deerfield offense would score.

The highlight of the season was the scoreless tie played near the end of the season against a previously undefeated and untied Hohokus team. Playing on a strange field, the Mountside boys outplayed their hosts decisively, but just could not get the winning goal. Paul Doeringer, inside left, played an outstanding game for Deerfield, as did Alan Hambecher, strong footed center halfback.

Keggler's Korner

Greenbaum's bowlers continued their winning ways, and took three games for their second sweep in a row in the Temple Beth Ahm bowling league this week.

Kaplan's keggler, who had dominated the field for the past few weeks, clung to second place, a half game ahead of Atkin's team.

Bruder and E. Meyer teams scored three-game sweeps. Baroff lead the 3-game high series with a 574 series. Kurtz scored a 555 series.

G. Livingston Cagers Open With Summit

Berkeley To-Play 17 Games

Home-and-home series with neighboring rivals -- Summit, New Providence and Watchung Hills Regional -- highlight the first basketball schedule of Governor Livingston Regional High School's Highlanders.

The Highlanders will open their season Dec. 1 at Summit-High School at 8 p.m. They also will play the Hilltoppers on Feb. 17 at Berkeley Heights.

Watchung Hills will be the Highlanders first opponent at home on Dec. 23 at 8 p.m. Governor Livingston will play Watchung on Jan. 20.

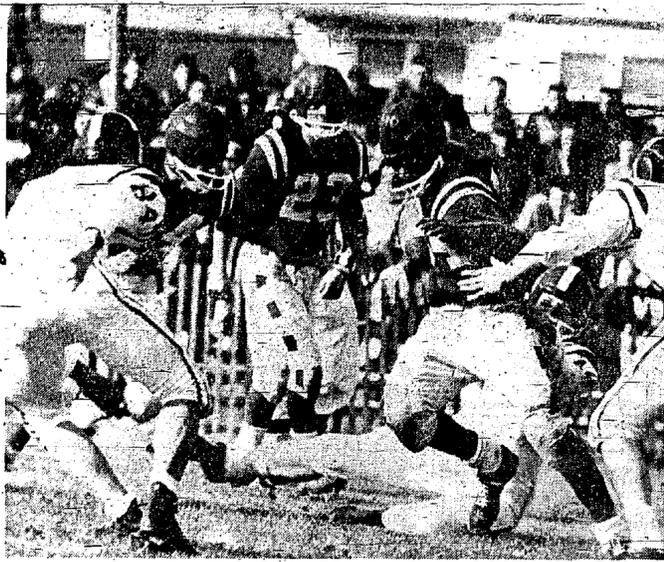

Governor Livingston will play three other Union County rivals, in addition to Summit and New Providence. The Highlanders have scheduled Rahway, Scotch Plains and Hillside.

Other games are scheduled with Middlesex and Mountain High of West Orange, both home and home; Bound Brook, Highland Park, Essex Catholic and Bridgewater Township.

Nine of the Highlanders 17 games will be played at home, but five of the first seven games will be played at opponents' Courts. That figures to be an extremely rough assignment for any team, particularly a first-year unit.

The schedule: December 1, Summit, away, 8 p.m. 20, Bound Brook, away, 3:30 p.m. 23, Watchung Hills, home, p.m. January 4, Rahway, away, 3:30 p.m. Scotch Plains, home, 8 p.m. 10, Middlesex, away, 3:30 p.m. 13, New Providence, away, 8 p.m. 17, Highland Park, home, 3:30 p.m. 20, Watchung Hills, away, 8 p.m. 24, Bridgewater Township, home, 3:30 p.m. 27, New Providence, home, 8 p.m.

Clark More Difficult Than Raiders Expected Raiders Putting Lock On Their W.C. Title Capitalize On Three Clark Errors For Their Scores

ABOVE -- Haywood Gipson (34) Scotch Plains, full-back manages to shake off a Clark tackler to go for big yardage. Although Clark proved to be a capable opponent, the Raiders won 19-7.

RIGHT -- Willie Edwards (81) Raider linebacker, just missed knocking down a Les Ragonesse pass on a hard defensive rush.

The Watchung Conference Trophy will for the second consecutive year come to rest in the trophy case of the Scotch Plains-Fanwood High School.

It wouldn't come as surprise to see a big cavity in the Cranford Roselle Trophy Case where the two school had planned to put the coveted cup. No one except Chuck Nelson gave the Raiders the slightest chance for a successful defense of the title, and when success was about to be apprehended a stubborn Clark team almost turned the tables.

They came to put an end to their winless skid, and to the title aspirations of the Raiders; but they just didn't have the guns to match the Raider machine. Although the Crusaders made 13 first downs to the Raiders 8 they were out-gained in rushing and passing. They also were on the short end of the 17-score.

Defense Saves The Day Although the Raiders ran up 19 points, the defense has to be considered the factor that clinched it for the Raiders. After the Raiders moved to the Clark 25 in their first series of plays, they were stopped. The first of two took place as Carl DeQuollo picked off a Les Ragonesse Pass on the 30 and raced for the first score of the game.

In the second period, Haywood Gipson duplicated DeQuollo's larceny with another interception which eventually led to a 12-0 halftime lead for the Crusaders. Capitalizing on the Crusader's third miscue, the Raiders recovered a fumble on their opponents 39 yard yard line.

Culminating a 61 yard drive, Haywood Gipson broke through for a 20 yard scoring thrust. This was the extent of the scoring for the Raiders, which was all they needed.

The Crusaders managed to get on the score board about midway in the fourth stanza as Bob Sevell, a troublesome runner all morning (and afternoon) smashed over from 3 yards out. The drive covered 60 yards.

Clark No Pushes In the poultry Day Battle, Clark was a different team from most fans had seen. Clark moved the ball better than anyone had expected which showed in the statistics. Their superiority in first downs 13 to 8 is surprising.

If Clark didn't make the costly errors which the Raiders pounced on, there may not have been a Scotch Plains victory party. Clark was able on quite a few occasions to move for big yardage only to be stopped by that good Raider defense.

When they had to be tough, the Raiders were able to contain anything that Clark sent their way, and as a result put an end to any doubts of occupying the Watchung Cup.

BB Thanks Residents

Springfield's B'nai B'rith Lodge wishes to thank friends and neighbors for their help for its Baskets For The Needy Program.

Their spirit, the efforts of the membership and the generosity of local merchants and many food merchants and many food wholesalers helped create a meaningful Thanksgiving celebration for needy families in Springfield.

Rudy Banberger, who was chairman of this effort, announces that instead of the five families which were to be provided for eight families were given food baskets.

In behalf of those families which were assisted by this warm display of community spirit, their thanks go to all those who had a hand in helping them to be thankful that they lived right here in Springfield.

Local Optometrists Attend Lecture

Dr. Leonard Eckie and Dr. Raymond Constantian of Springfield, N.J., attended a lecture, "Use of the Slit Lamp in Contact Lens Practice," delivered by Dr. Herbert L. Moss of Woodbridge under sponsorship of the Essex County Optometric Society, here today.

The Slit Lamp is a high magnification instrument which permits microscopic examination of the position of a contact lens on the eye.

In commenting on contact lens practice, Dr. Moss deplored the misleading advertising by unqualified operators of optical shops who "fit" contact lenses in violation of the law in New Jersey and some other states. He pointed out that, "for its own welfare, the public must be informed that contact lenses are entirely safe and practical when prescribed by optometrists."
