## Rouse Reports On Convention

Baba's from this area attending the Baha'i State Convention in Springfield were: Paul Ioas, Mr. and Mrs. Raymond Rouse and Mr. and Mrs. Joseph Ioas. The national convention will be held in April at the three million dollar Baha'i House of Worship on the shores of Lake Michigan, Wilmette, Illinois.

Reporting on the Convention Raymond Rouse said, that of the 620 goals of the Baha'i World Crusade, initiated in 1953, 450 have been filled. Of the remaining 160 goals to be achieved by the spring of 1963, eleven are virgin areas to the Faith—32 more national assemblies (administrative bodies) in Europe and Latin America are required. To accomplish these objectives in cooperation with the other national and regional assemblies in other parts of the world, 100 more Americans will be needed in addition to the 450 already serving in this capacity.

The objectives of the world crusade are to spread the knowledge of the oneness of mankind and the fundamental oneness of religion as the spiritual basis for universal peace, and to set up the necessary institutions to implement this knowledge.

## Commonwealth Water Company Sponsors 4 Merit Scholarships

T. V. Coleman, Manager of Commonwealth Water Company, announced today his Company is participating in the sponsorship of four Merit Scholarships to assure a college education for outstanding students. Children of employees and customers are eligible to compete for the scholarships.

These scholarships, which will be known as American Water Works-Northeastern Water Company Merit Scholarships, will range in value to the need of the student from \$250 to \$1,500 each year of college attendance.

The awards will be available to students qualifying as finalists in the National Merit Scholarship Program. First preference will be given to children of employees of Companies comprising the American Water Works-Northeastern Water Company system, and then to qualified students among the customers served by these Companies.

Said Mr. Coleman: "While the recipients of our scholarships will be completely free to choose their course of studies, and the college in which they enroll, it is our hope that the program will serve to emphasize the great importance of the role of the water supply industry in the health and welfare of our nation. The participation of Commonwealth Water Company in this program, modest though it is, I feel is another evidence of our interest in our employees and the communities we serve. I will be very proud if a student from this area is among the first winners."

The National Merit Scholarship Program was established in 1955. Since then, more than a million and a half students have been tested and approximately \$15 million in scholarship aid has been committed.

Through the cooperation of secondary schools officials at 14,500 high schools across the nation more than half a million students took the National Merit Scholarship Qualifying Test—last April. The names of 30,000 semifinalists, the highest scorers in each state prorated according to state high school population, were recently announced. These students will be asked to take a second test in December, and those who confirm their earlier performance will be named finalists and awarded Certificates of Merit attesting to high ability. It is from this group that the American Water Works-Northeastern Water Company Merit Scholars will be chosen.

## Good Deal Market Takes Over Mutual

Good Deal Supermarkets, local independent supermarket chain, has announced the opening of its eleventh unit by the acquisition of the former Mutual Market at 220 Main Street, Millburn.

The assignment of a long-term lease, calling for an aggregate rental of more than one million dollars, is included in the sale of the market, negotiated through Robert D. Schlegler Company, real estate firm of Newark.

After three months of operation, Mutual has sold its leasehold and all assets of the store to the Good Deal Super Markets, Inc., headed by Sam Aidekman of South Orange.

According to the Schlegler firm the transaction was negotiated in such a way as not to cause any interruption of the store's operation nor of its service to customers. The store's inventory was taken on last Sunday night and the early hours of Monday morning. The actual closing of title took place early Monday morning at the new office and warehouse of Good Deal in Elizabeth. Thus, the store was able to open for business on Monday as another unit in the Good Deal chain.

The new unit has the largest sales area in the Good Deal chain — 29,000 square feet — and has parking facilities for 300 cars. Additional features for the market include a large Service meat department, a live lobster tank, a pie oven, enlarged snack bar and other innovations which are forerunners of things to come in future supermarkets.

The spokesman for Good Deal, David A. Sabo, local resident and secretary of the corporation, also stated that the Millburn unit would take the place of the unit planned for Morris Avenue in Springfield. The Morris Avenue unit was abandoned when the State Highway Department announced its route cutting directly through the center of the property.

The Mutual chain was represented in this transaction by its owners, Edward Gettis and Karl Millmann, and legally by Meyers and Lesser of Newark; Mr. Sabo and Leonard Liberman, Esq., of Newark represented the buyer.

Presentation of service pins and buttons was made by Milton C. Loysen, Blue Cross executive vice president, Dr. Nicholas F. Alfano, executive vice president and medical director of Blue Shield, and Calvin W. Jacobs, assistant vice president. J. Albert Durgom, Blue Cross executive vice president, was toastmaster.

Principal speaker was Paul Busse, executive secretary of the Newark Economic Development Committee, who pointed out the interest which the city's commercial and industrial workers have in Newark's continuing progress.

"Even though many of you live in suburban towns, you have a great stake in the economic growth of the New Newark, because the prosperity of your own town is inextricably linked with the progress of Newark as a great urban center serving a wide surrounding area," he declared.

## High School to Present Christmas Choral Concert

Peters, director of vocal music at the school, has announced that selections ranging from the sixteenth century sacred repertory to present day Christmas favorites will be presented by members of the Choir. Chorus, Girls-Glee Club, Triple Trio and Soloists.

During this portion, the robed vocal ensembles will sing "Let All the Nations Praise the Lord" by Leising, "Christmas Hymn" by Jungst, featuring an antiphonal choir of twelve voices, "Lo, How a Rose E'er Blooming" by Praetorius, "Adoramus Te, Christe," an early Latin church work by Palestrina, and a contemporary carol, "Carol of the Drum" by Katherine K. Davis.

Using the entire Choral as an antiphonal, or echo choir, the first half of the concert will conclude with "Alleluia" by Randall Thompson.

An original winter scene featuring members of the Dayton Chorus will comprise the second portion of the performance. Complete with sleigh, snowballs and twinkling Christmas stars, the Chorus will perform "Winter Wonderland," "Sleigh Ride," "White Christmas" and "Silver Bells." The ever popular and stirring "Cantique de Noel" will bring the program to a close.

Accompanists for the concert include Sue Rivkind, Jean Herman, and Linda Hubach all of Springfield. Miss Elise Lindauer and Mark Biddelman of Springfield, and Miss Betsy Lang of Kenilworth will be featured soloists of the evening.

## Civil Air Patrol 19 Years Old

When the need for civilian air support arose 19 years ago before the "day of infamy" at Pearl Harbor, Civil Air Patrol was formed almost overnight to meet the emergency. Prediction were it would die just as quickly, when hostilities ceased. The exact opposite came true. There were too many ardent, aviation-minded men and women of considerable stature to allow such a history-making heroically proved organization like CAP to drift into limbo. It was Gen. H.H. "Hap" Arnold, Army Air Force wartime commander, who spearheaded the move to incorporate CAP, and this was done by public law on July 1, 1946; it became a benevolent, nonprofit organization under Federal charter, financial assistance from the Air Force. Later, in May 1948, CAP was designated by statute "a civilian auxiliary" of the Air Force and the military service provided a professional national headquarters staff of military and civilian employees to advise and administer to the organization in its many corporate responsibilities. Brig. General Stephen D. McElroy, USAF is CAP's national commander and commander of the Air Force-financed advisory staff of 385; Col. William C. Whelan, CAP Nashville Tenn., and Jacksonville, Fla., construction engineering executive is CAP's national board chairman. **Letters**

Editor, Sun:  
In observance of Human Rights Day this Saturday, how many of your readers realize that the current national crises are fundamentally in human relations? Take the trouble spots in Africa, Asia, Europe, Latin America, and in our own country. Aren't they due to a lack of good human relations? Isn't the solution basically that of recognizing and establishing rights for human beings in these areas? If so, the question is, how can this be done so that we can have peace? Three major ways come to our minds:

First, by recognizing that the rights we enjoy in America can be lost unless we work for similar rights for other peoples. Second, by striving to overcome prejudices of all kinds. And third, by working toward a world sovereignty based on the principle of federation used to set up our own government.

Take the first way: Isn't the future of our inalienable rights of life, liberty and the pursuit of happiness being limited through the rapid rise in the last four decades of taxes, tariffs, inflation, military service, and of fear due to growing crises in human rights all over the world?

Take the second way: To overcome religious, racial, political, economic and patriotic prejudices, the primary cause of the world's destruction, shouldn't we as a people take the lead in practicing such principles as the oneness of humanity, equality of men and women, partnership of capital and labor, universal education, the harmony of science and religion, an unfettered search for truth, and the fundamentalness of the world's great religions? In some of these areas we've done a fair job at home, but these practices and the others to come should be among our chief exports.

Take the third way, world sovereignty. Isn't it true that human rights can be established only by a sovereign authority? For instance, the right to select an occupation and residence was possible only after sovereignty was transferred from landed estates to the national state? The right to security of person and property came only after the state could enforce peace upon

warring factions? The right of citizenship was achieved when the state became the people and not the dynasty? If so, it seems logical to believe that, as no nation is any longer independent of other nations, human rights for all mankind can be established only by transferring real sovereignty to a world government.

Therefore, we believe that the safeguarding of our own rights in America urgently requires that our people to their best to guarantee similar rights to all people. This they can do by taking the lead in stamping out prejudice and in establishing a world sovereignty that recognizes all men as citizens and assures all nations, justice.

Pontiac trims side overhang  
to give you a new Wide-Track...greater stability

Notice that the sleek lines of the body are closer than ever to track width. We've trimmed side overhang. Every inch and ounce of this '61 Pontiac travels with steadier footing. The change is also noticeable inside. We've increased seat height and allowed more headroom, legroom and footroom.

Clearance between steering wheel and seat is 12 per cent more than before. Doors are wider, swing open farther. More balanced in motion. More comfortable inside. That's the Wide-Track way to travel. And there's only one place to try it . . . in a '61 Pontiac! Take a deciding drive soon.

THE ONLY WIDE-TRACK CAR! Pontiac has the widest track of any car. Body width is trimmed to reduce side overhang. More weight balanced between the wheels for sure-footed driving stability.

**Saunders and Shelley Star In Thriller**

"Village of the Damned" which is now showing at Loew's Theatre in Newark is one of the most extraordinary motion pictures ever brought to the screen.

Its story concerns twelve children born in a small English village after the mysterious visitation from another planet. By the time they reach the age of nine, it becomes apparent that these six boys and six girls have supernatural powers of mental telepathy and plan to destroy the entire village.

What happens when a noted physicist, whose wife is the mother of one of the supernatural children, decided that they not be permitted to survive makes for a thriller that will keep the spectator rooted to his seat. George Sanders and the lovely British actress Barbara Shelley, co-star as the physicist and his wife, with their son played by Martin Stephens, who will be remembered as the offspring of Deborah Kerr and Rossano Brazzi is "Count Your Blessings."

Also on the same program is "Heroes Die Young."

A program of vocal and instrumental music, which will be presented by members of the Musical Club, has been arranged by Mrs. William C. Child, Program Chairman of the day.  
The opening numbers will be "Arioso in F Minor" by J. S. Bach and "Rhapsodie in D-flat Major, Opus 119" No. 4, by J. Brahms. They will be played by Meta Barber, pianist.  
Rosemary Bauer, soprano, will sing "The Kings," from "Six Christmas Songs" by Peter Cornelius; "The Virgin's Slumber Song" by Max Regery; and "Rejoice, Greatly, O Daughter of Zion," from "The Messiah" of F. G. Handel. She will be accompanied by Kathleen Cuckler at the piano.  
"Fantasy, Opus 103 for Piano, Four Hands," by Franz Schubert, will be performed by Celinda Ferguson and Molly Rudd, du-pianists.

Closing the program will be the premiere performance in New Jersey of a Cantata for soprano and strings called "Die Natalis" (Day of Birth) - It will be presented by Marcella Hall, soprano, accompanied by Hazel Mueller and Beryl Fridler, violinists and guests performers Amelia Smith, Violinists, Dorothy Blendinger and Westine Martens, cellists. ### Garden Club Sees Children's Country Home in Red \$38,000

The Mountain Trail Garden Club held their regular monthly meeting recently at the home of Mrs. Joseph P. Nothum, 1495 Force Drive, Mountainside.

Mrs. John F. Metzger, president, told of the success of a recent card party and sale, proceeds of which were used to complete landscaping work at the rescue squad building in Route 22.  
A film on the Sterling Forest Garden was shown. This was followed by a demonstration of the use of pine cones in the making of wreaths and miniature Christmas trees.  
It was stated that Club Christmas projects will include the making of corsages for women patients at Overlook Hospital.  
A pot luck luncheon was planned for the December 13 meeting at the home of Mrs. George H. Buchan, 341 Ackerman Ave. Members will do the Christmas decorating.

### Children's Country Home in Red \$38,000

A deficit of more than \$38,000 in the operation of the Children's Country Home, Mountainside, for the fiscal year which ended Sept. 30 was reported by Kenneth S. Gaston, president of the board of managers.

He attributed the deficit to the fact that state and county support for medically indigent cases is at a maximum rate of \$9 a day in contrast to the home's average daily cost of \$24.  
Continuation of the work of the specialized hospital for handicapped children will remain dependent upon public support. Mr. Gaston said, "until such time as reimbursement is raised to a realistic level."  
To keep expenses down, the president said, volunteer help is used wherever possible. Mr. Gaston noted that many general hospitals, where costs average more than \$30 a day, do not offer the services available at the home, such as occupational therapy, speech therapy and schooling.  
In addition, the home supplies equivalent nursing care and intensive physical therapy, Mr. Gaston said.  
The home, which had specialized in polio cases, has made a complete transition, Mr. Gaston reported. Of almost 10 admissions in the past year only one was a polio victim. About half were cerebral palsy cases and

Dr. Edna K. Tropp, Springfield, chairman of the Eastern Council representatives are Susan Kempf and Janet Witte.

First social service project accomplished by Berkeley Heights Tri Eps has been the making of posters for the Kiwanis Club project for raising funds for recreational equipment in the Janet Memorial Boys Home. The club plans to make a study of colleges and advantages of specific types.

The officers elected at the close of the last school year are as follows: President, Jeff Grauman; Vice President, Donald MacNair; Secretary, Judy Bartow; Treasurer, Frank Fish; and PTA Representative, Wendy Devlin.

The Executive Committee is made up of Barbara Heller, Wil Albert Bell, Joe Peely, Brian Telle, and Carl Wanser. The homecoming representatives are: Elizabeth Flanagan, Sam Kleinberg, Lynn Nesbit, Ben Young, Joan Massa, Steve Ryder, James Webb, Paul Samok, Tony Mele, William Wood and Robert Bennett.

The class presidents are also members of the Student Council. The senior class president is Steven Farnur, junior president is William Power, and the sophomore president is Ginny Stewart. The Freshman class president has not been elected as yet.

**HONOR SOCIETY**  
On Thursday, November 17, the Governor Livingston Regional High School Chapter of the National Honor Society held its first induction before the student body. The ten seniors who were received into the society are: Alberta Bell, Carl Bredlau, Eileen Bren, Ellen Cunningham, Virginia Dunn, Jeffrey Grauman, Barbara Jones, Barbara Keeler, Roberta Parry, and Paul Samok. The members who were inducted last year conducted the ceremony. Barbara Hefter gave the Opening Exercises; and president Pat McGovern presented a speech of welcome. She then introduced the speakers, Judy Bartow, Ward Keisey, Lorraine Painter, and Peter Aisberg, who spoke on leadership, scholarship, character, and service, respectively. These four qualities are the main standards of admission into the National Honor Society. The keynote speaker was Mr.

Frederick Aho, principal of the Governor Livingston Regional High School, and a member of numerous honor societies. After the membership oath was administered, vice-president Wendy Tuttle welcomed the new members. Following the program a tea, planned by the Home Management classes, was given for the inductees and their parents.

The first senior class of the Governor Livingston Regional High School in Berkeley Heights is presenting their senior play, this Friday night, December 9, 1960, at 7:15 p.m. in the school auditorium.

The cast, entirely made up of

seniors, stars Betty Bader and co-stars Elaine Stelner. Others in the cast include: Judy Bartow, Barbara Lang, Peggy Sarg, Linda Bythe, Alberta Bell, Rita Young, Joan Massa, Steve Ryder, James Webb, Paul Samok, Tony Mele, William Wood and Robert Bennett.

## Local Motels, Restaurants Listed in Duncan Hines New Travel Books of 1961

Three Springfield area eating and lodging establishments will receive national recognition in the new 1961 editions of the Duncan Hines Travel Books, "Adventures in Good Eating" and "Lodging for a Night," coming out this month, according to an announcement from Roy H. Park, editor-in-chief of the Duncan Hines Institute here, publisher of the travel books.

The Springfield and Short Hills establishments are among 9,200 eating and lodging places in North America "Recommended by Duncan Hines." They are Dutch Maid Motel, Howard Johnson's Motor Court, of Springfield — listed in "Lodging for a Night"; and The Arch, of Short Hills — listed in "Adventures in Good Eating."

"These 1961 editions mark the beginning of our second quarter of a century of service to the American traveling public," Park stated. "In 1935, the first 'Adventures in Good Eating' launched a new and unique publishing venture, one that has pioneered in upgrading the standards of service offered the American traveler."

"The establishments we list are truly a select group," Park said. "They represent the top two per cent, for we recommend only 9,200 out of nearly half a million eating and lodging places in North America."

Once again the new editions have been completely revised, listing by listing, Park explained, as well as having new covers which were designed for quick identification.

"The 1961 'Adventures in Good Eating' is the largest we have ever published," Park revealed. "This year it totals 416 pages containing 4500 listings. Although the total number of listings has decreased by some 200 from the previous year, there is more up-to-date information about almost every establishment listed. In addition, there are many new eating adventures to be found by the users of this new book; for we have made some 1,000 changes in the listings since last year."

"Lodging for a Night" represents some 1,000 changes in listings in 384 pages, the same size as in previous years, containing 4800 listings, he noted.

Park stated that the listings in these books are "authoritative and unbiased," based on "thorough inspection" — by a corps of field inspectors and "thorough survey and analysis" by the Institute headquarters staff. "No establishment is listed without first having been inspected," he explained. "There is no charge for a listing — the Duncan Hines recommendation is based on merit. It has to be earned."

Every effort was exerted this year, the Institute spokesman noted, "to make traveling and dining out with these books an even greater adventure, as Americans seek more variety. These books were edited to save the traveler time, money, and disappointment by providing the most up-to-date facts and figures on how to find these places with ease, prices to expect to pay, recommended food specialties, days and hours open, services and accommodations, and telephone numbers. For quick reference, all listings are arranged alphabetically by state and town, and proximity to stripways and airports is also indicated."

### New Home Aluminum Fire Escape Tested By Fire Department

A new fire escape designed specifically for use on two and three story home was installed on the home of Morton J. Weinstein earlier this week.

The unit was installed by the Sarti-Scape Co. of Springfield, and tested for safety in fire emergency by the Springfield Fire Department.

Chief O. Mesker and Fireman Ed Erskine put the unit through a torture test in which Erskine climbed, twisted and pumped on the ladder to assure its safety. Considering the fact that he weighs 218 lbs. and used them all strenuously without damaging

the ladder it was given complete approval. Chief Mesker stated that the complete approval of the Fire Department was given to the Sarti-Scape Co. for the sale of the ladder in Springfield. He went on to say "This is a piece of equipment that every homeowner should consider, and which would provide a safety factor in case of fire that could well save lives of children and adults alike.

The unit is unique in appearance since it is a folding model that looks much like an aluminum rain leader. In the closed position it measures only 2 1/2". A special tripping mechanism which can only be operated from the second floor, allows the ladder to open to its full size. One side of the ladder, which then reaches from window level to the ground, is attached securely to the building.

## Jones Announces Candidacy for GOP Nomination as NJ Governor

### Advocates Imaginative Government

State Senator Walter H. Jones of Bergen County yesterday announced his candidacy for the Republican gubernatorial nomination.

The 48-year-old Bergen Senator said in part "I will campaign for the Republican nomination for Governor. I formally open my campaign today with a pledge to work vigorously in behalf of my party's choice in April, whoever he may be. I make this pledge because of my conviction that 1961 is a critical year for the Republican Party and the cause of good government in our state.

"In the next 11 months the people of New Jersey will elect not only a Governor but also 10 members of the State Senate and all 60 members of the General Assembly. The decision of the electorate will have an important effect on the everyday lives, the hopes and aspirations and the pocketbooks of more than 6,000,000 people.

"The Republican primary in April is no mere test between men who aspire to the Governorship. It is a test that will decide the state leadership of our party and also establish the principles on which the party will go forward in the November election. To be of value to our party and the people of this state these principles must encompass intelligent, progressive and fiscally-sound governmental objectives.

"This primary election will be a test of who is best able to lead a statewide Republican Organization back to the heights of imaginative governmental achievement which characterized the administrations of former Governor Alfred E. Driscoll and the late Governor Walter E. Edge. They led administrations that were unafraid of progress. They produced dynamic and productive programs that put New Jersey in the forefront of state governmental advances.

"The 1961 election offers the people of this state an opportunity to return that type of initiative and imagination to its State Capitol. Too long have we contented ourselves with caretaker government which has neither been frank nor farseeing about

ing from welfare to education. The order of the day, to me, is to move forward and promptly. Jones lives with his wife, the former Alice Henshaw of New York, in their house in Norwood, a small municipality in the northeastern section of Bergen County. They have been married 21 years.

WALTER H. JONES

### 17 Days Until Christmas

Postmaster A. V. De Vecchio put his "Mail Early for Christmas" Campaign into high gear today.

The Postmaster said, "We are heading into an all time record for Christmas mail this year. Every facility of the post office has been expanded to render the maximum service. We have added extra trucks and personnel and special mailing schedules have been set up to insure the prompt handling of the tremendous flood of both incoming and outgoing Christmas mails."

The vast volume of mail is only part of our problem, the Postmaster added. "Carelessly written names and addresses, poorly wrapped packages, insufficient postage, and other oversights are bound to result in delays and disappointments."

The Postmaster suggests strongly that you heed his letter of December 1st, which was delivered to your homes last week. It contains suggestions to insure prompt delivery of your mail, and the schedule of additional window service at the main office and the two contract stations of the Springfield post office.

Mail your Christmas cards and gifts within the next few days.

### ORT Plans Book Rummage Sale

The Springfield Chapter of Women's American ORT will hold a Book Sale on Wednesday, December 14 at 9 a.m. to 9 p.m. at the Millburn-Short Hills Bank on Essex Street, Millburn. All types of literature, books, periodicals, etc. are needed. Please contact the chairman, Barbara Spill, NH 2-9266.

A Rummage Sale will follow on Thursday, December 15 from 9 a.m. to 9 p.m. and on Friday, from 9 a.m. to 5 p.m. This sale will also be held at the Millburn-Short Hills Bank, Millburn. If you have any Rummage to donate, contact Mrs. Nat Turen at DR 6-277.

### BB Essay Winners Receive Prizes at Family Night

The December meeting of Springfield's E'nai B'rith Lodge will be held on Monday evening Monday December 12, at 8:30 P.M. at Temple Beth Ahm.

The program is planned with an eye to the youngsters. At this time the prizes for the E'nai B'rith-sponsored essay contest will be awarded. The winners, one from each of Springfield's Jewish houses of worship, will read their essays on "What Chanukah Means To Me." Rabbi Dresner will make the presentation to the representative of the Temple Sharey Shaom Religious School and Rabbi Levine will present the winner from Temple Beth Ahm.

The prize will be an imported Israeli Menorah for each of the winners.

In addition there will be entertainment by Otto Granick, well-known Springfield magician and several other acts. Of course there will be abundant supplies of hot dogs and soda.

This meeting is open to the parents of the students of these religious schools, the students and the community at large as well as E'nai B'rithers and their families, young and old.

### New Students Consecrated

The children who have begun their Hebrew studies this year at Temple Beth Ahm's religious school will take part in a special service Friday, December 10th. They are to be consecrated in their role as students of Judaism by Rabbi Reuben R. Levine who has arranged this ceremony for them.

The Rabbi Note: "This particular Friday night marks the Sabbath during the Eight Day observance of Chanukah. Chanukah means "dedication," in commemoration of the re-dedication of the Temple in 165 B.C. when the Jews won their victory over the Pagan Syrian Armies. It is, therefore, fitting that the theme of dedication be carried through with the children who have embarked on the study of their Jewish Religion."

Members of both first-year classes will participate in the Hymns and Prayers they have learned under the direction of their teacher, Mr. Albert Adler.

The consecration ceremony will be highlighted by a special benediction over the children invoked by Rabbi Levine and Cantor Irving Kramerman.

### Catholic Layman To Address Temple Inst.

As part of the lecture series on "Judaism and Christianity" at Temple Beth Ahm Adult Institute, Rabbi Reuben R. Levine announced the participation of a speaker on Catholicism.

The talk on December 13 at 9:30 P.M., will be given by Mr. John Bracken, Newark lawyer and lecturer on the Roman Catholic faith. It will deal with the impact of that faith on the life of his followers.

This lecture follows one given on protestantism by Rev. Bruce Evans several weeks ago.

Dr. Gross, Chairman of the Adult Institute Committee, announces the conclusion of the successful fall semester on December 16th. The winter semester will resume in mid-January.

### TAKING CARE OF YOUR GARDEN

By Edward A. Cardinal

This mild weather gives us more time in the garden. Don't forget to mound the hybrid tea roses if you value them at all. Protect those henlocks, azaleas and other plants which have given you trouble in the past. Munch all shallow rooted evergreens to conserve moisture. Don't forget to prepare the mowers for winter storage. And clean up all those tools before they rust badly. Yes, there are many other things to do before the deep freeze, so get started early.

Q: You always fix it so that we men never have a week-end for ourselves. How about some things for the good women to do during the week for a change?

A: Swell idea. The ladies can cultivate and weed the plant beds before the menfolk apply peat moss. If the present tool are too cumbersome, purchase floral tools. These are midged sized tools with a medium-long handles, light weight, but fine to get into tight places. This is a good time for the ladies to examine the lawn for weeds. Chickweed is easy to locate now, and if removed can help eradicate the pest. A shaker can of 4XD powder can be used for spot treatment of all weeds, even though it is late in the season; for weed control, this method works fairly well in mild weather. There are many other chores the ladies could do if they really wanted to.

Q: My lawn is starting to show yellowish streaks about six inches wide. Is this a burn of some kind?

A: No. This is to do to improper application of fertilizer. You didn't lap the spreader, causing a streak where insufficient fertilizer was applied. During the wet fall season this condition was not noticed, but the dry spell now shows up this condition. Fertilize again with 10-6-4 containing urea-form or other organics. The condition will disappear, and your lawn will keep green most of the winter.

Q: Is it too late to lime?

A: Lime can be applied anytime. An application at this time will help the lime penetrate deeply during the winter months.

Q: Our street tree is leaning somewhat. Should it be staked up straight?

A: It is not necessary that a tree be absolutely upright. Nature corrects this condition somewhat, and it is almost impossible to keep a street tree absolutely straight. It is very difficult to straighten a curdise tree without running guy-wires, and this is not feasible near the side walk.

We have received inquiries and have accepted applications from prospective patients who learned of the facilities of our hospital through the newspapers such as yours.

Again, our sincere thanks --  
Suburban Deborah League

Editor, Sun:

### "Enchanted Forest" To Be Shown At Mountain Park School Saturday

A series of four Saturday afternoon films for children will be shown at the Mountain Park School beginning December 10 under the sponsorship of the Mountain Park School P. T. A.

Each two-hour performance will consist of full-length feature film plus cartoons. Admission is 25 cents, and the time is 2 p.m. to 4 p.m.

On December 10 an animal fantasy, "Enchanted Forest," will be shown. This delightful film fantasy in beautiful colors is just like a Walt Disney cartoon come to life. It tells the story of an old hermit and a small boy lost in the forest and their animal and bird friends to whom they can talk.

The following three performances are also scheduled: January 14, "Gulliver's Travels"; February 11, "Thief or Daggad"; and March 11, "Penrod and Sam."

Those interested may attach a dollar for the St. Walburga's Orphanage in Roselle.

The Madrigal Singers, led by Mrs. F.S. Groucher, an Art Center member, will begin their program at 4:30 p.m. There will be motets, chorales, folk carols and a reading of the Christmas Story.

The Studio at 497 Springfield Avenue will be decorated with holly and greens. Mary Bayne Hubbard's painting "The Madrigal Singers" will be the focal point of the Christmas-decorated background for the group.

This will be the fifteenth year for the Madrigal group's program. They present it several times in the area during the Christmas Season. The leader of the thirteen-member group is Mrs. Louise Goucher of Short Hills. Her husband, Mr. F.S. Goucher, reads the Christmas Story, accompanied by choral background. Other members are Elizabeth Goucher and Robert Ehrbar of Summit; Doris and Charles Van Doren of South Orange; Helen Neldhart of Morristown; Catherine Beyer and Charlotte and Peter Dykema of Millburn; Marguerite Galt of Berkeley Heights; Alfred and Caroline Mann of Westfield; and Frank Crutchfield of Florham Park.

General carol singing after the concert will be led by Mrs. Richard Bozarth of Short Hills. There will be a tea the afternoon of December 11, at Polskin Bros., 1126 North Avenue, Plainfield.

### Sewing Grads Get Degrees Tonight

The first graduates of a power sewing course set up by the Union County Vocational and Technical School will receive certificates tonight, Thursday, December 8, at Polskin Bros., 1126 North Avenue, Plainfield.

George H. Baxel, Director of the Union County Vocational and Technical Schools, said the trade preparatory program was set up because industry was looking for employees and women were looking for work. Training was added to help both industry and prospective employees, he explained.

The six week course was given at the plant of Polskin, Inc., for nine hours a week.

All graduates have been hired by participating employers, Polskin, Inc., Star Dress, and Celeste Frocks.

### FDU Campus Site Of Benefit Art Exhibition, Sale

What's in a name? an oil, perhaps, by Avni Arbas or Nicholas Takis, an oil, college by Humberto Jaimos, a watercolor by Henry Niles, or Sally Sponford, a drawing by Alessandro Cavò, a lithograph by Jacques Viloin of Leonard Croo, a finely drawn piece of sculptured steel by Sanford Goodman. Who knows the pleasure and pride such names may bring to those who purchase their work?

These and many more select names, from our vicinity as well as Europe and South America, will comprise the BENEFIT ART EXHIBITION AND SALE to be held in The Mansion on the Florham-Madison campus of Fairleigh Dickinson University from December 4 - 22. This exhibition is sponsored by Temple B'Nai Or and Fairleigh Dickinson University. The benefit is for the visual arts program of the religious school of Temple B'Nai Or and the Art Education Program of the University's Florham-Madison campus.

All the work shown on the two floors of the Mansion will be priced from \$60 - 250. The sheer weight of number is so great that the safety of The Mansion walls is in jeopardy, and so philanthropists and gamblers are invited to come as collectors from 3:00 - 9:00 p.m. to help dispense of this weighty problem.

All the travelogues have been shown to sellout audiences beginning with first in the series, "England, Roundabout London," which was shown on Nov. 12.

The Dec. 11 travelogue visits Haiti, land of voodoo and throbbing jungle drums. Among the landmarks is King Henry's Citadel, one of the great show places in the Western Hemisphere.

Barbados, known as "little England," encompasses three centuries of exciting history. In the Dominican Republic, the colorful takes the spectator to the hemisphere's oldest city, oldest fortress and oldest university.

Other ports of call include Puerto Rico, Martinique, Curacao, Margarita, Caracas and Jamaica.

# INSIDE... UNION COUNTY

By S. Sarokin

"Concurrent with the announcement that New Jersey will acquire a 15th seat in the House of Representatives because of population shifts in the last decade the Rutgers Bureau of Government research has presented a plan for the realignment of the state's Congressional districts.

"This concept is intriguing because of the Rutgers recommendation that Middlesex County become the new 15th District and that a portion of Union County be sliced off the existing Sixth District to complete a new pattern for the neighboring Twelfth.

"These changes are necessitated by population growth, by shifts in the mass centers of population, and the mandatory decennial reapportionment to conform to the latest federal enumeration. New Jersey has a similar provision in its own constitution, but no enforcement is provided to compel the Legislature to acquiesce.

The announcement of a new seat and consequent re-shaping of district lines always provokes images of political maneuvering and even outright gerrymandering. New Jersey has had instances of both. Hence, the unofficial proposal from Rutgers will be studied microscopically by the parties.

Middlesex County is presumed under the Rutgers formula to be 58 per cent Democrats and 42 per cent Republicans, computed on the 1958 Congressional elections. That will not pass unnoticed by the opposition as both the Third and Fifth Districts, which will be divided

## Your Library

The Children's room at the Springfield Public Library in December is featuring two different holiday book displays. First to be celebrated is Hanukkah with the Library display in blue and white, and the caption "Happy Hanukkah." The books on Hanukkah are arranged with a very old oil burning Menorah used to celebrate the "Festival of Lights" before candles were popular. The Menorah was loaned by Mrs. Philip Goldhammer.

During the year several new books have been added. "The Hanukkah Story" by Morrison Bial, retells the tale of the Macabees and how they led their people to freedom more than two thousand years ago. It includes the ceremony, the festive preparations, the special holiday foods, the lovely blessings, and the gay dreidel game. The "Complete Book of Hanukkah" by Kinneret Chiel has more appeal for adults and young people, going further into the beginnings and development of the holiday. Other books for the very young are the "Story of Chanukah" prepared by the Union of American Hebrew Congregations, "Jeremy's And Judy's Hanukkah," by Leslie Abramsen, and "Happy Chanukah" by Jane Bearman.

A Christmas display in bright red and white on the other side of the room features many Christmas books for all ages, with the captions "Silent Night," "Joyous Noel" and "Saint Nicholas."

Many of the books featured tell legends and stories from other lands concerning the Christmas season. Among the various categories there are books to please everyone, seasoned to a variety of tastes, religious, humorous, legendary, foreign and whimsically poetic. Everything is there from "Rudolph The Red Nose" "Nine Days to Christmas" which was last year's Caldecott Medal book, is a story of Mexico, by Marie Hall Eats and Aurora Labastida. A new Christmas book this year is in keeping with the interest aroused by the Shirley Temple T.V. release of Kenneth Grahame's "The Reluctant Dragon." The new book is Ruth Sawyer's "The Year of the Christmas Dragon," a delightful story of Chin Li, a small boy who lived in ancient China. This little boy made a remarkable journey. He flew to Mexico in the ear of King Dragon where he lived through many Christmas seasons. Perhaps this legend explains the Mexican's Oriental eyes and the paper dragons of Latin America fiestas.

Another interesting book, "The Christmas Mouse" by Elisabeth Wenning, takes place in the lovely Bavarian village of Oberndorf, Austria. Here in 1818; the congregation of Saint Nicholas Church had the unexpected pleasure of hearing "Silent Night" played and sung for the first time. In it Kaspar, a Saint Nicholas Church mouse, tells his own charming version of how Father Mohr and Franz Gruber happened to write this wonderful song.

Gifts at Christmas might not always be something you can buy in the department store. "Something For Christmas" by Palmer Brown tells of another we mouse who had a dreadful time trying to make something for his mother, only to find that his love was the very best gift of all. The entrancing pastel pictures in this little book remind one of the delicate illustrations in Joan Anglund's "Love Is A Special Way of Feeling." For older patrons of the juvenile department there is a new book by Daniel Foley, "The Christmas Tree." It is an evergreen garland filled with history, folklore, symbolism, traditions, legends and stories. The name of the book "Christmas Tree" is a beloved symbol of Christmas. This symbol came from the Paradise Tree featured in the miracle and mystery plays of the Middle Ages. Evergreen garlands used for decorations at festivals ushering in the winter solstice, is tracked back thousands of years to pre-Christian eras.

The Springfield Library is always glad to loan these books so that its readers can make the best possible use of them, even though they cannot all be seen at all times.

## A 168 pound Tackle

"You can't win no ball games without a line." That is a quote from a lineman that probably had more to do with the Scotch Plains Raiders' success than any other player. He isn't big... but he found a way to get the job done against his bigger opponents. Weighing 168 pounds, it would be difficult to find a tackle that could possibly be any lighter. It would also be difficult to find a tackle that was more competent than this Scotch Plains standout. Chuck Nelson would praise him after every game. Nelson's favorite description of this tackle's play was, "He really punishes the opponent."

When the all-star teams were selected by local papers, his name was invariably listed with the "cream of the crop." His highest recognition came when he was named to the Newark News All-State Second Team.

Another honor was yet to be bestowed upon this 168 pound tackle.

The coaching staff was asked to select the most valuable player. "Based on his ability to make the important defensive plays... his speed and agility... and his strong desire to win," were the reasons Chuck Nelson gave in making their choice.

So last Friday at the Scotch Plains-Fanwood High School, the Trophy which was donated by this paper, was presented to the Most Valuable Football Player for 1960.

He was Willie Jones.

### Nice Guys Don't Always Finish Last

A job is only as enjoyable as the people with whom you come in contact. If I had been making four times as much as I am, I couldn't have enjoyed covering the fall sports at Scotch Plains any more than I did this past year.

The athletic department headed by Ray Schmitzer along with Coaches Nelson and Formichella made the job of covering the sport scene a pleasure. Not once did they hesitate to give the complete story. It pictures had to be taken... interviews arranged they were there for you that it was done.

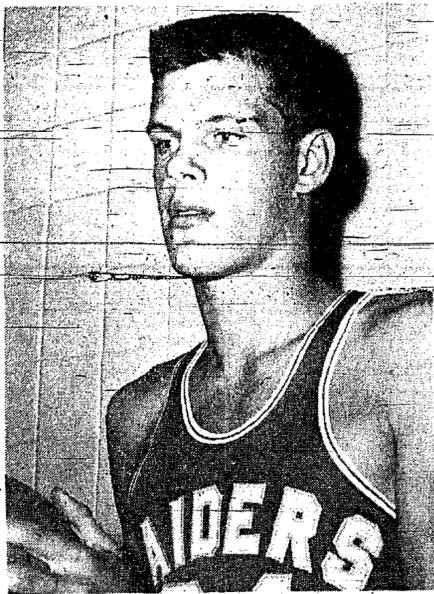

Our arrangement was one that I think helped both parties. I tried to give their teams the publicity and praise they deserved. In return they gave me cooperation... assistance... and a pleasant assignment.

Leo DiToro once made a statement that has been used more times than a dollar bill. He said, "Nice guys finish last."

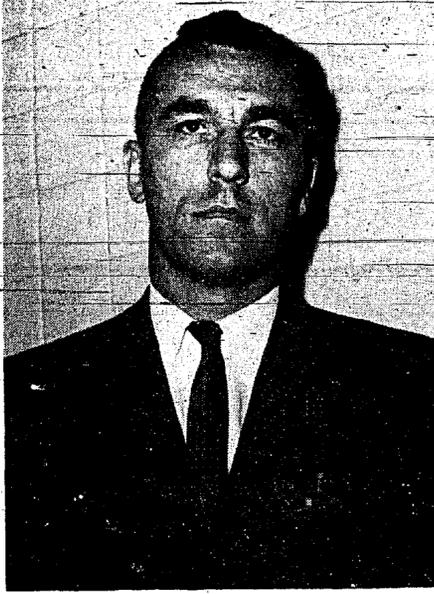

He should come to Scotch Plains and meet three nice guys THAT DIDN'T FINISH LAST.

## Weber, Mrs. Ladewig Lead Way Into Finals Of World Tournament

CHICAGO — Dick Weber of St. Louis hit a blazing pace Tuesday as he and Marion Ladewig paced semifinalists in the \$18,000 fourth annual World's Invitational Bowling Tournament. The 30-year-old Weber has a total of 6,453 pins. Weber, the current national doubles match game champion along with Ray Bluth of St. Louis, has bowled 27 out of 30 games of 200 or better in building up a 33-pin lead over Bob Strampe, of Detroit, who finished with 6,320. In third place is veteran Joe Joseph of Detroit with 6,309 while 1959 All-Star champion Billy Welt of St. Louis is fourth with 6,338. Defending champion Don Carter is an automatic qualifier. Mrs. Ladewig, of Grand Rapids, Mich., paced the women

## Raider's Success Rests On Recuperation

The football and soccer championships of the Watching Conference have come to rest in the hands of the Scotch Plains - Fanwood High School. Coaches Al Formichella and Chuck Nelson can now sit back and relax... while, Chuck Dettmar, basketball coach, attempts to bring another title to the Raider camp. It seems no matter how much material a coach has at his disposal, he will somehow manage to find something pessimistic about the future.

### Court Opener With Metuchen Tues. 3:30

On the optimistic side, Dettmar has the following:

- 1) Three starters that measure 6'3" or more.
- 2) Seven returning lettermen that started or saw considerable action last year.
- 3) Bruce Springen who averaged 12 points a game last year.
- 4) A solid rebounder in John Torbyn, who provided the spark for the Raiders last year as they won the sectional title.

The factors working against Dettmar are:

- 1) Joe Mandy, a first string guard and Bruce Springen are suffering from injuries. Both may miss the first game.
- 2) The loss of last year's leading scorer Danny Remiera, along with starters Joe Scarpati and John Ferrari.
- 3) The high caliber of competition the Raiders will be facing in the Watching Conference.
- 4) Trying to get a backcourt combination to fill Scarpati and Ferrari's place.

**FINISHED STRONG**

If Chuck Dettmar's Raiders can pick up where they left off last year, things will be uncomfortable "again" for the rest of the Watching Conference.

The last half of the 1959 season the Raiders turned in an impressive 12-3 slate to end with a 15-9 record for third place in the Watching Conference. The Raiders were the only team to defeat Cranford in Conference competition. Dettmar explained the reason for the Raider's last season surge.

"The first half of the season we didn't have a big man to get the ball off the boards for us. In January, John Torbyn became eligible and he made the difference."

**PLENTY OF DEFENSE**

Dettmar has been emphasizing a phase of the game that has been a forgotten art... defense. In this day and age, defense is just about unheard of, coaches stress offense and skyrocketing scores are the result. Things may be different this year with Dettmar working on defense at least 50 percent of the time in his practice sessions.

Dettmar will employ a man-to-man defense—most of the time, but if the occasion necessitates they will use a zone. When the Raiders get the ball, you can expect them to do plenty of running. With three big men to control the boards, Dettmar will be using a fast break. When the fast break doesn't materialize, the Raiders will be working from a weaving pattern. Dettmar doesn't believe in set plays as many coaches do, but rather he will use the pro type of offense. Give and go... screens... picks, are some of the maneuvers to that the Raiders will put into action next Tuesday against Metuchen.

## Eagle Hockey Club Raising Money & Wins

This year looks quite promising for the Scotch Plains Eagles Hockey Club. With its coach Mr. Hager the team has joined two leagues; the Northern Jersey Intermediate Hockey League and the Union County Hockey League.

Mr. Hager the team coach has great hopes for the Eagles. He thinks that with some real hot forwards the team will shape up. In getting the team back on its feet, the charter members; Gil Guaring, Ron Harner, and Howie Weitz have been recruiting "new boys." The Eagles recently acquired three great potential forwards from Westfield; Art Garvin, Tim Sharkey, and Bryan Mackie who all attend Westfield High School. With aid of Gil Guaring, Howie Weitz, Mike Bateman, Bill Brynildse, Dave Hodgekins, and John Rainise. Defending the cage is Ron Harner.

Giving Ron some help on defense are Will Stephens, Doug Barnd, Neil Weitz, Dick Burd, Paul Leone, and Mark Elliot. All the above attend Scotch Plains High.

The team's business spark-plug are Gil Guaring Secretary and Ron Harner Treasurer. Will Stephens and Art Garvin are the team Captains. The Eagles practice at Branchbrook Park Ice Rink every Saturday morning. Back for their second and third year are Tom Brennan who attends Lincoln College, Bob Belenante from C.W. Post-L.I. University, and John Morton who is attending Blair University.

**Soliciting Funds**

The team has been soliciting funds for uniforms throughout Scotch Plains and would like to thank John's Meat Market, Snuffy's House, Westing, Jafers, Scotch Plains Klean-o-Mat and the Forget Me Not Florist. The greatest help came from Shoprite Markets who donated \$250. The Eagles also thank Reiner Industries and Parkwood Estates Inc. for their generosity.

If there are any boys of High School age who are interested in the sport contact Gil Guaring (AD 2-1213) or Ron Harner (AD 2-6544). The Eagles would appreciate any donations which can be given by setting in touch with the two boys mentioned.

# Woodcock Has Problems At Berkeley

## Inexperience and Lack Of Height

Inexperience... a serious lack of height among three probable starters... a rigorous 17-game schedule with three of the first four games on opponents' courts.

Those are the major problems facing Coach Dan Woodcock as he drills his Governor Livingston Regional High School basketball team for its first season.

With only eight days remaining before the Highlanders tip off the season against Summit High's Hilltoppers at 8 p.m., Dec. 16 in Summit, Woodcock, who will be making his debut as a head coach, has his starting five just about set.

ball lineman who gained honorable mention on several all-Union County teams.

Lynn Nesbitt, a six-footer, the only other "big" man on the starting five. Nesbitt also was a football player, playing offensively in the line and as a linebacker on defense. Although only a sophomore, Nesbitt is highly regarded by his coach.

"Nesbitt is an excellent rebounder," Woodcock says. "He has tremendous leg spring, which enables him to rebound boys two and three inches taller." Nesbitt played freshman ball at Springfield Regional last season under Woodcock and the coach thinks very highly of him.

Woodcock plans to carry a 10-player varsity squad. His reserve strength will come from nine other boys still scrambling for position on the Highlander varsity. The boys who miss out on the varsity will play with the jayvee squad.

### SPORTS LEAGUE-BOWLING

Milton Liquori climbed to a second place tie by swamping Colontone, the league leaders, 3 games. Coburn's 224, 204-624 was a big factor in Milton's victory, and his scoring was aided by Mutschler's 204 and Pasquale's 200.

Drexel retained their second place standing by taking two from Sam's Friendly Service in a tight series. Monroe's 207 was high in this series, and Drexel won by plugging away at their usual consistent scoring.

Bond, although firmly imbedded in last position, was able to take two games from the faltering Conte-keggers. Mark Conte with his 212, 212, 215-629, high for the night, could salvage only one game from Bond. Bill Putschner was the sparkplug for Bond with his 215, 173, 236-624. Bill's 236 was high game for the night.

# Added Attractions at Football Games Include Strutting "Daytonettes"

Jonathan Dayton Regional has had some exciting football games this season—the spectators really enjoyed themselves every Saturday afternoon.

Spicing up the afternoons during halftime and adding some additional exciting moments were the "Daytonettes," the twirling group from the high school.

These girls practice almost as long and probably just as hard as the team. Every day, except Tuesday, the girls practice their line routines and precision circles for 3 and a half hours.

"This hard work certainly shows once they strut onto the football field during half-time," Twirling Club starts recruiting in January for future twirlers. The ones who are already on the squad teach the prospective twirlers. Before a girl is eligible for the squad she must have at least a C average, good character, possess leadership, and give a neat appearance.

The tryouts are held by the band director, Nicholas Romeo, teachers, principal, drum majorette, and twirlers. The new twirlers and drum majorette are chosen in the Spring.

The twirlers for this past season were Toni Mineffo, Joan Nemerson, Phyllis Dagget, Edith Montanari, Barbara Broedel, Gail Soltipik, Sharon Cooney, Cheryl Heaney, June Pascale, captain, and Jont Arnold, majorette.
