Pitney, Jones, Finnerty and Sullivan Pledged To Continue Good Government

Springfield Township Committee candidates, John C. Pitney, Richard M. Sullivan and Peter Finnerty, today pledged to continue good government during their terms of office.

Pitney, Sullivan and Finnerty told a campaign rally of Republicans and Democrats that the individual ability and qualifications of candidates to serve in public office are more vital considerations than party affiliations alone.

In a joint statement, the three candidates stressed their preparedness during the forthcoming campaign to place before the public their full qualifications to serve on the local governing body.

They declared that continued good government in Springfield strongly depends upon qualified candidates and the trio added that the efficiency and accomplishments of any governing body can be no greater than the ability of those elected to serve. Endorsing this platform also at the rally was Springfield Tax Collector, Tessie Jones, seeking election to the three-year Tax Collector's post.

The candidates declared that too often aspirants for local public office who lack the qualifications and ability or experience to serve, turn to creating false campaign issues in the hope of covering up their own shortcomings, or their failure to offer nothing constructive to municipal progress.

In the early weeks of the present campaign, we have already seen such tactics by the opposition political candidates whose drive to public office has already turned to baseless personal assaults and attacks.

Pitney, Sullivan and Finnerty added: "It is our prime dedication to build upon the outstanding progress achieved by our present administration, progress that can be directly measured in municipal financial stability; the lowest tax rate in Union County, and efficiently administered municipal departments, among numerous other areas of municipal achievements that are a matter of proven record. We must build upon this progress, not destroy it."

Turning to their individual qualifications for public office, the candidates issued these separate biographical reports:

Pitney, presently serving as a member of the Springfield governing body, is chairman of

Benefit Sept. 29 For Lindylee Fund

Even though members of the committee in charge of the Lindylee Brown Fund are very happy with the amount of contributions already received, the projects being arranged for the child's benefit are expected to swell the fund considerably.

Lindylee, three-year-old daughter of Mr. and Mrs. Don Brown, 19 Morris Avenue, Springfield, is in Overlook Hospital, with encephalitis. The child has been in the hospital over four months and an appeal was made to help the parents meet their medical bill as well as for the care of Lindylee when she is finally sent home for further treatment.

Up to last Monday, the total collected for the Lindylee Fund amounted to \$1,301.90.

The response has been gratifying and Saul Freeman, chairman of the Springfield Elks Crippled Children's Committee and in charge of the Lindylee Fund, says he still looks for good sized contributions from many of the industries, the civic organizations and individuals who haven't gotten around yet to sending in their checks.

Among the reported contributions in last Monday's list were \$100 from the Springfield American Legion Post, No. 228.

One of the big benefit events has been set for Friday evening, September 29, when the Carol Elaine Dance Studio will present a performance in the Jonathan Dayton Regional High School. More than 60 of the dance studio pupils are rehearsing for the program to be staged as the "Undersea Fantasy."

An additional attraction will be a Hawaiian number by the mothers of the pupils.

Tickets for this benefit performance are obtainable at the Carol Elaine Dance Studio, Mountain Avenue, Springfield, or at the office of Saul Freeman, 20 Center Street, Springfield.

The cost of the printing of the tickets for this benefit show has been donated by Smith and Smith Suburban office in Springfield. The appeal letter sent to business places and organizations were printed and donated by Beacon Hill Co., also of Springfield. Cansisters of the Lindylee Fund have been placed in many stores.

"THANKS SAYS LINDYLEE": Stricken child's mother, Mrs. Don Brown, gives comfort to three-year old daughter in Overlook Hospital. Fund to help parents meet medical bills is growing. Send your check today to Lindylee Brown Fund, P.O. Box 165, Springfield.

Recreation To Be Important G.O.P. Plank

Arthur M. Falkin, Robert D. Hardgrove and Philip Del Vecchio candidates for the Springfield Township Committee announced the opening of their campaign platform before a gathering of townspeople by declaring that they would "establish a long range program for improvement and development of recreational facilities as well as the acquisition of additional park areas."

We would negotiate directly with the Union County Park Commission as to methods of developing and improving County Park properties located within Springfield, they said.

The candidates also stated, "they would establish within the scope of the Springfield Recreation Commission a planned 'Senior Citizen' program of activities both recreational and educational."

In conclusion, Falkin, Hardgrove and Del Vecchio said: "They are delighted to see the reactivation of the 1959 Republican platform as advocated by James M. Cawley and Paul H. Beck for the establishment of a township swimming pool program. It is our feeling that the decision in this matter should be placed before the electorate in the form of a referendum."

The Township Committee candidates, as well as Fred L. Braun, candidate for Tax Collector, are actively engaged in a program to personally meet as many voters as possible before election day November 7, to explain in detail their constructive proposals for the betterment of the community.

To Lindylee, From California

Lindylee has friends and well-wishers all the way from California.

Mr. and Mrs. Charles A. Koehler, 390 Roble Avenue, Redwood City, California, air-mailed a check for the Lindylee Brown Fund dated September 11, with the following note accompanying the contribution:

"...Since we are so far away we just received a copy of the Springfield Sun today-telling of the appeal for contributions.

"May we be amongst all in thanking you for your help. It is always so gratifying to know that there are such good and thoughtful folks.

"Our prayers and sincerest wishes go to you in helping Janet and Don Brown. With such help and prayers Lindylee will soon be well."

Court Decides Flammer Ouster Case Tomorrow

Springfield's political campaign is still in the courts but Superior Court Judge Milton A. Feller will give a decision tomorrow (Friday) in the suit by the Republican candidates for Township Committee seeking the ouster of two Democratic members of the governing body—claiming non-residency.

Judge Feller, last Friday, in adjourning the matter for one week, ordered the plaintiffs to have all the necessary papers, briefs and affidavits in the court's hands by yesterday (Wednesday). A decision is expected on the summary judgment requested by Springfield's Township Attorney Irwin Weinberg who represents the defendants.

Mr. Weinberg, in his opening remarks to the court at last Friday's session of the court, stated that the suit was "politically inspired" and asked that

Dem Candidates Support Pool

Springfield's Governing Body candidates Richard M. Sullivan, Peter Finnerty and Committee man John C. Pitney declared today their campaign program will include full support for the recently appointed Citizens Community Swim Pool Committee.

The three candidates told a campaign meeting that the special citizen's committee is another construction step toward the ultimate building of a municipal swimming pool at the earliest possible date under a plan that would offer no financial burden to the township.

The committee was authorized by the governing body to obtain all available information regarding possible sites, planning and construction and report back to the governing body with a detailed analysis of these facts. A meeting with the governing body is scheduled for September 25.

Sullivan, Finnerty and Pitney had previously joined in calling for a time table for action on the community swim pool project including the completion of all necessary construction data that could pave the way for a referendum at a later date after the people have received all the facts.

The trio also renewed their pledge to rally township wide support for the project through such an information program as provided by the special Citizens' Committee.

They added: "we are determined that the momentum be kept going on this project and there is no better way than by giving the people all the facts as gathered by the swim pool committee and meeting a time table for construction through such action."

Mayor Names Pool Committee

Robert John Hannon of 72 Twin Oaks Oval, Tuesday night was named by the Springfield Township Committee to fill the unexpired term of John C. Pitney on the Board of Adjustment.

Mr. Pitney resigned from the post last month on his appointment to the Township Committee where he fills a vacancy created by former Committeeman William Balentine, who moved from the township and resigned. Mr. Hannon's new post will expire December 31, 1963.

Eleven residents were also appointed to serve as a swimming pool committee including Recreation Director Edward Ruby.

Other members are: C. Russell Boettger of 30 Highland Ave., Marvin Strauss of 15 Berkeley Road, Howard Kiesel of 26 Lenape Road, Dr. Henry Hunkeler of 518 Mountain Ave., Martin Bachrach of 12 Garden Oval, Joseph Fleischman of 16 Garden Oval, Joseph Seidel of 50 Irwin St., Milton Zisman of 104 Warwick Circle, Edward Schwartz of 26 Sycamore Ter., and Robert Tutela of Twin Oaks Oval.

Mayor Vincent J. Bonadies urged an immediate meeting of this newly established group "to expedite the matter of bringing the question of a swimming pool to a successful conclusion."

POST OFFICE GROUNDBREAKING. Postmaster A. V. Del Vecchio turns over official shovel for new modern building in Springfield last Sunday. Shown left to right: Leonard E. Best - General Chairman of Dedication Committee; A. V. Del Vecchio - Postmaster; Vincent J. Bonadies - Mayor; William T. Farley - Field Services Officer, U. S. Post Office.

Best To Head Post Office Dedication

Leonard E. Best, leading industrialist, has been named as General Chairman of the Dedication Committee for the new Springfield post office building, it was announced by Postmaster A. V. Del Vecchio at the ground breaking ceremonies held on Sunday, September 17.

Best is President of the Richard Best Pencil Company of Springfield. He has received many awards and citations for his various civic activities especially in the field of education. Among Mr. Best's citations was Citizen of the Year by the Springfield Lions Club.

Other members of Mr. Best's committee will be named at a future date.

On Sunday, September 17, 1961, ground was broken for the new post office building at 210 Mountain Avenue.

In a short program conducted by Mr. Best, who was introduced by Postmaster A. V. Del Vecchio, talks were made by William T. Farley, Post Office Department Field Services Officer; Anthony A. Vertellis, Post Office Department Real Estate Officer, and Mayor Vincent Bonadies.

Invocation was given by Rev. Father John A. Farrell, Pastor of St. James Roman Catholic Church, and the Benediction given by Dr. Bruce Evans, Pastor of the First Presbyterian Church.

Regrets of inability to attend from Senators Harrison Williams and Clifford P. Case, Congresswoman, Florence D. Dwyer, and Post Office Department Regional Director, J. J. Doherty, were read to the hundred people assembled for the ceremonies.

Lindylee's Parents Have High Praise For Overlook

Janet and Don Brown, parents of stricken Lindylee, have renewed faith in their neighbors and friends throughout this area, whose contributions to the Lindylee Brown Fund have been so generous and heartwarming.

The fund, which up to the beginning of this week had already reached a total of \$1,301.90, was set up to provide the parents with financial aid for the payment of current medical bills as well as the necessary nursing care for Lindylee if and when the doctor permits her to go home.

"Overlook Hospital has been wonderful to Lindylee," her mother commented. "We feel she has had the finest of medical care - everything in the world has been done for her and everyone has been so kind and interested."

"I don't think there is a doctor in the Pediatric section who hasn't looked in on her, and the nurses treat her like she is their own child."

Mrs. Brown added that Overlook's Social Service department had offered every possible aid to the little Springfield girl, in an effort to keep hospital costs down to a minimum, spread payments and help in whatever way they could.

"Above all, we are grateful that we have such a fine hospital so close to home."

School Bells Ring For 560 St. James Students

Enrollment at St. James Catholic School in Springfield totals 560 students, Sister Placida, principal, announced today.

The figure is slightly less than last year, Sister Placida reported, because some of the youngsters have been transferred to the newly established Our Lady of Lourdes School in Mountain Side.

About 40 children were transferred to the new Mountinside parochial school, which is designed for youngsters in the first, second, third and fourth grades. The Springfield school contains grades one through eight, inclusive.

The Springfield school, which maintains a faculty of 14 members has three new Sisters. There are no new lay teachers.

This year the primary grades - one, two, and three - will have the same schedule as the upper grades because they are following the Regents program. They, previously, had a longer lunch hour which is now shortened to 45 minutes.

Sister Placida reported a new complete remedial reading program established by the Rev. John A. Farrell, pastor. The program includes both machines and reading laboratories.

School began September 6.

Gaudineer Science Teacher Had Part At Canaveral

By his attendance at Cape Canaveral, Fla., missile base and Huntsville, Ala., Red Stone arsenal this summer, Stewart Mulvihill has scored a "direct hit" with his science students at Florence M. Gaudineer School. However, the 24-year-old teacher modestly dismisses the part he played at the George C. Marshall Space Flight Center in Huntsville and emphasizes the importance of the modern science program being presented at the Springfield upper level grade school.

Stewart Mulvihill

As part of the NASA (National Aeronautics and Space Administration) program, Mr. Mulvihill worked on the Saturn, the largest research booster vehicle, and had the opportunity to be at Cape Canaveral on the day the Liberty Bell was launched. He served as chief chemist employed by Sumco Engineering Inc. of Caldwell, who has contract work with the NASA. With the resumption of school duties he will continue to serve the chemical company as a consultant. Stressing the importance of science on the school level, Mr. Mulvihill points to the modern and vital program offered by the Gaudineer science department. Miss Helene J. Kosloski, assistant principal, is chairman of the department, which, besides Mr. Mulvihill, includes Raymond Winberry, Karl Schneck, Miss Annette Palazzolo, and Roger Gawe, a new teacher.

Instead of regular biology, some of the eighth grade students will be offered an advanced course in microbiology for six weeks this year. With the belief that children learn more from doing things themselves, seventh and eighth graders will have laboratory situations. A three-week period of lectures and discussions will be followed by two or three weeks of straight laboratory work. Special equipment has been purchased by the Springfield Board of Education for the new school year. It includes an autoclave, used for sterilization of bacteriological equipment and an incubator for maintaining bacteria and cultures at a constant temperature.

There is also enough glassware so that a course in basic chemistry can be given. It is the hope of the department that a laboratory, complete with regular laboratory furniture, will be eventually established at the

Golf, Stocks-Everything Regional Adult School

Mail registration is still open for Adult School courses which begin next week at Jonathan Dayton Regional High School, Springfield. Those who did not receive brochures of the fall and winter program will find them available at the Springfield Public Library and all the Springfield schools.

Particular attention is called to golf instruction for beginners, with professional golfer Bill Tetley, which meets on Tuesday, 7:30 to 9:00; "You and the Stock Market," which is for both beginners and experienced investors and has instructors from the Speakers Bureau of the New York Stock Exchange; and Beginning Social Dancing for couples, with the professional dance team of Hickey and Fisher. The two latter meet on Wednesday evenings.

Several courses, all free of charge, are being offered by the on Nutrition will be taught by Miss Charlotte Martin, head dietitian at Lyons Veteran Hospital and attention will be given to special diets for teen-agers, invalids or other problems that interest the students.

The child care course will cover pre-natal care and mother and baby care, and fathers (and expectant fathers) are welcome. There is also a First Aid course which covers both standard and advanced first aid, with knowledge that everyone should have for emergencies.

Gaudineer PTA Sets Programs For Year

Florence M. Gaudineer P.T.A. Executive Committee met September 13 to formulate plans for the coming year. Programs for meetings were discussed, and planned to emphasize the interrelation of home, school, and community.

The year's activities will open with a Get Acquainted Tea at the Gaudineer School on Monday, September 25, at 3:30 p.m. Mrs. Robert B. Jackson, president of PTA and Mrs. Thelma Sandmeier principal, invite all mothers to visit and meet their children's teachers after a short business meeting.

The Election Day cake sale will be held again this year in response to requests from members. Classroom visitation is scheduled for November, candidates for Board of Education will be presented before the elections, and at the Founders Day meeting members will have a chance to review the aims and accomplishments of the PTA.

The gift to the school from the 1960-61 PTA will be an amplifying system which will be used for programs in the school and for outdoor graduations.

The Lindylee Brown Fund was discussed and the committee voted to recommend that all members contribute individually to this worthy cause.

Mobile Blood Bank Set By Red Cross Chapter

The Board of Directors of the Springfield Chapter of the American Red Cross adopted on Monday night the report of the Blood Bank committee and officially set March 26, 1962 as the date for Springfield's first Blood Mobile visit as part of the N. Y. Regional Blood Program.

Because of the size of Springfield and the types of industries, the Board accepted the recommendation of Miss Irene Haas, N. Y. Regional Blood Program representative, that the Blood program be approached on a community basis.

The committee will be made up of a representative group of entire community, whereby the responsibility of the policy of the Blood program and allocation of the blood rests not only with the Red Cross but also with the other organizations of the community.

Miss Florence Gaudineer of the Board of Directors of the Springfield Red Cross chapter has agreed to serve as Chairman of the Blood Bank Committee. In addition to the policy making body, Miss Gaudineer will require a working committee composed of a representative and alternate from each organization to recruit donors and to handle the Blood Bank publicity, and also a staff of volunteers necessary to help when the Blood Mobile comes to Springfield.

It was estimated that two visits a year from the Blood Mobile collecting 150 pints of blood each trip would take care of the total needs of the community for the first year as this is a preplacement rather than a replacement blood program. Of the 150 pints collected two-thirds will remain for use by the Springfield Chapter's Blood Bank and one-third goes into the community pool of the N. Y. Regional Program for life and death emergencies and blood derivatives.

The cost of the Blood Bank program averages \$8.00 for the processing of each pint used. The National Red Cross organization pays \$1.00 and the local Red Cross Chapter pays \$2.00.

The Safety Committee, under the chairmanship of Mrs. Stanley M. Cornfield, hopes to make parents constantly aware of safety measures with the opening of school paramount consideration must be given to the hazards of traffic and the slogan chosen for the month is "Drive Slow - Children Move Fast."

"Encouraging Self Reliance" will be the topic of the first meeting of the Parent and Family Life Education series, to be held at the Elizabeth Y.M.C.A. at 9:30 a.m. on September 21.

"This is a topic which has tremendous importance in today's world which presents challenges to our children that were unknown even a decade ago" will be enlarged upon by Mrs. Mary Armstrong of the Extension Service of Union County.

Parent and Family Life Conferences sponsored by the State Congress of Parents and Teachers will be held at the Far Hills Inn, Somerville, on September 27.

Gaudineer P.T.A. had 1,003 parent and faculty memberships during 1960-61. The membership drive for this year will commence in October and the aim of the association is to enroll every parent and teacher.

50 Took Summer Course In Music

Fifth students were enrolled in the instrumental music summer school which just completed its sixth season in Springfield.

Classes were conducted over a six-week period under the direction of John J. Alt, instrumental music teacher in the Township elementary schools. The program is designed for pupils in grades four through eight. Classes were held Monday, Tuesday, Wednesday and Thursday in Caldwell and Chrislawn schools.

The summer school is an extension of the instrumental music program carried on during the school year.

Victims Of Hurricane Need Help

All Red Cross Chapters in this area have received urgent requests for funds to help the victims of Hurricane Carla.

The call came in a Mailgram alerting the Chapters to request contributions for the more than 300,000 sufferers as the result of the battering of Hurricane Carla as it lashed through Texas and Louisiana.

Those wishing to aid are urged to ask that checks payable to the Red Cross and mail to local chapters.

Congratulations on their fifth anniversary to Mr. and Mrs. Milton Friedman, of 17 Garden Oval, who reached that milestone on September 14. Mildred and Milt were feted at a surprise party at the home of Mr. and Mrs. Philip Gurian of 26 Archbridge Lane. Sharing in the festivities were Mr. and Mrs. Bernard Lesser, Mr. and Mrs. Chick Bressman, Mr. and Mrs. Marvin Friedman, Mr. and Mrs. Benjamin Seplowin, Mr. and Mrs. Stanley Siegel, Mr. and Mrs. Mick Schulian, Mr. and Mrs. Harry Katz.

Mark J. Biddelman, son of Mr. and Mrs. Meyer A. Biddelman of 122 Mapes avenue, has started his freshman year at the Carnegie Institute of Technology in Pittsburgh, where he will major in drama, in the department of fine arts. Prior to leaving for college, Mom and Dad took Mark and fifteen year old

brother Paul on a three week trip to Miami, Haiti and Jamaica.

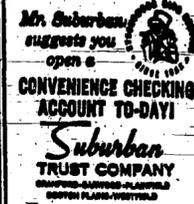

Mr. and Mrs. Joseph Roessner, of 55 Rose Avenue, announce the birth of their daughter Jeanne Elizabeth, on September 10, at Overlook Hospital. The young lady, who weighed in at six pounds fifteen ounces, has a thirteen-month old sister JoAnn. Mom is the former Jacqueline Martip (Anyone on Rose Avenue finding an item initialed JR will have no trouble determining the owner).

Mrs. Harry Speleher, of 11 Evergreen Avenue, was hostess at a tea party on Tuesday afternoon, September 12, in honor of Miss Gay Lester, daughter of Mr. and Mrs. William Lester of Mountaineer. Springfield guests were Mrs. Sam Lubarsky, Mrs. Herbert Tuttle and Mrs. Henry Miller.

Newcomers to Springfield are Mr. and Mrs. Eugene P. Dougherty, who have moved from Lutherville, Maryland, to 220 Balunroj Avenue. Small fry in the family are Ann Marie, Paul, Kathy, and Mary Beth, who are six, four, three, and eighteen months old respectively. Dad is Bond Manager with American Ford Loyalty Company in New York.

Richard Sussman, son of Mr. and Mrs. J. Benjamin Sussman of 399 Milltown Road, has left for his freshman year at Rutgers University.

Miss McCall At Camden Meeting

Miss Emma C. McCall, president of the New Jersey Federation of Business and Professional Women's Clubs, Inc. attended the State Board meeting on Saturday, September 16, 1961 at the Walt Whitman Hotel in Camden, New Jersey. Accompanying Miss McCall was Mrs. Wilma Lupo, the president of the Westfield Business and Professional Women's Club.

At the opening of the morning business session, the Mayor of Camden, the Honorable Alfred Pierce, presented Miss Emma McCall with the original proclamation proclaiming September 26, 1961 as New Jersey Federation of Business and Professional Women's Clubs Day in Camden, New Jersey.

The luncheon speaker was Mrs. Katherine K. Newberger of Red Bank, New Jersey, Republican National Committeewoman who spoke for James P. Mitchell, Republican gubernatorial candidate. Mrs. Newberger was followed by Mr. Richard J. Hughes, the Democratic gubernatorial candidate.

Something Different Offered At New S.O. Coffee House

The coffee house, slowly becoming a national institution, has seemingly captured the fancies of the local populace as its well illustrated by the over-night success of the Il Caffè, a three week old venture at 13 Valley Street, South Orange. The Caffè is a delightful place for exotic beverages, a congenial atmosphere and informal entertainment ranging from jazz to comedy monologue.

"There is no one type of person we cater to," says artist-owner, Rose Stefanelli. We have married folks, students, and even grandparents dropping in to visit with us.

The Caffè is set in a candlelight atmosphere with paintings (for sale) covering the walls. Miss Stefanelli has three of her own works hanging, and hopes to have more on the walls shortly.

The coffee house advertises under the banner, "For sophisticated Leisure." It is open from eleven a.m. until three p.m. every day excepting Sunday and from seven p.m. to midnight on Mondays through Sunday.

The menu at the Caffè is in itself an interesting item. Listed under "Cold Drinks" one may choose from such beverages as, "Granita di Caffè", a frosty delight of a double Espresso, whipped cream and ice, or, such refreshing drinks as "Lampone", "Breath of Venice" and "Aranziata" all of the Italian family. The dark Coffee section of the menu offers such drinks as "Anise Espresso," "Hot Mocha Java" "Café Au Lait" and "Capuccino" a delicious drink comprised of steaming milk, coffee and a touch of cinnamon.

Teas to choose from in the dozen. "Young Hyson" "Keemun Mild," "Oolong" (a Formosa treat) and "Jasmine" are just a few of the varied assortments offered to an Il Caffè customer.

If you don't feel like eating sandwiches ranging from roast beef to Capicola (peppered ham) there are a wide variety of interesting cakes and pastries to choose from and a long list of ice cream variations. The Caffè also boasts a "3 Decker Pyramid" which is "served with a choice of camels, date palms, or cactus-needles" but the management is quick to note that this dish is available "in our Cairo branch only!"

"People often ask why it takes so long for us to serve them a cup of coffee," says Miss Stefanelli. "What they fail to realize is that each cup, no matter what variety is made individually, so we can be proud of our effort."

"Curious George" Is Made Over

Two delightful gifts have just been received by the Free Public Library of Springfield. The first is a monkey. The second is a set of eleven slides.

Anyone who has visited the Children's Room in the past five years has seen the stuffed monkey. The children have carried him around and played with him endlessly. This time, he was made by Mrs. William P. Pierce of 72 Colfax Road. The children call him "Curious George" after the famous stories about that monkey.

After five years, "Curious George" is somewhat dilapidated, has had to have his ears sewed on again, and has lost the gay red tassel from his cap. "George" also would be better for a bath, although he did enjoy a bath a couple of years ago.

Mrs. Pierce was very happy to hear how much the children enjoyed her creation. This week she very kindly presented the Library with a replacement.

The other gift came from Mr. Edward Ayers, president of the Trustees of the Clark Public Library.

NEWS TWINS—"Curious George," long a delight of the children who frequent the Springfield Library, sits at left, while his newer copy, "Curious George II," awaits to take over the duties of his worn out twin.

Hadassah To Hold Gala Cocktail Party

Mrs. Sidney Feldman, Vice-President in charge of membership announces that the Springfield Chapter of Hadassah is holding a gala member-enrollment cocktail party on Thursday evening, September 21, at the home of Mr. and Mrs. Nathan Sherman, Londonderry Way, Summit, will be the scene of the festivities...the objective, to enroll fifty new members on the fiftieth anniversary of the founding of Hadassah.

For almost half a century, the record of Hadassah in Palestine (now Israel), and in the United States has been a shining example of humanitarian endeavor. In Israel, Hadassah set the standards for the country's medical developments and has made significant achievements not only in the clinical and diagnostic fields, but also in medical research and education. In addition, Hadassah has played a dominant role in advancing the operations of Youth Aliyah...the unique child rescue and rehabilitation program...which (Hadassah) represents officially in the United States. It has also conducted a comprehensive vocational education program...one that is crucial to Israel today in training specialists to meet the needs of this tiny citadel of democracy in the Middle East.

These magnificent accomplishments have been made possible by the 318,000 American Jewish women in 1,320 chapters in the United States and Puerto Rico.

There is much that Hadassah does for its members apart from giving them the opportunity to

serve a great cause in Israel, for it helps its members to be better Americans...to be enlightened Americans who can better understand and protect our democratic heritage and institutions at home, and to strengthen the role of democracy as a force for freedom and peace abroad. Objective and non-partisan, Hadassah encourages interest in major issues, by providing information to its members, so that they may act, as individual citizens, in helping to meet the problems of our time here and elsewhere.

In terms of Jewish life, the members of Hadassah consider themselves guardians of the Jewish heritage and fulfill their obligation to transmit it to their children. Through study groups, study guides, and an intensive education program, Hadassah members can broaden their knowledge and understanding of the Bible, Hebrew language, and other subjects, and enrich American Jewish life individually and as a whole.

These are the things that attract women to Hadassah and have made it the largest and most significant Zionist organization in the world today. It is hoped that anyone wishing to know more about enrollment in Hadassah will contact Mrs. Feldman, membership chairman, 156 Wentz Ave. or Mrs. Irvin J. Gershen, president, 1 Norwood Rd., Springfield.

In 1888 the Orient Express established a daily connection between Vienna and Istanbul. Average speed of the express in this section was 21 miles an hour.

APPLAUSE FROM THE GOVERNOR: Gov. Robert B. Meyner, shown second from right, at the Democratic picnic in Evergreen Lodge last Saturday, appears to be very enthusiastic over something said by Springfield Democrats. Whatever was said, the Governor is clapping hands while (left to right) Democratic candidate for Township Committee Peter Finnerty; Mrs. Tess Jones, Democratic candidate for Township Tax Collector; Mayor Vincent J. Bonadies, and Township Committeeman John C. Pitney and Democratic candidate for the one year term on the governing body this November, show their political pleasure.

Historical Tree Is Coffeetable

Senator Harrison A. Williams, (D., N.J.) now has a coffee table with a past at his office in the Senate Office Building here. The table is taken from a venerable walnut tree which stood near the Senator's home at 231 Elizabeth Avenue, Westfield, New Jersey.

According to local historians, the tree was venerable back in Revolutionary War Days, when the home now occupied by the Williams family serves as a

headquarters for the British. (The British, incidentally, advanced no farther in this part of New Jersey. They were soon retreated back to the Staten Island area.)

The tree served the British briefly; they hung their kitchen implements from spikes driven into the tree. The tree survived the occupation and later became a fixed part of the history of Westfield until it blew down in the hurricane of 1938. Soon after Senator Williams moved into the Westfield home, in 1955, he noticed the tree rotting slowly in a remote corner of the property.

Senator Williams recognizes a source of good-looking lumber

when he sees it. The tree is walnut; its wood is handsome and sturdy.

And so the Senator has made a coffee table from a 6 foot long slab. He also has a gavel from the same tree, and he plans on extracting other gavel from the historic, fallen, but productive tree.

New Members For Young Republicans

The regular September meeting of the Young Republicans of

Springfield was held at the Springfield Steak House on Route 22.

At the meeting Miss Francis Jahn, 496 Mountain Avenue, was placed in nomination for vice president and membership chairman to fill out an unexpired term of the vacated office until club elections in January 1962.

The attendance at the meeting were three new prospective members: Alice Nilsen, 44 Kipling Ave., Dotis Rosselette, 18 Henshaw Ave., Rosemary Cox, 19 Troy Drive, all Springfield.

The group is active in the local campaign for Falkin-Hardgrove-Del Vecchio and Braun; the Republican County Committee and County Young Republican public services.

Whatever your banking needs, family, business or personal...

"Make a date with National State"

FOR FULL BANK SERVICE

Here's a kind of banking that makes a lot of sense — it's "complete banking," at National State. Why? One reason is that it concentrates all your banking in one place... saves you time when you bank for yourself, your family and your business. Another reason is that you're being foresighted. Even though you don't need some services now, they'll be handy and easily available when you want them — here, at National State, where you're known and where you know the outstanding quality of service we provide.

Urges Curb On "Sprawl"

Senator Harrison A. Williams (D-N.J.) today urged a "joint venture of courage and creativity" among municipal officials and homebuilders in curbing urban sprawl, saving open space and building a better urban environment.

Senator Williams made the remark in a speech to the Metropolitan Washington Conference of the National and Washington Area Homebuilders Associations.

The New Jersey Democrat warned that "the wholesale destruction of the landscape through sprawl will continue unabated unless decisive action is taken by everyone responsible for affecting land use patterns."

Williams, author of the \$50 million open space program enacted by Congress this year as part of the Housing Bill, disputed reports that suburban sprawl will decline in the years ahead because of the rise in the number of elderly families and the slowdown in the rate of family formation.

"Urban sprawl has a dynamics of its own," Williams said. "The new highways will attract new residential and commercial development, which in turn will create a demand for more roads and highways, and so on. As new industries spring up in the suburbs or move out from the central city, people will be able to move that much farther out into the countryside."

"There is no use kidding ourselves that at some point urban sprawl becomes no longer viable," Williams said. "This type of development can be viable all right; it just looks like the devil and costs a fantastic amount of money for all the community services and facilities necessary to accommodate it."

Williams declared that he did not believe most suburbanites necessarily prefer low-density, scattered residential development.

"What the suburbs represent," he said, "is a better choice than anything else presently available. The individual is faced with an immediate choice of home location. He looks back at the central city and the surrounding gray areas, and from that perspective, the suburbs look pretty good. But that's not to say that a good many suburbanites wouldn't prefer living in a really imaginatively redeveloped urban renewal area in the central city, or a new satellite city on the outskirts of town with good modern mass transportation to

the central city, or even just a cluster development that pools his front lawn and those of his neighbors into a larger genuinely useful open space area where the trees can be preserved and the kids can romp to their hearts content."

"These new, more economical, more imaginative types of urban land use development would bring the benefits of the suburbs to the central city, and municipal officials in the form of lower land development costs, lower community facility costs, more open space and the possibility of providing better transportation service," Williams said.

But he added: "New forms of land use development will not come easy. It will require courage on the part of municipal officials to make more flexible use of zoning ordinances, and quite possibly to rise above the passion of local sovereignty. It will require creativity and cooperation on the part of the homebuilders, and quite possibly a taming of their speculative instincts for the greater good."

Williams cited the "corridor plan" developed by the National Capital Planning Commission as a "good example" of one way to help curb urban sprawl, save open space, and make modern mass transportation feasible.

He also praised Downtown Progress, a private organization of downtown businessmen and civic leaders for its recognition of the value of open space in the revitalization of the central city.

Williams said open space in central cities has suffered from "a fixation on the problem of tax rates."

"Any planner, he said, who proposed a substantial enlargement of open space in central cities to the town fathers would 'probably be out looking for a new job the next day.'"

"But I am convinced that open space in our cities can be not only aesthetically rewarding, but good business too," he said. "For one thing, it will placed, open space can materially enhance adjacent property values, at least sufficiently to defray the cost of providing the open space. Recognizing the truth that when the amenities go, blight moves in, open space can also serve to curb the spread of deterioration and decay."

"Business leaders," he said, "are beginning to realize that commercial attractions alone will not lure many suburban housewives, if they must continue to endure the slings and arrows of outrageous congestion in the downtown areas. An open air plaza, a tree-lined pedestrian mall, a sidewalk cafe can do wonders to restore the commercial areas of the city, particularly if those efforts are combined with a program to lessen traffic congestion and improve

Leader Offers Advice

"Too much musical education and not enough specialization can keep young men out of the Marine Band," said Lt. Col. Albert Schoepper, Director of the Marine musical organization which will appear here on October 3, 1961 under the auspices of the Millburn-Springfield Kiwanis Club.

This surprising statement was in answer to a question on the amount of musical education required for eligibility to enlist in "The President's Own" Band. "If a man aspires to join a concert band," Col. Schoepper went on to explain, "he should not study too many instruments. This type of education is excellent if he plans to teach in a school or give private instruction. If he is shooting for those goals, I can well understand why he would be interested in all phases of musical education; but in the process of studying too many instruments, he will dull his proficiency on all of them. When versatility has taken the place of specialization, the applicant has automatically eliminated himself from the Marine Band and similar musical organizations."

The Marine Bandmaster has occasion to audition about four men per week for his Band and the lack of specialization is the major cause for their rejection. Many musicians are not even invited to come for auditioning because their preliminary letters indicate that they have followed the general music course rather than attaining a high degree of proficiency on one or two instruments.

"Business leaders," he said, "are beginning to realize that commercial attractions alone will not lure many suburban housewives, if they must continue to endure the slings and arrows of outrageous congestion in the downtown areas. An open air plaza, a tree-lined pedestrian mall, a sidewalk cafe can do wonders to restore the commercial areas of the city, particularly if those efforts are combined with a program to lessen traffic congestion and improve

Hughes Says Health Must Be Guarded

"Safeguarding the public health in this highly industrialized, most densely populated State is a monumental task which constantly demands expansion of services and bold legislation," Richard J. Hughes, Democratic candidate for Governor, expressed this view in his latest weekly report on the resources, opportunities and problems of the State.

"There are more than 800,200 persons per square mile in New Jersey, as compared with about 798.7 in second place Rhode Island," said the former Superior Court judge.

"In 1947, New Jersey had 10,000 manufacturing plants. Today there are more than 13,000. And private industry has scheduled more than \$100 million for new plants, additions and alterations for the 1962-74 period.

"This phenomenal growth in population and industry has certainly proved a challenge to the State Department of Health.

Under Governor Robert B. Meyner, the Department has been meeting that challenge.

"The health budget, including Federal aid, for this year is \$4,425,585.53 compared with the 1953 budget of \$2,558,467.92. The number of personnel has been increased slightly from 577 in 1953 to the present total of 693, in keeping with a policy of curbing expenditures where possible.

"The eight divisions of the department have expanded their programs in such fields as laboratory work, vital statistics, special consultation services, preventable diseases, environmental health, coordination of local health services, aid to crippled children and maternal and child care, and chronic illness control.

"In recent years, health authorities have waged successful wars against such diseases as eastern encephalitis and polio.

"A late summer outbreak in 1959 of the mosquito-borne encephalitis killed 22 out of 31 victims in five southern countries. Largely because of a State war on mosquitoes, no deaths have been reported from encephalitis for 1960 and 1961.

"A number of research projects have been undertaken by the Department to find cures for the

disease.

"The State stepped in to hasten the mass distribution of Salk vaccine when it was made available in 1955 in the fight against polio. This all-out effort and continuing vigilance has helped to sharply reduce polio deaths in New Jersey.

"New programs have been started to (1) improve care in nursing homes and develop modest home care services, (2) eliminate tuberculosis as a cause of chronic illness and death, (3) improve environmental health, (4) establish an Anti-Coronary Club at St. Vincent's Hospital, Montclair, (5) start a diabetes research project and (6) construct a new laboratory by 1963.

"Other major steps taken for greater public protection were a crackdown on drug counterfeiters, the establishment of a milk sampling program to strengthen supervision of the milk supply, the revision and updating of regulations for the taking, handling and shipping of shellfish, and creation of New Jersey's first state health code to assure public health standards in all 566 municipalities.

"New Jersey has also become a pioneer in radiation protection. Last February, the State drew up the first chapter of the Radiation Protection Code to guard the public against unnecessary radiation. Subsequent chapters will deal with specific kinds of

radiation usage—in medical practice, industry, etc.

"Sanitation and air pollution problems—accompanying the industrial and residential development of our State present some of the greatest challenges to the Health Department.

"Health officials and the State Department of Conservation and Economic Development have set up advisory committees to search for practical solutions to the problems of drainage and sewage disposal.

"The framework for fighting air and water pollution was laid during the Meyner Administration.

"The next and most important step in this area is the move from the rule-making to an effective rule-enforcing stage so that we can stamp out this menace. Such a move must be given top priority by the next administration in Trenton.

Westfield Sponsors First Bloodmobile

In order to increase the availability of blood when needed and to make it more convenient for our residents to donate blood, the Westfield - Mountaineer Chapter of the American Red Cross has elected to participate in the New York Regional Blood Program. This is a service which is being offered to all interested groups and individuals in the community.

Mrs. Joseph Valentine, Chairman of Volunteer Services, called a meeting Wednesday morning, September 13, of all service chairmen and their vice chairmen in order to outline the work necessary to implement this program.

our Westfield - Mountaineer Chapter in every way possible.

If this program is to be effective, group participation will be necessary, and each group must secure a sufficient number of productive donors in order to provide blood coverage for its members. For those people who do not belong to a participating group, a Red Cross unit will be formed in which they may participate. Any individual or group desiring further information may contact our local Red Cross chapter at 321 Elm Street, Westfield. The telephone number is ADams 2-7090.

President reports a very interesting program for the evening. A Deborah film "Daddy-I Love You" will be shown. Also the guest speaker will be Mr. Myrob Zimmerman (father of a child who had heart surgery).

For invitations to any prospective members, call Mrs. Leon Melamed MU 2-9048, Mrs. Sydney Faber DR-6-6104 and Mrs. David Feldman DR-6-7077. Mrs. Alvin Scheider President of Suburban Deborah will preside.

Invitation to Mrs. Reyner

Mrs. Helen Reyner of Springfield Public Library is among those invited to attend the fall meeting of the Catalogers' Section of the New Jersey Library Association, September 28, at Trenton. Mrs. Reyner, Springfield Library director, was formerly president of the Section.

There will be a luncheon-session at the Hotel Stacy-Trent with Miss Isabel Gulick, assistant director of Maplewood Memorial Library, the new president, presiding. Members will take morning and afternoon tours of the State Library and the Public and School Library Services Bureau.

Is Hostess To Board Members

Mrs. Howard Siegel was hostess to the Board Members of Suburban Deborah League at her home on Sept. 8th.

Membership Vice President Mrs. David Feldman presided. Plans are being made to open the season with a Membership Tea to be held at Temple, Beth Ahm Springfield on Sept. 26th at 8:30 P.M.

Cautiously Optimistic Raiders Prepare To Meet Expectations

Thirteen Lettermen

Not Whole Answer

With thirteen lettermen returning from last year's campaign, Coach Chuck Nelson of the Scotch Plains-Raiders should be bubbling over with the prospects of a terrific season, but there is cautious optimism in the Plain's camp.

Nelson realizes that raw statistics can say almost anything, and what they do say isn't always the truth. The coach is quick to point out that in the case of his squad, the number of returning lettermen tell only half a story, or even more appropriate, only a third of it. Of the thirteen veterans' back for another whirl, only four of them were starters last year, and only one of the four is certain which position he'll be playing come this Saturday. "I can't say that I'm overly excited with our practice drills," says Nelson. "Many of our combinations just aren't clicking. While there's plenty of enthusiasm out on the field, there are still many weaknesses that have to be ironed out. The line is missing their assignments and the offensive leaves something to be desired."

"The heat hasn't helped us either," continues Nelson. "Not only has it cut practice sessions down, but it also has stopped the boys from hitting as hard as they can, so while we've had no injuries, we've had little opportunity to give our all." The Raiders, who have captured the last two Watchung Conference titles, will field a team of weight and speed. Billy Edwards (5'11" - 180 lbs. Junior) will make the transition from center to take on the fullback duties. Haywood-Gibson (5'10" - 55 lbs. - Junior) - the leading Raider ground gainer as a fullback last season will be at right halfback, Sal Verini (5'10" - 155 lbs. Senior) will play out of the left halfback spot, and Tom Ruitshausen (5'7" - 150 lbs. - Junior) will be dueling with Tony Novello (5'7" - 150 lbs. - Junior) for the quarterback berth.

If it's what's up front that counts, the Raider line has weight and a fair amount of experience on its ranks. Bill Lott (6'3" - 165 lbs. - Senior) and Hank Reeder (6'3" - 180 lbs. - Junior) both varsity-basketball players will be at the end positions. Tackle spots will be filled by Mike Donovan (5'11" - 200 lbs. Junior) and either Pete Hoeltje (5'11" - 195 lbs. - Senior) or Paul Ferencsak (5'9" - 170 lbs. Senior).

Chuck Nelson

John Runnells (6' - 190 lbs. - Junior) and Sean Seapatti (5'9" - 165 lbs. - Senior) are probable starters at the guard positions, but Jim Quigley is coming on fast to make a bid for a starting assignment at this post.

Walt Burgess (5'11" - 175 lbs.) will round out the starting eleven at center. Bob Devercki and Tom Bouchera will be behind Burgess in Reserve.

Nelson sees high school football as being dictated to by cycles, unpredictable and yet inevitable. "Some years," says Nelson, "the material is terrific and you can't help but have a winning season. And yet, other years, the talent is at a minimum and each game is a nail biter. It's really too early to tell which way the cycle will turn on our club, but naturally, I hope to improve upon our 6-2-1 showing of 1960."

Coach Nelson will need all the top-flight material he can muster for his schedule appears to be a tough one. The Raiders drop Piscaway, Metuchen and Bound Brook from their plans and pick up three highly rated opponents in Westfield, Rahway and Springfield Regional. The team opens against Roselle and then goes on to meet North Plainfield, Springfield, Westfield, Roselle Park, Hillside, Rahway, Cranford and Clark.

Aiding Nelson with his coaching duties will be Len Zdanowicz, tutoring the line and Ed Morrell, backfield coach.

All contestants are to qualify at noon by pitching 50 shows. The entries will then be divided into two classes, "A" and "B". Entries will close at noon Thursday, September 21, 1961.

Light, Young And Injury-Prone Highlanders Begin Football Wars

A rash of pre-season injuries has thrown a damper on the hopes of Governor Livingston Regional High School's football team for a repetition of last year's highly successful initial season.

With the season-opening game with powerful Parsippany High School set for 2 p.m. on Saturday (Sept. 23) at the Highlanders' field, Coach Al Brown still is very much uncertain about the makeup of his starting lineup. In any case, the lineup of the Highlanders' field will be a young one, and rather light by high school standards. In contrast, Parsippany, which rolled over Governor Livingston, 20-0, in last year's opener, is big, experienced and being touted as a Morris County powerhouse.

Governor Livingston had nine lettermen among its original 58 candidates, but the squad has been hard-hit by injuries and it's not known how many letter winners will be able to play. Ten letter-

graduated, including Jim Fish, who scored 11 touchdowns last season. To make matters worse, two top linemen from last year who had been figured on to start will not be available. Al Thies has moved to Elizabeth where he will play for Thomas Jefferson High, while Walter Hnot has been declared ineligible.

Brown's backfield is badly crippled at present, with three of four scheduled starters out by injuries. Tom Murphy, right halfback, will definitely miss the opener. He's out with a twisted leg. The other top halfback, "Skip" Flint, has a sore leg. Frank Fish was the No. 1 quarterback until he was injured. The only healthy backfield regular is 165-pound fullback Ben Russell. Ben was very impressive in last season's final game against Ridgefield and Brown is hopeful he will carry on this year. A sophomore, John Adamiak, and Bob Clarkson, a ju-

nior, are battling it out for the quarterback post vacated temporarily by Fish. Another sophomore, Jerry Spivey, or senior Artie Thomas, top hitter on the baseball team but a football candidate for the first time, will replace Flint at left halfback. Spivey, Clarkson and Len Semon all are possibilities to fill in for Murphy at right half.

The line picture is somewhat brighter, particularly in the middle. Jerry DiPasquale, ace baseball pitcher, who goes 160, and Tony Renaldi, who weighs 145 soaking wet, are a pair of top-notch guards. Although light, Brown rates Renaldi as the potential stickout of his team. The Highlander coach also thinks very highly of DiPasquale.

Handling the center post will be Alan Kennedy, a reserve end last year. He has adapted himself very well to his new duties, according to Brown. Last year's center, John Carvellias, a bulky

210, has been switched to tackle to take advantage of his weight. The other definite starter is Lynn Nesbitt at right end. The rugged Nesbitt was a standout on the school's basketball and baseball teams and earned a football letter last season at guard.

Battling for the left end spot are Ed Troost and Tom Foster. There are four candidates for left tackle, with the starter to be chosen from among Carl Wamser, Ron Calligari, Ted Davis and Art Weller.

A transfer student from Utah, Larry Bane, had been counted on as a defensive regular until he suffered a toe fracture. He may be of some help later in the season. Governor Livingston will play a full junior varsity schedule on Monday afternoons, with reserves from the varsity squad making up the team. A freshman eleven also will be organized for a slate of Friday afternoon contests.

To Launch Funds Drive

Holy Cross Lutheran Church, 639-641 Mountain Ave., Springfield, will launch a \$45,000 fund-raising drive tomorrow toward construction of a new church sanctuary. Roger Smith, General chairman of the "Arise and Build" effort, has pointed out that its successful conclusion will permit awarding of construction contracts in the spring of 1962.

A training meeting for workers was held at the church on Wednesday evening and a kickoff dinner will be held Friday evening at the Mountainside Inn Restaurant. Workers will begin soliciting pledges Sunday afternoon, October 1, and are expected to complete their work on the following two evenings. The crusade is being directed by Mr. William Mattfeld, fund-raising counselor of the Atlantic District of the Lutheran Church—Missouri Synod. Pledges will be payable over a three year period.

Membership in the church, of which the Rev. Lester Messerschmidt is pastor, has more than doubled since its temporary chapel was dedicated in 1953. The first stage of the building program was begun in 1958 when nearly \$30,000 was pledged for expansion purposes. The second stage of the program involved acquiring adjacent property at 641

Mountain Avenue and moving the former Parish House off the site. Both projects were completed this summer. The third stage, slated to begin next spring, involves construction of the new church building on the two-acre site. The sanctuary is designed to seat 160 comfortably in the nave, plus an additional 30 in the balcony. Additional overflow space will be provided in a spacious narthex. A fellowship hall, kitchen, and church office are also planned. The entire project is being designed by the church architectural firm of Edward Stade & Associates, Park Ridge, Illinois.

The "Arise and Build" committee includes Roger Smith, general chairman; Dr. Gordon Becker, proposal chairman; Herbert Haase, advance visits, special gifts, and organization chairman; and John Lissy, audit chairman. The Building Committee includes Dr. G. Becker, Arthur Boehm, Henry Freudenberger, Paul Lissy, Sr., Robert Robinson, and Thomas Sullivan. Chief Hostesses for the Loyalty Dinner is Mrs. Walter Gaestel, assisted by Mrs. Egon Stark and Mrs. James Dunleavy. Stable hostesses include Mrs. A. Jacobsen, Mrs. Herbert Keller, Mrs. Delon Hanson, Mrs. Robert Brunkhorst, Mrs. Edward Casey, Mrs. John Haselmann, Sr., Mrs. Roy Dougherty, and Mrs. Hal Alsdie.

WELCOME TO SPRINGFIELD. Ribbon cutting ceremonies for the opening of the new A.R. Meeker Co. plant located in the G.S.C. Industrial Park, Edison Place. Left to right: Township Committeeman John C. Pitney; Mayor Vincent J. Bonadies; cutting the ribbon; A.R. Meeker, Jr., vice president of the concern; A.R. Meeker, Sr., founder of the company; Peter Finerty, Democratic candidate for Township Committee; J.D. Clark, President of A.R. Meeker Co.; Jack Schwartz of G.S.C. Associates. Industrial Park, developers of the Edison Place site.

A.R. Meeker Co. Moves To New Springfield Building

A.R. Meeker Co., Northern New Jersey distributor of A.B. Dick Duplicating Products, has occupied the new office building at 12 Edison Place, Springfield.

This move marks the latest step in the growth of A.R. Meeker Co. from an original staff of six employees in 1922 to eighty employees in three offices—Springfield, Paterson and New Brunswick—comprising 35,000 square feet of office and warehouse space.

The new Springfield building, with over 26,000 square feet of area on one floor, was specially

designed for the company by Rotwein and Blake, Union, and constructed by Murray Construction Company, Springfield.

A.R. Meeker Co. will occupy the building under a lease with the owners, G.S.C. Associates. Frank Cardinal of Milltown Rd. is President of G.S.C.

The offices include sales and accounting, a large showroom and negative and platemaking department, service department, and warehouse. A paper processing department cuts, punches or perforates paper stock for customers.

The Meeker organization markets the complete line of office duplicating products—manufactured by A.B. Dick Company—the oldest and largest such producer in the country. The products include Mimeograph machines, Photo-copy equipment, Fluid duplicators, Offset machines, Paper Folders—as well as a complete line of supplies and paper. In addition, A.R. Meeker Co. is a distributor for Challenge paper cutters and drills, Mim-E-O Stencil and Offset Files, Lectorog Paper Jugglers, and NuArc platemaking equipment.

The president of A.R. Meeker Co. is John D. Clark of Short Hills. The company was founded in 1922 by A. Ross Meeker, Chairman of the Board, and also a Short Hills resident.

The company has issued the following statement explaining the reasons for moving to Springfield:

"Our move from Newark to Springfield enables us to maintain a larger inventory, ample parking for employees and customers, and we chose Springfield because of its geographical location in the territory served by our organization.

"In addition, we view Springfield's location as advantageous with regard to the planned interstate highway system soon to be constructed. We are looking forward to a long and pleasant relationship with your community."

It generally costs \$8,000 or more to get a college degree these days!

3 kids in college... how can they afford it?

You probably know people who are sending children to college... people who make about the same money you do. Their answer is "money-wisdom." They found it at a full-service commercial bank... such as ours.

By law a full-service bank can do more with money than other financial institutions. It is not restricted just to savings and a few kinds of loans. Only a full-service bank offers all this: checking accounts, savings accounts, all kinds of loans, and counsel that is much more extensive. There are no "blind-spots" in its operations.

More and more parents appreciate the benefits of full-service banking. Once their money "gets an education," their children get one, too!

PUBLIC SERVICE COORDINATED TRANSPORT

When a car is this beautiful, you know Pontiac built it!

Who else but the builder of those front-running Wide-Track Pontiacs could bring out a car so freshly and finely styled! It's longer, with a crisp, low silhouette. It's distinctly Pontiac, with a new twin-scoop grille you can recognize a block away. Powered by the potent Trophy V-8, with 215- to 348-h.p. Beautifully poised on Pontiac's famous Wide-Track stance. We've even cut the turning radius as much as 3 1/2 feet to make handling easier. The result is a pride-pleasing new version of America's Number One Road Car. Come on in and let a Pontiac show you its stuff while it's showing you off!

The '62 Wide-Tracks are here!
