Clear Up For New Year

BY S. O. SAROKIN

This time of the year, with the Yuletide spirit saturating every corner of the editorial offices, there should be a moratorium on politics.

All varieties of criticism would get more attention after the holidays; there shouldn't be a discouraging word, the poets of the West write.

But, picking up a lot of loose ends on unfinished business inspires the following observations:

WHERE IS THE HARDSHIP?

If the Republican controlled Township Committee does carry out a rumored plan to acquire Fadam Farm for park and recreational purposes, it will mean that the Township of Springfield will be buying back part of the land sold to Frank Colatruglio in 1944 for a reported total sale price of \$2,000.

According to a letter to the editor from Henry F. Grabarz, former chairman of the Springfield Planning Board, records in the tax assessor's office indicate that the Township sold a bit over three acres to Mr. Colatruglio at that low price.

The information in the letter further shows that a small lot was then sold by the new owner, now known as Fadam Farm, for a reported \$2,000, which left Mr. Colatruglio with approximately 3 acres, cost free.

Then, according to these same records, another portion was sold to developers for a reported \$28,500, leaving Mr. Colatruglio with about 2 1/2 acres, on which there is an application for a variance to construct 48-unit apartments.

Now, the name of Sam Piccone, a real estate operator, appears in the Fadam Farm picture. Well prepared plans and specifications for a 48-unit apartment house on these 2 1/2 acres of land suddenly get priority and apparent railroad treatment in an application for a variance.

A variance is usually considered on the basis of hardship. If the purchase figures are correct on this property, where is there room for the hardship argument?

HOW ABOUT IT, PARK COMMISSIONER?

If the new administration in Springfield acquires the Fadam Farm property, it will be for municipal park purposes.

This brings to mind the repeated question, "Why doesn't the Union County Park Commission do something about making all that property, across the road from Meseis Field and in the Rahway River Parkway area, available for park use in Springfield?"

It is natural park land and it is hoped that the new 1962 Township Committee does something about having the County Park Commission pay a little attention to Springfield.

Meseis Avenue athletic field is the property of the Park Commission but there are many undeveloped pieces of property in the Township which could make excellent parks for the increasing population.

All over Union County, the Park Commission spends considerable money maintaining tennis courts, golf courses on acres and acres of fine parks. Let us hope the new administration will start pounding on the Park Commission doors and have some of these natural parks made ready for Springfield.

PALMER JUST DOESN'T KNOW?

It seems a pity to say that State Highway Commissioner Dwight R.G. Palmer doesn't seem to know anything about his job, and leaving the position of head of the department might very well speed up the entire road building program.

Palmer has seldom if ever, appeared at a public meeting where there might be some questions to answer. Only, because he did not know the answers.

Keeping the Springfield officials in the dark on just exactly how the new federal highway (Route 78) would build a Chinese wall in the Township and cut the entire area in nice slices of pie is just about par for Mr. Palmer.

He doesn't answer letters, addressed to him personally by the Township Committee, and his lieutenants ignore most of the requests for more specific information. Springfield is still waiting on Mr. Palmer's report on whether or not Morris Avenue is to be widened.

Last week Mayor Vincent J. Bonadics came from Trenton with maps purported to be the final alignment of Route 78. They were mangled, rolls of maps with many startling changes in the exact plans of the highway department.

These are now being prepared in the Township Engineer's office so that property owners may know whether or not their homes are in the path of the bulldozers.

WHO DOESN'T KNOW WHERE?

Why all the mystery on the location of sites for the proposed municipal swimming pool?

Acquisition of the property selected will be made on a fair price basis or, if the demand is far out of line, the desired land could become the property of the Township through condemnation.

So, why all the mystery? All members of the Citizen's Swimming Pool Committee know all the locations under consideration, so do the Master Plan Associates, and the members of the Township Committee, Town Engineer, Town Attorney, everybody in the Municipal Building, members of the Board of Adjustment, the Planning Board and just about every real estate operator in the Township.

That leaves very few of us without some idea as to where the municipal swim pool might be located.

Adjust. Board

Continued From Page 1

not in compliance with the plans and specifications originally submitted to the Board of Adjustment on which a variance was granted.

The story has it that not only are there 34 unit apartments on the Colatone property but that the plans were changed so that the entrance would not be on Morris Avenue despite the fact that, it is alleged, the original plans did not show the present layout.

It was then decided that all plans and specifications should be submitted to the Planning Board before the Board of Adjustment makes its final decision on any application for a variance.

School Board

Continued From Page 1

public relations, announced that the matter will be given attention in the Springfield Board News bulletin to be released prior to the public hearing.

Board Attorney Howard Casselman reported on his attendance to the Board of Adjustment public hearing on the Colatruglio property. The Board agreed that it was their understanding that, according to the zoning ordinance, an advisory opinion is required from the Board of Education analyzing the effect of the proposed project on the Colatruglio property.

This request has not been received from the Board of Adjustment; it was pointed out, and A.B. Anderson, secretary of the board, was instructed to notify the Board of Adjustment to this effect.

Frank Colatruglio has applied to the Board of Adjustment for a variance for the construction of garden apartments on his land at the corner of Shumpke Road and Mountain Avenue. The Board of Education is concerned with the traffic situation and the safety of school children in regard to this proposal.

Township Engineer Alfred H. Swenson forwarded the board plans of the Recreation Commission for use of Sandmeier School property as a recreation area. Meetings to bring this matter to a conclusion will be held in the future with representatives of the school government committee, the building and grounds committee, and the Recreation Commission.

A communication was received from the Springfield Chapter, American Red Cross, announcing that it is launching a new blood bank program and asked that the board name a representative and alternate to serve on a policy-making committee for blood distribution plans.

Board Member August Caprio was appointed as representative and John C. Gacos, as alternate. The organization meeting for this group will be held in the near future. Mr. Gacos is also chapter chairman.

The resignation of Jacob Baler of Clinton Avenue, school custodian, who is retiring, was accepted as of December 31.

Town March

Continued From Page 1

ular session of the governing body, a recommendation by the Board of Adjustment to permit the relocation of a Nursery School from Salter Street to Evergreen Avenue was rejected unanimously by the Township Committee. SEE TRAFFIC JAM

Objectors to the planned use of the Fadam Farm land include residents in the area who see many hazards in the additional traffic that will be brought in by 48 apartment units in this already congested area.

Others see a great many other apartment houses springing up all over the Township if this variance is granted.

Those interested in the application for apartments on the Jacobson property on Mountain Avenue, the Leone property in South Springfield Avenue and the several other sites in the Township are preparing to pounce on the Planning Board and Board of Adjustment for rejecting their applications and granting the request of the Fadam Farm developers.

Members of the present Township Committee have been quoted as saying "they were not in favor of too many apartment houses in Springfield" and those objecting to the Fadam Farm proposal feel confident that, if there is a recommendation for approval by the Board of Adjustment, it would be denied by the governing body for the best interests of the municipality.

Presbyterians Announce Plans For Holiday

Christmas Sunday worship services will be held on December 24, at 9:30 and 11:00 a.m. The Rev. Bruce W. Evans will deliver the Christmas message and special seasonal anthems will be sung by the Senior and Girls' Choirs. The Sanctuary will be decorated with a display of poinsettias which will be distributed to the elderly and shut-in members and friends of the congregation following the services. Sunday School classes will be held as usual in all departments of the Church School.

A Christmas-Eve Family Service will be held at the First Presbyterian Church at 8:00 p.m. The traditional Service of Carol and Song will usher in the celebration of the birth of Christ. Featured in the program will be the singing of traditional Christmas music by the Choirs and the Westminster Chorus.

LETTERS TO EDITOR

Editor, Springfield Sun,

Your issue of December 14, 1961, reported extensively on the favorable recommendation by the Springfield Planning Board of the proposal to construct garden apartments on the Fadam Farm property.

I have been a member of the Board since January, 1955, and its Chairman since 1959. During that period I participated in many studies of land uses in the Township, many amendments to the Zoning Code, and, most recently, I was instrumental in bringing about an amendment to the Zoning Ordinance requiring an advisory report from the Planning Board to the Board of Adjustment before any application for garden apartment use, regardless of the size of the site in question, can be acted upon by the Board of Adjustment (previously only sites of 5 acres or more required such advisory opinion).

I feel that my years of service evidence my deep interest in the welfare of the Township and proper planning for the use of land within its boundaries. I have refused and would refuse, any assignment for garden apartments which I felt would involve an improper use of the land. The statements in the article that "it is not proper to take garden apartments individually" and that "the entire garden apartment question should be studied to determine what benefits the Township receives from them" is a general observation.

While I agree completely with the thought that the use of a particular piece of land for garden apartment construction should not be determined on an individual basis in a municipality which has a great deal of available vacant land requiring master planning, I do not feel that Springfield falls within this category. We do not, in Springfield, have contiguous vacant land which has to be initially laid out, but rather we have scattered individual sites that require being fitted into the existing pattern. Therefore it is necessary and proper to pass upon the use of each parcel on an individual basis, in each instance bearing in mind the interests of the people of the Township and the property owner, attempting so far as possible to foresee the future pattern of growth of the Township. The benefit to the Township from garden apartments lies very greatly in the rentals produced. One family-house development requires off-setting industrial, commercial and multi-family construction to compensate for the tax burden imposed by one family

Ernie Nagels Make Nation-Wide News When Pet Doe Is Killed

"Ernie" Nagel is better known in this area as one of Springfield's most enterprising business men along Morris Avenue, active in civic affairs of the community and eagerly responsive to every worthwhile cause.

But only his intimates know of the full life of the Nagels on their 12 acre "Pleasant View" farm situated far off the public traveled highway in Green Village.

Here Mr. and Mrs. Nagel, their children and granddaughter, Corinne, 2, enjoy about everything that comes under the heading of "country living."

In addition to the large, modernized home, the Nagel estate has a private swim pool, with all lush facilities, for the summer; rolling grass hills, stables for prize horses, and a fenced-in playpen for "Little Girl", a pet doe which was the delight of 2-year-old Corinne as well as all the Nagels.

Mr. Nagel is a devotee of prize horses and his stables at Pleasant View shelter many blue ribbon winners won in horse shows all over the East.

But "Little Girl", the pet doe and "Bambi" a young buck, were the pride of the Nagels because of the pleasure all the Nagels, especially, little Corinne, got out of playing with nuzzling pets.

The Nagels broke into the newspapers and radio last week when "Little Girl" was shot by an unknown hunter. Mr. Nagel has offered a reward for information leading to the capture of the person who did the shooting. The cash reward was up to \$410 by Tuesday of this week and Mr. Nagel feels confident that someone will soon come forward and name the guilty hunter who fired the fatal shot.

The Newark News story, a week ago Tuesday, by Vincent Zarate, is as follows:

homes. The cost of Township services in connection with one family home exceeds the real-estate tax revenue from them.

The article also reported that permitting the garden apartment units in question represents "poor planning", and that this property is "in the heart of the residential area".

A study of the surrounding area certainly negates the contention of "poor planning" or that this property lies within the heart of the residential area.

Within a radius of 2 blocks can be found a Temple, a Church, schools, a gas station.

The construction of the post office and the coming of the Highway foretold a change in the area to business and other uses.

Also, it is questionable whether sever or eight one family homes whose driveways would back into Mountain Avenue and into Shumpke Road would constitute good planning.

Very truly yours,

A. Pancani, Jr.
Architect

Editor, Springfield Sun,

The recent "rash" of applications for permits for apartment houses leads me to wonder what has happened in our community that has emboldened so many speculators to pour into Town Hall with applications.

Criticism is not intended but to show the need for some restraint on the sudden flood of applications.

Below are some of the reasons for the need for this restraint.

The recent repeal by the Township Committee of the personal property tax on all householders in the community has created a situation which is grossly unjust to every home owning taxpayer in Springfield.

Elimination of the personal tax will require an increase in property taxes which will be assessed against property owners leaving apartment dwellers free of any taxes to the community but still commanding all the police, fire and school services at the expense of the families who by reason of home ownership have chosen to assume their rightful share of community responsibility.

These home owners historically have been known as the backbone of American citizenship and to invite a class of free-loaders in overcrowded apartments to ride to prosperity on the backs of the home owners is cruel repayment to these people who have suffered through increased taxes through the years to provide the necessary services required by the population explosion.

To invite more tax-free apartment dwellers would be tantamount to putting a loaded gun to our own heads because it is conceivable that they could increase sufficiently in numbers to influence or dominate local politics and legislation.

Planning experts have previously determined that ten families per acre in garden apartments was the desirable ratio in those zones which had been planned for apartment houses but now we find that the Board of Adjustment has recently relaxed these requirements to permit 50% more people to live on the same land as before, and in areas not permitting apartments.

At the present time the smallest home in Springfield requires a 7500 square foot lot whereas the recent variances granted for apartment houses permitted only 2000 to 3000 square feet per family. Again, not to be critical but in a sincere desire to understand the situation, I wonder why the planning function and zoning has fallen so largely to this board rather than to the Planning Board and the Township Committee for

To the hunter who shot and killed "Little Girl", a pet doe of Mr. and Mrs. Ernest W. Nagel of Woodland Road yesterday, there's something you should know.

"Little Girl" had her adopted son, "Bambi" a young buck, weren't afraid of people because they had learned human kindness from their owners.

When the pet heard the first gunshots you and other hunters fired in the nearby woods, Mrs. Nagel went to the fenced-in playpen and assured them with soft words and hugs - there was nothing to fear.

At 2 p.m., another shot was fired - this one by you. It was a tragically good shot. "Little Girl" fell, mortally wounded, a wound near her heart. She died almost instantly.

Mrs. Nagel saw you in your red hunting jacket as you fled, and she yelled "Wait! Wait!" But you didn't wait.

When Nagel heard about it, he was shaken. He had gotten "Little Girl" when she was a few 17 months ago and had raised her on bottled milk and oats. And the Nagels' granddaughter, Corinne, 2, loved to pet "Little Girl".

Nagel had a special permit from the state to keep "Little Girl" and "Bambi" at his farm, and he was planning to get "Little Girl" a mate for Christmas.

Now, Bambi is out of the pen and in a stable until the hunting season is over. And Nagel has offered a reward for information leading to your apprehension.

Mrs. Nagel, who will have to tell Corinne what happened and explain about adults like you, said: "I thought the pet's biggest menace were dogs."

A later development in the story was the offer this week by a friend and neighbor of a doe

to replace "Little Girl". Fred Kraemer of Washington Avenue Road, Warrenville, proprietor of a very popular restaurant in that area and a close friend of the Nagels, has arranged to give "Bambi", pet, doe, a companion.

"I know just the way they felt after "Little Girl" was shot," Kraemer said. "They loved her very much."

The doe - which has not been named - is among several Kraemer owns. Born in June, it is about the same age as Bambi, a young buck.

Announcement that Bambi would not be alone any longer came as reward money offered for information leading to the capture and conviction of the hunter who fired the fatal shot last Monday climbed to \$410.

Nagel, extremely happy over the offer, said the new deer may be named "Little Girl II" in honor of the dead animal.

St. Hubert's Giraldia, a private Madison dog shelter, has offered him the use of one of its trucks to transport the new deer.

Ernie Temple is Donor Of Xmas Tree To Town

The sparkling Christmas tree that adorns the lawn in front of the Springfield Town Hall, has once again been donated by Ernie Temple of Temple Tree Service, 614 South Springfield Avenue, Springfield.

Mr. Temple has gladly donated the tree with the wish of making the Christmas season a little more beautiful in the Township.

He has accomplished this with his trees over the last four years.

joint action and the approval of the voters.

In regard to the present application to the Board of Adjustment for apartments at Shumpke Road and Mountain Avenue, a study of the tax records and according to the information of the tax office in Town Hall indicate that the present owner purchased this land from the Township of Springfield in 1944 for the sum of \$2000.

Shortly thereafter a small lot was sold off for the sum of \$200 leaving approximately three acres cost free.

A few years ago another small portion was sold off to developers for \$28,500 and leaving the owner two acres.

In his application for apartment permits the present owner pleads that "subdivision of this land would give him only six or seven building lots and that land costs and development would require the building of very expensive houses."

Since this land is already cost-free to the owner we wonder what cost figures they had in mind?

Each of these seven lots could bring \$7,000 apiece for a total of \$49,000.

Add to this the previous profit of \$28,500 and we have a profit of \$77,500 on an initial investment of \$2000.

Develop this land to its best economic use which, in his opinion, would be for apartments.

This same land if rezoned for apartments would then appreciate in value to \$1500 to \$2000 per apartment. At the \$1500 figure this would amount to \$76,000 instead of \$49,000 for seven lots.

In view of the above the Township Committee's responsibility is to determine who will be best served by this application for a variance, the people of Springfield or one individual?

Former Regional Student To Relay Xmas Messages From Around The World

Christmas will be a day of toil—but a labor of love—for a Union Junior College freshman, Julius M.J. Madey of 1037 Rafitan road, Clark.

He'll spend the holiday relaying telephone calls and messages from servicemen, scientists, and workmen at the Antarctic to their loved ones throughout the country. An amateur radio ham operator, Mr. Madey has a powerful sending and receiving transmitter at his home in Clark.

Mr. Madey, who is an engineering major at Union Junior College, has relayed more than 10,000 messages and provided a similar number of telephone calls for those stationed at Antarctica since 1956.

for this Christmas season.

Mr. Madey says he is now in contact with the Antarctic via seven American land stations, five or six ships and several Air Force planes which carry ham radio equipment. There is a lot of activity at Antarctica at this time because it is summer at the South Pole. There were only two stations in Antarctica when Mr. Madey first made contact back in 1956.

With equipment in his home, Mr. Madey is able to provide direct contact via telephone lines for men at the Antarctic to speak to their families throughout the country. All they have to do is pay the phone bill from Clark to their home.

servicemen that in 1959 he was their guest for a month at Antarctica. He spends seven to 10 hours a week in contact with ham operators near the South Pole. (He still has time for his studies at Union Junior College and for his other interests.)

Mr. Madey's efforts on behalf of men assigned to the Antarctic has also been recognized by Rep. Florence P. Dwyer (R New Jersey) and by the General Electric Company, which presented him the 1958 Edison Radio Amateur Award for public service.

"At his early age he has already been an important factor in the success of Operation Deepfreeze and of our International Geophysical Year research teams in the Antarctic; he has provided an essential channel of communication with American personnel at Arctic weather stations, at military bases in the Pacific and DEW line support bases in Alaska; and he has been a one-man good will mission to people throughout Europe," Mrs. Dwyer said in a speech on the floor of the House in 1959.

Another service Mr. Madey provides those stationed at the barren continent is taking orders for flowers at holidays and anniversaries. He has transmitted more than 1,000 such orders since 1957. This is done strictly as a service without any remuneration to him except messages of thanks and goodwill from the appreciative servicemen in Antarctica. He has already handled nearly 300 such orders

Dr. Davis Attends Leaders Seminar

Dr. Warren M. Davis of 292 Timber Drive, Berkeley Heights, attended a community leaders seminar on the United Nations and world affairs sponsored by the Foreign Policy Association - World Affairs Center, Friday, Dec. 15, in New York City.

Dr. Davis is Superintendent of the Union County Regional High Schools.

Led by staff officers of the United States Mission to the United Nations, the program included discussions of the role of the United States in the United Nations, the economic and social aspects of the United States foreign policy, and the role of the United Nations in this field. An informal talk was given, Mr. Richard S. Winslow, Vice-President, National Services of the Foreign Policy Association - World Affairs Center, was chairman of the sessions.

Dr. Davis is Superintendent of the Union County Regional High Schools.

Led by staff officers of the United States Mission to the United Nations, the program included discussions of the role of the United States in the United Nations, the economic and social aspects of the United States foreign policy, and the role of the United Nations in this field. An informal talk was given, Mr. Richard S. Winslow, Vice-President, National Services of the Foreign Policy Association - World Affairs Center, was chairman of the sessions.

In attendance with Dr. Davis were approximately a hundred other community leaders representing a cross-section of business, labor, educational and other groups throughout the country.

The meeting, one of a series of programs presented by the Foreign Policy Association - World Affairs Center was designed to enlist greater participation in world affairs of leading U.S. citizens. Held once a week while the United Nations General Assembly is in session, these meetings run all day with a different audience each time.

Through the community leader participants, the FPA-WAC aims to arouse others in their local communities to a more active concern about foreign affairs.

The Foreign Policy Association - World Affairs Center is a private nonprofit, nonpartisan, educational institution whose purpose is to stimulate wide interest in international relations, and assist in the development of greater understanding of the foreign policy issues confronting the United States.

Williams Asks For Attack On Problems Facing N.J. In Reclaiming Meadowlands

Senator Harrison A. Williams (D, N.J.) testifying at a public hearing conducted by the U.S. Army Corps of Engineers, asked today for an attack "on the broadest possible front" on all political and technical problems involved in reclaiming the North Jersey meadowlands.

Today's hearing is the beginning of the Corps of Engineers study of water problems associated with the problem of the meadowlands. Senator Williams, at hearings in Washington last summer, had asked for the survey as an essential step forward to ultimate meadowland reclamation.

"The U.S. Army Engineers' study of the New Jersey meadowlands," said the Senator today, "is a historic moment and a significant breakthrough in the efforts to reclaim and develop the New Jersey meadowlands. The Army Engineers' participation in the efforts to reclaim the New Jersey meadowlands is, in my opinion, a recognition in long past that the development of the New Jersey meadowlands is not purely a local problem, but one that has tremendous economic implications for the entire northeastern New Jersey-New York metropolitan region."

The Corps of Engineers called today's hearing, TO BE HELD AT: The Assembly Chambers of the Board of Freeholders, Hudson County Administration Building, 595 Newark Avenue, Jersey City, New Jersey in order to hear testimony "on the concept of overall, long-range comprehensive planning for balanced and coordinated development of the meadowland area. Congress appropriated \$150,000 in 1961 for water problem surveys of the meadowlands along the Hackensack and Passaic Rivers in northern New Jersey. Other navigation, flood control, and drainage improvement surveys will also be considered today."

The New Jersey Meadowlands Redevelopment Agency had already started work on ultimate development of meadowlands within ten municipalities.

"The work already achieved by this Agency," said the Senator today, "has laid the groundwork for the survey that begins today. I'm sure we can look forward to accelerated accomplishment within the next few years."

Mrs. Harold Simms

Miss Gloria J. Domkos Weds Harold Simms Jr.

Saint Rose of Lima Church, Short Hills, was the setting Sunday at 3:30 P.M. for the marriage of Miss Gloria Jean Domkos, daughter of Mr. and Mrs. Frederick Richard Domkos of 145 Briarwood Dr., W. Berkeley Heights, to Harold George Simms Jr., son of Mr. and Mrs. Harold George Simms Sr., of 24 Long Hill Dr., Short Hills.

A reception was held at the Blue Shutter Inn-Union.

The bride wore a floor length gown of French illusion, imported nylon lace. Her bridal headpiece was a scherazade with fingertip veil. She carried a semi-circle of white carnations, orchid and silver Christmas balls.

Mrs. Martin Welkens of Lakehurst served as matron of honor. She wore a red velvet street length gown with a red satin sash. She carried red and white carnations with holly and white rib-

bon. Bridesmaids were the Misses Sherry Lou Dyke of Summit, a high school classmate; Adel Penl of 119 Briarwood Dr., and Joyce Dean of Clark. They wore red velvet street length gowns and red feathered hats. They carried Eisenhower carnations and holly with white ribbon.

George Harty of Short Hills was best man, Edward R. Domkos of Berkeley Heights, a brother of the bride, and James A. Tighe of Short Hills ushered.

The bride, a June 1961 graduate of Summit High School, was employed at Bell Telephone Laboratories, Murray Hill.

Mr. Simms, who is with Seaboard Finance Co., Elizabeth, attended Lawrenceville School.

The couple on a wedding trip to Mount Airy Lodge, Mt. Pocono, Pa., plan to live in San Ramon, Calif.

Miss Donington Is Engaged

Mrs. Joseph A. Donington of Springfield and Lake Mohawk, has announced the engagement of her daughter Miss Maryann Donington to Mr. Kenneth Jackson Weyman, son of Mr. and Mrs. Lotherp Jackson Weyman of Westfield and Lake Mohawk. Miss Donington is the daughter of the late Mr. Joseph Abbott Donington.

The bride-to-be is a graduate of Jonathan Dayton Regional High School and is a senior at Connecticut College for Women in New London, Connecticut.

Mr. Weyman, an alumna of Westfield High School, is a senior at Seton Hall University in South Orange, New Jersey.

RECOGNIZE THESE TWO—Mr. & Mrs. Theodos C. Davidson residents of Springfield for 23 years before moving to San Diego, California in 1942, celebrated their 50th wedding anniversary on Tuesday December 19th. Mr. Davidson was very active in Springfield affairs, serving on the Board of Education and as a volunteer fireman for many years.

9 Reappointed To Savings & Loan Revision Comm.

The reappointment of nine Union County men to the New Jersey Savings and Loan League's committee for the Revision of the Savings and Loan Act was announced here last night by Robert M. Clark, Chairman of the Board of the state trade organization.

Those named to serve are Andrew L. McDonough, member of the board of directors and attorney for Queen City Savings and Loan Association, Plainfield; John R. Kliner, executive vice president, Roselle Savings and Loan Association; Charles W. Nagel, president, Plainfield Savings and Loan Association; Frank K. Sauer, of Elizabeth, Charles H. Ackley, executive vice president, Hill City Savings and Loan Association, Summit; James Kirkpatrick, III, executive vice president, Central Federal Savings and Loan Association, Plain-

field; J. Harvey Young, senior vice president, Investor's Savings and Loan Association, Union; A. F. Krutzner, Jr., executive vice president, Stonewall Savings and Loan Association, Linden, and Henry F. Glowka, executive vice president, Summit Federal Savings and Loan Association.

The Committee for the Revision of the Savings and Loan Act, Clark said, came into being more than three years ago.

B'nai B'rith Young Adults Plan Meeting

The B'nai B'rith Young Adults of Union County will meet at 2 p.m. on December 24, 1961, at Temple Beth El, 338 Walnut Avenue, Cranford, New Jersey.

There will be a membership social after the business meeting. Young adults between the ages of 18-26 are invited to attend.

Mr. Arthur Trooskin of 40 Califon Drive, Colonia will preside.

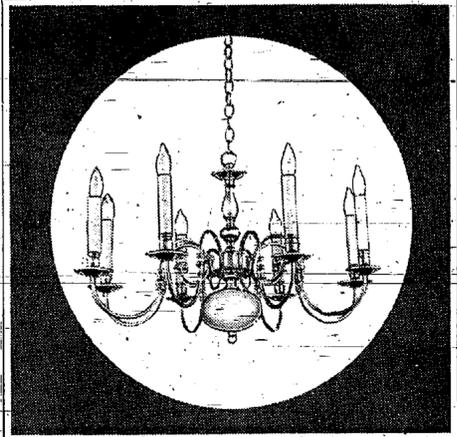

Asks For Bird Feeding Stations

Dr. Harold N. Moldenke, director of the Trailside Nature and Science Center, in the Watchung Reservation, requests the residents of Union County to provide feeding stations for our winter population of birds.

Food, not the cold, is the critical problem of birds during the winter season. Dr. Moldenke recommends that the people place feeding stations in their yards. He further recommends that the feeding station be placed near

shrubs; the birds will feel more secure if shrubs are nearby, as they will have someplace to go if danger approaches.

Sunflower seeds, red millet, canary seed, shelled raw peanuts, suet, dabs of peanut butter, cracked corn and bread will attract birds to a feeding station. A small amount of crushed egg shells should also be provided for the birds, for it is necessary for them to have some grit in their diet.

This Is Williamsburg Fashion's Favored Version Of Early American

From the great homes of the newly-formed American nation comes this collection of polished brass and Flemish antique chandeliers... elegant, impressive, graceful. J.P.W. MEETS... Reading from left to right: Miss Emma C. McGill, President New Jersey State Federation of Business and Professional Women's Clubs; Mrs. Wilma Lupo, President Westfield Business and Professional Women's Club; Mrs. Rena Wright, Corresponding Secretary; Mrs. Vi Grant, Chairman of the Christmas Party; Miss Mildred Fairweather, Recording Secretary; Miss Margaret Cree, Second Vice President; Mrs. Marge Odell, Treasurer; and Mrs. Kit Love, First Vice President.

Springfield Township Committee-Elect Arthur M. Falkin and his wife Claire have returned from a week's cruise to Nassau. The Falkins, who live at 92 Jefferson Terrace, sailed on the S.S. Italia.

A son, Martin Joseph, was born to Mr. and Mrs. William Seal of 160 Chaucer Drive, Berkeley Heights, on December 10 at Overlook Hospital in Summit. The new addition, who weighed in at eight pounds, one ounce, joins a family that includes four-year-old Robert and one-year-old Susan.

Scott Plains resident, James G. Dougherty, this week notes his tenth year of service with Esso Research and Engineering Company, in Linden, Mr. Dougherty, who lives at 218 Myrtle Avenue with his wife Victoria, and children James, Michael and Coken, is a mechanic in the firm's mechanical division.

Mr. and Mrs. Herbert R. Meisel, of 81 Jefferson Terrace, Springfield, announce the birth of their son Jonathan Steven, on December 10 at the Orange Memorial Hospital. Young Jonathan weighed six pounds, four ounces at birth. The Meisels also have a daughter, Susan Anne, age two.

Birthday congratulations go to Mona Fleischer, daughter of Mr. and Mrs. Alex Fleischer of 22 Mohawk Drive, Springfield, who celebrated her ninth birthday with a party on Friday, December 15. Mona's guests were Michelle Wisdom, Amy Silverstein, Rohir Schatz, Debbie Siegel, Frank Katz, Joan Sternberg, Sandy Cefhami, and Donna Rayna and Gail Flingerhorst. Also invited, but unable to attend were Barbara Schwartz and Leslie Feldman.

Springfield Servicemen mentioned in news dispatches this week are Marine Pvt. Richard W. Bucksar, son of Mr. and Mrs. Andrew J. Bucksar of 53 Woodcrest Circle, who has completed his recruit training at Parris Island; John Buckley, son of Mr. and Mrs. John A. Buckley of 112 S. Maple Avenue, who has completed his recruit training at Great Lakes III; and Navy Lt. (jg) Bernard J. Smith, son of Mrs. Bernard Smith of 34 Crescent Road, who is now serving with the fourteenth Fighter Squadron at Cecil Field, Fla.

A daughter, Laura Elizabeth, was born to Mr. and Mrs. George Clarke of 61 Cromwell Court, Berkeley Heights, on December 9. The baby arrived at Overlook Hospital in Summit, weighing seven pounds, six ounces. This is the Clarke's first child. Mrs. Clarke is the former Nancy Reynolds of Chattanooga, Tenn.

Stanley A. Plytynski, CPA of Springfield, has been elected a member of the American Institute of Certified Public Accountants. Mr. Plytynski is with the accounting firm of Puder and Puder in Newark. He resides at 182 Hillside Avenue with his wife Bertha, and children Stanley, Judith, Christina and James.

Mr. and Mrs. Howard V. Clickenger, Jr., of 400 Mountain Avenue, Springfield, announce the birth of a son, Craig Howard, on December 6 at Muhlenberg Hospital in Plainfield. Mrs. Clickenger is the former Gwen Merritt of Cranford. Glad to have another man in the family are sisters Deborah Lynn and Donna Jean.

Sandy Smith, son of Springfield Board of Education President Howard S. Smith is one of Springfield's younger generation home from college for the Christmas holidays. Sandy is a freshman at Bowdoin College in Maine.

Congratulations go to Mr. and Mrs. Anthony Pietrontone, of 570 Morris Avenue, Springfield, on the birth of their daughter Tina Marie on December 9 at Overlook Hospital in Summit. The new addition, who weighed five pounds, fifteen ounces at birth, joins a family that includes brothers Matthew, 10 and Anthony, 3. Grandparents in Springfield are Mr. and Mrs. Matteo Pietrontone of Shunpike Road.

Mr. and Mrs. Marvin Yates, of 807 Mountain Avenue, Springfield, are happy to announce the birth of their first child, a son, on December 11 at Overlook Hospital. The baby, who has been named Stephen Todd, weighed eight pounds, eight ounces at birth. Proud grandparents in the area are Mr. and Mrs. Dwight Yates of Clark.

Holiday Skate Plans Released By Comm.

The Union County Park Commission announced today the holiday schedule of the Warinanco Park Ice Skating Center beginning Friday, December 22.

On Friday, December 22 and Saturday, December 23, general skating sessions will be conducted from 9:30 a.m. to 12 noon; 2:30 to 5:30 p.m.; and from 8:00 to 11:00 p.m.

On Sunday, December 24, the public may skate from 9:30 a.m. to noon and from 2:30 to 5:30 p.m. The Ice Skating Center will be closed on Christmas Day.

On Tuesday, December 26; Wednesday, December 27; Thursday, December 28; Friday,

December 29; Saturday, December 30; skating sessions will be conducted from 9:30 a.m. to noon; 2:30 to 5:30 p.m.; and from 8:00 to 11:00 p.m.

Children, 15 years of age and under, may skate at the morning (9:30 a.m. to noon) and afternoon (2:30 to 5:30) session for a reduced rate of 25¢, on Thursday, December 28.

On Sunday, December 31 a morning and afternoon session will be offered. The Ice Center will be closed on New Year's Eve.

On New Year's Day and on Tuesday, January 2, the Ice Center will also offer morning, afternoon and evening sessions.

Completes Training Course

Marine Pvt. Warren A. Grant, son of Mr. and Mrs. Arthur Grant of 30 S. Maple Ave., Springfield, N.J., completed recruit training, Nov. 16, at the Marine Corps Recruit Depot, Parris Island, S.C.

The 12-week training course included drill, bayonet training, physical conditioning, parades and ceremonies, and other military subjects.

Three weeks were spent on the rifle range firing the M-1 rifle and receiving instruction on other

basic infantry weapons. Upon completion of recruit training at Parris Island, new leathernecks report to Camp Lejeune, N.C., for combat infantry training prior to being assigned to a unit of the Fleet Marine Force or attending a service school for specialized instruction.

Elected Chaplain

Charles Johnson son of Mr. and Mrs. Frank Johnson of Pitt Road was elected Chaplain of the Alpha Mu Chapter of Alpha Gamma Rho Fraternity. Charles is a Junior at Rutgers in New Brunswick majoring in Agriculture Research.

Advertisement for 'How to be a master strategist' featuring a portrait of a man and the text 'Going away? Settle all the details now by phone. NEW JERSEY BELL'.

A. Muratore Is Engaged

Arlene Muratore

Mr. and Mrs. Charles Muratore of 103 Edgewood Ave., Springfield, have announced the engagement of their daughter Arlene to Mario Borsellino, son of Mr. and Mrs. Gabriel Borsellino of 184 Mill Lane, Mountain Side.

The bride is the daughter of Mr. and Mrs. Robert Kester of Spruce Pine. The bridegroom is the son of Mr. and Mrs. Wilfred N. Barz of 511 Melsel Avenue, Springfield, New Jersey. The bride's only attendant was Miss Peggy Lewis of Morganton, North Carolina.

Miss Kester Is Bride Of Ronald Barz

Mrs. Ronald Barz

On Saturday, October 7, Miss Beverly Ann Kester of Spruce Pine, North Carolina became the bride of Mr. Ronald Alan Barz of Springfield, New Jersey at a quiet ceremony performed in Spartanburg, South Carolina.

Both Miss Muratore and Mr. Borsellino are graduates of Jonathan Dayton Regional High School. Miss Muratore is employed by J.J. Newberry Department Store in Springfield. Mr. Borsellino is employed by G. & J. Co. Inc. in Newark.

T. Hohn Elected Frat Historian

Ted A. Hohn, son of Mr. and Mrs. Walter A. Hohn, 60 Severna Avenue, Springfield, has been elected historian of Phi Kappa Psi fraternity at Gettysburg College. Hohn is a member of the sophomore class and is majoring in biology.

To Entertain At Palsy Yule Party

Miss Joan M. Heller of 99 Remer avenue, and Anthony V. Vivinnetto of 66 Irwin street, Springfield, will be among Union

Junior College students who will entertain 40 cerebral palsy children at a Christmas party next Thursday morning (December 21). The party will be for the children at the Cerebral Palsy Center, Cranford, which is the former home of Union Junior College. The former Grant School building was sold by the college to the Union County Cerebral Palsy Association this summer. It had been the college's home for 17 years until UJC moved to its new location on campus in 1959.

Miss Heller and Mr. Vivinnetto and their fellow members on the Day Session Student Council will provide small toys, games, and refreshments for the young cerebral palsy victims. They will also provide a Christmas tree and Christmas decorations.

Receives BS In Physics

Alvin Hardy Dammig, Jr., son of Mr. and Mrs. Alvin Hardy Dammig, Sr., 121 Short Hills Avenue, Springfield, New Jersey, has received his bachelor of science degree in physics from the Massachusetts Institute of Technology this Fall.

He was a member of the Inter-Fraternity Conference for Phi Kappa Sigma, Mr. Dammig, who was on the Dean's List for three terms, previously attended Jonathan Dayton Regional High School, Springfield.

In ROTC

LEWISBURG, Pa.—Theodore B. Shelton of 399 Meisel Ave., Springfield, is presently enrolled in the Basic Course of the Army Reserve Officer Training Corps Program at Bucknell University.

The first year of this program familiarizes officer candidates with the organization of the Army and ROTC, individual weapons and marksmanship, American Military History, and problems of leadership. Upon graduation from college and the successful completion of the four-year military science course the Cadet is eligible for commissioning as a Second Lieutenant in the United States Army Reserve.

A freshman at Bucknell this year, Cadet Shelton is studying for the degree of BS in Biology.

Cadet Shelton is the son of Dr. and Mrs. R. Shelton.

Girl Enlists

New Jersey-GySgt H. A. Schwarz Marine Corps Recruiter for Union county announced that Miss Arline Jean Tomko daughter of Mrs. Anna Tomko, of 6 Beverly Rd. has enlisted and is now at

Parris Island, South Carolina undergoing nine weeks of Recruit training. Upon completion of Recruit training Pvt. Tomko will return home for a fifteen day leave before reporting to a school or duty station in the United States or Hawaii. Pvt. Tomko is a '61 graduate of Jonathan Dayton Regional High School.

Any young lady interested in the Marine Corps or has any question concerning the Marine Corps can contact their local Marine Corps Recruiter at Julian Place and Morris Ave. in Elizabeth or call ELIZABETH 5-3009 for an appointment.

A CHRISTMAS FABLE WITH A STRONG MORAL MESSAGE

The sleds scurried across the layers of hard snow, packed firm and shining in the cold arctic moonlight. The passengers huddled together under the common warmth of huge fur blankets and rubbed their gloved hands together every now and then to stimulate circulation...

If you happened to be walking through the halls of Governor Livingston Regional High School and encountered John Wadas, chances are you would take him to be just one of the regular students, not at all the athletic type. Appearances, however, can be deceptive.

John Wadas is quite an athlete! Russ Hunchar, the school's director of athletics, will tell you. He has coached John in soccer and baseball. Ray Higgins will tell you too. He is Wadas' wrestling coach.

Soccer, baseball, wrestling. Three divergent sports requiring special talents. Yet John Wadas is highly proficient in all three. And when John's soaking wet he might—and it's highly questionable—tip the scales up to the 130-pound mark.

You might wonder what makes Johnny run. We're inclined to think he is just a natural athlete who makes full use of his limited physical assets. Certainly John Wadas is not participating in sports for the glory that comes to football and basketball heroes.

If you're looking for glory, you don't go out for the soccer team, the baseball team, the wrestling team. These aren't the glamour sports that football and basketball are. They don't draw the capacity crowds and the boys who play normally don't get the plaudits reserved for football and basketball heroes.

When the Newark Sunday News published its list of all-New Jersey teams selected from game films and opinions solicited from coaches

necks. Still others in the group stood young and straight, eyes peering into every nook and cranny of the large entrance hall, trying to anticipate what was to come. Nobody knew why they had been summoned to this strange place.

NOT INTERESTED...New Providence eager doesn't seem too interested in Ted Schuss, he's more concerned with direction ball is facing in first quarter action at Springfield.

Golden Glovers Will Step Into Betsytown Ring The Elizabeth Elks auditorium will be the scene of the New Jersey Golden Gloves boxing tournament for the fourth straight year, starting Friday night, January 12.

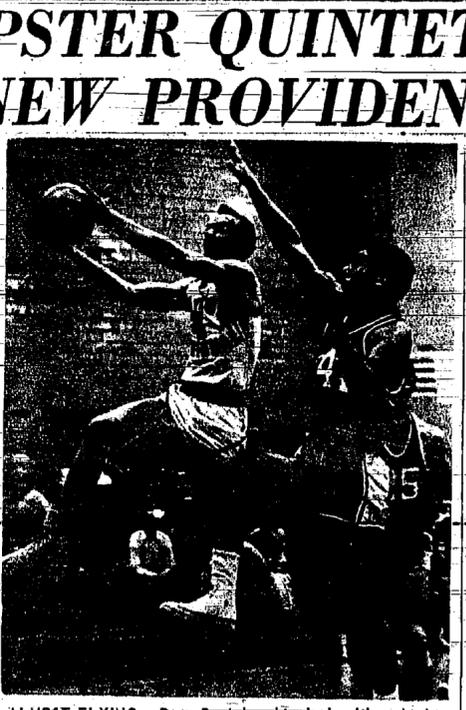

George Kobb, retained as tournament director, announced the tournament will run for six weeks, with championships being decided in eight novice and eight open classes. The finals are slated for February 16.

George Novitt, chairman of the Elks boxing committee and past elected ruler of the lodge, heads the tournament committee. The amateur fistfight will be sponsored by the Elizabeth Lodge of Elks and sanctioned by the New Jersey AAU.

Ski Trips Made Available To All Teenage New Jerseyans will have an opportunity to ski this winter under a new program announced last week by Mary Galbreath, of Morristown, Ski Chairman of the North Jersey Council of American Youth Hostels.

NEW MECHANICS IN TOWN...With foreign sports car fever on the rise in this area, a new shop dealing in foreign car repair and service has opened at 179 Mountain Avenue, Springfield.

There were swarthy wrestlers, weaving and bobbing on the mats, as slippery as the ice outside, and as cunning as trapped animals. There were trackmen, jumping hurdles in breathtaking strides, putting the shot hundreds of feet, high-jumping twelve-foot bars and pole vaulting straight up into the mist that shrouded the entire room.

ALMOST FLYING...Dave Bonislawski looks like a bird in flight as he drives at top speed for quick two-points against New Providence Tuesday.

RAIDERS FALL SHORT IN WESTFIELD LOSS Fail To Score In First Stanza After defeating a Roselle five 54-34 early last week, the Scotch Plains-Fanwood Blue Raiders ran into a Westfield High quintet away from their home court, and were stopped 50-42.

BEACON ON SPORTS cont. from page 9

and officials, there was a Jerry DePasquale of East Rutherford High School listed as a guard on the all-state Group II team. It seems somebody goofed! It was Jerry DePasquale who was selected for the team, but it was the Jerry DePasquale who performed so nobly for Governor Livingston Regional High School during the past season.

The error was corrected several days later but may have been missed by many Highlander fans. The honor climaxed a great season for Jerry, now busy with the Highlander basketball team. He also received all-star recognition on all-county teams selected by three different newspapers.

Highlander Cagers Gunning For Wins

Disgruntled but not discouraged by Summit High's continuing jinx, the basketball team of Governor Livingston Regional High School is hopeful of bouncing back to winning ways this week against a pair of strong Somerset County rivals.

Coach Don Wodock's Highlanders played undefeated Bound Brook High School on Tuesday afternoon in the Governor Livingston gymnasium and tomorrow night they will travel to Warren Township to take on Watchung Hills—also will contend the 1962 phase of the basketball season. The Highlanders carried a 1-1 record into the Bound Brook game, having defeated Piscataway High School, 52-45, in their opener before bowing to Summit, 64-45, on December 15.

Governor Livingston will be faced with a similar problem in both the Bound Brook and Watchung Hills games. Both the Crusaders and Warriors have a top-notch scorer who will have to be checked if the Highlanders are going to win.

Alan Walsh of Bound Brook tossed in 29 points last week as the Crusaders nipped Watchung Hills, 66-53. Ron O'Brien scored 25 for Watchung Hills. Marty Pardue of Bound Brook also will bear watching. He is rated even better than Walsh although he was limited to 13 points by Watchung Hills. Double-teaming by Watchung Hills helped cut his scoring against the Warriors.

The Highlanders will have to develop more scoring punch than they showed in their first two outings if they are to realize Coach Wodock's goal of a .500 season.

Lynn Nesbitt came up with 37 points in the two games for an 18.5 average, but no other Highlanders.

Summit Takes Heights, 64-45

Foes Cash In

The Highlanders of Governor Livingston Regional High School met a rival Summit five at the former's gym late last week, and the outcome favored the visiting forces. The score read, 64-45.

The game was Summit's all the way. At the close of the first quarter the visitor club led 16-13 and at the half they increased their lead, 32-23. The Highlanders were outscored 18-8 in the third period and could only manage to halve with Summit in the last quarter, 14-14.

Scorers for the Heights Five were Nesbitt with eighteen, Clarkson with ten, DiPasquale with six, Heuer with three, Leiss with six, Kennedy with two.

lander is averaging in double figures. Sophomore Bob Heuer and junior Bob Clarkson are the team's second highest scorers with 10 points each.

Wodock is hopeful that two of last season's veterans—Jerry DiPasquale and Jack Weiss—will perk up their scoring. Jerry is averaging seven points per game and Jack five and one-half.

Nesbitt and Heuer sparked the Highlanders to victory over Piscataway. Heuer tossed in the first six Highlander points and finished with 13 markers. Nesbitt scored 19 points, including nine in the second period when the Highlanders took the lead for good.

Governor Livingston enjoyed a 37-27 budge at the end of the third period. They easily maintained a safe margin despite an 18-point closing period burst by Piscataway. DiPasquale chipped in eight points, Clarkson six, Weiss five and reserve Bill Sawyer one.

Summit's surprisingly strong Hilltoppers whipped Governor Livingston for the third straight time. Although boasting only one returner from last year's Suburban Conference champions, Summit has shown early-season strength. The Hilltoppers upset Roselle's defending county and state Group III champions in overtime and battled powerful Clifford Scott of East Orange, their apparent fo Roselle's state title, into the final period before bowing. The win over the Highlanders gave Summit a 2-1 record.

Nesbitt tossed in the game's first five points to give the Highlanders an early lead but they couldn't hold it. Summit battled in front 16-13 at the quarter and boasted a comfortable 32-23 edge at intermission. An 18-8 advantage in the third period clinched the game for the Hilltoppers.

Heights Falls To B. Brook

Bound Brook High won its third basketball game of the season Tuesday afternoon at Berkeley Heights, as the visitors scored in the last four seconds to down the Highlanders, 59-57. It was the second loss for the Highlanders.

The game couldn't have been closer. It was tied up eleven times in the course of the afternoon, the last time at 57 when Berkeley's Jack Weiss dropped the two free-throws in the last quarter.

Can't Be Closer 59-57

Highlander Wrestling Outlook Seems Bright Despite Worthy Foes

Ray Higgins, awaiting his second season as coach of the wrestling team at Governor Livingston Regional High School, is in a rather strange position. He is sure he has a very good team but feels it is "hard to say how well they will do this season."

Sounds like a paradox? Actually, it isn't. The Highlanders have a veteran team, with experienced wrestlers in most weight classes. Such a situation normally would virtually assure a highly successful season.

But the 1961-62 campaign does not figure to be normal. On the contrary, Union County is just loaded with top-notch wrestling teams, five of which appear on the Highlanders schedule—Westfield, Clark, Springfield, Rahway and Scotch Plains.

That's what precludes any overoptimism on the part of Higgins. Ray has "cut" an original turnout of 80 candidates to a working squad of 50 boys who will participate in varsity and junior varsity competition.

The tremendous turnout of candidates indicates the popularity that wrestling enjoys among high school boys. Governor Livingston's basketball team drew only 40 candidates for varsity, junior varsity and freshman teams.

The Highlanders open their season on Thursday, December 28, at Westfield High School. This meet is scheduled during Christmas vacation and will get underway at 1:30 p.m. The Blue Devils whipped the Highlanders last season and have most of their top matmen back for another season. The Highlanders lost four wrestlers through graduation, including their outstanding heavyweight, Perry Rice.

Heading the cast of returnees are two standouts last season—John Wadas, a 127-pounder, who is moving up two weight classes this season, and "Chuck" Whitford, a 177-pounder.

Other veterans of the Highlanders' first season on the mats are John Farrar, Bob Buckley, Sam Festa, Ron Cote, Frank Christiansen, Tony Conte, Frank Fish and Len Semon. Several of these boys are engaged in intense competition to hold their varsity spots.

A scrimmage with Plainfield High School this week and a four-team practice meet with Upper Darby, Pa., High School, Cranford High School, and Hillsdale High School next Tuesday, December 26, at the Governor Livingston gymnasium should help determine the grapplers for the Westfield meet.

The practice meet with four schools involved shapes up as an attractive offering for wrestling fans. Upper Darby has been champions of the Philadelphia area for the past 10 years, while Cranford is rated among New Jersey's best teams by Coach Higgins.

scheduling the session is to give his boys a taste of and exposure to outstanding wrestling competition before the season starts. The Upper Darby team will be guests at a luncheon following the wrestling.

All of the Highlanders meets, at present, are scheduled in the afternoon. Coach Higgins is hopeful of filling an open date on February 9 with a night meet at home. The Highlanders had two night meets last season.

Six of the Highlanders' 11 meets are slated for opponents' mats. A 12th meet—with South Plainfield High School on February 2 at South Plainfield—will be handled by Governor Livingston's junior varsity team. South Plainfield is inaugurating wrestling this season.

The schedule: (all at 3:30 p.m. except Westfield at 1:30 p.m.)

December 28, at Westfield; Jan. 9, at Clark Regional; Jan. 12, Middlesex, home; Jan. 16, at Piscataway; Jan. 19, Scotch Plains, home; Jan. 23, at Bridgewater-Raritan; Jan. 26, Thomas Jefferson, at Elizabeth; Jan. 30, Hanover Park, home; Feb. 2, (Varsity) Scotch Plains, home, (Junior Varsity) at South Plainfield; Feb. 6, Rahway, home; Feb. 9, Open, and Feb. 13, at Springfield Regional.

Y Ski Club Hears Expert

The art of skiing was the subject of a talk given by instructor Story Lee to the Fanwood-Scotch Plains 'Y' Ski Club on Dec. 11. It was only the second meeting of the newly formed group and Mr. Lee, well known in skiing circles, talked at length on the fun of skiing, what a ski club can do to make the sport more enjoyable, and how to organize a good club.

The group discussed preliminary plans for a ski week-end to be sponsored by the club as one of the New York State or New England ski centers. The club also talked about dry run instruction for beginners which can be accomplished even without snow.

Robert Fontanelli was chosen temporary chairman of the club until elections are held and Mrs. Joan Yeager was selected as secretary.

Another meeting will be held on Thursday, December 14 at 8:30 P.M. in the 'Y', at Grand Street and Union Avenue in Scotch Plains. Membership is open and interested persons are invited to attend and find out about the program.

Pledges Angel Flight

Charyl Leas, 141 Salter Street Springfield, has pledged to Angel Flight, a national organization at Indiana University. The sister organization of the Arnold Air Society advanced Air Force ROTC honorary. Angel Flight members act as official hosts for the group and promote interest in the Air Force.

HAPPY BIRTHDAY MUMSIE

"ALL WE WANT FOR CHRISTMAS IS . . ."

TB League Gaining Area Significance

Mayor James G. Argyros of Roselle, Honorary Chairman of the 1961-62 Christmas Seal Campaign, today explained what a tuberculosis league means to a community and its mayor.

"Responsibility for the health and welfare of its citizens is just one of the many obligations of a municipality," the Mayor said. "Having an organization like the Union County Tuberculosis and Health League working with us makes possible a more effective effort to bring tuberculosis under control."

amounted to \$736,843. If these expenditures can be made to produce better results and more control of a communicable disease, I am in favor of it. We know we have a serious TB problem to solve."

Mayor Argyros mentioned some of the things the Union County Tuberculosis and Health League had done in the past year to help Roselle and other municipalities with their TB problems. The Tuberculosis Case Register maintained by the League furnished data on all known TB patients, as to whether they were receiving regular checkups, and whether or not they have any change in their condition.

x-rays have been recommended could obtain them at more convenient hours. Now, too, any private physician of a TB patient or any patient unable to afford a physician can obtain consultation services. Best of all, the public health nurses can send in the contacts of newly diagnosed cases for a Mantoux test or any other test necessary. This gives the facilities needed to conduct a thorough follow-up of known or suspected TB.

lois associations, according to Mayor Argyros, we are able to receive the benefits of their programs, medical research, for example, and all the latest information on tuberculosis control methods.

"As the head of the municipal government," the Mayor concluded, "I want our people to have these benefits and I feel sure every other Mayor in Union County shares my feelings. I know, too, that our government could not provide all these services to our citizens. For this reason, I say thank goodness we have the Union County Tuberculosis and Health League, and I hope people of the county will support it just as much as they can during its Christmas Seal campaign."

Rich Racing Prizes Pull Famous Names To Monmouth Park

A half-brother of Kelso, a full-brother to Primonetta, a half-sister to Hail to Reason and a half-sister to Pet Bully are among the more than 1,000 yearlings eligible to Monmouth Park's \$100,000-guaranteed-gross Sapling and Sorority for 1962, it was announced here today.

Final closing for both races is January 15.

2-year-olds firmed drew 516 nominees in the early closing. The Bieber-Jacob Stable, trained by famed Hirsch Jacobs, nominated 14 fillies to this event, including a half-sister to Hail to Reason, 2-year-old champion of 1960 and winner of The Sapling—The filly is by Promised Land out of Notwithchance.

The six-furlong Sapling for 2-year-olds, which attracted a record early closing of 581 nominees, lists many well-bred colts from America's most prominent stables. Kelso's half-brother, by Princequillo out of Maid of Flight, is one of seven colts made eligible to the race by Mrs. Richard C. du Pont, owner of Kelso, "Horse of the Year" for 1961.

Remember Pet Bully, the hard-hitting handicap horse who over \$365,000 a few years ago? Mrs. Ada L. Rice of Chicago, who raced Pet Bully, has nominated 10 fillies to the Sorority—and among these is a half-sister to Pet Bully, by Olympia out of Cameline.

Monmouth Park's two rich races are considered among the season's most important stakes for 2-year-olds. Winning owners receive a purse in excess of \$60,000, plus handsome and costly trophies designed by Cartier of New York.

Track officials estimate that over 1,500 young horses will be eligible to the two races by final closing on January 15. The final closing fee is \$25 per nomination.

Swim Program Is Huge Success

"The Red Cross 'Learn to Swim' program had a successful season this summer with 127 children enrolled," reported Mrs. Thomas Doherty, Chairman of the Water Safety Committee to the Springfield Chapter Board of Directors.

This summer swimming instruction is part of the program sponsored in cooperation with the Springfield Recreation Commission. The joint effort of these two groups annually enables over 200 youngsters to enjoy the fun of swimming and affords them a proper introduction of instruction in the water sport.

Ninety-four were registered for recreational swimming, 127 for "Learn to Swim" program, and 35 signed up for Advanced Red Cross instruction. Although vacations and weekend trips to the shore interrupted the instruction for some of the youngsters 76 certificates at various levels of achievement were issued as follows: 25 First Beginners Test, 25 Red Cross Beginners, 34 Red Cross Advanced Beginners, 10 Red Cross Intermediate, 3 Red Cross Swimmer, 1 Junior Life Saving.

MERRY CHRISTMAS

The smell of turkey roasting in the oven - evergreens crackling in the fire - the tree aglow with lights - new fallen snow and a gathering of family and friends - may these and the many other joys of an old fashioned Christmas be yours. This is the wish of the Directors, Officers and Staff of The First State Bank of Union.

GOOD DEAL Supermarkets

\$2,000,000 GROCERY PRICES REDUCED!

New, Low Cost-Warehousing-Pass The Savings On To You. Take Advantage Of The Values! WE'RE A "GOOD DEAL" LIKE SANTA!

Sam Sez...

We're a "Good Deal" like Santa Claus! This is the season to pause and reflect on what was achieved during the past year... and what my future plans may mean to you in savings. I must admit that the move to establish my own independent warehouse has resulted in passing the cash savings on to you. I intend to keep on copying Santa... not just at Christmas, but all year long. For Positive Proof, Visit your nearby Good Deal Market and make a note of the more than 800 prices that have been reduced to the lowest level anywhere in New Jersey area. Supplement those savings with dramatic Bi-Weekly features offered and you'll know why I say that WE CHALLENGE ANYONE, ESPECIALLY OUR COMPETITORS, TO PROVE US WRONG.

Seasons Greetings, & A Prosperous New Year!

In Training

Joseph Parillo, son of Mr. and Mrs. Joseph Parillo of 70 High Point Dr., Springfield, N.J., is undergoing recruit training at the Naval Training Center, Great Lakes, Ill.

During the nine-week course, recruits receive instruction in military, etiquette, drill, physical fitness, swimming and survival, first aid, shipboard safety,

precautions and security duty. Throughout the training, each recruit receives career counseling to help determine which of the Navy's 67 job specialties he will enter upon graduation.

Complete Course

Pvt. Richard D. Utzat, 18, son of Mr. and Mrs. John H. Utzas, 80 Hawthorn Ave., Springfield, N.J., completed the eight-

week lineman's course at the Army Signal Training Center, Fort Gordon, Ga., Nov. 9.

He was trained to maintain open wire, lead-covered cables and field communication wires.

Utzat entered the Army last June and completed basic training at Fort Dix, N.J.

Pat Durand Elected

Miss Patricia Durand of Springfield, has been elected Representative to the Athletic Association for the Class of 1964 at Cornell University-New York Hospital-School of Nursing in New York City, it was announced this week. Miss Durand entered the School of Nursing in September.

Jaycees To Meet

The December general meeting of the Springfield Jaycees will be held at 8:00 p.m. on December 27, at the Springfield Steak House Highway 22, Springfield. This

meeting designated "Bring a new member meeting", will include a review of current Jaycee projects and an outline of plans for 1962. Jack Jenkins, social chairman has arranged a showing of a World Series film. Holiday refreshments will be served.

The Junior Chamber of Commerce is a civic service organization for young men between the ages of 21 and 35. Anyone wishing information about the Jaycees may attend the December meeting or contact Ken Lancaster, membership chairman, DR 6-0039.

In Exercise

Army Sgt. Richard A. Grate, whose wife, Trudy and mother, Mrs. Anne O. Grate, live at

490 Morris Ave., Springfield, recently participated in Exercise Brandy Wine, a field training exercise involving some 26,000 troops in Germany.

The exercise was conducted to train small unit leaders and

test the combat readiness of participating units. Sergeant Grate and other members of his unit maneuvered against an "Aggressor" force. They were supported in the exercise by atomic-capable and conventional artillery and other combat and logistical support elements of V Corps.

Grate, a squad leader in the 51st Infantry's Company A which is regularly located in Mannheim, entered the Army in 1956 and was stationed at Fort Riley, Kan., before arriving overseas last August on this tour of duty. The 24-year-old soldier attended Regional High School.

Springfield Library

YOUR LIBRARY
"We wish you a Merry Christmas, We wish you a Merry Christmas and a Happy New Year."

So ends the theme of one of the cheerful carols. And, of course, the same theme runs through the wishes that the whole staff of the Free Public Library of Springfield send to their readers, and to all citizens of the town.

Probably a great many people are now too busy to stop and consider how much a public library can add to the enjoyment of the holidays. But, if they are wise, they already have made use of some of its many types of books.

First, help with the dinner can be found in books on cooking and decorations. Suggestions for table setting and table decorations can give ideas to enhance good food. Other books suggest decorations for the home both inside and out.

Books on Christmas customs interest the traditionally minded and provide materials for programs. In addition, Christmas poems and Christmas plays (with books on play production) suggest programs for all age levels. The same variety can be found in party and game books which suggest entertainment for the old and the young.

The religious aspect of Christmas is not forgotten. Biblical stories, lovely art books and semi-religious stories such as "The Other Wise Man" touch the heart and inspire the soul.

In contrast to the more serious materials, there are the gay and lively stories of Santa Claus and his helpers. These may further whet enthusiasms of the already excited small fry.

These are some of the many ways that the Free Public Library of Springfield and other libraries try to bring to life the gay season's greeting, "Merry Christmas," which is so well expressed by the carol.

B'nai Brith Will Meet

There will be a regular meeting of B'nai Brith women of Springfield on December 27 at 12:45 p.m. at Temple Beth Ahm. Program chairman Mrs. Fred Goldberg will present The B'nai Brith Girls in a show. Slides will be shown. Mrs. Leo Rivkind will preside. Coffee and cake will be served.

The Littlest Star

by Geldt Mallay

One beautiful, winter night long ago God's Angels lighted the Heavenly lamps, touching the star above the stable on Bethlehem's hill with special Heavenly Light which brightened the sky and shed a golden pathway to the manger cradle there. A chosen few descended to the earth, comforting those who feared and bringing tidings of great joy.

Full of wonder at God's gift of the Precious Babe, and His Heavenly Love, the Angels still on High wanted to give something, too. So they waited through the Heavens giving other stars an extra bit of glitter, that they might glow more brightly for this King of Kings. The Heavens seemed endless and the stars that shone that night, unnumbered. When they'd given all they had the Heavens glowed, except in one tiny spot there shone the faintest glimmer.

"Look!" one Angel cried. "We missed the littlest star."

"We have no glitter left," another whispered.

"But we have Love," another Angel said.

So the Angels gave the littlest star the Light of Love and loosened it from the sky.

As it drifted downward it saw the shadow of an old man shivering by the ashes of his fire. The littlest star dropped close, warming him with the Light of Love and whispering, "Follow yonder brightest star and find eternal warmth."

The littlest star shot onward, then, over sloping hills where a shepherd with his sheep knelt

gazing at the glorious Great Star. On it went, climbing rocky cliffs beyond the sloping hills. Within the shadows there it heard a cry. Among the jagged rocks a little lamb had fallen.

"Don't cry, little one," it comforted. "I'll find someone to help you." And shooting back above the hills it found, again, the shepherd kneeling in the brilliant glow. The littlest star dipped low and touched him lovingly.

The shepherd turned, counted his flock and listened, then arose and took his staff and set out toward the cliffs. Guided by a warm, strange light he found the lost lamb and carried it back to the fold.

On went the littlest star, past hills and plains, over rivers and lakes, until it saw the shadows of two soldiers fighting. Their clashing weapons made a din throughout the world. The littlest star dipped close and shed its loving glow upon the brutal weapons, making such a blinding flash the soldiers stopped their fight to shield their eyes. When the noise had died away they turned to one another.

"I heard of a Great Light," said one.

"Could yonder star be it?" the other cried.

"I'm but a little Light of Love," the littlest star replied. "But I can show you that Great Light leading to the Prince of Peace. Their weapons thrown aside, the soldiers followed the Light of Love from war's dark shadow to the glow of Bethlehem's Star. Many travelers followed the

Science Notebook

By Hans Klein

Scientists and philosophers alike have habitually searched for fundamental and basic principles. Alchemists looked for the philosopher's stone by means of which they could change common metals into gold. Or they looked for the elixir of life which would have been a cure for all their worldly ills and given them a long or even an infinite life span.

Philosophers probe into the meaning of existence and the nature of reality, but scientists have been more modest and apparently more successful. Chemistry that night. Kings and wise men, priests and prophets, scribes and peasants tending their gifts. Along the way two children hid and wept. The littlest star dipped close and whispered, "Why do you weep, dear children?"

"We want to see the Babe," they answered, "but we have no gift to give."

"Love is the greatest gift and you may have mine," the littlest star replied, giving them all its Love.

Now, the littlest star could hardly shine at all, but in the Great Star's glow they found their way. When they reached the stable the children entered while the faintest glimmer lingered near the door.

"We brought the gift of Love from the littlest star," said the children to the Angel near the cradle.

"I know," the Angel answered. "The Heavenly Father told us you'd be here."

And with a bit of brilliance from the glow about the Babe, the Angel touched the littlest star and whispered, "May the Light of Heavenly Love glow in you forevermore."

mist long ago discovered that all substances are made up of relatively few basic elements. Today we know there are approximately 100 chemical elements; the reason we say approximately is that man is now able to create new ones artificially. Biologists have found all living things, or almost all, to be made up of microscopic cells. But if we are to choose the most basic of all principles we must turn to physics. Our most basic of notions concerning the universe boil down to time and space, matter and motion. However, since motion is the interaction of matter and energy, we might say these are the essence of all things. It was once considered that matter and energy were distinctly separate. Two well established laws stated:

1. Energy cannot be created or destroyed.
2. Matter cannot be created or destroyed.

Today we realize that energy and matter, under certain circumstances, are interchangeable, but that the sum total of matter and energy can neither be created nor destroyed. Even the concept of matter itself has changed. Certain philosophers have stated that all elements are merely modifications of hydrogen. Actually, all elements are considered to be composed of three basic subatomic particles: protons, neutrons, and electrons. Since it is supposed that a neutron

is composed of a proton and an electron, then protons and electrons are basic for all matter. It is easier to say than to picture a proton as a positive electrical charge, and an electron as a negative electrical charge, but if these charges are bits of energy, then even matter itself is a manifestation of energy.

To be sure, there is a great deal of speculation concerning these basic particles which not only include the more definite protons and electrons, but also positrons, neutrinos, mesons, and other particles. Although matter is defined as that which has mass (sense as weight) and occupies space, it seems apparent from our present theories that matter is mostly empty space.

- ANSWERS
1. Deuterium oxide. Normal water is hydrogen oxide, but heavy water is formed from deuterium, a heavy isotope of hydrogen.
 2. Water. Water has the highest specific heat of the substances listed, from the lowest.
 3. A flow of electrons.
 4. An amoeba. A bacterium and a red blood corpuscle may be said to be composed of one cell, but they are not animals.
 5. Black. Since black is actually an absence of color, and with no light there would be no color reflected from the flag.

With Squadron

Navy Lt. (jg) Bernard J. Smith, son of Mrs. Bernard Smith of 34 Crescent Road, Springfield is serving with Fighter Squadron 14 at the Naval Auxiliary Air Station Cecil Field, Fla.

Since it returned from a six-month tour with the Sixth Fleet in the Mediterranean last August, the squadron has made two short operational cruises aboard the attack aircraft carrier USS Franklin D. Roosevelt.

Pack Meets, Holds Party

Springfield Cub Pack #73 combination meeting and Christmas party was held at the St. James Auditorium Wednesday night, December 13. The following new member was inducted into the pack, Paul Del Vecchio. The following members received their advancement awards as listed. Ronald Ferrara, Gary Grant, Peter Del Vecchio, Robie Hagenback, Ronald Porter, Hugh McKenna - one year service pins; David Bakanowski, 2nd year pins; Steven Sergi, Wolf badge; Charles Conradi, Denner; Arthur Veglia, ass't denner. "Santa" was on hand and passed out gifts to the pack members and their youthful guests.

Lilo In Meadowbrook Production Of "Of Can-Can"

Vivacious Lilo, recreating a role she made famous on Broadway, continues to wow audiences nightly in Cole Porter's hilarious comedy "Can-Can" now at the Meadowbrook Dinner Theatre, Route 23.

Star of stage, screen and nightclub, Lilo plays the role of La Mome Pistache to perfection. Her rendition of "I Love Paris" alone is worth the price of admission, but she gives out from start to finish with a performance which has been acclaimed one of the best by a star at the fabulous Meadowbrook.

While Lilo sings, dances and acts to the delight of audiences, she is given superb support by

Erik Rhodes, Daniel Ferrer, Joe Ross, Leonard Drum, Peter Bruni and ballerina Marcella Dodge. Miss Dodge acts the part of Claudine, the girl friend of a temperamental Bohemian artist. She wins outstanding recognition for her portrayal of Eve in the Garden of Eden Ballet. The red-haired dancing doll appeared in the Broadway version of "Can-Can" and also in Mainstem productions such as "Most Jappy Fella" and "Say Darling". Television audiences have seen her on many of the major shows including those of Arthur Murray, Ed Sullivan and Jerry Come. Choreographer Jack Beaber's staging of Miss Dodge's routines, those of the can-can numbers and the sensational Apache Dance contribute much to the success of the Meadowbrook's "Can-Can."

Lilo and the wonderful cast will conclude what has been one of the most artistic and financial successes in the Meadowbrook's dinner theatre history on New Year's Eve.

Jugtown At Mail

Jugtown Mountain Smokehouse, a firm synonymous with specialty and imported foods for many years, today opened a new shop on The Mall here.

More than 5,000 regular and specialty items will be stocked in the new 3,200 square foot shop, according to Hiram B. Ely, Jr., owner.

Among the featured foreign and domestic specialties are such items as honey from New Zealand, noodles from Hong Kong, Bombay Duck from India and wild rice from Minnesota.

The new shop also will stock a complete line of smoked meats as well as sucking pigs, crown roasts and filet mignon. A cheese counter of imported and choice domestic cheeses will be complemented by Jugtown's own three famous smoked cheeses, cheddar, longhorn and Swiss.

UCTI Plans New Courses

Two new evening courses are planned for the second semester by the Union County Technical Institute.

A first course in Ferrous Metallurgy is designed to help people working in steel fabrication, steel supply, heat treating, machining, tool making, etc. It will include metallurgy fundamentals, heat treating, grain structure and alloys. Both lecture and laboratory practice will be included in the class which will meet Tuesday evenings from 7:00 to 10:00 p.m.

A course in Structural Welding Detailing is designed primarily

for people in the steel fabricating business. Others in allied fields may attend. It will include production to welding, size of welds, strength of welds and connections. Both lectures and drafting board practice will be included in the class which will meet Monday evenings from 6:00 to 8:00 p.m.

For residents or workers of Union County a registration fee

WONDERS OF ALADDIN
and "HIPPODROME"
