Editorial Memos ..

The present Union County Register, James J. Delaney, is seeking re-election this year to that important office.

Those who understand the political smoke signals, from both the Democratic and Republican sides, freely admit that "Jim Delaney is a shoo-in for the office of Register again."

If unusual performance and an administrative ability really counted, Register Delaney might have been returned to that high county office by acclamation this year.

However, there happens to be a political rule, as American as apple pie, which permits others to become candidates for office no matter how well the incumbent has performed.

Both major political parties cling to that unwritten idea that there should be a candidate for every office. All of which means that Register Delaney's supporters will have to cast a ballot for him in the primaries as well as the general election if that county department is to continue its progress of modernization and efficient public service.

Commendation on how well Register Delaney has done his job isn't confined to Union County or his own political party. He has replaced a creaky, horse-and-buggy method of operation with a modern, push-button, electronic service. And he has done most of this without building up high budgets.

As a matter of record, he has confused and startled the budget makers, by reducing the amount of money increases his department needed each year without affecting the program of modernization.

The Elizabeth Daily Journal, in an editorial, stated that "The bright spot (in preparing a county budget) is the ability of one department to reduce its cost of operation... The reversal of the of deeds and mortgages, that he requires less--and everybody gets a pay rise!"

Dr. Edward J. Nolan, chairman of the Citizens Budget Committee of Union County, whose job it is to carefully study expenses of government, stated in a letter to Register Delaney, dated January 22, 1963, that "it is very gratifying to see a group such as yours take advantage of new methods and new techniques. May I extend to you sincere congratulations for a progressive program."

Register Delaney has done a face-lifting job in his department that has made the Union County office "the talk of the State" and representatives from all over have made the pilgrimage to Elizabeth to see "the miracle by Jim Delaney" in modernization, the best in service and still being able to save money.

Jim Delaney not only appears to have that fiscal know-how to go with his administrative ability but he forgets politics, absolutely in making the efficient services of the register's office available to everyone.

The Plainfield Courier-News, in an editorial, also wrote about Register Jim Delaney as follows:

"Politicians are prone to spend and spend with the careless cheerfulness that arises from the knowledge that it is either other people's money that they are distributing so lavishly.

"It, therefore, is a pleasant surprise that Union County Register James J. Delaney, of Scotch Plains, has cut his budget... The register is one Democrat who deserves the thanks of the citizens of Union County for his alertness in utilizing more efficient and less costly methods with the consequent saving for the taxpayer."

There is still considerable talk of organizing a united charity drive—a Red Feather campaign—instead of a fund raising door-bell-ringing—both every other week. Even people who want to give get a little tired of a different cause solicitation so close together. Here's a civic program for some leader or group of leaders.

Unusual advertising signs are intriguing. Ernie Nagel, proprietor of a meat market in Morris avenue, has this subtle legend on a placard in his window: "We trim our meats—not our customers." Which might not be original but it is to the point.

Highway Department Promises Framistan and Some Fortis With Very Little Summis On the Side

State Highway Department and Springfield officials met in Trenton a week ago Friday and heard a replay of Commissioner Dwight R. G. Palmer's favorite record entitled "Rt. 78 Bids To Be Let-Action Due in Less Than Month on Work In Springfield."

This same long-playing record was heard, "live" at a public meeting held in the Spring of 1962 when the Highway Department engineers told Township residents that "digging on the new highway would start in the Fall (1962) and you have only three months to get out of your homes."

"Negotiations on the right of way will start immediately," they told Springfield, "and we should be ready to award the contracts and start the job by September or October."

That was last year—1962. Mayor Arthur M. Falkin, Township Committeeman Philip Del Vecchio, and Township Engineer M. Kozub represented Springfield

in the recent conference with the Highway Department and were told that "bids for construction of the Federal Route 78 through Springfield would be let in about a month."

However, on Saturday, legal advertisements appeared in the Newark News and the Elizabeth Journal announcing that "two parcels on Tulip Road are being auctioned this morning (Thursday, March 28) at 10:30 a.m."

Springfield residents who might have vacant lots in the Township and who may be interested in purchasing these buildings from the highway department are not aware that the parcels are for sale. The successful bidder must remove the building from the land within ten days after the sale is concluded.

A New Providence man purchased one of these buildings recently and had to move at considerable expense and trouble to another community.

Announcement was made by the Highway Department that the first part of the construction program would be the building of the three bridges: one over Morris avenue and Salter street, another over the Rahway Valley railroad tracks at a relocated Claremont Place and the third at Shunpike Road.

The latter bridge is something new. The State Highway Department has been studying the Springfield problems for 10 or more years but "the bridge at Shunpike Road has been added."

The story has it that the quarry people would have some difficulties in hauling their stone, as well as being more expensive if the Highway Department carried out its original alignment at that point in Shunpike Road.

So, it is understood, the Highway Department plans to purchase some needed property from the quarry people, dig it out, construct a bridge to help the heavy truck loads of stone and THEN SELL THE LAND BACK TO THE QUARRY PEOPLE.

In other words, the quarry people need a bridge because the framistan and the fortis oil mixes with a little summis on the side. Springfield's representatives were concerned mostly with whether or not the highway construction would interfere with the municipal pool work now under way and the highway officials assured the Township officials that the bridge building job would not affect the building of the town swimming facility.

Another concern was the highway department plan for the relocation of Main street. Mayor Falkin presented Springfield's alternate plan for that section of the highway which is under consideration by Trenton.

Mr. Palmer's engineers would have relocated Main street by adding to the already aggravated traffic problem at the intersection of Morris, Springfield and Meisel avenues. The new route suggested by Springfield officials is intended to relieve that threatening traffic jam.

Details on the proposed relocation of Main street are not available but "there may be a roadway running parallel to Morris avenue and connecting with the relocated Main street to Springfield avenue," it was reported.

Ruby Lauds Swim Pool

Edward Ruby, Director of Recreation in Springfield, was questioned early this week regarding the coming swim pool. Ruby was asked specifically:—What influence, if any, will the Springfield Swim Pool exert on the present Recreation Program?

Ruby's initial reaction to this question was a large smile. He then pointed out that the entire summer recreation program will be centered around the pool. We will still have the playground programs we have had in the past, but the pool will be the big feature.

Our "Learn to Swim" program will be greatly expanded, Ruby stated. Each child will be given more individual attention. The novice will have beginner's instruction at his, or her, disposal. Those children who do swim will be given the benefit of experienced instructors to aid them in the further development of their skills.

Ruby also mentioned the proposed basketball, baseball and tennis facilities. When this entire area is developed as planned, Springfield will have a recreational facility second to none. Not only will the children and adults have game areas provided, but acreage that has been undeveloped will now present a beautiful setting for the people of Springfield.

In conclusion, Ruby praised the citizens in town who have been instrumental in making the pool a reality. It was only through their intense efforts that our recreation program will have such a tremendous addition this summer.

For the benefit of those townspeople who have not as yet returned their applications, the membership committee has extended the cut-off date for charter membership.

Sen. Williams, Whelan To Aid Delaney Bid

JAMES J. DELANEY, candidate for re-election as Register of Deeds and Mortgages of Union County, today announced that Edward L. Whelan and U.S. Senator Harrison A. Williams have consented to serve as co-campaign managers in his bid for re-election.

He said that he will sit down with the Senator and Whelan shortly and make extensive plans for his campaign.

Delaney stated that he will run strictly on his record.

P. O. Station No. 2 Location is Changed

Postmaster A.V. Del Vecchio announced today a change in location and contractor for the conduct of Station No. 2 of the Springfield post office, effective April 1, 1963.

Station No. 2 will be operated by Israel Silber, at his place of business, the Carol Lane Card and Gift Shop, located at the Echo Plaza Shopping Center. The hours for post office business will be 9:30 a.m. to 5 p.m. daily, and 9:30 to 12 M on Saturday. Mr. Silber replaces Mrs. Mary D. Lutz who operated Station No. 2 at the Country House, 785 Mountain Avenue.

Just a few minutes of your time today will mean weeks of enjoyment for your family in the future. Return your application at once, so that your family can get in the swim for 1963.

Needell Charges "Bossism" In Statement To Citizens

Stanley H. Needell, Democratic candidate for Assembly nomination on the ticket led by Assemblyman John J. Wilson, charged that "Tyranny Hall is using every tactic ever known to political bosses, while the boss-chosen candidates claim that the Democratic party is free."

Needell, speaking before a "Citizens for Needell" meeting Friday night, said that "while our opponents proclaim innocence of the 'bossism' charge, leaders of several local Democratic clubs, in the true spirit of bossism, have locked Wilson Line candidates out of their meetings."

"The 'machine' is brainwashing Democratic club members to vote blind in the primary election, and then hiding from them the charges leveled by the Wilson candidates," Needell said. "If there is truly no bossism in the Democratic Party, the 'leaders' would permit us to speak and then refute our charges."

"Bosses Are Undemocratic" Says Trocino In Statement

"Bosses are undemocratic," said Frank P. Trocino before an enthusiastic gathering of the Al Wrigley Association in Linden, last night. Trocino, an attorney from Elizabethtown, running for the State Assembly on the Wilson ticket stated that, "Every American citizen has the right and duty not only to choose between the Republican and Democratic candidate but to having a free choice within his own party. Otherwise, Democratic elections are a cruel hoax. The present Democratic organization refuses to allow the Democrats of this county a free choice of persons to represent them in the November election. Why is the organization afraid to allow this choice?" asked Trocino. "Is it because they know that, if given a free choice, Democrats of Union County will reject their hand-picked puppets?"

Shower for Miss Zidonik

Appoint 6 Teachers

Union County Regional Board of Education meeting March 19 at Governor Livingston Regional High School, Berkeley Heights, appointed six teachers for the 1963-64 school year.

Five of them, candidates for college degrees in June, will be paid \$5,000 each. The starting teachers include Thomas Baker of Emmaus, Pa. and Lawrence B. Samartin of Union both mathematics; Warren DeLeo of Belleville, science; Miss Jeannette Mika of Roselle Park, home economics, and James J. Denham of Kenilworth, English. Joseph L. Martino of East Orange was hired to teach science at \$5,400. He has taught two years in Clifford High School, East Orange.

Walter Hohn, science coordinator, a teacher with 26 years experience in the regional district, was granted a leave for June, with pay, to accept a National Science Foundation fellowship for a summer institute in chemistry at the New Mexico Highlands University.

George Barclay, assistant coordinator of science, was approved for a continuation of a leave of absence to accept an invitation to attend the eighth annual radiation biology summer institute for secondary teachers at the University of New Mexico from June 17 to Aug. 16. He will be given \$1,000 worth of electronic equipment to bring back to the regional district for classroom work in the field.

An offer of the Clark State Bank, to distribute miniature diploma to Arthur L. Johnson Regional High School graduates, was not accepted because of a tie vote.

Board member William J. Melick Jr. of Springfield was absent because of illness. The tie vote was 4-4. Members who dissented believed the offer would open the door to commercialism.

The board approved a request by Ohio State University to use the Johnson school for a testing program for the U.S. Armed Forces Institute to develop a series of achievement tests for several high school and college level courses.

At the request of Education Service, Princeton, the Johnson school was designated as a test center by the College Entrance Examination Board. The Gov. Livingston school already is such a center.

Springfield Center Mentioned by College President as "Disfigured by Route 78"

"The balance of nature must not be destroyed by hasty decisions in our inordinate worship of what we call progress" said Dr. Kenneth C. MacKay, President of Union Junior Col-

lege, Cranford in a speech before the Abraham Clark Chapter, Sons of the American Revolution on March 19th.

Dr. MacKay called upon historical, conservation, and nature groups to work with urban planners "to preserve the best things in our state."

"These efforts can be successful. Evidence of success were the reaction of the public to the proposal that the Great Swamp in Morris County be used for a jet port, the preservation of Island Beach, the restoration of Barnegat Light, and the development of a bird sanctuary at Stone Harbor", Dr. MacKay said.

The Cranford educator added there remains, however, some "critical areas" which might be lost to the bulldozer. He listed these as the Monmouth Battlefield, Washington's Headquarters in Morris County, the Morris Canal, and the "center of Springfield which might be disfigured by the State Highway Department's proposed Route 78."

Dr. MacKay urged the restoration of the Oxford furnace in Hunterdon County, which he said was "going to rack and ruin". He pointed out that this area provided much iron for the rebels in the Revolutionary War.

"We should exercise great care as we build highways in terms of preserving natural resources. We must resist the headlong slide into the dead level of split levels, hot dog stands, billboards, motels, and super-highways," Dr. MacKay said.

"New Jersey faces the grave danger of becoming one great slab of concrete connecting New York City and Washington" Dr. MacKay continued.

The speaker told the SAR's annual meeting that today's youth is too automobile oriented.

"The 50-mile hike idea is good in that it got people again interested in the pedestrian. I urge that we give the walker a chance to get away from noxious fumes and parking meters. New Jersey's license plates carry the label "Garden State". Let's not make a mockery of our label we proudly carry," Dr. MacKay said.

ed, effective in June. She is moving to Washington.

Another resignation accepted was from Eleanor J. Walker, commercial teacher in the district.

National State Bank Declares Dividend

The board of directors of The National State Bank of Newark has declared a regular quarterly dividend of \$.35 per share for the first quarter of 1963. The dividend is payable on April 1, 1963, to shareholders of record as of March 19, 1963.

This marks the 250th consecutive dividend declared by The National State Bank, which this year celebrates the 151st anniversary of its founding on June 1, 1812.

Thursday, Juice, hamburger on a roll, pickles, potato chips, peaches, milk.

Friday, Manicotti, tossed salad, chocolate pudding or fruit, peanut butter sandwich, milk.

The board granted permission to the Gov. Livingston school twirling team to enter a twirling contest to be held at Franklin Township High School March 30.

Approval was given to William Kolodinsky to serve on an evaluation committee for the Central Bucks County, Pa., High School March 27-29.

The board approved an application of the recreation commission of Berkeley Heights to use facilities at the Livingston school for a summer playground program, June 28 to Aug. 14.

Also approved was the Shackamaxon Country Club, Scotch Plains, as a place for junior proms and senior balls.

The resignation of Mrs. Ellen Goff, social studies teacher at the Johnson school was accepted.

Special Sales Days Start Today "Shoppers Prices" Thru. Mar. 30!

Today, Thursday March 28th and extending through Friday March 29th and Saturday March 30th, Springfield's merchants will conduct a series of Sales Days offering bargain prices on thousands of products now on their shelves.

"One of the many participating retailers was heard to say: 'Springfield cannot be undersold and we issue a challenge to every shopper to prove that they can purchase elsewhere any of the quality items we are placing on sale, at prices below what we are quoting.'"

Intensive preliminary work by the Merchants Committee of the Springfield Chamber of Commerce, essential to making these three Special Sales Days a big success, has been climaxed by greater activity the past several days with the distribution of window strips to all participating merchants.

More than 30 merchants, including some of the larger retail stores, are ready this Thursday morning to show Springfield folks plenty of real bargain buys in top grade merchandise at prices which will be a revelation in savings.

Stores offering these special buys will cut labor costs to give fine workmanship at rock-bottom prices, thus again offering savings to the public.

Coinciding with these Special Sales Days, and to keep residents of Springfield and vicinity informed just where to obtain these savings, 10,000 copies of a new "Springfield Shopper" will be mailed prior to the opening of the big merchandising event.

This 16-pager, prepared and distributed by the alert Springfield Chamber of Commerce, is the third of its kind ever cir-

culated by this organization and it is expected to be followed by other such publications in the future.

Members of the Springfield Chamber of Commerce are intent on making citizens of our community and surrounding towns conscious of the slogan: "SHOP IN SPRINGFIELD" enabling our loyal merchants, who are going all-out to offer quality goods at minimum prices, to demonstrate that shopping in Springfield, especially on Thursday March 28, Friday March 29, and Saturday March 30, can be a

pleasing and economical experience!

Saul Freeman, Executive Secretary of the Chamber of Commerce and a prime mover in the program being presented, feels that the interest now being displayed is long overdue and that if this interest is maintained and the merchants continue to give of their best, the slogan, "Shop in Springfield" will have real meaning. "Basically people are civic minded and would certainly rather support their own community in any endeavor" said Mr. Freeman.

Will Salesky, Chairman of the Merchants Committee, stated that "the effort being made is much more than just another sale. Small businesses during the last few years have found increasing competition to be a serious problem, making it imperative for the small shops to do even more to be able to hold up their end."

Springfield has been known for its activity in anything which concerns the good of the town and

Post Office Tests To be Held in April

Frank R. Erm, Executive Secretary of the Board of U.S. Civil Service Examiners has announced that tests for Substitute Clerk-Carrier positions will be held in April.

The tests are open to all Men and Women 17 years of age and over. However, appointments will not be made until you have reached your 18th birthday. Application card form 5000 AB and a descriptive brochure on the positions can be obtained at the local Post Office.

The times and places of the test are as follows:

community. My experience on the governing body has given to me a tremendous insight on the urgency of improving state revenues so badly needed for local school aid and the expenditures of capital funds for highways and institutions. The impact on the local property taxes is one of great concern to all of us, and especially for the elderly who must absorb this increased impact with limited resources and income."

Bonadies Opens Assembly Bid

Vincent J. Bonadies former Springfield Mayor and presently a member of the Township Committee today formally opened campaign headquarters in his bid for the Democratic nomination to the State Assembly.

The former mayor is presently serving in his ninth year on the Township Committee after having been elected to unprecedented third term to the governing body

He also has served as County Chairman of the Union County Retarded Childrens Association Fund Drive as well as local chairman of the Red Cross, Heart Fund and various other local drives at one time or another.

Bonadies is also a member of the Board of Directors and vice-president of the N.J. Travelers Aid Society and serves on the Audio-visual Committee of the National Association for Retarded Children.

Sometime ago having been a contender for the State Senatorial nomination, Bonadies was selected by the Union County Regular Democratic Organization screening committee to a spot on the assembly ticket.

The screening committee of the Regular Democratic Organization of Union County was composed of the ten Democratic Mayors of Union County as well as the Municipal Chairman of those communities not represented by a Mayor. The candidates selected to represent the organization on Primary Day April 16th were: State Senator, Assemblyman James Mc Gowan, Elizabeth; State Assembly (five) Vincent J. Bonadies, Springfield; Joseph Higgins, Elizabeth; Jerome Kreuger, Linden; George Woody, Roselle; and Mildred Barry Hughes, Union; Surrogate: Eugene Kirk, Elizabeth; Registrar: James Delaney, Scotch Plains; for Freeholder: Z. Swionowski, Linden; Arthur Fried, Westfield and Wally Mitchell, Roselle.

Addressing a large gathering, Bonadies in opening headquarters at his home stated: "I seek the office of State Assemblyman because I feel that this office will afford me the opportunity to continue my dedicated service to my community and the county in which we live. It further affords me the greater opportunity to apply the vast experience and knowledge gained during my nine years as an elected official of the

VINCENT J. BONADIES as a Democrat. Bonadies also served as Springfield's first Democratic Mayor for a period of three years from 1959 to 1961.

Recognized as a leader in the local and county Democratic Party, Bonadies has been an active civic and community leader. At present he serves as a member of the board of directors of the local Chamber of Commerce and as the State Motor Vehicle Agent. His primary activity is in the role of president of Bond Electronics Corp of Springfield.

Operation Up Date Orientation Corner BY.. The Springfield Bd. of Education

"Operation Up-Date", a program to bring much needed classroom space to the Springfield School System, was thoroughly planned and studied by the Administration and the Springfield Board of Education. Many hours were spent looking into every possible approach to the problems facing our school system, and the Board of Education completely supports the proposed improvements as the most economical method of satisfying the needs.

The Board has noted a growing shortage of space throughout our schools. The projected enroll-

Schools on a "temporary" basis. Sandmeier School is at capacity, and James Caldwell will also be short one classroom for the 1963-64 school year.

The Edward Walton School has all of its rooms in use, and almost all classes are filled to seat capacity.

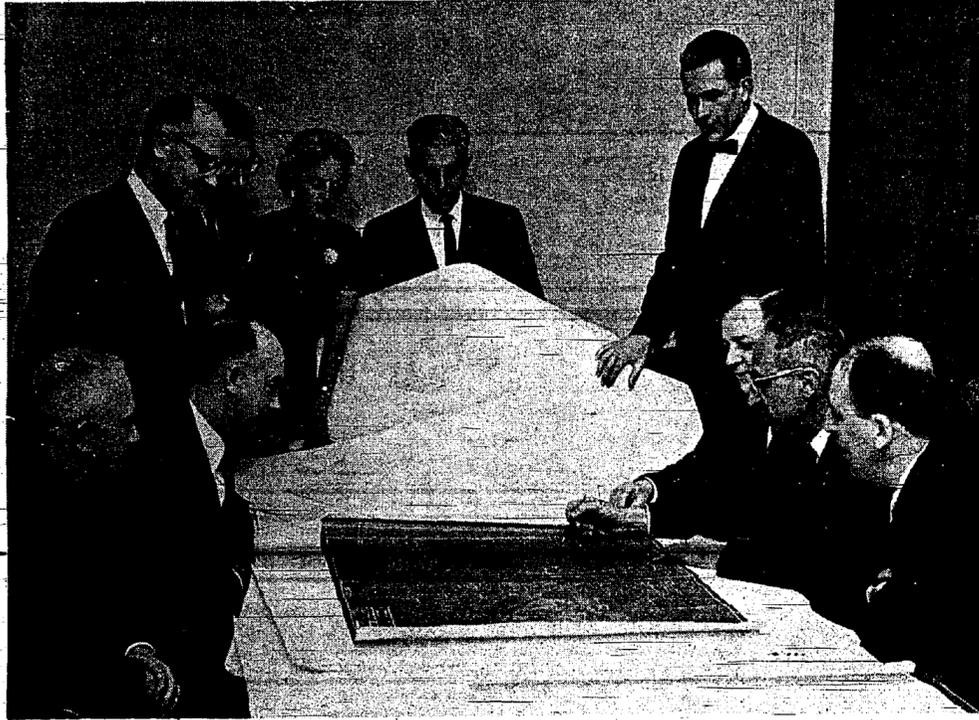

PROJECTED PLAN

The projected plan provides for the facilities required for the next five years, and includes ten classrooms at the F.M. Gaudineer School, eight additional classrooms at the Raymond Chisholm School, and two at the James Caldwell School, the latter being

who meet and evaluate the physical needs of our Educational System. Many committee meetings follow, as well as meetings with the entire Board to keep them apprised of the situation.

Such areas as pre-school surveys, mapping the entire township area by area for the school population (both present and predicted), drawing up a list of possible architects, interviewing them personally, and selecting the one who is best qualified to meet our needs, are discussed by the Board.

The requirements and desires of the Board and Administrators

MEMBERS OF THE SPRINGFIELD BOARD OF EDUCATION spent numerous hours carefully screening plans, sketches, drawings and proposals for proposed work on the Springfield schools. ment figures at Florence M. Gaudineer School show an "impossible" situation. That school, already shy five homerooms, can not accommodate the flow of students a few years hence on a one session basis.

The Raymond Chisholm School is operating one of its classes in a sub-standard basement room, only with the approval of the County Superintendent of

achieved by removal of the Board of Education offices, the Administrative offices, and the Special Services offices from the Caldwell School to a separate office building.

Board's recommendation will provide this community with the best geographic distribution of classroom space that would be possible. It will also provide for the utmost in flexibility, which is required to eliminate major redistricting as available land is developed. In the Board of Education's studied opinion, it will serve the needs of the community and the educational system best for the long term.

QUESTION ASKED

The question has been asked: "How does the Board decide on the plan to propose for a public referendum?" This can not be answered simply, since many steps must be taken. The first one originates with the School Administration and the School Advisory Committee of the Board

are then presented to the architect, who will then submit drawings of various proposals to the Board. These must then be evaluated, revamped, and approved. All such plans must also meet the approval of the County

Superintendent of Schools, as well as the State Board of Education.

Then, after almost two years work, and countless hours of meetings, the final, and perhaps most important step is taken by you, the public. That is to approve these modernizations and improvements at a public referendum.

BOARD INTERESTED

The Board is most interested in attending any organizational meeting to further explain the needs and answer all questions. You may make such arrangements by contacting Mr. August Caprio, President of the Springfield Board, Mr. Joseph Bender, Mrs. Lawrence Dorsky, or the Board of Education office at the James Caldwell School.

Candidates Night Set By Dem Club

The Springfield Democratic Club will hold a candidates meeting this coming Monday evening April 1 in the American Legion Hall, Trivet Street.

Invitations have been sent to "all Democratic organization candidates", according to Alex Blackman, President of the Springfield club and a great number of them have already accepted.

Louis Geitham, Democratic choice for the vacancy on the Township Committee, will be on hand to address the members of the club and greet the county candidates.

The program is scheduled to start at 8:30.

Twelve Donors Named Omitted from Report

The following donors were inadvertently omitted from the list of Red Cross Blood Donor Honor Roll recorded in last week's Springfield Sun: Sandy Smith, James Beffert, Lewis Molton, Robert Bock, Otto Granick, Len Kriegman, Alfred Rutz, Jerry Wright, Jack Holland, Len Murkin, Stuart Schwartz, and Thomas Geddes.

Henry S. Wright, Blood Program Chairman, expressed regret that these named were omitted through clerical error and extended appreciation to these donors who with the Honor Roll listed last week made the Red Cross Blood Program a success and the vital source for blood to the Township.

Wilson Line

The "WILSON LINE" of fully qualified candidates will be found on the Democratic ballot on April 16th on ROW D, above the official slogan "DEMOCRATS FOR OPEN PRIMARIES."

The fine array of able, loyal, hardworking Democrats will be led by Assemblyman Jack Wilson, now candidate for State Senator. With Jack, and in this order, will be the following candidates, all dedicated to the cause of fighting "Bossism" and "Tyranny Hall."

FOR STATE ASSEMBLY: "BOB" SULLIVAN, former President of the "Young Democrats of Union County" who resigned that post last week to enter the fight. **STANLEY NEEDELL**, Rahway attorney, son of that city's Magistrate, and of Sarah, also an attorney, and well known Democrat on the State and National level. **FRANK TROCINO, JR.**, an Elizabeth lawyer who made such a fine impression on everyone last year in handling Roy Wheeler's campaign among Elizabeth attorneys. **FRANK MERTZ**, of Summit, President of that town's Democratic Club. Frank is one of the Party's most promising young men. He is presently the Registrar of St. Peter's College in Jersey City. **MRS. GRACE LUBMAN** of Union, who is fast becoming recognized as the State's leading proponent of a "State Lottery" instead of new taxes. Grace has been active in labor circles and was Chairman of the Union County Blood Bank.

For Surrogate: JOHN T. SOJA of Elizabeth, an attorney with the firm of Soja & Wojcik. He is without a doubt the Democratic Party's strongest candidate for Surrogate in November. John is a Member of the "N. J. Tercentenary Committee" having been appointed to that important position by Governor Meyner. With his colleagues, candidate Soja is busily planning the New Jersey Building for the New York "World's Fair."

JOHN WILSON
For Register: **LESLIE J. CUNNINGHAM**, a C.P.A. with the firm of Cunningham and Cunningham in Elizabeth, is a Fordham graduate, President of Elizabeth's Third Ward Democratic Club, and among many other activities is the "Cub Master" of Pack 105 in that city's School #12.
FOR FREEHOLDERS: PLAINFIELD'S TOM O'BRIEN who was the first Democrat in more than half a century to serve as Director of the Board of Freeholders. His record of accomplishments as a Freeholder were "pushed aside" by Party "bosses" in selecting candidates, which lends support to the obvious that "organization" candidates were "picked" for political expediency, not for ability and experience.
LORRAINE LEWIS of Springfield, former member of the Union County Mental Health Board and Democratic Committeewoman, mother of two sons, Hunter graduate at 19. Her "womanly" touch will lend much to the Freeholder Board.
NICHOLAS SORIANO, a Second Ward Committeeman in Elizabeth. That City's only Freeholder candidate from either party, he is employed by Anheuser-Busch Inc. in Newark in the "Labor Control" Division. He is a delegate in Local #102, Clerical Workers, and is active in St. Mary's Parish affairs and AMVET matters.
Campaign Manager for the "WILSON LINE" is Freeholder Tom Dunn, selected by the candi-

dates to lead the fight against "Bossism" and to awaken the voters of the Democratic Party to the evils of the "Organization Line."
The "Organization Line" is the gimmick used by party "Bosses" to perpetuate in office "hand-picked" candidates. These candidates are given preferential ballot position, contrary to the intent of Primary Election Law. The only way to combat this device is to have independent Democratic candidates band together as a militant group on its own line in an attempt to meet "bossism" head-on. For the first time, a full slate of loyal, aggressive Democrats challenge the "Bosses" this year. These are candidates found on ROW D, the "WILSON LINE." If the "WILSON LINE" is not supported on April 16th, there is little chance that Democratic voters in Union County will ever again be afforded the opportunity of democratically selecting candidates of THEIR OWN CHOOSING. **LOOK WHAT HAPPENED TO SENATOR FOX IN ESSEX COUNTY!**
The "WILSON LINE" is a group that can win in April; it is a group that can win in November. Its "standard bearer," John J. Wilson has been a Member of the State Legislature for the past six years and has a record for enacting into law twice as many bills as his opponent. If ever a public servant deserved promotion to higher office, it's Jack Wilson. **THE "BOSSSES" WANT HIS OPPONENT IN TRENTON! THE QUESTION IS: "WHO DO YOU WANT?"**

Land Exchange Committee Named BY Regional Board

A committee was named March 19 by the Union County Regional Board of Education to study and report concerning a pending land exchange between the board and the State Highway Department. The action stems from the forthcoming building of New Jersey Route 78 and its effect on the Governor-Livingston Regional High School site in Berkeley Heights.

John A. Hopping, Springfield board member, chairman of the building and grounds committee, heads the committee. Other members are George T. Loman and Robert Powers, Berkeley Heights board representatives; Board Attorney Bernard Steiner; Superintendent Warren M. Davis; Architect Frederick A. Eisasser and Edmund Frey, superintendent of buildings and grounds.

Frey reported that plans for the new highway contain a proposal to exchange new property for the loss of more than 108 car parking facilities in the school's rear parking lot. The exchange area contains about three-quarters of an acre and is sufficient to park 123 cars. The state claims the lost parking area contains .54 of an acre. Frey contended this is only the paved area. He argued that the total lost to the Governor Livingston School is about 1.13 acres. He also said there is an additional loss of property east of the school.

Frey added that the proposed exchange area is west of and adjacent to the school site and is in the rear of a housing de-

velopment along the property lines of the dwellings. This area has a stand of large trees and underbrush, he said. Other value loss to the school, he said, included existing lighting facilities in the parking area and storm drains, catch basins, curbing and pavement.

Frey argued that if the exchange of properties goes through, he recommended that the land acquired should not be used for parking cars. In addition to the land exchange, he said he believes there should be a payment for the other losses. Existing trees should remain, he said, both for beauty to the site and a buffer to highway noise interference. He recommended an additional parking area from moneys received from the state.

AN AWFUL LOTTA STORES ARE KICKING OUT STAMPS

Reprinted from SUPERMARKET NEWS, MONDAY, MARCH 4, 1963

Acme Discards Stamps In Western New York State

BUFFALO Acme said it was abandoning stamps in favor of a "new spectacular low-priced policy." Affected are 42 Acme supermarkets in the Buffalo division. Acme claims that without stamps it now is able to offer "the lowest store wide prices in this area."

PROVING WHAT WE'VE KNOWN ALL ALONG: TRADING STAMPS RAISE PRICES AND CUSTOMERS ARE CATCHING ON!

AT GOOD DEAL YOU GET SUPER DISCOUNTS

ON OVER 2,000 NATIONALLY AVAILABLE ITEMS... AND YOU SAVE U. S. CURRENCY, REDEEMABLE ANYWHERE FOR ANYTHING!

***SAM AIDEKMAN (Good Deal's Country Boy) SAYS:**

"I see by the papers that a lot of supermarkets are sending trading stamps down the drain. Acme in the Buffalo area are the latest ones to wake up and stop adding the luxury of stamps into their customers' costs. Hooray! Hooray for those Buffalo housewives who now don't pay a stamp 'tax' when they buy food!

Say, you know how those ads are always telling you how 'valuable' stamps are? Well, when Acme discontinued stamps in Buffalo they told their customers what they could do with the stamps they had saved. One of the things was to redeem a full book of stamps for \$2. worth of groceries in their stores. That's right TWO BUCKS for a WHOLE FILLED BOOK OF STAMPS!

By the way, do you know HOW MUCH these housewives paid in the form of higher prices to get enough stamps to fill a book? Doesn't it make you SHUDDER?"

*Sam Aidekman is Good Deal's President, and the best friend a housewife ever had!

Red Cross Drive Needs Help

The Springfield Red Cross Drive for Funds and Members needs your help announced Robert G. Laurencelle, Drive chairman in a statement Monday. "Throughout March", stated Mr. Laurencelle, "neighborhood volunteers have been calling upon residents of Springfield for contributions to the Fund Drive and to solicit support for the local Red Cross Program. The district collections have shown good returns, but if Springfield is to meet its budget of \$6,900", Mr. Laurencelle continued, "every-one will have to give generously."

The total goal for 1963 was set at \$10,000 to enable the Springfield Red Cross Chapter to meet the budget and to increase its Headquarter space providing more efficient work room for the local Chapter volun-

teers in their service to the community. "Springfield is a growing spring and the local Red Cross endeavors to keep abreast of the community's needs. In order to be most effective", Mr. Laurencelle explained, "we count on the generous financial support of every citizen. If you have not yet been visited by a neighborhood volunteer, please mail your contribution to Springfield Chapter of American Red Cross, Springfield, N.J. Also as some of the residential districts have not yet been covered by the neighborhood canvas, you could help by giving an evening to help in this solicitation. Call Red Cross Headquarters, DR 6-1676 to offer assistance."

Over three fourths of the funds from the local Red Cross Drive remain in Springfield to support the work of our Chapter. The re-

mainder is proportionally divided to support the state and national levels of Red Cross work in disaster, welfare, military and veteran, nursing, and safety services. This is vital support for last year alone the New Jersey shore area was hit by what was called the Great Middle Atlantic Storm, but the Red Cross was ready to help the stricken. In the days that followed, the organization fed, clothed and sheltered nearly 20,000 persons from New York to North Carolina. And then, after the emergency, helped 3,277 families rebuild their lives. New Jersey was the hardest hit and required the most assistance. The aid given in the New Jersey shore area alone last March cost the Red Cross \$648,058, but the Red Cross WAS there. The Red Cross is always there...with your help.

Mr. Laurencelle praised the work of the neighborhood volunteer and the support given the Drive by the Professional and Industrial Business Groups. "These groups have contributed generously financially and have supported the Springfield Red Cross Chapter, its educational program, and participated in the Red Cross Blood Program", Mr. Laurencelle acknowledged.

Mr. Laurencelle concluded his statement with an encouraging note. "I am confident that the citizens of Springfield will get behind the Local Red Cross Drive, and where we lag now will push us over the top. The work of the Springfield Red Cross Chapter is done entirely by volunteer staff and volunteer workers who give generously of themselves, their time, and their finances to serve the community. It is only fitting that the rest of the Township give generously of their financial support to help these volunteers serve the community. I am sure that Springfield will come through with the backing to insure that our Red Cross can always be ready to serve."

Arthur A. Lamb

Arthur A. Lamb of 27 Rose Ave., Springfield, died March 21 in his home of an apparent heart attack. He was 62.

Born in Irvington, he had lived here 32 years. He was a self-employed dairyman and operated a milk delivery route here for the last 15 years. He had previously been a member of the township police department for 12 years. He was a charter member of Lodge No. 2004, B.P.O.E.

He leaves his wife, Mrs. Sophie Heinz Lamb; two daughters, Mrs. Irene Ogradnik and Mrs. Doris Terry, both of Lavalette; two brothers, Joseph and Robert, both of East Orange, and two sisters, Mrs. Helen Whitehead of Newark and Mrs. Mary O'Leary of East Orange.

Music Appreciation Group Has Session

A meeting of the Music Appreciation Group of Springfield was held last Saturday night at the home of Mr. and Mrs. Benjamin Slapin, Baltusrol Way. The program consisted of a piano recital by Stephen Sell, a senior at Rutgers University, New Brunswick, where is a music major student.

Mr. Sell presented the following program: Three Short Sonatas by Cimarosa; Valse Nobles et Sentimentales by Ravel; Sonata in E flat, opus 81a by Beethoven; and Sonata No. 3 by Hindemith.

Before enrolling at Rutgers, Mr. Sell attended the Jonathan Dayton Regional High School and was graduated from the Arthur L. Johnson Regional High School in Clark.

Springfield Board of Education

Explains Raymon Chisholm Proposal

Many interested citizens have asked the Springfield Board of Education to explain why the current proposal being submitted on "Operation Up-Date" public referendum includes expanding

the Raymond Chisholm School, whereas previous Boards have been unwilling to recommend expansion at this site.

The site of the Chisholm School property is considered by the State Board of Education as "undersized" for an elementary school. This is presently a ten classroom school, and on past occasions when school expansion was necessary, the surveys indicated need for eighteen classrooms. This would have made a twenty-eight room building, much too large for the site, and certainly too large to serve an area with reasonable walking distance of the school.

The current proposal which provides for building twelve classrooms in a two story building to replace the four room one-story section that was constructed in 1921, provided the key to the solution to this proposed plan. The new construction will use less than twice the area of the section being removed. Its effect on the available play area will be minimal, since it will occupy the area closest to the street, which is the least useful playground space.

The current proposal eliminates the need to acquire adjacent property for the purpose of building. This would be the next best solution to the problem the Board would have to face if a separate addition were built. That is the conformance to the State Board of Education law stating that the four room building be remodeled in accordance with the current "Schoolhouse Code".

The cost of doing this, and acquiring the additional property would be higher than the cost of demolishing the old section and replacing it. The Board of Education has recommended the more economical and most practical plan, which has the additional advantage of providing the most useful facility for the long term.

Mens Club Will Hear About Estates & Trusts

"Estates and Trusts" will be the topic presented at the monthly meeting of the Men's Club of the Springfield Presbyterian Church on Monday, April 1st, at the Presbyterian Parish House, at 8:00 p.m.

Walter McLaren, Vice President and Trust Officer of the National Newark and Essex Bank, will present this most informative and timely talk. Mr. McLaren will be representing the Essex County Chapter of the American Institute of Banking, and brings to this subject thirty-four years' experience in the field of banking.

The meeting will be presided over by Robert W. Halsey, President of the Men's Club, and Richard Hetzel, Program Chairman, will introduce Mr. McLaren.

Grossman Rites

Funeral services were held in Red Bank yesterday for Mr. and Mrs. William Grossman of New Shrewsbury, formerly of Union, who were killed March 17 when their private plane crashed into Long Island Sound near Milford, Conn. The Grossman's twin - engine craft had plunged into the water minutes after takeoff from Bridgeport airport. They were en route to Colt's Neck Airport of which Grossman was part owner. His brother, Carl Grossman, is a resident of Springfield.

KNOW YOUR LIBRARY

Mrs. Joseph A. Bender Is Trustee; Secretary Of Library Board Here

Mrs. Joseph A. Bender, a Trustee of the Springfield Free Public Library, has been Secretary of the Library Board since October, 1959, and is currently chairman of the Policy committee.

The Library Board of Trustees is made up of seven members. Five are officially appointed by the Mayor of Springfield. The Mayor and the Superintendent of the Springfield Public Schools are ex-official members of this body.

As an appointed trustee, Mrs. Bender has a number of responsibilities. It is the duty of the trustee to formulate the philosophy for the local library. Mrs. Bender views the library as "a dynamic force in the life of the community and is, above all, a center to disseminate educational material for all interested citizens. It is the obligation of the library to be objective in serving this valuable information."

"Besides the wealth of information contained within the library of a specific educational nature", she continued, "the library must also serve the interests of the general public."

"Entertaining fiction, information for hobbyists, and a large periodical department are just a few of the ways in which the library serves the needs of Springfield," says Mrs. Bender.

"The meeting room in the library building is used by a number of groups. As such, the library can be a focal point in the cultural life of the town. Much of the public record is held by the library, including a great deal of material dealing with the historical heritage of colonial Springfield."

Mrs. Bender is proud of the ethical responsibility her position requires of her in the name of those who support the Library. As a member of the Library Board she is familiar with the Bill of Rights of the American Library Association.

"It is her civic responsibility" she says to guarantee the right of all individuals in the township to use the services of the Free Public Library.

"The Library is obliged to present as broad a prospective of ideas as possible concerning the multitude of problems of our times."

In her nine years as a resident in Springfield, Mrs. Bender has been President of the Walton School PTA and is past president of the Springfield Council of PTA's.

She was Co-chairman of the American Cancer Society in Springfield and a member of the Board of Managers of the

TEEN TALK

by Edie Bell

The class of 1966 held their first annual cake sale on Thursday, March 21 in the cafeteria at Regional. The freshman all worked very hard to make the sale the great success it was. They would like to thank the student body for its cooperation.

On Friday night, March 22 the Danton News Dance was held in the Girl's Gym at Regional. It proved to be a highly enjoyable evening for everyone who attended. Music was provided by the "Wanderers" and the highlight of the evening was the crowning of the four class queens; Sandi Geiger (freshman), Terri Chomer (Sophomore), Patti Feller (Junior), and Helene Rau (Senior).

Congratulations to Rod Green of Springfield who has been accepted at Wittenberg College and Glen Thomas of Kenilworth who has been accepted at Lafayette. If you have any news please call me at DR 9-2919.

Kit Smythe Plays Peggy In 'Come Blow Your Horn'

Kit Smythe, who played the part of Peggy in the Broadway production of "Come Blow Your Horn", will arrive at the Paper Mill Playhouse Tuesday March 26, to play Peggy again. She is replacing Ann Wedgeworth, who has other commitments.

Miss Smythe, a twenty one year old redhead from Milwaukee, Wisconsin, made her stage debut in summer theaters in Connecticut.

She went on to roles in "Where's Charley?", "Brigadoon", "Damm Yankees" and several other musicals. In addition to her work on stage, she makes night club appearances in such places as the Virgin

Islands and Greenwich Village's "Showplace". While performing in Palm Beach, the "Come Blow Your Horn" producers saw her and gave her the important role of Peggy in the Broadway production.

"Come Blow Your Horn", starring Menasha Skulnik and featuring Mae Questel, will continue at the Paper Mill through Sunday evening, April 7.

Womans Club to Hold 'Country Auction Plus'

Plans have been completed for the "Country Auction" Plus a project of the Ways and Means Department of the Springfield Woman's Club to be held at the Legion Hall on Friday evening March 29, from seven till ten o'clock. The affair is under the able chairmanship of Mrs. Conrad Keller.

Some of the highlights of the evening will be the auctioning of many interesting items, including a sewing machine and bicycle by the charming auctioneer, Mrs. Robert Buffington, president of the Springfield Woman's Club.

Some of the other interesting events of the evening will be a sale of delicious cakes baked by members of the American Home Department. A sale of Spring bonnets by members of the Drama Department, pictures by the Art Department and Easter Table decorations made by the sub juniors and other interesting table decorations made by the members of the Garden Department.

For an evening of fun plan to attend the "Country Auction" Plus!

RE-VIEWING THE PAST

By Don Palmer

The following article, covering the development of telephone service in this vicinity, was written for this column by Howard W. Wiseman, President of the Springfield Historical Society. It is quite logical for him to be interested in the subject, as his father, Frederick A. Wiseman, was associated with A.T. & T. for 43 years and was Assistant Treasurer of that Corporation prior to his death, in 1952. Howard's great-uncle was the first "boy operator", on night duty, in Asbury Park. Last summer, at a country auction in Vermont, Howard acquired a magneto-type telephone, like the one described in his article, and this added to his interest. Instruments of this kind were still in use in rural sections of Northern New England until about 1950.

TELEPHONE HISTORY By Howard W. Wiseman

In these days, when it is possible to "dial" coast to coast, connect with foreign countries and even with ocean liners, it may be difficult for members of the younger generation to believe that at the turn of the century the telephone was still a rather crude means of communication, used by a very small percentage of the population.

Invented by Alexander Graham Bell, with assists by a number of other electrical wizards of the day, including Thomas Edison, it was first exhibited to the public at the World's Fair of 1876 and was known as "Bell's Electric Speaking Telephone". Regarded as a scientific miracle, even those men active in promoting its use by the public could not have dreamed of the important part it plays in the life of today.

However, they lost no time in getting it under way and in 1880 there were three telephone exchanges in operation in New York City, owned by the Bell Telephone Company, the Law Telegraph Company and the Gold and Stock Telephone Company, each with a slightly different technical system. Before the end of that year, the exchanges of the Gold and Stock Company and of the Bell Company had been purchased by the Metropolitan Telephone and Telegraph Company and consolidated, under the management of the Bell organization.

The use of the telephone, at first chiefly for business purposes, soon began to spread to the surrounding metropolitan area. Persons desiring to avail themselves of this means of communication subscribed to certain conditions, which required, among other things, the payment of a monthly rental and the observance of the rules of the company. Men were then sent out from the central office to the subscriber's premises to locate and remedy the trouble.

In 1884, the first small switchboard was installed at the same location, to serve 9 subscribers, according to the February 20, 1884, directory. It was a megaphone-type switchboard, with a single operator, and was in a room about ten feet square, reached by walking through the office occupied by Dr. Campbell and Dr. Stamford. In addition to the switchboard, there was a public telephone in a booth.

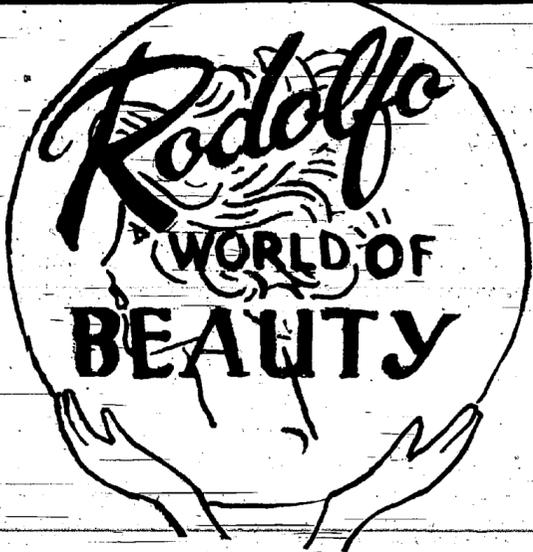

The first operator at this switchboard was Miss Mary Walsh, with the drug clerk, Jimmie Hand, serving as relief operator. Other early operators were: Miss Rose Hand, Miss May DeVoe (later Mrs. Joseph Luby, of Newark), Miss Margaret Geddis (later Mrs. Charles J. Wittkop, of Short Hills), and Miss Rachael Snow, who became Millburn's first Chief Operator. At night, the switchboard was operated by a boy. Probably the first night operator was Joseph Coan, of Short Hills. Other boy operators were Lew Howard, of Springfield; Charles P. Loper; Harvey Young; Angelo George and Robert W. Romaine, who later became an official of the D.L. & W. Railroad Co. To pass away the night hours, the boys would frequently stage impromptu concerts over the wire for other boys (and girls) in near-by exchanges, by bringing phonographs into the office and putting on a program of records.

When the subscriber turned the crank on his telephone, it caused a small shutter on the switchboard to fall and indicate the number assigned to his line. The operator would note which "drop" had fallen and "plug in" to find out what number he was calling. She would then make the connection, place a little lever operated like a miniature automobile gear-shift, in the right position to ring the desired party, A, B, F, or I, and turn a small crank to ring the subscriber's bell.

As the following list shows, there were still, in 1899, only thirty-two telephones in Millburn and Springfield combined, twelve of these being pay stations:

Presbyterian Couples Beth Ahm Plans Program Pauline C. Boublis Mountain Avenue Business Men Meet Slaging a "Bunny Hop" For Passover Holiday

An evening of dancing and entertainment is being planned by the Fireside Group, the Couples' Club of the First Presbyterian Church, Springfield, for Saturday, April 6th.

"The Bunny Hop" is the name of the theme of the annual dance which will be held in the Presbyterian Parish House. Robert A. Isley is chairing the dance and is coordinating the many activities involved in producing this evening of sociability and entertainment.

The musical talents and abilities of members of the group are being used in putting together the various acts of entertainment which will highlight the evening. Other members are busily engaged in preparing the decorations which will set the mood for the dance. Refreshments will be on sale during intermission. Tickets at \$1.00 per person are available through members of the Fireside Group.

...offers varied recreational advantages

In New Jersey there are 800 lakes and 1400 miles of trout streams. Each year, New Jersey waters are stocked with 750,000 rainbow, brown and brook trout, bass and perch. Deep sea and surf fishing off the Jersey coast is well-known. There are thousands of acres of well-stocked public and private hunting grounds. Rabbits, pheasants and deer are most plentiful. For duck hunters, there

are 132 miles of coastal lands for their use while lovers of nature can choose from 23 state parks and 12 state forests with 182,000 acres in which to roam.

Recreational opportunities make living more fun and New Jersey most certainly offers a great variety of things to do. When you know New Jersey, you know it's great!

Republican Club Host to Card Party

Last night at the expanded Legion Hall facilities, the Springfield Republican Club was host to the most successful card party in recent history. Almost 200 people attended at 40 tables of everything from Majong to 500 rummy.

County candidates were present including Bill Koonz, republican candidate for township committee. More than 60 prizes from local merchants were awarded and someone from each table took home a potted plant.

Will Take Part In Coaches Confab

Stan Wnek of 118 Irwin St., Springfield, will take part in the New Jersey Interscholastic Coaches Association Conference. This twelfth annual coaches Spring athletic conference will be at Rutgers University in New Brunswick on March 29 and 30.

Mr. Wnek, head baseball coach at Irvington High School, will take part in the baseball section at the conference. His topic will be, "Training the High School Catcher".

Former coach at Montclair State College before coming to Irvington, he is starting his 10th year at Irvington, and seeking his 100th win at the High School. To date his teams have compiled 98 victories.

Change in Dayton RHS Coaching Staff

All of a sudden a change has taken place in the Springfield Regional winter sports department. As of next year Dayton will have a new head basketball and wrestling coach. Replacing Herb Palmer as wrestling mentor will be two-time State champion Jerry Sachs, while Ray Yanchus has been appointed to succeed John Swedish as the Regional Cage leader.

Yanchus, a graduate of Wilkes-Barre High, and Wilkes College, Pennsylvania, will become varsity coach after three years of Freshman and junior varsity supervision at Springfield. He has a rich background in athletics, having played football, basketball and baseball in both college and the service. Football was always his bread and butter sport, and he was co-captain and quarterback of his college eleven during his senior year.

Filling the vacated junior varsity coaching position will be former All-State game star Tom Santaguida. Santaguida was Frost coach for the past two seasons, and his former spot will be filled by John Palfi, the Regional varsity soccer coach.

Jerry Sachs will replace Herb Palmer after three seasons as assistant wrestling coach. Sachs had a fantastic wrestling career, compiling a meet record of 31-0 at Springfield, before climbing to a 29-0-1 mark at Notre Dame. After losing the County finals in his Sophomore year by a 2-1 decision,

Sachs gained championship honors in his Junior year by defeating the defending 106 pound champion by a 7-3 score. In his senior year he gained the 106 lb. title by way of a 1-0 overtime victory.

Departing will be Palmer, the Regional Athletic Director, after eight winning seasons as wrestling coach. Palmer's best season was 1959-'60 when his grapplers compiled an 8-4 record. It was also in this winter that he came closest to having a State champ under him. Ron Lucariello advanced to the finals, only to lose on a referee's decision in overtime.

Assisting Coach Sachs next year will be Gerry Vinella, also a graduate of Dayton Regional.

YALE DEFEATS PRINCETON 46-37 TO GAIN IVY LEAGUE CROWN

The Springfield Recreation Commission completed all play in the Ivy basketball league last Monday night, with Yale capturing the double elimination Championship series by trim-

ming Princeton 46-37 in the finale. Ronnie Azarawicz and Bob Belliveau provided the drive and rebounding to control both backboards, with Ronnie coming up with his finest game of the campaign, tossing home 24 points, Belliveau netting 10, his steady influence a great value to the winners.

The game was marred by a

sharp cut to the eye brow of Mike Catapano late in the second quarter which prevented the Princeton forward which sidelined him for the balance of the game. Joe Cohen and Richie Cohn scored the bulk of the Princeton points, with Catapano scoring 8 before leaving the game. Little Richie Campbell did a great job of ball handling and feeding and should become a standout cager.

Those who witnessed last Saturday's semi final game between Harvard and Princeton were impressed with the team effort by both clubs, with Princeton coming up with their top effort of the campaign to nip the Cardinals 35-33. Joe Buccci, Ritchie Campbell and Catapano were the sparks for the Princeton five, with Freddie Vollherbst tossing home three set shots in the big third quarter for the winners.

Sheehan, Besch and Lester were outstanding in defeat for Harvard.

Regional Baseball Gets Under Way 5th

The situation is simple. Two veteran catchers and the three starting pitchers are back. The entire infield is back. One outfielder is back, and there are four fleet boys battling it out for the other two positions. The team compiled a 12-10 mark last year. The question is, just how good is the Dayton Regional base-

SPRINGFIELD JUNIOR BASEBALL LEAGUE TRYOUTS

The Springfield Junior Baseball League Tryouts for ALL boys 9 to 14 will be held Saturday, March 30 at the Meisel Ave. Field starting at 9 a.m.

All boys except those boys who were on a team in the Youths Majors or Babe Ruth Majors must attend the tryouts.

Any boy old enough to play Babe Ruth who played in the Youth Leagues last year must have a tryout.

Anyone attending the tryouts must have his application card and a baseball glove.

PISTONS NIP BILLIKENS 13-11 TO CAPTURE CALDWELL SCHOOL SMALL-FRY TITLE

The Springfield Recreation Commission rung down the curtain on the 1963 Small-Fry Basketball activity last Saturday with the Pistons nipping the Billikens in the title game, the score 13-11.

In the semi final game the Pistons eliminated the Aggies in a well played game, with Meisel, Buccci and Campbell the standouts of the 13-10 win. Danny D'Andrea was the whole works for the Aggies, netting 8 of the 10 Aggie total.

In the championship finale it was Buccci, Campbell and Pressing who sparked the Pistons to victory over the Billikens, with Janukowicz the top performer for the losing Bills. The score of the big game was 13-11, with the victors getting the slim margin of victory by outscoring the losers in the final canto 7-5.

RAIDERS COME FROM BEHIND TO CAPTURE SANDMEIR SCHOOL SMALL-FRY CHAMPIONSHIP

The Raiders captured the Springfield Recreation Commission "Small-Fry" basketball championship of the Thelma Sandmeir School last Saturday afternoon, the score 11-10, with the winners staging a rally in the final stanza to nip a fighting Brown team.

Jeff Morris stole the ball and made the winning basket to emerge the hero in this showdown contest. Other standouts for the winners were Sal Mucario and Keith Brownlie. The Browns had an 8-5 lead in a tense struggle and looked like the winner, only to have the Raiders rally to win by a single point. Fred Gold, Vic Sarokin and Richie Deutsch played exceptionally well and should prove to be standouts in the State League next winter.

Carol Stamping Moves Up In Springfield Sports

In the Springfield Sports League, Carol Stamping moved to within 1/2 game of League leading Conte's Deli, Ray Ayres and Wes, Eick had a good series in leading their team to a three-game sweep over the league leaders.

Milton's going strong the past few weeks, won all three from a slipping V.F.W. team.

Bond Electronics won two from Sams Amoco to stay in fourth place.

Colantone's team had to roll their best, and won 2 games from the P.B.A. The P.B.A. had over 930 team score in all games.

200 Scores follow:
E. Gartner 211, 201, E. Mertz 202, R. Ayres 203, A. Mutschler 213, E. Schaffer 200.

only shutout victory last year, have a full year's experience behind them, and will be hurling to the same catchers as last season, Joe DiMario and Rich Sevrin.

The outfield is the only place where Regional was hurt by graduation, but Urquhart, Rahnenfuhrer, Bellon and Jeff Anderson will give Coach Jasinski the pleasant problem of trying to fill the vacated center and rightfield slots.

BUTCH BELL, senior at Jonathan Dayton Regional is seeking to nail down the third-base job for the Bulldogs.

ball team?

On April 5th, Coach Ed Jasinski and ten returning lettermen will take the field against Westfield at the Meisel Avenue Field, in an attempt to capture Regional's first Watchung Conference title. Springfield has good hitting (Danny Mascaro, Steve Berger, Jack Apgar), good power (Joe DiMario, Butch Bell), good speed (Ron Urquhart, Bob Rahnenfuhrer), good fielding (Denny Francis, Larry Bellon) and good pitching (Bill Kretzer, Frank Monticello, Richie Bittle). How good the team is combined is only to be seen.

Dayton has a long road ahead, 19 regular season games, the Union County tournament, and possibly the States and Greater Newark Tournament. The Bulldogs have, as you can guess, a team that has worked together in the past. The double play combo of Apgar - to - Berger - to - Francis is experienced and effective. Kretzer, the leading pitcher for Regional last year with a 6-3 mark, Monticello and Bittle, the holder of Regional's
