

2 Local Subdivision Applications Listed As Minor By Planners

Two applications were classified as minor subdivisions by Springfield Planning Board at its regular monthly meeting Thursday, May 2, in Municipal Building.

The application of Union County Industrial Park for classification making three lots out of a horseshoe piece of property on Fardem Road was designated as a minor subdivision by the board. Frank Cardinal appeared on behalf of the applicant. The proposal was in conjunction with the establishment of the Plumrose plant at that location. The application was classified subject to the submission of certain maps.

Application of John J. Lombardi of 201 Baltusrol Road seeking to subdivide property in that street so that he might build a new house for himself and also change some dimensions of adjoining lots was classified as a minor subdivision.

The board's attention was called to the Board of Chosen Freeholders' recent resolution urging Union county municipal

bodies to restrict and supervise auto junk yards as soon as possible. The Springfield board noted that junk yards per se have been a prohibitive use since the zoning ordinance was revised in 1955 and added that the auto yard on the highway is a non-conforming use pre-dating the revised ordinance. The board concluded that essentially, the township is long ahead of this request with junk yards a prohibited use under the ordinance.

Board Chairman Donald Rotwein reported that Allen Dresner of the Candeb Fleissig concern, Newark master planners engaged by Springfield, has advised him that in the new Summit master plan none of the existing uses along the borderline (of Springfield) changes as far as he knows.

Planning Board Attorney David Zurav reported that he and Springfield Township Attorney James Cawley are working together compiling recommendations made for amendments to the zoning ordinance.

ROUTE 78 "CLEARANCE SALE" IS SCHEDULED TODAY AT TULIP RD.

Another "clearance" sale has been scheduled for today at 11 A.M. by the State Highway Department in an effort to sell off seven residences and another parcel of land on Tulip Road, Clairmont Place and Bryant Avenue at public auction. The sale which will be held at 40 Tulip Road, is another in the series of efforts to clear the way for Route 78 construction through Springfield.

The Highway Department, when contacted in Trenton, was vague as to just when the bids for construction will be awarded. A department spokesman advised that bids will be awarded "shortly", allegedly meaning either "late spring or early summer".

The dwellings in question, which will be put "on the block" by a department auctioneer, include a split-level house at 40 Tulip Road, four one and a half story dwellings at 141, 135 and 119 Clairmont Place and at 227 Bryant Avenue.

At the last sale, one bid was

received which was rejected by the State.

The sites must be cleared for the construction of Route 78 in the vicinity of the presently congested Route 24 (Morris Turnpike and Morris Avenue). According to Highway Department reports, this area will be the first area east of Amundale in which construction is slated. Priority was awarded the area in order to alleviate the congested traffic situation here. Route 78 construction in the western part of the state has been completed already, in an area from Phillipsburg east of Union Township.

Sale of the dwellings and land is set according to legal procedures outlined by the Highway Department which requires a 25 percent deposit at the time of the sale and payment of the balance within three days after notice of acceptance of the bid is received from the State.

The law requires purchasers to remove the dwellings within 10 days, demolish the existing

foundation and fill in the area with suitable fill.

In the event the dwellings are not sold, the state has the option to either demolish the dwellings or letting a demolition contract, according to the Department spokesman.

To date, right of way acquisition has been proceeding in the Springfield area, but design of the highway has been delayed until settlement of the proposed alignment through Newark, according to the reports. Approximately \$8 million dollars is earmarked for the acquisition of right-of-way in the Springfield area.

IT'S DEFINITE!

Six "no smoking" signs have been recently tacked on the walls of the council chamber in Municipal Building, Springfield. The warnings in red letters on a yellow background have been neatly mounted and framed in uniform size.

Dog Training At Evergreen Lodge For Past 10 Years, Says Township Sanitarian

Dog training at Evergreen Lodge has been going on for the past 10 years or more according to the findings of township sanitarian, Arthur L. Marshall of Springfield.

The Springfield sanitarian thus informed Building Inspector Otto E. Fessler in an official letter dated May 6. The building inspector had brought the matter to the attention of the sanitarian and had asked him to investigate. It is understood that the sanitarian will also report on the matter to Springfield Board of Health.

In the letter to Mr. Fessler, Mr. Marshall wrote:

"The dog obedient training school at Evergreen Lodge on Evergreen Avenue is run inside the dance hall by the Town & Country Trainers. A man by the name of Weinacker is the head of the concern.

"Mr. Brescia, the lessee of the tavern said the dog training has been in progress ever since Frank Bulger trained dogs there. He said he has leased the tavern for the last 10 years and the training has gone on ever since.

"The training classes are every Monday night from 7 p.m. to 9 p.m. and disinfected mats are put down for the dogs to walk on. They start training the dogs the second week in September and continue until the first Monday in June of each year.

"The first Monday in June is the time he signs up for the year."

It was pointed out by a municipal official that if the activity were in existence before the revised zoning laws were adopted

April 13, 1955, it would be considered a non-conforming use and would not be in violation of the zoning statutes.

The lodge has an application before the municipal officials for permission to erect a shell at the location, which is in a residential zone. Evergreen Lodge is owned by the United Singers and leased to James Brescia, proprietor of the tavern business there.

Civic Group Forming To Oppose Variance

Local residents are organizing a Civic Committee to take action against the application of the United Singers of Newark for a non-conforming variance at Evergreen Lodge. This variance calls for the addition of a singing shell to the lodge. The group will hold its first meeting tonight at 8:30 at the home of Irwin Bross, 65 Evergreen Ave., Springfield, for the purpose of planning procedures.

At the last Township meeting, held April 23, a three hour public hearing was held concerning this variance application and it was decided by the Township Committee to refer the proposal back to the Board of Adjustment for further study at its next meeting to be held on May 21. At the meeting Mayor Arthur M. Falkin allowed Mr. Bross the final statement of the evening which made clear Bross' opposition to the granting of the variance and his willingness to take further action to prevent its being passed. Approximately 50 residents from the lodge area were present at the meeting.

WILLIAM G. CHIRGOTIS, well-known Springfield architect is shown with the statue of Harry S. Truman, former President of the U.S., which will be dedicated in Athens, Greece on May 29. The memorial, which was designed by Chirgotis and sculpted by Fesix D. Weldon of Washington, D.C., will recognize the economic and military aid given Truman during Truman's term in office. The honors were bestowed on Truman by the Supreme Board of Trustees of the Order of Ahepa (American Hellenic Educational Progressive Association) which raised the money for and built the statue. The dedication day will be a national holiday in Greece, homeland of Chirgotis and will be attended by numerous dignitaries including Mr. Truman, his family and King Paul and Queen Frederika of Greece. The Chirgotis family will leave for Greece on May 25.

BOARD ANSWERS QUESTIONS!

The Board of Education is grateful to the Springfield Sun for its editorial in last week's paper. This editorial reiterated questions concerning the referendum which the Board members have been publicizing and answering with every means at their disposal. Many of these subjects have been discussed in articles printed in the Springfield Sun. Practically all of the information concerning the basis for the proposal has been published in a "Fact Sheet" and widely distributed to the citizens of our community. In addition the Board has sponsored public meetings and have requested an audience with any and all groups which would take the time to listen to an explanation of the proposal. To these people, the Board of Education extends their gratitude for their interest and patience. All of this was done for the sole purpose of informing the public -- providing accurate information -- so that the voters can decide for themselves whether the proposal as recommended by the Board of Education is the best possible solution to our problems.

The program of public education in this country has been the major sustaining force of what we frequently refer to as "Our Heritage." It has set this nation apart from all others and has provided to it the highest standard of living and the greatest freedom of man. Your Board of Education, along with thousands like it across the country, is striving to maintain this position by providing the necessary educational services to a rapidly expanding population.

In preparing the current proposal "Operation Up-Date" your Board of Education has set forth two major questions as their criteria for judgment. They are: (1) What is the actual need for school facilities required to house our student body and satisfy our curriculum for the next five years? (2) What is the most economical means of achieving this result consistent with good planning and still adhere to the requirements of the State Department of Education?

Your Board of Education has been studying these problems for over a year and one-half and when the final solution was set forth EVERY MEMBER OF YOUR BOARD AGREED that the proposal fulfilled the criteria established and that it should be placed before the voters on a referendum.

QUESTIONS ANSWERED

The following are the answers to the questions relating to the referendum that appeared in the Springfield Sun editorial. The questions are restated exactly as asked and the answers follow:

QUESTION: According to figures compiled by some taxpayers in Springfield, the cost per taxpayer on an assessment of \$8,000 at \$5,117.09 per tax point represents an increase of 25 points. At this rate our figures reveal an approximate cost of \$20,00 as opposed to the board's figures of \$16.80. Who is right?

ANSWER: The taxpayer or taxpayers who asked this question were not aware of the schedule on which the bonds are to be amortized and they also neglected to take into account the change in ratables which will occur before the "peak" year in which the Board forecast a cost of \$16.80. The calculation of costs was made by the Board's auditors, F. J. Stefany & Co. (They are also the auditors for the Township of Springfield.) The responsibility of their position requires them to be conservative. Their figure is \$16.80.

QUESTION: "The school board says the capacity of Gaudineer School is 600. Some citizens say it is 700. Who is right?"

ANSWER: The Gaudineer School has 22 legitimate home rooms in it not counting special service rooms such as shops, home economics, library, cafeteria, etc., at an average class size of 27 (which means some classes will be well over 30). This provides for 22 x 27 or 594 students. The school now contains 723 students. The housing of 723 students has been accomplished by using facilities which should not be used, including maintaining two classes in the cafeteria simultaneously. Furthermore, the special service rooms including the cafeteria, library, gymnasium, etc. were designed to service a school population of approximately 500.

What's going to happen when the school population will be 860 in 1966 and 900 in 1968? Did somebody say capacity? Or did they mean ability to adequately house and educate in the immediate future.

QUESTION: "The school board says the capacity of the Chisholm School is 239. Some citizens say it is 275. Which figure is accurate?"

ANSWER: The school board has never said the capacity of the Chisholm School is 239. The board said the current enrollment is 239. The capacity can be figured as follows: 1 kindergarten at 2 shifts of 25 and 9 classes at 25 (which is almost impossible when you have 9 rooms for 5 grades and each child must be in his or her proper grade) gives you a theoretical total of 275.

The Chisholm School addition is planned to have an optimum capacity of 450 students. If the Chisholm addition were available right now it would contain 398 students in accordance with the proposed

restrictions.

QUESTION: "If they didn't tear down part of the Chisholm School would they need a new boiler room?"

ANSWER: In a report submitted in November 1961, the Board's heating consultant recommended the installation of a second boiler in an outside boiler room for this school. This recommendation is based on the age of the present equipment, its probable service life and its location.

During the past year the Board has doubled up on some of the safety devices to give added protection.

If the Chisholm School were expanded by any means a new boiler room would be required.

QUESTION: "At the budget hearing in January, the Board was asked, 'What expansion is being planned?', and the answer was 'nothing specific.' Were the plans in the county superintendent's office at this time?"

ANSWER: The budget hearing referred to took place on Tuesday, January 15, 1963. On Friday, January 11th, the original proposal was presented for the first time to Dr. West, the County Superintendent of Schools and to Dr. Spare, School Plant Planning Consultant of the State Department of Education at a meeting in Trenton. On January 18th, three days after the public budget hearing the official letter of rejection outlining the inadequacies was forwarded from the State Department of Education to the Board's architects.

The statement "nothing specific" is completely non-factual. Quite to the contrary -- at four specific times during the public hearing the Board made reference to funds included in this budget in connection with a pending school expansion program and a public referendum.

The items included:

1. Legal costs in connection with the pending referendum.
2. Printing and miscellaneous costs incident to the referendum.
3. Costs of renting outside space to house students dislodged by the construction program.
4. Possible costs of transporting students to and from such rented quarters.

The board representative who presented the budget made it very clear that by law the monies for this purpose must come from the operating budget covering the period in which the expense will be incurred and since they were planning a school expansion to be presented to the public shortly, the funds must be included in this budget.

When asked what the specific plans were that the referendum would cover, the board representative explained that since those plans were not approved as yet it would not be proper to disclose them.

Informal approval of these plans was attained when they were resubmitted on February 18, 1963 and formal approval was forwarded from Trenton on February 28, 1963.

QUESTION: "Is it true that the Board has continuously maintained that the Chisholm School could not be expanded and that the Board changed districts with Sandmeier; hired an architect at NO FEE and has had private meetings to plan expansion?"

ANSWER: The Board has never maintained that Chisholm could not be expanded. It has maintained, however, that the size of the site limits and the practical size of the school and in the case of the time when the Sandmeier School was being planned the requirement for 18 additional classrooms ruled out the Chisholm site. This would have made Chisholm a 28 room school with a potential student body of approximately 750. This would place a school the size of Gaudineer or larger on the Chisholm site.

Your Board of Education has the responsibility of planning to fulfill school facility requirements and to present these plans to the public for approval.

The architects selected for this project have an operating history with the Springfield Board of Education for over 37 years. They have been engaged for the architectural services on this project at the standard fee of 6%. However, they agreed that this obligation would not be incurred until the referendum was approved and that they would prepare the preliminary plans for presentation to the State Department and public at no cost to the Board.

The problems of the school facility has been the subject of special Board meetings, committee meetings, and individual discussions with the school administrative personnel to the extent of perhaps over 100 such occasions. This is the responsibility of your Board.

QUESTION: "Is it really necessary to spend that much money or is it just a 'folly' for unknown reasons? We would like to know too."

ANSWER: Can you think of any reason why your Board members are willing to give up their home lives and part of their business lives in order to perpetrate a "folly for unknown reasons"?

Right now there are 2226 good reasons why Springfield must maintain a good school system and there will be 250 more reasons added to this during the next five years. Each reason represents one child.

QUESTION: "Oh yes, and what about the Board's 'House and Gas Station' on the Harenberg property? Wasn't that supposed to be the 'new administration building' which is part of the Sandmeier School property?"

ANSWER: The Board of Education owns the property on which the Harenberg house and gas station is located. The Board was required to purchase this property as part of the parcel on which the Sandmeier School is located since this was the only manner by which Mr. Harenberg would sell the property. The agreement also provided that Mr. Harenberg (now aged 75) could use the gas station and house for his own purposes until his retirement.

Consideration had been given by previous boards to the eventual use of the one family house as an office building. However, a survey of this building indicates that not only is it much too small for this purpose, with rooms poorly arranged for this use, it isn't even structurally suitable and the money that would have to be spent to rebuild it would be in excess of its useful value.

Furthermore, the citizens of this community can consider themselves fortunate in owning this property since it is the only means by which the Board can definitely prevent the gas station which is located directly in front of this school and alongside the main access drive to the building from being expanded into a full-fledged modern service station which would become a major hazard to the school children walking to and from this school.

Your Board of Education has conscientiously expended their efforts to place all of the facts concerning this proposal accurately before the public.

Letters To Editor

Dear Sir:

The members of the Springfield Board of Education respectfully submit the following thoughts on referendum "Up-Date."

Our motive is: to build school rooms in the proper location so they may best serve the interest of the taxpayers and the needs of the school children.

Our motive is: to provide adequate school facilities for the youth of our community; facilities in which they may be permitted to grow, learn and mature into those citizens who will be capable of guarding and furthering the democratic ideals of our country.

Our motive is: to provide classroom space for the five floating classes that exist in the Gaudineer School.

Our motive is: to remove all classes from the Gaudineer School cafeteria so the cafeteria may be used for the purpose for which it was designed rather than for classroom instruction.

Our motive is: to remove all homeroom classes from the Gaudineer School library so that the library may be free to circulate books to the children at all times during the school day.

Our motive is: to provide classroom space in the Gaudineer School for the children who are now enrolled in our lower grade schools. Space is not available for them at this time.

Our motive is: to provide school rooms for the pre-school children in the lower grade schools. Space is not available for them at this time.

Our motive is: to provide classroom space for children now receiving their education in sub-standard basement facilities in the lower grade schools.

Our motive and responsibility is: to thoroughly study, plan and present to the voters of our community a proposal that meets the needs of our community and one that meets with the approval of the New Jersey State Department of Education.

Our motive is: to fulfill the rights of children, for the child is the heart of the school and our hope for the future. The Springfield Board of Education

Chirgotis In Greece With Truman Memorial, Dedication On May 29

William G. Chirgotis, Springfield architect, well-known throughout the metropolitan area, helping to weld another link in the chain of friendship between the United States and Greece. His work in connection with a memorial in honor of former President Harry S. Truman will culminate at the dedication service on May 29 in his native Greece. The high Hellenic honor is tendered Mr. Truman in recognition of the economic and

military aid given Greece after World War II during his term of office.

Mr. Chirgotis is a member of the Supreme Board of Trustees of the Order of Ahepa (American Hellenic Educational Progressive Association), which raised the money and built the memorial.

He, himself, designed the memorial and also served as treasurer of the fund raising committee for the project un-

derway the past 18 months, it cost \$100,000.

The Greek government allocated the site. In January, Mr. Chirgotis visited Athens for 20 days to make the site selection. At that time, he had an audience with King Paul and Queen Frederika and Prime Minister Karamanlis.

The 25 foot memorial includes a bronze statue of Mr. Truman, which is 12 feet in height and weighs 3 1/2 tons, and a tablet on each side of the statue with one written in Greek and the other in English, and a reflecting pool in front.

The statue depicts Mr. Truman as a man of determination, holding the Truman Doctrine in his right hand. Sculptor for the statue was Felix de Weldon of Washington, D.C. The project was crated at a Brooklyn foundry Monday and will be shipped on the S.S. Queen Frederika Saturday, May 11, to arrive in Athens May 23rd.

Day of dedication, May 29th, is to be a national holiday in Greece, Mr. Chirgotis said. A parade is scheduled to precede the 2 p.m. dedication ceremony and a reception is to follow it. A banquet commemorating the occasion will be held that night at the Athens Hilton Hotel with the king and queen and prime minister in attendance.

The official TWA plane of dignitaries, including members of the Chirgotis family, will leave Idlewild Airport Saturday, May 25. Mr. Truman has confirmed his plans to participate and it is expected other plane passengers will also include Mrs. Bess Truman, Mrs. Margaret Truman Daniels, Clifford Daniels, the two Daniels children, General Vaughn, who was Mr. Truman's military aide; the Greek Ambassador to the United States, His Excellency Alexander Marzas in Washington, and Archbishop Iakovos of the Greek Orthodox Church of North and South America.

Mr. Chirgotis' party will consist of his wife, Jean, also born in Greece, and his 20-year old daughter, Wilma. Two other

daughters, Annette, 18, is attending Summit High School and Christine, 16, is in Summit Jr. High.

Recently Mr. Chirgotis has had many experiences which he treasures and among them is a dinner engagement in New York City he was privileged to have with U.S. Ambassador to the United Nations, Adlai Stevenson.

On the local scene, designs of the architect - who started out in life as a civil engineer but switched to architect because the former was "too dry" - include Springfield's Municipal Building as well as several other municipal structures.

His offices have been in Springfield the past six years, first on Morris Avenue and now in a new, modern building at 37 Mountain Avenue, which also serves as a rental office for the General Greene Village apartments built and owned by Mr. Chirgotis.

A resident of Summit for 51 1/2 years, he resides with his family at 12 Canterbury Lane. He previously lived for nine years on Short Hills Avenue in Springfield. Mr. Chirgotis was born December 23, 1910, in a suburb of Athens and was brought to this country by his parents when he was two. He studied at Pratt Institute, Brooklyn, and New York University. His business has grown to a staff of 16 and he, himself, is in semi-retirement with time for travel.

This will be his third trip to Greece: he and his wife first returned there two years ago as tourists and he surprised her by taking her on her birthday to the home in which she was born.

Armchair Tour Taken By Tri-Ep Girls Altar & Rosary Society Plan Banquets

Members of the Altar and Rosary Society, at a meeting in the St. James Church, Springfield took an armchair tour of New Jersey - from Cape May to High Point State Park.

With the aid of slide pictures and a map, Frank P. Sullivan, public relations supervisor for New Jersey Bell Telephone Company, spoke on "New Jersey - Know Your State."

Describing New Jersey as a place "where the historic past meets the progressive future," Mr. Sullivan mentioned many of the memorable battles of the Revolutionary War fought on New Jersey soil. He reminded the group that America's first manufacturing center was established on the banks of the Passaic River in Paterson.

Mr. Sullivan said that today New Jersey ranks among the productive giants in the United States. Although only four states are smaller in area, New Jersey ranks first in the nation in value of farm income per acre, first in production of chemicals, and third in production of apparel.

Community Chorus Plans 2nd Series

The Summit Community Chorus announces the second annual series of Spring Sings. All those who enjoy singing are invited to spend an evening with the chorus and guest conductors performing well known works. On May 13, Hugh Ross of the Schola Cantorum will conduct The Seasons by Haydn; May 20, the chorus' new conductor, Mark Orton, will conduct Mozart's Requiem Mass; music for the May 27 Sing, led by Ralph Hunter, will be announced at a later date. The Sings will begin at 8:00 p.m. each Monday evening at the Summit YMCA.

Three Mother-daughter banquets planned by Summit YWCA Tri-Ep girls in sophomore, junior, and senior classes of Summit Berkeley Heights and New Providence high schools have been scheduled for May.

The first banquet, for senior class girls and their mothers, was held on Tuesday evening, May 7 at the Summit YWCA. In addition to the dinner, a panel of mothers, daughters and club advisers discussed "What We are Thinking," comparing thought patterns and attitudes in different age groups.

Junior Tri-Eps will hold their banquet on Tuesday, May 14, at 6:30 p.m. Singing and a take-off on the television show "To Tell the Truth," a search for the "real" mother and the "real" daughter, will be highlights of the evening.

On Thursday, May 16, at 6:30 p.m., the Sophomore Tri-Ep Banquet will take over the YWCA's auditorium. The particular feature of the evening will be skits about how mothers and daughters act "When the Boys Come."

Tri-Eps clubs, an activity of the Y-Teen program at the YWCA, have a membership of 500 girls from Summit, Berkeley Heights, New Providence, and Mountainside. The clubs, which stress the three E's of Education, social Ease, and community Effort, are open to all girls in the sophomore, junior, and senior classes of the local high schools.

B'nai B'rith Hold Card Party

Springfield Lodge B'nai B'rith will hold its regular monthly meeting on May 13th at Temple Beth Ahm at 8:30 p.m. The program for the meeting will be a card party. All members and their friends are invited to attend. Harvey Feldman will preside.

PTA Spring Fair Has Circus Theme

Saturday, May 11 promises to be a big day for parents, youngsters, and teenagers of Mountainside. The annual P.T.A. spring affair, which this year will have the circus as its theme, will get underway at Deerfield School at 12:00 noon. One of the featured attractions will be the drawing of caricatures by Mr. Harry Devlin, who is a nationally known artist. This will be a rare opportunity for guests at the circus to have themselves or their children sketched by a famous and talented artist for a nominal fee.

The annual baking contest will be judged this year by three well known gourmets: Charlie Brackbill, Roger Thwing, and Irving Bross. There will also be a contest in the handicraft field, which is a new innovation. Ribbons will be awarded to the prize winning aprons which have been made by local women especially for this occasion. If you are looking for things to plant in your gardens this spring, you will want to pay a visit to the plant stand which will be well stocked with a variety of vegetables and flowers. Customers wanting tomatoe plants will have to be on hand early, as these always go first.

The refreshment stand will be well stocked with delicious food. Plan on having lunch and spending the afternoon with the family at the circus.

GIRL SCOUT DRIVE EXTENDED ONE WEEK

Springfield Girl Scout Fund Drive, which is currently in progress has been extended for one more week to enable the host of workers to properly cover the entire Town.

Encouraging reports are being turned in by the District Captains, but Mrs. Philip Del Vecchio,

Chairman of the Drive, feels that more time is needed before a true picture of the results can be given.

The Fund Drive has a goal of \$4,000.00, and the Committee is certain that much more must be done to achieve that goal.

Sisterhood Planning Donor-Dinner

The Sisterhood of Temple Beth Ahm of Springfield, will celebrate a most successful year of cultural, social and fund-raising activities at its seventh annual Donor-Dinner. This gala affair will be held at Temple Beth Ahm on Wednesday evening, May 15, 1963. The program will include a cocktail hour, dinner and entertainment at which approximately 200 members and their guests will be present.

The Donor Committee includes the following members: Co-chairmen, Mrs. Harry Wernischer and Mrs. Sidney J. Stein, who are in charge of all arrangements; Mrs. Lee Lichter, donor credits chairman, and Mrs. Ben Grau, Mrs. Sol Rekon and Mrs. Arthur Goldman, who are handling reservations.

Evening Groups Plans Spring Fashion Show

The Evening Group of the First Presbyterian Church of Springfield will present their annual Spring Fashion Show on Wednesday evening, May 15th, in the Parish House on Main Street.

The clothes will be modeled by members of the Evening Group, selected by the Chairman, Mrs. Adele Hettinger. Refreshments will be served after the show by Mrs. Sisum, Chairman of the Hospitality Committee. Tickets are available from members of the group, or at the Parish House. Donation will be \$1.00

Certificates Given For Hospital Course

A training course for "Volunteer Friendly Visitors" sponsored by the New Jersey State Department of Health, Division of Chronic Illness Control, in cooperation with the Extension Division of Rutgers University was given at the John E. Runnells Hospital for Chest Diseases, Berkeley Heights.

The fourteen hour course given on the past two Saturdays was the first such course to be given in the County. The two subject crammed days were well attended. Approximately 30 persons received certificates at a short graduation ceremony held at the Hospital. Freeholder Mary C. Kanane, a member of the State Committee of Volunteer Friendly Visitors, was the County Coordinator for the course.

Dr. Eugene Nargiello, Superintendent and Medical Director, commends those who at this early stage of the program have been so cited. He explained the term "Volunteer Friendly Visitors" in this manner: "Many persons who cannot devote the necessary time to become a full-fledged Volunteer, find great comfort in visiting with the shut-in patients from time to time. This is a good morale factor for the patient and a beneficial community service performed by our ever-thoughtful citizens."

Drop Outs Discussed At Junior High Conference

High School programs for encouraging potential drop-outs to remain in school and receive a worthwhile education, were presented in detail at the thirty-sixth National Conference on junior high schools. This conference, held during the last week of April at New York University, was attended by junior high school educators from all parts of the nation.

Dr. Donald Merachnik, director of special services for the Regional schools, gave a general description of the programs in effect, followed by specific examples. He told for example, of a boy who is a senior this year, who in his first and second years in high school was constantly on the edge of dropping out or getting into school and community difficulty. His identification and enrollment in one of Regional's several special programs has so changed his

outlook that his part-time employer is sending him to a

special high-level technical school in off-school hours.

Foothill Club Elects Officers

Election of officers of the newly formed Foothill Club took place at the regular monthly meeting held at the Mountainside Inn, Thursday, May 2. The first slate of officers, which were elected by one unanimous ballot, to hold office in the fast growing club are as follows: president, Mrs. Donald Lugannan; vice-president, Mrs. David Mitchell; recording secretary, Mrs. Stephen Bumble; corresponding secretary, Mrs. Walter Bishop; treasurer, Mrs. Edmund Stawick; directors, Mrs. Frank Tritschler, Mrs. Walter Degenhardt, and Mrs. Howard Messner. Mrs. Tritschler will serve as hostess chairman, Mrs. Degenhardt as membership chairman, Mrs. Messner as telephone chairman.

been a delightful discussion and demonstration on the making of party sandwiches by "Raymond" of Raymond's Restaurant and Catering Service, 109 North Ave., Westfield. Much information on this art was given to the members and as an added treat they were able to sample the tasty sandwiches.

Mrs. Frank Tritschler accepted in behalf of her daughter, Mrs. James Holcombe, an award in honor of her naming the "Foothill-Club". The gift is that of her first year's membership in the club.

Mesdames Albert Daniels, Miles Goodrich and Henry Hummel became members at the well attended meeting. Any information desired on membership will be given by Mrs. Walter Degenhardt of 1436 Woodacres Dr.

Protect your lawn from grubs & insects!

Agrico INSECT CONTROL with FERTILIZER

Now is the time to protect your lawn against the ravages of the root feeding grubs of the Japanese and June Beetles, and the Rose Chafer. Seasonal rains help work the pesticide deep into the soil to destroy these pests. Agrico Insect Control with Fertilizer also kills Wireworms, Sod Webworms and other soil insects that feed on grass stems. The fertilizer content helps to revive grass vitality and color. Apply Agrico Insect Control this week.

Kill broadleaf weeds the easy way!

Agrico WEED CONTROL with FERTILIZER

Broadleaf weeds compete with and will crowd out desirable lawn grasses. Kill them in early growth with Agrico Weed Control with Fertilizer. The herbicide content destroys Plantain, Dandelion, Buckhorn, Shepherds Purse and other broadleaf weeds. The fertilizer, formulated with slow-acting nitrogen, encourages grass to fill in bare spots left by dying weeds-gives the entire lawn a lift. Be sure Agrico Weed Control is in your lawn maintenance program.

CHECK TERMITE DAMAGE

Every year at this time, homeowners find winged insects that suddenly fly out and then drop their wings and crawl all around. These insects are termites and indicate that there are thousands of other termites still eating the house causing further destruction to the wood of the house. The cost of repairs far exceeds the cost of treatment and goes higher with delay.

SCIENCE NOTEBOOK

by HANS KLEIN

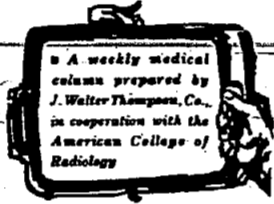

UNION COUNTY REGIONAL HIGH SCHOOLS

From the beginning of history men have experimented with concoctions which influence the action of the mind in one way or another. Aldous Huxley's interest in mind-changing drugs led him to say that millions of people learned to place the craving for ethyl alcohol and opiates above that of love of God, of home, of children, and even of life. To Huxley the enslavement to drugs is a paradox and a mystery.

There seems to be no common motive. Professor Roger Williams of the University of Texas found that even among rats some are born to be drunkards, and others to be absolute teetotalers.

PICTURE OF HEALTH

Just as drugs differ in the degree to which they can enslave, so do people differ in their susceptibility to enslavement. Whether people begin addiction as an escape from physical or mental pain, for the sake of sociability, or merely as blind imitation, the general pattern is toward increased dependency.

William James suggests a metaphysical aspect of drug or alcohol addiction in that it simulates a mystic state. The trance-like phase first produced in the addict may be outwardly degrading, but to the addict he has escaped the prison of his individuality.

Modern man, surrounded by human multitudes, feels more alone and unattached than his forefathers. A rapidly changing environment makes him insecure; he is isolated in a world of keen competition. Unconsciously, everyone senses everyone else's loneliness. Alcohol, for some people, gives a respite from the pressure of loneliness and tension, for others, tranquilizers. The sale of tranquilizing drugs has become phenomenal, but sooner or later we must find they only mask our inadequacies.

- Science Quiz:**
1. Can drug-like stimulation be attained by physical means?
 2. Why did the Aztecs worship the bitter cactus tops called peyotl?
 3. The word "assassin" is derived from the name of what drug?
 4. Why are distilled liquors expensive?

Answers:

1. Ascetics seem to achieve it. Experiments with electrical stimulation of the talmus apparently produces a state of euphoria.
2. Concoctions made from epyoty produced hallucinations considered to be religious visions.

3. From hashish, also called marijuana.
4. Mostly due to taxes. The ethyl alcohol in a fifth of whiskey can be manufactured for less than a dime.

Pythian Lodge Is Installed

The officers of the newly formed Suburban Lodge #177, Knights of Pythias were installed at the American Legion Hall, Springfield on Wednesday May 1st. Chancellor Commander Lawrence Burger, Vice Chancellor Robert Kuzweil, Prelate Joseph Barnett, Master of Works Louis R. Harrison, Master at Arms Phillip B. Cummis, Emer Guard Stan Leeb, Outer Guard Robert Greenhill, Recording Secretary Shelley Kaplan, Financial Secretary Mark L. Krivit, Treasurer Sid Berkeley.

Suburban Lodge meets the first and third wednesdays of the month.

Their first annual Dinner Dance will be held at the Springfield Steak House on Route 22, Friday May 24th.

DNA Holds 51st Annual Meeting

Dr. Miriam Sachs, district State Health Officer of the Metropolitan State Health District outlined the extension of home care program at the 51st annual meeting of the District Nursing Association of Westfield and Mountainside held on April 30 at the Baptist Church, Westfield. The organized, coordinate programs, centrally administered, must provide with ease comprehensive services of medical, nursing and, in its broadest term, social work. With such coordinated services life in the home is happier for both the family and the patient. Qualified medical care is the key to the whole new idea.

Hospitals are reorganizing their facilities with sections for intensive care of the acutely ill and are also providing self-care sections for patients not well enough to go home, but able to help themselves under the watchful eye of the medical staff. For many patients not ill enough for hospital care, it is often emotionally and psychologically better that they return to their homes to be cared for by the coordinated home care extension plans which are a community responsibility.

Mrs. Ricketson Russell, president of the District Nursing Association board of directors, presided at the meeting. A report of the year's activities and action by the board and its committees was given by Mrs. George Leslie, recording secretary. Miss Edith Umbrecht, director-supervisor of the United Fund agency, outlined its many nursing services and programs.

Following the meeting, tea was served by Mrs. Judson T. Pierson and her hospitably committee.

Pastor Messerschmidt To Attend Meeting

Pastor Lester Messerschmidt of Holy Cross Lutheran Church, Springfield, will leave Monday, May 13, for a two day meeting of the New Jersey State Lutheran Pastoral Conference at The Inn, Buck Hill Falls, Pa.

Pastor Messerschmidt is Secretary of the group which is composed of 72 New Jersey clergymen of the Lutheran Church-Missouri Synod.

"The Lutheran Minister's Self-Image" is the title of the essay to be presented to the Conference by Professor Ross Scherer of Valparaiso University.

The Rev. Karl Graesser, president of the Atlantic District of the Lutheran Church-Missouri Synod will report on District and Synodical matters. The Rev. Victor Albers, Executive Secretary of Missions of the Atlantic District will tell about missions recently opened or about to be opened in the near future. The Executive Secretary of Stewardship of the Atlantic District, the Rev. Louis Meyer, will emphasize the Spiritual Life Mission, contemplated for the Fall and the "Faith Forward" plan of the Missouri Synod. Time will also be given for reports of all the various committees of the State Conference. Of special interest will be the plans developed by the Publicity Committee for the State Tercentennial in 1964.

The Rev. Clarence Golisch, director of Bethesda Lutheran Home for Mentally Retarded at Watertown, Wis., will speak on the problem of meeting the needs of the mentally retarded in New Jersey.

Preceding the sessions a fellowship banquet is planned for the pastors and their wives on Monday evening, May 13.

Special Bible Study sessions have been arranged for the wives of the pastors. These will be led by Philip Worthington, Dean of the Lutheran Bible Institute of Teaneck.

Walton School Planning Annual Spring Festival

Here are just a few of the outstanding features which will be seen at the Edward V. Walton School in Springfield this Saturday between 12:00 and 4:00 p.m.:

At the Refreshment Stand, Mrs. M. Cooper and Mrs. M. Parish will be pleased to take your lunch chore off your hands. Top grand franks, delicious hamburgers, soda, coffee and doughnuts will be served all day.

Our Handicraft Booth is under the able supervision of Mrs. W. Smith. Many elegant hand-made items will be perfect for gifts. Remember, Mother's Day is the next day!

Our Flower Booth with lovely geraniums will be ready to serve you. Mrs. R. Moore, Chairman, will be happy to help you pick a lovely flower for your mother.

Mrs. S. Weiss is in charge of the Pantry Shelf. We're sure you'll want to sample some of the cherished recipes of the P.T.A. contributors of cakes, cookies and pies.

Of course, we'll have the White Elephant Booth again this year under the direction of Mrs. H. Bernstein. Come and browse awhile. We will have an assortment of items to tickle your fancy.

Mr. and Mrs. O. Granick and Mr. and Mrs. M. Kaplan are our Ticket Chairmen. Ticket Sellers will be seated at card tables at various locations on the school grounds. Tickets will be necessary for all activities except handicraft, white elephant and flowers.

Don't look now, but it will probably be your own flesh and blood whooping and hollering! Our make-up chairman Mrs. A. Levine and her cohorts will adorn our younger set in Indian make-up. All wash-offable, of course. Or, the unusual number of fashion plate models can be blamed on this particular group too!—The unusual number of models seen on the grounds will certainly make the parents more aware of the talents among our younger set too!

So many games are planned, we had to have two chairmen—Mrs. A. Miller and Mrs. R. Urban. They are planning a gala afternoon of fun for all of us. There will be pistol shoot, darts, accuracy throw, fish pond, surprise package, bean bags, and magnetic fish-pond—just to mention a few of the games to test your skill.

We will have Comedy Cartoons to amuse the youngsters while the booths are being set up. These cartoons will begin at 10:45 a.m. and continue for one hour. They will be held in the Walton Gymnasium. Make sure the children arrive in time—admittance 20¢.

The proceeds of this yearly affair is used to expand the facilities of the Walton School Library. Much work and a great deal of effort and time has been spent in the preparation of the exciting event and it is hoped that it will be enjoyed by all.

Local Woman To Attend Region 3 APA Convention

Edna Kroll Tropp of 379 Meisel Ave., Springfield will attend the American Podiatry Association's Region Three Convention in Atlantic City from May 9 to 12. Governor Richard H. Hughes will be the recipient of a testimonial bronze plaque from the New Jersey Chiropractors Society in recognition and appreciation of his interest in public foot health and for his contributions to the progress of the chiropody profession.

The presentation will be made by Dr. Michael C. Spedick, Trenton, New Jersey, president of the New Jersey Chiropractors Society in a special pre-convention ceremony.

The ceremony will mark the opening of the American Podiatry Association's region 3 convention to which the New Jersey Society will be the host, May 9-12 at the Ambassador Hotel, Atlantic City, N.J.

Admittance to the region 3 convention, the program of which was publicized recently, is limited to members of the American Podiatry Association and its affiliated state societies.

New PTA Officers To Be Installed

The last meeting of the E. V. Walton PTA of Springfield will be held Tuesday morning at 9:15 a.m. on the school playground.

After a short business meeting there will be an installation of the new officers for the 1963-64 year by Mrs. S. Beno. New officers are: President - Mrs. M. Getter, Hon. President - Mr. B.F. Newswanger, Vice President - Mr. D.R. Murray, Vice President - Mrs. M.R. Urban, Vice President - Mrs. H. Bernstein, Recording Secretary - Mrs. S. Accardi, Corresponding Secretary - Mrs. O. Granick, and Treasurer - Mrs. M. Zeller.

Mrs. Sonya Dorsky will speak briefly on "Operation Update." The children of the school will present their Spring Festival, entitled, "STORYLAND". This is a singing and dancing program in which all the children participate.

Mrs. Stephen Beno Elected Springfield LWV President

Mrs. Stephen Beno was elected President of the Springfield League of Women Voters at the annual meeting on April 30.

Mrs. Beno, a former President of the Walton P.T.A., and currently Chairman of the Springfield Council of P.T.A.s, and the P.T.A.-Bloodbank as well as Captain of the Red Cross Fund Drive, has been very busy in recent months serving as co-chairman of the Membership and Finance committee of the Springfield Swim Pool Committee.

Mrs. Beno, who was a delegate to the 35th Biennial Convention of the League of Women Voters of New Jersey in Atlantic City states that the League will continue to work for a broad base tax, preferably a graduated personal net income tax, to meet the needs of the State of New Jersey, and will continue to oppose dedication of specific taxes for specific purposes.

Also on the League Program for the next two years will be the continuance of work for the establishment of regional planning boards to anticipate and solve problems within the region

through comprehensive planning, and the study of State laws concerning counties and municipalities (Title 40) and the support of proposals leading to effective government through fixed responsibility, separation of powers and citizen participation.

Another item on the Program for 1963-1965 is Education. The League will support state financial measure to improve and equalize opportunities for public elementary and secondary education, and work for the establishment of a citizens' commission to study the needs, organization and administration of public higher education in New Jersey; the provision of adequate facilities and space for all qualified students; faculty salary levels adequate to attract and hold superior staffs.

The League will also support a long-range state water resource plan, the acquisition of reservoir sites, the development of intrastate as well as interstate rivers and the protection of existing water supplies in order to insure an adequate supply for all water needs.

Jonathan Dayton Plans Spring Choral Concert

The Vocal Music Department of the Jonathan Dayton Regional High School in Springfield, will present its annual Spring Choral Concert for the public, on Friday evening, May 10, at 8:00 P.M. in the school auditorium. Participating groups will be the Girls Glee Club, the Chorale, Choir, Girls Ensemble, Varsity Quartet and the Cumberland Trio.

A varied program will include the following selections by the 75-voice Choir: "No Man Is An Island", "Lock Lomond", "Ain't a That Good News", "Sure on This Shining Night" and selections from "The Sound of Music".

The Chorale, comprised of 34 selected students, will perform "I Have Longed for Thy Saving Health" by W. Byrd, "Gloria" from Schubert's "Mass In G", two madrigals -- "My Heart Is Offered Still to You" and "The Animals Improvise Counterpoint", "Song of the Meadow Lark" and a spiritual, "Ev'ry Time I Feel the Spirit".

In addition, three senior soloists will be featured in solo selections. Dirinda Witcher, of Springfield, soprano will sing "Love Has Eyes" by Bishop; James Woerner, of Springfield, baritone, will sing "Where E'er Your Walk" by Handel; and Metro Weslock, of Kenilworth, pianist, will play Chopin's "Waltz in A Flat".

The concert will be climaxed by the presentation of Howard Hanson's "Song of Democracy". This composition, composed in 1957 for the National Education Association's 100th anniversary, is based on two poems of Walt Whitman's -- "An Old Man's Thought of School" and "Thou

Mother with Thy Equal Brood". Susan Rivkind and Jean Herman will accompany the larger faculty, will direct the concert.

Opens Registration For Nursery School

Holy Cross Christian Nursery School, 639 Mountain Avenue, Springfield, is now receiving applications for its fall term, the director, Pastor Lester Messerschmidt, has announced. The school begins Monday, September 9. Sessions are held every Monday, Wednesday, and Friday from 9:00 to 11:30 a.m. It is suggested that interested parents register their children early to avoid disappointment.

The nursery school is open to pre-kindergarten children of all faiths 3-5 years of age. Sessions are held in the church's multi-purpose building on its 2 acre site. Parents desiring any further information are requested to call the church office DRexel 9-4525 for an illustrated brochure. If there is no answer call CRestview 7-6958. An Open House Week will be held May 13-17 to which parents are invited.

YWCA To Hold Dance

The Summit YWCA's next Saturday night social dance has been scheduled for May 11, from 9 p.m. to midnight. An evening of fun for all post-high-school-age, single adults is ensured by live music by the Moodmakers, get acquainted mixers, and refreshments.

Young people may come alone or with a partner, to meet other single young adults in the area. No previous reservations are required.

The May 11 social dance is the last one of the current season. Saturday night dances, held regularly on the 2nd and 4th Saturday evenings of the month, will be resumed in September.

"My Three Angels" HS Springfield To Hold First Faculty Play On Fri. Industrial Fair

Friday, May 31 is the date. 3:30 and 8:00 are the times. The event? The Jonathan Dayton Regional High Faculty Play, "My Three Angels." This marks the first time that the Dayton Teachers' Association is sponsoring a dramatic presentation.

"My Three Angels" is a comedy in three acts written by Sam and Bella Spewack. It opened at the Morosco Theater in New York in March of 1953 under the direction of Jose Ferrer and enjoyed a long run on Broadway. The production is under the direction of Mr. Herring of the English Department and draws the

dramatic talents of Mr. Rogers as Felix, Mr. Kropnicki as Henri, Miss Bialecki as Emilie, Mrs. Hart as Mme. Parole, Mr. and Mrs. Gallagher as Paul and Marie Louise and last but certainly not least the three angels - Mr. Meyer, Mr. Trinity and Mr. Garwacki. Mr. Herring also doubles the part of the Lieutenant.

The action of the play takes place in the family Ducotel's living room in back of a general store in Cayenne, French Guiana, December 24-25, 1910. The comedy involves the efforts of three convicts - Mr. Garwacki, Mr. Trinity and Mr. Meyer -

"I urge every resident of Springfield and the surrounding communities to visit the Springfield Industrial Fair. It graphically demonstrates how industry can be wedded to a previously all-suburban community with benefits to everyone. More than anything, the Fair adds full meaning to what is meant by a well-balanced community," said Mayor Arthur Falkin of Springfield.

The Springfield Industrial Committee under the chairmanship of S. Seymour Cohan, is sponsoring an Industrial Fair in the gymnasium of the Jonathan Dayton Regional High School. The

Fair, to be held June 6th, 7th and 8th, will feature colorful exhibits and interesting programs by many of the industries in Springfield.

"People are often unaware of the important part local industry plays in their community and therefore in their lives. While business men are becoming increasingly aware that their own economic activities are not always interpreted best by state and national organizations, nor ideally influenced by local and regional public policies, a fully informed local citizenry is the solution to both problems. Industrial Fairs, like the one we will soon be presenting in Springfield, inform the public dramatically," said Sidney Piller, co-chairman with Harvey R. Schramm of the Industrial Fair committee.

Members of the Springfield Industrial Committee, the Chamber of Commerce and the Township Committee will be available to answer questions about industry in Springfield and to assist representatives of outside industries who express an interest in joining the Springfield industrial complex.

To capture the interest of youth, the Industrial Fair Committee is conducting a poster and statement completion contest among students in the 6th, 7th, 8th and high school grades of Springfield schools. Valuable prizes including Savings Bonds, transistor radios and new-instantaneous cameras will be awarded to the winners at the Fair.

Additional information about the contests are available in all participating schools.

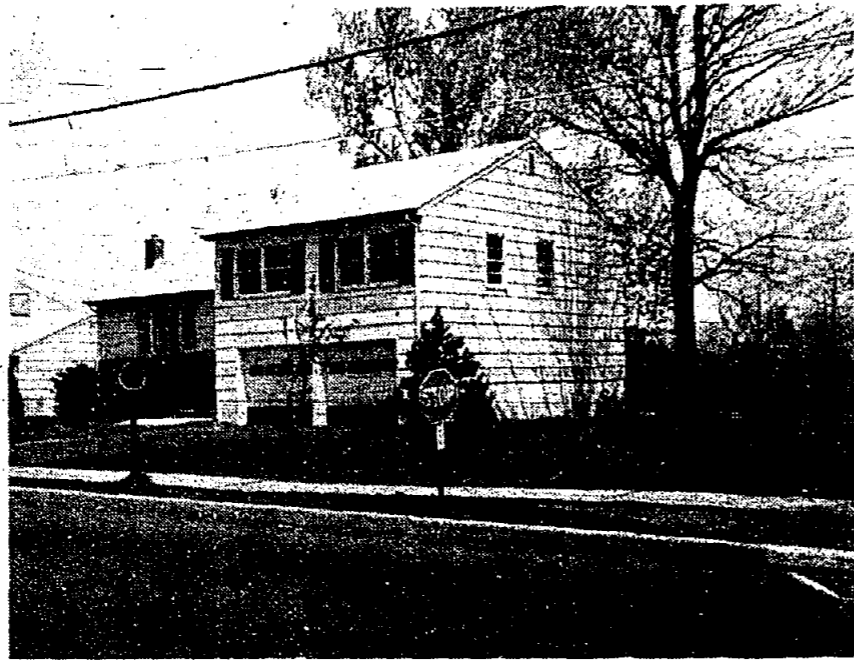

"Industry in Springfield has-- and will continue--to play an important role in the prosperity of the community. The taxes paid, the employment given and the areas developed are three of the more obvious contributions industry makes to Springfield and surrounding communities. I welcome every man, woman and child who appreciates his community, to attend," said Chairman Cohan.

To The Voters Of Springfield

On May 14, 1963, we are going to vote on the "operation up-date" program proposed by the Board of Education. As previously stated I am opposed to this proposal. A few of my reasons are contained here, I have many more in addition to these.

To begin with this entire program is based on conjecture. Let us all take a good look at some of the facts.

Our present school system has a normal capacity of 2350 children. The present enrollment is 2226 children. The Sandmeier School is over capacity by 4 children. The Gaudineer School is over capacity by 24 children. This means that between Walton, Caldwell, and Chisholm Schools there is room for 152 more children. The present school tax rate is \$2.56 per hundred dollars of assessed valuation. In 1959, before Sandmeier, the rate was \$1.94 per hundred. In 1960, after Sandmeier, the rate went to \$2.34 per hundred, an increase of 40 tax points or \$32.00 on a home assessed for \$8,000.00. Sandmeier School cost \$874,341.00, "operation up-date" will cost \$1,471,000. How can the board even suggest that it will cost the owner of a home assessed at \$8,000.00 only \$16,800?

The board has stated that the special service facilities at Gaudineer were designed for a student body of 500, present enrollment is 724, therefore, we need expanded facilities. At the same time they are proposing an increase at Chisholm from 275 to 500, without any change in the same special service facilities. The board has proposed a new boiler room at Chisholm School because the existing boiler is in the basement under classrooms. Would this boiler room be needed if they had not proposed to tear the building down that houses the boiler? If this boiler represents a danger to our children it should have been removed long ago, not by 1965.

I can continue to show contradictions in this proposal, however, it will not answer the big questions. What do we need and how can we accomplish this need efficiently, economically and sensibly? There is not any question in my mind that some modification is needed in our schools, even with the present vacancy factor. The answer is how much modification and do we have to spend \$1,471,000.00 to accomplish results? I am thoroughly convinced that we can meet all of our needs without spending anywhere near the proposed amount and still have a top grade school system. (I am prepared to back up that statement) "Operation up-date" falls far short of "Utopian" goals. Face reality, the future growth of this community, based on land available, will take place on Balspot Mountain, not in the lower areas of town. The board purchased 10 acres there two years ago for a future school.

I have listened patiently to the promoters of this proposal. I have heard them speak of double sessions, 30 story high rise apartments on the mountain top, and our shamefully inadequate schools. I have yet to get a simple, straight-forward, accurate answer to the questions asked.

I cannot accept any proposal, by a publicly entrusted body, that is developed behind closed doors, without regard of the impact it might have, on a take it or leave basis. It represents reckless spending and a complete disregard for the people of this community. I might add that I still doubt whether the entire Board of Education backs this proposal.

We all have an inalienable right to express ourselves on May 14, 1963, I strongly recommend that the voters of this community DEFEAT "operation up-date".

RE-VIEWING THE PAST

By Don Palmer

STEWART HARTSHORN
Few men have had as great an influence on the life of a community as the late Stewart Hartshorn had on that of Springfield. Although he will be remembered chiefly as the founder and developer of Short Hills, his activities in Springfield were extensive and enduring.

He had invented the automatic

window shade roller, which was patented in 1864, and had established a successful business of manufacturing the rollers. He was then thirty years of age and, wanting a home in the country, chose Springfield as a desirable location. On October 10, 1870, he bought an old colonial house, on Morris Avenue, near Short Hills Avenue, from Cyrus Parkhurst, and moved into it in 1871. **WAS A LOVER OF NATURE**

Fifty-two acres of land went with the Parkhurst property and an unusual little stream (known to us now as "Rocky Brook") which came down from Bryant's Pond and flowed over a jagged formation of rock below the present Baltusrol Avenue. About thirty years later, he built a dam across this brook—and created a pond, near the present junction of Bryant and Tooker Avenues, which was a popular winter skating spot in the early 1900's. In 1936, Mr. Hartshorn

gave this strip of brook, which he loved, with about 19 acres of land, to the Union County Park Commission, for a public park.

As a boy, Hartshorn had dreamed of building an ideal town, and he began to study his Springfield property with this in mind. However, he soon decided that it was too far from the railroad to be practical, and he started roaming over the present Short Hills area, which was then wild woodland, sprinkled with a few farms. There were stands of beautiful trees of many kinds and wildlife was abundant. This all

appealed to Hartshorn, who was a great lover of trees and, later, during the development of Short Hills, he planted many more. **STARTED THE "IDEAL" VILLAGE**

Satisfied that this was the proper location for his perfect community, Mr. Hartshorn soon acquired several hundred acres of land, to which he continued to add, to protect his proposed village from encroachment by commercial building, until eventually he had purchased 1,946 acres, in addition to a 56 acre tract he selected for his own homestead. Meanwhile, he had been increasing his holdings in Springfield and ultimately owned 211 acres in this Township, which included the area now known as "Springbrook Park" and continued on across Baltusrol Way to take in the end of the mountain north of Shunpike Road. He also owned a huge tract north of Morrison Road, which extended from the rear of the Presbyterian Church property, on the west side of Main Street, nearly to Short Hills Avenue.

In 1874, Hartshorn moved his family from the house in Springfield, where his daughter Cora L. was born, to a new house in Short Hills, the first to be built in the village he had dreamed of, and there his son, Stewart Henry, and his second daughter, Joanna Dixon (Mrs. Harold W. Hack) were born.

QUARRY IN SPRINGFIELD

About the time that construction of roads was started in the Short Hills development, Hartshorn discovered a fine vein of blue traprock on his Springfield mountain property and he soon set up a quarry and crusher. In 1880, the crusher was turning out 100 tons of stone a day and he was felfordizing the roads and walks in Short Hills as fast as they were laid out. This was the beginning of quarry operation in Springfield, which has continued ever since, although the work has now been transferred to the opposite side of Shunpike Road.

BUILT RAILROAD STATION

In 1880, Hartshorn built a station beside the tracks of the D.L.&W. Railroad, in an attempt to get the Railroad to stop trains at Short Hills, so that residents of his new community would have rail service to Newark and New York. The "depot" cost him \$2,520, but he succeeded in having

two trains a day stop there. Until 1892, he paid the salary of the station-master and for a time a Post Office was located in the station. On July 2, 1892, the station was deeded to the Railroad and from that date has been operated by the D.L.&W. In February 1907, Hartshorn's building was torn down and the present Short Hills Station was built on the same spot; it opened for business on July 1, 1907.

WATER SUPPLY

A supply of pure water was one of the primary needs of the community and Mr. Hartshorn became expert in his constant search for springs and water-bearing lands. The first pump house, built about 1879, was in the bottom of the bowl which is now covered by the Short Hills Club lake; water was pumped by steam from there to the first reservoir on top of the hill, east of Highland Avenue. Then a dam was built along Lake Road and another at Parsonage Hill Road, forming two lakes known as "North and South America", which later was used by the public for swimming and skating. About 1886, artesian wells were drilled and a pumping station was built in Springfield, on the water-bearing land a little north of Morrison Road, where the pumping station of the Commonwealth Water Company is now located. Besides the needs of Short Hills, it supplied Springfield, part of Millburn and supplemented the water supply of Elizabeth. The operation was conducted by the Short Hills Water Company until 1929, when it was taken over by the Commonwealth Co.

LIVED TO 97 YEARS

About the time Stewart Hartshorn settled in Springfield, he was in rather poor health and so began turning over part of his shade roller business to the management of his brothers, Edmund and Samuel. The outdoor activities in connection with the Short Hills project was his salvation, and he became an unusually strong and healthy man. At 95, he spent a vacation at his camp at Squam Lake, N.H., catching 110 bass one day and observed that "the fish were not biting" very well. He was outdoors, superintending his men, three days before he died, of pneumonia, on January 12, 1937, in his 97th year.

Mr. Russell T. Kerby, Jr., Chairman of the Summit Area Red Cross says "All persons in the Summit area who have contributed \$1.00 to the Red Cross are members of the American National Red Cross and are most cordially invited to attend this meeting and to vote for the slate of officers. The vast majority of the people who make the Red Cross function efficiently are volunteers giving of their time, talent and energy.

This is your Red Cross. We hope you will be with us at the Annual Meeting." A fellowship hour will begin at 6:45 - Dinner will be served at 7:15. The price of the dinner is \$2.50 per person. Please call the Red Cross Chapter House CR 3-2076 for reservations by May 15.

Local Student Wins National Writing Award

Jeanne Reel, 14, of the 9th grade at Gov. Livingston Regional School, Berkeley Heights, has won a second prize in America's largest creative writing competition for high school students.

The local pupil gained top honors in the article division of the Scholastic Writing Awards sponsored by the Sheaffer Pen Company, it was announced in New York City by Scholastic Magazines, which conducts the annual literary contest.

Entries were received from more than 2,000 schools in 49 states, the District of Columbia, Guam, Puerto Rico, U.S. Virgin Islands, Canada, and from American-sponsored schools in France, Iran, Japan, Mexico, Nigeria, the Philippines, Sicily and Turkey.

The young local winner will receive a cash prize of \$15, an inscribed Sheaffer pen and an embossed gold key.

The Writing Awards competition was established in 1925 to encourage creative writing by high school students.

2 Chosen To Attend Youth Science Camp

Walter E. Diercks of Kenilworth will be representing Jonathan Dayton Regional High at the National Youth Science Camp to be held at Camp Pocahontas, West Virginia, from June 30 to July 20, under the sponsorship of the West Virginia Centennial Commission. Robert Van Voorhies of Mountainside, a senior at Governor Livingston High School in Berkeley Heights will be Diercks alternate.

Two boys from each state will attend the camp, which is located in the Monongahela National Forest 13 miles from the national radio astronomy observatory at Green Bank. All expenses, including travel to and from the camp, will be paid by the State Education Commission.

Student Honored At Founder's Day

FATHER OF THE GOLD RUSH

by John T. Cunningham

Ever there was a man who proved that "all that glitters is not gold," it had to be James Wilson Marshall of Lambertville, the New Jerseyman who discovered gold in California. Marshall learned a trade in his father's wagon shop in Lambertville, but soon after he reached his 21st birthday in 1831 the young wagonmaker headed West. He wandered through Indiana and Illinois to Missouri, where he settled down in seeming prosperity.

JAMES W. MARSHALL, the new Jerseyman who discovered gold in California, advertised his fame on this calling card. The picture is of the raceway where he found the first nugget.

fortune struck; Marshall's father told him that Missouri claims would kill him. The terse father said, "Move on or die," forced the Jerseyman westward again, this time all the way down into California's Sacramento valley. There Marshall met Captain John Sutter, who, like Marshall, eventually would be ruined by the gold fever. Sutter hired Marshall and the powerful hands of the Lambertville man turned out tables, axes, plows, ox yokes, wagons, even spinning wheels. Marshall persuaded Sutter to hire him in a new lumber business on a stream in Coloma, about 40 miles east of Sutter. Water flowed rapidly down the valley and tall timber lined the surrounding hills. As Marshall had found exactly what he needed to make him rich, on a morning in January 1848, as Marshall walked by the mill raceway, his eye caught the glint of the sun reflecting off an object lodged in a crevice beneath the water. Marshall dug it out, found it to be heavy and of peculiar color. It had to be either sulphate of copper or gold, Marshall reasoned. If it was sulphate of copper, it would be brittle. If it were gold, it would be malleable. Marshall placed the specimen

on a flat rock, pounded it with another rock. It did not chip or scale off but simply bent under his blows. Sutter urged secrecy, but that was like holding back the ocean. Prospectors streamed in from nearby and within a year the "Forty Niners" made the Gold Rush a raging fury. An amazing assortment of humanity surrounded the Sutter-Marshall mill — thieves, adventurers, good men, evil men, teachers, shopkeepers, ex-businessmen. Gangs threatened Marshall's life unless he showed them gold; he fled into the hills and stayed away for six months. When he returned, squatters had taken over the mill. This, then, was gold! The cook at Marshall's camp suggested another test: throw it into the lye kettle in which she was making soap. She declared: "If it's gold when it goes in, it will be gold when it comes out." Hours later she cut the soap into chunks and found no nugget. She shrugged her shoulders as if that was that, but when she cleaned a double handful of potash out of the bottom of the kettle, there, "bright as could be," shone Marshall's gold.

had occupied his land, stolen his lumber and even torn down his mill for wood to line mine shafts. Marshall turned to prospecting himself, followed always by human jackals who pounced on his diggings as soon as he struck a pick to ground.

Somehow Marshall remained optimistic. He started a ferry on the river but his assistant sold it and pocketed the cash. He befriended a stricken prospector and when the patient recovered he showed his thanks by stealing Marshall's horse.

Later Marshall found himself unable to pay even his board. He gave the lady of the house his last possession, a lottery ticket — which a few days later won a \$10,000 prize.

Broke and discouraged, albeit famous, Marshall came home to Lambertville after an absence of some 40 years. He stayed only a short time, spending most of his hours prospecting in the nearby New Jersey mountains, but he found not a speck of gold.

Marshall returned to California, received a small pension for a time, and died alone in a small cabin. The man who discovered gold left an estate of less than \$400.

Years later grateful California erected a life-size statue of Marshall at Coloma, with the first finger of the left hand pointing to the exact spot where he saw the glistening of the first nugget.

Many felt the father of the Gold Rush would have liked that left-handed compliment. Others, wiser by far, speculated that what James Wilson Marshall would have liked much better was a bit of the gold while he was still alive.

Festival Plans Almost Complete

"Gosh, where will Grandma sleep?" This question may be heard more and more throughout Berkeley Heights as precious space is commandeered for storing finished articles for the Country Festival of the Church of The Little Flower on May 25 from 11 a.m. to 9 p.m. The Gift Shops comprised of five sewing and handicraft groups have fingers flying busily as they pile up their variety of finished items. Group A - The Emerson Guild under the chairmanship of Mrs. J. William Land, are highlighting smocked pillows, stuffed animals, Christmas novelties, beanbags, soap and towel sets.

Group B - The "What-Not-Handicrafts" under the leadership of Mrs. M. Teliha, are highlighting "liquid embroidery" painted yardstick holders, placemat and napkin sets, powder mitts, tissue covers, pot holders, oven mitts and children's novelties.

Group C - in charge of Mrs. C. Compano, are specializing in aprons and doll clothes.

Group D - with Mrs. William Ruuso as Chairman, will star Barbie doll clothes, husband and wife barbecue aprons and purses.

Group E - headed by Mrs. Andrew Roderick, will feature children's playclothes, kindergarten aprons and bean bags.

Asthmatic League Has Final Board Meeting

The Final Board Meeting of the 1962-1963 year of the Springfield League of the Children's Asthma Research Institute and Hospital at Denver on May 8, at the home of the outgoing President, Mrs. Irwin Bross, 65 Evergreen Avenue, Springfield. This meeting is traditionally a supper provided by the outgoing president for the Board Members that have worked so hard to make the efforts of the year a success. Final plans were discussed for the Seventh Annual Donor Dinner to be held on May 22, at the Florham Park Country Club. Chairman, Mrs. Joseph Tenenbaum, is ready to accept table reservations for the gala evening.

"The King And I" Coming To Paper Mill Playhouse

After a successful four week run of "Irma La Douce" starring Genevieve closes Sunday, May 12, Betsy Palmer comes in on Tuesday May 14 as Anna in "The King and I".

By the time "King and I" opens Tuesday evening, well over a 100 theatre parties will have been sold, representing more than 20,000 tickets.

Betsy Palmer, it would seem can do no wrong as far as the Paper Mill audiences are concerned. "King and I" will be the third musical she has done at the Millburn theatre in a year. The first was "Maggie" in May of 1962, the second "South Pacific" in the winter of the same year and this will be the third. William Chapman of Somerset will star opposite Miss Palmer as the King of Siam. He played Emile de Becque to her Nellie Forbush last winter.

Five Residents To Perform In Concert

Five Springfield residents will perform at a concert Wednesday, May 8, at Cranford High School by the Suburban Symphony of New Jersey, the Suburban Symphony Chorus and the Oratorio Society of New Jersey under the direction of Peter Sozio of Millburn.

Participants include Mrs. Anne Gladstone, 124 Shunpike Road; Dr. R.E. Relkin, 14 Mohawk Dr., and Henry Bradbury, 77 Sherwood Rd., violinists; David Leiberman, 339 Mountain Ave., French horn player, and Lionel Mosing, 69C Troy Dr., trumpeter.

All three groups will perform Brokofieff's "Alexander Nevsky" and Borodine's "Polovetsian Dances", while the orchestra's major work will be Tschalkovsky's "Symphony No. 6" (Pathetique).

Tickets for the May 8 appearance in Cranford High School can be obtained by writing to the Suburban Symphony Society of New Jersey, P.O. Box 176, Cranford, N.J., or by contacting members of the Suburban Symphony or the Suburban Chorus.

Hemophilia League Features Benefit

At Governor Livingston Regional High School Berkeley Heights, on May 31, 8:15 P.M., the Central Jersey Hemophilia League will feature a benefit performance presenting The Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc. This was announced yesterday by former Mayor Arthur A. Manner Berkeley Heights, vice president of the Hemophilia League.

The particular artists who will appear May 31 are the Summitones, a choral group popular in Summit for the past several years.

Band To Present Annual Memorial Day Parade

The Dayton Regional High School Band, under the direction of Mr. Nicholas Romeo, will give its annual band concert at Halsey all on Friday evening, May 17. The program will consist of Festival Prelude, original Dixieland concerto, Alameda, Sea-cope, an original suite, and Casa Randa.

Soloists for the evening will be Miss Anita Humer, pianist, playing Grieg's Piano Concerto, and Steve Hart, playing Weber's concertino.

This year, as in the past, the following awards, sponsored by the Band Parent Organization, will be presented: the Sousa award and awards for service and loyalty, citizenship and musicianship.

Springfield members of the band are: J. Alfano, G. Anderson, J. Arends, I. Auerbach, P. Bakanowski, M. Bell, J. Denner, J. Fulmer, J. Crocki, S. Hart, J. Humer, M. Henry and R. Kockel. Also included are A. Katz, Logan, D. Maidling, K. Magucci, B. Reifsnnyder, G. Romanushyn, K. Rux, F. Stevens, J. Squirelock, D. Trunciale, R. Trunciale, T. Trunciale, R. Quertz and A. Isley.

On Memorial Day, May 30th, The American Legion Post 356 of Berkeley Heights will hold its Annual Parade and Memorial Day Services. The Parade will form at Woodruff School at 9:30 AM and kick off at 10:00 AM. The parade route will be up Springfield Ave., thru the center of town, and left on Park Ave., to Memorial Field where the Services will be held.

Kiddie rides, hot dogs, soda and ice cream will be available at a small charge.

Any Organization wishing to participate in the parade please contact J. Arnold on 464-0661 and the arrangements will be made.

The American Legion Post 356 of Berkeley Heights invites all residents of Berkeley Heights to join us on this Special Day, and to prove that we have not forgotten those who have made the Supreme Sacrifice for our Country.

After the Services honoring our War Dead, there will be a program of Junior Olympic Games for the Children, sponsored by the Recreation Committee.

On Mother's Day—
Grandma
is guest of **Bottle Hill**
(with minimum party of 4)

Chief cook and bottle washer, referee, first aid giver, purchasing agent and family chauffeur—Mother is **QUEEN FOR A DAY** on May 12th. It will honor her pleasure to have Grandma along—and Bottle Hill will be happy to pick up Grandmother's tab if there is a minimum of 4 in the party. Children half price.

Reservations urgently advised. Seatings at 11:30, 1:00, 2:30, 4:00, 5:30 and 7:00. Sorry, we can't hold reservations more than 15 minutes, or the guests will be hanging from the rafters. Oh yes, there's a catch. The bar is closed Sundays, so please have your cocktail at home.

Delicious Mother's Day Dinners from \$3.95 to \$6.75

Bottle Hill Notes

I had my first celebrity Senator Harrison A. Williams. He dined with executives of Allied Chemical before addressing engineers in the Allied Chemical auditorium. We've had many celebrities here since Lafayette was guest of Bottle Hill in 1825. I missed greeting the Senator when he arrived, but I did pay my respects before

he left. I was busy presenting a cake to a schoolteacher. (We do things like that on Birthdays and anniversaries.) Truth is, everybody is treated like a celebrity here. As an old newspaperman, I long ago found that there is no great difference between celebrities and people who never make the headlines. Be seeing you.

Speaking of parties, Bottle Hill provides unsurpassed facilities for Engagement and Wedding luncheons and dinners, for showers and banquets, for Sweet Sixteen and Confirmation parties, for social and club functions and business conferences. We accommodate groups from 10 to 150. For an affair to be happily remembered, make your arrangements at Bottle Hill, where we cater to your every desire.

Letters To Editor

Editor Springfield Sun:
I would like to add my support to those opposing approval of the May 14 school construction referendum. At the public hearing on March 20 and in Mr. Schwartz's letters of April 4 and April 18 to this paper sufficient questions have been raised and which, remaining unsatis-

factorily answered, cast serious doubt on both the necessity and the economic soundness of the proposal.

Additionally it seems to me that the people have been presented no alternatives—that is a comparison of alternative programs, their costs and their consequences. This attitude is reflected, in my mind, by the manner in which the referendum is being put to a vote. Com-

binning the Chisholm and Gaudineer proposal is not dictated by any logical considerations and serves only to reinforce the "all-or-nothing" impression.

Consequently, as a voter concerned with education but also equally concerned with spending money in the most efficient manner, there is no alternative but to vote against the entire program.

Very truly yours,
John P. Hall, Jr.

pocket. It is our duty and obligation to give our answer: YES or NO! Do we approve new taxes, or reject them?

The May 14th referendum is as much important as the November election. We go to polls to vote for freeholders, for assemblymen, for congressmen and senators. We know that by casting our votes we insure ourselves against (1) reckless mismanagement of our NATIONAL affairs, is our community life less important than the national one?

So on May 14th, all of us, all peoples of Springfield must get out of our homes, leave our cozy back-yards for as little as half an hour to go to the polls and to vote, to vote NO to the Boards proposals. If we get out we shall be handsomely paid by saving our tax dollars. A dollar SAVED, is a dollar EARNED. Don't we want to save our hard earned money?

NOTICE OF BIDS

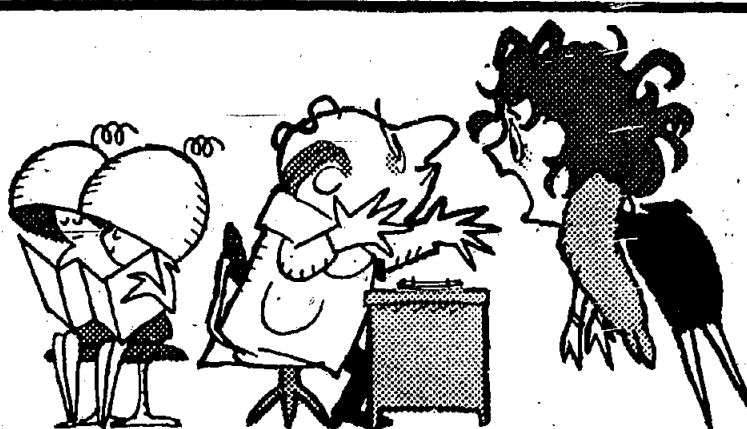

BIDS WILL BE TAKEN FOR LEASING OF THE SNACK BAR CONCESSION AT THE SPRINGFIELD MUNICIPAL POOL ON TUESDAY EVENING, MAY 14, 1963 at 8:45 P.M. IN THE MUNICIPAL BUILDING, SPRINGFIELD, N.J.

BID FORMS ARE AVAILABLE AT THE OFFICE OF THE TOWNSHIP CLERK, MUNICIPAL BUILDING, SPRINGFIELD, N.J.

Dear Editor:
SHOULD WE VOTE?

Should we vote on May 14th in the school's Board Referendum "UP DATE?". Should we get out of our homes for half an hour on May 14th evening to give the Board our answer? Should we let the Board know how we fell about it's effort again to impose on us new taxes? The Board asks us, PEOPLE of Springfield some questions, asks us to spend more money. Should we or not give the Board our answers?

Taxes, new and old ones are our common problem. Taxes are everybody's business. Once imposed, they stay forever and drain dollars out of everybody's

What is Multiple Listing?

This is the modern and most effective plan for selling residential properties. It combines the specialized attention and responsibility of your Listing Broker, with the broad coverage of all members of the Board working cooperatively with the Listing Broker.

How it Benefits You

Multiple listing is a special agreement between the owner and members of the Board; the owner agreeing to give the Board members the selling agency for a period of six months. The Listing Broker in turn agrees to give the property specialized attention in addition to enlisting the cooperation of the other members of the Board.

How to Proceed

First of all, choose one Realtor to represent you and advise you—your "Listing Broker." Choose him as you would your lawyer or your investment broker. Choose him—not only for his salesmanship (he will have behind him the combined selling forces of all established local Realtors),—but more especially for his interest in you and your property. Once you have chosen him—trust him and be guided by his advice.

Final Meeting Of "Junior Reviewers" At Library May 18; Reviews Listed

The final meeting of the "Junior Reviewers" will be held at the Springfield Public Library on Saturday, May 18, instead of May 11. Travel books will be reviewed and discussed to prepare us for the vacation season. Slides of Europe and famous vacation spots in the United States will be shown.

The previous meeting of the "Junior Reviewers" met in the Springfield Library on Saturday, March 30th and the group discussed well-known poetry anthologies. The boys and girls read and talked about their poems. Some selections were even recited from memory.

There was no regular meeting of the group in April. Instead, the members were to visit the library any time during the month to work on their bibliographies of favorite books. These will be compiled into one master bibliography for use with future groups.

The following reports were selected for their exceptional reporting and general interest to young readers:

CALDWELL SCHOOL - Ann Denise Lieto

"Teru, a Tale of Yokohama" by Lucy Crockett. "Teru is a warm and human story about a Japanese girl who is twelve years old. It told about the adventures and experiences of her family.

"The story took place after the war against the Japanese. And told how Teru's family were the first to come back to the rubble which was once their home, and started to rebuild their little

shack. "There was very little to eat, so people would have to go and get rations. They got these rations from the American soldiers who they called "Monster Brutes."

"The part I like best was when Teru went to visit her uncle. It told how they went from train to train until they got to her uncle's village. It was almost completely burned down.

ST. JAMES SCHOOL - Kathleen Johnson

"The Summer Ballet Mystery" by Ruth H. Wissman. "Two young teenagers, Susan Grey and Marie Morrison were participating in a tour with a summer ballet company. Susan, while on the train, found a curiously designed amber ring. Thinking it was of no value, she just put it in her jewelry box, but wore it when she could. Susan and Marie soon found they were being followed by a mysterious and somewhat menacing person! They faced many threats and dangers, but still kept their heads.

"I liked this story very very much. It tells all about the wonderful times Susan had on the tour. It is also a very good mystery story. And I hope that if you

read it you'll like it as much as I did."

SANDMEIER SCHOOL - Joanne Meier

"The Black Stallion" by Walter Farley. "The Black Stallion is about a boy and his horse. Alec Ramsay was just about to board a ship to sail home from Arabia when suddenly he saw the Black Stallion being loaded on his ship, "The Drake." Since Alec loved and knew horses, he and the Black became friends.

"The voyage was enjoyable but then, a storm! As the Drake began to sink Alec and the Black jumped. Alec didn't want to drift so he held tight to the rope around the Black's neck. They swam for a distant island, where they stayed until men from a fishing boat discovered them and brought them both back to New York.

"How Alec tamed the Black and taught him to run in races is an exciting part of the story. But the climax comes when the stallion races the two fastest horses, - Cyclone and Sunraider.

"Anyone with a deep interest in horses should not miss reading "The Black Stallion" and other books by Walter Farley.

Springfield Junior Baseball Round-Up

After a successful Fund Drive on Saturday, April 27, the Springfield Junior Baseball League opened the 1963 season on Monday April 29 with a full slate of games in all divisions of the leagues except the Babe Ruth Majors, which opened play on Friday, May 3.

After three weeks of extensive training the boys and managers finally began to see the fruit of their labors. The weather, however, once again began to play an important roll in the actual playing of games. All league games were postponed on Tuesday and Wednesday and had to be rescheduled.

The results from last weeks action is listed below.

The residents of Springfield are warmly thanked for their contributions of Saturday April 27 and urged to attend the games that are held nightly and Saturday afternoons.

The training camp which is operated by Bob Bevan is held every Friday night at Irwin Field for those boys requiring further training before moving up to the youth minor leagues. These boys are given a thorough training in baseball fundamentals by some of the best qualified men in the league.

The youth minor leagues have been split into two divisions this year, the American League and the National League.

The winners in each division will meet in a three game world series at the end of the season. However, in order to give the managers more of an opportunity to train their boys. The first five games are designated as exhibition games and will not count in the standings.

The season is in full swing, come out and watch your boys of Springfield in action.

The results of play from April 29 to May 4.

Angelton's opened their season with a 7 to 0 win over the Elks behind the fine pitching of Ronnie Azareurcz who allowed only 2 hits, and striking out 12. Fabrizio had two hits for the winners, Bultman and Paules got the only two hits for the Elks. Mark Muller was the big defensive man for the Elks.

Morris Ave. Motors came out on top of a eight inning thriller, scoring 6 of its 12 runs in the extra inning. Glen Cole winning pitcher, Steve Hartz, Kerry Tompkins, Frank Haydu and Steve Singles timely triple with bases loaded were heavy bats for M.A.M. Alan Grunberg pitched five game for loser's, big guns for Haydu were Ted Levitt, Alan Greenberg, Stuart Farkin and Brian Finnerty. Thriller all the way.

Drexel Cleaners and Gem Shoes both won their opening games behind tight defenses and

good hitting. Park Drugs split a pair of games, losing by only one run in the second game which was one of the best played, so far this season.

Nagel's, a new team in the league this year, got off to a poor start with two losses. They have good personnel and with a few minor adjustments, will make plenty of trouble before the season is much older.

Jayne	1	1	
Am. Legion	1	1	
Crestmont	0	2	
Lions	0	2	

Rich Campbell pitched a perfect game Friday at Sandmeier Field to highlight the opening week of play in the Springfield Youth Major League. Campbell struck out 12 as the Rotary Club rolled to a 6-0 win over American Legion. The Legion team was unable to get a single runner on base as the Rotary infield gave airtight support to Campbell's pitching.

Rotary and P.B.A. lead the league, each with two wins and no losses. P.B.A. combined a strong offense and excellent defense as they beat Crestmont 7-1 and the Lions Club 10-5. In addition to its win over American Legion, Rotary took a 5-2 come-from-behind decision from the Lions.

In other well played games, American Legion outscored Jayne Trucking 6-3, and Jayne overcame Crestmont by 3-1 in a thriller.

Youth major league games are played on Mondays, Wednesdays and Fridays at Washington and Sandmeier Fields. Game time is 6:30 P.M. Baseball fans are urged to attend to see the field play exhibited by these talented youngsters in the 9 through 12 age group.

IV YOUTH LEAGUE MINORS
Since the first five games are only exhibition games the results will not count in the standing. The caliber of play, while not as good as the youth league majors, is of the kind to make for exciting and interesting baseball. The games are played every night except Friday at Alvin, Denham, Irwin and small Meisel Field. Everyone is urged to attend.

Temple Beth Ahm Bowling League

The standings of the top 10 teams in the final games out of the 24 teams were as follows:

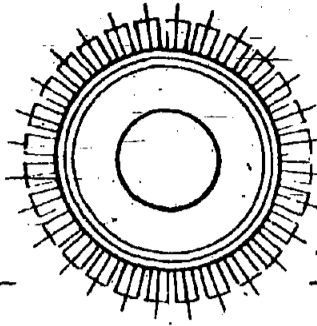

1. D. Rosenthal	54.5	35.5
2. R. Kaverberg	53	37
3. B. Shapiro	51	39
4. H. Stein	51	39

7. S. Rekoon	49	41
8. J. Wasserman	48.5	41.5
9. B. Grau	48	42
10. J. Title	46	44

High scores over the 225 mark were: B. Shapiro 241, L. Cohen 256, L. Seroff 238, and B. Lubiner 241. May 18, Saturday Night will be the Dinner-Dance to be held at Temple Beth Ahm, where all the trophies and prizes for the season will be given out.

PAINTING THE NEWLY EXPANDED AMERICAN LEGION POST NO. 228 are Fred Rutz, Bill Weber, Nick Voskian, Ray Schramm, Al Stadler, Tom and Bob Dougherty, Wilbur Selander, Herb Quinton, Ben Colondrea, Bill Dolshun, Randy Frost, George Baker, Howie Cohen and Hank Wright. The Legionaires, all of whom are obviously not included in the photo, volunteered their services in the "painting operation" which will be continued this week-end.

FRANCIS DRIVE-BEATS HILLSIDE IN THRILLER

On Tuesday, Denny Francis swung his magic baseball bat, and the Bulldogs overcame the Hillside Comets 8-7 for their eleventh consecutive victory, and a 7-0 mark in the Watchung Conference.

In the bottom of the first inn-

ing of the thriller at Meisel Avenue Field, Jack Apgar hit Dennis Scully's first offering for a single. Bobby Rahnenfuhrer sacrificed him to second and reached first safely as Scully dropped the ball. Francis then sacrificed the runners to second and third, and Danny Mascaro

singled Apgar home.

Scully and Frank Monticello then held their opposition until Hillside rallied for three runs in the fourth to pull ahead.

A single by Sandy Fishman and consecutive homers by Bob Korlesky and Bill Shutsky accounted for the runs.

The Comets scored twice more in the fifth to gather a 5-1 advantage.

The never-say-die Bulldogs came roaring back in the bottom of the frame to tie the score. Butch Beil walked, stole second, and came racing home on Steve Berger's single. Berger scored on a Comet error, and with two runners on base Francis cracked a triple to left field, tying the game. Denny was thrown out at the plate while trying to stretch his hit.

The Comets pulled ahead again, 7-5, by scoring single runs in the sixth and seventh frames. But the game was far from over.

Berger led off the sacred seventh with a scratch infield single. Larry Bellon, hitting for relief pitcher Bill Kretzer, flew out to left, but Comet relief chucker Dave Harzold walked both Apgar and Rahnenfuhrer to load the bases.

Francis stepped up.

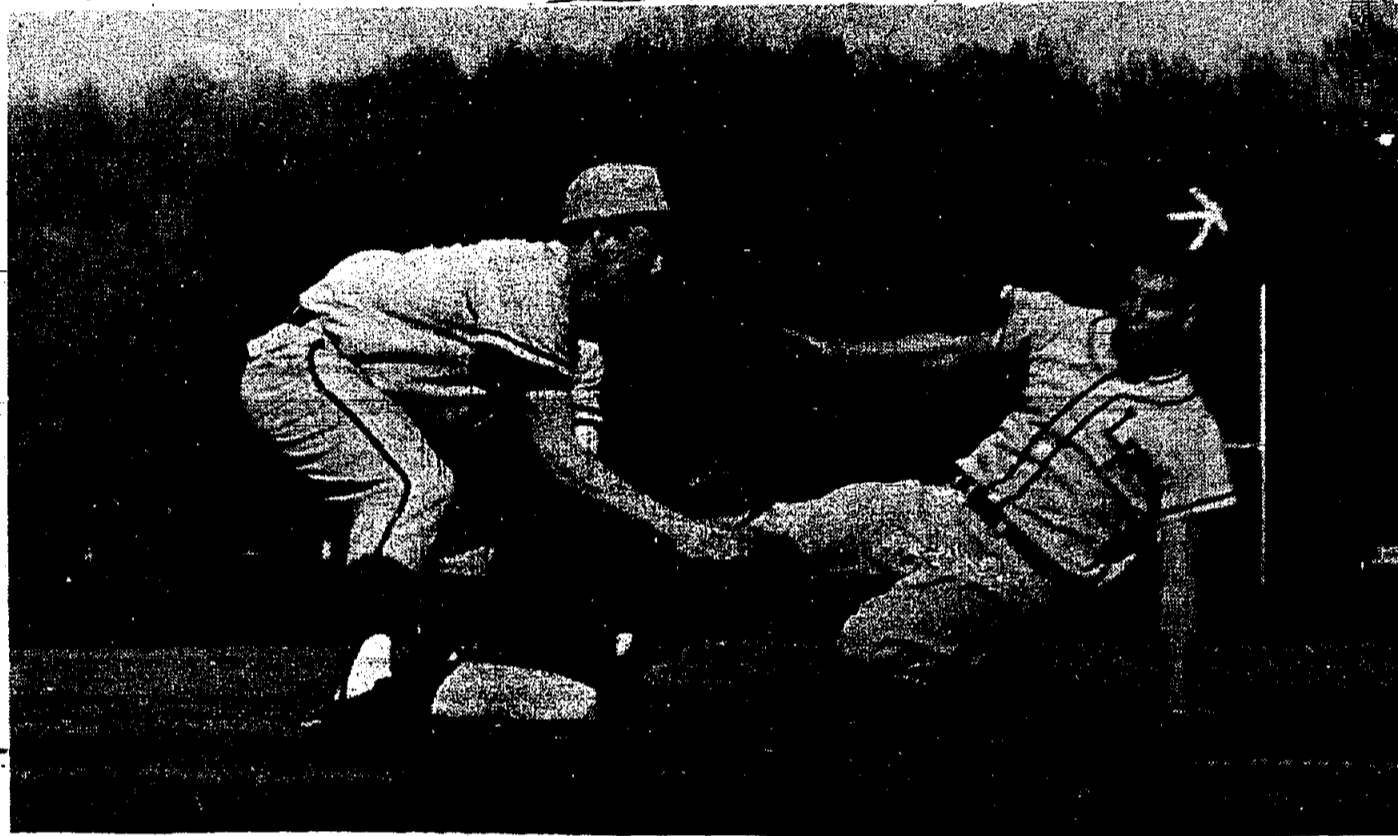

The first pitch was a called strike on which Francis didn't agree.

The next pitch was a ball, and the third was a swinging strike for a 1-2 count.

Harzold then threw a curve which Francis hit high and deep to left-center. Berger tagged up at third, Apgar at second, Rahnenfuhrer raced to second while Francis was rounding first as the ball dropped. Berger scored, Apgar had to run his fastest to beat little Bobby home, and Denny rested on third with a triple. Bedlam broke out, and Hillside went home with a 6-7 record.

Kretzer gained his fifth triumph of the season, and was scheduled to go against Plainfield in the Union County Conference Tournament yesterday.

Tomorrow will find the Bulldogs playing host to a determined Crusader nine, which gave Springfield a battle at Clark last month before falling Monticello 1-0 in ten innings.

DI MARIO, MASCARO, APGAR PACE DAYTON TO VICTORY OVER BERKELEY HEIGHTS 9

Extra base slugging by Joe DiMario, Dan Mascaro and Jack Apgar helped the Dayton Regional baseball team down Berkeley Heights Friday, and Cranford Saturday.

The Bulldogs had but five hits off Highlanders hurler Bob Hueher, but took advantage of 11 free passes and Mascaro's

double and homer to gain an 11-4 victory.

The win Saturday advanced Dayton to the quarter-finals of the Union County Tournament as Bill Kretzer topped the Cougars 8-2.

Jack Apgar also hit a homer in the slaughter of the Highlanders, and All-State infielder

Lynn Nesbitt had a grand slam job for the visitors for all four runs off winning pitcher Frank Monticello.

The mighty Bulldogs scored twice in the first, second, fifth and sixth innings, plus thrice in the fourth to sew up the win. Mascaro had three of the five Regional hits.

DiMario blasted his homer off Cougar hurler Bob Prall in the sixth inning to give Dayton a 4-2 advantage. The game was played in Springfield, but Regional batter first, so the Bulldogs had their licks in the seventh inning and came up with four insurance runs.

Kretzer went the distance, striking out five and walking two. Ron Urquhart, who had two hits in four trips, knocked in two of the first three Regional runs, and Apgar added a triple for Dayton in the first inning as the first batter in the contest.

DiMario also had two hits.
