Jewish Groups Will Fete Israel's 13th Birthday

The Jewish Community of Springfield will celebrate the 13th birthday, the Bar-Mitzvah year, of the State of Israel on Tuesday evening, June 20, 8:30 p.m., at Florence Gaudineer Junior High School.

The combined efforts of Temple Sharey Shalom, Temple Beth Ahm, Springfield Chapter of Hadassah, B'nai B'rith Women of Springfield, O.R.T., and Springfield Lodge of B'nai B'rith Men's Group will culminate on that evening with a program devised to interest all Jews and non-Jews, who are cordially invited to attend this festival.

The principal speaker of the evening will be Rabbi Joseph Prinz, national president of the American Jewish Congress and rabbi for twenty years of Temple B'nai Abraham of Newark, the largest congregation in New Jersey.

Dr. Prinz, as national president of the American Jewish Congress, has brought to the organization a broad experience in Jewish leadership, a dedication to the democratic process, and a profound commitment to the Congress' twin goals of defending American freedoms and promoting the unity and creative survival of the Jewish people.

A special feature of the program will be a Cantata—a composition of songs and narration—written by Rabbi Reuben Levine, spiritual leader of Temple Beth Ahm in cooperation with Levi Ness, principal of the Religious School of that temple. The Cantata will be performed by the choirs of both temples under the direction of Mr. Aaron Blumenfeld, music supervisor of Beth Ahm. Narration will be by Rabbi Israel Dresner of Temple Sharey Shalom and Rabbi Levine.

Members of the Youth Groups of both temples will serve as ushers.

The sponsors of this celebration urge all of Springfield to attend and share with them this joyous occasion. There will be no admission charge.

Rec, Paving Improvement Now Slated

An ordinance providing \$52,000 for construction and improvement of recreation facilities at the Irwin Street and Woodside playgrounds was introduced on first reading at the Springfield Township Committee meeting on Tuesday night.

Improvements at the Irwin Street playground will include: clearing and grading site area; remodel ejector station by filling it in, constructing cement floor and vents, install electric cables, replace fence and install shelving; eliminate basketball backstop and existing blacktop area and re-construct present basketball area into a garden complete with landscaping; re-construct existing baseball diamond and construct parking area including the removal of necessary pavement and curb; construct two tennis courts, a house and basketball court, and enclose the play area with fencing, construct a shelter house and rehabilitate the grass area and provide for necessary landscaping.

Funds will be provided by appropriating \$2,600 from monies raised in budgets heretofore adopted under "Capital Improvement fund appropriations" and by raising \$49,400 by bonds or bond anticipation notes.

Second and final reading will be held June 27 in Township Hall. Also introduced was an ordinance for the paving and construction of shoulders and curbing in Stiles, Meckes, Diven and Ruby Streets at a cost of \$52,000. Public hearing on the measure will be held June 27 in Township Hall. Township engineer Alfred H. Swenson was authorized to advertise June 29 and July 6 for bids on the proposed work.

A contract for the installation of a secondary sewer system in Dundar Road, Mountain Avenue, South Springfield Avenue and part of Batusrol Top was awarded to the Ra-Gayl Contracting Co., South Orange for \$19,613.05, the low bid on the recommendation of the engineering department. Township Attorney Irwin Weinberg was authorized to prepare the contract and the check of Kenneth Brenn & Son, next lowest bidder, was ordered returned.

Following a public hearing, the Committee approved and accepted a report of the Assessment Commission on the installation of sidewalks in a portion of South Springfield Avenue and Evergreen Avenue.

Miss Chesler was vice president of Omega Phi, social sorority at the college. She has accepted a teaching appointment in Woodbridge Township where she will teach first grade.

Local Residents & Businessmen Will Get Stickers

Out-of-town commuters will be banned from parking in the township's two municipal parking lots according to steps taken Tuesday night by the Springfield Township Committee.

The lots will remain free to residents and their employees. They are located at Center and Hannah Streets and in Morris Avenue opposite Caldwell Place.

Committeeman Russel W. Sibole announced a plan whereby stickers will be issued free of charge to local people on application at the Township Clerk's office. The decals are to be displayed on the lower left hand corner of the rear window of automobiles.

Township Attorney Irwin Weinberg was authorized to prepare an ordinance regulating this measure.

Parking restrictions were required because of crowded municipal lots within recent months, further aggravated when a two-hour parking limit was placed at the General Green Shopping Center lot. Commuters from as far as Morris County have been parking their automobiles in the local lots and taking buses to Newark and New York at Springfield Center.

In announcing the new parking plan, Sibole said that it was not "a harassment of any group" but that our own people pay for the lots and should be the ones to benefit from them. This action was taken, he said, after serious study and careful watching of the conditions in the parking lots and it was concluded that the local residents were being denied the use of the lots because they were loaded with commuters.

An ordinance to amend a zoning ordinance so that the planning board will be able to review and control applications for apartment houses and their layout on property less than five acres in size was unanimously adopted. There were no objections at the public hearing last night and Committeeman William Balentine announced that the law would be effective after publication June 18th.

Request of the Fire Department for a fire hydrant in Shunpike Road in the vicinity of West Bryant Avenue was granted.

The attendance of Wilbert W. Layne, secretary of the Board of Tax Assessors, and Harry E. Montrose at the 27th International Conference on Assessment Administration at Montreal, October 8 to 11 was approved.

The Fourth of July Committee was granted \$300 for festivities. Seven plenary retail consumption licenses and five distribution licenses were renewed. Joseph

Finances Keep Students Out of College

Many students capable of achieving success in college do not now further their education for financial reasons, Dr. Randolph T. Jacobsen, principal of Jonathan Dayton Regional High School, said at a kick-off luncheon of the PTA scholarship drive on Monday in the Springfield Steak House.

About \$2,500 is now required for each year in college, he asserted, and the present amount devoted to scholarships for each graduating class is \$2,550. Fifty per cent of the Regional High School graduates now attend four year colleges and about one third of them count on scholarship aid. He pointed out that funds set aside by parents years ago for educational purposes fall far short of meeting tuition costs, which rise each year.

Dr. Jacobsen urged the luncheon guests, who included leaders in business and industry in Springfield and Kenilworth, to get behind the PTA in its ambitious project. He thanked the organization for its vision and enthusiasm.

In introducing the speaker, Meyer A. Biddelman said that although \$50,000 is an unprecedented goal, he feels that it is warranted because of the urgent need. He said that the PTA must succeed in its drive, not only to aid its own high school graduates, but also as an example to other communities.

Rupert H. Humer, co-chairman with Mr. Biddelman of the scholarship committee, announced that all the firms in the area served by the high school will be contacted and given an opportunity to back the scholarship fund. Members of the advisory committee will be asked to assist in making contacts or to serve in other ways, he said. Gifts may be designated for specific fields, he said.

Magistrate William B. Bruder gave the invocation.

Standing, left to right: Mesdames Clarence Freundlich, treasurer; William Schwartz, parliamentarian; Irving Kales, financial secretary; Martin Fishbein, corresponding secretary; Rudy Bamberger, treasurer; Sidney Rosenkrantz, recording secretary. Sitting, left to right: Mesdames Nat Turan, Vice President; Leslie Rosenbaum, vice president; Harold Silverman, president; Edward Denner, vice president; and Bertram Cooperman, vice president.

Fourth Group Needs Funds For Program

The Fourth of July Committee is again confronted with the challenge of obtaining sufficient funds to defray the cost of Springfield's local July Fourth program.

The primary purpose is three-fold, i.e. (1) to commemorate Independence Day, (2) to prevail upon our residents to remain in their own community, off the crowded highways, and provide a means for broader acquaintances and neighborliness and (3) to present a well-rounded program of activities for the youth of our community.

To meet the increased expenses of this program, it is necessary that the group again call upon the Springfield businessmen, to help meet this challenge.

The Committee is soliciting aid for the local celebration by this direct means. It shall appreciate and contribution made respectfully request that checks be made payable to "Treasurer", Fourth of July Committee, Inc.

Receives Commission—Eric E. Cowan, 174 Harold Avenue, Fairwood, received his commission as a second lieutenant in the U.S. Air Force Reserve following commencement ceremonies at Lehigh University on Monday.

HELEN SABO

Friends of Douglas A. Hall, son of Mr. and Mrs. Elliott Hall of 8 Washington Avenue, will be happy to know that Douglas and his wife welcomed their first child, a son, on June 5. The baby was born in York Hospital, York, Maine, where Douglas is teaching in the high school. The young man, who has been named Charles Elliott in honor of his two grandfathers, thoughtfully timed his arrival to coincide with a visit grandmother Hall was making to her alma mater (Bates College in Lewiston, Maine), and so she was able to see him before returning to Springfield. Our congratulations to all.

Mrs. Carl P. Kessler, daughter of Mr. and Mrs. Harold Nenninger, of 23 Bryant Avenue, will be in the group of wives who are traditionally asked to rise and receive applause during the commencement ceremony at Jefferson Medical College of Philadelphia on June 16. Jefferson will be granting its 20,000th M.D. degree to the 91st graduate of this year's class, and become the first American medical college to reach that total. Mr. and Mrs. Kessler were married in 1959. Birthday congratulations go to Victor Horowitz, son of Mr. and Mrs. Horowitz of 83 Beverly Road, who celebrated his sixth birthday with a party on June 10. Victor's guests, in addition to sister Judy and cousin Ellen Grossbarth, were Pamela and Linda Kiesel, Philip Lambert, Johnny Baha, James and Karen Mauro, Lori Taub, Roy Fried, James Cicconi and Rebecca Goodman.

Mrs. Nettie Duffy, of 8 Maples Avenue, is now off the critical list, and is recuperating at Overlook Hospital from major surgery. Three Springfield residents were in the graduating class when the Pingry School in Elizabeth celebrated its one hundredth commencement on June 8. The class of 1961 included James Howard Chalmers, Jr. of 17 Meisel Avenue, Bruce Whitefield-Evans, Jr. of 41 Main Street, and Toshikazu Hattori, of 41 Main Street, who received a special certificate.

Members of the Chancel Choir of the Springfield Methodist Church enjoyed an evening of fellowship on Thursday, June 8 at a dinner party in the William Pitt Restaurant in Chatham. The occasion was a surprise birthday and farewell party in honor of Mr. Ewell

ya Hall of 8 Washington Avenue, who will be moving to Maine in August, where she and her husband plan to enjoy their retirement. Those present, in addition to Mrs. Hall and her husband Mr. Elliott Hall, were Mr. and Mrs. W. Young, Mr. and Mrs. A. Ferguson, Mr. and Mrs. G. Arey, Mr. and Mrs. N. Simons, Mrs. M. Vincent, Mrs. J. Mason, Miss J. Heller, Miss C. Jensen, Miss V. Rooge, Miss B. Mason, Mrs. R. Mathews, Mr. P. Muller, Mr. J. Cleitsmann and Mr. A. Bowman. After dinner, the group gathered at Mrs. Mason's home, where Mr. Hall showed movies of Maine, and refreshments and group singing completed an enjoyable evening. Mrs. Hall, in addition to singing in the Chancel Choir, has been piano accompanist for the Junior Choir, and has been organist at the Sunday morning worship service when the regular organist was ill. A faithful worker in the Women's Society for many years, she has twice been president, completing her second term this past May.

Congratulations go to Mr. and Mrs. John Rawlins of 27 Evergreen Avenue on their birth of their son John Jr. on May 31 at Overlook Hospital. The new addition, who weighed in at nine pounds, two ounces, has a two-year-old sister Tracy Lee. on the Springfield Party Line column of last December 29 I took occasion to thank Mrs. Hyman Ginter of Garden Oval for keeping me up to date on joyful events in her part of Springfield. Her calls and her kindness will be sorely missed.

Cornerstone Dedication Student Mertz Held by Saint Stephen's Appointed Typist

The Cornerstone of the new Church House at St. Stephen's Church in Millburn was laid on Sunday, June 11th immediately following the 11:00 service in the church. A large congregation of people was present for this was also the occasion of the annual 'union' service of the 9:15 and 11:00 congregations. The cornerstone was specially made by the Lincoln Monument Works. The inscription 'A.M. D.G.' are the initials of the Latin inscription 'To the Greater Glory of God'. The date 1960, the year the Church House was begun, is also inscribed on the Cornerstone. Appropriate objects were placed in the Cornerstone. A Cross was formally presented by David H. Brown, Senior Warden of the parish. A Holy Bible was presented by Frederick Thompson, Junior Warden and architect of the new building. This Bible, published in 1862 (when St. Stephen's was only eleven years

old) was carried in the Civil War by Benjamin Livingston. It saved his life from enemy gunfire, and a bullet hole can still be seen in the Bible. A Book of the Cornerstone by C. Perry King, a Vestryman and treasurer of the parish. A list of diocesan and parish officers was offered by Richard B. Wearn, a Vestryman. Also set in the foundation were American coins of 1961 in an old coin purse. The Millburn parish is 110 years old this year, but the church building was moved across the street and annexed to the church, and has served since as the Church-Schools Building. The church was in need of larger facilities when the Church House campaign was inaugurated last year. It is expected that the building will be opened for use in several days.

Miss Laure M. Mertz, daughter of Mr. and Mrs. Edward M. Mertz of Brook Street, Springfield, has been appointed to serve as typist for the AGORN, college newspaper at Drew University. Baha'is Observe Race Amity Day

White the Baha'is of the United States observe Race Amity Day today, millions of people in the world, including many in this hemisphere, are struggling to break down the racial barriers that have been set up by tradition. Chairman of the Springfield Baha'i Group, asserts that the battle waged by those who have felt the sting of racial prejudice is being won. That they are riding on the swift current of a historical trend that is moving toward a time when most people will consider the earth "one country and mankind its citizens." And this will come about, Mr. Loas says, because God is the prime mover of this trend. He claims that God's latest Prophet, Baha'u'llah, came in the mid-eighteenth hundreds with a message for all mankind. And part of the message dealt with the issue of racial equality. Mr. Loas says that the Baha'i teachings declare "In the estimation of God all men are equal. There is no distinction or preference for any soul, in the realm of His justice and equity." And to prove the dynamics of these teachings, Mr. Loas points out that people from almost every ethnic and religious background, every skin color have embraced the Baha'i World Faith. This Faith has demonstrated to the world, Mr. Loas adds, that the teachings of Baha'u'llah are able to sweep away the man-made barriers that keep men from reaching his age-long goal; the brotherhood of man in action. In observance of this day a public meeting will be held on June 10th at 8:15 p.m. in the home of Mr. and Mrs. Joseph Loas, 141 Salter St. The speaker for the evening is Mrs. Estelle Rouse and the subject is "Runways for Peace." Mrs. Rouse's background is very interesting. She was born in Panama, lived later in Costa Rica for five years and prior to moving to

Springfield three years ago, was very active in the Baha'i Faith while residing in Cincinnati. The Loases extend an invitation to all races to join them at their home.

Miss Wahl Ends 42-Year Teaching Career June 24

June 24, the last day of school will mean the end of a 42-year teaching career in the Springfield elementary school system to Miss Frances D. Wahl.

But it will not mean the curtailment of her interest in children. "I like to keep going and children keep you young," she said. Future plans include working with children in the Sunday School at Methodist Church, New Providence, where she has been superintendent of the primary department for many years. Witnesses To Witness Meet Post Offices Offer Exams

The weekly meetings of the local Congregation of Jehovah's Witnesses Springfield, will be cancelled from June 20 to June 25 when they will resume on their regular schedule, according to Mr. Marshall De Cristofaro, Minister of the congregation.

The reason for this change is that 60 members of the congregation will be attending the "United-Worshippers Assemble" in New York City, from June 20 to 25.

"The convention sessions will actually be a continuation of our local meetings, only on a much larger scale," said Mr. De Cristofaro. The presence of delegates from the entire Western Hemisphere among the 70,000 expected to attend the assembly will underscore the convention theme of "Unity," he said.

Featured discourse of the convention will be "When All Nations Unite Under God's Kingdom" by Nathan H. Knorr, President of the Watchtower Bible and Tract Society, on Sunday, June 25.

He said that those attending the convention from the local congregation "expect to return better equipped to carry on their Bible teaching activities on the local scene."

Clean thoughts about that dirty moth

This dirty "varmint" silently steals his way into your home and stuffs himself with your finest clothes. Chances are that you won't be aware of his visit until he's made a clean get away and left your wardrobe holed-up permanently.

Of course you don't give up without a fight! All your reserves are mobilized for chemical warfare, and you plan to smell him out (and perhaps your family, too). We wish you success, but even more, we're prepared to help you master the culprit.

Our free storage plan not only safeguards you from the moth, but also leaves your closets free for your summer wear. First we'll dryclean and moth proof your clothes. Then they'll be placed on hangers and into sealed plastic bags for storage. At the end of the summer we'll take them out of storage and have them pressed so that they're fresh and neat when you need them.

So why take chances, or go through needless work and expense, when you can leave it to Pan American. All you pay is the regular drycleaning charge. Insurance is available at 2% of evaluation.

Open 7 A.M. to 7 P.M. Monday through Saturday
Same Day Drycleaning at no extra charge

Meisiek's To Voyage Europe

Mr. and Mrs. Henry Meisiek of 57 Henshaw Avenue, Springfield, are making plans for extensive travel this summer.

First, they will be going to New York City with 60 other members of the Springfield Congregation, to attend the United Workers Assembly of Jewish Witnesses to be held at Yankee Stadium June 20-25.

According to Mr. Meisiek, "I expect to see delegates from every major country in this hemisphere."

When the majority of the local representatives return from New York City, the Meisieks will not be among them, for they will join others from this part of the state who will be leaving by plane to attend European assemblies.

Conventions similar to the one at Yankee Stadium will be held in Copenhagen, Hamburg, Paris, London and other cities.

The trip will be enjoyable, of course, but the real joy derived from going to Europe is the spiritual benefit obtained from our association with many fellow Christians in those countries.

We know this will make the trip worth its cost in time and money, Meisiek remarked.

Refreshments were served.

The ETIQUETTE of WRITING PAPER
Monograms vs. name and/or address. A monogram may be used (either at the top, left or center, or on a note or informal in the center of the page) on any type of paper save a calling card. Here your married name and title should be used - e.g., "Mrs. John Smith" or "Mrs. John Edward Smith" - no initials. You and your husband may also have joint calling cards - "Mr. and Mrs. John Smith." The address, if it is included, should be in the lower right-hand corner. The same form may also be used on informals and correspondence cards, but on the latter the name and address are placed at the top of the card, to leave room for a longer message.
On paper used for formal correspondence, either a monogram or your address only is preferred. For everyday correspondence you may, if you wish, use your name and address. In this case, you use your given name, surname, and your husband's surname - e.g., if you were Jane Doe before your marriage to John Smith, the name on your stationery should read "Jane Doe Smith." (Of course, unmarked stationery is also correct.) For informal correspondence, paper printed or engraved with a restrained decorative motif is also acceptable.
Engraving vs. printing. Etiquette experts say that calling cards and formal stationery should always be engraved. Printing may be used for all other papers.
Envelopes. These may be lined or unlined. Thin papers almost always have linings to prevent the writing from showing through. When only a monogram is used on the paper, the flap of the envelope is often engraved or printed with the address.

Fun on 4th For Family

The Springfield Fourth of July Committee, Inc. is sponsoring the 13th annual "Independence Day Celebration" on Tuesday, July 4th.

The traditional celebration of our Country's Independence has come to be a day of real pleasure for all. It has always been most gratifying to see the neighborliness and goodwill which have always been present in abundance in Springfield.

The committee has planned a fun-filled day for everyone, from early morning until late in the night. The whole family can participate on this festive occasion. The committee is expending its efforts to make this day a success, but success can only be measured by everyone's support, making this a true community program.

Attention Bowlers

The bowling league, sponsored by the Men's Club of Temple Beth Ahm, Springfield, is now organizing for its 1961-62 season.

All temple members, that have not previously bowled in the league, and would like to bowl are requested to call either Syd Faber at Dr-6-6104, or Len Seroff at Dr-6-2619 immediately.

The league will commence on Sunday-morning September 10, 1961, at 10 A. M. and continue on successive Sundays through mid-April 1962.

In order to arrange the schedule it is urgent for the league secretary to know at this time exactly how many new men to expect.

IT'LL BE BACK IN TWO WEEKS—This past week-end thousands of National Guardsmen left to two weeks reserve training. Scenes such as the one pictured above were repeated all over New Jersey. Typifying the feeling of these men is Scotch Plains resident First Lieutenant Howard Spencer as he bids fond farewell to his wife and children. Left to right are Donna, 6, John, 5, and Howard IV, 10. Women's Open Golf Held AT Boltusrol

Never underestimate the power of a woman—especially on a golf course! There never was a truer axiom, and the USGA Women's Open Golf Championship at Baltusrol Golf Club June 29-July 1 is a pretty good way of proving it.

The "baby" of all national championships, the Women's Open, will be played for only the 16th time—the ninth under United States Golf Association sponsorship. But in that short span, the ladies of the links have been able to match, with one exception, many of the major records the men have set in 60 championships.

Take a look at the record: Betty Rawls has the best chance of any active golfer of winning five Open Championships. The defender at Baltusrol, she also triumphed in 1951, 1953 and 1957. She ranks with Willie Anderson, Bobby Jones and Ben Hogan as the only golfers to accomplish such a feat in the history of the game.

Mickey Wright won the Open in 1958 and 1959. Her consecutive victories put her in a class with Anderson, Johnny McDermott, Jones, Ralph Guldahl and Hogan. Fay Crocker of Montevideo, Uruguay scored an Open triumph in 1955 to take the title overseas for the only time. Her victory was the first of its kind since 1920, when Ted Ray pulled the trick.

Miss Rawls, in one of her Open conquests, and Kathy Cornelius both survived playoffs to win the title. Miss Rawls outlasted Jackie Pung, 71-77, after both had tied at 301 in the USGA inaugural in 1953; Mrs. Cornelius outplayed amateur Barbara McIntire in 1956, 75-82, after both had finished with 302 for the regulation 72-hole distance.

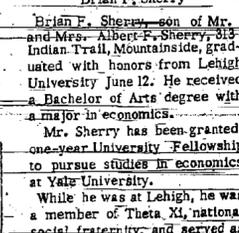

The playoff, incidentally, had proved the most popular form of sustained pressure for the men also. They have had a total of 18 such tussles in the history of their event.

Sherry Wins AB Degree, Fellowship

Brian F. Sherry, son of Mr. and Mrs. Albert F. Sherry, 313 Indian Trail, Mountaineer, graduated with honors from Lehigh University June 12. He received a Bachelor of Arts degree with a major in economics.

Mr. Sherry has been granted a one-year University Fellowship to pursue studies in economics at Yale University.

While he was at Lehigh, he was a member of Theta Xi, national social fraternity, and served as vice president and rushing chairman. He was named to the dean's list for scholastic achievement and was inducted into Phi Gamma Mu, national social science honorary. He also was a member of Pershing Rifles, military honorary and of the Photograph Club.

Brian F. Sherry

The major instance where the women have failed is that there never has been an amateur player to win the Open and match the accomplishments of Francis Outmet, Jerry Travers, Chick Evans, the immortal Jones, and Johnny Goodman. Miss McIntire came the closest in 1956 when she tied Mrs. Cornelius.

But despite this obvious falling, former Women Amateur Championships have fared better than their male counterparts in the Open. Patty Berg, Betty Jameson, the Great Mildred (Babe) Zaharias, and Louise Suggs all collected top money in the Open after leaving the amateur ranks. Only two men have been able to do this after turning professional—Littler and Arnold Palmer.

No mention is made of the failure of the women to approach a "grand slam" which Jones accomplished in 1930, and for obvious reasons—there just isn't any such combination possible. But don't sell the staff divot diggers short, considering the strides they have made since 1946—even the rarest of the rare may become a distinct possibility in the not-too-distant future.

Firm Opens New Office In Maplewood

Herbert W. Kimmeler, president of Kimmeler Paint Centers has announced plans to open a major decorating center at 1915 Springfield Avenue, Maplewood. The new location will occupy nearly eight thousand square feet in addition to a large parking area adjacent to the building. The entire area will be devoted exclusively to the sale of paint, wallpaper and allied products. The Kimmeler organization was founded in Newark in 1896 and has served painting contractors, institutions and home owners in this area for three generations. Due to the change in shopping habits of customers and the growth of the suburban areas, the company has been expanding its operation over the past years. The Maplewood store will be the fifth in the chain. The other stores are located in Montclair, Morristown, Red Bank and Newark.

Both Herb Kimmeler and Arthur Kimmeler, the owners of the company are residents of Short Hills.

Be Prepared For Picnics

Almost any time of day will do for an old-fashioned summertime picnic. This is the kind where Mom prepares a meal in the kitchen and packs it in a big hamper for under-the-sky dining. It can be lunch, dinner or late supper, depending on the hour.

To provide for these impromptu excursions, keep the hamper in readiness with paper napkins, cups and plates, and plastic or other types of "silver." Then all mother need do is pack the food just before taking off.

Report to the People

By Florence P. Dwyer, Congresswoman from 6th District, New Jersey

With the end of the long Memorial Day weekend, Congress has moved into high gear where it will stay throughout most of the hot summer months here in Washington.

For the most part, the more controversial bills are still ahead of us; three major education proposals, for instance, the general aid to education bill, the more specialized amendments to the National Defense Education Act, and the new college aid legislation; then, there is the housing bill with its extension of authority for urban renewal and other existing programs and its new ventures in the fields of low-income and middle-income family housing, the foreign aid bill with its new emphasis on long-range economic planning and aid to the developing countries, the very debatable new farm program, the extensive and equally controversial proposals for tax revision, the various plans for reforming the regulatory agencies, several appropriation bills, and many other important measures.

One of the factors accounting for the more-than-usual amount of controversy about much of this legislation is the tendency—more pronounced this year than in the recent past—to add "sweeteners" to bills in the form of added benefits or special advantages. While some of this has originated in the requests sent to Congress by the Administration, much of it has been done by the House and Senate leadership in direct opposition to President Kennedy's plea to Congress not to load Administration bills with expensive and unneeded spending. The purpose, of course, is to help overcome the majority's reduced margin, especially in the House, by attracting otherwise reluctant support by means of the added enticements.

The depressed areas bill, as you may recall, was a classic example of this questionable strategy. In order to assure enough southern and rural votes to pass this essentially urban-industrial area bill, a brand new section was added providing aid for developing rural industry—a purpose already served by an existing program and an objective basically unrelated to the original bill.

The strategy was repeated again this week during consideration of the Agriculture Appropriations bill, and it involved funds for the agriculture conservation program. Despite the good work that has been done under this program by encouraging such soil conservation practices as strip-cropping, terracing, contour plowing and tree planting, the program's recent emphasis has gone in two quite wasteful directions.

One is a \$70 million subsidy for fertilizer, chiefly limestone, much of which is devoted not to conservation practices but to obtain more intensive production of farm commodities already in over-supply. Thus, the taxpayer is placed in the ridiculous position of providing an unnecessary subsidy to raise more unneeded crops for which he then must find storage and pay high price supports which, in turn, requires him, as consumer, to pay higher food prices.

The second wasteful program is the \$10 million annual subsidy for draining farm wetlands. Not only does this program also lead to more crops per acre, higher price supports and higher food prices, but it compounds this waste by destroying valuable wetlands which support many forms of waterfowl and wildlife. We have lost so much of our wildlife by draining wetlands that the Department of the Interior and true conservationists believe it is now necessary to flood the wetlands to preserve the wildlife.

In the fiscal 1962 budget he submitted prior to leaving office, President Eisenhower requested \$100 million for the agriculture conservation program. President Kennedy's budget raised this figure to \$150 million, yet the Agriculture Appropriations Subcommittee—whose members pride themselves on their economy—added \$100 million, making a total of \$250 million, with most of the extra funds destined for the practices I have described.

During preliminary consideration of the bill, we managed to win approval of an amendment cutting \$100 million of these funds, but the opposition later rallied its forces and defeated the amendment by the narrow margin of 196 to 184—a victory, I am sorry to report, for a couple of the most wasteful and unjustified projects I have found in five years in Congress.

Hanigan Recruits Teachers Raymond Gruen To Great Through Campaign, Letters Receives Britain Voyage BS Degree

The Mountainside School System through its Superintendent, Dr. Levin B. Hanigan, has instituted through the year-an intensive recruiting campaign to discover and bring to the side the best teachers to be found. As part of this effort, Dr. Hanigan has visited the campuses of Trenton State, Newark State, Rutgers, Jersey City State, Paterson, Columbia, and the University of Pennsylvania.

In addition, teachers and administrators within and outside the school system have been re-

quested to submit names of prospective teachers. Parents and community members have been approached, too.

One of the latter, Dr. Minor Jones, of Passaic, has sent two teachers who are wives of our standing young men hired by his company. This cooperation and interest in the schools pays real dividends.

Another phase of this campaign has involved extensive correspondence with colleges, universities, and school systems in the eastern half of the United States.

Joseph J. Raymond

Joseph John Raymond, 26, of 90 Battle Hill Avenue, Springfield, son of Mr. and Mrs. James Raymond, formerly of 500 Mountain Avenue, and son-in-law of Mr. and Mrs. James Schweitzer of 96 Meisel Avenue, was graduated from Newark College of Engineering, Thursday, June 8, with a Bachelor of Science degree.

While attending NCE Mr. Raymond served in the capacity of Vice Chairman and Treasurer

Frederick R. Gruen of Colgate University, son of Mr. and Mrs. Stanley Gruen, 1 Cypress Terrace, Springfield, will be going to Great Britain July 4 for the 1961 summer program of the Experiment in International Living. He will fly on the Flying Tiger Line leaving from Bradley Field, Connecticut.

The Experiment in International Living is an independent, non-profit, educational-travel-organization of the American Institute of Electrical Engineers, Social Chairman of Alpha Sigma Mu Fraternity and Section Representative for three years and a member of the Institute of Radio Engineers.

A graduate of Essex County Vocational and Technical H.S. Mr Raymond served three years in the U.S. Army and was awarded the Combat Infantry Badge, two battle stars and Sigman Rhee Citation while serving in Korea, prior to attending college.

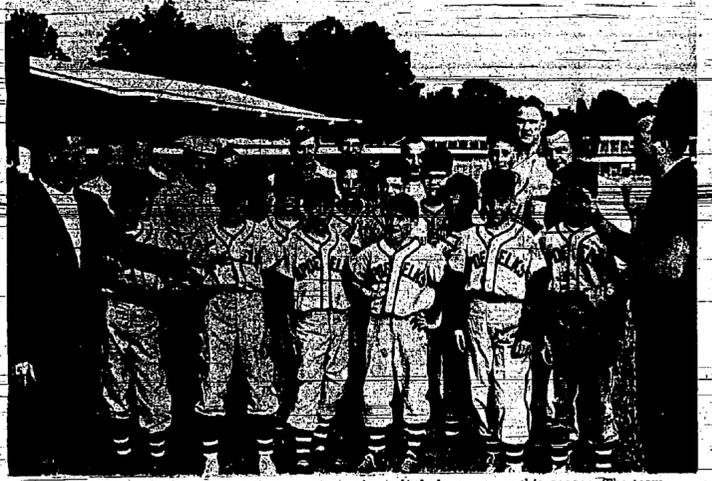

He and his wife, the former Phyllis Schweitzer, 25, their son, Jeffrey, 3, and daughter, Lori Ann, 2, now reside in Clifton.

Mr. Raymond has accepted a position as an Engineer with Western Electric Co., Inc.

ization which helps to promote international understanding by a person-to-person approach. Since its founding in 1932 by Donald B. Watt, the Experiment has sent more than 14,000 Americans abroad to learn how peoples of other countries think, act and live. This year, some 1200 will travel to 28 countries on five continents. Each of these Experimenters will live for a month as a member of a foreign family and will spend another month traveling about the country visited.

Experimenters travel in groups of about ten, under the guidance of mature leaders specially selected and trained by The Experiment. Before they are admitted to the program, every effort is made to assure that Experimenters are worthy representatives of the United States.

Members receive special instructions on the language, customs, history and culture of the country they will visit. After the homestay, they travel as a group, often in the company of young members of their host families. Toward the close of the program, Experimenters enjoy a visit to a major city, such as Paris or London and an opportunity (for those who qualify) for a few days of independent travel.

Combination Of Toll Plazas Agreed Upon

An agreement on a functional plan to combine the four present toll plazas of the New Jersey Turnpike Authority at Saugus (#17) and Lincoln Tunnel (16) and to construct two new toll plazas was reported at the Commissioners' meeting on Wednesday, June 7. The construction of the second toll plaza, will replace also the present George Washington Bridge (#18) toll plaza.

The agreement was made at an earlier meeting between State Highway Commissioner Dwight R.G. Palmer, his Chief Engineer and staff, Chairman Joseph M. Recraft, Jr., of the New Jersey Turnpike Authority, Commissioner Angus M. Harris, Executive Director W.W. Wansmaker and the Authority Design Engineer, Arvind V. Kokatur. Also present was Eugene Mori who owns considerable property in the area.

Plans for the project are now being completed and a copy will be forwarded to Commissioner Palmer who will draft the principles of agreement between the State Highway Department and the Authority. The agreement will provide for the State Highway Department to re-imburse the New Jersey Turnpike Authority for its share of the work, the construction contracts to be awarded by the Authority who would supervise so much of the work as it pertains to the Authority and the State Highway Department to supervise that portion which relates to Route 3 and its part of the work.

The Executive Director said that a rough estimate, without engineering plans, of the cost of the entire project is around \$10,000,000—of which the major portion, about \$6 - \$7,000,000 would be borne by the Authority. He added that the Port of New York Authority is not directly involved but that it has been a participant in discussions.

It is hoped that construction contracts for the work can be let in the Spring of 1962 so that the project will be available in-time for the coming World's Fair in 1964.

The award of a contract to National Automation Corp. for \$22,900, the low bidder, was authorized by the Commissioners. The work involves repairs to pump-islands and driveways at Service Area 6N and 6S in Hamilton Township.

A.K. Tool Yankees View League Crown

The A.K. Tool Co. Yankees took a big step toward the Babe Ruth Championship by defeating the Lions Club Indians and the Hago Products Red Sox in their two scheduled games this week.

The Yankees are virtually assured of a tie as they have four rain-out games to make up. Two of these are against the Hago Red Sox who is the last place club having won only two games.

On Monday night the Junior Varsity squads played their scheduled games. The Lions Club Indians walloping the A.K. Tool

Yankees 14-4; The Best Way Products White Sox, behind the one-9-1.

In the Varsity games on Tuesday evening, the A.K. Tool Yankees continued their drive to the championship by defeating the Lions Club Indians 7-6. However the Indians threw a scare into the Yankees by scoring five runs after two outs in the last inning. But their rally fell dead when Paul Schwartz failed to slide in and was tagged out at the home plate with the typing run.

On Tuesday evening, pitcher, John Adams, of the Best Way White Sox, demonstrated his best form in pitching his first not-hitter. Adams had excellent fielding—behind him and had the clutch pitch in two innings due to walks.

The Hago Products Red Sox scored their only run when a spectator touched an overthrown ball at third base. The umpire ruled interference allowing the runner had been tagged out by catcher, Art Lesmox by ten feet. The final score was 10-1.

In Saturday's double header the A.K. Tool Yankees walloped the Hugo Products 14-4 with Harold Butts as the winning pitcher. In the second game with the Lions Club Indians handed the Best Way White Sox their fourth defeat of the season with a score of 7-5. Thus they practically eliminated the White Sox from a chance at Tool Yankees 6-2; Best Way White Sox 6-4; 1 tie; Lions Club Indians 4-4; Hugo Products Red Sox 2-7; 1 tie.

For Fashion's Sake, Soften Your Elbows

Sleeves are getting shorter and gloves are getting longer in fashion circles these days, but milady's elbows definitely will be exposed. Apply hand lotion generously and frequently throughout the day, massaging it into the elbows. Whisk off any moist excess with Kleenex tissues to avoid staining your garments. If the elbows are darkened and soiled looking, still apply this home-made bleaching agent: Mix a teaspoon of salad oil with juice of half a lemon. Rub it on elbows, letting it remain a few minutes. Rinse off with tepid water.

Deaths

ROBERT M. BILDER

Robert Martin Bilder of Mary Allen Lane, Mountainside, a lawyer and former song writer, died Friday at home of a heart attack. He was 48. Mr. Bilder received national notice when on April 11, the Third U.S. Court of Appeals ruled that the cost of a trip to Florida which he took because of his heart condition, was a medical expense and that he could deduct the expenses for himself, his wife and his daughter from his income tax. The Mountainside man said at the time his doctor had recommended that he go to Florida for his health. Earlier he had been permitted to deduct his own expenses but a lower court said he could not deduct the expenses of his wife and daughter who accompanied him.

Mr. Bilder, who was admitted to the New Jersey Bar in 1937, was a member of the Newark law firm of Bilder, Bidler & Freeman which is headed by his father, Nathan Bilder, of Mountainside. Born in South Orange, he was a graduate of the Choate School, Wallingford, Mass.; Williams College and Harvard Law School. At Williams he was a member of the varsity football team and captain of the varsity wrestling team.

Mr. Bilder lived for several years in Malibu Beach, Calif., and wrote the music and lyrics for several musical comedies including two movies, "Girl of My Heart" and "Shamrock Hill." His best known songs were "Take Me Down to the Sea" and "Keep Your Chin Up."

During World War II, he served with the Navy as head of the Judge Advocate's Division in the New Hebrides Islands and attained the rank of lieutenant commander. For the past seven years, he taught a course in English literature at Pine Crest Academy in Fort Lauderdale.

Mr. Bilder was a member of the Essex County Bar Association and of the Harvard Club of New York.

Also surviving are his wife, Mrs. Sally Ling Bilder, a son Robert Jr., 4, and a daughter, Cynthia, 10. His mother, the late Mrs. Zerlina Hirsch Bilder, was a well-known writer and speaker in the World Peace Movement.

ALFRED C. HECKEL

Alfred C. Heckel, former member of the Mountainside Borough Council and a former fire chief, died Saturday of a heart attack in his home at 308 Summit Road, Mountainside. He was 70.

Mr. Heckel was a founder of the fire department about 50 years ago and also served on the Board of Education and a member of the Mountainside Exempt Firemen's Association. He operated a truck surviving after his widow, Mrs. Wilhelmina Toins Heckel; three daughters, Mrs. Lucio Beatrice of Murray Hill, Mrs. Frank Damato of Westfield and Mrs. Albert Clark, at home; two sons, Charles of Berkeley Heights and Louis of Summit; a brother, Louis of Mountainside; three sisters, Mrs. Florence Mihal and Mrs. Caroline Calrk, both of Mountainside, and Miss Elizabeth Heckel of Roselle, and 11 The Rev. Milton P. Achey, former pastor of Mountainside Chapel officiated at services in Mr. Heckel's home Wednesday. Interment was in Fairview Cemetery, Westfield.

Carry a damp, soapy sponge in a container and a box of Kleenex tissues in the car for quick hands and face cleanups when you're touring with the children.

It's A Colorful World For The Modern Homemaker

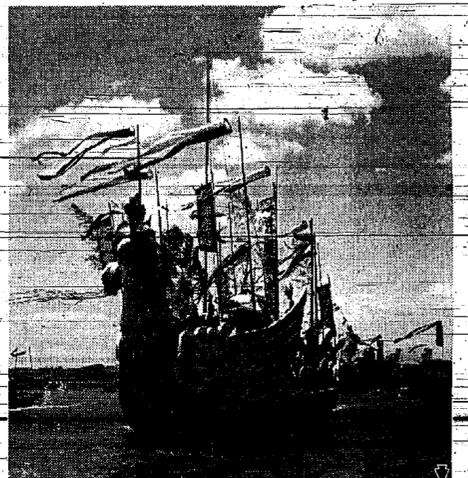

It doesn't take too much looking around these days to conclude that it's a colorful world we live in.

It's a far cry from grandma's day, for instance, when you could have any refrigerator color you wanted so long as it was white. And it wasn't too long ago that automobiles were offered in black only.

Now, color is everywhere, inside the home and out. The availability of color has given homemakers the opportunity of being their own interior decorators and of choosing the colors that best express their individuality. This is especially true in the choice of house and room colors, draperies, floor coverings, appliances and the like. It extends, too, to such everyday items as paper tissues and towels and shelf and drawer coverings which most often become part of the room's decor.

Color choice is especially welcome in a product like paper napkins. Since there's no washing or ironing after use, paper napkins are a convenience product. But with a tasteful selection of color and a simple but attractive fold, they also can make a real contribution to the appearance of your table. New colors are constantly being introduced. Casual size napkins, for example, are offered in the unusual shades of blue, coral and gold for brunches, buffets, breakfasts and bridge get-togethers.

It's Festival Time In Japan

The giant seagoing float, shown above, is enough to make a seasoned mariner rub his eyes in disbelief. It's one of several brilliantly decorated barges featured each July 9-11 in the Three Ships Festival at Matsushima, Japan. Competing with the festival for the attention of tourists are summer fairs, reports the Japan Tourist Association, is the splendor of the region itself. One of the three most scenic areas in Japan, Matsushima (Pine Islands) includes numerous islands of various shapes and sizes scattered about Matsushima Bay, each island being covered with aged, gnarled pine trees.

Mountainside Public Library: Its Present

The Mountainside Public Library is not a Municipal Library. That is, it is not supported wholly by public funds. It is administered by a Board of Trustees and is supported financially by money from the Borough Council, the Community Fund and gifts. Because it is a privately operated institution, the Borough Council is not obligated by law to give the Library any specific amount. When and if the Community Fund reaches 100% of its announced goal, the Library received 100% of its request. It is for these reasons that the Mountainside Public Library has been unable to grow at the same rate of speed that the borough itself has grown.

It is interesting to note that the population in Mountainside in 1950 was 2046, and the Library book stock at that time was 4500 books, a ratio of approximately 2.5 books per capita. In 1960 the borough population had grown to 6000 plus, and the book stock to 9535, a ratio of approximately 1.5 books per capita. But it also must be noted that in spite of limited funds and equipment the circulation of these books in almost unbelievable. Due to the efforts of the Librarians and volunteer helpers, these books barely have time to cool on the shelves before they are back in circulation.

In the fall of 1949 when Mrs. Henry Weber was president of the Board, Librarian Emily Hofarth gave library service to the pupils of the upper grades and began a series of story hours for the children in the lower grades. These attempts proved successfully, and so began the school service by the Mountainside Public Library. Starting in September, 1959, each class in the school had a regularly scheduled library period each week. Mrs. Joseph Hershey was president of the Board at this time. Circulation was now up to 93 books per over the same period in the previous year. Library membership totaled 1451, almost half the population of the borough. Additional funds were badly needed if the Library was to keep abreast of the demands of the population. The Library budget for the year 1951-52 was \$2400.00, a little more than \$1.00 per capita.

In September, 1952 Deerfield School opened and the Board of Education was contacted regarding space for a library in order to maintain the reading interest established through the school library periods. The Library offered to supply books and the services of the Librarian to the new school as was being done in Echobrook School. This offer was accepted.

The juvenile and adult memberships in the Library continued an upward trend, but because the Community Fund did not always reach its goal and because the Borough Council often found it necessary to cut the Library's request for funds, it was difficult for the Library to keep up, and impossible for the Library to work toward expansion and growth. In April, 1954 Mrs. Walter Young was president of the Library Board and 585 children in the Mountainside schools were being serviced by the Library. In the Fall of 1954 it was necessary to ask the Board of Education for financial assistance. An addition in the number of classrooms at Deerfield School required that more of the Librarian's time be spent there. The Board of Education gave money to supplement the Librarian's salary for this extra time through December, 1954.

In January, 1955 when the next year's funds were available it was not necessary for the Board to assist the Library financially. Frank Urner was president of the Library Board in January, 1955 and the daily circulation had risen to 164 books. Mrs. Kenneth Kirk, a Library Trustee, was hired as a part-time assistant Librarian because of the increased volume of work entailed by the increase in school service. The 1955 annual report gave these figures: book stock, 7144 annual circulation, 27,551, an increase in circulation of more than 400% over the previous year.

In February, 1956 the Mountainside Library felt a great loss at the death of Paul K. Davis.

Both Mr. and Mrs. Davis had served as Trustees for many years. Following a suggestion by Rev. Milton Achey it was decided to sponsor an annual award for oratory to a student graduating from the 8th grade. This award to be known as the Paul K. Davis Memorial Award. Winners of this award have been Wendy Tuttle, Donna Kristiansen, Judy Cenci and Nancy Johnson.

In April, 1956 the Library Board began to think about the possibility of some day having its own building. Trustees Mrs. Hershey and William Terley was appointed to investigate this possibility.

In January, 1957 William Terley was president of the Library Board. Miss Marguerite Jenison, Field Librarian of the State Public and School Library Board inspected our Library and was very impressed with the juvenile circulation. She felt, however, that as a library we could be well advised to divorce ourselves from school service in order to strengthen our service to the public.

In June of that year a letter was received from the Borough Council stating that they were in accord with the plan that a future Municipal Building should provide space for the Public Library.

In 1958 the Library Board found itself with a \$1000.00 shortage in its operating budget, due to a cut in the request to Borough Council, and a Community Fund drive that replaced and service to Deerfield School would have to be curtailed. Under these circumstances it would be impossible to service Beechwood School, scheduled to open in the fall. It was decided to approach the Board of Education for financial aid. Without this aid the Library service to the children could not be continued. At this time the annual juvenile circulation in the schools was 21,490 books and the school enrollment was 876 children, an average of about 25 books per child per year. In May, 1958 the Board of Education agreed to purchase \$5000.00 worth of books for use in the schools. This assistance made it possible for the Library Board to continue service to the children. At that time 44% of Librarian's time was devoted to school service.

In 1959, when Mrs. Hershey was again president of the Library Board, she was designated as "Librarian Year". The Friends of the Library, and organization specifically designed to assist the Library, was chartered. It was hoped that all the organizations in town would become aware of the needs of the Library. The Women's Club, Newcomers Club, the Friends, P-Ta, the Kiwanis and the Mountainside Music Association all responded with either money or volunteer help in the Library.

In September of that year, a part-time clerk was hired because of the interest amount of time required for school service. The classroom adjacent to the Library in the basement of Echobrook School was vacated and the Board of Education arranged to have the partition removed to enlarge the Library. This new room is used as a Youth Room. During the current school year, under the presidency of Mrs. Walter Young, it was decided to have the Library open on Saturdays especially to accommodate the over increasing number of high school students in the borough. It was also decided that the emphasis should be to increase the books stock for these students since their needs had been neglected due to the Library's main efforts having been expended on the elementary school.

In February, 1961 the Library Board published its feelings regarding the hiring of a school Librarian by the Board of Education. The Board of Trustees felt that this step would be of value to all Mountainside because the Board of Education would assume responsibility for the school library and allow the Public Library to service the public more adequately.

INTRODUCING

The magic of television is eliminating one of TV's early hazards — the colossal goof! TV GUIDE recalls a news show on station KTLA, Los Angeles, several years ago. The program was sponsored by an oil company and each night featured one of its dealers on a commercial. One night a Beverly Hills dealer was scheduled to appear. He had never seen the show before and was completely vague about its nature and his role in it. Further, he arrived late at the studio. He started to introduce himself but the guard thumbed him on. "Get into make up," he commanded. At this point, the KTLA had a weekly variety show featuring a minstrel band. The dealer was ushered to a makeup room, provided with a minstrel suit, blackface, and straw hat. He arrived on the set and the show was on the air and he came down in front of the sponsor's sign. In due time, the commentator said, "Now I want to present our distinguished dealer in Beverly Hills, Mr. John Doe." The dealer stood up, grinned broadly, gracefully doffed the skimmer and bowed deeply.

Paper Mill's Summer Festival Opens June 26

with Skinner and Conried

Cornelia Otis Skinner and Hans Conried will open Paper Mill Playhouse's Summer Festival of Stars on June 26 in the recent Broadway comedy hit, "The Pleasure of His Company." Written by Samuel Taylor and Cornelia Otis Skinner, "Pleasure" tells of the strange home-coming of Pogo Poole, "Sportsman, Globetrotter, Hero."

The Prices of the Summer Festival are the biggest bargain news around. Subscriptions can be had (for 7 shows and 12 stars) for as little as \$8.96.

The popular daytime serial, "The Brighter Day," will begin its 8th year on CBS-TV July 5.

Olympic Park Has New Ride

A speedway for go carts, the new, skid-proofed racers named "New Jersey roads," will be open this weekend at Olympic Park. This is the Irvington-Marlwood park's new thrill ride, affording the driver an illusion of fantastic speed although reported quite safe.

Loew's Stars Poitier Now

Sidney Poitier stars in Columbia Pictures' new drama "A RAISIN IN THE SUN," Motion Picture version of the New York drama critics circle prize winning hit, now at Loew's State Theatre, Newark.

Claudia Mc Neil and Ruby Dee are featured in the film adaptation produced on the stage by Philip Rose and David J. Cogan. Daniel Petrie directed the emotion packed Columbia Drama for producers David Susskind and Philip Rose. "A Raisin in the Sun" is a motion picture that mirrors on the screen the dreams, ambitions and frustrations of a Chicago south side family hoping for a better life.

STATIC

By Lawrence Witte

Brigitte Bardot is being sought by NBC-TV to film a spectacular for the network. They've even sent a film crew to try to convince her she'd be sensational on the tele screen.

Watch for Julia Moore's performance in the new Universal International film, "Tammy Tell Me True," in which she co-stars with Sandra Dee and John Gavin. In it Julia portrays the conniving niece of a rich widow. So effective is her acting that during a sneak preview of the film in New York last week, the audience booed and hissed her during the crucial courtroom scene.

Danny Thomas' daughter, Marie, will play the role of Joyce Bishop's sister in the comedian's forthcoming TV series.

For your summertime reading pleasure: "Nightmare," by Anne Blaisdell, a very talented English suspense novelist, and published by Harper & Brothers. This tale of terror will keep you on the edge of your chair from the first page to page 210.

"Suspense" will return to the CBS Radio network on Sunday, June 25. It will be produced in New York and replace the radio version of "Gunsmoke." Red Rowe, host of "Face the Facts" game show on CBS-TV, has been a flying enthusiast for years. Although he doesn't own a plane of his own, he frequently rents one to take his wife and children on weekend aerial jaunts.

Richard Kiley and Mary Pickett star in "Trial Without Jury," an unusual courtroom drama in which a father's struggle for the custody of a young girl turns into a grim battle for his life on "The CBS Hour" June 14, on CBS-TV.

Ernie Kovacs' "Hired Special" for ABC-TV will be seen on Thursday June 15.

Jayne Meadows and John Daly will co-anchor CBS-TV's coverage of the "Miss Universe Beauty Pageant," Saturday, July 15.

Producer David Merrick has signed Sydney Chaplin for the starring male role in "Subways Are for Sleeping." The new musical comedy is by Betty Comden and Adolph Green based on Edmund Love's novel. Julie Syne is writing the music and Comden and Green the lyrics. Show will open on Broadway Christmas week this year.

Fred MacMurray, star of ABC-TV's "My Three Sons," has been named "Television Father of the Year" by the National Father's Day Committee.

Sal Mineo has been signed to star of a "Wagon Train" TV series episode, "The Mark Miner Story." He begins filming in Hollywood this week. Mineo is currently being seen on movie screens throughout the world in the exciting role of Dav Landau in "Exodus."

Miss N. L. Contest Next

Watchung Girl Captures Miss Union County Title Times

Marilyn Hauffer of Watchung, formerly of Westfield, became Miss Union County Saturday night before a standing room only audience at the Scotch Plains-Fanwood High School. Miss Hauffer was crowned by Susan Barber of Westfield, a former classmate and the reigning Miss New Jersey.

First runner-up was Sally Berry of 36 Leland Ave., Plainfield, and Alne Peterson of 2245 Cole Ave., Scotch Plains was chosen second runner-up. Other finalists were Martha McMann of Summit and Dorothy Wynn of Fanwood. The finalists were chosen from a field of twelve entrants and were judged on the basis of their performances in the talent competition (50%), the evening gown promenade (25%) and the swimsuit competition (25%). Each of the finalists was then re-evaluated by the judges according to the sincerity and originality of their answers to the questions, "Do you think the American father should become the absolute head of the household that he was 50 years ago, and why?" and "What part do you feel a woman should take in modern day politics?"

Miss Hauffer, who won a \$150 scholarship plus a valuable wardrobe of gifts donated by local merchants, will represent this area in the Miss New Jersey Pageant at Wildwood, N.J. June 22-24. The Fanwood-Scotch Plains Junior Chamber of Commerce, sponsor of the official Miss America preliminary, will underwrite all expenses of the Queen and the chaperone of her choice when she seeks the coveted title of Miss New Jersey and the \$1,000 scholarship awarded to the winner of the State title. The five foot seven inch blonde lives at 675 Johnson Drive, Watchung, and attends Woman's College of the Univer-

sity of North Carolina where she is majoring in education. Although she has studied modern dancing, Miss Hauffer's talent presentation was a comedy monologue in which she portrayed a typical suburban mother. The sketch, entitled "Dinner's on the Table", was taken from Eleanor Goulding Smith's book by the same name.

Judges for the Pageant were Mrs. L. Ackerman, Fashion Director, Lillian O'Grady Stores, Mr. J. Leroy Bailey, Associate Professor of English, Jersey City State Teachers College, Mr. C. J. Crowley, Jr., Administrator, U.S. and Canadian Operations, Singer Manufacturing Company, Mr. Harry M. Seals, Secretary, Kefitan Valley Farms and member of the State Board of Education and Mr. L. Barry Tedesco, Supervisor of Music Education, Fairlawn Public Schools. Mr. A.G. Cornett, C.P.A., Rahway and Mr. Richard T. Kent, C.P.A., associated with Daystrom, Inc., served as official tabulators. Stephen Heiman was Master of Ceremonies and background music was furnished by Marilyn Thorne, organist. Additional entertainment was supplied by "The Overtones," a Barber Shop Quartet.

General Chairman of the Miss Union County Pageant was Meredith Donoho. Committee chairmen included H.T. Tomfohrde, 11 (Finance), Marlow H. Paulson (Advertising), James Ward (Tickets), Alan Anderson (Awards and Judges), Donald Reinhardt and Anthony Brewer (Entries and Hostesses). Stephen Heiman and Charles Bear (Production), Robert Smith (Publicity), Arthur Walsh (Program) and J. Howard Shoemaker (Refreshments). Proceeds from the Pageant will be used by the Fanwood-Scotch Plains Jaycees to finance various projects for the betterment of the communities.

CAPTURES STATE TITLE—Smiling brightly is the new Miss Union County—Marilyn Hauffer of Watchung. She won the county contest on Saturday night which was sponsored by the Scotch Plains-Fanwood Junior Chamber of Commerce. The contest was held at the Scotch Plains-Fanwood High School. (Fred Keating)

TEEN-AGER LANDS 10-FOOT TIGER SHARK

TO a teen-ager, catching a 10-foot Tiger Shark means a lot of work, but a great experience. Angling from a fishing pier in West Palm Beach, Florida, Kirk Schepanski, who is having some vaseline petroleum jelly applied to his line-burnt hands, baited the 400-pound sturgeon on the left for two hours before landing the "error of the sky." The young shark-hunter is part of a 31-member band of fishermen called the Palm Beach Sharks.

The many species of sharks caught from the pier by this group have ranged from five feet to the largest—11 feet, seven inches. Schepanski's landing of the 10-footer was similar to other catches. The shark swallowed the baited hook and hooked hook and the battle began.

Almost two hours later, the exhausted shark was brought alongside the pier and killed with a 34.70 rifle. Then, Schepanski climbed down the side of the pier and maneuvered a rope around the shark. All hands heaved to, and the shark was hoisted onto the pier where all pertinent data was obtained—such as the weight, measurement, specie, tide and water conditions when caught, etc. Much of the information is furnished to interested educational institutions.

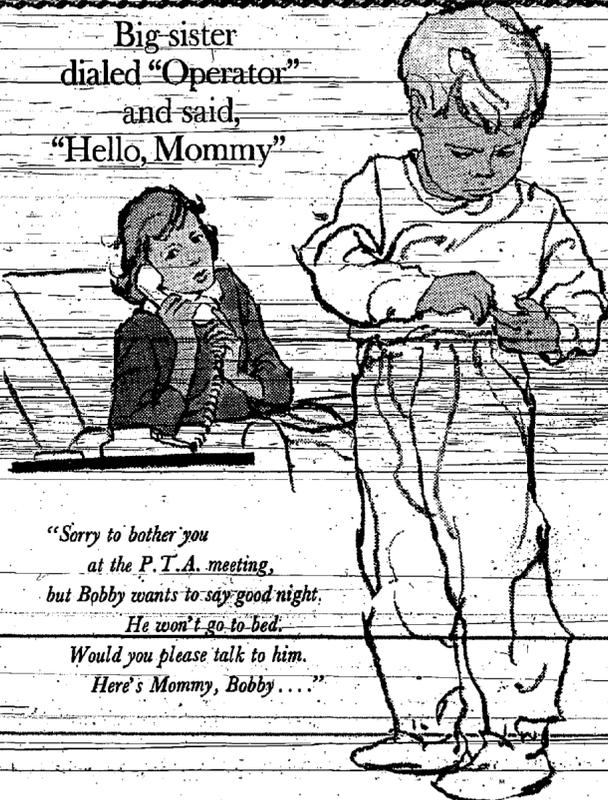

There's Another Way?

Joe Garagiola, former National League catcher and now commentator on NBC's "Major League Baseball" telecasts, relates this story about a banquet which he attended. Joe was introduced at the banquet by Frank Slocum of the Baseball Commissioner's office. Garagiola told TV GUIDE magazine, "It is with a great deal of pleasure that I introduce our next guest," said Slocum. "He has written a book. He grew up with Yogi Berra. Yogi has written a book. It could very well be the first time in the history of American literature that two fellows wrote a book before they could read."

Into Each Life

Art Linkletter, who has become a big success in radio and television, has other business pursuits which take up a good deal of his time. Among others, Art has substantial interests in an airline, oil wells, real estate a Colorado lead mine. "That was a bust," Art admitted to TV GUIDE, referring to the mine. "We failed to get the lead out."

Big sister dialed "Operator" and said, "Hello, Mommy"

"Sorry to bother you at the P.T.A. meeting, but Bobby wants to say good night. He won't go to bed. Would you please talk to him. Here's Mommy, Bobby...."

That's how this true story told to us by a customer started. Bobby was uneasy because Mommy was away—and Mommy couldn't be reached by phone. Big problem! But big sister had an idea that might work. She dialed the telephone operator. And the idea did work! The operator caught on right away, and played "Mommy" so well that Bobby went straight to bed and fast asleep.

Naturally, the job of providing fast, dependable telephone service doesn't leave much time for operators to play Mommy. But a New Jersey Bell operator is encouraged to be resourceful in recognizing the moments when it pays to stretch the rule book to give good service. You'll find there's hardly an operator who can't tell stories like this one. NEW JERSEY BELL

A penchant for purple is paying off for Sheb Wooley, who penned the novelty "Purple People Eater." Song and more recently "Skin Tight, Pin Striped, Purple Pea. Pushers." Wooley, who doubles in talent as trail scout Pete Nolan in the "Rawhide" series on the CBS-TV network Friday nights, admits that "purple is a color which inspires me. It also has taken me out of the red and put me in the black." The actor composer reports that he wrote both songs while on the "Rawhide" set.

CBS-TV is considering expanding "Have-Gun, Will Travel" to 60 minutes in 1962. Its decision may depend on the fate of another CBS telefilm series, "Gunsmoke," being expanded to the hour-length next season.

As a result, Lopez has ordered an ElectroChord equipped piano for his bandstand at the Taft Hotel in New York, and will shortly begin featuring the device during his dance sessions and network radio broadcasts from the room. The ElectroChord is the recent invention of 32-year-old Lee VonGuten.

The Showoff

Think you're brave? Then join the Marines! Don't try to "show-off" or prove your courage behind the wheel of an automobile. The AAA Foundation for Traffic Safety urges teenage drivers (especially boys) to confine their grandstand antics to the athletic field or playground.

Dear Sue

A TEENAGER'S POINT OF VIEW
BY SUE McDONALD

Dear Sue
I am a teen-age girl and have a crush on a boy who is four years older than I am. We are good friends, but that is all. How can I make him think of me as a girl friend and like me as I like him?

A Teen-Ager Who Needs Help
Macon, Ga.

Dear Needs Help
I doubt if you can make him notice you. Four years is a big age difference when you are in your teens. Really, he's too old for you anyway. Try to become interested in someone your own age.

Dear Sue
I am thirteen years old and go steady with a very nice girl. The problem is that she is a two-timer and lately has been acting like she likes this boy who is the big shot of our class. Do you think that I should break up with her?

Puzzled
Columbus, Ohio

Dear Puzled
I may lose many friends by saying this, but I don't think young teens should go steady. Why not use the teen years to get to know many people so that when you are ready to settle down you will know what you want? Your girl friend is proving by her actions that she wants to see other people. You should do the same.

Dear Sue
I have a very large nose. I have tried every hairstyle, but nothing helps. Do you have any suggestions?

Mary Elizabeth
Boulder, Colo.

Dear Mary E.
A make-up expert can show you how to minimize the appearance of your nose. If this doesn't do the trick, look into the possibilities of plastic surgery.

Dear Sue
I am a fourteen-year-old girl with a problem. Do you think that I am too young to wear lipstick? All my friends wear it and make fun of me because I don't.

Peg
Farmingdale, N. Y.

Dear Peg
There is no hard and fast rule about wearing lipstick. If most of the girls in your town wear it at fourteen, then I think you are old enough. Wear a pink shade, however, and keep it light.

Dear Sue
This may seem silly to you, but it has become a problem for me. I date a very nice boy who is just about perfect in every way except that he constantly yawns in public without covering his mouth. This yawns—embarrasses me very much. What can I do about it without hurting his feelings?

Suzanne P.
Evansville, Ind.

Dear Suzanne
You might try teasing him about it—"You'd better watch out or you may swallow a fly." If hints don't work, forget it. If yawning in public is his only fault, you are much luckier than many girls.

Bright Ideas

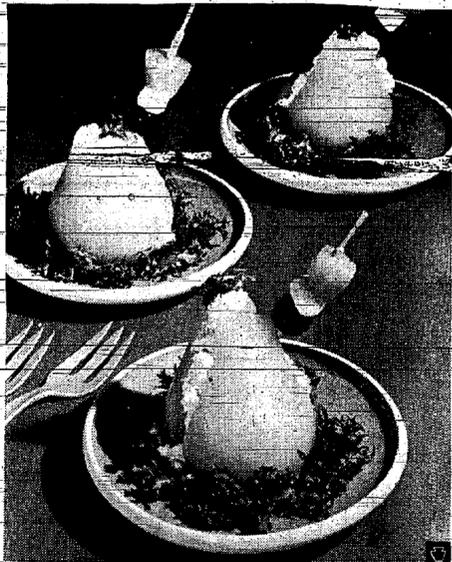

DON'T SPOIL THE FAMILY FUN by yawning like a yawned seal when you accidentally dip your hand in the hot butter at the backyard barbecue. Hold that until the pain ceases, then make liberal applications of Vaseline petroleum, with or without a bandage covering. The jelly will soothe the burned area and permit body fluids to heal tissue naturally and swiftly. Then, you can return to burning the steaks, or buttering the corn, and the family will love you for being a kind, patient, understanding, and long-suffering father! (But you'll be fooling them because that Vaseline petroleum jelly will take care of any suffering you might otherwise undergo.)

Read labels carefully before selecting an insecticide so that you will know just what it contains. Then follow exactly the directions for its use.

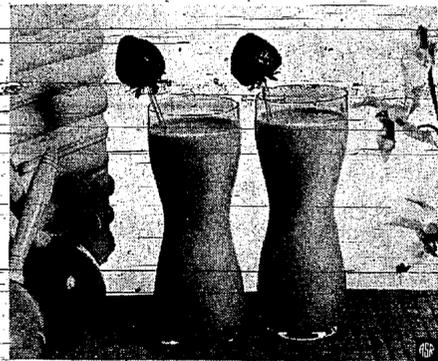

WHETHER YOUR GUESTS love the sun or the shade, frothy 7-Up floats are summer's most successful party recipe. These tall, cool floats can be made with any flavor ice cream or sherbet. Dip a big scoop of ice cream or sherbet into a tall glass, then tilt glass and slowly pour in chilled 7-Up. At party-time, let your guests make their own favorite 7-Up concoctions. Provide an assortment of flavors of ice cream and plenty of sparkling, chilled 7-Up.

The recommended soil mixture for African violets consists of equal parts garden loam, peat and sand.

Small coffee cakes and rolls can be defrosted quickly by placing on a rack in covered electric fry pan set at 350° F.

Catch A Calypso Cooler To Quench Summer Thirst

Calypso music has an offbeat rhythm that Americans like. You'll like, too, this Calypso Cooler that blends two strikingly different flavors, strawberry and banana with milk, to soothe a summer thirst.

Strawberry Calypso Cooler
1/2 cup quick strawberry-flavored mix
2 ripe bananas, mashed
3 cups milk
Blend quick strawberry-flavored mix into mashed bananas. Gradually add milk, stirring briskly until blended. Yield: 4 servings.
*To mash bananas, break peeled bananas into three or four pieces in bowl, and mash with fork, or electric blender, if preferred.

It's in the cards

Dad is in for more than his fair share of ribbing come Father's Day, June 18. The studio type greeting cards, for example, proclaim all sorts of true things about Dad. For example:
"To Dad who is always calm, cool, and collected from!"
Or, "Happy Father's Day to the man who has everything." Inside caption reads: "Mortgaged to the hilt!"
And then there is always the Dad "who fixes everything" so that we have to call the repairman!"
Dad rates an "A" for effort in all endeavors, however, and come his big day, many Dads will be receiving special recognition with this card from Rasi Craft. "Dad, you deserve a special award." Inside is a cut-out gold leafed medal inscribed with: "A-1 type Daddy-O, Winner of Bread, Lender of Automobile, Doctor of the Youngest, and Long Suffering Martyr."

Your Beauty

Adored by millions of fans, young, diminutive (5' 11") Joni James, America's Golden Girl of Records, is proof that good things come in small packages. This young recording artist's career started out ironically with the dream of becoming a great dancer. But a serious illness threatened the promising ballerina's future. During her long recuperation, Joni worked out a nightclub act with several songs to supplement the little dancing she was permitted. Audiences were immediately captivated by the warmth of her voice and the sincerity and depth she brought to her interpretations.

A tour of small towns and eventually, big cities, brought her to the attention of MGM records. Her recent tour of England and the Continent has truly made her an international star of the music world.

"Traveling is fun," she said, "if you know how to cope with the problems it presents. I have to arrive ready to play my wonderful fans, the press or get right to my engagement." Even with such a crowded schedule her natural fresh beauty and radiant complexion never seem to lose their glow.

Her secret? "I give my skin the same care I give my voice." Good skin care can start with daily cleanings with Lady Esther 4-Purpose Face Cream—the face cream created to provide the richer emollients needed for today's sensitive skins. It cleanses away effectively city soot, dirt, and grime, and it gets deep down into the pores and skin crevices to remove the unseen dirt. It softens and lubricates even the driest skin. As an overnight cream, Lady Esther 4-Purpose Face Cream restores the natural oils that are robbed by long activity in the summer sun. Used as a base, it keeps the skin moist under the tint of make-up through a long busy day—powder will cling for hours. So whether you travel for fun, or like Joni James, your work takes you around the world, packing one jar of cream that does the work of four is a boon to the millions of American women who are about to embark on that long awaited vacation.
